DAC Bond®

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the District, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2025A Bonds is exempt from State of California personal income taxes. Bond Counsel observes that interest on the Series 2025A Bonds is not excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Series 2025A Bonds. See "TAX MATTERS" herein.

$308,150,000
LOS ANGELES UNIFIED SCHOOL DISTRICT
JUDGMENT OBLIGATION BONDS, SERIES 2025A
(FEDERALLY TAXABLE)

Dated: Date of Delivery **Due: October 1, as described herein**

This cover page contains information for reference only. Investors must read the entire Official Statement to obtain information essential in making an informed investment decision. Capitalized terms used in this cover page shall have the meanings given such terms herein.

The Los Angeles Unified School District Judgment Obligation Bonds, Series 2025A (Federally Taxable), in the aggregate principal amount of $308,150,000 (the "Series 2025A Bonds"), are being issued by the Los Angeles Unified School District (the "District"), a unified school district duly organized and existing under the laws of the State of California ("State"), pursuant to the provisions of Articles 10 and 11 (commencing with Section 53570) of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code and all laws amendatory thereof or supplemental thereto (collectively, the "Refunding Law") and under that certain Indenture (the "Indenture"), dated as of July 1, 2025, by and between the District and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"). The Series 2025A Bonds are being issued to (i) refund the District's obligations under the Series 2025A Notes (as defined herein) issued in satisfaction of certain court approved judgments, (ii) refund certain stipulated judgments (together, the "Series 2025A Judgments") to satisfy obligations to certain Judgment Obligees (the "Series 2025A Judgment Obligees"), and (iii) pay the costs of issuance of the Series 2025A Bonds. See "ESTIMATED SOURCES AND USES OF FUNDS" herein. Pursuant to the Indenture, additional bonds ("Additional Bonds") may be subsequently issued by the District on a parity with the Series 2025A Bonds, as described in this Official Statement. The Series 2025A Bonds and any such Additional Bonds are collectively referred to as the "Bonds."

The obligations of the District under the Bonds and under the Indenture, including the obligation to make all payments of the interest on and the principal of the Bonds when due, are obligations of the District imposed by law and are absolute and unconditional, without any right of set-off or counterclaim. The Bonds do not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation, and neither the Bonds nor the obligation of the District to make payment of the interest on or the principal of the Bonds constitutes an indebtedness of the District or the State of California, or any of its political subdivisions, in contravention of any constitutional or statutory debt limitation or restriction.

The Series 2025A Bonds will be dated as of their initial date of delivery and will mature on October 1 of each year in the amounts and will bear interest (calculated on the basis of a 360-day year comprised of twelve 30-day months) at the rates per annum set forth on the inside front cover page hereof. Interest on the Series 2025A Bonds will be payable on April 1 and October 1 of each year, commencing October 1, 2025, so long as any Series 2025A Bonds remain Outstanding. See "THE SERIES 2025A BONDS" herein.

The Series 2025A Bonds will be initially delivered only in book-entry form and will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, Brooklyn, New York ("DTC"), which will act as securities depository for the Series 2025A Bonds. Individual purchases of the Series 2025A Bonds will be made in book-entry form only. Purchasers of Series 2025A Bonds will not receive physical certificates representing their ownership interests in the Series 2025A Bonds purchased. The Series 2025A Bonds will be delivered in denominations of $5,000 or any integral multiple thereof. Principal and interest payments on the Series 2025A Bonds are payable directly to DTC by the Trustee. Upon receipt of payments of principal and interest on the Series 2025A Bonds, DTC will in turn distribute such payments to DTC Participants for subsequent disbursement to the beneficial owners of the Series 2025A Bonds. See "THE SERIES 2025A BONDS – Book-Entry Only System" and APPENDIX G – "BOOK-ENTRY-ONLY SYSTEM."

The Series 2025A Bonds are subject to redemption prior to maturity as described herein. See "THE SERIES 2025A BONDS – Redemption."

See "RISK FACTORS" for a discussion of factors that should be considered, in addition to the other matters set forth herein, in evaluating the investment quality of the Series 2025A Bonds.

MATURITY SCHEDULE – See Inside Cover

The Series 2025A Bonds will be offered when, as and if issued, and received by the Underwriters, subject to the approval as to their legality by Orrick, Herrington & Sutcliffe LLP, Los Angeles, California, Bond Counsel to the District, and certain other conditions. Certain legal matters will be passed upon for the District by the General Counsel to the District and by Best Best & Krieger LLP, Riverside, California, Disclosure Counsel to the District, and for the Underwriters by Nixon Peabody LLP, San Francisco, California. It is anticipated that the Series 2025A Bonds, in book-entry form, will be available for delivery through the facilities of DTC on or about July 9, 2025.

No dealer, broker, salesperson, or other person has been authorized by the District or the Underwriters to give any information or to make any representations with respect to the Series 2025A Bonds other than those contained in this Official Statement and, if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Underwriters. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Series 2025A Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation, or sale.

This Official Statement is not to be construed as a contract with the purchasers of the Series 2025A Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, are intended solely as such and are not to be construed as representations of fact. This Official Statement is submitted in connection with the sale of the Series 2025A Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

The information contained herein has been obtained from sources that are believed to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the District since the date hereof.

The Underwriters have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

THE SERIES 2025A BONDS HAVE NOT BEEN REGISTERED WITH THE U.S. SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933, AS AMENDED, NOR HAS THE INDENTURE BEEN QUALIFIED UNDER THE TRUST INDENTURE ACT OF 1939, AS AMENDED, IN RELIANCE UPON EXEMPTIONS CONTAINED IN SUCH ACTS.

When used in this Official Statement or in any continuing disclosure by the District, in any press release by the District or in any oral statement made with the approval of an authorized officer of the District, the words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," "forecast," "expect," "intend" and similar expressions identify "forward-looking statements." Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material.

OFFICIAL STATEMENT

$308,150,000
LOS ANGELES UNIFIED SCHOOL DISTRICT
JUDGMENT OBLIGATION BONDS, SERIES 2025A
(FEDERALLY TAXABLE)

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and inside cover page, through the Appendices hereto, and the documents summarized or described herein. The offering of the Series 2025A Bonds to potential investors is made only by means of the entire Official Statement. A full review should be made of the entire Official Statement.

General

This Official Statement (which includes the cover page, inside cover page, and Appendices hereto) (this "Official Statement"), sets forth certain information concerning the issuance by the Los Angeles Unified School District (the "District") of its Los Angeles Unified School District Judgment Obligation Bonds, Series 2025A (Federally Taxable), in the aggregate principal amount of $308,150,000 (the "Series 2025A Bonds"). The Series 2025A Bonds are being issued pursuant to the provisions of Articles 10 and 11 (commencing with Section 53570) of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code and all laws amendatory thereof or supplemental thereto (collectively, the "Refunding Law") and under that certain Indenture, dated as of July 1, 2025 (the "Indenture"), by and between the District and U.S. Bank Trust Company, National Association, as trustee (the "Trustee").

The Series 2025A Bonds are being issued to (i) refund the District's obligations under the Series 2025A Notes (as defined herein) issued in satisfaction of certain court-approved judgments, (ii) refund certain stipulated judgments (together, the "Series 2025A Judgments") each as a result of litigation brought by application of California Code of Civil Procedure Section 340.1 and California Assembly Bill Number 218, chaptered by the California Secretary of State on October 13, 2019 ("AB 218"), or similar claims of tort liability to satisfy obligations to certain Judgment Obligees (the "Series 2025A Judgment Obligees"), and (iii) pay the costs of issuance of the Series 2025A Bonds. See "THE PLAN OF FINANCE."

Pursuant to the Indenture, additional bonds ("Additional Bonds") may subsequently be issued by the District on a parity with the Series 2025A Bonds, as described in this Official Statement, to refund obligations pursuant to the terms of any similar court-approved judgment which is not subject to appeal or further appeal, or which the District has indicated that it will not appeal (collectively, the "Judgments"), as a result of litigation brought by application of California Code of Civil Procedure Section 340.1 and AB 218, or similar claims of tort liability to satisfy obligations to certain judgment obligees (collectively, and together with the 2025A Judgment Obligees, the "Judgment Obligees"). The Series 2025A Bonds and any such Additional Bonds are collectively referred to as the "Bonds."

The Series 2025A Bonds are and the Additional Bonds will be unconditional obligations of the District, payable as to principal, premium (if any) and interest from all taxes, income, revenue, cash receipts and other legally available money of the District.

The District

The District, encompassing approximately 710 square miles, is located in the western section of the County of Los Angeles (the "County") in the State of California (the "State"). The District's boundaries include virtually all of the City of Los Angeles (the "City"), all of the Cities of Cudahy, Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Calabasas, Carson, Commerce, Culver City, Downey, Hawthorne, Inglewood, Long Beach, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Rolling Hills Estates, Santa Clarita, Santa Monica, South Gate, and Torrance. In addition, the District provides services to several unincorporated areas of the County which include residential and industrial areas. The boundaries for the District are approximately 80% coterminous with the City, with the remaining 20% included in the smaller neighboring cities and unincorporated County areas described above. The District was formed in 1854 as the Common Schools for the City and became a unified school district in 1960. Additional information on the District is set forth in APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

The District is the largest public school district in the State and the largest self-governing public school district in the United States. At the time of preparation of the District's Fiscal Year 2025-26 Budget, the transitional kindergarten ("TK") through 12th grade ("TK-12") enrollment in the District for fiscal year 2025-26 was budgeted to be approximately 396,070 students, including those attending magnet, opportunity, and continuation schools and centers, locally funded affiliated charter schools ("Affiliated Charter Schools"), and schools for people with disabilities. Such enrollment does not include students attending charter schools located within the District's boundaries and receiving funding directly from the State ("Fiscally Independent Charter Schools"), that was budgeted at 107,437 students at the time of preparation of the Fiscal Year 2025-26 Budget. Based on enrollment projections at the time of preparation of the Fiscal Year 2025-26 Budget, the District's projected enrollment is anticipated to continue to decline through fiscal year 2027-28. As described further herein, because a significant portion of the District's revenues derive from funding from the State based on Average Daily Attendance ("ADA"), a reduction in student enrollment over time reduces amounts available to make payments on the Bonds. As revenues have decreased due to enrollment declines and the loss of one-time COVID funds, expenditures have not been reduced proportionately. If existing declines in enrollment continue or exacerbate, the District may elect to fund other operating expenses before allocating amounts to payment on the Bonds. The District's Adopted Budget for Fiscal Year 2025-26 projects a $1.6 billion deficit for Fiscal Year 2027-28, which indicates a lack of going concern. At the request of the Los Angeles County Office of Education, in order to address the projected deficit, on June 17, 2025 the District adopted a Fiscal Stabilization Plan providing for expenditure reduction strategies beginning in Fiscal Year 2026-27 through Fiscal Year 2027-28.

For more information regarding District enrollment and average daily attendance, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." See also APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget," for information regarding District declining enrollment and "DISTRICT FINANCIAL INFORMATION – District Budget – *Fiscal Stabilization Plans*" for information regarding the District's Fiscal Stabilization Plan.

As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District operated 1,232 schools and centers in fiscal year 2023-24, which consisted of 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special

education schools, 264 magnet centers, 67 magnet schools, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State preschools. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, 51 of the District's schools were operated as Affiliated Charter Schools in Fiscal Year 2023-24. In addition, as reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District oversaw 221 Fiscally Independent Charter Schools in fiscal year 2023-24. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – Charter School Funding."

Assembly Bill 218 and Tort Liabilities

AB 218, which became effective on January 1, 2020, extended the statute of limitations for commencing an action for recovery of damages suffered as a result of childhood sexual assault to 22 years after the plaintiff reaches the age of majority (*i.e.*, until age 40) or within five years of the date the plaintiff discovers or reasonably should have discovered that the psychological injury or illness occurring after the age of majority was caused by sexual assault, whichever is later. AB 218 also revived a three-year window to file certain claims that were previously barred and excluded certain claims from the procedures set forth in the Government Claims Act. The District is defending a significant number of lawsuits arising from AB 218 and similar childhood sexual assault, abuse and/or molestation claims for tort liability. As described herein, the District has coordinated a program of short-term and longer-term borrowings (including the Series 2025A Notes and Series 2025A Bonds) to refund the District's obligations under certain court-ordered judgments related to AB 218 or similar childhood sexual assault, abuse and/or molestation related claims against the District.

Since many of the pending AB 218 and similar childhood sexual assault, abuse and/or molestation lawsuits are not final, the District cannot fully predict the extent of its liability in such cases, whether the claimants will prevail, and if so, how a final court decision or settlement agreement with respect to each such lawsuit may affect the financial status, policies or operations of the District, as the nature of the applicable courts' remedies and the responses thereto are unknown at the present time. The District may finance or refinance other Judgements entered against the District as a result of such cases, including by issuing Additional Bonds on parity with the Series 2025A Bonds.

For specific information on the Series 2025A Notes, the Series 2025A Judgments, and the impact of litigation resulting from AB 218 and similar childhood sexual assault, abuse and/or molestation claims for tort liability on the District's operations and finances, see "RISK FACTORS – Assembly Bill 218 and Related Claims" and APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS –- Risk Management and Litigation" and "– Sexual Misconduct Cases – Assembly Bill 218 and Related Claims" thereunder.

Additional information on the District is set forth in Appendices A and B; see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024." For information regarding potential additional financings the District may undertake relating to the Judgments and its other capital needs, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Future Financings."

The Series 2025A Bonds

The Series 2025A Bonds will be dated as of their initial date of delivery and will mature on October 1 of each year and will bear interest (calculated on the basis of a 360-day year comprised of twelve 30-day months) at the rates per annum as set forth on the inside cover page hereof. Interest on the Series 2025A Bonds will be payable on April 1 and October 1 of each year, commencing October 1, 2025, so long as any Series 2025A Bonds remain Outstanding. See "THE SERIES 2025A BONDS" herein. The Series 2025A Bonds will be initially delivered only in book-entry form and will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, Brooklyn, New York ("DTC"), which will act as securities depository for the Series 2025A Bonds. Purchasers of Series 2025A Bonds will not receive certificates representing their ownership interests in the Series 2025A Bonds purchased. The Series 2025A Bonds are issuable as fully registered Series 2025A Bonds in denominations of $5,000 or any integral multiple thereof. So long as the Series 2025A Bonds are held in book-entry only form in the name of Cede & Co., payments of principal of and interest on the Series 2025A Bonds are payable directly to DTC by the Trustee. Upon receipt of payments of principal and interest, DTC will in turn distribute such payments to the beneficial owners of the Series 2025A Bonds. See APPENDIX G – "BOOK-ENTRY-ONLY SYSTEM."

The Series 2025A Bonds are subject to redemption prior to maturity as described herein. See "THE SERIES 2025A BONDS – Redemption."

Authority for Issuance

The Series 2025A Bonds are being issued pursuant to Articles 10 and 11 (commencing with Section 53570) of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code that authorize the issuance of notes or bonds for purposes of refunding any evidence of indebtedness of the District.

Security and Sources of Payment

The Series 2025A Bonds are obligations imposed by law payable from funds to be appropriated by the District. Payment of principal of and interest on the Series 2025A Bonds is not limited to any special source of funds. The District has covenanted in the Indenture to include in its budget in each Fiscal Year a provision for funds in an amount sufficient to pay the principal of and interest on the Bonds coming due in such Fiscal Year.

The obligations of the District under the Bonds and under the Indenture, including the obligation to make all payments of the interest on and the principal of the Bonds when due, are obligations of the District imposed by law and are absolute and unconditional, without any right of set-off or counterclaim. The Bonds do not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation, and neither the Bonds nor the obligation of the District to make payment of the interest on or the principal of the Bonds constitutes an indebtedness of the District or the State, or any of its political subdivisions, in contravention of any constitutional or statutory debt limitation or restriction. Reference is made to the Refunding Law and to the Indenture for a description of the terms on which the Bonds are issued, for the rights of the Owners of the Bonds, for the security for payment of the Bonds, for the remedies upon default and limitations thereon and for the provisions for the amendment of the Indenture.

For more complete and detailed information, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" and APPENDIX C – "SUMMARY OF INDENTURE." For a discussion of certain risks associated with the District's ability to pay debt service on the Bonds, see "RISK FACTORS."

Bond Owners' Risks

Certain events could affect the ability of the District to pay debt service on the Bonds when due. See "RISK FACTORS" for a discussion of certain factors that should be considered, in addition to other matters set forth herein, in evaluating an investment in the Bonds.

Continuing Disclosure

The District has covenanted for the benefit of the holders and Beneficial Owners of the Series 2025A Bonds to provide, or to cause to be provided, to the Municipal Securities Rulemaking Board (the "MSRB") through its Electronic Municipal Market Access system or such other electronic system designated by the Municipal Securities Rulemaking Board (the "EMMA System") certain annual financial information and operating data relating to the District (the "Annual Report") by not later than 240 days following the end of the District's fiscal year (currently ending June 30), commencing with the report for fiscal year 2024-25 and notice of the occurrence of certain enumerated events ("Notice Events") in a timely manner not in excess of ten business days after the occurrence of such a Notice Event. The specific nature of the information to be contained in the Annual Report and the notices of Notice Events is set forth in APPENDIX E − "FORM OF CONTINUING DISCLOSURE CERTIFICATE." Copies of the District's annual reports and notices of Listed Event filings are available at the website of Digital Assurance Certification, L.L.C. ("DAC"), www.dacbond.com, and at the website of the Emma System, emma.msrb.org. The information presented on these websites is not incorporated by reference in this Official Statement and should not be relied upon in making an investment decision with respect to the Series 2025A Bonds. These covenants have been made in order to assist the Underwriters in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission ("SEC").

Due to the impact of COVID-19 on California school district operations during fiscal year 2019-20, California Senate Bill 98 extended the deadline for school districts to file their audited financial statements for fiscal year 2019-20 with the State to March 31, 2021. As a result, at the time of filing the District's Annual Report for fiscal year 2019-20, the District's audited financial statements for fiscal year 2019-20 were not yet available. The District's audited financial statements for fiscal year 2019-20 were subsequently filed to EMMA on March 30, 2021. Additionally, within the past five years, certain of the District's annual report and Listed Events filings required in connection with its prior continuing disclosure undertakings were not properly linked to all CUSIP numbers for the District's outstanding bonds.

Forward-Looking Statements

Certain statements included or incorporated by reference in this Official Statement constitute "forward-looking statements." Such statements are generally identifiable by the terminology used, such as "plan," "expect," "estimate," "budget," "intend" or other similar words. The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The District does not plan to issue any updates or revisions to those forward-looking statements if or when their expectations, or events, conditions, or circumstances on which such statements are based, occur.

Other Information

The information and expressions of opinion herein speak only as of their date and are subject to change without notice. Neither the delivery of this Official Statement nor any sale made hereunder nor any future use of this Official Statement shall, under any circumstances, create any implication that there has

been no change in the affairs of the District since the date hereof. The presentation of information, including tables of receipt of revenues, is intended to show recent historical information and is not intended to indicate future or continuing trends in the financial position or other affairs of the District. No representation is made that past experience, as it might be shown by such financial and other information, will necessarily continue or be repeated in the future. This Official Statement is current only as of its date, and the information contained herein is subject to change.

For a more complete description of the Bonds and the basic documentation pursuant to which they are being sold and delivered, see "THE SERIES 2025A BONDS," "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" and APPENDIX C – "SUMMARY OF INDENTURE." The summaries and descriptions in this Official Statement of the Indenture and other agreements relating to the Bonds are qualified in their entirety by the respective form thereof and the information with respect thereto included in such documents. The descriptions herein of the Indenture and any other agreements relating to the Bonds are qualified in their entirety by reference to such documents, and the descriptions herein of the Bonds are qualified in their entirety by the form thereof and the information with respect thereto included in the aforementioned documents. See APPENDIX C – "SUMMARY OF INDENTURE."

Copies of the Indenture are available for inspection at the District at 333 South Beaudry Avenue, Los Angeles, California 90017, by request to the Office of the Chief Financial Officer, and, following delivery of the Series 2025A Bonds, will be on file at the offices of the Trustee in Los Angeles, California.

THE SERIES 2025A BONDS

General

The Series 2025A Bonds will be dated as of their initial date of delivery and will mature on October 1 of each year and will bear interest at the rates per annum as set forth on the inside cover page hereof. Interest on the Series 2025A Bonds will be payable on April 1 and October 1 of each year, commencing October 1, 2025 (each, an "Interest Payment Date"), so long as any Series 2025A Bonds remain Outstanding. Interest on the Series 2025A Bonds will be computed on the basis of a 360-day year consisting of twelve, 30-day months. The Series 2025A Bonds will be issued as fully registered bonds in denominations of $5,000 or any integral multiple thereof. The principal of and premium, if any, on the Series 2025A Bonds will be payable in lawful money of the United States of America upon presentation and surrender thereof upon maturity or earlier redemption at the Office of the Trustee.

The Series 2025A Bonds will be initially delivered only in book-entry form and will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, Brooklyn, New York ("DTC"), which will act as securities depository for the Series 2025A Bonds. Individual purchases of the Series 2025A Bonds will be made in book-entry form only. Purchasers of Series 2025A Bonds will not receive certificates representing their ownership interests in the Series 2025A Bonds purchased. Rather, in accordance with the Book-Entry System, purchasers of Series 2025A Bonds will have beneficial ownership interests in the purchased Series 2025A Bonds through DTC Participants. For more information concerning the Book-Entry System, see APPENDIX G – "BOOK-ENTRY-ONLY SYSTEM" herein.

Interest on the Series 2025A Bonds will be payable from the Interest Payment Date next preceding the date of authentication thereof unless (i) a Series 2025A Bond is authenticated on or before an Interest Payment Date and after the close of business on the preceding Record Date, in which event it will bear interest from such Interest Payment Date; (ii) a Series 2025A Bond is authenticated on or before the first Record Date, in which event interest thereon will be payable from the date of closing and delivery of the Series 2025A Bonds; or (iii) interest on any Series 2025A Bond is in default as of the date of authentication thereof, in which event interest thereon will be payable from the date to which interest has been paid in full

or made available for such payment, payable on each Interest Payment Date. Interest will be paid in lawful money of the United States on each Interest Payment Date to the Persons in whose names the ownership of the Series 2025A Bonds is registered on the Registration Books at the close of business on the immediately preceding Record Date, except as provided below. Except as otherwise provided in the Letter of Representations, interest will be paid by check of the Trustee mailed by first class mail, postage prepaid, on each Interest Payment Date to the Owners at their respective addresses shown on the Registration Books as of the close of business on the preceding Record Date, except that in the case of an Owner of $1,000,000 or more in aggregate principal amount of Series 2025A Bonds, upon the written request of such Owner to the Trustee, received at least ten days prior to a Record Date, specifying the account or accounts to which such payment will be made, payment of interest will be made by wire transfer of immediately available funds on the following Interest Payment Date. Any such request shall remain in effect until revoked or revised by such Owner by an instrument in writing delivered to the Trustee. So long as the Series 2025A Bonds are held in book-entry only form in the name of Cede & Co., payments of principal of and interest on the Series 2025A Bonds are payable directly to DTC by the Trustee. Upon receipt of payments of principal and interest, DTC will in turn distribute such payments to the beneficial owners of the Series 2025A Bonds. See APPENDIX G – "BOOK-ENTRY-ONLY SYSTEM." As defined in the Indenture, the term "Record Date" means the 15th calendar day of the month preceding each Interest Payment Date, whether or not such day is a Business Day.

The Trustee and the District may treat DTC (or its nominee) as the sole and exclusive Owner of the Series 2025A Bonds registered in its name for the purposes of payment of the principal or Redemption Price of, or interest on the Series 2025A Bonds, selecting the Series 2025A Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Owners of Series 2025A Bonds under the Indenture, registering the transfer of Series 2025A Bonds, obtaining any consent or other action to be taken by Owners of Series 2025A Bonds and for all other purposes whatsoever, and neither the Trustee nor the District will be affected by any notice to the contrary. Neither the Trustee nor the District will have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the Series 2025A Bonds under or through DTC or any Participant, or any other person which is not shown on the Registration Books as being an Owner, with respect to the accuracy of any records maintained by DTC or any Participant; the payment by DTC or any Participant of any amount in respect of the principal or Redemption Price of, or interest on the Series 2025A Bonds; any notice which is permitted or required to be given to Owners of Series 2025A Bonds under the Indenture; the selection by DTC or any Participant of any person to receive payment in the event of a partial redemption of the Series 2025A Bonds; or any consent given or other action taken by DTC as Owner of Series 2025A Bonds. While the Series 2025A Bonds are subject to the Book-Entry System, payments of principal or Redemption Price of, or interest on, the Series 2025A Bonds will be made by the Trustee to DTC, which in turn is obligated to remit such principal and interest to its DTC Participants for subsequent disbursement to beneficial owners of the Series 2025A Bonds as described herein. See APPENDIX G – "BOOK-ENTRY-ONLY SYSTEM" herein.

Redemption of Series 2025A Bonds

Optional Redemption of Series 2025A Bonds. The Series 2025A Bonds maturing on or after October 1, 2036 are subject to redemption prior to their respective stated maturities at the written direction of the District, from any moneys deposited by the District, as a whole or in part on any date (in such maturities as are designated in writing by the District to the Trustee) on or after October 1, 2035, at a redemption price of 100% of the principal amount of Series 2025A Bonds called for redemption, together with accrued interest to the date fixed for redemption.

Optional Make-Whole Redemption of Series 2025A Bonds. The Series 2025A Bonds are subject to redemption prior to their stated maturities at the option of the District, in whole or in part, on any date, at a redemption price equal to the greater of: (a) 100% of the principal amount of the Series 2025A Bonds to be

redeemed; or (b) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of such Series 2025A Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which such Series 2025A Bonds are to be redeemed, discounted to the date on which such Series 2025A Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate plus (i) with respect to Series 2025A Bonds maturing on October 1, 2026 through and including October 1, 2031, 10 basis points, (ii) with respect to Series 2025A Bonds maturing on October 1, 2032 through and including October 1, 2037, 15 basis points, and (iii) with respect to Series 2025A Bonds maturing on October 1, 2038 through and including October 1, 2040, 20 basis points; plus, in each case, accrued interest on such Series 2025A Bonds to be redeemed to the redemption date. For purposes of the foregoing provisions concerning optional redemption of the Series 2025A Bonds, the following terms have the meanings described below:

"Treasury Rate" means, with respect to any redemption date for a particular Series 2025A Bond, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the Series 2025A Bond to be redeemed; provided, however, that if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

At the request of the District, the optional make-whole redemption price of the Series 2025A Bonds to be redeemed at the option of the District as described above will be determined by an independent accounting firm, investment banking firm or municipal advisor retained by the District at the District's expense to calculate such redemption price. The District may conclusively rely on the determination of such redemption price by such independent accounting firm, investment banking firm or financial advisor and will not be liable for such reliance.

Pursuant to the Indenture, the District shall give the Trustee written notice of its intention to redeem Series 2025A Bonds pursuant to Indenture not less than 45 days prior to the applicable redemption date, unless a later date is agreed to by the Trustee in its reasonable discretion or as directed by the Owners of not less than a majority of the Outstanding Series 2025A Bonds.

Selection of Series 2025A Bonds for Redemption. Whenever provision is made in the Indenture for the redemption of less than all of the Bonds, the Trustee will select the Bonds to be redeemed from all Bonds not previously called for redemption (a) with respect to any optional redemption of Bonds, as directed in a Written Certificate of the District, (b) with respect to Series 2025A Bonds with the same maturity, the Trustee shall select the Series 2025A Bonds of such maturity to be redeemed on a pro rata pass-through distribution of principal basis in accordance with DTC procedures, provided that, so long as the Series 2025A Bonds are held in book-entry form, the selection for redemption of such Series 2025A Bonds shall be made in accordance with the operational arrangements of DTC then in effect, and, if the DTC operational arrangements do not allow for redemption on a pro rata pass-through distribution of principal basis, the Series 2025A Bonds will be selected for redemption, in accordance with DTC procedures, by lot, and (c) with respect to any redemption of Additional Bonds, as provided in the Supplemental Indenture pursuant to which such Additional Bonds are issued. The Trustee will promptly notify the District in writing of the numbers of the Bonds so selected for redemption on such date. For purposes of such selection, any Bond may be redeemed in part in Authorized Denominations.

Partial Redemption of Bonds. Upon surrender of any Bonds redeemed in part only, the District will execute and the Trustee will authenticate and deliver to the Owner thereof, at the expense of the District,

a new Bond or Bonds of the same Series in Authorized Denominations equal in aggregate principal amount representing the unredeemed portion of the Bonds surrendered.

Notice of Redemption. So long as the Series 2025A Bonds are held in book-entry form, notices of redemption will be mailed by the Trustee only to DTC, and not to any Beneficial Owners, at least 20 but not more than 60 days prior to the date fixed for redemption. If the District determines to discontinue the book-entry system with DTC, the Trustee will mail (by first class mail) notice of any redemption to the respective Owners of any Bonds designated for redemption at their respective addresses appearing on the Registration Books at least 20 but not more than 60 days prior to the date fixed for redemption. Such notice will state the date of the notice, the redemption date, the redemption place and the redemption price and will designate the CUSIP numbers, if any, the Series, the Bond numbers of the Bonds to be redeemed, and, if all of the Outstanding Bonds are being redeemed on such redemption date, will require that such Bonds be then surrendered at the Office of the Trustee for redemption at the redemption price, giving notice also that further interest on such Bonds will not accrue from and after the date fixed for redemption. Neither the failure to receive any notice so mailed, nor any defect in such notice, shall affect the validity of the proceedings for the redemption of the Bonds or the cessation of accrual of interest thereon from and after the date fixed for redemption.

With respect to any notice of any optional redemption of Bonds of a Series, unless at the time such notice is given the Bonds to be redeemed shall be deemed to have been paid in accordance with the Indenture, such notice will state that such redemption is conditional upon receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys that, together with other available amounts held by the Trustee, are sufficient to pay the redemption price of, and accrued interest on, the Bonds to be redeemed, and that if such moneys shall not have been so received said notice will be of no force and effect and the District will not be required to redeem such Bonds. In the event a notice of redemption of Bonds contains such a condition and such moneys are not so received, the redemption of Bonds as described in the conditional notice of redemption will not be made and the Trustee will, within a reasonable time after the date on which such redemption was to occur, give notice to the Persons and in the manner in which the notice of redemption was given, that such moneys were not so received and that there will be no redemption of Bonds pursuant to such notice of redemption.

Effect of Notice of Redemption. Notice having been mailed as aforesaid, and moneys for the redemption (including the interest to the applicable redemption date) of the Series 2025A Bonds to be redeemed having been deposited in the Bond Fund, such Series 2025A Bonds will become due and payable on said date, and said Series 2025A Bonds will be paid at the redemption price thereof, together with interest accrued and unpaid to said date.

If, on said redemption date, moneys for the redemption of all the Series 2025A Bonds to be redeemed, together with interest to said date, will be held by the Trustee so as to be available therefor on such date, and, if notice of redemption thereof shall have been mailed as aforesaid and not canceled, then, from and after said date, interest on said Series 2025A Bonds will cease to accrue and become payable. All moneys held by or on behalf of the Trustee for the redemption of Series 2025A Bonds will be held in trust for the account of the Owners of the Series 2025A Bonds so to be redeemed.

All Series 2025A Bonds paid at maturity or redeemed prior to maturity pursuant to the Indenture will be canceled upon surrender thereof and the Trustee will deliver a certificate of destruction to the District.

Transfer and Exchange of Series 2025A Bonds

The following provisions regarding the exchange and transfer of the Series 2025A Bonds apply only during any period in which the Series 2025A Bonds are not subject to the Book-Entry System. While the Series 2025A Bonds are subject to the Book-Entry System, their exchange and transfer will be effected through DTC and the DTC Participants and will be subject to the procedures, rules and requirements established by DTC.

Any Series 2025A Bond may, in accordance with its terms, be transferred upon the Registration Books by the Person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Trustee. Whenever any Series 2025A Bond or Series 2025A Bonds will be surrendered for transfer, the District will execute and the Trustee will authenticate and will deliver a new Series 2025A Bond or Series 2025A Bonds of the same maturity in a like aggregate principal amount, in any authorized denomination. The Trustee will require the Owner requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer.

The Series 2025A Bonds may be exchanged at the Office of the Trustee for a like aggregate principal amount of Series 2025A Bonds of the same maturity of other authorized denominations. The Trustee will require the payment by the Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

Book-Entry Only System

General. DTC will act as securities depository for the Series 2025A Bonds. The Series 2025A Bonds will be executed and delivered as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Series 2025A Bond will be issued for each stated Principal Payment Date of the Series 2025A Bonds, each in the aggregate amount of the principal evidenced by Series 2025A Bonds with such stated Principal Payment Date, and will be deposited with DTC. See APPENDIX G – "BOOK-ENTRY ONLY SYSTEM."

Discontinuance of DTC. In the event that (a) DTC determines not to continue to act as securities depository for the Series 2025A Bonds or (b) the District determines that continuation of the book-entry system is not in the best interest of the beneficial owners of the Series 2025A Bonds or the District, then the District may discontinue the book-entry system with DTC. If the District determines to replace DTC with another qualified securities depository, the District shall prepare or direct the preparation of a new single, separate, fully registered Series 2025A Bond for each of the different maturity dates and interest rates of such Series 2025A Bonds, registered in the name of such successor or substitute qualified securities depository or its nominee as provided in Indenture.

If the District fails to identify another qualified securities depository to replace DTC, then the Series 2025A Bonds shall no longer be restricted to being registered in the Registration Books in the name of the nominee, but shall be registered in whatever name or names the Owners transferring or exchanging such Series 2025A Bonds shall designate, in accordance with the transfer and exchange provisions of the Indenture summarized in APPENDIX C – "SUMMARY OF INDENTURE."

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Nature of the Bonds

The Indenture provides that the District is obligated to transfer to the Trustee, not later than two Business Days prior to each Interest Payment Date, an amount which, together with the amount then on deposit in the Bond Fund, will equal the amount of the principal of and interest on the Bonds becoming due on such Interest Payment Date. The District has covenanted in the Indenture to include in its budget in each Fiscal Year a provision for funds in an amount sufficient to pay the principal of and interest on the Bonds coming due in such Fiscal Year.

The Series 2025A Bonds do not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation. The obligation of the District to make payments with respect to the Series 2025A Bonds is an absolute and unconditional obligation of the District imposed upon the District and enforceable against the District pursuant to law. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

As provided in the Indenture, the District pledges and grants a lien on and a security interest in all of the amounts held in the Bond Fund as security for the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of the Indenture and the Refunding Law. The Indenture provides that said pledge shall constitute a first lien on such assets. Under the Indenture, the District expressly reserves the right to issue or incur other obligations for any of its corporate purposes.

In accordance with the Indenture, the Trustee will establish, maintain, and hold in trust a special fund designated the "Bond Fund." The Indenture provides that not later than two Business Days prior to each Interest Payment Date, the District will transfer to the Trustee an amount which, together with the amount then on deposit in the Bond Fund, will equal the amount of the principal of and interest on the Bonds becoming due on such Interest Payment Date. The Indenture provides that the Trustee shall, upon receipt, deposit such amount in the Bond Fund. On or before each Interest Payment Date, the Trustee is required to withdraw from the Bond Fund for payment to the Owners of the Bonds the principal, if any, of and interest then due and payable on the Bonds. If there are insufficient funds in the Bond Fund to pay the principal, if any, of and interest on the Bonds, the Trustee shall apply the available funds first to the payment of interest on the Bonds, then to the payment of principal of the Bonds.

THE OBLIGATIONS OF THE DISTRICT UNDER THE SERIES 2025A BONDS AND UNDER THE INDENTURE, INCLUDING THE OBLIGATION TO MAKE ALL PAYMENTS OF THE INTEREST ON AND THE PRINCIPAL OF THE SERIES 2025A BONDS WHEN DUE ARE OBLIGATIONS OF THE DISTRICT IMPOSED BY LAW AND ARE ABSOLUTE AND UNCONDITIONAL, WITHOUT ANY RIGHT OF SET-OFF OR COUNTERCLAIM. THE SERIES 2025A BONDS DO NOT CONSTITUTE AN OBLIGATION OF THE DISTRICT FOR WHICH THE DISTRICT IS OBLIGATED TO LEVY OR PLEDGE ANY FORM OF TAXATION OR FOR WHICH THE DISTRICT HAS LEVIED OR PLEDGED ANY FORM OF TAXATION, AND NEITHER THE SERIES 2025A BONDS NOR THE OBLIGATION OF THE DISTRICT TO MAKE PAYMENT OF THE INTEREST ON OR THE PRINCIPAL OF THE SERIES 2025A BONDS CONSTITUTES AN INDEBTEDNESS OF THE DISTRICT OR THE STATE, OR ANY OF ITS POLITICAL SUBDIVISIONS, IN CONTRAVENTION OF ANY CONSTITUTIONAL OR STATUTORY DEBT LIMITATION OR RESTRICTION.

If an Event of Default (as defined in the Indenture) will occur, the principal of all Bonds may be declared due and payable upon the conditions, in the manner and with the effect provided in the Indenture; provided, that the Indenture provides that in certain events such declaration and its consequences may be rescinded under the circumstances as provided therein. See "Action on Default" below.

The Indenture and the rights and obligations of the District, the owners of the Bonds and the Trustee may be modified or amended from time to time and at any time in the manner, to the extent, and upon the terms provided in the Indenture; provided that no such modification or amendment will (a) extend the fixed maturity of any Bonds, or reduce the amount of principal thereof, or reduce the interest rate borne thereby, or extend or accelerate the time of payment thereof, or modify the redemption provisions applicable thereto, without the consent of the owner of each Bond so affected, or (b) reduce the percentage of Bonds the consent of the owners of which is required to effect any such amendment or modification, without the consent of the owners of all outstanding Bonds.

For a discussion of certain risks associated with the District's ability to pay debt service on the Bonds, see "RISK FACTORS."

Covenant to Appropriate Funds

The District has covenanted in the Indenture to include in its budget in each Fiscal Year a provision to provide funds in an amount sufficient to pay the principal of and interest on the Bonds coming due in such Fiscal Year.

Absolute Obligation

As provided in the Indenture, nothing in any provision of the Indenture or in the Bonds shall affect or impair the obligation of the District, which is absolute and unconditional, to pay the principal of and interest on the Bonds to the respective Owners of the Bonds at their respective dates of maturity, as provided therein, or affect or impair the right of such Owners, which is also absolute and unconditional, to enforce such payment by virtue of the contract embodied in the Bonds.

No Reserve Fund

The Indenture does not require a reserve fund in connection with the issuance of the Series 2025A Bonds. Amounts held or to be held in a debt service reserve fund or account established for any other obligations payable from the District's General Fund may not be used or drawn upon to pay principal of or interest on the Series 2025A Bonds.

Risk Management, Insurance and General Fund Reserves

For information regarding the District's risk management programs, insurance, and operating reserves, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Additional Bonds

The District may at any time issue Additional Bonds on a parity with the Series 2025A Bonds, but only subject to the following specific conditions, which are hereby made conditions precedent to the issuance of any such Additional Bonds:

(a) The District shall be in compliance with all agreements and covenants contained in the Indenture.

(b) The issuance of such Additional Bonds shall have been authorized pursuant to the Refunding Law and shall have been provided for by a Supplemental Indenture which shall specify the following:

(i) The purpose for which such Additional Bonds are to be issued; provided that such Additional Bonds shall be applied solely for (i) refunding the District's obligations to the Judgment Obligees evidenced by the Judgments, (ii) refunding the District's obligations to any Lender or other holders of Notes then outstanding and issued in satisfaction of any Judgment or Judgments from time to time (including, without limitation, the obligation to pay all amounts allocable, as and when due and owing under the related Notes, Revolving Credit Agreement, and Fee Agreement, and costs of issuance of such Notes (including underwriters' discount or placement agent fee), (iii) refunding Bonds Outstanding under the Indenture, and (iv) paying costs incidental to or connected with the issuance of Additional Bonds for such purpose;

(ii) Specification of the respective Judgment Obligees and/or the respective Lenders or other holders of the related Notes to be refunded by such Additional Bonds;

(iii) The principal amount and Series designation of such Series of Additional Bonds and the denomination or denominations of the Additional Bonds, which shall be Authorized Denominations;

(iv) That such Additional Bonds shall be payable as to interest on the Interest Payment Dates, except that the first installment of interest may be payable on either April 1 or October 1.

(v) The date, the maturity date or dates and the dates on which mandatory sinking fund redemptions, if any, are to be made for such Additional Bonds; provided, that (A) the serial Bonds of such Series of Additional Bonds shall be payable as to principal annually on October 1 of each year in which principal falls due, and the term Bonds of such Series of Additional Bonds shall have annual mandatory sinking fund redemptions on October 1, (B) all Additional Bonds of a Series of like maturity shall be identical in all respects, except as to number or denomination, and (C) serial maturities of serial Bonds or mandatory sinking fund redemptions for term Bonds, or any combination thereof, shall be established to provide for the redemption or payment of such Additional Bonds on or before their respective maturity dates;

(vi) The redemption premiums, if any, and the redemption terms, if any, for such Additional Bonds; and

(vii) Such other provisions (including the requirements of a book-entry bond registration system, if any) as are necessary or appropriate and not inconsistent herewith.

At any time after the sale of any Additional Bonds in accordance with the Refunding Law, the District shall execute such Additional Bonds for issuance under the Indenture and shall deliver them to the Trustee, and thereupon such Additional Bonds shall be authenticated and delivered by the Trustee to the purchaser thereof upon the Written Request of the District, as provided in the Indenture. APPENDIX C – "SUMMARY OF INDENTURE – THE BONDS – Conditions for the Issuance of Additional Bonds" and "– Procedure for the Issuance of Additional Bonds."

Action on Default

Should the District default under the Indenture, the Trustee may, and upon the written direction of the Owners of not less than 25% in aggregate principal amount of the Outstanding Bonds, will, with the consent of the Insurer[1], if any, by written notice to the District, declare immediately due and payable the principal of all Outstanding Bonds and the accrued interest thereon, whereupon the same shall become immediately due and payable without any further action or notice. See APPENDIX C – "SUMMARY OF INDENTURE – EVENTS OF DEFAULT AND REMEDIES." All money in the Bond Fund upon the date of the declaration of acceleration by the Trustee and all amounts thereafter received by the Trustee under the Indenture will be applied by the Trustee to the payment of any expenses of the Trustee incurred in and about the performance of its powers and duties under the Indenture and thereafter to the payment of the principal of and interest then due on the Bonds as provided in the Indenture. For a description of the events of default and permitted remedies of the Trustee under the Indenture, see APPENDIX C – "SUMMARY OF INDENTURE – EVENTS OF DEFAULT AND REMEDIES."

THE PLAN OF FINANCE

Refunding of the Series 2025A Notes and Series 2025A Judgments

The Series 2025A Bonds are being issued to (i) refund the District's obligations under the Series 2025A Notes (as defined herein) issued in satisfaction of certain court-approved judgments, plus interest to accrue thereon until payment, (ii) refund certain Series 2025A Judgments, and (iii) pay the costs of issuance of the Series 2025A Bonds. Each of the Series 2025A Notes and Series 2025A Judgments are a result of litigation brought by application of California Code of Civil Procedure Section 340.1 and California Assembly Bill Number 218, chaptered by the California Secretary of State on October 13, 2019 ("AB 218").

The Series 2025A Notes represent the refunding of certain Judgments previously refunded by the issuance of the Los Angeles Unified School District 2024-2025 Tax and Revenue Anticipation Notes, Series A on November 22, 2024 (the "Series A Notes") and the purchase thereof under that certain Note Purchase Contract, dated as of November 1, 2024 (the "Purchase Contract"), by and among the County, the District and Royal Bank of Canada (the "Purchaser"); certain Judgments refunded by the issuance of the Los Angeles Unified School District 2024-2025 Tax and Revenue Anticipation Notes, Series B on January 30, 2025 (the "Series B Notes") and the purchase thereof under the Purchase Contract; certain Judgments refunded by the issuance of the Los Angeles Unified School District 2024-2025 Tax and Revenue Anticipation Notes, Series C on March 27, 2025 (the "Series C Notes" and, together with the Series A Notes and the Series B Notes, the "Series 2025A Notes").

The Series 2025A Bonds are an existing obligation of the District and are an obligation imposed by law. Additionally, the Series 2025A Bonds, the Indenture and any and all contracts and agreements relating thereto, relate to and constitute the refunding of such obligation imposed by law exempt from the debt limitation of Article XVI, Section 18 of the California Constitution. See "VALIDATION PROCEEDING."

For additional current information, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION - DISTRICT

[1] Payments of principal of and interest on the Series 2025A Bonds are not guaranteed by a policy of municipal bond insurance or any insurer. References to Insurer in this Official Statement and the Indenture mean the issuer or issuers, if any, of a policy or policies of municipal bond insurance obtained by the District, if any, to insure the payment of principal of and interest on Additional Bonds which may be issued and so insured as provided in the Indenture and in accordance with the terms of each respective policy of insurance and Supplemental Indenture.

FINANCIAL INFORMATION - Risk Management and Litigation" and "– Sexual Misconduct Cases – Assembly Bill 218 and Related Claims" thereunder.

Validation Action. On June 20, 2024, the District filed a complaint with the Court seeking judicial confirmation of the validity of the transactions and actions taken relating to its authorization and approval of the issuance of the Bonds including, without limitation, the Series 2025A Bonds and the execution and delivery of the Indenture, the refunding of the Series 2025A Notes, and any and all contracts and agreements executed and delivered in connection therewith, and with respect to certain obligations of the District arising under the Judgments. The action was brought against all interested persons pursuant to the provisions of Sections 860 *et seq*. of the California Code of Civil Procedure. The Court entered a judgment in the District's favor on April 24, 2025 to the effect that, among other things, the District has the authority under California law to issue the Series 2025A Bonds and refund the Series 2025A Notes, and that the Bonds and Indenture are valid, legal, and binding obligations of the District under California law. Pursuant to Section 870 of the California Code of Civil Procedure and Rule 2(a) of the California Rules of Court, the period during which a notice of appeal to this judgment could be timely filed expired on May 27, 2025 and the judgment is binding and conclusive in accordance with California law. Pursuant to the proceedings, the aggregate dollar amount of Judgments to be refunded by the Bonds cannot exceed $500,000,000. In the future, the District may seek additional validation for any Judgments exceeding the current maximum validated amount of $500,000,000.

Refunding Program

Currently, the District is obligated, and anticipates the potential to be obligated on similar terms, to pay Judgment Obligees, with respect to final judgments or orders for monetary damages against the District following concluded litigation or stipulated settlements related to the Judgments by the applicable court or courts, including without limitation, the Court, before which several claims are currently pending, as a result of litigation brought by application of California Code of Civil Procedure Section 340.1 and AB 218 and similar childhood sexual assault, abuse and/or molestation claims for tort liability. The District estimates, as of June 1, 2025, a total potential liability resulting from claims filed in accordance with California Code of Civil Procedure Section 340.1 and AB 218 and similar claims to be approximately $650 million.

In response, the District has coordinated a program of short-term and longer-term borrowings for the purposes of providing interim satisfaction and refunding of the District's obligations to Judgment Obligees evidenced by Judgments, including note purchase agreements and revolving credit agreements (each, a "Revolving Credit Agreement" or collectively, the "Revolving Credit Agreements") with one or more banks, each as a lender (each, a "Lender" or collectively, the "Lenders"), with the District's obligations under each Revolving Credit Agreement to be evidenced by judgment obligation promissory notes to be issued by the District as provided therein, as well as other forms of temporary borrowing by the District in the form of notes to be issued from time to time (each, a "Temporary Note" or, collectively, the "Temporary Notes" and, together with the Promissory Notes, the "Notes"), the proceeds of which are used to satisfy and refund one or more Judgments and which will be drawn upon only as funds are needed to satisfy any Judgment or Judgments. The Series 2025A Notes are Temporary Notes. No Revolving Credit Agreement has been executed to date, nor will any Revolving Credit Agreement be in place at the time of issuance of the Series 2025A Bonds.

For purposes of providing a more permanent financing solution for the District's obligations to the Judgment Obligees evidenced by Judgments consistent with the District's long-term budgetary objectives, the Board has authorized the issuance of the Bonds in one or more series. The aggregate dollar amount of Judgments to be refunded by the Bonds cannot exceed $500,000,000.

As an obligation of the District, each and every refunding Note issued to refund and discharge a related Judgment and/or Bond issued to refund and discharge a related Note and/or Judgment, takes on the character of and represents the refunded obligation of the District as an obligation imposed by law to pay a Judgment Obligee or Judgment Obligees as a result of a Judgment or Judgments.

ESTIMATED SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Series 2025A Bonds are shown below.

Estimated Sources of Funds	
Principal Amount of Series 2025A Bonds	$308,150,000.00
District Contribution	20,250,000.00
Total Sources	**$328,400,000.00**
Estimated Uses of Funds	
Refunding Fund	
Series 2025A Notes Repayment	$72,196,218.37
Series 2025A Judgments	254,745,000.00
Underwriters' Discount	847,368.60
Costs of Issuance[(1)]	611,413.03
Total Uses	**$328,400,000.00**

[(1)] Includes legal, municipal advisor, and rating agency fees, printing, and other fees and miscellaneous costs of issuance of the Series 2025A Bonds.

DEBT SERVICE SCHEDULE

The table below sets forth the amount required in each fiscal year for the payment of principal of and interest on the Series 2025A Bonds assuming no prior redemptions. The Series 2025A Bonds mature on October 1 of each year as set forth below.

LOS ANGELES UNIFIED SCHOOL DISTRICT
JUDGMENT OBLIGATION BONDS, SERIES 2025A

RISK FACTORS

The following factors, along with the other information in this Official Statement, should be considered by potential investors in evaluating the purchase of the Series 2025A Bonds. They do not, however, purport to be an exhaustive listing of risks and other considerations which may be relevant to an investment in the Series 2025A Bonds. In addition, the order in which the following factors are presented is not intended to reflect the relative importance of any such risks.

The Bonds are a General Fund Obligation of the District

The obligation of the District to make debt service payments on the Bonds does not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation, and neither the Series 2025A Bonds nor the

obligation of the District to make payment of the interest on or the principal of the Series 2025A Bonds constitutes an indebtedness of the District or the State, or any of its political subdivisions, in contravention of any constitutional or statutory debt limitation or restriction.

The Indenture does not create a pledge, lien, or encumbrance upon the funds of the District. Pursuant to law, the Bonds are payable from any available funds of the District. The District covenants in the Indenture to punctually pay the interest on and principal of every Bond in strict conformity with the terms thereof and of the Indenture. The District is liable, and may become liable, on other obligations payable from general revenues, some of which may have a priority over payments of the principal of, premium, if any, and interest on, the Bonds, or which the District, in its discretion, may determine to pay prior to the principal of, premium, if any, and interest on, the Bonds.

Among other things, the District has existing obligations relating to outstanding lease obligations as well as other long- and short-term contractual obligations and employee salaries, all of which are paid from the District's General Fund and some of which may have a priority over the District's obligations to make debt service payments on the Bonds. For a discussion of certain other obligations of the District, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION." See also "RISK FACTORS – Limitations on Remedies." Because a significant portion of the District's revenues derive from funding received from the State based on Average Daily Attendance ("ADA") at the schools operated by the District, a reduction in student enrollment over time reduces amounts available to make payments on the Bonds. Based on enrollment projections at the time of preparation of the Fiscal Year 2025-26 Budget, the District's projected enrollment is expected to continue to decline through fiscal year 2027-28. For more information regarding District enrollment and average daily attendance, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." If a substantial decrease in enrollment occurs or if existing trends of enrollment decline continue or exacerbate, the District may elect to fund salaries, leases, or other operating expenses before allocating amounts to payment on the Bonds. If existing enrollment declines continue or exacerbate, the District may elect to fund other operating expenses before allocating amounts to payment on the Bonds. The District's Adopted Budget for Fiscal Year 2025-26 projects a $1.6 billion deficit for Fiscal Year 2027-28, which indicates a lack of going concern. At the request of the Los Angeles County Office of Education, in order to address the deficit, on June 17, 2025 the District adopted a Fiscal Stabilization Plan providing for expenditure reduction strategies beginning in Fiscal Year 2026-27 through Fiscal Year 2027-28.

The District has the capacity to enter into other obligations payable from the District's General Fund without the consent of or prior notice to the Owners of the Bonds, and has expressly reserved the right to issue or incur other obligations for any of its corporate purposes. To the extent that additional obligations are incurred by the District, whether or not the District's ADA continues to decline, the funds available to make payments of the principal of, premium, if any, and interest on, the Bonds may be decreased. In the event the District's revenue sources are less than its total obligations, the District could choose to fund other activities, including the payment of salaries of District employees or payment of debt service on other obligations of its General Fund, before making payment of the principal of, premium, if any, and interest on, the Bonds. The same result could occur if State constitutional expenditure limitations were to prohibit the District from appropriating and spending all of its otherwise available revenues. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO AD VALOREM PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIIIB of the State Constitution."

Cash Management

To the extent the Board is required to make needed budget adjustments and to maintain a balanced budget, the District has numerous internal or external means to manage its cash flow, including but not limited to interfund borrowing, intrafund borrowing and tax and revenue anticipation notes. If the District does not take required actions and the budget remains out of balance, the cash requirements of the District may exceed available cash flow. The ability of the District to borrow on an interim basis to meet any cash shortfalls also may be limited if the budget remains out of balance for a sustained period of time. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Assembly Bill 218 and Related Claims

Pursuant to AB 218, which became effective on January 1, 2020, certain changes were made to the claim prerequisites and the applicable statute of limitations periods for claims of childhood sexual assault, including claims against public entities like the District. AB 218 has impacted the District's liability exposure because it (1) extended the statute of limitations periods for claims of childhood sexual assault, (2) did away altogether with the Tort Claims Act's presentation requirements for claims involving childhood sexual assault under which many claims were found to be late, and (3) revived certain claims for which applicable statute of limitations periods had otherwise already expired (if brought within three years of January 1, 2020). Pursuant to AB 218, a plaintiff's ability to bring a claim was extended to the later of twenty-two years from the age of majority or five years after the plaintiff discovered or reasonably should have discovered psychological injury or illness occurring after the age of majority caused by the alleged childhood sexual assault. With respect to claims that otherwise would have been barred as of January 1, 2020, AB 218 revived such claims for a period of three years, which period expired on December 31, 2022. In 2023, the California State Legislature passed, and the Governor signed into law, AB 452 which eliminated the statute of limitations for the recovery of civil damages suffered as a result of childhood sexual assault. AB 452 applies prospectively for civil claims that arise on or after January 1, 2024.

The District is currently defending lawsuits filed on behalf of 287 claimants arising from AB 218 and similar childhood sexual assault, abuse and/or molestation claims for tort liability, relating to allegations of misconduct by former employees. Since many of the pending AB 218 lawsuits have not yet concluded, the District cannot fully predict the extent of its liability in such cases, whether the claimants will prevail, and if so, how a final court decision or settlement agreement with respect to each such lawsuit may affect the financial status, policies or operations of the District, as the nature of the court's remedy and the responses thereto are unknown at the present time. Neither can the District predict the ultimate number of claimants nor the full extent of any monetary liability. As described herein, and without the benefit of a current actuarial report, which is pending, the District currently estimates its liability for the existing claims arising from AB 218 will likely exceed $650 million. While the District has set aside an amount in its liability self-insurance fund to pay existing claims arising under AB 218 as well as other, unrelated claims based on an independent third-party actuarial estimate, the District's total liability arising from existing AB 218 claims could exceed the actuarial estimate and the amount available in its liability self-insurance fund. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation" and "– Sexual Misconduct Cases – Assembly Bill 218 and Related Claims" thereunder.

Default; Remedies Upon Default; Acceleration

Upon the occurrence of an Event of Default under the Indenture, the Trustee may and, upon the written direction of the Owners of not less than 25% in aggregate principal amount of the Outstanding

Bonds, shall, with the consent of the Insurer, if any, by written notice to the District, declare immediately due and payable the principal of all Outstanding Bonds and the accrued interest thereon, whereupon the same shall become immediately due and payable without any further action or notice; provided, however, that if at any time after such acceleration and before any judgment or decree for the payment of money with respect thereto has been entered all amounts payable to the Trustee under the Indenture on the Bonds subject to acceleration under this paragraph (except interest on or principal of the Bonds which are due solely by reason of such acceleration) shall have been paid or provided for by deposit with the Trustee and all existing Events of Default shall have been cured or waived, then the Owners of not less than 25% in aggregate principal amount of the Outstanding Bonds may, with the consent of the Insurer, if any, annul such acceleration and its consequences by written notice to the District and the Trustee, which annulment shall be binding upon the District, the Trustee and all of the Owners, but no such annulment shall extend to or affect any subsequent Event of Default or impair any right or remedy consequent thereon.

All rights of action under the Indenture or the Bonds or otherwise may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in any proceeding relating thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in the name of the Trustee for the benefit and protection of the Owners of such Bonds, subject to the provisions of the Indenture. If one or more of the events of default shall happen and be continuing, the Trustee may with the prior written consent of the Insurer, if any, and upon the written request of the Holders of a majority in principal amount of the Bonds then Outstanding, and upon being indemnified to its satisfaction therefor, shall, proceed to protect or enforce its rights or the rights of the Holders of Bonds under the Indenture by a suit in equity or action at law, either for the specific performance of any covenant or agreement contained in the Indenture, or in aid of the execution of any power granted under the Indenture, or by mandamus or other appropriate proceeding for the enforcement of any other legal or equitable remedy as the Trustee shall deem most effectual in support of any of its rights and duties under the Indenture.

No Owner of any Bonds shall have the right to institute any suit, action or proceeding at law or in equity, for the protection or enforcement of any right or remedy under the Indenture, the Refunding Law or any other applicable law with respect to such Bonds, unless (a) such Owner shall have given to the Trustee written notice of the occurrence of an Event of Default, (b) the Owners of a majority in aggregate principal amount of the Bonds then Outstanding shall have made written request upon the Trustee to exercise the powers hereinbefore granted or to institute such suit, action or proceeding in its own name, (c) such Owner or said Owners shall have tendered to the Trustee indemnity against the costs, expenses and liabilities to be incurred in compliance with such request, and (d) the Trustee shall have refused or omitted to comply with such request for a period of 60 days after such written request shall have been received by, and said tender of indemnity shall have been made to, the Trustee.

Such notification, request, tender of indemnity and refusal or omission are hereby declared, in every case, to be conditions precedent to the exercise by any Owner of Bonds of any remedy under the Indenture or under law; it being understood and intended that no one or more Owners of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of the Indenture or the rights of any other Owners of Bonds, or to enforce any right under the Bonds, the Indenture, the Refunding Law or other applicable law with respect to the Bonds, except in the manner provided in the Indenture, and that all proceedings at law or in equity to enforce any such right shall be instituted, had and maintained in the manner herein provided and for the benefit and protection of all Owners of the Outstanding Bonds, subject to the provisions of the Indenture.

See APPENDIX C – "SUMMARY OF INDENTURE – EVENTS OF DEFAULT AND REMEDIES."

Limitations on Remedies

The enforcement of any remedies provided in the Indenture could prove both expensive and time consuming. The rights of the Owners of the Series 2025A Bonds are subject to certain limitations on legal remedies against governmental entities in the State, including but not limited to a limitation on enforcement against funds that are otherwise needed to serve the public welfare and interest. Additionally, the rights of the Owners of the Series 2025A Bonds may be subject to (i) bankruptcy, insolvency, reorganization, moratorium, or similar laws limiting or otherwise affecting the enforcement of creditors' rights generally (as such laws are now or hereafter may be in effect), (ii) equity principles (including but not limited to concepts of materiality, reasonableness, good faith and fair dealing) and the possible unavailability of specific performance or injunctive relief, regardless of whether considered in a proceeding in equity or law, (iii) the exercise by the United States of America of the powers delegated to it by the Constitution, and (iv) the reasonable and necessary exercise, in certain exceptional situations, of the police powers inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Under Chapter 9 of the Bankruptcy Code (Title 11, United States Code), which governs bankruptcy proceedings for public agencies, there are no involuntary petitions in bankruptcy. If the District were to become a debtor under Chapter 9 of the Bankruptcy Code, the Owners and the Trustee could be prohibited or severely restricted from taking any steps to enforce their rights under the Indenture and from taking any steps to collect amounts due from the District under the Indenture. See "Bankruptcy" below and APPENDIX C – "SUMMARY OF INDENTURE – EVENTS OF DEFAULT AND REMEDIES."

Bond Counsel has limited its opinion as to the enforceability of the Series 2025A Bonds and of the Indenture to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent conveyance or transfer, moratorium, or other similar laws affecting generally the enforcement of creditor's rights, by equitable principles and by the exercise of judicial discretion. Additionally, the Series 2025A Bonds are not subject to acceleration in the event of the breach of any covenant or duty under the Indenture. The lack of availability of certain remedies or the limitation of remedies may entail risks of delay, limitation, or modification of the rights of the Owners of the Series 2025A Bonds.

Bankruptcy

Generally. In addition to the limitations on remedies described above, the rights and remedies provided in the Indenture may be limited by and are subject to provisions of federal bankruptcy laws, as now or hereafter enacted, and to other laws or equitable principles that may affect the enforcement of creditors' rights.

Bankruptcy of District. The District may be eligible to become a debtor in a Chapter 9 bankruptcy case. If the District is in bankruptcy, the parties (including the Trustee and the Owners of the Series 2025A Bonds) may be prohibited from taking any action to collect any amount from the District or to enforce any obligation of the District, unless the permission of the bankruptcy court is obtained. These restrictions may also prevent the Trustee from making payments to the Owners of the Series 2025A Bonds from funds in the Trustee's possession.

The District may be able, without the consent and over the objection of the Trustee and the Owners of the Series 2025A Bonds, but subject to the consent of the Insurer, if any, to alter the priority, interest rate, principal amount, payment terms, collateral, maturity dates, payment sources, covenants (including tax-related covenants), and other terms or provisions of the Indenture, the Series 2025A Bonds, and other transaction documents, as long as the bankruptcy court determines that the alterations are fair and equitable.

The District could threaten to take any of the actions described above as part of negotiations to alter its obligations under the Indenture, or other transaction documents.

Regardless of any specific adverse determinations in a bankruptcy case of the District, the pendency of such a bankruptcy case could have an adverse effect on the liquidity and value of the Series 2025A Bonds.

Limitation on Remedies. The opinion of Bond Counsel, the proposed form of which is included as APPENDIX D, is qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor's rights. As discussed above, bankruptcy proceedings, if initiated, could subject the owners of the Series 2025A Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

Natural Disasters, Drought, Climate Change and Sea Level Rise

Earthquakes. The District, like most regions in the State, and its facilities are located in an area of seismic activity from movements along active fault zones and, therefore, could be subject to potentially destructive earthquakes. Additionally, numerous minor faults transect the area. Active earthquake faults include the San Andreas Fault that runs throughout the County, the Palos Verdes fault that runs along the coast and through a small portion of the County, and other smaller faults including the Lower Elysian Park thrust, the Upper Elysian Park fault and Puente Hills blind thrust system. Seismic hazards encompass both potential surface rupture and ground shaking. Although its facilities have been designed and constructed or retrofitted and modernized pursuant to earthquake-resistant standards in accordance with the Field Act (Section 17280 *et seq*. of the Education Code), damage from an earthquake could be substantial. The occurrence of severe seismic activity could result in substantial damage and interference with the District's right to use and occupy all or a substantial portion of the District's facilities, which could result in a material impact to District operations. The District is not required to obtain or maintain earthquake insurance for its facilities and maintains minimal coverage for such damage.

Wildfires. In recent years, portions of California, including the County and adjacent counties, have experienced wildfires that have burned thousands of acres and destroyed thousands of homes and structures. The occurrence of wildfires in the area of the District could result in substantial damage and interference with the District's right to use and occupy a portion of its facilities. The District maintains casualty insurance insuring its facilities against fire and other risks (excluding earthquake). See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation."

2025 Wildfires. In January 2025, multiple fires broke out across areas of Los Angeles County burning thousands of acres and damaging or destroying thousands of structures. The three largest of said fires are the Hughes Fire, Eaton Fire, and Palisades Fires. The Hughes Fire burned approximately 10,400 acres, although no information is available on the number of structures that have been damaged or destroyed. The Eaton Fire has burned approximately 14,000 acres and has damaged or destroyed at least 10,000 structures. The Palisades Fire has burned approximately 23,500 acres and has damaged or destroyed at least 7,000 structures. Properties damaged or destroyed in the Palisades Fire are included within the boundaries of the District and are estimated to represent a small percentage of the assessed value in the District. As a result of the fires, schools in the District were closed for three days and approximately 2,400 students were displaced. Three school campuses within District boundaries, Marquez Elementary School, Palisades Elementary School, and Palisades High School/Palisades Charter High School (Palisades Charter High School is an independent charter school), were significantly damaged by the fires and remain closed. On January 14, 2025, the District's Board declared emergency conditions and authorized the execution of emergency contracts through June 30, 2025 to address the conditions and begin preliminary site clearance and remediation at the three schools significantly damaged by the fires. On June 3, 2025, the District's Board approved the use of general obligation bond proceeds for the campus reconstruction projects. The

District expects to rebuild its damaged campuses within the next several years, however, no assurances can be given that the District will rebuild any or all of its damaged facilities by any particular date, or at all.

The County Assessor's Office allows for the reassessment of properties that are damaged or destroyed as a result of misfortune or calamity, which includes wildfires. Property owners may submit an application for the reassessment of the property within 12 months of the damage or destruction. Any such reassessment is retroactive to the date of damage or destruction. The District is unable at this time to quantify the loss in assessed value as a result of any such reassessment. The California Legislative Analyst's Office currently estimates a reduction of assessed value in the County to be between $10 and $20 billion. Such estimation includes areas located within and outside of the boundaries of the District. The District does not yet know the total decrease in assessed value within the District. The assessed value of property within the District for Fiscal Year 2024-25 was $972,869,117,538. Based on the California Legislative Analyst's Office estimates, the loss in assessed value from the reassessment of properties that were damaged or destroyed by the fires within the District is anticipated to be a small percentage of the assessed value of properties within the District for Fiscal Year 2024-25.

Additionally on January 16, 2025, the California Governor issued Executive Order 10-25 that (i) suspends until April 10, 2026, certain state tax laws that impose penalties, costs, and interest for late payment of property taxes due in calendar year 2025, and (ii) suspends certain additional state tax laws requiring the filing of various property tax statements. The orders apply to properties located in nine zip codes that are included in the boundaries of the District. Additional executive orders have been issued to allow for a quicker redevelopment in fire-damaged areas. The District cannot predict the effect any executive orders will have on the timely collection of property taxes.

Drought. Most recently, the State has experienced periods of extreme precipitation, after having experienced severe drought conditions that led to the Governor declaring a Statewide drought emergency in spring 2021. While storms have helped ease drought impacts, regions and communities across the State continue to experience water supply shortages, especially communities that rely on groundwater supplies that have been severely depleted in recent years. In March 2023, the Governor rolled back some drought emergency provisions that are no longer needed due to current water conditions, while maintaining other measures that support regions and communities still facing water supply challenges, and that continue building up long-term water resilience. The District cannot predict the extent to which drought conditions within the County or any of the adjoining counties could cause reduced economic activity within the boundaries of the District or the extent to which drought conditions may impact District facilities or the assessed value of taxable property within the District.

Flood. As discussed further below in "– Climate Change and Sea Level Rise," the District may be susceptible to flooding from extreme rainfall events and from sea level rise.

Climate Change and Sea Level Rise. The direct risks posed by climate change currently include or are expected to include more extreme heat events, rising sea levels, changes in precipitation levels, flooding, and more intense storms. In order to address these risks, California law (the Global Warming Solutions Act) requires the State to significantly reduce its emissions of greenhouse gases ("GHGs"), which contribute to climate change.

Sources of GHG emissions in the District include cars and trucks, electricity and natural gas use in buildings, decomposition of solid waste, landscaping and construction equipment, and water and wastewater distribution, treatment, and use. On-road vehicle use represents the largest source of GHGs, followed by energy use in residential and nonresidential buildings. As a part of the State's effort to reduce GHG emissions, the California Air Resources Board approved a regulation to rapidly scale down emissions from cars starting with the 2026 model year through the 2035 model year, at which time all new car sales

in the State must be zero-emission vehicles. Going forward, the GHG emissions within the District will continue to change due to new policies, technological improvements, and population growth and new development.

Current science indicates that sea level rise is directly linked to climate change, and sea level is expected to increase over time. Sea level rise threatens even inland areas by exacerbating flooding from very high tides, and by contributing to flooding from extreme rainfall events. The various scientific studies that forecast the amount and timing of adverse impacts of climate change are based on assumptions contained in such studies, but actual events may vary materially. In addition, the scientific understanding of climate change and its effects continues to evolve. Accordingly, the District cannot predict the timing, extent, or severity of climate change, GHG emissions or sea level rise, and the impact on the District and its facilities, and on the State and local economies.

Events of Force Majeure. Operation of District facilities may also be at risk from other events of *force majeure*, such as damaging storms, fires and explosions, strikes, sabotage, riots, and spills of hazardous substances, among other events. The District cannot predict what *force majeure* events may occur in the future. For additional information regarding the District's risk management programs and required insurance coverages, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Economic Conditions in California; State Funding of Education

State income tax and other receipts can fluctuate significantly from year to year, depending on economic conditions in the State and the nation. Because much of the District's revenues derive from State funding under the Local Control Funding Formula (the "LCFF"), the District's revenues can vary significantly from year to year, even in the absence of significant education policy changes. Decreases in the State's general fund revenues may significantly affect appropriations made by the State to school districts, including the District. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act."

While the California Constitution contains certain minimum funding requirements for public education pursuant to Proposition 98, State funding can be affected by a number of factors, including poor performance of the California economy and State budget shortfalls. At times since the implementation of Proposition 98, the State has sought to preserve general fund cash while avoiding increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by deferring apportionments of Proposition 98 funds from one fiscal year to the next, as the State did in fiscal years 2019-20 and 2020-21; by suspending Proposition 98, as the State did in fiscal year 2004-05, fiscal year 2010-11, fiscal year 2011-12 and fiscal year 2012-13; and by proposing to amend the State Constitution's definition of the guaranteed amount and settle-up requirement under certain circumstances.

The State and national economy reflect some signs of an economic slowdown that could push the State and national economy into a recession. In the event the State or national economy experiences a recession during the term to maturity or earlier redemption of the Series 2025A Bonds, there may continue to be adverse effects on the budgets of school districts caused by the general economic slowdowns in the State and the State's own budget difficulties. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act "*– 2024-25 State Budget,*" and "*– Governor's*

Fiscal Year 2025-26 State Budget Proposal." Other events resulting in changing economic conditions may also impact State revenue sources and have negative effects upon the amount of and the manner in which the District receives money from the State. The District cannot predict whether events that may result in changing economic conditions will occur or the extent that a change in economic conditions will impact the financial outlook of the State or the District from year to year.

Information about the State budget and State spending for education is regularly available at various State-maintained websites. Text of proposed and adopted budgets may be found at the website of the Department of Finance, **www.dof.ca.gov**, under the heading "California Budget." An impartial analysis of the budget is posted by the Office of the Legislative Analyst at **www.lao.ca.gov**. In addition, various State official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found at the website of the State Treasurer, **www.treasurer.ca.gov**. The information referred to is prepared by the respective State agency maintaining each website and not by the District, and the District can take no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted there, and such information is not incorporated herein by these references. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act."

Infectious Disease Outbreak

In general, the outbreak of a highly contagious disease or epidemic disease could harm the District's financial results or result in a temporary shutdown of the District's facilities. Many school districts in the State are funded based on the LCFF, which allocates a base grant per unit of average daily attendance with additional supplemental grants based on certain factors. Thus, a temporary shutdown of a school or an entire school district would reduce the average daily attendance and could impact the funding a school district receives (unless the State legislature or California Department of Education takes action to exclude such days from the calculations for funding purposes). Further, any impact on the State's tax and other revenue receipts as a result of a highly contagious or epidemic disease may in turn impact other educational funding that the District receives from the State. See " – Economic Conditions in California; State Funding of Education" above. In addition, the District may incur increased operational costs to clean, sanitize and maintain its facilities either before or after an outbreak of an infectious disease.

The outbreak of COVID-19 and the resulting pandemic significantly impacted school districts throughout California, including the District. For more information regarding the impact of the COVID-19 pandemic on the District's operations and finances, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – Infectious Disease Outbreak."

Federal Funding

The federal government provides funding for several District programs. Federal policies involving taxation, appropriations, borrowing (including the debt ceiling), trade (including tariffs), immigration, climate, change, clean energy, and other topics can shift, sometimes dramatically, from one presidential administration or Congress to another. From time to time, such shifts can result in reductions to the level of federal funding for a variety of policy priorities, including transportation, housing, healthcare, social services, and other federally funded programs.

On January 20, 2025, President Trump issued a series of executive orders, which included a requirement that federal funds are used in a manner approved by the current Administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management

and Budget ("OMB") released its Memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the "OMB Memorandum"). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance in order to review spending for consistency with the Trump Administration's policies, effective as of 5:00 p.m. on January 28, 2025. The OMB Memorandum caused uncertainty as to whether certain Federal funding and grants would be paused.

Before the OMB Memorandum became effective, two separate lawsuits were filed in federal district courts in Rhode Island and the District of Columbia challenging the OMB Memorandum and seeking injunctions against its implementation. On January 28, 2025, shortly before the OMB Memorandum became effective, a District of Columbia federal judge issued an emergency administrative stay through February 3, 2025, at which time a preliminary injunction hearing was set. On January 29, 2025, OMB rescinded the OMB Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and spending reviews are ongoing. On January 31, 2025, a Rhode Island federal judge issued a temporary restraining order on the pause. On February 3, 2025, the District of Columbia federal judge issued a similar temporary restraining order as well. On February 10, 2025, the Rhode Island federal judge granted a motion for a preliminary injunction and issued an Enforcement Order clarifying the scope of the temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration appealed the temporary restraining order to the U.S. Court of Appeals for the First Circuit. The Trump Administration's request to stay the temporary restraining order pending appeal was denied. The District cannot predict any action which may be taken in carrying out the executive orders, the validity of the executive orders or any action taken in connection therewith, nor any such effect on the District's federal funding or operations of the District. See also APPENDIX A "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION — District Debt."

On March 20, 2025, President Trump signed an executive order instructing the Secretary of Education to take all necessary steps to close the Department of Education (the "DOE") to the maximum extent appropriate and permitted by law. The executive order followed the mass dismissal of approximately half of the DOE's staff on March 11, 2025, and the cancellation of $1.5 billion in grants and contracts for the performance of DOE functions. The DOE provides funding to local school districts nationwide, including the District, primarily for special education services under the Individuals with Disabilities Education Act and under Title I to the Elementary and Secondary Education Act to districts that serve large populations of economically disadvantaged students.

Two separate complaints were filed on March 24, 2025, the first in the U.S. District Court for the District of Massachusetts by Democracy Forward, a plaintiff group acting on behalf of the Easthampton School District and certain labor and parent groups. The second complaint was filed in the U.S. District Court for the District of Maryland, by a plaintiff group including the National Association for the Advancement of Colored People, the National Education Association, and other parent groups and education proponents. Each lawsuit generally challenges the layoffs of DOE staff and the executive order dismantling the DOE as exceeding the constitutional authority of the executive branch.

Additionally, on May 29, 2025, the Department of Homeland Security ("DHS") named more than 500 cities, counties, and states it considers "sanctuary jurisdictions." The list identified jurisdictions deemed noncompliant with federal immigration laws. As a result, each such jurisdiction could be expected to receive formal notice from the federal government and could be expected to face legal action or loss of federal funding under directives set forth in a recent executive order. The list, however, was removed from the DHS website on June 1, 2025.

On November 19, 2024, the District's Board reaffirmed that the District has designated itself a sanctuary district. The District has no certainty of the consequences of being on a Department of Homeland Security "list of sanctuary jurisdictions" and does not have a value of funds at risk. Further, the District cannot predict the outcome of current or future federal executive orders, administrative actions, budgets or legislation or the ultimate impact that such matters will have on the District's finances and operations.

In its May Revise to the Proposed 2025-26 Budget, the Governor did not incorporate any effect of federal cuts that are currently under consideration in Congress, any of which may have implications for the State budget and the District's budget. The State is considered a "sanctuary state." On November 19, 2024, the District's Board reaffirmed that the District is a sanctuary district for persons illegally residing in the United States.

On June 30, 2025, the United States Department of Education communicated to the California Department of Education that it would not be issuing grant award notifications obligating more than $810 million in federal funds. The notification stated that the following programs are under review: Title I – Part C, Title II – Part A, Title III – Part A, Title IV – Part A, Title IV – Part B. No final decision has been made by the United States Department of Education on the release of funds.

The District is unable to predict whether the Trump Administration's review of spending will be upheld in full or in part or whether legal challenges to any freeze or pause in spending will be successful. Similarly, the District is unable to predict whether the executive order dismantling the DOE or the staff reductions or grant cancellations will be upheld after legal challenge. If the reductions in funding, elimination of the DOE, or staff layoffs are upheld in whole or in part, the District cannot anticipate whether the amount of federal revenues in the District's General Fund will be reduced, or the extent of any reduction, or whether any reduction would occur in the current or any future fiscal year. The District is similarly unable to predict the financial effect on the District of new policies in effect at DHS with respect to the District's status as a sanctuary district.

Secondary Market

There can be no guarantee that there will be a secondary market for the Series 2025A Bonds, or, if a secondary market exists, that the Series 2025A Bonds can be sold for any particular price. Occasionally, because of general market conditions or because of adverse history or economic prospects connected with a particular issue, secondary marketing in connection with a particular issue is suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon the then prevailing circumstances. Such prices could be substantially different from the original purchase price.

In addition, the District has entered into a continuing disclosure undertaking in connection with the Series 2025A Bonds. Any material failure to comply with such undertaking in the future may adversely affect the liquidity of the affected Series 2025A Bonds and their market price in the secondary market.

Cybersecurity

School districts, like other governmental and business entities, face significant risks relating to the use and application of computer software and hardware for educational, operational and management purposes. The District collects, processes, and distributes an enormous amount of private, protected, and personal information on students, staff, parents, visitors, and contractors. As the custodian of such information, the District is constantly facing a variety of persistent and evolving cybersecurity threats. For more information regarding recent cyber incidents involving the District and actions the District has taken to protect its systems and minimize future cyberattacks, see APPENDIX A – "DISTRICT FINANCIAL

INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Cybersecurity."

THE DISTRICT

A description of the District, including information concerning its finances and organization, its major revenue sources, funds, liabilities and indebtedness, and certain factors affecting its finances and operations, is set forth in Appendix A.

The District's Audited Annual Financial Report for fiscal year ended June 30, 2024, including its financial statements for the fiscal year ended June 30, 2024, is included as Appendix B. The basic financial statements of the District for the fiscal year 2023-24 have been audited by Simpson & Simpson, independent certified public accountants, as stated in their report appearing in Appendix B. The District has not requested nor has the District obtained the consent of Simpson & Simpson to the inclusion of its report in Appendix B. Simpson & Simpson has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Simpson & Simpson has not been requested to perform and has not performed any procedures relating to the Official Statement.

MATERIAL LITIGATION

The District has active cases defending a total of 287 AB 218 claimants relating to allegations of misconduct by former employees with respect to childhood sexual assault, abuse and/or molestation. These claims in this number, and potentially more, are brought pursuant to California Code of Civil Procedure Section 340.1 and by application of AB 218, and similar childhood sexual assault, abuse and/or molestation claims for tort liability. There are also a number of other lawsuits and claims pending against the District. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS –- Risk Management and Litigation" and "– Sexual Misconduct Cases – Assembly Bill 218 and Related Claims" thereunder.

Except as described above, there is no material litigation pending against the District or, to the knowledge of its executive officers, threatened, (i) in any way affecting the existence of the District or in any way challenging the respective powers of the several offices or the titles of the officials of the District to such offices; (ii) seeking to restrain or enjoin the issuance or delivery of the Series 2025A Bonds, the application of the proceeds of the sale of the Series 2025A Bonds, or in any way contesting or affecting the validity of the Bonds, the Indenture, or the Continuing Disclosure Certificate, or materially affecting payment of the Series 2025A Bonds or payment of any other obligations of the District, or contesting the powers of the District or any authority for the issuance of the Series 2025A Bonds; (iii) contesting the completeness or accuracy of the preliminary or final Official Statement; or (iv) in which a final adverse decision could result in any material adverse change in the business, properties, assets or the financial condition of the District or which may have a material adverse effect on the ability of the District to meet its obligations under the Series 2025A Bonds, the Indenture, or the Continuing Disclosure Certificate. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation."

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, bond counsel to the District ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2025A Bonds is exempt from State of California personal income taxes. Bond Counsel

observes that interest on the Series 2025A Bonds is not excluded from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel expresses no opinion regarding any other tax consequences relating to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Series 2025A Bonds. The proposed form of opinion of Bond Counsel is contained in Appendix D hereto.

The following discussion summarizes certain U.S. federal income tax considerations generally applicable to holders of the Series 2025A Bonds that acquire their Series 2025A Bonds in the initial offering. The discussion below is based upon laws, regulations, rulings, and decisions in effect and available on the date hereof, all of which are subject to change, possibly with retroactive effect. Prospective investors should note that no rulings have been or are expected to be sought from the U.S. Internal Revenue Service (the "IRS") with respect to any of the U.S. federal income tax considerations discussed below, and no assurance can be given that the IRS will not take contrary positions. Further, the following discussion does not deal with U.S. tax consequences applicable to any given investor, nor does it address the U.S. tax considerations applicable to all categories of investors, some of which may be subject to special taxing rules (regardless of whether or not such investors constitute U.S. Holders), such as certain U.S. expatriates, banks, REITs, RICs, insurance companies, tax-exempt organizations, dealers or traders in securities or currencies, partnerships, S corporations, estates and trusts, investors that hold their Series 2025A Bonds as part of a hedge, straddle or an integrated or conversion transaction, investors whose "functional currency" is not the U.S. dollar, or certain taxpayers that are required to prepare certified financial statements or file financial statements with certain regulatory or governmental agencies. Furthermore, it does not address (i) alternative minimum tax consequences, (ii) the net investment income tax imposed under Section 1411 of the Code, or (iii) the indirect effects on persons who hold equity interests in a holder. This summary also does not consider the taxation of the Series 2025A Bonds under state, local or non-U.S. tax laws. In addition, this summary generally is limited to U.S. tax considerations applicable to investors that acquire their Series 2025A Bonds pursuant to this offering for the issue price that is applicable to such Series 2025A Bonds (i.e., the price at which a substantial amount of the Series 2025A Bonds are sold to the public) and who will hold their Series 2025A Bonds as "capital assets" within the meaning of Section 1221 of the Code.

As used herein, "U.S. Holder" means a beneficial owner of a Series 2025A Bond that for U.S. federal income tax purposes is an individual citizen or resident of the United States, a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof (including the District of Columbia), an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust where a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust (or a trust that has made a valid election under U.S. Treasury Regulations to be treated as a domestic trust). As used herein, "Non-U.S. Holder" generally means a beneficial owner of a Series 2025A Bond (other than a partnership) that is not a U.S. Holder. If a partnership holds Series 2025A Bonds, the tax treatment of such partnership or a partner in such partnership generally will depend upon the status of the partner and upon the activities of the partnership. Partnerships holding Series 2025A Bonds, and partners in such partnerships, should consult their own tax advisors regarding the tax consequences of an investment in the Series 2025A Bonds (including their status as U.S. Holders or Non-U.S. Holders).

Prospective investors should consult their own tax advisors in determining the U.S. federal, state, local or non-U.S. tax consequences to them from the purchase, ownership, and disposition of the Series 2025A Bonds in light of their particular circumstances.

U.S. Holders - Interest. Interest on the Series 2025A Bonds generally will be taxable to a U.S. Holder as ordinary interest income at the time such amounts are accrued or received, in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

To the extent that the issue price of any maturity of the Series 2025A Bonds is less than the amount to be paid at maturity of such Series 2025A Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Series 2025A Bonds) by more than a de minimis amount, the difference may constitute original issue discount ("OID"). U.S. Holders of Series 2025A Bonds will be required to include OID in income for U.S. federal income tax purposes as it accrues, in accordance with a constant yield method based on a compounding of interest (which may be before the receipt of cash payments attributable to such income). Under this method, U.S. Holders generally will be required to include in income increasingly greater amounts of OID in successive accrual periods.

Series 2025A Bonds purchased for an amount in excess of the principal amount payable at maturity (or, in some cases, at their earlier call date) will be treated as issued at a premium. A U.S. Holder of a Series 2025A Bond issued at a premium may make an election, applicable to all debt securities purchased at a premium by such U.S. Holder, to amortize such premium, using a constant yield method over the term of such Series 2025A Bond.

U.S. Holders - Sale or Other Taxable Disposition of the Series 2025A Bonds. Unless a nonrecognition provision of the Code applies, the sale, exchange, redemption, retirement (including pursuant to an offer by the District) or other disposition of a Series 2025A Bond will be a taxable event for U.S. federal income tax purposes. In such event, in general, a U.S. Holder of a Series 2025A Bond will recognize gain or loss equal to the difference between (i) the amount of cash plus the fair market value of property received (except to the extent attributable to accrued but unpaid interest on the Series 2025A Bond, which will be taxed in the manner described above) and (ii) the U.S. Holder's adjusted U.S. federal income tax basis in the Series 2025A Bond (generally, the purchase price paid by the U.S. Holder for the Series 2025A Bond, decreased by any amortized premium, and increased by the amount of any OID previously included in income by such U.S. Holder with respect to such Series 2025A Bond). Any such gain or loss generally will be capital gain or loss. In the case of a non-corporate U.S. Holder of the Series 2025A Bonds, the maximum marginal U.S. federal income tax rate applicable to any such gain will be lower than the maximum marginal U.S. federal income tax rate applicable to ordinary income if such U.S. holder's holding period for the Series 2025A Bonds exceeds one year. The deductibility of capital losses is subject to limitations.

U.S. Holders - Defeasance of the Series 2025A Bonds. If the District defeases any Series 2025A Bond, the Series 2025A Bond may be deemed to be retired and "reissued" for U.S. federal income tax purposes as a result of the defeasance. In that event, in general, a holder will recognize taxable gain or loss equal to the difference between (i) the amount realized from the deemed sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and (ii) the holder's adjusted U.S. federal income tax basis in the Series 2025A Bond.

U.S. Holders - Information Reporting and Backup Withholding. Payments on the Series 2025A Bonds generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate U.S. Holder of the Series 2025A Bonds may be subject to backup withholding at the current rate of 24% with respect to "reportable payments," which include interest paid on the Series 2025A Bonds and the gross proceeds of a sale, exchange, redemption, retirement, or other disposition of the Series 2025A Bonds. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting"

described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against the U.S. Holder's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain U.S. holders (including among others, corporations, and certain tax-exempt organizations) are not subject to backup withholding. A holder's failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

Non-U.S. Holders - Interest. Subject to the discussions below under the headings "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act ("FATCA") – U.S. Holders and Non-U.S. Holders," payments of principal of, and interest on, any Series 2025A Bond to a Non-U.S. Holder, other than (1) a controlled foreign corporation described in Section 881(c)(3)(C) of the Code and (2) a bank which acquires such Series 2025A Bond in consideration of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, will not be subject to any U.S. federal withholding tax provided that the beneficial owner of the Series 2025A Bond provides a certification completed in compliance with applicable statutory and regulatory requirements, which requirements are discussed below under the heading "Information Reporting and Backup Withholding," or an exemption is otherwise established.

Non-U.S. Holders - Disposition of the Series 2025A Bonds. Subject to the discussions below under the headings "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act ("FATCA") – U.S. Holders and Non-U.S. Holders," any gain realized by a Non-U.S. Holder upon the sale, exchange, redemption, retirement (including pursuant to an offer by the District or a deemed retirement due to defeasance of the Series 2025A Bond) or other disposition of a Series 2025A Bond generally will not be subject to U.S. federal income tax, unless (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States; or (ii) in the case of any gain realized by an individual Non-U.S. Holder, such holder is present in the United States for 183 days or more in the taxable year of such sale, exchange, redemption, retirement (including pursuant to an offer by the District) or other disposition and certain other conditions are met.

Non-U.S. Holders - Information Reporting and Backup Withholding. Subject to the discussion below under the heading "Foreign Account Tax Compliance Act ("FATCA") – U.S. Holders and Non-U.S. Holders," under current U.S. Treasury Regulations, payments of principal and interest on any Series 2025A Bonds to a holder that is not a United States person will not be subject to any backup withholding tax requirements if the beneficial owner of the Series 2025A Bond or a financial institution holding the Series 2025A Bond on behalf of the beneficial owner in the ordinary course of its trade or business provides an appropriate certification to the payor and the payor does not have actual knowledge that the certification is false. If a beneficial owner provides the certification, the certification must give the name and address of such owner, state that such owner is not a United States person, or, in the case of an individual, that such owner is neither a citizen nor a resident of the United States, and the owner must sign the certificate under penalties of perjury. The current backup withholding tax rate is 24%.

Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders. Sections 1471 through 1474 of the Code impose a 30% withholding tax on certain types of payments made to foreign financial institutions, unless the foreign financial institution enters into an agreement with the U.S. Treasury to, among other things, undertake to identify accounts held by certain U.S. persons or U.S.-owned entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these and other reporting requirements, or unless the foreign financial institution is otherwise exempt from those requirements. In addition, FATCA imposes a 30% withholding tax on the same types of payments to a non-financial foreign entity unless the entity certifies that it does not have any substantial U.S. owners or the entity furnishes identifying information regarding each substantial U.S. owner. Under current guidance, failure to comply with the additional certification, information reporting and other specified requirements imposed under FATCA could result in the 30% withholding tax being imposed on payments of interest on the Series 2025A Bonds. In general, withholding under FATCA currently applies to payments of U.S. source interest (including OID) and, under current guidance, will apply to certain "passthru" payments no earlier than the date that is two years after publication of final U.S. Treasury Regulations defining the term "foreign passthru payments." Prospective investors should consult their own tax advisors regarding FATCA and its effect on them.

The foregoing summary is included herein for general information only and does not discuss all aspects of U.S. federal taxation that may be relevant to a particular holder of Series 2025A Bonds in light of the holder's particular circumstances and income tax situation. Prospective investors are urged to consult their own tax advisors as to any tax consequences to them from the purchase, ownership, and disposition of Series 2025A Bonds, including the application and effect of state, local, non-U.S., and other tax laws.

The proposed form of the opinion of Orrick, Herrington, & Sutcliffe LLP relating to the Bonds is set forth in APPENDIX D — "PROPOSED FORM OF OPINION OF BOND COUNSEL."

RATINGS

Fitch Ratings, Inc. ("Fitch") and Moody's Investors Service Inc. ("Moody's") have assigned their ratings of "AA-" and "Aa3," respectively, to the Series 2025A Bonds. Each rating agency may have obtained and considered information and material which has not been included in this Official Statement. Generally, rating agencies base their ratings on information and material so furnished and on their own investigations, studies and assumptions made by them (which may include information and material from the District which is not included in this Official Statement). Each rating is not a recommendation to buy, sell or hold the Series 2025A Bonds. Each rating reflects only the view of the respective rating agency, and an explanation of the significance of such rating may be obtained from it. There is no assurance that any such rating of a rating agency will be maintained for any given period of time or that such rating may not be revised downward or withdrawn entirely by the rating agency, if in its own judgment, circumstances warrant. Any such downward change in or withdrawal may have an adverse effect on the market price of the Series 2025A Bonds. Neither the Underwriters nor the District have undertaken any responsibility after the issuance and delivery of the Series 2025A Bonds to assure the maintenance of the ratings or to oppose any such revision or withdrawal.

VALIDATION PROCEEDING

On June 20, 2024, the District filed a complaint in the Court seeking judicial confirmation of the validity of the transactions relating to its authorizing and approving the issuance of the Bonds including, without limitation, the Series 2025A Bonds and the execution and delivery of the Indenture, the refunding of the Series 2025A Notes, and any and all contracts and agreements executed and delivered in connection therewith, and with respect to certain obligations of the District arising under the Judgments. The action was brought against all interested persons pursuant to the provisions of Sections 860 *et seq*. of the California

Code of Civil Procedure. The court entered a judgment in the District's favor on April 24, 2025 to the effect, among other things, that the District has the authority under California law to issue the Series 2025A Bonds, and that the Series 2025A Bonds, Indenture, and refunding of the Series 2025A Judgments and Series 2025A Notes are valid, legal, and binding obligations of the District under California law. Pursuant to Section 870 of the California Code of Civil Procedure and Rule 2(a) of the California Rules of Court, the period during which a notice of appeal to this judgment could be timely filed expired on May 27, 2025, and the judgment is binding and conclusive in accordance with California law. Pursuant to the proceedings, the aggregate dollar amount of Judgments to be refunded by the Bonds cannot exceed $500,000,000.

CERTAIN LEGAL MATTERS

The validity of the Series 2025A Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, Los Angeles, California, Bond Counsel to the District. A complete copy of the proposed form of Bond Counsel opinion is contained in Appendix D. Bond Counsel undertakes no responsibility for the accuracy, completeness, or fairness of this Official Statement. Certain legal matters will be passed upon for the District by Best Best & Krieger LLP, as Disclosure Counsel to the District, for the Underwriters by Nixon Peabody LLP, San Francisco, California, and for the District by General Counsel to the District.

Each of Bond Counsel, Disclosure Counsel and Underwriters' Counsel will receive compensation contingent upon the execution and delivery of the Series 2025A Bonds. From time to time, Bond Counsel and Disclosure Counsel each may represent the Underwriters in matters unrelated to the District or the Series 2025A Bonds.

MUNICIPAL ADVISOR

Public Resources Advisory Group (the "Municipal Advisor"), has been engaged by the District to perform financial services in connection with the issuance of the Series 2025A Bonds and certain other financial matters. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading, or distributing municipal securities or other public securities. The Municipal Advisor is not contractually obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement. Certain fees of the Municipal Advisor are contingent upon the issuance and delivery of the Series 2025A Bonds.

UNDERWRITING

The Series 2025A Bonds are being purchased by RBC Capital Markets, LLC, on behalf of a syndicate that also includes the other underwriters set forth on the cover hereof (collectively, the "Underwriters"). The Underwriters have agreed, subject to certain terms and conditions set forth in that certain Bond Purchase Agreement, dated July 1, 2025, by and between the Underwriters and the District, to purchase the Series 2025A Bonds at a purchase price of $307,302,631.40 (which represents the aggregate principal amount of the Series 2025A Bonds, less $847,368.60 of Underwriters' discount). The Underwriters will purchase all the Series 2025A Bonds if any are purchased.

The Series 2025A Bonds may be offered and sold to certain dealers (including dealers depositing said Series 2025A Bonds into investment trusts) and others at prices lower than the initial public offering price, and the public offering price may be changed from time to time by the Underwriters.

The Underwriters and its respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory,

investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Under certain circumstances, the Underwriters and their affiliates may have certain creditor and/or other rights against the District and its affiliates in connection with such activities. In the various course of their various business activities, the Underwriters and its respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities, and instruments.

RBC Capital Markets, LLC ("RBCCM"), an underwriter of the Series 2025A Bonds, has entered into a distribution arrangement with its affiliate City National Securities, Inc. ("CNS"). As part of this arrangement, RBCCM may distribute municipal securities to investors through the financial advisor network of CNS. As part of this arrangement, RBCCM may compensate CNS for its selling efforts with respect to the Series 2025A Bonds.

BofA Securities, Inc., an underwriter of the Series 2025A Bonds, has entered into a distribution agreement with its affiliate Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"). As part of this arrangement, BofA Securities, Inc. may distribute securities to MLPF&S, which may in turn distribute such securities to investors through the financial advisor network of MLPF&S. As part of this arrangement, BofA Securities, Inc. may compensate MLPF&S as a dealer for their selling efforts with respect to the Series 2025A Bonds.

American Veterans Group, PBC ("AVG"), an underwriter of the Series 2025A Bonds, has entered into a negotiated dealer agreement with Charles Schwab & Co., Inc ("Schwab") for the distribution of certain securities offerings at the original issue prices. Pursuant to the Dealer Agreement, Schwab may purchase Series 2025A Bonds from AVG at the original issue price less a negotiated portion of the selling concession applicable to any Series 2025A Bonds that such firm sells.

Bancroft Capital, LLC, an underwriter of the Series 2025A Bonds, has entered into a distribution agreement with Lantern Investments, Inc. As part of this arrangement, Bancroft Capital, LLC may distribute securities to Lantern Investments, Inc., which may in turn distribute such securities to investors through the financial advisor network of Lantern Investments, Inc. As part of this arrangement, Bancroft Capital, LLC. may compensate Lantern Investments, Inc. as a dealer for their selling efforts with respect to the Series 2025A Bonds.

MISCELLANEOUS

References are made herein to certain documents and reports which are brief summaries thereof which do not purport to be complete or definitive and reference is made to such documents and reports for full and complete statements of the contents thereof.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Series 2025A Bonds.

The District has duly authorized the execution and delivery of this Official Statement.

LOS ANGELES UNIFIED SCHOOL DISTRICT

APPENDIX A

DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION

[THIS PAGE INTENTIONALLY LEFT BLANK]

This Appendix A provides information concerning the operations and finances of the Los Angeles Unified School District (the "District") and certain demographic information in the area covered by the District. Investors must read the entire Official Statement, including this Appendix A, to obtain information essential to making an informed investment decision. The Series 2025A Bonds are obligations of the District imposed by law and are absolute and unconditional, without any right of set-off or counterclaim. The Series 2025A Bonds do not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation, and neither the Series 2025A Bonds nor the obligation of the District to make payment of the interest on or the principal of the Series 2025A Bonds constitutes an indebtedness of the District or the State, or any of its political subdivisions, in contravention of any constitutional or statutory debt limitation or restriction. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" in the forepart of this Official Statement. See also "GLOSSARY OF CERTAIN TERMS AND ABBREVIATIONS" herein for a description of certain terms and abbreviations used in this Appendix A.

DISTRICT GENERAL INFORMATION

District Boundaries

The District, encompassing approximately 710 square miles, is located in the western section of the County of Los Angeles (the "County") in the State of California (the "State"). The District's boundaries include virtually all of the City of Los Angeles (the "City"), all of the Cities of Cudahy, Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Calabasas, Carson, Commerce, Culver City, Downey, Hawthorne, Inglewood, Long Beach, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Rolling Hills Estates, Santa Clarita, Santa Monica, South Gate, and Torrance. In addition, the District provides services to several unincorporated areas of the County, which include residential and industrial areas. The boundaries for the District are approximately 80% coterminous with the City, with the remaining 20% included in the smaller neighboring cities and unincorporated County areas described above. The District was formed in 1854 as the Common Schools for the City and became a unified school district in 1960.

District Governance; Senior Management

District Board. The District is governed by a seven-member Board of Education (the "District Board"), each member of which is a voting member and elected by voters within such member's designed district. The members of the District Board are elected to four-year terms in alternate slates of three and four, with elections held every two years. In an election year, if a candidate receives a majority of the votes cast for a District Board seat in the primary election, that candidate is elected to the office. In the event no candidate receives a majority of the votes cast for a District Board seat, there is a runoff election at the general election between the two candidates receiving the highest number of votes for the seat in the primary election. The current members of the District Board along with their district and term are set forth below.

District	Member	Term Ending
3	Scott Schmerelson, President	December 10, 2028
2	Dr. Rocio Rivas, Vice President	December 13, 2026
1	Sherlett Hendy Newbill	December 10, 2028
4	Nick Melvoin	December 13, 2026
5	Karla Griego	December 10, 2028
6	Kelly Gonez	December 13, 2026
7	Tanya Ortiz Franklin	December 10, 2028

Superintendent. The chief executive officer of the District, appointed by the District Board to manage the day-to-day operations of the District, is the Superintendent of Schools (the "Superintendent"). The District Board appointed Alberto M. Carvalho to serve as the Superintendent effective February 2022.

Strategic Plan. On June 21, 2022, the District Board unanimously adopted a strategic plan for the next four years (the "2022-26 Strategic Plan") that focuses on the goal of ensuring that all District students graduate "ready for the world" and prepared to thrive in college, career, and life. The 2022-26 Strategic Plan revolves around five pillars, each consisting of four priorities, that represent critical areas the District will focus on: academic excellence; joy and wellness; engagement and collaboration; operational effectiveness; and investing in staff.

Pursuant to the 2022-26 Strategic Plan, the first pillar of "Academic Excellence" prioritizes improving student outcomes through high-quality instruction, delivering enriching experiences to instill lifelong learning, eliminating opportunity gaps, and encouraging multiple paths for college and career readiness. The second pillar of "Joy and Wellness" prioritizes creating welcoming and inclusive learning environments, addressing student well-being through health, nutrition, and wellness services, cultivating strong social-emotional skills, and ensuring outstanding attendance to achieve consistent learning. The third pillar of "Engagement and Collaboration" prioritizes strengthening relationships between students, families, and schools, providing accessible information to the community, leading on local, state, and national levels, and honoring the perspectives of students. The fourth pillar of "Operational Effectiveness" prioritizes developing data-driven decision-making, modernizing facilities and technological infrastructure, sustainably implementing school and District budgets, and making the District a district of choice of families. The fifth pillar of "Investing in Staff" prioritizes recruiting and retaining a diverse workforce, providing rigorous and relevant professional learning, cultivating staff wellness, and maintaining consistent and high performance standards.

The District developed an Implementation Guide for the 2022-26 Strategic Plan with actions and practices for practitioners to implement in schools and classrooms. Pursuant to the 2022-26 Strategic Plan, the District intends to, among other endeavors, ensure processes and systems are in alignment by reviewing budgets, updating reporting structures, offering professional development for school and central office staff, and providing additional support for aligning school-level plans to the 2022-26 Strategic Plan. Furthermore, to ensure the 2022-26 Strategic Plan remains on track, the District is regularly engaging with the community to solicit feedback on its actions and expenditures, and has established districtwide systems to monitor progress of ongoing implementation, as well progress toward achieving its targets for success – at both the central-office and school-site levels.

Regions. In addition to the Superintendent of the District, the District organizes its schools into four (formerly six) geographically-based regions (each, a "Region"). Each Region has a separate superintendent to oversee the schools in the related area of the District. The current Region Superintendents are Dr. David Baca (North), Andre Spicer (South), José P. Huerta (East), and Dr. Denise Collier (West).

Biographies. Brief biographical information for Superintendent Alberto M. Carvalho and other senior management of the District is set forth below.

Alberto M. Carvalho, Superintendent. Alberto M. Carvalho has served as Superintendent of the District, the nation's second-largest school district, since February 2022. He was selected by the District Board in a unanimous vote following a comprehensive community engagement process and a nationwide search.

Since starting at the District, Superintendent Carvalho has led the development and implementation of the District's unanimously approved 2022-2026 Ready for the World Strategic Plan. Numerous

initiatives and ideas have enhanced the plan, including the launch of the STEAM Lab Makerspaces, Education Transformation Office, Cultural Arts Passport, and Family Academy. Through Superintendent Carvalho's leadership, the District has also established nine new education compacts between the District and local municipalities, made significant progress in greening schools.

During his 14-year tenure as Superintendent of Miami-Dade County Public Schools ("M-DCPS"), Superintendent Carvalho garnered local, state, national and international recognition. His honors include being named Florida's 2014 Superintendent of the Year; the 2014 National Superintendent of the Year; the 2016 Magnet Schools of America Superintendent of the Year, the 2016 winner of the Harold W. McGraw Prize in Education; the 2018 National Urban Superintendent of the Year; and the 2019 National Association for Bilingual Education (NABE) Superintendent of the Year.

Under his leadership, M-DCPS became one of the nation's highest-performing urban school systems, receiving systemwide accreditation from AdvancEd in 2014 and 2019. M-DCPS was named as the 2014 College Board Advanced Placement Equity and Excellence District of the Year and the 2012 winner of the Broad Prize for Urban Education. Superintendent Carvalho is now seeking to elevate the District to the premier spot in American urban education.

Superintendent Carvalho was appointed by the U.S. Secretary of Education to serve on the National Assessment Governing Board. He has served as a committee member for the National Academies of Science, Engineering, and Medicine and is currently serving as an Advisory Committee Member to the Harvard Program on Education Policy and Governance. Superintendent Carvalho is also a dedicated member the Homeland Security Academic Partnership Council, the National Board of Directors for Common Threads, the Posse Foundation, the Aspen Institute's Planet Media Task Force, and Code.org. He is a member of the Leadership Table for the Los Angeles County Executive Committee on Homelessness and serves on the Board of Directors of The Music Center of Los Angeles.

Superintendent Carvalho has been awarded many honorary degrees. He has been honored by the President of Portugal with the "Ordem de Mérito Civil" and by Mexico with the "Ohtli Award." He was also knighted by King Felipe VI of Spain with the Cross of the Orden de Isabel la Católica.

Jaime G. Torrens, Senior Advisor to the Superintendent. Mr. Torrens, Senior Advisor to the Superintendent of the District, is responsible for assisting and supporting the Superintendent in the overall operation of the District, the largest self-governing public school district in the nation. Mr. Torrens also oversees the District's eco-sustainability, compliance and audits, and environmental health and safety functions. Mr. Torrens previously served as Deputy Superintendent and Chief of Staff for Miami-Dade County Public Schools ("M-DCPS") where he oversaw a broad portfolio of functional areas. Among other duties, he led the M-DCPS' response and recovery related to COVID-19 (as defined herein).

As Chief Facilities Officer for over 12 years, he was responsible for all aspects of facilities planning, construction, maintenance, operations and inspections at the fourth largest school system in the nation. As a member of the Superintendent's Cabinet, he directed a staff of 1,000 professional and technical personnel responsible for all aspects of 3,100 buildings comprising 45 million square feet on over 400 school campuses and ancillary facilities.

Mr. Torrens also led the implementation of M-DCPS' $1.2 billion general obligation bond program approved by voters in 2012 to renovate, construct, and modernize school facilities throughout Miami-Dade County. This extensive capital improvement program included instructional technology upgrades at every school to provide equity throughout all campuses. Concurrently, he helped launch a comprehensive business development program which drastically expanded participation of small, minority and women-owned businesses that had been historically underrepresented in the construction industry.

Mr. Torrens served M-DCPS in various positions of increasing responsibility related to facilities management and district/emergency operations. He led M-DCPS' infusion of sustainability principles into design criteria and specifications for capital projects, implemented the Guaranteed Energy Performance Contracting Program, and opened the first Gold Certified comprehensive high school under the LEED for Schools Program.

Mr. Torrens holds a Master of Science in Management Information Systems and a Bachelor of Science in Electrical Engineering from Florida International University, and he is a LEED Accredited Professional.

Mr. Pedro Salcido, Deputy Superintendent Business Services and Operations. Pedro Salcido has been a dedicated member of the District since 2012, advancing through a variety of roles that reflect his deep commitment to both educational equity and operational excellence. Currently serving as the Deputy Superintendent of Business Services and Operations, Mr. Salcido oversees the essential divisions that keep the District running, including finance, food services, facilities, information technology, medical services, procurement, school operations, school police, and transportation. His strategic priorities include addressing the digital divide, advancing school bus electrification and systems modernization, improving school meals, modernizing wireless networks, leading school building renovations, and implementing strategic budgeting efforts.

Since his appointment in November 2022, Mr. Salcido has spearheaded multiple initiatives that are critical to the District's long-term goals. Notably, he has been instrumental in efforts to close the digital divide and modernize technological systems, ensuring that all students and staff have access to state-of-the-art tools for teaching, learning, and communication. His leadership also extends to the District's sustainability efforts, such as the transition to electric school buses, and his work on improving the quality of school meals, making them both healthier and more appealing to students.

Before becoming Deputy Superintendent of Business Services and Operations, Mr. Salcido served as the Chief of Staff, where he played a pivotal role in managing the District's academic and non-academic operations. As the Superintendent's principal liaison to the Board of Education, he facilitated the execution of policies and worked closely with Superintendent Carvalho on the development of both the 100-Day Plan and the Strategic Plan. His work continues to focus on aligning the District's resources with its most urgent priorities, ensuring that every decision is made with a focus on equity and efficiency.

One of Mr. Salcido's most significant contributions to the District has been his leadership in the development and implementation of the Student Equity Needs Index (SENI), a funding allocation model designed to address the District's most pressing equity challenges. Today, SENI has grown to distribute nearly $700 million to the schools that need it most. This initiative is just one example of how Mr. Salcido has worked tirelessly to expand both equitable financial practices and programmatic efforts across the District.

Mr. Salcido's experience also includes serving as Senior Executive Director of Finance and Policy and Director of Government Relations, where he led state, federal, and local advocacy efforts, managed labor negotiations, and oversaw the District's financial operations and policy development. He played a key role in the establishment of the District's Local Control and Accountability Plan, aligning budget practices with a system of accountability and community engagement that continues to guide the District's efforts.

As a first-generation Mexican American, son of immigrants, and the first in his family to graduate from high school and college, Mr. Salcido brings a personal perspective to his leadership. He connects deeply with the educational journeys of the District's diverse students and is committed to listening to the

voices of staff, students, and families to ensure that their experiences inform the decisions that shape the District's future.

Mr. Salcido holds a Master of Public Administration from the University of Southern California and holds dual degrees in Politics and Latin American Studies from the University of California, Santa Cruz.

Devora Navera Reed, General Counsel. Devora Navera Reed serves as the General Counsel for the District, the largest school district in California. She was appointed by the Board of Education in 2020. She has served as legal counsel in various roles since 2006. As the General Counsel for the District, Ms. Reed is responsible for administering and overseeing the legal activities of the District's legal staff of over 100 talented individuals and outside legal firms. In addition, she advises the Board of Education, Superintendent, and senior leadership on matters of major importance to the District. She is a critical member of the executive cabinet focused on accelerating student achievement and equity in the District. Prior to joining the District in 2006, Ms. Reed served as an attorney for the Children's Law Center of Los Angeles for nearly a decade, where she represented and advocated for children in dependency court and the foster care system. In addition to her legal responsibilities, Ms. Reed serves as a board member of the California Minority Counsel Program promoting diversity, equity and inclusion in the legal field. Ms. Reed earned a Bachelor of Arts from the University of Southern California in 1992 and a Juris Doctorate degree from the University of San Francisco School of Law in 1996.

Christopher D. Mount-Benites, Chief Financial Officer. Mr. Mount began serving as the District's Interim Chief Financial Officer in August of 2024, and now holds the position, and previously served as the District's Chief Procurement Officer. Prior to coming to the District, Mr. Mount served as a Superintendent for three years and as a Deputy Superintendent, Chief Business Official and Chief Financial Official of various schools in the San Francisco Bay Area and Sacramento for over a decade with a specialization in schools that were experiencing fiscal distress. Prior to working on the business side of education, Mr. Mount was a Director of Curriculum and Instruction and both a high school and elementary school Principal for six years in New York and Los Angeles. He also taught high school English and Social Studies for a decade and served as an Operations Executive for an Educational and Training Company in Los Angeles. Mr. Mount earned his Bachelor's Degree from the State University of New York at Oswego, his Master of Arts degree in European and Asian History from the State University of New York at Cortland, his Master of Arts degree in Educational and Public Administration from California State University at Dominguez Hills and his California Chief Business Official certification from the University of Southern California.

Kurt John, Deputy Chief Financial Officer – Finance. Mr. John will be joining the District on July 17, 2025. He comes to the District from the Substance Abuse and Mental Health Services Administration where he served as the Director of the Office of Financial Resources. Prior to that, he served in several leadership positions at the National Institutes of Health ("NIH"). These roles included Deputy Budget Officer at the NIH National Eye Institute, Chief Financial Officer and then Executive Officer at the NIH Center for Information Technology, and Chief Financial Officer at the NIH National Institute on Aging. He received his Bachelors of Science degree and Master of Finance from the University of Maryland. He also received an Executive Leadership Master of Public Administration from American University and a Doctor of Education from The George Washington University.

Ernie Thomas, Controller. Mr. Thomas joined the District in January 2024 from a national non-profit organization focused on education where he served for a decade, first as Controller and eventually as Treasurer and Controller for the last six years. He previously served as Corporate Controller for a community sector organization for two years. Prior to that, he served as Vice President at National Community Renaissance for a year. Before that, Mr. Thomas served at an entertainment company for over

a decade, where he first held the position of Controller for three years, and then Chief Financial Officer for the last nine years. Mr. Thomas was also an auditor at Arthur Andersen & Co. and is a Certified Public Accountant (inactive). Mr. Thomas graduated from the University of California, Los Angeles with a Bachelor of Arts degree in Economics.

Timothy S. Rosnick, Director of Capital Planning and Budgeting. Mr. Rosnick joined the District in October 2006 and served as the District's Director of Accounting Controls from October 2006 through June 2007 and the Director of Treasury and Accounting Controls from July 2007 through June 2008. Mr. Rosnick served as the District's Controller from June 2008 through June 2011 and served as the District's Deputy Controller from June 2011 through September 2023. Mr. Rosnick became Director of Capital Planning and Budgeting in September 2023, and served in this position through June 2025. Mr. Rosnick is now serving the District as a Deputy Controller. Prior to joining the District, Mr. Rosnick served as an Administrator at the Orange County Department of Education and as a Financial Officer with the Los Angeles County Office of Education. Mr. Rosnick graduated from the University of Washington with a Bachelor of Arts degree with Distinction in Economics and received a Master of Business Administration degree from the University of Texas at Austin. Mr. Rosnick is a member of the Government Finance Officers Association and the CFA Institute.

School Facilities

The District is the largest public school district in the State and the largest self-governing public school district in the United States. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District operated 1,232 schools and centers in fiscal year 2023-24, which consisted of 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special education schools, 264 magnet centers, 67 magnet schools, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State preschools. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, 51 of the District's schools were operated as Affiliated Charter Schools in fiscal year 2023-24. In addition, as reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District oversaw 221 Fiscally Independent Charter Schools within the District's boundaries in fiscal year 2023-24. See "STATE FUNDING OF SCHOOL DISTRICTS – Charter School Funding."

Enrollment and Average Daily Attendance

At the time of preparation of the District's Fiscal Year 2025-26 Budget, the transitional kindergarten ("TK") through 12th grade ("TK-12") enrollment in the District for fiscal year 2025-26 was budgeted to be approximately 396,070 students, including those attending magnet, opportunity, and continuation schools and centers, locally funded affiliated charter schools ("Affiliated Charter Schools"), and schools for people with disabilities. Such enrollment does not include students attending charter schools located within the District's boundaries and receiving funding directly from the State ("Fiscally Independent Charter Schools"), that was budgeted at 107,437 students at the time of preparation of the Fiscal Year 2025-26 Budget. Based on enrollment projections at the time of preparation of the Fiscal Year 2025-26 Budget, the District's enrollment is projected to continue to decline through fiscal year 2027-28. For more information regarding District enrollment and average daily attendance, see "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance," below. See also "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget" below for information regarding the District's declining enrollment.

While the District expects enrollment to continue to decline, such enrollment declines are subject to change as conditions change and more data becomes available throughout each fiscal year. The District attributes declining enrollment to, among other things, the reduced birth rate in the County, increased costs of living and housing costs in southern California, declining immigration trends in the Los Angeles area, and residual impacts of the Coronavirus Disease 2019 ("COVID-19") pandemic. The District's Strategic Enrollment & Program Planning Office continues to lead coordination of District-wide enrollment efforts by utilizing data-driven decision-making to expand successful District programs, improve marketing and outreach to communities, implement student retention and matriculation strategies, and streamline TK-12 pathways and programs. Additionally, the recent 2025 wildfires could additionally impact enrollment. See "*2025 Wildfires*" in the front part of the Official Statement. See also "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget – LACOE's Responses to Fiscal Year 2025-26 Budget," for information regarding the District's declining enrollment.

As a result of declining enrollment in District schools, the District's annual average daily attendance ("ADA") has declined in recent years and is expected to further decline in fiscal years 2025-26 through 2027-28 based on projections contained in Fiscal Year 2025-26 Budget. To ensure funding stability regardless of instructional model in light of the COVID-19 pandemic, the State budget for fiscal year 2020-21 included a hold-harmless provision for the purpose of calculating apportionments in fiscal year 2020-21, and it provided that average daily attendance for fiscal year 2020-21 was based on fiscal year 2019-20 (specifically, the period July 1, 2019 through February 29, 2020). Although the State budget for fiscal year 2021-22 did not include an extension of the ADA hold-harmless provision in fiscal year 2021-22, school districts with enrollment declines in fiscal year 2021-22, like the District, retained the ability to receive their apportionment based on the higher of their fiscal year 2019-20 or fiscal year 2021-22 ADA as provided under the Local Control Funding Formula (the "LCFF"). See "STATE FUNDING OF SCHOOL DISTRICTS – Local Control Funding Formula." In light of pervasive declining enrollment throughout nearly all school districts in the State, the Governor's State budget for fiscal year 2022-23 revised the LCFF calculation beginning with fiscal year 2022-23 to consider the greater of a school district's current fiscal year, prior fiscal year, or the average of three prior fiscal years' ADA to allow school districts more time to adjust to enrollment-related LCFF funding declines. For purposes of fiscal year 2021-22, if a school district could demonstrate it provided independent study offerings to students in fiscal year 2021-22, such school district could consider the greater of its fiscal year 2021-22 ADA or its fiscal year 2021-22 enrollment adjusted for pre-COVID-19 absence rates. Such adjustment was applicable to fiscal year 2021-22 for purposes of calculating a school district's prior year ADA or the average of three prior years' ADA in fiscal year 2022-23 and beyond in accordance with the amendments made in connection with the Governor's State budget for fiscal year 2022-23. The following Table A-1 sets forth the District's actual and funded ADA for fiscal years 2015-16 through 2024-25. As reflected in Table A-1, the District's funded ADA for fiscal years 2015-16 through 2021-22 was based largely on actual prior year ADA for the second period of attendance ("P-2") for traditional TK-12 students, but current year P-2 ADA for students attending Affiliated Charter Schools. For fiscal years 2022-23 through 2024-25, the District's funded ADA was based largely on the average of three prior fiscal years' P-2 ADA for traditional TK-12 students, as adjusted in accordance with the COVID-19 ADA relief measures, but current year P-2 ADA for students attending Affiliated Charter Schools. As is shown in Table A-1, the revised LCFF calculation allowing the greater of a school district's current fiscal year, prior fiscal year, or the average of three prior fiscal years' ADA delays, but does not eliminate, the effects of declining enrollment on LCFF funding, such effects to eventually be felt as higher attendance levels from earlier years continue phasing out of the District's average.

TABLE A-1
LOS ANGELES UNIFIED SCHOOL DISTRICT
Average Daily Attendance
Fiscal Years 2016-17 through 2025-26[1]

	Actual ADA			Funded ADA
Fiscal Year	TK-12[2]	Affiliated Charter Schools[3]	Total	Total
2016-17	450,713	41,143	491,856	500,648[8]
2017-18	438,359	40,232	478,591	483,710[8]
2018-19	415,100	38,910	454,010	470,127[8]
2019-20[4]	413,965	40,940	454,905	454,792[8]
2020-21[5]	N/A	N/A	N/A	455,356[8]
2021-22	345,896	35,043	380,939	449,937[8]
2022-23	348,544	35,466	384,010	433,929[9]
2023-24	345,702	35,587	381,289	410,914[9]
2024-25[6]	337,049	35,302	372,351	386,503[9]
2025-26[7]	331,351	35,068	366,420	373,726[9]

(1) Data may differ from other District disclosures because adjustments were made in certain fiscal years due to additional attendance for non-public students, corrected attendance reports for District students, and/or audit findings.
(2) Includes non-public school special education students and District students attending schools operated by the County.
(3) Includes charter schools that are fiscally-affiliated with the District.
(4) Condensed reporting period. Does not reflect actual student attendance after February 29, 2020 due to the COVID-19 pandemic.
(5) Attendance reporting not required for fiscal year 2020-21. The fiscal year 2020-21 State budget included a hold harmless provision for the purpose of calculating apportionments under LCFF in fiscal year 2020-21, providing that ADA for fiscal year 2020-21 was based on ADA for fiscal year 2019-20 (specifically, the period July 1, 2019 through February 29, 2020), as discussed in more detail above.
(6) Funded ADA, estimated actuals as reflected in the Fiscal Year 2025-26 Budget; Actual ADA is based on projections provided in the Fiscal Year 2025-26 Budget.
(7) Budgeted.
(8) Funded ADA is based largely on actual prior year P-2 ADA for TK-12 and current year P-2 ADA for Affiliated Charter Schools. For more information, see the discussion of ADA funding in the paragraph immediately preceding this table.
(9) Funded ADA is based largely on the average of three prior fiscal years' P-2 ADA for TK-12, as adjusted in accordance with the COVID-19 ADA relief measures, and current year P-2 ADA for Affiliated Charter Schools. For more information, see the discussion of ADA funding in the paragraph immediately preceding this table.

Sources: Los Angeles Unified School District; the District's Audited Annual Financial Report for fiscal year 2024-25 (actual ADA for fiscal years 2016-17 through 2023-24); and Fiscal Year 2025-26 Budget (funded ADA for fiscal year 2024-25).

Federal Funding

The federal government provides funding for several District programs. Federal policies involving taxation, appropriations, borrowing (including the debt ceiling), trade (including tariffs), immigration, climate, change, clean energy, and other topics can shift, sometimes dramatically, from one presidential administration or Congress to another. From time to time, such shifts can result in reductions to the level of federal funding for a variety of policy priorities, including transportation, housing, healthcare, social services, and other federally funded programs. See "RISK FACTORS – Federal Funding" in the front part of this Official Statement.

Cybersecurity

General. The District collects, processes, and distributes large amounts of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. The size of the District's information assets creates a target-rich environment for a variety of threats such as cyber criminals and natural disasters. In March 2020, in response to the COVID-19 pandemic, the District rapidly implemented new remote learning and remote working capabilities, which increased the District's cyberattack surface

area. The District implemented additional layers of technical and administrative controls to mitigate remote access risks.

2019 Cyberattack. In 2019, the District experienced a cyberattack that resulted in unauthorized access to a limited number of student records; the software vulnerability was resolved the same day it was discovered, and no material impact occurred.

August 2022 Outage. In August 2022, a Data Center power outage triggered by a failed electrical transformer owned by Los Angeles Department of Water and Power, resulted in temporary unavailability of some information systems. The District mitigated the risk by increasing electrical line and backup power capacity and successfully performing functional load tests.

September 2022 Cyberattack. On September 3, 2022, the District became aware of a cyberattack on its information technology assets and proactively suspended network traffic in and out of its data centers. In response to such incident, the District swiftly activated its incident response protocol and commenced an investigation with support from Kroll, LLC, an outside cybersecurity firm, to assist with containment, remediation, and forensic analysis. The Microsoft Detection and Response Team also assisted with the forensic investigation. The District also notified local and federal law enforcement agencies and continues to support their ongoing investigations. The District has identified, contained, and remediated the ransomware, and it found no evidence of additional malware related to the cyberattack or any other persistent malicious activity on its network or systems.

The District's investigation of the incident determined that on or about July 31, 2022, the threat actor began conducting digital monitoring of the District's environment remotely using a contractor account to gain unauthorized access to systems. The District did not pay a ransom to the threat actor in connection with the incident. The threat actor posted approximately 500 gigabytes of data it stole from the District to its "leak site" on the dark web. Most of the files exfiltrated by the threat actor were located on the District's facilities servers and systems. The District provided required notifications to those individuals and entities with personal information included among those materials posted by the threat actor. This included employees, former employees, job applicants, and employees and contractors of facilities services division vendors who had personally identifiable information posted. The District offered credit monitoring services to such individuals. Notifications were also provided to individuals, including students and employees, who had personal "medical information" posted in the form of positive COVID-19 test results collected through the District's COVID-19 testing program, and to individuals, mostly former students, who had information contained in student assessment reports, most of which was dated, posted.

As a result of the incident, the District initially restricted access to its servers and systems, including access to user accounts, email, and software applications. Many operations and processes that were automated or facilitated by technology had to be completed manually, and some still remain manual at this time. Nonetheless, school sites remained operational. Most servers and systems were gradually restored within days as they were determined to be safe, with the District's most critical systems being restored first. The District restored certain impacted systems from backups and continues to work to rebuild others. While the District maintains cyber liability insurance, not all costs incurred are covered thereunder, and certain covered costs, which continue to be identified and calculated may ultimately exceed applicable coverage limits. Further, the District implemented various security enhancements in light of the incident.

Three related lawsuits relating to the incident remain pending against the District, which were filed on behalf of individuals allegedly impacted by the cyberattack, and unidentified classes of others impacted. The District cannot predict the outcome or any potential financial impact that may result from such litigation. Further, the District cannot predict whether any other claims or litigation will be filed or estimate

any potential financial impact that may result. For more information about the existing lawsuits, see "DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation."

June 2024 Snowflake Incident. On June 6, 2024, the District became aware of a malicious actor purporting to offer certain student and employee data for sale. Upon learning of this, the District launched an investigation and notified law enforcement. The District found no evidence that this incident involved any unauthorized access to its network or systems. Rather, the District's investigation found evidence that the data involved was taken from Snowflake, a cloud-based platform used for mass data storage by a former vendor of the District, and appears to have been stolen in a manner consistent with recently publicized thefts involving numerous Snowflake accounts. The District has recently concluded its investigation into the scope and extent of the data impacted, and is in the process of ensuring compliance under the Family Educational Rights and Privacy Act, and the District will provide any notifications that may be required to impacted individuals under applicable law.

Protective Measures. The District has implemented several protective measures with respect to access requirements to its systems to reduce the likelihood of a similar incident from occurring in the future. The District established an Independent Information Technology Task Force comprised of cybersecurity experts from private and public sectors to develop a set of recommendations to further strengthen the District's cybersecurity. The District has augmented its cybersecurity team, retained cybersecurity service providers, and implemented additional security controls and monitoring of its systems.

To minimize the impact and frequency of cybersecurity incidents, the District previously hired a Director of Information Technology Security in 2016 to develop and implement a risk-based information security management program ("ISMP"). The ISMP is designed to protect the confidentiality, integrity, and availability of information assets managed by the District's Information Technology Division and comply with all applicable information protection regulations including the Family Educational Rights and Privacy Act, Children's Internet Protection Act, and the Health Insurance Portability and Accountability Act. The ISMP includes a number of technical, administrative, and physical security safeguards that take into account the District's unique threats and vulnerabilities. The District and its third-party IT vendors are required to carry cyber liability insurance to offset the cost of business disruptions caused by cybersecurity incidents.

No assurance can be made in any networked environment that a future cyberattack or natural disaster would not compromise the confidentiality, integrity or availability of District information assets. The only viable mitigation of cybersecurity risks is a layered defense strategy. The District implements layered defenses as a principal driver of its information security program and continuously monitors the effectiveness of the program to proactively modify it when the cyberattack landscape changes.

Potential Vulnerabilities of Third Parties. The District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes and its servers and systems for accounting and other matters, as well as other trustees, fiscal agents, dissemination agents and project management firms. No assurance can be given that future cyber threats and attacks against third party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District's continuing disclosure undertakings.

STATE FUNDING OF SCHOOL DISTRICTS

General

School districts in the State receive operating revenues from federal, State and local sources, including appropriations from the State's general fund and local property taxes derived from a school

district's share of the 1% *ad valorem* property tax. School districts also currently receive revenues from the State attributable to temporary tax increases implemented by Proposition 30 (defined herein). In connection with voter approval of Proposition 55 (defined herein), certain of such temporary tax increases were extended by twelve years through 2030. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 30" below. School districts, such as the District, may be eligible for other special categorical funding, including funding for certain State and federal programs. The amount of categorical funding appropriated to a school district may vary significantly from other school districts and yearly. At the time of preparation of the Fiscal Year 2025-26 Budget, the District budgeted to receive approximately 68.92% of District General Fund revenues from funds of or controlled by the State related to LCFF funding. As a result, decreases in State revenues, or in State legislative appropriations made to fund education, may significantly affect District operations. For more information regarding the District's funding for fiscal year 2024-25, see "– State Budget Act – *2024-25 State Budget*," "– Local Control Funding Formula" and "DISTRICT FINANCIAL INFORMATION – District Budget" herein. See also, "District General Information – Federal Funding" herein.

Article XVI of the State Constitution requires that from all State revenues, there first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Constitutionally Required Funding of Education" herein. The State Legislature and the Governor approve the State's authorized appropriations for school districts each fiscal year in connection with the adoption of the State Budget Act (defined herein). Proposition 98 ("Proposition 98"), approved in November 1988 as a combined initiative constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act," provides the minimum funding formula for school districts. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 98" herein. Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), there are currently three tests which determine the minimum level of K-14 funding. See "CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS" and "STATE FUNDING OF SCHOOL DISTRICTS– Local Control Funding Formula" herein. Proposition 98 permits the State Legislature, by two-thirds vote of both houses and with the Governor's concurrence, to suspend the K-14 schools' minimum funding formula for a one-year period. The amount of suspension is required to be repaid according to a specified State Constitutional formula, thereby restoring Proposition 98 funding to the level that would have been required in the absence of such suspension.

The actual appropriations and the timing of such appropriations are subject to, among other things, the estimated amount of State general fund revenues during the fiscal year and subsequent changes in State law. At times since the implementation of Proposition 98, the State has also sought to preserve general fund cash while avoiding increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by deferring apportionments of Proposition 98 funds from one fiscal year to the next, as the State did in fiscal years 2019-20 and 2020-21; by suspending Proposition 98, as the State did in fiscal year 2004-05, fiscal year 2010-11, fiscal year 2011-12 and fiscal year 2012-13; and by proposing to amend the State Constitution's definition of the guaranteed amount and settle-up requirement under certain circumstances. For more information on the Proposition 98 minimum guarantee under the 2024-25 State Budget, see "– State Budget Act – *2024-25 State Budget*" herein.

Since fiscal year 2013-14, the amount of funds an individual school district receives from State revenues depends on the amount of revenues the State calculates that the school district should receive

based on the LCFF, less the amount the school district derives from such school district's share of the 1% *ad valorem* property tax. See "– Local Control Funding Formula" and "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Constitutionally Required Funding of Education" herein.

The State Budget Process

The State's fiscal year begins on July 1 and ends on June 30. According to the State Constitution, the Governor of the State (the "Governor") is required to propose a budget for the next fiscal year (the "Governor's Budget") to the State Legislature no later than January 10 of each year. State law requires the Governor to update the Governor's Budget projections and budgetary proposals by May 14 of each year (the "May Revision"). Proposition 25, which was adopted by voters in the State at an election held on November 2, 2010, amended the State Constitution such that a final budget must be adopted by a simple majority vote of each house of the State Legislature by no later than June 15 and the Governor must sign the adopted budget by no later than June 30. The budget becomes law upon the signature of the Governor (the "State Budget Act").

Under State law, the annual proposed Governor's Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor's Budget, the State Legislature takes up the proposal. Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the State Budget Act, as approved by the State Legislature and signed by the Governor. The Governor may reduce or eliminate specific line items in the State Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each House of the State Legislature. Appropriations also may be included in legislation other than the State Budget Act. Bills containing appropriations (except for K-14 education) must be approved by a two-thirds majority vote in each House of the State Legislature and be signed by the Governor. Bills containing K-14 education appropriations require only a simple majority vote. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution. Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt. However, delays in the adoption of a final State budget in any fiscal year may affect payments of State funds during such budget impasse. See "– State Funding of Schools Without a State Budget" herein for a description of payments of appropriations during a budget impasse.

The description above and below of the State's budget has been obtained from publicly available information which the District believes to be reliable; however, the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not guarantee the accuracy or completeness of this information and have not independently verified such information. Additional information regarding State budgets is available at various State-maintained websites, including www.dof.ca.gov. The website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein.

State Budget Act

2024-25 State Budget. The Governor signed the fiscal year 2024-25 State budget on June 29, 2024, which was amended through a series of legislative trailer bills (as amended, the "2024-25 State Budget"). The 2024-25 State Budget notes that the State has experienced significant revenue volatility–seeing unprecedented revenue growth that was quickly followed by a sharp and deep correction back toward

historical trends. The 2024-25 State Budget also notes that the unprecedented Internal Revenue Service tax filing and payment postponement in 2023 significantly clouded the State's revenue forecast, and indicates that, with the revenue picture now clearer, the 2024-25 State Budget takes steps to ensure the State is on sound fiscal footing by setting the State on a fiscally responsible long-term path that protects vital programs.

In this regard, the 2024-25 State Budget includes provisions intended to address a budget deficit of approximately $46.8 billion while also creating a positive fund balance in the State's Special Fund for Economic Uncertainties (the "SFEU") in fiscal years 2024-25 and 2025-26 and maintaining core programs for vulnerable populations. The 2024-25 State Budget includes approximately $16.0 billion in budgetary reductions, comprising (a) an approximately 7.95% reduction in the State's operations budget resulting in State general fund savings of approximately $2.2 billion, (b) a $1.5 billion permanent reduction in State departments' budgets for vacant positions, (c) a reduction of approximately $358.0 million in the State Department of Corrections and Rehabilitation budget in fiscal year 2024-25 and a total reduction of approximately $740.0 million in fiscal years 2022-23 through 2024-25, (d) a $500.0 million reduction to the State Student Housing Revolving Loan Program, (e) a $485.0 million reduction in unspent one-time Learning-Aligned Employment Program resources, (f) an ongoing reduction of $110.0 million to the Middle Class Scholarship Program, beginning in fiscal year 2025-26, (g) a $1.1 billion reduction in various affordable housing programs, and (h) a $746.1 million reduction for various healthcare workforce programs. The 2024-25 State Budget includes a $13.6 billion increase in revenues in fiscal year 2024-25 through fiscal year 2026-27 by means of additional revenue sources and internal borrowing from special funds. As part of this revenue increase, the 2024-25 State Budget includes suspension of net operating loss deductions for companies with over $1.0 million in taxable income and limits business tax credits to $5.0 million in fiscal years 2023-2024 through 2025-2026, which is projected to increase revenues by $5.95 billion in fiscal year 2024-25, $5.5 billion in fiscal year 2025-26 and $3.4 billion in fiscal year 2026-27. Additionally, the 2024-25 State Budget includes an increased managed care organization tax generating a projected $5.1 billion in fiscal year 2024-25, $4.6 billion in fiscal year 2025-26, and $4.0 billion in fiscal year 2026-27. Significantly, the 2024-25 State Budget provides for the withdrawal of approximately $12.2 billion from the State Rainy Day Fund (the "Rainy Day Fund" or "State Rainy Day Fund") over fiscal years 2024-25 and 2025-26 and approximately $900.0 million from the State Safety Net Reserve in fiscal year 2024-25.

Additional budgeting maneuvers include $6.0 billion in fund shifts, including (a) applying a prior CalPERS supplemental pension payment to the State's overall pension liability which reduces the State's required employer contributions in fiscal year 2024-25 by $1.7 billion, (b) shifting approximately $958.0 million from the State general fund to the State's Greenhouse Gas Reduction Fund for the Formula and Competitive Transit and Intercity Rail Capital Program, and (c) shifting approximately $3.0 billion from the State general fund to the State's Greenhouse Gas Reduction Fund for clean energy and other climate programs. The 2024-25 State Budget also delays funding for programs such as the State Food Assistance Program Expansion, Developmental Services, childcare slots and the State's broadband program by a total amount of approximately $3.1 billion. The 2024-25 State Budget also includes approximately $2.1 billion in payroll and University of California and California State University compact deferrals.

The 2024-25 State Budget projects total resources available in fiscal year 2023-24 of approximately $236.5 billion, including revenues and transfers of approximately $189.4 billion and a prior year balance of approximately $47.1 billion, and total expenditures in fiscal year 2023-24 of approximately $223.1 billion. The 2024-25 State Budget projects total resources available for fiscal year 2024-25 of approximately $225.6 billion, inclusive of revenues and transfers of approximately $212.1 billion and a prior year balance of approximately $13.4 billion. The 2024-25 State Budget projects total expenditures in fiscal year 2024-25 of approximately $211.5 billion, inclusive of non-Proposition 98 expenditures of approximately $128.9 billion and Proposition 98 expenditures of approximately $82.6 billion. The 2024-25 State Budget projects total reserve balances of $22.2 billion at the end of fiscal year 2024-25. This

includes $17.6 billion in the State Rainy Day Fund, $3.5 billion in the SFEU, and $1.1 billion in the Public School System Stabilization Account (the "Proposition 98 Rainy Day Fund"). In addition, the 2024-25 State Budget maintains approximately $10.6 billion in the Reserve for Liquidation of Encumbrances. The 2024-25 State Budget includes total funding of $133.8 billion for all K-12 education programs, including $81.5 billion from the State's general fund and $52.3 billion from other funds. The 2024-25 State Budget reflects significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, transitional kindergarten, nutrition, and preschool.

Certain budgeted programs and adjustments for K-12 education set forth in the 2024-25 State Budget include the following:

- Proposition 98 Minimum Guarantee. The 2024-25 State Budget suspends the Proposition 98 minimum guarantee in fiscal year 2023-24 and projects the Proposition 98 minimum guarantee to be in Test 1 in fiscal year 2024-25. In Test 1 years, the Proposition 98 minimum guarantee is equal to the percentage of State general fund appropriated for K-14 schools in fiscal year 1986-87. Suspending the Proposition 98 minimum guarantee is projected to create a maintenance factor obligation of approximately $8.3 billion in fiscal year 2023-24 and is projected to result in a $4.1 billion maintenance factor payment in fiscal year 2024-25, which will be paid in addition to the Proposition 98 minimum guarantee level in fiscal year 2024-25. The 2024-25 State Budget reflects Proposition 98 funding levels of $103.7 billion in fiscal year 2022-23, $98.5 billion in fiscal year 2023-24, and $115.3 billion in fiscal year 2024-25. Such funding represents approximately 39.2% of the State's general fund revenues, plus local property tax revenues and a $4.1 billion maintenance factor payment. To accommodate enrollment increases related to the expansion of transitional kindergarten, the 2024-25 State Budget increased the funding level from approximately 38.6% to approximately 39.2% to increase the percentage of State general fund revenues obligated to the Proposition 98 minimum guarantee.

- Proposition 98 Rainy Day Fund. The 2024-25 State Budget includes a withdrawal of the entire $8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24 and a discretionary payment of approximately $1.1 billion in fiscal year 2024-25, leaving a projected balance of $1.1 billion at the end of fiscal year 2024-25. Because there is no ending balance at the end of fiscal year 2023-24 and a balance of $1.1 billion at the end of fiscal year 2024-25, school district reserve caps would not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. See " – School District Reserves" and "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 2 – SB 751."

- Local Control Funding Formula. The 2024-25 State Budget includes an LCFF cost-of-living adjustment of 1.07%. The cost-of-living adjustment, when combined with population growth adjustments, increases discretionary funding for local agencies by approximately $983.0 million. To fully fund the LCFF, the 2024-25 State Budget withdraws approximately $5.3 billion from the Proposition 98 Rainy Day Fund to support LCFF costs in fiscal year 2023-24, and uses available reappropriation and reversion funding of $253.9 million to support ongoing LCFF costs in fiscal year 2024-25.

- Deferrals. The 2024-25 State Budget reflects LCFF apportionment deferrals from fiscal year 2023-24 to fiscal year 2024-25 of approximately $3.6 billion and from fiscal year 2024-25 to fiscal year 2025-26 of approximately $246.0 million. Additionally, the 2024-25 State Budget reflects approximately $2.3 billion in categorical program deferrals from fiscal year 2022-23 to fiscal year 2023-24, with the deferred categorical amount being repaid using Proposition 98 Rainy Day Fund resources.

- Learning Recovery Emergency Block Grant. The 2024-25 State Budget focuses the use of allocated but unexpended Learning Recovery Emergency Block Grant funds on actions to address the needs of students most impacted by learning loss, based on an assessment of needs, and incorporates the use of these funds into the existing Local Control and Accountability Plan development process.

- Employee Protections. To ensure stable employment for school staff, the 2024-25 State Budget includes a suspension of the August 15, 2024, layoff window for certificated and classified staff.

- Instructional Continuity and Attendance Program. The 2024-25 State Budget includes statutory changes to allow local educational agencies to provide attendance recovery opportunities to students to make up lost instructional time, thereby offsetting student absences, and mitigating learning loss, as well as related fiscal impacts to local educational agencies. Beginning in fiscal year 2024-25, the 2024-25 State Budget allows local educational agencies to add up to 10 days of attendance recovery time per pupil to the attendance data submitted to the California Department of Education for funding purposes. Beginning July 1, 2025, the 2024-25 State Budget requires local educational agencies to include an instructional continuity plan in their School Safety Plan as a component of their emergency funding application. The plan must include procedures for student engagement within 5 days of an emergency and a plan to provide hybrid or remote learning opportunities to students within 10 instructional days. The 2024-25 State Budget also includes a $4.0 million in one-time Proposition 98 general fund resources to research existing, and develop new models of hybrid and remote learning to support students' attendance, including developing and disseminating guidance and resources for local educational agencies to develop their own hybrid and remote learning programs to enable instructional continuity.

- Teacher Professional Development and Preparation. To expand the State's educator training infrastructure, the 2024-25 State Budget (a) provides $25.0 million of one-time Proposition 98 general fund resources to support necessary costs, including training for educators to administer literacy screenings to meet the requirement to screen students in kindergarten through second grade for risk of reading difficulties, including dyslexia, by the 2025-26 school year; and (b) provides $20.0 million in one-time Proposition 98 general fund resources for a county office of education to work with the University of California Subject Matter Projects, as well as other well-qualified governmental or non-profit providers, to develop and provide training aligned with the new California Mathematics Framework for mathematics coaches and leaders who in turn can provide training and support to mathematics teachers to deliver high-quality instruction.

- State Preschool Program. The 2024-25 State Budget provides approximately $53.7 billion of State general fund resources to support reimbursement rate increases previously supported by available one-time federal stimulus funding. The 2024-25 State Budget reflects one-time savings of $190.7 million general fund and $522.3 million Proposition 98 general fund. The 2024-25 State Budget authorized State Preschool Program providers to serve two-year-old children, in addition to three and four-year old children, until June 30, 2027. The 2024-25 State Budget maintains that the State Preschool Program continue to require providers to reserve 5% of funded enrollment for children with disabilities. However, the 2024-25 State Budget suspends provisions to increase this requirement to 7.5% in fiscal year 2025-26 and 10% in fiscal year 2026-27.

- Transitional Kindergarten. The 2024-25 State Budget provides approximately $988.7 million in Proposition 98 general fund resources for the 2023-24 school year to support the second year of expanded eligibility for transitional kindergarten ("TK") to all children turning five-years-old between September 2 and April 2. The 2024-25 State Budget also provides approximately $390.2 million in Proposition 98 general fund resources to support the second year of adding one additional certificated or classified staff person in each TK classroom. Additionally, the 2024-25 State Budget

provides approximately $1.5 billion in ongoing Proposition 98 general fund resources beginning in fiscal year 2024-25 to support the third year of expanded eligibility for TK to all children turning five-years-old between September 2 and June 2. The 2024-25 State Budget also provides approximately $515.5 million in ongoing Proposition 98 general fund resources to support the third year of adding one additional certificated or classified staff person in each TK classroom.

The 2024-25 State Budget solution-oriented measures that directly impact funding for school districts, including forgoing planned investments of (a) $875.0 million to support the School Facility Program, (b) $550.0 million support to the State Preschool, Transitional Kindergarten And Full-Day Kindergarten Facilities Grant Program, and (c) $500.0 million one-time Proposition 98 general fund investment in zero-emission school buses.

Additional budgeted programs and adjustments for K-12 education set forth in the 2024-25 State Budget include the following:

- Arts and Music in Schools. The 2024-25 State Budget provides approximately $907.1 million to support arts and music in schools.

- Nutrition. The 2024-25 State Budget provides an additional $179.4 million in ongoing Proposition 98 general fund resources and an additional $120.8 million one-time Proposition 98 general fund resources to fully fund the universal school meals program in fiscal years 2023-24 and 2024-25. This is in addition to the $1.6 billion base funding for such program.

The complete 2024-25 State Budget is available from the California Department of Finance website at www.dof.ca.gov or www.ebudget.ca.gov. The District can take no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted therein, and such information is not incorporated herein by such reference.

LAO Analysis of the 2024-25 State Budget. The Legislative Analyst's Office (the "LAO"), a nonpartisan State office which provides fiscal and policy information and advice to the State Legislature, released its report on the 2024-25 State Budget entitled "The 2024-25 Budget: Overview of the Spending Plan" on September 6, 2024 (the "2024-25 State Budget Analysis"). In the 2024-25 State Budget Analysis, the LAO assesses the budget problem that was addressed in the 2024-25 State Budget and analyzes the major proposals for K-12 education.

The LAO estimates that the State addressed a budget shortfall of $55.0 billion, which is larger than the budget shortfall of $47.0 billion cited in the 2024-25 State Budget. The main driver for the $8.0 billion difference is the difference in treatment of assumptions about baseline spending for schools and community colleges.

The LAO notes that the 2024-25 State Budget uses various maneuvers to address the budget shortfall, including reserve withdrawals, spending reductions, revenue increases, and cost shifts. The LAO indicates that spending-related adjustments (including school spending) were the largest component of the budget package, accounting for $39.0 billion and approximately 70% of the total solutions. The LAO also shows that reserve withdrawals were the second largest component, totaling $6.0 billion from the State Rainy Day Fund and the Safety Net Reserve. The report further details that cost shifts and revenue-related solutions were smaller components, amounting to $2.0 billion and $8.0 billion, respectively. The LAO estimates $16.0 billion in one time or temporary spending solutions (excluding school spending) and $4.0 billion in ongoing reductions, which grow to approximately $6 billion over time.

The LAO notes that the budget emergency proclamation by the Governor on June 26, 2024, allowed the 2024-25 State Budget to withdraw approximately $5.0 billion from the State Rainy Day Fund. The 2024-25 State Budget also includes a withdrawal of the $900.0 million balance from the Safety Net Reserve.

The LAO estimates that, pursuant to the 2024-25 State Budget, the State would end the 2024-25 fiscal year with $21.1 billion in General Fund reserves, including$17.6 billion in the State Rainy Day Fund and $3.5 billion in the SFEU. The LAO also estimates that the State would have room under the State appropriations limit in fiscal years 2022-23 through 2024-25. The LAO projects that revenues from the major tax sources would grow from fiscal year 2023-24 to fiscal year 2024-25, but not enough to offset the revenue shortfalls in the prior and current fiscal years.

The LAO explains that the 2024-25 State Budget includes $12.7 billion in reductions to Proposition 98 funding for schools and community colleges over fiscal years 2022-23 through 2024-25. This includes a reduction to the Proposition 98 funding by $2.6 billion for fiscal year 2022-23. For fiscal year 2023-24, the 2024-25 State Budget invokes a provision allowing the State to suspend the minimum requirement and reduces the amount of Proposition 98 funding by $8.3 billion. The LAO states that these reductions lower the Proposition 98 requirement on an ongoing basis but create an obligation to increase funding more rapidly in the future. Additionally, the 2024-25 State Budget introduces a new type of fiscal maneuver that accrues $6.2 billion in previous school and community college payments to future fiscal years. Specifically, the State will not recognize these payments as a cost to the State general fund in the year it provided them *i.e.,* fiscal year 2022-23. The maneuver does not delay or reduce any payments to schools or community colleges, nor does it reduce the Proposition 98 funding requirement in future fiscal years.

The LAO notes that the 2024-25 State Budget contains reserve withdrawals from the Proposition 98 Rainy Day Fund to mitigate the funding reductions to schools in fiscal year 2023-24. Additionally, the LAO estimates cost savings because the COVID-19 attendance policies preserving attendance numbers to pre-pandemic levels are being phased out. The LAO describes other minor savings for schools and community colleges from (1) deferring payments from fiscal year 2024-25 to fiscal year 2025-26, (2) reducing funding for the State Preschool program that is expected to go unused, and (3) repurposing certain unspent appropriations from previous years. The payment deferral involved deferring $487.0 million in payments from fiscal year 2024-25 to fiscal year 2025-26 by delaying a portion of payment to school districts from June 2025 to July 2025. The LAO notes that school districts may be exempt from this deferral if they can show the delay would cause fiscal insolvency. The purpose of the deferral is to reduce spending in fiscal year 2024-25 to the minimum level required by Proposition 98.

The LAO indicates that after accounting for these actions, the State has $1.5 billion available to augment school and community college programs. The LAO highlights that the budget allocates $1.0 billion of this amount to cover a 1.07 percent cost-of-living adjustment ("COLA") for existing programs. For schools, the 2024-25 State Budget also provides an increase of $300.0 million to cover cost increases of universal school meals. For community colleges, the 2024-25 Budget also provides $75.0 million to cover increased costs.

The 2024-25 State Budget Analysis is available on the LAO website at www.lao.ca.gov. The District takes no responsibility for the continued accuracy of this internet address or for the accuracy, completeness or timeliness of information posted therein, and such information is not incorporated herein by such reference.

Governor's Fiscal Year 2025-26 State Budget Proposal

On January 10, 2025, the Governor released his proposed State budget for fiscal year 2025-26 (the "2025-26 Proposed State Budget"). The 2025-26 Proposed State Budget reflected the Governor's projection that the fiscal year 2025-26 Budget will be roughly balanced, and will represent a return to historical norms following a period of revenue volatility and a federal tax filing delay that contributed to significant State budget shortfalls over the past two fiscal years. The 2025-26 Proposed State Budget projected $217.9 billion in 2025-26 General Fund revenues.

Regarding the State's reserves and fund balances, the 2025-26 Proposed State Budget contemplated the continuation of a two-year drawdown of the State's Budget Stabilization Account that began in the 2024-25 State Budget (with a withdrawal of $5.1 billion in 2024-25 and a projected withdrawal of $7.1 billion projected in 2025-26). The balance of the Budget Stabilization Account was projected to be $10.9 billion following the projected 2025-26 drawdown. The 2025-26 Proposed State Budget included $376 million contribution to fund the Public School System Stabilization Account ("PSSSA").

The 2025-26 Proposed State Budget noted that the stronger-than-anticipated performance of the economy, stock market, and cash receipts, combined with an improved economic outlook, have all contributed to the upgraded revenue forecast. While the 2025-26 Proposed State Budget did not forecast a recession, it recognized several risk factors that could negatively affect the economy and state revenues, including stock market and asset price volatility and declines—particularly those affecting high-income earners—as well as geopolitical instability. Additional risks were anticipated to come from stated policy changes by the federal administration that could negatively impact the State's economy—especially in the areas of international trade and immigration, as well as in health care. The 2025-26 Proposed State Budget did not include any adjustments to account for the damage caused by the Los Angeles-area fires, which is expected to be significant.

LAO Analysis of the 2025-26 Proposed State Budget. The Legislative Analyst's Office's analysis of the 2025-26 Proposed State Budget identified three categories of discretionary proposals (those that are not already committed to under current law or policy): (1) proposals that provide short-term budget savings that create more budget capacity, which the LAO projects to generate a total of $2.2 billion General Fund savings within the budget window, (2) new discretionary spending proposals that use budget capacity by increasing spending or reducing revenues which the LAO projects to increase General Fund expenditures within the budget window by $700 million, and (3) increases to the State's discretionary reserves.

Discretionary savings proposals identified by Legislative Analyst's Office's Analysis included:

- *$1.6 Billion Reduction in School and Community College Settle-Up Obligations*. The 2025-26 Proposed State Budget proposed providing $1.6 billion less in total funding for schools and community colleges than the estimated constitutional minimum funding level for 2024-25. This provides one-time General Fund savings in that year, but also created a "settle-up" obligation, which would need to be paid in a future year if revenues for 2024-25 were to remain unchanged. If revenues for 2024-25 come in below current projections, this obligation would also decline—potentially to zero. While the administration indicates it will provide this payment in the future—after the final calculation of the minimum funding requirement—it also has not scored this future obligation in its multiyear budget.

- *Increases Revenue by Around $300 Million*. The 2025-26 Proposed State Budget changed the rules about how taxable profits are determined for financial institutions. This change would increase revenues on an ongoing basis by around $300 million per year.

- *Shifts Nearly $300 Million in General Fund Spending to Proposition 4 (2024) Climate Bond*. The 2025-26 Proposed State Budget reduced and reverted significant General Fund appropriations for a variety of climate- and environmental-related activities totaling $273 million, achieving General Fund savings. These included funds for water recycling, wildfire prevention activities at state parks, and dam safety activities. The proposal then provided a like amount of funding from Proposition 4, the climate bond approved by voters in November 2024. This would have resulted in maintaining prior funding levels for these activities but would preclude this amount of Proposition 4 funds from supporting expanded service levels or additional projects.

New spending proposals identified by Legislative Analyst's Office's Analysis included:

- *New Spending Proposals of Nearly $600 Million*. The 2025-26 Proposed State Budget included $570 million in new discretionary General Fund spending. After 2025-26, these proposals would add about $300 million in ongoing spending. Some of the largest spending augmentations proposed include: (1) $60 million to provide additional grants under the Cal Competes program; (2) the intent to partially restore an ongoing reduction to the trial courts, which, if enacted, would cost $42 million ongoing; and (3) a proposed expansion to College Corps, which would cost $5 million in 2025-26, but grow to $84 million ongoing.

- *New Tax Expenditures of $150 Million*. The 2025-26 Proposed State Budget included revenue proposals, which would expand existing tax expenditures and create new ones. These included increasing the existing film tax credit from $330 million to $750 million per year and excluding some military retirement income from taxation. Taken together, these proposals would reduce revenues by around $150 million in 2025-26, reaching $300 million by 2028-29.

Adjustments to the State's discretionary reserves identified by Legislative Analyst's Office's Analysis include an increase of approximately $500 million to the SFEU. The State Constitution has a balanced budget requirement, which means the balance of the SFEU must be set above zero for the upcoming fiscal year. Any level above zero is up to the discretion of the Legislature. Recent budgets have set the SFEU between $3.5 billion and $4 billion. The 2025-26 Proposed State Budget sets a $4.5 billion SFEU balance for the end of 2025-26.

K-12 Education Spending. The 2025-26 Proposed State Budget reduced total funding for all K-12 education programs by $300 million compared to 2024-25 State Budget funding levels, with total expenditures of $118.9 billion, including $83.1 billion from the State General Fund and $35.8 billion from other sources. The 2025-26 Proposed State Budget included a roughly $376 million discretionary payment into the Proposition 98 Rainy Day Fund in fiscal year 2025-26 to bring the fund balance to approximately $1.5 billion.

Significant features of the 2025-26 Proposed State Budget relating to K-12 funding identified by the Legislative Analyst's Office included the following:

- *Funding for Schools and Community Colleges Up $7.1 Billion Across the Budget Window*. The 2025-26 Proposed State Budget projected that the constitutional minimum funding level for schools and community colleges is up $7.1 billion. Of this increase, $3.9 billion is attributable to 2024-25 and $3.2 billion is attributable to 2025-26. (Spending is unchanged in 2023-24.) The increase is due primarily to higher General Fund revenue estimates. In addition, approximately $4 billion in one-time spending expires in 2025-26, freeing-up the underlying funding for other school and community college purposes.

- *Funds Some Ongoing Increases.* The 2025-26 Proposed State Budget provided approximately $2.5 billion to fund a 2.43% statutory COLA for existing school and community college programs. The 2025-26 Proposed State Budget also sets aside $1.1 billion to complete the expansion of transitional kindergarten in 2025-26. The 2025-26 Proposed State Budget also provides $746 million to reduce student-to-adult ratios in TK classrooms from 12:1 to 10:1. The 2025-26 Proposed State Budget provided a $435 million increase for the Expand Learning Opportunities Program to increase the number of school districts that must offer enrichment programs (such as after-school activities and summer school) to all of their students.

- *Allocates One-Time Funds for Discretionary Grants, Staffing Enhancements, and Technology Activities*. The largest education-related one-time proposal in the 2025-26 Proposed State Budget is to provide $1.8 billion for schools through a new discretionary block grant that could be used to fund new activities or cover costs of existing programs. The 2025-26 Proposed State Budget also includes $500 million to fund literacy and mathematics coaches at high-poverty schools that would expand upon a program the State funded in previous budgets. In addition, the 2025-26 Proposed State Budget includes a series of initiatives intended to advance teacher training and recruitment efforts at schools.

- *Delays $1.6 Billion Payment in 2024-25 Pending Revised Revenue Data*. As described above, under the 2025-26 Proposed State Budget, total funding for schools and community colleges in 2024-25 would be $1.6 billion less than the administration's estimate of the constitutional minimum funding level that year. The administration indicates it will provide this payment in the future after finalizing the calculation of the minimum requirement. If State revenues come in below the levels estimated in the 2025-26 Proposed State Budget, the constitutional funding requirement also would decrease.

May Revision to Proposed 2025-26 State Budget

On May 14, 2025, Governor Newsom presented revisions to the 2025-26 Proposed State Budget (the "May Revise"). The May Revise attempts to solve the $12 billion deficit for 2025-26 with a significant number of reductions to ongoing programs in what the Governor calls a current state of "growth recession." The Governor noted risks including elevated tariffs, immigration, and cuts to the federal workforce, but also anticipated that transformational changes would continue in TK-12 education, as the May Revise reflects the full implementation of TK, full funding for school meals for all, and free access to expanded school day and school year enrichment and academic support.

The May Revise maintains the planned withdrawal of approximately $7.1 billion from the Budget Stabilization Account and maintains a prudent level of reserves for future economic uncertainties. Accounting for withdrawals, it reflects total reserve balances of approximately $15.7 billion at the end of 2025-26. This consists of $11.2 billion in the Budget Stabilization Account and $4.5 billion in the Special Fund for Economic Uncertainties. The May Revise projects $214.6 billion in 2025-26 General Fund revenues.

The May Revise includes total funding for all TK-12 education programs of $137.8 billion ($80.5 billion General Fund and $57.3 billion from other funds). The May Revise reflects significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, TK, nutrition and preschool. Under the May Revise, the revised Proposition 98 guarantee for TK-14 education is calculated at $98.5 billion in 2023-24, $118.9 billion in 2024-25, and $114.6 billion in 2025-26. The revised Proposition 98 levels in the May Revise represent an increase of approximately $2.9 billion over said three years as compared to the 2024 Budget Act, but a decrease of approximately $4.6 billion from the Proposed 2025-26 State Budget. The May Revise, however, proposes to appropriate the 2024-25 guarantee amount at $117.6 billion, instead of the currently calculated level of $118.9 billion in order to mitigate the

risk of appropriating more resources than are ultimately available upon final calculation for 2024-25. The funding level of the guarantee continues to be in a Test 1 for 2024-25 and 2025-26.

The May Revise maintains the withdrawal of the full $8.4 billion balance in the PSSSA (the Proposition 98 Rainy Day Fund). The May Revise adjusts the 2024-25 mandatory deposit to the PSSA from $1.2 billion to $540 million. The May Revise continues to retire a total of $490.3 million in apportionment deferrals, but proposes to institute new deferrals. For TK-12 agencies, the May Revise proposes deferring $1.8 billion in LCFF apportionments from June 2026 to July 2026.

Also included in the May Revise is a shift in how TK expansion funds are distributed between TK-12 schools and community colleges. In prior years, 10.93% of the amount of General Fund rebenched into the Proposition 98 guarantee for the costs of TK expansion was added to the community colleges budget. Over the three-year budget window, this has resulted in $492.4 million in increased resources for community colleges, and a like amount of funding that has not been available for TK-12 schools to implement the expansion of TK. The May Revise shifts the full TK expansion funding to the TK-12 education side of the Proposition 98 budget, reducing by a like amount these resources for community colleges.

Other significant features with respect to K-12 education funding including the following:

- *Local Control Funding Formula*. To fully fund the LCFF, the May Revise uses $481 million from the PSSSA (Proposition 98 Rainy Day Fund) to support LCFF costs in 2025-26.

- *Universal Transitional Kindergarten.* The May Revise provides a total of $2.1 billion ongoing Proposition 98 General Fund (inclusive of all prior years' investments) to support the full implementation of universal TK, instead of the $2.4 billion in the Proposed 2025-26 State Budget. The May Revise also provides an additional $1.2 billion ongoing Proposition 98 General Fund to support further lowering the average student-to-adult ratio from 12:1 to 10:1 in every TK classroom. This is lower than previously estimated due to the reduced average daily attendance estimates.

- *Before School, After School, and Summer School.* The May Revise maintains the full implementation of this program by increasing the number of agencies with TK-6 grade that offer universal access to students. This increase, however, also increases the cost estimates from $435 million ongoing Proposition 98 General Fund at the Proposed 2025-26 State Budget, to $515.5 million at the May Revise.

- *Literacy Instruction*. The Proposed 2025-26 State Budget included $545.3 million to provide agencies with additional resources and to help implement the ELA/ELD Framework, the State's Literacy Roadmap, and the State's English Learner Roadmap. The May Revise builds upon this package by including all of the following:

    - $200 million one-time Proposition 98 General Fund to support evidenced-based professional learning for elementary school educators aligned with the ELA/ELD Framework.

    - $10 million one-time Proposition 98 General Fund for a county office of education to partner with the University of California, San Francisco Dyslexia Center.

- Authority for the California Department of Education to draw down funding awarded through the federal Comprehensive Literacy State Development grant to leverage and expand existing state-side infrastructure, resources, and expertise.

- *Teacher Preparation and Professional Development*. The Proposed 2025-26 State Budget included multiple proposals intended to support teachers and improve access to the educator pipeline. The May Revise builds on these proposals by including, among other things, the following:

  - Repurposing $150 million one-time Proposition 98 General Fund for the Teacher Recruitment Incentive Grant Program to, among other things, provide $100 million one-time Proposition 98 General Fund to fund stipends for student teachers.

  - Extending the deadlines by one year for clear credential candidates who received a related waiver during the COVID-19 pandemic to complete an induction program or two years of service; and for teacher candidates who received a related waiver during the COVID-19 pandemic to pass the Reading Instruction Competence Assessment.

- *Student Support and Professional Development Discretionary Block Grant*. The May Revise reduces the amount of one-time Proposition 98 General Fund available for the Student Support and Professional Development Discretionary Block Grant to $1.7 billion, down from $1.8 billion in the Proposed 2025-26 State Budget.

- *Facilities Funding under the School Facility Program*. The May Revision proposes the reversion of unallocated School Facility Program ("SFP") funding. As part of the 2023-24 State Budget, $2.0 billion in one-time General Fund revenue was allocated for the SFP. Of that amount, $177.5 million remained unused and was made available through August 2025 to public agencies impacted by the 2025 wildfires in Southern California. It is noted, however, that such agencies have indicated they cannot use the funds by the deadline. The May Revise also proposes new language that would allow school districts to apply for hardship assistance under the SFP in cases of extraordinary circumstances if they can demonstrate that the circumstances are beyond their control and excessive costs would need to be incurred in the construction of school facilities.

Legislative Analyst's Office's Analysis of May Revise. The LAO analysis of the May Revise notes an overall drop of Proposition 98 funding across 2024-25 and 2025-26 since the Proposed 2025-26 State Budget of $4.6 billion. Despite the decrease (and the COLA revised down from 2.43% to 2.30%), the May Revise maintains most of the spending proposals in the Proposed 2025-26 State Budget.

Discretionary savings proposals to cover the decrease in Proposition 98 funding identified by the LAO's analysis include:

- Deferring school and community college payments from the end of 2025-26 to the beginning of 2026-27.

- Zeroing out the PSSSA Proposition 98 Rainy Day Reserve Fund by withdrawing deposits that are no longer required or were previously discretionary.

- Withdrawing or reducing several community college proposals mainly involving information technology projects.

- Accelerating a settle-up payment related to the Proposition 98 requirement in 2024-25, which makes more funding available for school programs.

The State has not entered into any contractual commitment with the District, the County, the Underwriters nor the Owners of the Bonds to provide State budget information to the District or the Owners of the Bonds. Although they believe the State sources of information listed herein are reliable, none of the District, the Municipal Advisor or the Underwriters assume any responsibility for the accuracy of the State budget information set forth or referred to herein or incorporated by reference herein.

Future Budgets and Budgetary Actions. The District cannot predict what future actions will be taken by the State Legislature and the Governor to address changing State revenues and expenditures or the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors beyond the District's ability to predict or control. Certain actions could result in a significant shortfall of revenue and cash and could impair the State's ability to fund schools during the current fiscal year and in future fiscal years. Certain factors, like an economic recession, could result in State budget shortfalls in any fiscal year and could have a material adverse financial impact on the District.

Additional Information. Information about the State budget and State spending for education is regularly available at various State-maintained websites. Text of the State budget may be found at the website of the Department of Finance, www.dof.ca.gov, under the heading "California Budget." Various analyses of the budget may be found at the website of the LAO at www.lao.ca.gov. In addition, various State official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found via the website of the State Treasurer, www.treasurer.ca.gov. The information presented in these websites is not incorporated by reference in this Official Statement.

State Funding of Schools Without a State Budget

Although the State Constitution requires that the State Legislature adopt a budget for the State by June 15 of the prior fiscal year and that the Governor sign a budget by June 30, this deadline has been missed from time to time. Delays in the adoption of a Budget Act in any fiscal year could impact the receipt of State funding by the District. On May 29, 2002, the California Court of Appeal for the Second District decided the case of *Howard Jarvis Taxpayers Association, et al. v. Kathleen Connell* (as Controller of the State of California), *et al*. ("Connell"). The California Court of Appeal concluded that, absent an emergency appropriation, the State Controller may authorize the payment of State funds during a budget impasse only when payment is either (i) authorized by a "continuing appropriation" enacted by the State Legislature, (ii) authorized by a self-executing provision of the State Constitution, or (iii) mandated by federal law. The Court of Appeal specifically concluded that the provisions of Article XVI, Section 8 of the State Constitution—the provision establishing minimum funding of K-14 education enacted as part of Proposition 98—did not constitute a self-executing authorization to disburse funds, stating that such provisions merely provide formulas for determining the minimum funding to be appropriated every budget year but do not appropriate funds. Nevertheless, the State Controller has concluded that the provisions of the State Education Code establishing K-12 and county office of education revenue limit funding (the predecessor to the LCFF) do constitute continuing appropriations enacted by the State Legislature and, therefore, has indicated that State payments of such amounts would continue during a budget impasse. The State Controller, however, has concluded that K-12 categorical programs are not authorized pursuant to a continuing appropriation enacted by the State Legislature and, therefore, cannot be paid during a budget impasse. To the extent the Connell decision applies to State payments reflected in the District's budget, the requirement that there be either a final budget bill or an emergency appropriation may result in the delay of some payments to the District while such required legislative action is delayed, unless the payments are

self-executing authorizations, continuing appropriations or are subject to a federal mandate. The District, however, does not expect any delays in payments from the State to adversely affect its ability to pay the principal of and interest on the Bonds described in the forepart of this Official Statement.

Local Control Funding Formula

General. Funding for school districts, charter schools and county offices of education in connection with the LCFF includes State apportionments for general operating costs ("State Aid") and funding for categorical programs. During fiscal year 2024-25, approximately 67.90% of the District's General Fund revenues were disbursed pursuant to the LCFF. At the time of preparation of the Fiscal Year 2025-26 Budget, the District budgeted approximately 68.92% of the District's fiscal year 2025-26 General Fund revenues will consist of funds determined under the LCFF. For fiscal years 2021-22 through 2023-24, LCFF revenues comprised a lower percentage of the District's total General Fund revenues as a result of increases in one-time federal funding for COVID-19 relief. The following Table A-2 sets forth the percentage of the District's General Fund revenues that are derived from revenues under the LCFF, federal revenues, other State revenues and other local revenues for fiscal years 2021-22 through 2025-26.

TABLE A-2
LOS ANGELES UNIFIED SCHOOL DISTRICT
General Fund Revenue Sources
Percentage of Total District General Fund Revenues[(1)]
Fiscal Years 2021-22 through 2025-26

Revenue Source	Fiscal Year 2021-22	Fiscal Year 2022-23	Fiscal Year 2023-24	Fiscal Year 2024-25[(2)]	Fiscal Year 2025-26[(3)]
LCFF	62.42%	55.99%	60.04%	67.90%	68.92%
Federal Revenues	19.13	19.57	18.91	7.62	9.04
Other State Revenues	18.08	22.77	15.85	18.61	18.49
Other Local Revenues	0.37	1.67	5.19	5.88	3.55

The LCFF allocates State funding based on a school district's demographics. Each school district receives a base grant (the "Base Grant") per ADA in an amount determined by the State. The Governor's State budget for fiscal year 2022-23 revised the LCFF calculation beginning with fiscal year 2022-23 to consider the greater of a school district's current fiscal year, prior fiscal year, or the average of three prior fiscal years' ADA. See "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." Pursuant to the LCFF, each local education agency ("LEA") is required to, among other things, show progress toward an average class enrollment of no more than 24 pupils in kindergarten through grade 3, unless the LEA has entered into a collective bargaining agreement specifying an annual alternative average class enrollment in those grades for each school. Accordingly, the LCFF includes an adjustment to the Base Grant for kindergarten through grade 3 (the "K-3 Grade Span Adjustment") of approximately 10.4% in order to cover the costs associated with class size reduction. In addition, the LCFF includes an adjustment to the Base Grant for grades 9 through 12 of approximately 2.6% to cover the costs of, among other things, providing career technical education.

Based on the ADA of the given demographic classification, school districts are eligible to receive a 20% supplemental grant (the "Supplemental Grant") for students classified as English Learners ("EL"), students eligible to receive a free or reduced-price meal ("FRPM"), and students classified as foster youth ("LI"). The State expects the Supplemental Grants to reflect the additional costs associated with the

education of EL, FRPM and LI students. In addition, school districts are eligible to receive a concentration grant (the "Concentration Grant") if the school district has a significant concentration of students classified as EL, FRPM or LI (collectively, the "Unduplicated Pupils"). The LCFF uses an unduplicated student count to determine the amount of the Supplemental Grant and Concentration Grant authorized for a school district. A school district may only count a student one time if such student is classified in more than one of the EL, FRPM and LI categories. In the event the percentage of Unduplicated Pupils exceeds 55% of a school district's total enrollment, the LCFF provides additional funding to the school district through a Concentration Grant. The Concentration Grant will be an amount equal to an additional 65% of the school district's adjusted Base Grant, which includes the cost of living adjustment and grade span adjustments, if any, for each Unduplicated Pupil above the 55% threshold.

Starting with the 2023-24 fiscal year, an additional Equity Multiplier was added for LEAs who qualify by having both (1) a prior year nonstability rate of greater than 25% and (2) a prior year socioeconomically disadvantaged pupil rate of greater than 70%. The nonstability rate refers to the percentage of students who do not complete the year due to factors like expulsion or other reason without stable subsequent enrollment at another school. The socioeconomically disadvantaged pupil rate refers to the percentage of students who (i) do not have a parent with a high school diploma, (ii) are eligible for free or reduced-price meals, (iii) are migratory, (iv) are homeless youth, (v) are foster youth or (vi) are enrolled in a county juvenile court school. Every year, the state will allocate $300 million to the qualifying LEAs on a per-unit basis based on the LEA's prior year adjusted cumulative enrollment, but each qualifying school will receive at least $50,000. The Equity Multiplier revenue must be used for evidence-based services and support for pupils.

The Base Grants are based on four uniform, grade-span base rates. For fiscal year 2024-25, the LCFF provided to school districts and charter schools: (a) a Base Grant for each LEA equivalent to $11,068 per ADA for transitional kindergarten/kindergarten through grade 3 (including the grade span adjustment); (b) a Base Grant for each LEA equivalent to $10,177 per ADA for grades 4 through 6; (c) a Base Grant for each LEA equivalent to $10,478 per ADA for grades 7 and 8; (d) a Base Grant for each LEA equivalent to $12,460 per ADA for grades 9 through 12 (including the grade span adjustment). The Base Grant amount for fiscal year 2024-25 includes a COLA of 1.07%. The amount of actual funding allocated to the Base Grant, Supplemental Grants and Concentration Grants is subject to the discretion of the State.

Since the full implementation of the LCFF in fiscal year 2018-19, there is no longer a gap between a school district's prior year funding and the target amount of funding under the LCFF for the current year. Further, there is no longer a difference between the District's target entitlement under the LCFF – the amount available once the LCFF is fully funded – and the District's transition entitlement. In fiscal year 2018-19, the District reached its target entitlement for the District and the Affiliated Charter Schools, such that there is no transition entitlement for the District and the Affiliated Charter Schools. Accordingly, the District's historically significant increases in LCFF funding from year to year are not reflective of the District's current and expected LCFF funding since the LCFF is fully funded.

The difference between the amount a school district or charter school would have received under the old funding system and the estimated amount it would receive for LCFF funding at full implementation, based on certain criteria is referred to as the "Economic Recovery Target." Only school districts and charter schools that were at, or below, the 90th percentile of per-pupil funding rates of school districts under the pre-fiscal year 2013-14 funding system, as determined at the certification of the State's second principal apportionment in fiscal year 2013-14, are eligible for Economic Recovery Target payments. Based on this criteria, the District is not entitled to receive Economic Recovery Target funding. Certain of the District's Affiliated Charter Schools, however, are entitled to the Economic Recovery Target funding and budget to receive approximately $1 million, collectively, in fiscal year 2025-26.

The District has the largest ADA in the State. See "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance" herein. In addition, the District's ADA includes a significant number of students classified as Unduplicated Pupils. Accordingly, the District expects to receive more LCFF funding than other school districts in the State. The Fiscal Year 2025-26 Budget budgets that approximately 85.95% of students attending non-charter schools of the District will be classified as Unduplicated Pupils under the LCFF during fiscal year 2025-26. The percentage of students classified as Unduplicated Pupils is based on a three-year rolling average. The District's calculation of ADA with respect to Unduplicated Pupils, which is used to determine Supplemental and Concentration Grant revenues, is subject to adjustment upon review thereof by the District's independent auditor.

The following Table A-3 sets forth the District's Base Grant per ADA with grade span adjustments for fiscal years 2016-17 through 2024-25 under the LCFF, and budgeted numbers for fiscal year 2025-26.

TABLE A-3

Local Control and Accountability Plan. Pursuant to the LCFF, since July 1, 2014, school districts, county offices of education and charter schools have been required to develop, adopt and annually update a three-year LCAP. The LCAP is required to identify goals and measure progress for student subgroups across multiple performance indicators. The Education Code requires each school district to file with the county superintendent of schools such school district's LCAP or annual update thereof not later than five days after its adoption. On or before August 15 of each year, the county superintendent of schools may seek clarification, in writing, from the governing board of such school district about the contents of the LCAP. The school district has the opportunity to respond to such request and the county superintendent is authorized to submit recommendations for amendments to the LCAP. On or before October 8 of each year, the county superintendent of schools is required to approve each school district's LCAP pending a determination that the school district has adhered to the template adopted by the State Board of Education, the school district's budget includes expenditures sufficient to implement the specific actions and strategies included in the LCAP based on projected costs, and the school district has adhered to the Education Code with respect to funds apportioned for Unduplicated Pupils.

The State's priorities for each LCAP include, among other things, compliance with requirements with respect to appropriateness of teacher assignments, ensuring that teachers are fully credentialed in the subject areas and for the pupils they are teaching, and ensuring that every pupil in the school district has

sufficient access to the standards-aligned instructional materials as determined in accordance with the Education Code. In addition, school facilities are to be maintained in good repair. The State requires proper implementation of the academic content and performance standards adopted by the State Board of Education and will measure parental involvement (e.g., efforts to seek input from parents or guardians regarding decisions for the district and the school site), pupil achievement (e.g. performance on Statewide assessments, the academic performance index, readiness for college or career technical education, progress towards English proficiency, performance on advance placement examinations), pupil engagement (e.g., school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout and graduation rates, pupil suspension and expulsion rates, etc.), access and enrollment in a broad course of study including the core subject areas and programs and services developed and provided to Unduplicated Pupils, and pupil outcomes in the subject areas comprising a broad course of study.

In November 2014, the State Board of Education adopted final regulations to govern the expenditure of the Supplemental Grant and Concentration Grant funding. These regulations require school districts, county offices of education, and charter schools to increase and improve services for Unduplicated Pupils and provide authority for school districts to spend funds school-wide when significant populations of Unduplicated Pupils attend a school. Pursuant to the regulations, LEAs are required to obtain input from parents of students and the general public in connection with the development, revision and updates of LCAPs. In addition, the regulations require County superintendents to review school district LCAPs and require county offices of education to provide technical assistance if they disapprove an LCAP. The Education Code grants the State Superintendent of Public Instruction authority to intervene if a school district or charter school fails to show improvement across multiple subgroups in three out of four consecutive years.

Risks Affecting School District Revenue. Payments to the District under the LCFF, which allocates a Base Grant per unit of ADA with additional supplemental funding in the form of Supplemental Grants and Concentration Grants based on certain factors. Thus, a temporary shutdown of a school or an entire school district or other event resulting in reduced enrollment or attendance would reduce the ADA of a school district and could impact the funding a school district receives. For example, events like the outbreak of a highly contagious disease or epidemic disease could harm a school district's financial results or result in a temporary shutdown of the school district's facilities. Such an event could also have impacts on the State's tax and other revenue receipts which may, in turn, impact educational funding that school districts receive from the State. The outbreak of the respiratory disease caused by COVID-19 was declared a pandemic by the World Health Organization, a national emergency by the President and a state of emergency by the Governor. While State and federal one-time COVID-19 relief funding provided some immediate relief to school districts, including the District, during the COVID-19 pandemic, the District cannot predict whether similar legislation providing State and federal one-time relief funding would be enacted in the future in the event the outbreak of COVID-19 were to increase in intensity or a similar or other outbreak of a highly contagious disease or epidemic disease or other event resulting in reduced enrollment or attendance were to occur in the future.

In addition, the District is subject to risks from wildfires, natural disasters, and other weather-related events. See "RISK FACTORS – Natural Disasters, Drought, Climate Change and Sea Level Rise – *2025 Wildfires*" in the front part of this Official Statement.

Charter School Funding

A charter school is a public school authorized by a school district, county office of education or the State Board of Education. State law requires that charter petitions be approved if they comply with the statutory criteria. The District has certain fiscal oversight and other responsibilities with respect to both Affiliated Charter Schools and Fiscally Independent Charter Schools located in the District geographic

boundaries. Fiscally Independent Charter Schools, however, are separate LEAs and receive revenues directly from the State. Affiliated Charter Schools receive their funding from the District and are included in the District's budgets and audit reports. Information regarding enrollment, ADA, budgets and other financial information relating to Fiscally Independent Charter Schools is not included in the District's audit reports or in this Official Statement unless otherwise noted.

Pursuant to the LCFF, Fiscally Independent Charter Schools and Affiliated Charter Schools will receive a Base Grant per ADA and are eligible to receive Supplemental Grants, Concentration Grants and Equity Multiplier funds. See " – Local Control Funding Formula" herein. In fiscal year 2023-24, the District operated 51 Affiliated Charter Schools and oversaw 221 Fiscally Independent Charter Schools within the District boundaries. The fiscal year 2023-24 funded ADA of the Affiliated Charter Schools and the Fiscally Independent Charter Schools was 35,586 and 101,451 (unaudited), respectively. An increase in the number of Fiscally Independent Charter Schools within the boundaries of a school district or an increase in the number of students transferring to a Fiscally Independent Charter School or an Affiliated Charter School from a traditional school within a school district may cause a net reduction in the District's ADA.

Limitations on School District Reserves

Unless a school district is granted an exemption by its county superintendent of schools, amounts in its reserves may not exceed the limitations set forth in the Education Code once certain conditions precedent are met. Pursuant to Section 42127.01 of the Education Code, in a fiscal year immediately after a fiscal year in which the amount of moneys in the Proposition 98 Rainy Day Fund is equal to or exceeds 3% of the combined total of State general fund revenues appropriated for school districts and allocated local proceeds of taxes for that fiscal year, a school district budget that is adopted or revised shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10% of total General Fund expenditures and other financing uses. A county superintendent of schools may grant a school district under its jurisdiction an exemption from the reserves limitation for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that is in excess of the reserves limitation. The limitation applies once the Superintendent of Public Instruction notifies school districts and county offices of education that the conditions precedent are met. The Superintendent of Public Instruction is also required to notify school districts and county offices of education when those conditions no longer exist.

The State-imposed minimum recommended reserve for the District is accounted for in the District's reserve for economic uncertainties. Payments allocated to the Proposition 98 Rainy Day Fund by the State in fiscal years 2021-22 and 2022-23 triggered the limitations on school district reserves under the Education Code in fiscal years 2022-23 and 2023-24. The State's economic and revenue outlook, however, has changed. Although the 2024-25 State Budget provides for a discretionary payment of approximately $1.1 billion to the Proposition 98 Rainy Day Fund in fiscal year 2024-25, the 2024-25 State Budget also provides for a withdrawal of the entire $8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24, leaving a projected balance of $1.1 billion at the end of fiscal year 2024-25. Given 2024-25 State Budget provisions relating to the Proposition 98 Rainy Day Fund, school district reserve caps will not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. See "– State Budget Act."

Local Property Taxation

General. As required by State law, the District uses the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax rolls as are the County, the City of Los Angeles and other local agency and special district taxes.

State law exempts $7,000 of the full cash value of an owner-occupied dwelling from property tax, but this exemption does not result in any loss of revenue to local entities, including the District, because an amount equivalent to the taxes which would have been payable on such exempt values is paid by the State to the County for distribution to local agencies. The County levies property taxes on behalf of taxing agencies in the County for each fiscal year on taxable real and personal property which is situated in the County as of the preceding January 1. Upon a change in ownership of property or completion of new construction, however, State law permits the County to recognize changes in the assessed valuation of real property before the next regular assessment role is complete in order to levy taxes based on the new assessed value. In such instances, the property is reassessed and a supplemental tax bill is sent to the new owner based on the new value prorated for the balance of the tax year.

The fiscal year 2024-25 Assessment Roll for property within the District's boundaries reflects an increase of approximately 4.61% in assessed value from the prior year. Under State law, in addition to reassessments requested by property owners pursuant to Proposition 8 when the current market value of property is less than assessed value as of January 1, the county assessor annually initiates reviews of property for reassessments due to decline-in-value. See *"—Appeals of Assessed Valuation; Blanket Reductions of Assessed Values"* below.

Assessed Valuation Reductions. Assessments may be adjusted during the course of the year when real property changes ownership or new construction is completed. Assessments may also be appealed by

taxpayers seeking a reduction as a result of economic and other factors beyond the District's control, such as a general market decline in property values, including potential market declines caused by the effects of a reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), pandemic, or the complete or partial destruction of taxable property caused by natural or manmade disaster, such as earthquake, drought, flood, landslide, liquefaction, levee failure, fire, toxic dumping, etc. When necessitated by changes in assessed value in the course of a year, taxes are pro-rated for each portion of the tax year. See "RISK FACTORS" in the forepart of this Official Statement. See also "*—Appeals of Assessed Valuation; Blanket Reductions of Assessed Values"* below.

Property values could be reduced by factors beyond the District's control, including a depressed real estate market due to general economic conditions or other events. A pandemic, like the outbreak of the respiratory disease caused by COVID-19 which was declared a pandemic by the World Health Organization, could result in an economic recession or depression that causes a general market decline in property values therefore affecting the assessed value of property in the District. Events resulting in changing economic conditions may also alter the willingness or the ability of local taxpayers to pay *ad valorem* property taxes levied to repay the District's general obligation bonds. The District cannot predict whether events that may result in changing economic conditions will occur or the extent that a change in economic conditions will impact assessed value of property in the District or the willingness or ability of local taxpayers to pay *ad valorem* property taxes.

Aside from economic conditions, property values could be reduced by natural or manmade disasters. In recent years, portions of California, including the County and adjacent counties, have experienced wildfires that have burned thousands of acres and destroyed thousands of homes and structures. Moreover, the District is located in a seismically active region. Active earthquake faults include the San Andreas Fault that runs throughout the County, the Palos Verdes fault that runs along the coast and through a small portion of the County, and other smaller faults including the Lower Elysian Park thrust, the Upper Elysian Park fault and Puente Hills blind thrust system. Furthermore, California has experienced severe drought conditions in recent years, but has most recently experienced periods of extreme precipitation. These and other extreme weather events are all effects of climate change. As greenhouse gas emissions continue to accumulate, climate change may intensify and increase the frequency of such extreme weather events. The District cannot predict the timing, extent, or severity of any potential natural or manmade disaster and its impact on property values in the District.

Appeals of Assessed Valuation; Blanket Reductions of Assessed Values. There are two basic types of property tax assessment appeals provided for under State law. The first type of appeal, commonly referred to as a base year assessment appeal, involves a dispute on the valuation assigned by the assessor immediately subsequent to an instance of a change in ownership or completion of new construction. If the base year value assigned by the assessor is reduced, the valuation of the property cannot increase in subsequent years more than 2% annually unless and until another change in ownership and/or additional new construction or reconstruction activity occurs. Any base year appeal must be made within four years of the change of ownership or new construction date.

The second type of appeal, commonly referred to as a Proposition 8 appeal, can result if factors occur causing a decline in the market value of the property to a level below the property's then current taxable value (escalated base year value). Pursuant to State law, a property owner may apply for a Proposition 8 reduction of the property tax assessment for such owner's property by filing a written application with the appropriate county board of equalization or assessment appeals board. A property owner desiring a Proposition 8 reduction of the assessed value of such owner's property in any one year must submit an application to the county assessment appeals board (the "Appeals Board"). Following a

review of the application by the county assessor's office, the county assessor may offer to the property owner the opportunity to stipulate to a reduced assessment, or may confirm the assessment. If no stipulation is agreed to, and the applicant elects to pursue the appeal, the matter is brought before the Appeals Board (or, in some cases, a hearing examiner) for a hearing and decision. The Appeals Board generally is required to determine the outcome of appeals within two years of each appeal's filing date. Any reduction in the assessment ultimately granted applies only to the year for which application is made and during which the written application is filed. The assessed value increases to its pre-reduction level (such pre-reduction level escalated by the annual inflation rate of no more than 2%) following the year for which the reduction application is filed. The county assessor, however, has the power to grant a reduction not only for the year for which application was originally made, but also for the then current year and any intervening years as well. In practice, such a reduced assessment may and often does remain in effect beyond the year in which it is granted.

In addition, Article XIIIA of the State Constitution provides that the full cash value base of real property used in determining taxable value may be adjusted from year to year to reflect the inflationary rate, not to exceed a 2% increase for any given year, or may be reduced to reflect a reduction in the consumer price index or comparable local data. This measure is computed on a calendar year basis. According to representatives of the County Assessor's office, the County has in the past, pursuant to Article XIIIA of the State Constitution, ordered blanket reductions of assessed property values and corresponding property tax bills on single family residential properties when the value of the property has declined below the current assessed value as calculated by the County.

No assurance can be given that property tax appeals and/or blanket reductions of assessed property values will not significantly reduce the assessed valuation of property within the District in the future.

Assessed Valuation by Jurisdiction. The following Table A-5 describes the percentage and value of the total assessed value of the property within the District's boundaries that resides in the various cities and unincorporated portions of the County, as well as the assessed value of property within the District relative to the County's assessed value, for fiscal year 2024-25.

(1) Excludes taxpayers with values derived from mineral rights or a possessory interest. Historically, among the top 10 taxpayers within the District are landowners with primary land use of oil and gas production, including Marathon Petroleum Corporation, Phillips 66 Company and Valero Energy Corporation, which are not reflected in the table above.
(2) 2024-25 Local Secured Assessed Valuation: $940,264,352,355 (which excludes utility property).
Source: California Municipal Statistics, Inc.

The more property (by assessed value) owned by a single taxpayer, the more tax collections are exposed to weakness, if any, in such taxpayer's financial situation and ability or willingness to pay property taxes in a timely manner. Furthermore, assessments may be appealed by taxpayers seeking a reduction as a result of economic and other factors beyond the District's control.

Tax Rates, Levies and Collections

General. Taxes are levied for each fiscal year on taxable real and personal property as of the preceding January 1. Real property that changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due. The annual tax rate is based on the amount necessary to pay all obligations payable from *ad valorem* property taxes and the assessed value of taxable property in a given year. Economic and other factors beyond the District's control, such as a general market decline in land values, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), pandemic, or the complete or partial destruction of taxable property caused by natural or manmade disaster such as earthquake, drought, flood, fire, toxic dumping, etc., could cause a reduction in the assessed value of taxable property within the District and necessitate a corresponding increase in the annual tax rate to be levied to pay the principal of and interest on the District's outstanding general obligation bonds.

For assessment and collection purposes, property is classified as either "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing property (real or personal) the taxes on which are a lien sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is listed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year, and become delinquent on December 10 and April 10, respectively. A penalty of 10% attaches immediately to all delinquent payments. Properties on the secured roll with respect to which taxes are delinquent become tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is deeded to the State and then may be sold at public auction by the County Treasurer.

Property taxes on the unsecured roll are due in one payment on the January 1 lien date and become delinquent after August 31. A 10% penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (i) a civil action against the taxpayer; (ii) filing a judgment in the office of the County Clerk specifying certain facts in order to obtain a lien on certain property of the taxpayer; (iii) filing a certificate of delinquency for record in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (iv) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee.

Proposition 13 and its implementing legislation impose the function of property tax allocation on counties in the State and prescribe how levies on countywide property values are to be shared with local taxing entities within each county. The limitations in Proposition 13, however, do not apply to *ad valorem* property taxes or special assessments to pay the interest and redemption charges on indebtedness, like the District's general obligation bonds, approved by the voters.

The County levies a 1% *ad valorem* property tax on behalf of all taxing agencies in the County. The taxes collected are allocated on the basis of a formula established by State law enacted in 1979. Under this formula, the County and all other taxing entities receive a base year allocation plus an allocation on the basis of "situs" growth in assessed value (new construction, change of ownership, inflation) prorated among the jurisdictions that serve the tax rate areas within which the growth occurs. Tax rate areas are specifically

defined geographic areas, which were developed to permit the levying of taxes for less than county-wide or less than city-wide special and school districts. In addition, the County levies and collects additional approved property taxes and assessments on behalf of any taxing agency within the County.

State Government Code Sections 29100 through 29107 provide the procedures that all counties must follow for calculating tax rates. The secured tax levy within the District consists of the District's share of the 1% general *ad valorem* property and unitary taxes assessed on a County-wide basis and amounts levied that are in excess of the 1% general *ad valorem* property taxes. These tax receipts are part of the District's operations. In addition, the secured tax levy also includes the amount for the District's share of special voter-approved *ad valorem* property taxes assessed on a District-wide basis, such as the *ad valorem* property taxes assessed for the District's general obligation bonds issued pursuant to the Authorizations and any related general obligation refunding bonds. *Ad valorem* property taxes levied for general obligation bonds are deposited with the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the District's general obligation bonds and general obligation refunding bonds. The District does not receive such funds nor are they available to pay any of the District's operating expenses. In addition, the total secured tax levy includes special assessments, payments for improvement bonds, supplemental taxes or other charges which have been assessed on property within the District. Since State law allows homeowners' exemptions (described above) and certain business exemptions from *ad valorem* property taxation, such exemptions are not included in the total secured tax levy. See also "– California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes" above.

Further, State Education Code Section 15251 provides that all taxes levied with respect to general obligation bonds when collected will be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the school district on behalf of which the tax was levied, to the credit of the debt service fund (or interest and sinking fund) of the school district, and will be used for the payment of the principal of and interest on the general obligation bonds and general obligation refunding bonds of the school district and for no other purpose. Accordingly, the County may not borrow or spend such amounts nor can the District receive such funds or use them for operating purposes.

Typical Tax Rate Area. The following Table A-9 shows *ad valorem* property tax rates for the last five fiscal years in a typical Tax Rate Area of the District (TRA 0067). TRA 0067 comprises approximately 30.35% of the total fiscal year 2024-25 assessed value of the District.

Secured Tax Charges and Delinquencies. The following Table A-10A sets forth the real property tax charges and corresponding delinquencies for the District's general obligation bond debt service levy, with respect to the property located in the District, for fiscal years 2014-15 through 2023-24. For reference and as an indication of comparative delinquency rates, Table A-10B sets forth the real property tax charges and corresponding delinquencies for the portion of the County's 1% general fund levy that is allocated to the District, with respect to property located in the District for fiscal years 2014-15 through 2023-24.

TABLE A-10
LOS ANGELES UNIFIED SCHOOL DISTRICT
Secured Tax Charges and Delinquencies
Fiscal Years 2014-15 through 2023-24

A. District General Obligation Bond Debt Service Levy

Fiscal Year	Secured Tax Charge[1]	Amount Delinquent June 30	Percentage Delinquent June 30
2014-15	$752,855,468.94	$13,128,310.26	1.74%
2015-16	711,852,286.31	10,350,374.48	1.45
2016-17	762,676,169.42	10,152,397.66	1.33
2017-18	765,484,783.08	11,238,395.43	1.47
2018-19	826,147,438.29	13,737,180.29	1.66
2019-20	903,922,222.21	25,782,448.86	2.85
2020-21	1,072,754,468.10	22,715,092.01	2.12
2021-22	904,728,597.58	16,272,122.21	1.80
2022-23	1,033,041,998.26	20,269,504.57	1.96
2023-24	1,127,005,255.56	23,986,400.38	2.13

B. 1% General Fund Apportionment Levy

Fiscal Year	Secured Tax Charge[2]	Amount Delinquent June 30	Percentage Delinquent June 30
2014-15	$1,005,565,868.63	$14,501,753.32	1.44%
2015-16	1,078,286,485.58	15,318,415.41	1.42
2016-17	1,142,718,955.32	13,595,654.87	1.19
2017-18	1,222,916,327.88	15,217,873.23	1.24
2018-19	1,311,715,583.78	17,950,532.81	1.37
2019-20	1,405,968,051.67	31,757,910.59	2.26
2020-21	1,499,191,370.12	25,590,654.61	1.71
2021-22	1,556,962,602.77	24,377,000.99	1.57
2022-23	1,665,617,645.15	26,045,738.38	1.56
2023-24	1,771,389,883.84	31,149,850.08	1.76

Property tax delinquencies may be impacted by economic and other factors beyond the District's control, including the ability or willingness of property owners to pay property taxes during an economic

recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including reduced consumer confidence, reduced real wages or reduced economic activity as a result of a pandemic or natural or manmade disaster, such as earthquake, drought, flood, fire, toxic dumping. It is not possible for the District to make any representation regarding the extent to which an economic recession or depression could impact the ability or willingness of property owners within the District to pay property taxes in the future. If delinquencies increase substantially as a result of events outside the control of the District, the County does have the authority to increase allowances for annual reserves in the tax levy to avoid fluctuating tax levies.

The County Does Not Participate in the Teeter Plan. Certain counties in the State operate under a statutory program entitled Alternate Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"). Under the Teeter Plan local taxing entities receive 100% of their tax levies net of delinquencies, but do not receive interest or penalties on delinquent taxes collected by the county. The County has not adopted the Teeter Plan, and consequently the Teeter Plan is not available to local taxing entities within the County, such as the District. The District's receipt of property taxes is therefore subject to delinquencies.

The District Participates in CSDTFA. The District is a member of the California Statewide Delinquent Tax Finance Authority ("CSDTFA"). CSDTFA is a joint exercise of powers agency formed for the purpose of purchasing delinquent *ad valorem* property taxes of its members in accordance with Section 6516.6 of the Government Code of the State of California. Historically, CSDTFA has from time to time purchased delinquent *ad valorem* property tax receivables related to the District's share of the 1% general *ad valorem* property tax levy (not the additional *ad valorem* property tax levy for debt service on the District's general obligation bonds) from the District. The District, however, cannot predict whether CSDTFA will continue to make such purchases in the future. CSDTFA purchased the District's delinquent *ad valorem* property tax receivables related to the 1% general *ad valorem* property tax levy attributable to fiscal year 2023-24 from the District at a purchase price equal to 108% of such receivables and is expected to purchase the District's delinquent *ad valorem* property tax receivables related to the 1% general *ad valorem* property tax levy attributable to fiscal year 2024-25 from the District at a substantially similar purchase price. Any penalty charges collected with respect to such delinquencies will be retained by CSDTFA.

DISTRICT FINANCIAL INFORMATION

District Financial Policies and Related Practices

General. The District has three key financial policies: a budget and finance policy (the "Budget and Finance Policy"), a debt management policy (the "Debt Management Policy") and an investment policy (the "Investment Policy").

Budget and Finance Policy. The District has adopted a Budget and Finance Policy pursuant to which the District creates and funds reserves for operating purposes (collectively, the "Operating Reserves") and liability management purposes. The Budget and Finance Policy reflects reserve categories promulgated by the Government Accounting Standards Board ("GASB") and incorporates certain reserve categories established by the District. See "STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves" herein.

Operating Reserves. The District uses the Operating Reserves to manage its budget for each fiscal year. A portion of the District's authorized appropriations are set aside in the Operating Reserves. The District generally appropriates amounts from the General Fund based on the amount estimated in its budget. The District may, however, appropriate funds from unspent balances within the Operating Reserves, if

necessary. Accordingly, the District uses the Operating Reserves to ensure that appropriations reflect the District's actual General Fund expenditures. The current Operating Reserves include nonspendable reserves, restricted reserves, committed reserves, assigned reserves, and unassigned reserves (generally described as fund balances), the latter of which includes the District's reserve for economic uncertainties. Pursuant to the California Code of Regulations, school districts with an ADA of over 250,001 students, such as the District, must maintain a reserve for economic uncertainties of 1% of General Fund appropriations.

Pursuant to the Budget and Finance Policy, the District's total General Fund balance may not be less than an amount equal to 5% of total General Fund expenditures and net transfers out during a fiscal year (the "5% Minimum Reserve Threshold"). In addition, the Budget and Finance Policy requires the projected General Fund balance to satisfy the 5% Minimum Reserve Threshold in each of the two subsequent fiscal years which the District includes in its interim financial reports. In the event that the District's estimates indicate that the total General Fund balance will not satisfy the 5% Minimum Reserve Threshold in any of the current fiscal year or two subsequent fiscal years, the Budget and Finance Policy directs the District to develop and implement budget proposals to restore reserve balances to the 5% Minimum Reserve Threshold.

Based on the Fiscal Year 2025-26 Budget, the District's Operating Reserves are expected to satisfy both the 5% Minimum Reserve Threshold and the 1% statutory reserve requirement for fiscal years 2025-26, 2026-27, and 2027-28. Unlike the 5% Minimum Reserve Threshold, the 1% statutory reserve requirement is based on the unrestricted and unassigned ending fund balance (including the reserve for economic uncertainties) only and does not take into account the restricted, committed, or assigned ending fund balances. See "– District Budget" herein.

Liability Management. Pursuant to the Budget and Finance Policy, the District has established a health and welfare reserve (the "Health and Welfare Benefits Fund"), and an other-post-employment benefits ("OPEB") trust (the "OPEB Trust Fund"). Annual appropriations are made to address other identified liabilities, such as pension, vacation, and retiree healthcare.

The District is in the process of transitioning certain liabilities and potential claims previously covered by District reserves and purchased lines of coverage to a captive insurance company, designed to mitigate financial risks, enhance control over the insurance processes, potentially reduce costs, and tailor coverage to meet the District's specific needs. The Captive Insurer (as defined below) is a separate legal entity. See "Risk Management and Litigation – *Captive Insurance Program*." The Captive Insurer will determine the reserves, liabilities, and insurance policy premiums charged to the District from actuarial information. The Captive Insurer is liable for losses and will record the liability on its books.

The liability for auto, general, and workers' compensation, prior to July 1, 2024, was based upon information from an independent actuary. Effective July 1, 2024, coverage and reserves with respect to automobile, general, sexual abuse and molestation, and workers' compensation liabilities was and is being transferred to the Captive Insurer, with required reserves, liabilities and insurance policy premiums determined by the Captive Insurer and charged to the District using actuarial information. See "Risk Management and Litigation – *Captive Insurance Program*." The District is currently evaluating the following lines of coverage to be provided by the Captive Insurer: boiler and machinery; crime and fiduciary; property; cyber security; and medical malpractice.

For certain current claims for sexual abuse and molestation pending settlement, funds have been set aside or transferred to the Captive Insurer. Remaining sources of funds to resolve claims for sexual abuse and molestation are expected to include limited insurance including through the Risk Management Authority (as defined herein), amounts provided and available to the Captive Insurer, and other legally

available funds, including obligations of the District such as the Bonds, whether made payable as due or by payments spread over several years for a period commencing with the judgment or court order approving a settlement with dismissal of the action. See "Risk Management and Litigation – Sexual Misconduct Cases" and "Future Financings – AB 218 and Similar Claims."

Prior to the establishment of the Captive Insurer, the District maintained a workers' compensation reserve (the "Workers' Compensation Fund") with the amount required to be on deposit therein established with information from an independent actuary at an amount necessary to fund its outstanding workers' compensation liability to the actuarially recommended level based on the central estimate approach and by additionally calculating the amount necessary for claims and operation of the Workers' Compensation Fund. See "– Risk Management and Litigation" herein. As used herein, the central estimate represents an expected value over the range of reasonably possible outcomes.

The Health and Welfare Benefits Fund is used to pay all health and welfare payments for active employees and retirees. The District determines funding of the Health and Welfare Benefits Fund based on the applicable health benefits agreement for each of the applicable years. See "– Employees and Labor Relations – Negotiations Regarding Labor Contracts" herein. As of June 30, 2024, the net position of the Health and Welfare Benefits Fund was in deficit at approximately $(2.0) million. The deficit will be addressed by increasing the annual employee contribution rate for fiscal year 2024-25, from $15,500 to $18,400 per employee. The Fiscal Year 2025-26 Budget includes contributions of $1.4 billion for the Health and Welfare Benefits Fund.

The District Board approved the creation of the OPEB Trust Fund in May 2014 as an irrevocable trust for its OPEB liability. The Budget and Finance Policy directs the District, subject to approval by the District Board, to make annual contributions to the OPEB Trust Fund when the balance in the General Fund exceeds the 5% Minimum Reserve Threshold to the extent possible. In the event that the unrestricted portion of the General Fund balance is above 5% of the unrestricted revenues (after the annual OPEB contribution has been determined), the Budget and Finance Policy directs the District to make an additional contribution to the OPEB Trust Fund. See "– Other Postemployment Benefits" herein. As of a June 30, 2024 measurement date, the net position of the OPEB Trust Fund was approximately $820 million.

Budgeting Practices. Since Fiscal Year 2022-23, the District has updated and implemented new budgeting practices to improve timeliness, accuracy and transparency. In Fiscal Year 2024-25, the District named these collective actions as "strategic budgeting." To support this effort, departments are now able to view daily updates of budget to actuals analysis for their respective departments, which facilitates effective and timely decision-making regarding opportunities for internal budget adjustments and/or reallocations that may be available for both labor and non-labor resources (this data is refreshed on a nightly basis). The District also implemented budget sweeps of positions that have been vacant for more than 180 days. In addition, to improve transparency of anticipated underspend in multi-year projections, the District refined its use of contracts (i.e. underspent projections) in budgeting to better reflect actual expenditures for current and future years. The District is also beta testing a budget transparency dashboard for public use to improve the communication of central office and school site budgetary information to external audiences; the first phase went live on July 1, 2025. In summary, the strategic budgeting process aims to align non-labor budgeting to need, eliminate aged vacancies, reassess budget needs with actual spend and enrollment trends, while improving transparency for both internal and external stakeholders.

Debt Management Policy. The Debt Management Policy establishes formal guidelines for the issuance and management of the District's debt and other financial obligations. The Debt Management Policy establishes targets and ceilings for certificates of participation ("COPs") and unhedged variable rate exposure and sets forth benchmark debt ratios that include both COPs and the District's general obligation bonds. The Debt Management Policy also requires the District to annually publish a comprehensive debt

report that, among other things, provides information on tax rates related to the District's general obligation bonds and credit factors that reflect the District's ratings.

The Debt Management Policy is required to be reviewed annually. The current Debt Management Policy was approved by the District Board on June 3, 2025. The District is in compliance with the Debt Management Policy. The Debt Management Policy establishes a ceiling of 2.0% for the ratio of COPs gross annual debt service to District General Fund expenditures. The District Board may increase the target at the time a new debt issuance is proposed, but such authority is not intended to exceed the ceiling established in the Debt Management Policy. As of June 1, 2025, the maximum fiscal year COPs debt service was approximately 0.25% of the District's General Fund budgeted expenditures for Fiscal Year 2025-26. As of June 1, 2025, the District has outstanding COPs in the aggregate principal amount of approximately $225.01 million. (See " – District Debt – Certificates of Participation" for more information.). Assuming issuance of the Series 2025A Bonds, the maximum fiscal year COPs debt service combined with the Series 2025A Bonds debt service is approximately 0.51% of the District's General Fund budgeted expenditures for Fiscal Year 2025-26. The Debt Management Policy limits unhedged variable rate debt to $100 million and requires reporting of the debt ratios and benchmarks. The District currently has a variable interest rate exposure of $69.95 million. The variable rate debt is associated with the 2024-25 Notes intended to be refunded with proceeds of the Series 2025A Bonds.

Investment Policy. The foremost objective of the District's Investment Policy is safety. In addition, the Investment Policy directs the District to invest public funds in a manner that will maximize the investment return on all of its funds with maximum security while meeting the daily cash flow demands of each portfolio of the District and conforming to all federal, State, and local statutes governing the investment of public funds. Further, the Investment Policy directs that all investments of the District be undertaken to ensure the preservation of capital in the overall portfolio. To attain this objective, the District may diversify its investments by investing funds among a variety of securities offering independent returns. In addition, the Investment Policy requires the District's investment portfolios remain sufficiently liquid to enable the District to meet its operating requirements and be structured to attain a maximum return commensurate with its investment risk constraints and the cash flow characteristics of each portfolio.

The District's operating funds and all of the debt service funds maintained for repayment of general obligation bonds are deposited in the County Treasury Pool in accordance with State law and managed pursuant to the County's Investment Policy, a copy of which can be found at http://ttc.lacounty.gov/. Such website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein. See APPENDIX F – "THE LOS ANGELES COUNTY TREASURY POOL." With the concurrence of the County's Treasurer and Tax Collector, however, the District may direct the investment of funds in certain of its operating funds and debt service funds so long as such direction complies with both the County's investment policy and the District's Investment Policy. In addition, the District can direct the investment of indentured funds held by third party trustees with regard to certain issuances of COPs pursuant to a prescribed list of permitted investments.

Significant Accounting Policies, System of Accounts and Audited Financial Statements

The CDE imposes by law uniform financial reporting and budgeting requirements for K-12 school districts. Financial transactions are accounted for in accordance with the California School Accounting Manual. The District uses fund accounting and maintains governmental funds, proprietary funds and fiduciary funds. The General Fund is the chief operating fund of the District. For a description of the other major funds of the District, see the description thereof contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024." Note 1 to

such audited financial statements sets forth significant accounting policies that the District follows. Simpson & Simpson Certified Public Accountants ("Simpson"), Los Angeles, California, served as independent auditor to the District for its audited financial statements for fiscal year 2023-24. Simpson has not been requested to consent to the use or to the inclusion of its reports in this Official Statement, and it has not audited or reviewed this Official Statement. The District's audited financial statements for the fiscal year ended June 30, 2024, are included as Appendix B to this Official Statement. The complete audited financial statements of the District, including the notes thereto, are an integral part of this Official Statement.

Typically, the District is required to file its audited financial statements for the preceding fiscal year with the State Controller's Office, the CDE and the County Superintendent of Schools by December 15 of each year. During the last five years, the District timely filed its audited financial reports with the State Controller's Office, the CDE, and LACOE pursuant to the Education Code and any applicable legislation amending the filing deadline thereof by the respective deadlines therefor.

The audited financial statements for fiscal year 2023-24 include certain audit findings and questioned costs. With respect to the audited financial statements for fiscal year 2023-24, Simpson identified 13 audit findings and questioned costs totaling approximately $770.1 million. For detailed information regarding such findings and questioned costs, see Appendix B. Notably, in fiscal year 2023-24 – like the three previous fiscal years – the District did not meet the minimum threshold of General Fund spending on classroom teacher salaries and benefits in accordance with Education Code Section 41372. Under Education Code Section 41372, a unified school district, like the District, is required to spend a minimum of 55% of its General Fund resources on classroom salaries and benefits. In fiscal year 2023-24, the District spent approximately 47.08% of its General Fund resources on classroom salaries and benefits, which is approximately 7.92% or $763.9 million below such minimum threshold set forth in the Education Code. Such discrepancy was the result of the COVID-19 pandemic that caused the District to spend significant General Fund revenues on COVID-19 related expenses that were non-classroom teacher salaries and benefits. In each of fiscal year 2020-21, fiscal year 2021-22, and fiscal year 2022-23, the District Board approved the submission of a waiver request to the County Superintendent, and each was approved. The District has received notice from LACOE and is considering the submission of a waiver request for this requirements for fiscal year 2023-24 to the County Superintendent.

In addition, the audited financial statements for fiscal year 2023-24 included a finding that the District did not meet the TK and early enrollment average class enrollment and adult-to-pupil requirements pursuant to Education Code Section 48000. The District has implemented measures to ensure compliance with class size and adult-to-pupil ratio requirements, including the distribution of a Transitional Kindergarten Resources and Communication Toolkit to school sites and district administrators.

Copies of the District's audited financial statements as well as budgets and interim financial reports may be obtained from the website of the District: **www.lausd.org**. The website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein.

Audited Financial Report

Fiscal Year 2023-24 Audited Annual Financial Report. The District's fiscal year 2023-24 Audited Annual Financial Report (the "Fiscal Year 2023-24 Audit") has been submitted to the District. The Fiscal Year 2023-24 Audit reflects the District's audited financial results for fiscal year 2023-24. The Fiscal Year 2023-24 Audit reflects a General Fund adjusted beginning balance of approximately $5.71 billion, total revenues of $11.22 billion, total expenditures of $10.55 billion, other financing sources and uses of $45.64

million, and an ending balance of $6.42 billion. The Fiscal Year 2023-24 Audit indicates that the General Fund ending balance of approximately $6.42 billion consists of approximately $244.90 million for the mandatory reserve for economic uncertainties, $2.92 million of non-spendable revolving cash, stores, and prepaid expenditures, $1.79 billion of restricted ending balances, $2.97 billion of committed ending balances, $491.52 million of assigned ending balances and $869.03 million of unassigned and unappropriated ending balances. In fiscal year 2023-24, the District was able to meet its financial commitments and its required ending balances, as set forth in the Budget and Finance Policy. See "– District Financial Policies and Related Practices" for more information on the Budget and Finance Policy.

District Budget

General School District Budget Process and Oversight. State law requires that each school district maintain a balanced budget in each fiscal year. The California Department of Education imposes a uniform budgeting and accounting format for school districts. Under current law, a school district governing board must adopt and file with the county superintendent of schools a budget by July 1 of each fiscal year. The District is under the jurisdiction of the County of Los Angeles Superintendent of Schools.

The county superintendent of schools must approve, conditionally approve, or disapprove the adopted budget for each school district by September 15 in accordance with the Education Code. The county superintendent of schools is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. The county superintendent of schools is also required to determine whether the adopted budget will allow the school district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the school district to satisfy its multiyear financial commitments. The Education Code directs the county superintendent of schools to disapprove any school district budget if it determines that the budget does not include expenditures necessary to implement an LCAP or an annual update to the LCAP. See "STATE FUNDING OF SCHOOL DISTRICTS – Local Control Funding Formula – *Local Control and Accountability Plan*" herein for more information about LCAP.

In the event that the county superintendent of schools conditionally approves or disapproves the school district's budget, the county superintendent of schools will submit to the governing board of the school district no later than September 15 of such year recommendations regarding revisions of the budget and the reasons for the recommendations, including, but not limited to, the amounts of any budget adjustments needed before the county superintendent of schools can approve that budget. In addition, school districts must make available for public review any revisions to revenues and expenditures that it has made to its budget to reflect the funding made available by the State Budget Act (defined herein) not later than 45 days after the enactment of the State Budget Act.

The governing board of the school district, together with the county superintendent of schools, must review and respond to the recommendations of the county superintendent of schools before October 8 at a regular meeting of the governing board of the school district. The county superintendent of schools will examine and approve or disapprove of the revised budget by November 8 of such year. If the county superintendent of schools disapproves a revised budget, the county superintendent of schools will call for the formation of a budget review committee. By December 31 of each year, every school district must have an adopted budget, or the county superintendent of schools may impose a budget and will report such school district to the State Legislature and the Department of Finance. In prior years, LACOE has granted a conditional approval to certain of the District's budgets pending, among other things, approval of the District's LCAP, information regarding collective bargaining and other budgetary considerations. In the last ten years, however, LACOE has not disapproved any budget submitted to it by the District. The District's adopted budget for fiscal year 2025-26 (the "Fiscal Year 2025-26 Budget") projects a negative

ending General Fund balance in fiscal year 2027-28. In order to address the deficit spending, and as recommended by LACOE, the District approved a Fiscal Stabilization Plan (defined below) on June 17, 2025, which provides for expenditure reduction strategies beginning after Fiscal Year 2025-26. The District, however, cannot guarantee whether its Fiscal Year 2025-26 Budget nor any future budgets will be approved by LACOE. See "*Fiscal Year 2025-26 Budget*" and "*Fiscal Stabilization Plans*" below.

Subsequent to approval, the county superintendent of schools will monitor each school district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the school district can meet its current or subsequent year financial obligations. If the county superintendent of schools determines that a school district cannot meet its current or the subsequent year's obligations, the county superintendent of schools will notify the school district's governing board, the Superintendent of Public Instruction and the president of the State board (or the president's designee) of the determination and take at least one of the following actions, and all actions that are necessary to ensure that the school district meets its financial obligations: (a) develop and impose, after also consulting with the Superintendent of Public Instruction and the school district's governing board, revisions to the budget that will enable the school district to meet its financial obligations in the current fiscal year, (b) stay or rescind any action inconsistent with the ability of the school district to meet its obligations for the current or subsequent fiscal year, (c) assist in developing, in consultation with the school district's governing board, a financial plan that will enable the school district to meet its future obligations, (d) assist in developing, in consultation with the school district's governing board, a budget for the subsequent fiscal year and (e) as necessary, appoint a fiscal advisor to perform the aforementioned duties. The county superintendent of schools will also make a report to the Superintendent of Public Instruction and the president of the State board or the president's designee about the financial condition of the school district and the remedial actions proposed by the county superintendent of schools. The county superintendent of schools, however, may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the county superintendent of schools assumed authority.

Fiscal Stabilization Plans. When needed, LACOE and the District partner to implement actions necessary to stabilize and improve the financial condition of the District.

The District currently has a structural deficit whereby in-year expenditures exceed in-year revenues. As revenues have continued to decrease, expenditures have not been reduced proportionately. The Fiscal Year 2025-26 Budget includes continued deficit spending, and includes a projected deficit of $1.6 billion for Fiscal Year 2027-28 of operating funds, which indicates a lack of going concern. On April 15, 2025, LACOE recommended that the District address its deficit spending through the submission of a Fiscal Stabilization Plan. In light of the Fiscal Year 2025-26 Budget negative projections for Fiscal Year 2027-28, and as recommended by LACOE, the District adopted a Fiscal Stabilization Plan on June 17, 2025 (the "Fiscal Stabilization Plan"). The Fiscal Year 2025-26 Budget does not reflect the Fiscal Stabilization Plan.

To address the $1.6 billion deficit projected in Fiscal Year 2027-28, the Fiscal Stabilization Plan provides for expenditure reduction strategies beginning in Fiscal Year 2026-27 and continues through Fiscal Year 2027-28 to achieve fiscal balance through Fiscal Year 2027-28. The Fiscal Stabilization Plan must identify specific expenditure reductions and/or revenue enhancements; as such, it includes changes to unrestricted General Fund expenditures, including reductions to Fund 17 Special Reserve Fund for other than Capital Outlay Projects, reassessing school carryover policies by need for Fiscal Year 2026-27, targeted funding allocation reductions in Fiscal Year 2026-27, reduction of unfunded positions in Fiscal Year 2026-27, consolidation of the District's footprint (campuses and programs) and evaluation of academic return on investment, reassessing effectiveness of earmarked, unspent investments, strategic closure of vacant school positions annually in February (except General Fund restricted positions), bringing students closer to their school of residence, and reduction in central operations (non-school-based

reductions). See Table A-11b below, for multi-year General Fund projections for Fiscal Year 2025-26 through 2027-28 pursuant to the Fiscal Stabilization Plan.

In the event that the District's financial condition were to change in future fiscal years, LACOE may require the District to implement an alternate fiscal stabilization plan to stabilize and improve the financial condition of the District. Additionally, the Board of Education may make future changes to the Fiscal Stabilization Plan.

Fiscal Year 2025-26 Budget. The Fiscal Year 2025-26 Budget was adopted by the District Board on June 24, 2025. The Fiscal Year 2025-26 Budget was developed with the assumptions contained in the Governor's May revision to the proposed fiscal year 2024-25 State Budget. The Fiscal Year 2025-26 Budget projects a General Fund beginning balance of approximately $4.27 billion, total budgeted revenues of $9.34 billion, total budgeted expenditures of $11.48 billion, budgeted other financing sources and uses of positive $18.82 million, and a budgeted ending balance of $2.15 billion. The Fiscal Year 2025-26 Budget projects that its budgeted General Fund ending balance of $2.15 billion is expected to consist of approximately $115.2 million for the mandatory reserve for economic uncertainties, $49.47 million of non-spendable revolving cash, stores, and prepaid expenditures, $78.64 million of restricted ending balances, $46.11 million of committed ending balances, $413.01 million of assigned ending balances, and $1.45 billion of undesignated and unassigned ending balances.

The Fiscal Year 2025-26 Budget includes certain assumptions and policies, including:

- a COLA of 2.30% for the LCFF, Special Education and selected categorical programs outside of LCFF;

- a net enrollment decline of 6,491 to 396,070 in fiscal year 2025-26 from 402,561 in fiscal year 2024-25 for non-charter and Affiliated Charter Schools and a Fiscally Independent Charter School enrollment decline of 1,126 to 107,437 in fiscal year 2025-26 from 108,563 in fiscal year 2024-25;

- LCFF-funded ADA of 338,657.80 for non-charter schools, which is based on the average of 3 prior years' ADA, and 35,068.29 for Affiliated Charter Schools, which is based on projected fiscal year 2025-26 P-2 ADA; the percentage of ADA to enrollment is 92%;

- State Special Education funding reflects increased base rate to $918 per ADA;

- estimated unduplicated pupil count and three-year rolling average unduplicated pupil percentage of 309,661 and 85.95%, respectively, for non-charter schools (including County Program students) and 18,715 and 50.46%, respectively, on average for Affiliated Charter Schools;

- an LCFF allocation of $764.2 million from the Education Protection Account (the "Education Protection Account") established by Proposition 30 (defined herein) to be spent for instruction;

- LCFF supplemental and concentration expenditure of $1,504.4 million;

- lottery unrestricted rate per ADA is estimated at $191 per ADA and restricted rate per ADA is estimated at $82 per ADA;

- receipt of approximately $468.3 million from the ELOP in fiscal year 2025-26;

- receipt of approximately $71.9 million from Arts and Music in Schools and LCFF Equity Multiplier of $33.0 million;

- funding for employee health and medical benefits at the per participant rate set forth in the Health and Welfare Agreement (defined herein);

- a contribution to the OPEB Trust Fund of $122.6 million from all funds of the District for fiscal year 2025-26; and additional OPEB contribution of $213.1 million is included to meet the annual required contribution[1];

- a contribution rate for CalSTRS (defined herein) of 19.10%;

- a decrease of 0.24% from the prior year of CalPERS (defined herein) employer contribution rate to 26.81% in fiscal year 2025-26 from 27.05% in fiscal year 2024-25;

- using $612.3 million of ELOP funds comprised of $143.9 million carried over from fiscal year 2024-25 and $468.3 million of new funds received for fiscal year 2025-26.

- using $243.2 million of Arts, Music and Instructional Materials Discretionary Block Grant carried over from 2024-25.

- a California consumer price index of 3.42% on other operating expenditures, except utilities which are projected to remain the same from the prior fiscal year;

- ongoing and major maintenance resources totaling $336.3 million, reflecting approximately 3% of budgeted General Fund expenditures and other financing uses, excluding CalSTRS on behalf payments made by the State;

- a contribution from all funds of $102.0 million to the Workers' Compensation Fund and inclusion of total Workers' Compensation actuarially determined funded liability of $399.1 million;

- inclusion of bond measure, debt service, COP proceeds funds, and other financing sources/uses;

- a reserve for economic uncertainties totaling $115.2 million, reflecting the statutory 1% budgeted expenditure requirement and other financing uses;

- inclusion of beginning balances in the General Fund and other funds for fiscal year 2025-26, reflecting the updated estimated actual ending balance as of June 30, 2025;

- estimated ending balances for the General Fund and other funds for fiscal year 2025-26, which reflect the difference between estimated revenue and expenditure levels for fiscal year 2025-26;

- adherence to the 10% cap on reserves (combined assigned and unassigned balances);

- authority to transfer amounts, as necessary, to implement technical adjustments related to the Fiscal Year 2025-26 Budget;

- authority to implement new revenues for fiscal year 2025-26, if any, and increase budgeted appropriations accordingly;

[1] It is anticipated that the additional OPEB contribution for Fiscal Year 2025-26 of $213.1 million will be reduced to $20 million and reflected in the District's First Interim Report for 2025-26.

- a transfer from the Community Redevelopment Agency Fund of $30 million to repay the General Fund initially allocated for ongoing and major maintenance resources; and

- A transfer from the Special Reserve Fund-Other than Capital Outlay of $17.3 million to fund General Fund operating expenses.

LACOE has until September 15, 2025 to approve, conditionally approve or disapprove the District's Fiscal Year 2025-26 Budget. The District cannot predict whether nor make any guarantees that LACOE will approve the Fiscal Year 2025-26 Budget or any future budgets. For more information on the Fiscal Year 2025-26 Budget, see "–Fiscal Year 2025-26 Budget." See also "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance," for more information regarding the District's declining enrollment.

District General Fund Budgets and Audited Actuals. The following Table A-11a sets forth the District's Adopted Budgets for the District General Fund, inclusive of regular and specially funded programs, for fiscal years 2021-22 through 2025-26, and the audited results for fiscal years 2021-22 through 2023-24. The budgeted beginning balance for each fiscal year reflects the estimated ending balance for the prior fiscal year based upon information as of the budget adoption date. Accordingly, the budgeted ending balance for a fiscal year and the subsequent budgeted beginning balance may differ from the actual ending balance and actual beginning balance.

District Interim Financial Reports. A State law adopted in 1991 (known as "A.B. 1200") imposed financial reporting requirements on school districts and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200 and the Education Code (Section 42100 *et. seq.*), each school district is required to file two interim certifications with the county superintendent of schools (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The county superintendent of schools reviews the certification and issues either a positive, negative or qualified certification. In the past five fiscal years, the District has received a qualified certification for its first interim report for fiscal year 2021-22.

A positive certification is assigned to any school district that, based on then current projections, will meet its financial obligations for the current fiscal year and the subsequent two fiscal years. A negative certification is assigned to any school district that, based on then current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year. A qualified certification is assigned to any school district that, based on then current projections, may not meet its financial obligations for the current fiscal year or the two subsequent fiscal years. A certification may be revised to a negative or qualified certification by the county superintendent of schools, as appropriate. A school district that receives a qualified or negative certification for its second interim report must provide

to the county superintendent of schools, the State Controller and the Superintendent no later than June 1, financial statement projections of the school district's fund and cash balances through June 30 for the period ending April 30. Any school district that receives a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax and revenue anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the school district, unless the county superintendent of schools determines that the school district's repayment of indebtedness is probable.

For school districts under fiscal distress, the county superintendent of schools is authorized to take a number of actions to ensure that the school district meets its financial obligations, including budget revisions. The county superintendent of schools, however, is not authorized to approve any diversion of revenue from *ad valorem* property taxes levied to pay debt service on district general obligation bonds. A school district that becomes insolvent may, upon the approval of a fiscal plan by the county superintendent of schools, request an emergency appropriation from the State, in which case the county superintendent of schools, the Superintendent of Public Instruction and the president of the State board or the president's designee will appoint a trustee to serve the school district until it has adequate fiscal systems and controls in place. The acceptance by a school district of an emergency apportionment exceeding 200% of the reserve recommended for that school district constitutes an agreement that the county superintendent of schools will assume control of the school district in order to ensure the school district's return to fiscal solvency.

In the event the State elects to provide an emergency apportionment to a school district, such apportionment will constitute an advance payment of apportionments owed to the school district from the State School Fund and the Education Protection Account. The emergency apportionment may be accomplished in two ways. First, a school district may participate in a two-part financing in which the school district receives an interim loan from the State general fund, with the agreement that the school district will subsequently enter into a lease financing with the California Infrastructure and Economic Development Bank for purposes of financing the emergency apportionment, including repaying such amounts advanced to the State general fund. State law provides that so long as bonds from such lease financing are outstanding, the recipient school district (via its administrator) cannot file for bankruptcy. As an alternative, a school district may receive an emergency apportionment from the State general fund that must be repaid in 20 years. Each year, the Superintendent of Public Instruction will withhold from the apportionments to be made to the school district from the State School Fund and the Education Protection Account an amount equal to the emergency apportionment repayment that becomes due that year. The determination as to whether the emergency apportionment will take the form of a lease financing or an emergency apportionment from the State general fund will be based upon the availability of funds within the State general fund.

The District revises its projections of revenues, expenditures, and ending fund balances contained in the Fiscal Year 2025-26 Budget as more financial data becomes available throughout the fiscal year. The Fiscal Year 2025-26 Budget reflects the District's estimates for fiscal year 2024-25 and also reflects multi-year projections through fiscal year 2027-28. The projections for fiscal year 2027-28 reflect a negative General Fund Balance. In order to address this issue, the District adopted its Fiscal Stabilization Plan on June 17, 2025. See "District Budget – *Fiscal Stabilization Plans*." The achievement of certain results or other expectations contained in the Fiscal Year 2025-26 Budget involves known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements described therein to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. All projections, forecasts, assumptions, expressions of opinions, estimates, and other forward-looking statements contained in the Fiscal Year 2025-26 Budget are expressly qualified in their entirety by the foregoing and the other cautionary statements.

The following Table A-13 sets forth budgeted revenues and expenditures and estimated actual results for year-end amounts, including estimated and year-end General Fund Balances, as reported in the Fiscal Year 2025-26 Budget.

TABLE A-13
LOS ANGELES UNIFIED SCHOOL DISTRICT
District General Fund Summary of Fund Balances, Revenues and Expenditures
Fiscal Year 2024-25
($ in millions)[1]

	Fiscal Year 2024-25 Final Adopted Budget	Fiscal Year 2024-25 Estimated Actuals
Beginning Balance	$6,356.9	$6,421.9
Revenues	9,407.3	9,505.6
Expenditures	11,163.5	11,306.7
Excess (Deficiency) of Revenues Over Expenditures Before Other Financing Sources and Uses	(1,756.2)	(1,801.2)
Other Financings Sources/Uses	(20.2)	(347.6)[3]
Ending Balance	$4,580.5	$4,273.2

[1] Totals may not add due to rounding.
[2] Does not include audit adjustments.
[3] Increase due to proceeds from 2024-25 Notes and insurance for fire damage offset by a transfer to Fund 17 Special Reserve Fund for Other Than Capital Outlay Projects.

Employees and Labor Relations

General. The District has twelve bargaining units with existing contracts. The largest bargaining unit among the District's employees is United Teachers Los Angeles ("UTLA"), which is comprised of among other employees, teachers, counselors, adviser, nurses, psychologists, and social workers. In addition, certain employees are not represented by a formal bargaining unit (the "District Represented Employees"). The following Table A-14 sets forth the number of members of each bargaining unit as of January 1, 2025, and the expiration dates of the existing or successor labor agreements with each of the District's employee bargaining units.

TABLE A-14
LOS ANGELES UNIFIED SCHOOL DISTRICT
Employee Bargaining Units and Contract Expiration Dates
As of June 2, 2025

Employee Bargaining Unit	Members	Contract Expiration Date (June 30)
Associated Administrators of Los Angeles ("AALA") (Certificated)	2,606	2025
Unit A (School Police)	258	2025

Negotiations Regarding Labor Contracts. The United Teachers Los Angeles ("UTLA") and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the "UTLA Agreement"). For fiscal year 2022-23, the UTLA Agreement provides for a 3% on schedule retroactive wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule retroactive wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023. For fiscal year 2023-24, the UTLA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024. For fiscal year 2024-25, the UTLA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. In addition, the UTLA Agreement (a) provides for certain on schedule salary increases for certain employee groups, including special and early education teachers, nurses and table employees, (b) provides for academic class size reduction in certain schools, (c) for adjustments in staffing ratios for counselors, pupil services and attendance counselors (PSA) and psychiatric social workers (PSW), (d) provides for additional funding for certain community schools, (e) for additional community school coach positions, and (f) includes differential pay increases for certain positions and programs. There are no reopeners provided for in the UTLA Agreement. The financial impacts of the UTLA Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. UTLA and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

SEIU Local 99 (Units B, C, F and G) and the District reached a one-year agreement for fiscal year 2020-21, and a three-year agreement for fiscal years 2021-22 through 2023-24 (collectively, the "SEIU Agreements"). Under the SEIU Agreements, (a) based on the salary table effective July 1, 2021, all SEIU bargaining unit members will receive a 6% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (b) based on the salary table effective July 1, 2022, all SEIU bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (c) based on the salary table effective July 1, 2023, all SEIU bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and (d) based on the salary table effective January 1, 2024, there will be a $2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. In addition, the SEIU Agreements (a) provide for the funding an Education and Professional Development Fund in the amount of $3 million, (b) effective January 1, 2024, make employees assigned 4 hours per day or 80 hours per month, with respect to Units F and G, eligible (along with eligible dependents) to enroll in certain low cost health insurance plans or receive a cash amount if the employee opts out, and (c) include certain pay differentials and one-time pay increases. There are no reopeners provided for in the SEIU Agreements. SEIU Local 99 (Units B, C, F and G) and the District are in successor negotiations for a three-year agreement for Fiscal Years 2024-25, 2025-26 and 2026-27. Any financial impacts of a successor agreement will be incorporated into future budget projections once negotiations are concluded and the agreements are ratified by the unions and adopted by the Board.

AALA (Certificated Administrators) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the "AALA (Certificated Administrators) Agreement") with on schedule salary increases to be applied to the AALA (Certificated Administrators) master salary table comparable to the increases provided to UTLA in the UTLA Agreement. There are no reopeners provided for in the AALA (Certificated Administrators) Agreement. As a result of such agreement, the District anticipates an increase in fiscal year 2023-24 expenditures of approximately $87.07 million (all funds), of which approximately $81.10 million relate to the District's general fund. Of such amounts, approximately $25.07 million (all funds) of such expenditures ($23.36 million related to the District's general fund) reflect expenditures

attributable to fiscal year 2022-23 and are to be paid in fiscal year 2023-24. The financial impacts of the AALA (Certificated Administrators) Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. AALA (Certificated Administrators) and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

CSEA (Unit D – Technical and Business Services) and the District have reached a three-year agreement for fiscal years 2023-24 through 2025-26 (the "CSEA Agreement"). The CSEA Agreement provides for one reopener for fiscal year 2024-25 and fiscal year 2025-26. Based on the salary table effective July 1, 2023, all CSEA bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and based on the salary table effective January 1, 2024, there will be a $2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. The CSEA Agreement also provides for an increase to $22.52 effective January 1, 2024, for the classifications of Office Technician, Parent Education Support Assistant, Parent Resource Assistant, Microfilm Operator, Clerk, and Student Integration Helper. The financial impacts of the CSEA Agreement are incorporated in the Fiscal Year 2024-25 Budget. CSEA (Unit D – Technical and Business Services) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2026-27 through 2028-29 after January 1, 2026.

Teamsters (Unit S – Classified Supervisors) and the District reached a three-year agreement for fiscal years 2021-22 through 2023-24 (the "Teamsters Agreement"). Under the Teamsters Agreement (a) based on the salary table effective July 1, 2021, all Teamsters bargaining unit members will receive a 1% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables (which is in addition to the 5% increase previously agreed to and applied); (b) based on the salary table effective July 1, 2022, all Teamsters bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (c) based on the salary table effective July 1, 2023, all Teamsters bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and (d) based on the salary table effective January 1, 2024, there will be a $2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. Teamsters (Unit S – Classified Supervisors) and the District are in successor negotiations for a three-year agreement for Fiscal Years 2024-25, 2025-26 and 2026-27. Any financial impacts of a successor agreement will be incorporated into future budget projections once negotiations are concluded and the agreements are ratified by the unions and adopted by the Board.

LASPA (Unit A – School Police) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the "LASPA Agreement"). The LASPA Agreement provides, with respect to sworn officers, (a) for fiscal year 2022-23, a 3% retroactive on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% retroactive on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. The LASPA Agreement provides, with respect to school safety officers, (a) for fiscal year 2022-23, a 7% retroactive on schedule wage increase applied to the base salary tables effective July 1, 2022; (b) for fiscal year 2023-24, a 7% on schedule wage increase applied to the base salary tables effective July 1, 2023; and (b) for a Step 1 an increase to $22.52 effective January 1, 2024, with the subsequent Steps applied accordingly. The classification of school safety officer is not included in the on-schedule fiscal year 2024-25 wage increase as the additional increase is being provided on January 1, 2024. There are no reopeners provided for in the LASPA Agreement. The financial impacts of the LASPA Agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget. LASPA and the District are currently in dispute over LASPA's assertion that they are entitled to a $1.00 per hour increase

for fiscal year 2019-20. LASPA (Unit A – School Police) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

LASPMA (Unit H – School Police Management) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the "LASPMA Agreement"). For fiscal year 2022-23, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023. For fiscal year 2023-24, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024. For fiscal year 2024-25, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024 and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. There are no reopeners provided for in the LASPMA Agreement. The financial impacts of the LASPMA Agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget. LASPMA (Unit H – School Police Management) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

"Trades" (Unit E) and the District reached agreements for fiscal years 2022-23 through 2024-25 (the "Trades Agreement"). The Trades Agreement provides (a) for fiscal year 2022-23, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. During the term of the Trades Agreement for fiscal years 2022-23 through 2024-25, the District and Trades have agreed to reopen on two items – health and welfare and deferred compensation, but have not begun negotiations. The financial impacts of the Trades Agreement for scheduled wage increases are incorporated into the Fiscal Year 2024-25 Budget. "Trades" (Unit E) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

AALA (Unit J – Classified Managers) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the "AALA Agreement"). The AALA Agreement provides (a) for fiscal year 2022-23, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. There are no reopeners provided for in the AALA Agreement. The financial impacts of the AALA Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. AALA (Unit J – Classified Managers) and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

Employees that are classified as "District-represented" are not in a formal bargaining unit. In alignment with District Board-approved labor agreements discussed above, District-represented employees will receive comparable compensation adjustments. District-represented employees as well as employees

in positions that have not yet been assigned a union, totaling approximately 2,200 positions, with salaries within the range of union-represented classifications, will receive a 21% wage increase, beginning with 3% effective July 1, 2022; 4% on January 1, 2023; 3% on July 1, 2023; 4% on Jan. 1, 2024; 3% on July 1, 2024; and 4% on Jan. 1, 2025. District-represented employees, totaling approximately 87 positions, with salaries outside of the range of union-represented classifications, will receive a 15% wage increase, beginning with 3% effective July 1, 2022; 4% on January 1, 2023; 2% on July 1, 2023; 2% on Jan. 1, 2024; 2% on July 1, 2024; and 2% on Jan. 1, 2025. The financial impacts of the District-represented agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget.

The District entered a memorandum of understanding with SEIU and UTLA modifying the three-year tentative instructional calendar approved by the District Board on March 27, 2023, to a two-year instructional calendar (fiscal years 2023-24 and 2024-25). The memorandum of understanding maintains a three-week (15 days) winter break, provides for three additional instructional days to make up for lost instructional days in March 2023, and provides for instruction, enrichment, nutrition and child supervision through a voluntary winter recess academy in each such fiscal year. Subsequently, on December 11, 2023, the District entered a memorandum of understanding with CSEA with the same provisions outlined above in the SEIU and UTLA instructional calendar memorandum of understanding. The financial impacts of the memorandum of understanding with SEIU and UTLA and memorandum of understanding with CSEA are incorporated into the Fiscal Year 2024-25 Budget.

Health and Welfare Agreement. On October 5, 2023, the District reached a two-year agreement (the "Health and Welfare Agreement") with all of its bargaining units for calendar years 2024 and 2025 to continue providing health and welfare benefits for active employees and retirees at no additional cost to participants. Under the Health and Welfare Agreement, the District will make contributions to fully fund the per-participant actual costs of current health and welfare benefits, including administrative cost, for the 2024 and 2025 calendar years. This is exclusive of any plan design changes that increase benefit costs and is different than previous agreements where the District's obligation was to pay a fixed dollar amount for each participant category. The Health and Welfare Agreement also provides that any unspent health care reserve funds held pursuant to the District's prior health and welfare agreements will be maintained as reserves for the term of the Health and Welfare Agreement and used to improve or adjust health care plan designs as agreed to from time to time by the parties and approved by the District Board. As of June 30, 2023, and June 30, 2024, the District had $107.7 million and $(7.0) million, respectively, in health care reserves. The deficit has been addressed by increasing the annual rate for fiscal year 2024-25, from $15,500 to $18,400 per employee. The financial impacts of the Health and Welfare Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. Future District health and welfare contributions are subject to negotiations for a successor agreement. Such negotiations commenced on June 23, 2025.

Reduction in Force and Release Notices. In general, pursuant to Sections 44949 and 44951 of the Education Code, the District must give written notice to a certificated employee no later than March 15 if such certificated employee is to be released or reassigned for the ensuing school year. Similarly, pursuant to Section 45117 of the Education Code, the District must give written notice to a classified employee no later than March 15 if such classified employee is to be laid off for the ensuing school year. Further, pursuant to Sections 44955.5 and 45117(d) of the Education Code (as applicable), the District Board has the authority to terminate the services of certificated and classified employees between the period commencing five days after the enactment of the annual State Budget Act and August 15 of the fiscal year to which the State Budget Act applies if the District's LCFF apportionment per unit of ADA has not increased by at least 2% for such fiscal year. To provide flexibility in the event budget reductions are necessary in a given fiscal year, the District Board may approve the use of reduction in force and release notices for a portion of its certificated and classified employees. The Board approved release notices, which were sent to certificated employees before March 15, 2025. To date, however, no employees have been released. There were no reduction in force notices approved by the District before March 15, 2025, for the 2025-26 school year.

Retirement Systems

General. The District currently participates in CalSTRS, CalPERS and PARS (defined herein). The amounts of the District's contributions to CalSTRS, CalPERS and PARS are subject to, among other things, modifications to or approvals of collective bargaining agreements and any changes in actuarial assumptions used by CalSTRS, CalPERS and PARS.

The information set forth below regarding CalSTRS and CalPERS and their respective actuarial valuations and comprehensive annual financial reports has been obtained from publicly available sources and has not been independently verified by the District and is not guaranteed as to the accuracy or completeness thereof by or to be construed as a representation by the District. Furthermore, the summary data below should not be read as current or definitive, as recent gains or losses on investments made by the retirement systems generally may have changed the unfunded actuarial accrued liabilities stated below.

The following Table A-15 sets forth the District's aggregate contributions to CalSTRS, CalPERS and PARS, inclusive of employee contributions to CalPERS paid by the District, for fiscal years 2021-22 through 2023-24, estimated actual results for fiscal year 2024-25, and budgeted amounts for fiscal year 2025-26, and these contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2021-22 through 2025-26. See tables below entitled "Annual Regular CalSTRS Contributions," "Annual CalPERS Regular Contributions" and "Annual PARS Contribution." See also the District's financial statements contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

TABLE A-15
LOS ANGELES UNIFIED SCHOOL DISTRICT
Aggregate Employer Contributions to CalSTRS, CalPERS and PARS
Fiscal Years 2021-22 through 2025-26
($ in millions)

Fiscal Year	District Contributions[1]	District Contribution as Percentage of Total Governmental Funds Expenditures
2021-22	$4 869.20	7.12%
2022-23	1,040.40	8.36
2023-24	1,201.06	8.60
2024-25[2]	1,286.47	8.53
2025-26[3]	1,285.79	7.54

(1) Reflects data for all District Funds, including the District's General Fund. Excludes on-behalf payments from the State to CalSTRS and CalPERS.
(2) Unaudited estimated actuals.
(3) Budgeted in Fiscal Year 2025-26 Budget. Amounts do not reflect labor agreements not reflected in Fiscal Year 2025-26 Budget. For a discussion of pending labor agreements not reflected in the Fiscal Year 2025-26 Budget, see "– Employees and Labor Relations – Negotiations Regarding Labor Contracts" above.

California State Teachers' Retirement System. CalSTRS is a defined benefit plan that covers all full-time certificated District employees and some classified District employees, which are District employees employed in a position that does not require a teaching credential from the State. Benefit provisions are established by State legislation in accordance with the State Teachers' Retirement Law. CalSTRS is operated on a Statewide basis and, based on publicly available information, has substantial unfunded liabilities. Additional funding of CalSTRS by the State and the inclusion of adjustments to such State contributions based on consumer price changes were provided for in 1979 Statutes, Chapter 282. Copies of CalSTRS' comprehensive annual financial reports may be obtained from CalSTRS, P.O. Box 15275, Sacramento, California 95851-0275. The information presented in these reports is not incorporated by reference in this Official Statement.

Member benefits are determined pursuant to the Education Code and are generally based on a member's age, final compensation and years of credited service. Members are 100% vested in retirement benefits after five years of credited service and are eligible for "normal" retirement at age 60 and for early retirement at age 55 or at age 50 with 30 years of credited service. The normal retirement benefit is 2% of final compensation (as defined in the Education Code) for each year of credited service (up to 2.4% of final compensation for members retiring after age 60), and members who retire on or after January 1, 2011 with 30 or more years of service by December 31, 2010 receive monthly bonus payments of up to $400 per month. Members hired on or after January 1, 2013 who retire at age 62 are eligible for a benefit equal to 2% of final compensation for each year of credited service (up to 2.4% of final compensation for members retiring after age 62). Benefits include a 2% cost of living increase (computed on a simple, non-compounded, basis based on the initial allowance) on each September 1 following the first anniversary of the effective date of the benefit. See "– *California Public Employees' Pension Reform Act of 2013*" herein and Note 9 set forth in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Funding; Contributions. The CalSTRS defined benefit plan (the "DB Plan") is funded through a combination of investment earnings and statutorily set contributions from members of CalSTRS, the participating employers (including the District) and the State. Prior to fiscal year 2014-15, the statutorily-set rate did not vary annually to adjust for funding shortfalls or actuarial surpluses. As a result, the combined employer, employee and State contributions to the DB Plan were not sufficient to pay actuarially required amounts. To address the shortfall, Assembly Bill 1469 ("AB 1469"), signed into law by the Governor as part of the State budget for fiscal year 2014-15, increased member, employer and State contributions as part of a plan to eliminate by June 30, 2046, CalSTRS' unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014.

Pursuant to AB 1469, since fiscal year 2021-22, the State Teachers' Retirement Board is authorized to modify the percentages paid by employers and employees to eliminate by June 30, 2046, CalSTRS' unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014, based upon actuarial recommendations and subject to certain limitations. The State Teachers' Retirement Board may not increase the employer contribution rate by more than 1% in any fiscal year up to a maximum contribution rate of 20.25%. The State Teachers' Retirement Board may also adjust the State's contribution rate by a maximum of 0.5% from year to year, based on the funding status of the CalSTRS actuarially determined unfunded liability. A decrease in investment earnings may result in increased employer contribution rates in order to timely eliminate by June 30, 2046, CalSTRS' unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014, based upon actuarial recommendations. The District cannot predict the impact of State, national, and international events on investment earnings and contribution rates or the amount the District will be required to pay for pension related costs in future fiscal years.

The State is not an employer (with certain limited exceptions) in any of the CalSTRS programs but contributes to the DB Plan and a supplemental benefits maintenance account pursuant to provisions of the Education Code. For fiscal year 2023-24, the State contributed 8.328% of members' annual earnings to the DB Plan and an additional 2.5% of member earnings into the CalSTRS supplemental benefit maintenance account, which is used to maintain the purchasing power of benefits. The State's contribution rate for fiscal year 2024-25 will remain at 8.328% of members' annual earnings to the DB Plan and an additional payment of 2.5% of member earnings into the CalSTRS supplemental benefit maintenance account.

The District's employer contribution rate for fiscal year 2024-25 was 19.10% of covered payroll. The District's employer contribution rate for fiscal year 2025-26 will remain at 19.10% of covered payroll. The District's employer contribution rate is inclusive of the employer base contribution of 8.25% of payroll provided by the Education Code.

The employee contribution rate for CalSTRS members first hired on or before December 31, 2012 to perform CalSTRS creditable activities (i.e., CalSTRS 2% at 60 members) was 10.25% for fiscal years 2016-17 through 2023-24 and will remain at 10.25% for fiscal year 2024-25. The employee contribution rate for CalSTRS members first hired on or after January 1, 2013 to perform CalSTRS creditable activities (i.e., CalSTRS 2% at 62 members) was 9.205% for fiscal years 2016-17 and 2017-18, 10.205% for fiscal years 2018-19 through 2023-24, and will remain at 10.205% for fiscal year 2024-25.

The following Table A-9 sets forth the District's regular annual contributions to CalSTRS for fiscal years 2021-22 through 2023-24, estimated actuals for fiscal year 2024-25, and the budgeted contribution for fiscal year 2025-26 and such contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2021-22 through 2025-26. The District has always paid all required CalSTRS annual contributions. As of June 1, 2025, 38,960 District employees were members of CalSTRS.

TABLE A-16

Actuarial Valuation. The State Teachers' Retirement Board has sole authority to determine the actuarial assumptions and methods used for the valuation of the DB Plan. CalSTRS actuarial consultant (the "Actuarial Consultant") determines the actuarial value of the DB Plan's assets by using a one-third smoothed recognition method of the difference between the actual market value of assets to the expected actuarial value of assets. Accordingly, the actuarial value of assets will not reflect the entire impact of certain investment gains or losses on an actuarial basis as of the date of the valuation or legislation enacted subsequent to the date of the valuation.

The actuarial valuation for the entire CalSTRS defined benefit program as of June 30, 2024 (the "2024 CalSTRS Actuarial Valuation") showed an estimated unfunded actuarial liability of $88.7 billion, a increase of approximately $2.1 billion from the June 30, 2023 valuation. The actual unfunded actuarial liability as of June 30, 2024, represents a net actuarial loss of approximately $3.1 billion. Such net actuarial loss is due primarily to change in actuarial value assumptions based on the most recent experience analysis, member salary increases being more than assumed, and offset by market value returns (estimated at 8.20%) being greater than assumed (7.00%) and returns on actuarial value of assets (estimated at 7.60%) being greater than assumed as the recognition of actuarial investment gains which were previously deferred had a greater impact on recognition of the less-than-assumed market return for the most recent year. The funded ratios of the actuarial value of valuation assets over the actuarial accrued liabilities as of June 30, 2024, and June 30, 2023, based on the actuarial assumptions, were approximately 76.70% and 75.90%, respectively.

According to the 2024 CalSTRS Actuarial Valuation, the funded ratio increased by 0.80% during the past year. As described in the 2024 CalSTRS Actuarial Valuation, the increase in the funded ratio is primarily due to the expected year-to-year change due to contributions received to pay down the unfunded actuarial liability and the return on the Actuarial Valuation of Assets exceeding the assumed return, which was partially offset by the impact of greater-than-assumed salary increases. Persistent negative returns on investments may result in increased employer contribution rates above the current level of expected increases. The District cannot predict the impact of State, national, and international events on investment returns and employer contribution rates or the amount the District will be required to pay for pension related costs. Accordingly, there can be no assurances that the District's required contributions to CalSTRS will not increase in the future, subject to the limitations of AB 1469.

The following are certain of the actuarial assumptions set forth in the 2024 CalSTRS Actuarial Valuation: measurement of accruing costs by the "Entry Age Normal Actuarial Cost Method," an assumed 7.00% investment rate of return for measurements subsequent to June 30, 2016, 3.00% interest on member accounts, 3.50% projected wage growth, 3.25% payroll growth, and 2.75% projected inflation and demographic assumptions relating to mortality rates, length of service, rates of disability, rates of withdrawal, probability of refund, and merit salary increases. Future estimates of the actuarial unfunded liability may change due to market performance, legislative actions and other experience that may differ from the actuarial assumptions used for the CalSTRS valuation. The 2024 CalSTRS Actuarial Valuation also assumes that all members hired on or after January 1, 2013, are subject to the provisions of PEPRA (as defined herein). See *"– California Public Employees' Pension Reform Act of 2013"* below for a discussion of the pension reform measure signed by the Governor in September 2012 expected to help reduce future pension obligations of public employers with respect to employees hired on or after January 1, 2013.

The CalSTRS ACFR for fiscal year 2023-24 (the "2023-24 CalSTRS ACFR") states that during fiscal year 2023-24, CalSTRS included 42,010 covered employees of the District in its State Teachers' Retirement Program and 3,876 covered employees of the District in its tax-deferred defined contribution plans under Sections 403(b) and 457 of the Internal Revenue Code (the "Pension2 Program"). Accordingly, covered employees of the District represented approximately 7.90% and 11.40% of covered employees in the State Teachers' Retirement Program and Pension2 Program, respectively.

The UAAL and funded status of the CalSTRS pension fund as of June 30 of fiscal years ended June 30, 2020 through June 30, 2024, are set forth in the following Table A-10. The fair market value of the CalSTRS pension fund as of June 30, 2023 and June 30, 2024, was approximately $299.1 billion and $321.9 billion, respectively. The individual funding progress for the District and the District's proportionate share of CalSTRS' net pension liability is set forth in the District's audited financial statements. See "– *Pension Accounting and Financial Reporting Standards*" herein and Note 9 set forth in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

TABLE A-17
Actuarial Value of CalSTRS Defined Benefit Program
Valuation Dates June 30, 2020 through June 30, 2024
($ in billions)

Valuation Date (June 30)	Actuarial Obligation	Actuarial Value of Assets[(1)]	Market Value of Assets	Unfunded Actuarial Obligation	Funded Ratio (Actuarial Value)	Funded Ratio (Fair Market Value)
2020	322.127	216.252	233.253	105.9	67.1	66.5
2021	332.082	242.363	292.980	89.7	73.0	81.9
2022	346.089	257.537	283.340	88.6	74.4	75.2
2023	359.741	273.155	299.148	86.6	75.9	76.2
2024	380.507	291.838	321.910	88.7	76.7	77.5

Sources: California State Teachers' Retirement System Defined Benefit Program Actuarial Valuations as of June 30, 2020 through June 30, 2024.

District Proportionate Share. As of June 30, 2024, the District's proportionate share of CalSTRS' net pension liability was approximately $4.0 billion, based on a discount rate of 7.10%. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the fiscal year 2022-23 employer contributions calculated by CalSTRS with consideration given to separately financed and irregular employer contributions relative to the projected contributions of all participating employer and non-employer contributing entities. At June 30, 2023, the District's proportionate rate was 5.133%. See Note 9(b) of the District's financial statements in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

California Public Employees' Retirement System. CalPERS is a defined benefit plan that covers classified personnel who work four or more hours per day. CalPERS is operated on a Statewide basis and, based on publicly available information, has significant unfunded liabilities. CalPERS issues a comprehensive annual financial report and actuarial valuations that include financial statements and required supplementary information. Copies of the CalPERS ACFRs and actuarial valuations may be obtained from the CalPERS Financial Services Division, P.O. Box 942703, Sacramento, California 94229-2703. The information set forth therein is not incorporated by reference in this Official Statement. Benefit provisions are established by State legislation in accordance with the Public Employees' Retirement Law and are generally based on a member's age, final compensation, and years of credited service. For a description of member benefits for both the Safety Plan and Miscellaneous Plan of the District administered by CalPERS, see Note 9(a) set forth in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Funding; Contributions. All qualifying classified employees of K-12 school districts in the State are members in CalPERS. All school districts contributing to CalPERS participate in the same plan and share the same contribution rate in each year. Unlike contributions to CalSTRS, however, which incrementally increase at statutorily set rates, school districts' contributions to CalPERS fluctuate each year and include a normal cost component and a component equal to an amortized amount of the unfunded liability of CalPERS. Accordingly, the District cannot provide any assurances that the District's required contributions to CalPERS in future years will not significantly vary from any current projected levels of contributions to CalPERS.

CalPERS is funded by employee contributions and investment earnings, with the balance of the funding provided by employer contributions. School districts' contributions decrease when investment earnings rise and increase when investment earnings decline. As a result, declines in investment earnings

may result in substantial increases in school district contributions. The District cannot make any predictions as to the effect of State, national or international events on investment earnings and school district contributions. Participating employees enrolled in CalPERS prior to January 1, 2013 contribute 7.00% of their respective salaries, while participating employees enrolled after January 1, 2013 contribute the higher of fifty percent of normal costs of benefits or an actuarially determined rate of 8.00% in fiscal year 2023-24, which remains at 8.00% in fiscal year 2024-25. School districts are required to contribute to CalPERS at an actuarially determined rate, which was originally 20.733% and 22.68% of eligible salary expenditures for fiscal years 2019-20 and 2020-21, respectively. The employer contribution rate for fiscal year 2019-20, however, was reduced to 19.721% as a result of the State's buy-down of employer contribution rates in fiscal year 2019-20. Similarly, the fiscal year 2020-21 State budget allocated funding to buy down employer contribution rates in fiscal years 2020-21 and 2021-22 to approximately 20.70% and 22.91%, respectively. The actuarially determined rate for employer contributions was 25.37% for fiscal year 2022-23 and 26.68% for fiscal year 2023-24 and is 27.05% for fiscal year 2024-25. For a description of employer and member contribution rates, see Note 9(a) set forth in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

The following Table A-18 sets forth the District's employer contribution rates, regular annual contributions, inclusive of employee contributions paid by the District to CalPERS for fiscal years 2021-22 through 2023-24, and the budgeted contribution for fiscal year 2024-25, and such contributions as a percentage of the District's Total Governmental Funds expenditures for said fiscal years. The District has always paid all required CalPERS annual contributions. As of June 1, 2025, 32,015 District employees were members of CalPERS.

TABLE A-18

Actuarial Valuation. Since the June 30, 2015, valuation, CalPERS has employed an amortization and smoothing policy that apportions all gains and losses over a fixed 30-year period with the increases or decreases in the rate spread directly over a five-year period. In contrast, the previous policy spread investment returns over a 15-year period with experience gains and losses spread over a rolling 30-year period. The amounts of the pension/award benefit obligation or UAAL will vary from time to time depending upon actuarial assumptions, and actual rates of return on investments, salary scales, and levels of contribution. See Table A-12 – "Actuarial Value of Schools Portion of CalPERS – Historical Funding Status" herein.

The CalPERS Schools Pool Actuarial Valuation as of June 30, 2023 (the "2023 CalPERS Schools Pool Actuarial Valuation"), was released in August 2024, and such valuation reported an actuarial accrued liability of approximately $124.92 billion with the market value of assets at approximately $84.29 billion, and a funded status of approximately 67.50%. From June 30, 2022, to June 30, 2023, the funded status of the CalPERS Schools Pool decreased by approximately 0.40%, and the unfunded accrued liability increased by approximately $3.04 billion, largely due to salary increases in Fiscal Year 2022-23 being higher than expected.

CalPERS reported a 5.8% net return on investments for fiscal year 2022-23. In Fiscal Year 2021-22, however, CalPERS' reported its first negative return on investments since fiscal year 2008-09. Such negative return generated an actuarial investment loss of approximately $12.40 billion, which will be amortized over 20 years with a five-year phase in, and increased the component of the expected employer contribution rate related to the unfunded liability contribution in fiscal year 2023-24 by 1.69% of payroll. The 2023 CalPERS Schools Pool Actuarial Valuation reports that the employer contribution rates for fiscal years 2025-26, 2026-27, 2027-28, 2028-29, and 2029-30 are projected to be 27.60%, 28.00%, 29.20%, 29.00%, and 28.80%, respectively. Such projections assume that all actuarial assumptions will be realized, including net investment returns in such fiscal years of 6.80%, and that no further changes to assumptions, contributions, benefits or funding will occur during such fiscal years. Persistent negative returns on investments may result in increased employer contribution rates above the current level of expected increases reflected in the 2023 CalPERS Schools Pool Actuarial Valuation. Actual contribution rates will differ from such projections. The District cannot predict the impact of State, national, and international events on investment returns and employer contribution rates. Accordingly, there can be no assurances that the District's required contributions to CalPERS will not significantly increase in the future.

The 2023 CalPERS Schools Pool Actuarial Valuation as summarized assumes, among other things, 2.30% price inflation, 2.80% wage inflation and payroll growth of 2.80% compounded annually. The 2023 CalPERS Schools Pool Actuarial Valuation as summarized reflects a discount rate of 6.80% compounded annually (net of investment and administrative expenses) as of June 30, 2023. The CalPERS Board of Administration adopted new demographic assumptions on November 17, 2021, including a reduction in the discount rate from 7.00% as of June 30, 2020, to 6.80% as of June 30, 2021, a reduction in the inflation assumption from 2.50% as of June 30, 2020 to 2.30% as of June 30, 2021, and an increase in payroll growth from 2.75% as of June 30, 2020 to 2.80% as of June 30, 2021. Such assumption changes result in increases in both the normal cost and unfunded liabilities contributions to be paid in the future. The actuarial funding method used in the 2023 CalPERS Schools Pool Actuarial Valuation is the "Entry Age Normal Cost Method."

In November 2024, PERS released its 2024 Annual Review of Funding Levels and Risk (the "2024 PERS Funding Levels and Risk Report"), which provided a summary of the current funding levels of the system, the near-term outlook for required contributions and risks faced by the system in the near and long-term. The 2024 PERS Funding Levels and Risk Report notes that over the next several years there is the potential for various factors to either further increase required contributions or add additional financial strain on employers and their ability to make required contributions, including inflation and near-term economic turmoil. The 2024 PERS Funding Levels and Risk Report notes that over the last few years, price inflation has been significantly higher than the PERS long-term assumption of 2.3%, which can affect liability measures and investment returns in several ways and which can be difficult to quantify. The most direct impact of high inflation is that retirees can receive higher than expected cost of-living adjustments and active employees can receive higher than expected salary increases, which could increase actuarial losses in the future. The 2024 PERS Funding Levels and Risk report concludes that, as of June 30, 2023, the PERS Retirement System had experienced a couple of years of investment returns below the expected return of 6.8%, and actuarial losses primarily due to high inflation which resulted in unexpected cost of living adjustments for retirees and higher than expected member pay increases, which resulted in increased employer contributions along with further increases forecasted for the near future. Despite the strong investment return for the fiscal year ending June 30, 2024, the 2024 PERS Funding Levels and Risk Report

notes that employer contributions are currently at relatively high levels due to large amounts of unfunded accrued liability, and uncertainty within the economy suggests possible economic turmoil in the near future. The 2024 PERS Funding Levels and Risk Report concludes that the ability of employers to continue making required contributions to the system is the area of greatest concern.

The UAAL and funded status of the schools portion of CalPERS as of June 30 of fiscal years ended June 30, 2019 through June 30, 2023 are set forth in the following Table A-19.

TABLE A-19
Actuarial Value of Schools Portion of CalPERS
Historical Funding Status
Valuation Dates June 30, 2019 through June 30, 2023
($ in millions)

Valuation Date (June 30)	Actuarial Accrued Liabilities	Market Value of Assets (MVA)	Funded Status (MVA)	Unfunded Liabilities/ (Surplus) (MVA)	Projected Payroll for Determining Contributions	Unfunded Liability/ (Surplus) as a % of Payroll
2019	$ 99,528	$ 68,177	68.5%	31,351	14,844	211.2
2020	104,062	71,400	68.6	32,662	15,295	213.6
2021	110,507	86,519	78.3	23,988	15,181	158.0
2022	116,982	79,386	67.9	37,596	16,731	224.7
2023	124,924	84,292	67.5	40,632	19,055	213.2

Source: CalPERS Schools Pool Actuarial Valuation as of June 30, 2023.

District Proportionate Share. As of June 30, 2024, the District reported a net pension liability of $2.8 billion for its proportionate share of the net pension liability of the Miscellaneous Plan. The net pension liability of the Miscellaneous Plan was measured by CalPERS as of June 30, 2023, and the total pension liability for the Miscellaneous Plan used to calculate the net pension liability was determined by CalPERS pursuant to an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. The District's proportion of the net pension liability was based on the fiscal year 2022-23 employer contributions calculated by CalPERS. As of June 30, 2024, the District's proportion of the CalPERS net pension liability was approximately 7.746%. See "– *Pension Accounting and Financial Reporting Standards*" herein and Note 9(a) to the audited financial statements of the District contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Safety Plan Actuarial Valuation; Net Pension Liability. The CalPERS Safety Plan of the Los Angeles Unified School District (Employer # 3614620780) Annual Valuation Report as of June 30, 2023 uses the "Entry Age Normal Cost Method" as the actuarial funding method and assumes, among other things, a 6.80% investment rate of return (net of administrative expenses), projected annual salary increases based on category, entry age, and duration of service, projected inflation of 2.30% and projected payroll growth of 2.80%. The UAAL and funded status of the District's Safety Plan, which is an individual component of CalPERS, as of June 30 of fiscal years ended June 30, 2019 through June 30, 2023, are set forth in the following Table A-20. As of June 30, 2024, the District's net pension liability under the CalPERS Safety plan was $128.0 million. The net pension liability of the CalPERS Safety plan is measured as of June 30, 2023, using standard update procedures. See Note 9(a) to the audited financial statements of the District contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Public Agency Retirement System. On July 1, 1992, the District joined the Public Agency Retirement System ("PARS"), a multiple-employer retirement trust. This defined contribution plan covers the District's part-time, seasonal, temporary and other employees not otherwise covered by CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax. Benefit provisions and other requirements are established by District management based on agreements with various bargaining units. The District is unable to predict the amount of the contributions which the District may be required to make to PARS in the future. Accordingly, there can be no assurances that the District's required contributions to PARS will not significantly increase in the future above current levels. The District has always paid all required PARS annual contributions.

The following Table A-21 sets forth the District's annual contributions to PARS for fiscal years 2021-22 through 2023-24, the estimated actual results for fiscal year 2024-25, and the budgeted annual contribution to PARS for fiscal year 2025-26, and the contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2021-22 through 2025-26. As of June 1, 2025, 11,899 active District employees were members of PARS.

TABLE A-21
LOS ANGELES UNIFIED SCHOOL DISTRICT
Annual PARS Contribution
Fiscal Years 2021-22 through 2024-25
($ in millions)

Fiscal Year	District Contributions[1][2]	District Contribution as Percentage of Total Governmental Funds Expenditures
2021-22	6.9	0.06
2022-23	6.2	0.05
2023-24	7.4	0.05
2024-25[3]	8.0	0.05
2025-26[4]	7.5	0.04

[2] Includes amounts related to prior years' PARS contributions.
[3] Estimated actual results.
[4] Budgeted in Fiscal Year 2025-26 Budget. Amounts do not reflect labor agreements not reflected in Fiscal Year 2025-26 Budget. For a discussion of pending labor agreements not reflected in the Fiscal Year 2025-26 Budget, see "– Employees and Labor Relations – *Negotiations Regarding Labor Contracts*" above.

Sources: Audited Annual Financial Report for fiscal years 2021-22 through 2023-24; Fiscal Year 2025-26 Budget; and the District for the percentage of Total Governmental Funds Expenditures.

California Public Employees' Pension Reform Act of 2013. In September 2012, the Governor approved Assembly Bill 340, the California Public Employees' Pension Reform Act of 2013 ("PEPRA"). Among other things, PEPRA establishes new retirement formulas for employees hired on or after January 1, 2013 ("PEPRA Employees") and prohibits public employers from offering defined benefit pension plans to PEPRA Employees that exceed the benefits provided thereunder. PEPRA increases the retirement age for new State, school, city and local agency employees depending on job function and limits the annual CalPERS and CalSTRS pension benefit payouts. PEPRA applies to all public employers except the University of California, charter cities and charter counties. However, PEPRA is applicable to those entities which contract with CalPERS.

PEPRA mandates equal sharing of normal costs between a contracting agency or school employer and their employees and that employers not pay any of the required employee contribution. However, PEPRA limits the contribution to an amount not in excess of 8% of pay for local miscellaneous or school members, not more than 12% of pay for local police officers, local firefighters, and county peace officers, and not more than 11% of pay for all local safety members. PEPRA requires employers to complete a good faith bargaining process as required by law prior to implementing changes regarding the contribution requirements. The contribution requirements of PEPRA went into effect on January 1, 2018. See "– *California State Teachers' Retirement System*" and "– *California Public Employees' Retirement System*" herein.

In addition, PEPRA amends existing laws to redefine final compensation for purposes of pension benefits for PEPRA Employees. Further, PEPRA permits certain public employers who have offered a lower defined benefit retirement plan before January 1, 2013 to continue to offer such plan to PEPRA Employees. If a public employer adopts a new defined benefit plan on or after January 1, 2013, however, such plan will be subject to PEPRA requirements unless, among other things, its retirement system's chief

actuary and retirement board certify that the new plan is not riskier or costlier to the public employer than the defined benefit formula required under PEPRA.

Pension Accounting and Financial Reporting Standards. In 2012, the Governmental Accounting Standards Board issued Governmental Accounting Standards Board Statement No. 68 – "Accounting And Financial Reporting For Pensions" ("GASB 68"), which revises and establishes new financial reporting requirements for most public employers, such as the District, that provide pension benefits to their employees. GASB 68, among other things, requires public employers providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability and provides greater guidance on measuring the annual costs of pension benefits, including thorough guidelines on projecting benefit payments, use of discount rates and use of the "entry age" actuarial cost allocation method. GASB 68 also enhances accountability and transparency through revised and new note disclosures and required supplementary information. GASB 68 became effective for the financial statements of plan employers, including the District's financial statements, commencing the fiscal year ended June 30, 2015.

Pursuant to GASB 68, CalSTRS and CalPERS will use a new blended rate that reflects a long-term rate of return on plan assets, which reflects a pension fund's long-term investment strategy, and a high-quality, non-taxable municipal bond index rate, to account for the potential need to borrow funds to pay pension benefits after net assets have been fully depleted. CalSTRS has cautioned that use of the new, blended discount rate may cause the financial statements of plans, such as CalSTRS, to reflect an increased unfunded liability.

Other Postemployment Benefits

General. In addition to employee health care costs, the District provides post-employment health care benefits ("OPEB") in accordance with collective bargaining agreements and the health benefits agreement. The District's OPEB consists of post-employment benefits for health, prescription drug, dental, and vision coverage for retirees and their dependents. As of June 30, 2024, there were approximately 61,692 active employees who meet the eligibility requirements for OPEB benefits, 39,777 inactive employees or beneficiaries currently receiving benefits, and 183 inactive employees entitled to but not yet receiving benefits, for a total of 101,652 current and former employees entitled to receive benefits under the District's OPEB plan. Historically, the District has funded these benefits on a pay-as-you-go basis, paying an amount in each fiscal year equal to the benefits distributed or disbursed in that fiscal year. Beginning in fiscal year 2013-14, the District's policy, subject to District Board approval, is to prefund a portion of its OPEB costs for employees, retirees and their beneficiaries by allocating funds for the express purpose of funding future other postemployment benefit costs to the extent possible. See "– District Financial Policies and Related Practices – *Budget and Finance Policy* – Liability Reserves" herein. The District Board approved the creation of the OPEB Trust Fund in May 2014.

As of June 30, 2024, the District has contributed approximately $583.3 million to the OPEB Trust Fund, inclusive of the District's contributions of $60 million in July 2014, $30 million in September 2014, $45 million in September 2015, $6 million in March 2016, $78 million in October 2016, $120 million in October 2017, $33.3 million in August 2023, $52.8 million in September 2023, $17.6 million in each of October 2023, November 2023, December 2023, January 2024, February 2024, March 2024, April 2024 and May 2024, and $17.4 million in June 2024. The District did not contribute to the Trust Fund in fiscal years 2018-19, 2019-20, 2020-21, 2021-22 and 2022-23, although the District, for internal purposes, designated $33.3 million of the $244.3 million contributed to the OPEB Trust Fund in fiscal year 2023-24 as a fiscal year 2022-23 contribution. As of a June 30, 2024 measurement date, the OPEB Trust Fund's net position was $820 million. For Fiscal Year 2024-25, for each of the months of July-May 2025, the District contributed $3.3 million to the OPEB Trust Fund and $3.7 million in June 2025, for a total of $40.0 million in Fiscal Year 2024-25. Based on the Fiscal Year 2025-26 Budget, the District has budgeted to contribute

$335.7[†] million from all funds of the District with eligible employees (not just the General Fund) to the OPEB Trust Fund in fiscal year 2025-26.

In the April 2024 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2023, measurement date for fiscal year 2023-24 (the "2023 Actuarial Valuation"), Aon Hewitt indicated that based on the District's current funding policy, projected cash flows, and the assumed asset return, the assets in the OPEB Trust Fund are projected to be depleted in fiscal year 2037-38 if such assets were drawn upon to pay benefits as they come due without the District funding such benefits on a pay-as-you-go basis. The year of depletion was projected to be fiscal year 2035-36 in the District's audited financial statements for fiscal year ended June 30, 2024. See Note 9 to the audited financial statements of the District contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

The following Table A-22 sets forth the District's funding of other postemployment benefits for fiscal years 2021-22 through 2023-24, the estimated actual results for fiscal year 2024-25, the budgeted contribution for fiscal year 2025-26, and the contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2021-22 through 2025-26. In addition, Table A-22 sets forth the District's contribution to the OPEB Trust Fund for fiscal years 2021-22 through 2025-26.

TABLE A-22
LOS ANGELES UNIFIED SCHOOL DISTRICT
Expenditures for Other Postemployment Benefits
Fiscal Years 2021-22 through 2025-26
($ in millions)

Fiscal Year	Pay-as-You-Go Amount	OPEB Trust Fund Contribution[(1)]	Total Amount	Expenditure as Percentage of Total Governmental Funds Expenditures
2021-22	$231.1	$0.0	$231.1	1.89%
2022-23	235.9	0.0	235.9	1.90
2023-24[(2)]	245.8	244.3	490.1	3.51
2024-25[(3)]	219.9	40.0	259.9	1.72
2025-26[(4)]	330.0	335.7[(5)]	665.7	3.90

(1) As of June 30, 2024, the District has contributed approximately $583.3 million to the OPEB Trust Fund, inclusive of the District's contributions of $60 million in July 2014, $30 million in September 2014, $45 million in September 2015, $6 million in March 2016, $78 million in October 2016, $120 million in October 2017, $33.3 million in August 2023, $52.8 million in September 2023, $17.6 million in each of October 2023, November 2023, December 2023, January 2024, February 2024, March 2024, April 2024 and May 2024, and $17.4 million in June 2024.

(2) The District, for internal purposes, designated $33.3 million of the $244.3 million contributed to the OPEB Trust Fund in fiscal year 2023-24 as a fiscal year 2022-23 contribution.

(3) Estimated actual results.

(4) Budgeted.

(5) It is anticipated that the additional OPEB contribution for Fiscal Year 2025-26 of $213.1 million will be reduced to $20 million and reflected in the District's First Interim Report for 2025-26, reducing the amount of $335.7 million to $142.6 million.

Sources: Audited Annual Financial Reports for fiscal years 2021-22 through 2023-24; Fiscal Year 2025-26 Budget; and the District for the percentage of Total Governmental Funds Expenditures.

[†] It is anticipated that the additional OPEB contribution for Fiscal Year 2025-26 of $213.1 million will be reduced to $20 million and reflected in the District's First Interim Report for 2025-26, reducing the amount of $335.7 million to $142.6 million.

Postemployment Benefits Other Than Pensions Accounting and Financial Reporting Standards. In June 2015, the GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions ("GASB 75"), which revised and established new accounting and financial reporting requirements for state and local governments, such as the District, that offer OPEB to employees. Pursuant to GASB 75, net OPEB liabilities are required to be recognized in the financial statements for such state and local governments. In addition, GASB 75 provides additional guidance with respect to recognizing and measuring liabilities, deferred outflows and inflows of resources, and expense/expenditures. GASB 75 directs the use of "entry age normal" as the actuarial cost allocation method to be used and the various procedures, assumptions and discount rates to be used in connection with the calculation of liabilities. In connection therewith, states and local governments that do not pre-fund their respective OPEB obligations may report increased liabilities. GASB 75, among other things, requires additional note disclosures and the presentation of required supplementary information in financial statements. GASB 75 was implemented in the District's audited financial statements beginning in fiscal year 2017-18.

The District's net OPEB liability takes into consideration the adoption of GASB 75, under which the District is required to recognize in full its total net OPEB liability rather than on an incremental basis. Over the past few years, the District has taken steps to (i) reduce its OPEB liability through a more cost-effective healthcare plan and (ii) pre-fund its OPEB liability by making deposits from time to time to an irrevocable trust when its reserves exceed the 5% Minimum Reserve Threshold, subject to District Board approval.

Changes in Net OPEB Liability. The District's net OPEB liability has fluctuated over time based on a variety of factors, including changes in healthcare plans and actuarial assumptions and the funded status of the OPEB Trust Fund. In the June 2023 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2022, measurement date for fiscal year 2022-23 (the "2022 Actuarial Valuation"), the District's actuary, Aon Hewitt, pointed out that a byproduct of the GASB 75 standards is the potential for increased volatility of results from year to year, which the District has experienced since the implementation of GASB 75. In January 2019, the District implemented a less costly healthcare plan, the Anthem Preferred PPO (50 state Medicare Advantage Plan) (the "Anthem PPO"), which replaced the United HealthCare Group Medicare Advantage Plan and the Anthem Blue Cross Medicare (EPO) plan. The implementation of the Anthem PPO together with certain updated actuarial assumptions resulted in a significant reduction in the District's net OPEB liability from $14.97 billion as of June 30, 2018 (prior to the Anthem PPO implementation) to $11.18 billion as of June 30, 2019 (after the Anthem PPO implementation) to $8.58 billion as of June 30, 2020 (based on further revised actuarial assumptions). However, the District's net OPEB liability as of June 30, 2021 increased to $11.06 billion and then decreased to $10.19 billion as of June 30, 2022 based on certain changes in actuarial assumptions described in more detail below. As of June 30, 2023, the District's net OPEB liability decreased to $8.48 billion also based on certain changes in actuarial assumptions also described in more detail below. See "*– 2022 Actuarial Valuation*" below for more information. As of June 30, 2024, the District net OPEB liability increased to $8.99 billion. See "*– 2023 Actuarial Valuation*" below for more information.

2022 Actuarial Valuation. The District's net OPEB liability decreased by approximately $1.70 billion from $10.19 billion as of June 30, 2022 to $8.48 billion as of June 30, 2023. According to the 2022 Actuarial Valuation, the 150-basis point increase in the discount rate from the March 2022 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2021 measurement date for fiscal year 2021-22 (the "2021 Actuarial Valuation") had a considerable impact in the 2022 Actuarial Valuation, decreasing the value of liabilities by more than 20%. As explained in the 2022 Actuarial Valuation, such impact, which is somewhat offset by low asset returns as of the measurement date, decreases the net OPEB liability and the OPEB expense for fiscal year 2022-23. The 2022 Actuarial Valuation reflects updated financial information for fiscal year 2022-23 and is based on the census data, actuarial assumptions, and plan provisions used in the 2021 Actuarial Valuation with the following changes:

- Assets: $469,939,493 as of June 30, 2022, measurement date
- Municipal Bond Rate: 3.54% as of June 30, 2022, based on the *Bond Buyer* General Obligation Bond 20-Bond Municipal Bond Index
- Contributions: Additional contribution of $211 million to OPEB Trust Fund scheduled to be made for fiscal years ending 2023, 2024 and 2025. The District currently budgets to contribute $244.3 million in fiscal year 2023-24, $33.3 million of which the District, for internal purposes, designated as a fiscal year 2022-23 contribution.
- Expected Long-Term Return on Assets: 6.10% as of June 30, 2022, based on District's revised expectations for certain asset allocations
- Discount Rate: 3.70% as of June 30, 2022, after reassessment based on updated assets and municipal bond rate as of June 30, 2022

2023 Actuarial Valuation. The District's net OPEB liability increased by approximately $509 million from $8.48 billion as of June 30, 2023 to $8.99 billion as of June 30, 2024. The 2023 Actuarial Valuation reflects updated financial information for fiscal year 2023-24 and is based on the census data, actuarial assumptions, and plan provisions used in the 2022 Actuarial Valuation with the following changes:

- Assets: $499,889,641 as of June 30, 2023, measurement date
- Municipal Bond Rate: 3.65% as of June 30, 2023, based on the *Bond Buyer* General Obligation Bond 20-Bond Municipal Bond Index
- Contributions: Additional contribution of $33.3 million for fiscal year ending 2023, to be made in fiscal year ending 2024; $211 million to be made in fiscal year ending 2024; and $40 million for all future fiscal years.
- Expected Long-Term Return on Assets: 6.20% as of June 30, 2023, based on District's revised expectations for certain asset allocations
- Discount Rate: 3.80% as of June 30, 2023, after reassessment based on updated assets and municipal bond rate as of June 30, 2023

The following Table A-23 shows the impact of the changes to the actuarial assumptions in the 2023 Actuarial Valuation on the District's Net OPEB Liability for the fiscal year ending June 30, 2024 compared to fiscal year June 30, 2023 that was based on the 2022 Actuarial Valuation.

TABLE A-23
LOS ANGELES UNIFIED SCHOOL DISTRICT
NET OPEB LIABILITY
As of June 30, 2023 and June 30, 2024
($ in billions)

	Fiscal Year Ending June 30, 2023	Fiscal Year Ending June 30, 2024
(1) OPEB Liability		
(a) Retired Participants and Beneficiaries Receiving payment	$2.755	$3.353
(b) Active Participants	6.197	6.139
(c) Total	8.952	9.491
(2) Plan Fiduciary Net Position	0.470	0.500
(3) Net OPEB Liability	8.482	8.991
(4) Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	5.25%	5.27%
(5) Deferred Outflow of Resources for Contributions Made After Measurement Date	$0.236	-

Source: 2023 Actuarial Valuation.

The District cannot predict the impact future changes in healthcare plans and actuarial assumptions and the funded status of the OPEB Trust Fund will have on the District's net OPEB liability.

For more information on the District's OPEB plan, OPEB liability and related assumptions for fiscal year ended June 30, 2024, see Note 9 to the audited financial statements of the District contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024" attached hereto.

Risk Management and Litigation

General. The District's administration of claims liabilities, insurance coverage and retentions is under review and transition as the District begins to employ the use of a recently-formed Captive Insurer (as defined below) which was incorporated for the benefit of the District. The District created the Captive Insurer in June 2024, effective July 1, 2024, to insure and manage the non-insured/retained auto liability, general liability, and workers' compensation exposures of the District as well as other insurance coverages deemed necessary by the Captive Insurer in the future. The lines of insurance coverage provided by the Captive Insurer are intended to replace certain of the District's third-party insurance and its program of self-insurance and reserves for the related liabilities.

In the aggregate, the District's outstanding liability (losses plus loss adjustment expense) for general, auto, and sexual molestation as of June 30, 2024, on a nominal basis and at the central estimate, is approximately $621 million. See "– Sexual Misconduct Cases – Current Claims Exposure" below. This estimate is substantially based on an independent third-party actuarial report. The District is in the process of analyzing pending claims, timing of liabilities and potential liabilities, and estimates of liability for claims in accordance with GASB Statement Nos. 10 and 56, which require that the District recognize liabilities as of June 30, 2024, to the extent that the liability is (1) probable, and (2) an amount of the liability can be reasonably estimated. As described above, this liability estimate reflects an accounting perspective. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

Captive Insurance Program. The District has reorganized its risk management and insurance program to include a captive insurance company, effective July 1, 2024, officially named the Los Angeles

Unified School District Insurance Company, LLC (the "Captive Insurer"), a manager-managed Vermont limited liability company. The Captive Insurer was organized for the purpose of writing insurance and/or reinsurance as a pure captive insurance company operating pursuant to Title 8, Vermont Statutes Annotated, Chapter 141, Captive Insurance, and other relevant laws of the State of Vermont.

The primary purpose of the Captive Insurer is to manage certain risks of the District, offering tailored insurance that may not be available or affordable in the traditional insurance market. Advantages sought with the Captive Insurer include: (a) greater flexibility in customizing coverage to meet specific needs, which may not be fully addressed by conventional insurance policies; (b) enhanced ability to control claims management and underwriting processes, leading to more efficient handling and potentially reduced claims costs; and (c) strategic management of investments as well as reserves to optimize returns and ensure adequate funding for future claims.

The Captive Insurer evaluates risks, sets premium levels, and invests capitalization and premium payments for future claim payouts. This structure is expected to provide the District with greater control over its insurance costs, claims handling, and risk management practices. The Captive Insurer was established initially to insure and manage the District's non-insured/retained automobile, general, sexual abuse and molestation, and workers' compensation liabilities as well as other insurance coverages deemed necessary by the Captive Insurer in the future. The District will continue to assess its insurance portfolio to identify additional lines of insurance to include in the Captive Insurer. The District is currently evaluating the following lines of coverage to include in the Captive Insurer: boiler and machinery; crime and fiduciary; property; cyber security; and medical malpractice. Currently, a portion of the District's liabilities for sexual abuse and molestation are retained in the Captive Insurer.

The District is authorized to budget and appropriate funds for the development and implementation of the Captive Insurer, including capital, premiums, funds and fees in lines of insurance coverage to be provided by the Captive Insurer. Upon substantial implementation of the Captive Insurer in Fiscal Year 2024-25, the District expects to transfer applicable and eligible portions of the District's Internal Service Fund and Liability Self Insurance Fund to the Captive Insurer to be managed, invested, and applied to pay claims. As of June 1, 2025, approximately $1.048 billion had been transferred to the Captive Insurer. The District anticipates approximately $275 million will be transferred to the Captive Insurer, plus an additional $30 million in excess coverage, in Fiscal Year 2025-26. Upon its substantial implementation, the District expects that use of the Captive Insurer, together with traditional insurance, reinsurance, and self-insured retentions, will efficiently regulate and minimize insurance costs and secure liability insurance coverage to mitigate financial risks.

For fiscal year 2024-25, the Captive Insurer has provided the District with $5 million of general liability (automobile and sexual abuse and molestation) coverage for lawsuits and settlements. Thereafter, the Captive Insurer has a commercial policy for $15 million in aggregate in excess of the $5 million. Lawsuits and settlements over that threshold are covered by the Captive Insurer. As an authorized self-insurer for workers' compensation claims, which reserves the Captive Insurer will manage, invest, and apply to claims, such insurance will provide initial coverage and the District will continue its practice of unlimited coverage for such claims, actuarially determined by, and annually capitalized to, the Captive Insurer.

Traditional Insurance. In addition to the insurance coverage provided by the Captive Insurer, the District maintains various excess property, casualty, and fidelity insurance with varying self-insured retentions. The District's excess property coverage is provided currently through its membership in the Public Entity Property Insurance Program ("PEPIP"), an insurance pool comprised of certain cities, counties, and school districts. The District maintains excess property insurance on all District facilities under a combination of self-insurance retentions and varying sublimits through the excess insurance policies of PEPIP. The current self-insured retention for fire loss damage for excess property coverage is $17,500,000 per occurrence maintained through a combination of excess policies with an occurrence limit

of $500 million. With respect to this exposure, the District maintains what it considers to be adequate reserves to cover losses within the self-insurance retention. District General Fund resources are used to pay for property loss insurance and uninsured repairs for property damage. In addition to the above excess property policies, the District purchases a separate boiler and machinery policy with $100 million in occurrence limits and a Fidelity crime coverage policy with $15 million in occurrence limits.

Prior to Fiscal Year 2013-14, the District's liability coverage generally included coverage for sexual misconduct and molestation claims with some limited exceptions as described herein with respect to claims potentially revived and made actionable after the passage of Assembly Bill 218. See "– Sexual Misconduct Cases – Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims" herein. Liability coverage beginning in Fiscal Year 2013-14 did not include this coverage because the District determined that it was not available at reasonable rates from any insurance provider. In March 2014, the District Board approved a joint powers authority agreement by and between the District and Los Angeles Trust Children's Health Inc., a nonprofit public benefit corporation organized under the laws of the State of California, to establish the Los Angeles Unified School District Risk Management Authority (the "Risk Management Authority") which became effective July 1, 2014. The Risk Management Authority allows the District to purchase reinsurance for excess liability coverage for incidents such as sexual misconduct and molestation, to the extent such coverage is available. The Risk Management Authority was capitalized by the District and provides an insurance program for the District and the Los Angeles Trust Children's Health Inc. The Risk Management Authority allows the District to purchase reinsurance for excess liability coverage which is not presently available to self-insured public agencies such as the District. See "– Sexual Misconduct Cases" herein. The District currently maintains excess liability coverage for lawsuit settlements which covers certain sexual misconduct and molestation claims, among others, with a limit of $15 million above a $5 million self-insurance retention; see "Risk Management and Litigation – *Captive Insurance Program*" above.

Workers' Compensation. The District is authorized to self-insure for workers' compensation claims and had previously established the Workers' Compensation Fund for such claims. With the establishment of the Captive Insurer, the District will fund such self-insurance through the Captive Insurer for its workers' compensation liability, which amounts the Captive Insurer will manage, invest, and apply to claims. As described above, a portion of this liability may be covered by insurance obtained by the Captive Insurer.

Pollution Legal Liability Policy. The District purchased a pollution legal liability ("PLL") policy through Allied World National Assurance Company with coverage of $10.0 million per incident and $10.0 million in aggregate, effective May 1, 2023 to May 1, 2026.

Owner-Controlled Insurance Program. The District has arranged for its construction projects to be insured under its owner-controlled insurance program ("OCIP"). An OCIP is a single insurance program that insures the District, the District Board, all enrolled contractors, and enrolled subcontractors, and other designated parties for work performed at project sites. The District pays the insurance premiums for the OCIP coverages and requires each eligible bidder to exclude from its bid price the cost of insurance coverage. The exclusion of the cost of insurance premiums from each bid is intended to result in lower overall bids for projects, which would in turn lower the contract award amount and general obligation bond and other funds spent. In addition, the District may be able to pay a lower overall insurance cost than a single contractor because of the economies of scale gained by the purchase of an OCIP.

Litigation Regarding Insurance Providers. In September 2015, the District filed a lawsuit entitled *Los Angeles Unified School District v. ACE et al.* (the "Miramonte Coverage Action"), in the Los Angeles Superior Court seeking more than $200 million in damages from twenty-seven of the District's current and former insurance providers who failed to fund the defense and reimburse the District for settlement amounts paid by the District in connection with claims by hundreds of students and parents alleging that negligent hiring, supervision, and retention of former teachers Mark Berndt and Martin Springer at Miramonte

Elementary School resulted in sexual abuse of the students. In April 2017, the District filed a second lawsuit in the Los Angeles Superior Court entitled *Los Angeles Unified School District v. AIU Insurance Company, et. al.* (the "Telfair Coverage Action"), seeking more than $40 million in damages from eight of the District's current and former insurance providers in connection with the lawsuits filed against the District alleging that negligence of its employees in hiring, retaining, and supervising Paul Chapel resulted in sexual abuse of approximately twenty students at Telfair Elementary School. In August 2017, the District filed a third lawsuit in the Los Angeles Superior Court entitled *Los Angeles Unified School District v. Allied World et al.* (the "De La Torre Coverage Action"), seeking more than $60 million in damages from seven of the District's current and former insurance providers who failed to fund the defense and reimburse the District for settlement amounts paid by the District in connection with claims by over twenty students and their parents alleging that negligent hiring, supervision, and retention of former teacher Robert Pimentel at De La Torre Elementary School resulted in sexual abuse of the students. The District has not been reimbursed by any of the defendants for amounts expended in conjunction with resolving the underlying sexual abuse litigation described in this section. While no insurer agreed to pay any of the District's defense costs before the coverage actions were filed, rulings obtained in the Miramonte Coverage Action have forced AIG to reimburse the District for over $21 million in defense costs. Further, the District has alleged that the insurance providers have not only breached their respective insurance obligations owed to the District in connection with underlying litigation but also breached the implied covenant of good faith and fair dealing. In 2021, following a bench trial, the court found that the insurer breached its duty to indemnify the District under one insurance policy at issue in the Miramonte Coverage Action for its settlements of the underlying claims. In the Miramonte Coverage Action and Telfair Coverage Action, the Court has provided guidance to the District in allocating defense costs to exhaustion of the District's self-insured retentions for specific policy periods, which has allowed the District to recover some additional indemnity payments from certain insurers. In the De La Torre Coverage Action, the Court entered judgment in favor of Lexington Insurance Company, and the District has filed a notice of appeal from that judgment. The District is considering its options with respect to additional motion practice and appellate review.

On November 4, 2020, the District filed another round of lawsuits against its insurers, *Los Angeles Unified School District v. Starr Indemnity & Liability Co., et al.* (the "Cahuenga Coverage Action") and *Los Angeles Unified School District v. Ins. Co. of the State of Pennsylvania, et al.* (the "Franklin Coverage Action"), in which it is seeking more than $25 million and $8 million, respectively, in settlement reimbursements plus defense costs relating to underlying litigation involving the alleged abuse of multiple students at Franklin High School and Cahuenga High School. The District cannot predict the final outcome of or remedy imposed by any court with respect to these complaints or the amounts, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation matters. In 2021, the District moved for summary adjudication to establish that the Insurance Company of State of Pennsylvania (an AIG Co.) had breached its duty to defend the District under a 2002-2003 insurance policy, which the court denied. In April 2024, in the Cahuenga Coverage Action, the Court denied the motion for summary judgment of Starr Indemnity & Liability Company, finding triable issues of fact under the Starr policies. In July 2024, in the Franklin Coverage Action, the Court granted the defendant insurers' motion for summary judgment and entered judgment in favor of the defendants. The District is considering its options with respect to additional motion practice and a limited trial in the Cahuenga Coverage Action.

On September 29, 2022, the District filed a new lawsuit against its insurers, *Los Angeles Unified School District v. Everest National Insurance Company, et al.*, in which it is seeking more than $11 million in settlement reimbursements plus defense costs relating to underlying litigation involving the alleged abuse of multiple students at El Sereno Elementary School. One insurer has reimbursed some, but not all, of the District's defense costs in connection with the underlying litigation. The District cannot predict the final outcome of or remedy imposed by any court with respect to this complaint or the amount, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation. In April 2024, the Court granted the motion for summary adjudication by Insurance Company of

State of Pennsylvania regarding its duties to defend and indemnify under a 2003-2004 policy. The District is considering its options with respect to additional motion practice and appellate review.

On June 26, 2024, the District filed a new lawsuit against its insurers, *Los Angeles Unified School District v. Aetna Insurance Company, et al.*, in which it is seeking more than $9 million in settlement reimbursements, declaratory relief that would result in its insurers indemnifying future settlement and/or verdict payments, defense costs incurred to defend approximately sixty lawsuits arising out of sexual abuse allegations from the 1950s, 1960s, and 1970s, and punitive damages. The District cannot predict the final outcome of or remedy imposed by any court with respect to this complaint or the amount, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation.

Wrongful Death Cases. In August 2020, the mother of an elementary school student filed a lawsuit seeking unspecified damages in excess of $1,000,000 against the District for the alleged wrongful death of her son on December 26, 2019, after he died from injuries sustained while at a District employee's home, during the employee's non-working hours and when school was out for winter break. The death was later ruled a homicide and the employee was subsequently criminally convicted. A jury trial in the wrongful death matter commenced on July 31, 2023, in the Van Nuys Courthouse of the Los Angeles Superior Court and on August 10, 2023, the jury found the District 90% at fault and plaintiff 10% at fault and awarded plaintiff a total of $30 million. On October 17, 2023, the District brought a motion for a new trial which the Court denied. On November 8, 2023, the District filed its Notice of Appeal seeking to overturn the verdict based on a number of legal grounds, including that the trail court erred in denying the District's Motion for Judgment Notwithstanding Verdict ("JNOV"). Oral arguments before the Court of Appeal of the State of Claifornia, Division Three, took place on May 14, 2025. On June 9, 2025, the Court issued an opinion granting the District's appeal and ordering that the judgment in favor of the plaintiff and the order denying the District's motion for JNOV be reversed.

In September 2022, two high school students overdosed in a bathroom on campus after ingesting a pill believed to have been laced with Fentanyl. The students were found on campus after school hours: one deceased in the bathroom and the second student in the courtyard outside the bathroom. The surviving student found in the courtyard was transported to the hospital. On December 12, 2022, the deceased student's mother filed a complaint in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and wrongful death. She has since made an offer to dismiss her lawsuit in exchange for $50 million. Trial in that matter is currently set for May 9, 2025. On October 13, 2023, the surviving student filed a lawsuit against the District in the Los Angeles Superior Court, seeking unspecified damages for negligence. The surviving student has not made any offers to resolve her lawsuit. The trial in that matter is currently scheduled for September 9, 2025.

On March 5, 2024, a high school student was involved in a fight on campus, wherein she allegedly sustained injuries, including head trauma. It is further alleged that as a result of these claimed injuries, the student passed away ten days later. A report issued by the Los Angeles County Medical Examiner's Office concluded that the cause of death was head trauma sustained from a fall down a set of stairs on March 10, 2024, while the decedent was attending a party. On September 20, 2024, the mother and the decedent's estate filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for wrongful death. Trial in the matter is currently set for August 3, 2026 and the litigation is in the discovery phase.

In April 2016, a middle school student experienced sudden cardiac arrest during physical education class and died. On July 21, 2017, the father of the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for wrongful death. The case was tried in April 2023, resulting in a $15 million jury verdict. On August 11, 2023, the District filed a Notice of Appeal. The matter was fully briefed and oral argument was held on April 30, 2025. On May 5, 2025, the Court of Appeal issued its opinion affirming the judgment against the District. On May 20, 2025, the District filed a

petition for rehearing, which the Court of Appeal denied on May 28, 2025. The District has determined that no legal basis exists to support a petition for review with the California Supreme Court. Accordingly, the District expects to pay the judgment and is currently in discussions with plaintiff's counsel to determine the final judgment payoff amount, inclusive of post-judgment interest.

Catastrophic Injury Cases. In January 2020, a non-verbal special education student claims to have sustained injury on a District special education campus when he allegedly pulled a soccer goal post net, causing himself and the goal to fall, hitting him on the head. The student underwent emergency cervical spine surgery as a result of the incident, and his medical bills/costs known to date exceed $1,000,000. On January 11, 2022, the court appointed conservator for the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages. The matter settled on September 23, 2024 for $4.2M and approved by the Board of Education on November 20, 2024.

In February 2017, an elementary school student claimed to have fallen and struck her head during the school day, on campus. On November 22, 2017, the mother of the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for traumatic brain injury. Plaintiff alleged the District failed to provide the requisite medical care and failed to contact emergency medical personnel in a timely manner. A verdict was entered against the District in the amount of $7,083,194.86.

In February 2018, a middle school student suffered a non-fatal injury when a gun, brought to school by another student, accidentally discharged in class causing a bullet fragment to strike the student in the temple. A personal injury action was subsequently filed on behalf of the injured student in the Los Angeles Superior Court against the District and other parties seeking unspecified damages for traumatic brain injury. During litigation, the District brought a motion for summary judgment which the trial court granted in its entirety. Plaintiff subsequently appealed the granting of the motion for summary judgment and dismissal of the case and the California Court of Appeal reversed, in part, the trial court's ruling and remanded the matter to the trial court. Plaintiff's last settlement demand was in excess of $20 million. In November 2024 the jury returned a defense verdict; plaintiff is pursuing an appeal.

COVID-19 Distance Learning Lawsuits. On September 24, 2020, a class action lawsuit was filed on behalf of nine named plaintiffs in the Los Angeles Superior Court asserting that the District's instructional plan in response to the COVID-19 pandemic denied plaintiffs' children their basic education rights under the California Constitution. The complaint alleges that the District's distance learning approach was inadequate in that it allegedly reduced instructional and professional development time, eliminated student assessments, failed to provide adequate access to technology, and failed to reengage students who did not participate in online learning in the spring of 2020 after the closure of school facilities due to the COVID-19 pandemic. The operative first amended complaint asserts various causes of action for injunctive and declaratory relief, including claims for alleged violations of statutory and Constitutional rights and claims of discrimination and disparate treatment. On April 9, 2021, the District's motion to strike certain allegations in the complaint with respect to individualized education program services was granted, but its demurrer to the first amended complaint was overruled. After plaintiffs filed a second amended complaint, the District filed another demurrer. On August 16, 2021, the Court sustained the District's demurrer with leave to amend. The Court further struck plaintiffs' claims seeking retrospective injunctive relief on a class wide basis. Plaintiffs were given 20 days to file an amended complaint. In September 2021, the Court dismissed the action in its entirety, with prejudice, and entered judgment in favor of the defendants, including the District. Plaintiffs subsequently filed a notice of appeal with the Court of Appeal of California, Second Appellate District. On September 19, 2023, the California Court of Appeal issued its decision reversing in part the September 2021 order dismissing the lawsuit. The Court of Appeal found that dismissal of the case and denial of class certification was premature, permitting the plaintiffs to move forward on three of their eight causes of action, but sustaining the dismissal of the remaining claims in favor of the District. The matter has now been remanded back to the trial court to proceed. Discovery and settlement

negotiations are in process. The District will continue to defend the case and also determine any potential settlement options.

COVID-19 Employee Vaccinations Lawsuit. Since the Fall of 2021, the District has been named in at least thirty-four different lawsuits challenging the District's previous COVID-19 vaccination mandate, filed by current and former employees and job applicants, asserting various causes of action for wrongful termination, employment discrimination, and violations of Constitutional rights, among other theories of recovery. As of January 2025, twelve of the thirty-four cases had settled. While certain of the lawsuits have been filed on behalf of a single named plaintiff, others are filed on behalf of groups of plaintiffs ranging from 6 to 167. The earliest filed of such actions, *Health Freedom Defense Fund v. Carvalho, et al.*, is presently on appeal before the Ninth Circuit Court of Appeals, following the U.S. District Court for the Central District of California's grant of the District's motion for judgment on the pleadings in September 2022. On June 7, 2024, the Ninth Circuit reversed the Central District of California's decision. On February 4, 2025, the Ninth Circuit ordered En Banc review, and heard argument on March 18, 2025.

In general, the District believes it has strong defenses to these employee vaccination mandate lawsuits, and anticipates that most will result in defense verdicts. Nevertheless, given the inherent uncertainty of litigation and the different factual scenarios presented in each of them, the District faces potential exposure to claims for damages, including lost wages, a claim in at least one case for emotional distress damages, claims for punitive damages, and perhaps most significantly, exposure to potential awards of prevailing party attorneys' fees, which in some employment cases, can reach seven figures. The damages sought in these lawsuits vary significantly, particularly depending on the number of plaintiffs involved, the causes of action asserted, and remedies sought. As such, the District cannot predict the total damages that might be recovered in the event that it does not prevail in one or more of the lawsuits.

Sexual Misconduct Cases. The District is occasionally subject to claims relating to the sexual misconduct of District personnel and other students. There are currently threatened and pending claims against the District brought on behalf of minor students as a result of such alleged sexual misconduct. The District is in various stages of litigation relating to such pending claims and cannot predict the outcome and effects of such claims or provide any assurances that such claims will not be successful. The damages requested by the plaintiffs in the various pending sexual misconduct cases are substantial, but vary significantly, in multiple instances there are demands for several million dollars. The District, however, cannot predict any final award of damages or settlement amounts. The District also cannot predict the damages sought by any threatened litigation.

As described above, the information below reflects an accounting perspective. The District is in the process of analyzing pending claims, the timing of liabilities and potential liabilities, and estimates of liability for claims by class and at levels of potential exposure. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

Miramonte. In the Miramonte sexual abuse litigation, involving Mark Berndt (who in 2013 pleaded no contest to 23 felony counts of lewd acts on children and was sentenced to 25 years in prison), there have previously been over $250 million in settlements with 225 students. This amount was a contingent liability reported in the Fiscal Year 2023-24. There are multiple active cases pending with 75 plaintiffs. This includes several recent complaints filed and served on behalf of 29 plaintiffs. The earliest trial date is scheduled for November 3, 2025, in a four-plaintiff matter. The other remaining matters do not have trial dates yet.

Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims. Pursuant to Assembly Bill 218 ("AB 218"), which became effective on January 1, 2020, certain changes were made to the claim prerequisites and the applicable statute of limitations periods for claims of childhood sexual assault, including claims against public entities like the District. AB 218 impacted the District's liability exposure because it (1) extended the statute of limitations periods for claims of childhood sexual assault,

(2) did away altogether with the Tort Claims Act's presentation requirements for claims involving childhood sexual assault under which many claims were found to be late, and (3) revived certain claims for which applicable statute of limitations periods have otherwise already expired (if brought within three years of January 1, 2020). Pursuant to AB 218, a plaintiff's ability to bring a claim was extended to twenty-two years from the age of majority or five years after the plaintiff discovered or reasonably should have discovered psychological injury or illness occurring after the age of majority caused by the alleged childhood sexual assault. With respect to claims that otherwise would have been barred as of January 1, 2020, AB 218 revived such claims for a period of three years, which period expired on December 31, 2022. In 2023, the California State Legislature passed, and the Governor signed into law, AB 452 which eliminated the statute of limitations for the recovery of civil damages suffered as a result of childhood sexual assault. AB 452 applies prospectively for civil claims that arise on or after January 1, 2024.

Currently, the District has active cases defending a total of 287 AB 218 claimants who allege misconduct by former employees. Since the District is in the middle of litigation on many of the pending AB 218 lawsuits, the District cannot fully predict the extent of its liability in such cases, whether the claimants will prevail, and if so, how a final court decision or settlement agreement with respect to each such lawsuit may affect the financial status, policies or operations of the District, as the nature of the court's remedy and the responses thereto are unknown at the present time.

Current Claims Exposure. Based on information available to the District as of June 30, 2024, the District estimates its liability for claims arising from AB 218 and similar sexual abuse and molestation claims (losses and allocated loss adjustment expenses) at levels of potential exposure of approximately $500 million. This estimate is substantially based on an independent third-party actuarial report. Without the benefit of a current actuarial report, which is pending, the District anticipates that its exposure to these types of claims may be closer to $650 million. It should be noted that these cases include a significant number of claimants in the Miramonte sexual abuse litigation matters described above, among others, and does not include that amount settled with claims dismissed. Further, funds have been set aside as accrued expenses for all current claims pending settlement. As further described elsewhere herein, this exposure estimate reflects an accounting perspective and the District is in the process of analyzing pending claims. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

In the aggregate, the District's outstanding liability (losses plus loss adjustment expense) for general, auto, and sexual molestation as of June 30, 2024, on a nominal basis and at the central estimate, is approximately $621 million. This estimate is substantially based on an independent third-party actuarial report issued in 2024. Without the benefit of a current actuarial report, which is pending, the District anticipates that its exposure to these claims may be closer to $770 million. The District is in the process of analyzing pending claims, timing of liabilities and potential liabilities, and estimates of liability for claims in accordance with GASB Statement Nos. 10 and 56, which require that the District recognize liabilities as of June 30, 2024, to the extent that the liability is (1) probable, and (2) an amount of the liability can be reasonably estimated. As described above, this liability estimate reflects an accounting perspective. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

It is important to note that this projected liability is an estimate, subject to variables including the potential for a changing claims environment over time as may be informed by jury verdicts involving the District and other public agencies subject to the provisions of AB 218 and the results of the District's further analysis of pending claims, with the potential for the movement of claims into higher loss layers than were initially assumed or assumed over time. This potential for claims includes inflation over time, among other variables, and may be inconsistent with the accounting perspective described above and, future loss emergence will likely deviate, perhaps substantially, from these estimates.

Certain recent sexual molestation claims, as described immediately below, have been outside of District expectations and actuarial assumptions at the per claims level and are, for example, respectively, proceeding to trial and approved for settlement on an assumed expectation for coverage since denied. Notwithstanding, the District believes that its expected nominal, central estimate of total liability is within the range of probabilities, based on current claims analysis. As discussed, the estimates herein at this time are subject to the variables described above and necessarily constitute forward looking statements. Actual results may differ or differ materially from those contemplated in such forward-looking statements.

From October 8, 2020, to June 3, 2022, seventeen former elementary school students filed complaints (nine total complaints) in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and the failure to file a mandatory report of suspected child abuse based on allegations that from Fall 1988 to Spring 1991, they were victims of sexual abuse by their 1st grade teacher. The plaintiffs allege District employees knew or should have known of the alleged abuse and failed to take action to remove the teacher and failed to notify the authorities of suspected child abuse. On November 4, 2024, a $68 million settlement was reached subject to Board approval. The Board approved the settlement on January 15, 2025.

On May 12, 2021, three former elementary school students filed a complaint in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and the failure to file a mandatory report of suspected child abuse based on allegations that from Fall 2006 to Spring 2008, they were victims of their 4th grade (for two of the plaintiffs) and 1st grade (for one of the plaintiffs) teacher. The plaintiffs allege District employees knew or should have known of the alleged abuse and failed to take action to remove the teacher and failed to notify the authorities of suspected child abuse. A settlement of $24 million was reached following a second mediation on May 17, 2024, with the District's expectation being that its insurer would pay much of the settlement given applicable coverages. The District Board approved the settlement on September 11, 2024, the same day the District's insurer for the relevant time period denied coverage for the claims. The District is currently weighing all options, including pursuing a coverage action against its insurer.

The District has set aside an amount in its Liability Self-Insurance Fund to pay certain existing claims amounts arising under AB 218. Additional amounts are expected to be provided and available to the Captive Insurer, with required reserves, liabilities and insurance policy premiums determined by the Captive Insurer and charged to the District using actuarial information. The District's total liability arising from existing AB 218 claims may ultimately exceed such amounts. The District expects to amortize payments on remaining claims beyond the year in which they accrue. See "- Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims" above. While the District may be able to access insurance coverage for a portion of some of the AB 218 claims, the District is not currently able to determine what amount of the total liability may be covered by prior insurance policies or existing insurance policies for excess coverage. The District has identified certain gaps in insurance coverage prior to 1992 for which it is actively investigating the availability of policies that may provide coverage for claims arising from AB 218. Additionally, under AB 218, individuals who were over the age of 26 and under 40 on December 31, 2022, will still be able to timely file a lawsuit until they turn 40, and the District is unable to estimate the potential liability associated with this group of potential claimants.

The California Government Code requires the District to pay each judgment in the fiscal year that it becomes due, to the extent funds are available, or if its funds are not sufficient, in the "ensuing fiscal year immediately upon the obtaining of sufficient funds for that purpose." Such liabilities demanding prompt payment may in the aggregate exceed the amount currently reserved for settlements and monetary damages and not otherwise amortized beyond the year in which they accrue. The District may finance or refinance certain judgments arising from AB 218 and similar claims, essentially refunding claims such that claims liabilities can be spread over several years, whether pursuant to California law applicable to local agencies such as the District, or by court order for a period not to exceed ten years commencing with the judgment or court's order approving a settlement with dismissal of the action. See "Future Financings – AB 218 and

Similar Claims." Without amortization of pending and projected claims, such liabilities could decrease the District's net position as of June 30, 2024 from the amount set forth in the District's financial statements for Fiscal Year 2023-24.

Within the District, the treatment of child abuse and related reporting has evolved significantly over the past several decades. Prior to 1981, District employees did not have child abuse and neglect reporting obligations under California law, and there was limited, if any, training provided to District employees. Since 1981, California law mandates District employees to report suspected child abuse or neglect. The District's policies on such reporting have evolved and improved since then consistent with changes to California law. The District currently maintains (a) policies regarding child abuse and neglect reporting, sexual harassment (student-to-student, adult-to-student, and student-to-adult), social media for employees and associated persons, responsible use of technology, and ethics, (b) a code of conduct with students, and (c) protocols and procedures for reporting and investigating allegations of employee misconduct. The District also offers a variety of online and in-person training courses and resources to District employees. Currently, all District employees are subject to background checks prior to employment and are required to complete yearly child abuse training. For further reference, certain of the District's policies, protocols, training materials are made available online at the District's website. The District regularly reviews its policies, procedures, and protocols with respect to these topics and updates them periodically to address evolving circumstances.

Litigation Regarding September 2022 Cyberattack. Four separate lawsuits have been filed against the District relating to the 2022 cyberattack on the District. The first three cases have been deemed related, with the matter of *M.M., et al. v. Los Angeles Unified School District*, Case No. 22STCV37822, serving as the lead case. The three lawsuits, filed on behalf of named individuals and purported classes of individuals whose personal information was allegedly posted to the dark web as a result of the cyberattack, have been deemed complex, and plaintiffs' counsel filed a consolidated complaint against the District and Defendant Infosys, Ltd. Therein, on February 13, 2024. The District filed its demurrer in response to the consolidated complaint on March 22, 2024. The District's demurrer was sustained as to 14 of 16 causes of action on June 6, 2024, with leave to amend. Plaintiffs filed their First Amended Class Action Complaint on September 27, 2024, asserting twelve causes of action, including several that were subject to the previous demurrer. The parties engaged in mediation on October 24, 2024, but the mediation did not result in a settlement. By order dated May 28, 2025, the court sustained in part, and overruled in part, the District's demurrer to the First Amended Class Action Complaint. The District is evaluating the ruling and next steps in the litigation and as to any potential settlement.. For more information related to the cyberattack, see "DISTRICT GENERAL INFORMATION – Cybersecurity."

Charter School Co-Location Policy Litigation. On April 2, 2024, the California Charter Schools Association ("CCSA"), on behalf of itself, member charter schools and students they serve, filed a civil action in the Los Angeles Superior Court, challenging the District Board's September 26, 2023, adoption of the resolution titled, "Creating a Charter Schools Co-Location Policy to Mitigate Impacts Caused by Proposition 39" ("Charter School Co-Location Resolution") and March 19, 2024 approval of the "Proposition 39 Charter Schools Co-Location Policy" ("Charter School Co-Location Policy"). On May 20, 2024, the District filed a demurrer and motion to strike. On July 31, 2024, CCSA filed a Verified First Amended Petition for Writ of Mandate and Complaint for Declaratory Relief ("CCSA First Amended Petition"), asserting two writ causes of action and a declaratory relief cause of action. The CCSA First Amended Petition claims that, among other things, by adopting the Charter School Co-Location Policy, the District has violated its mandatory and non-discretionary duty to comply with the California Education Code. The CCSA First Amended Petition also seeks a preliminary injunction prohibiting the District from implementing the Charter School Co-Location Resolution and the Charter School Co-Location Policy until the merits of the lawsuit have been determined. The CCSA First Amended Petition also alleges that the District has failed to comply with the California Public Records Act by refusing to make records available in response to CCSA's request seeking documents related to the District's Proposition 39 compliance and the development/passage of the Charter School Co-Location Resolution and the Charter School Co-

Location Policy. The CCSA First Amended Petition seeks, among other things, a writ of mandate that sets aside the Charter School Co-Location Resolution and the Charter School Co-Location Policy, and rescinds all Board policies, administrative regulations and internal directives or guidance documents that restrict the availability of District facilities to charter schools for any reasons not expressly authorized by state law. Additionally, the CCSA First Amended Petition seeks a writ of mandate that commands the District to comply with the California Public Records Act by promptly providing to CCSA all of the records requested in its request. Further, the CCSA First Amended Petition seeks a declaratory judgment stating that the Charter School Co-Location Resolution and the Charter School Co-Location Policy do not comply with Proposition 39 and are unnecessary, unenforceable, and void. On May 19, 2025, trial was held, and the court took the matter under submission. With respect to CCSA's claims under the California Public Records Act, the court provided the District sixty days to prepare and produce a privilege log, and scheduled a trial setting conference for August 11, 2025 to determine potential next steps (if any). As of June 3, 2025, no final ruling has been issued.

Proposition 28 Litigation. In February 2025, the District's former superintendent, among others, filed a civil action against the District and the Superintendent, alleging misuse of approximately $77 million in taxpayer funds that voters approved pursuant to Proposition 28 to expand arts and music education. The District has been served with the complaint, but the parties have stipulated to an extension of time for the District to respond as they explore potential opportunities to resolve the litigation. The District cannot otherwise predict the outcome of the matter.

District Debt

General Obligation Bonds. From July 1997 through March 2003, the District issued the entire amount of $2,400,000,000 general obligation bonds authorized pursuant to Proposition BB approved by voters on April 8, 1997 (the "Proposition BB Authorization"). From May 2003 to May 2010, the District issued the entire amount of $3,350,000,000 general obligation bonds pursuant to Measure K approved by voters on November 5, 2002 (the "Measure K Authorization"). From September 2004 through October 2021, the District issued the entire amount of $3,870,000,000 general obligation bonds pursuant to Measure R approved by voters on March 2, 2004 (the "Measure R Authorization"). From February 2006 through October 2021, the District issued the entire amount of $3,985,000,000 general obligation bonds pursuant to Measure Y approved by voters on November 8, 2005 (the "Measure Y Authorization").

A $7,000,000,000 general obligation bond authorization was approved by voters on November 4, 2008 (the "Measure Q Authorization"). The District has issued $4,800,955,000 of Measure Q general obligation bonds, leaving $2,199,045,000 available under the Measure Q Authorization. A $7,000,000,000 general obligation bond authorization was approved by the voters on November 3, 2020 (the "Measure RR Authorization"). The District has issued $1,600,000,000 of Measure RR general obligation bonds, leaving $5,400,000,000 available under the Measure RR Authorization.

A $9,000,000,000 general obligation bond authorization was approved by voters on November 5, 2024 (the "Measure US Authorization"). The District has issued $700,000,000 of Measure US general obligation bonds, leaving $8.3 billion available under the Measure US Authorization.

Under the District's general obligation bond program, approximately 24,550 new school construction, rehabilitation, modernization and replacement projects, which are intended to upgrade facilities and improve the learning environment for students, have been completed. In addition, 868 projects valued at approximately $9.1 billion are currently underway, including 622 projects valued at nearly $4.5 billion in pre-construction, and 246 projects valued at nearly $4.6 billion under construction.

Pursuant to Section 1(b)(3) of Article XIIIA of the State Constitution, Chapters 1 and 1.5 of Part 10 of Division 1 of Title 1 of the State Education Code, as amended, and other applicable law (collectively, the "Act"), the District Board has appointed the LAUSD School Construction Bond Citizens' Oversight

Committee (the "Citizens' Bond Oversight Committee"). The Citizens' Bond Oversight Committee is composed of 15 members representing numerous community groups and operates to inform the public concerning the spending of Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US Authorization bond funds authorized by the Act. The Citizens' Bond Oversight Committee regularly reviews the potential bond projects and budgets and provides non-binding advice to the District Board on how to allocate and reallocate scarce bond proceeds in order to ensure the completion of viable projects and to avoid non-completion of projects once commenced. The Citizens' Bond Oversight Committee also informs the public concerning the spending of funds attributable to the Proposition BB Authorization, although Proposition BB was approved under statutes other than the Act. The Citizens' Bond Oversight Committee meets monthly in order to review all matters including, among other things, changes in budget, scope and schedules that relate to the District's general obligation bonds and the projects proposed to be funded therefrom. In addition, the Citizens' Bond Oversight Committee makes recommendations to the District Board regarding such matters. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 39" herein. The District's Office of the Inspector General conducts audits on a selected number of the construction management firms on an annual basis to ensure that funds from the School Upgrade Program and other legacy bond programs are spent in compliance with the Act and the District's policies relating thereto. The District's outside auditor, Simpson & Simpson, currently prepares the required bond audits regarding the expenditures of general obligation bond proceeds.

The members of the District's Citizens' Bond Oversight Committee and the community groups represented by such members are set forth in Table A-24 below.

TABLE A-24
LOS ANGELES UNIFIED SCHOOL DISTRICT
Citizens' Bond Oversight Committee
(As of May 15, 2025)

Member	Community Group Represented
D. Michael Hamner, FAIA, Chair	American Institute of Architects
Robert Campbell, Vice Chair	Los Angeles County Auditor-Controller's Office
Dr. Samantha Rowles, Secretary	LAUSD Student Parent
Patrick MacFarlane, Executive Member	Early Childhood Alliance
Scott Pansky, Executive Member	Los Angeles Area Chamber of Commerce
Neelura Bell	California Charter School Association
Sandra Betts	California Tax Reform Association
Chad Boggio	Los Angeles County Federation of Labor AFL-CIO
Aleigh Lewis	Los Angeles City Controller's Office
Jennifer McDowell	Los Angeles City Mayor's Office
Brian Mello	Associated General Contractors of California

Lease Obligations and Certificates of Participation. As of May 15, 2025, the District has outstanding lease obligations in the form of COPs in the aggregate principal amount of approximately $225.01 million. The District estimates that the aggregate payment of principal and interest evidenced by COPs will be approximately $291.98 million until the final maturity thereof. The District's lease obligations are not subject to acceleration in the event of a default thereof. The following Table A-32 sets forth the District's existing lease obligations paid from the District General Fund with respect to its outstanding COPs as of May 15, 2025. See " – Future Financings – Lease Financings" for more information.

TABLE A-32
LOS ANGELES UNIFIED SCHOOL DISTRICT
Certificates of Participation Lease Obligations Debt Service Schedule[1]
(as of May 15, 2025)

Fiscal Year Ending (June 30)	Paid From General Fund[2][3]
2025	$ 0[4]
2026	28,515,803
2027	28,515,337
2028	28,519,704
2029	28,507,595
2030	26,762,202
2031	26,758,791
2032	16,351,750
2033	16,347,075
2034	16,340,500
2035	16,332,675
3036	14,755,750
2037	14,755,375
2038	14,757,375
2039	14,760,000
Total[3]	$291,979,932

(1) The lease payments reflect the net obligations of the District due to the defeasance of certain COPs.
(2) The District expects to pay all or a portion of the final debt service payments evidenced by certain series of COPs from funds on deposit in the related debt service reserve fund.
(3) Total may not equal sum of component parts due to rounding.
(4) Only reflects remaining debt service for fiscal year ending June 30, 2025, as of May 15, 2025. Total debt service for fiscal year ending June 30, 2025 is $50.2 million.

Tax and Revenue Anticipation Notes. On November 22, 2024, the District issued $54,563,613 aggregate principal amount of its 2024-25 Tax and Revenue Anticipation Notes, Series A (the "2025A TRANs"). On January 30, 2025, the District issued $1,362,475.87 of its 2024-25 Tax and Revenue Anticipation Notes, Series B (the "2025B TRANs"). On March 27, 2025, the District issued $14,026,452.50 aggregate principal amount of its 2024-25 Tax and Revenue Anticipation Notes, Series C (the "2025C TRANSs"). The 2025A TRANs, the 2025B TRANs and the 2025C TRANs all mature on August 1, 2025. The District anticipates paying the 2025A TRANs, 2025B TRANs and 2025C TRANs through the issuance of the Bonds.

Limitations Related to Receipt of Federal Subsidy Payments. Federal policies involving taxation, appropriations, borrowing (including the debt ceiling), trade (including tariffs), immigration, climate, change, clean energy, and other topics can shift, sometimes dramatically, from one presidential

administration or Congress to another. From time to time, such shifts can result in reductions to the level of federal funding for a variety of policy priorities, including transportation, housing, healthcare, social services, and other federally funded programs.

On March 1, 2013, then-President Barack Obama signed an executive order (the "Sequestration Executive Order") to reduce budgetary authority in certain accounts subject to sequester in accordance with the Budget Control Act of 2011 (the "Budget Control Act") and the American Taxpayer Relief Act of 2012 (the "Taxpayer Relief Act"). Pursuant to the Sequestration Executive Order, budget authority for all accounts in the domestic mandatory spending category including, among others, accounts for the payments to issuers of "Direct Pay Bonds," which includes the District's outstanding Series J (Qualified School Construction Bonds) (the "Series J Bonds"), are subject to sequestration. Direct Pay Bonds are issued as taxable bonds and provide credits to the District from the federal government pursuant to Section 54AA(d) and 54AA(g) of the Code.

Pursuant to the Bipartisan Budget Act of 2013, enacted in December 2013, the District's Direct Pay Bonds are subject to the full amount of sequestration budget cuts. The federal subsidy for the Direct Pay Bonds for the federal fiscal year ended September 30, 2023, was reduced by 5.7%, and the U.S. Treasury Department has announced a decrease in subsidy amounts by 5.7% through federal fiscal year ending 2031. During the federal fiscal year ended September 30, 2024, the sequester resulted in a reduction in the aggregate amount of approximately $0.9 million with respect to the refundable credits for the Series J Bonds.

Congress can terminate, extend or otherwise modify reductions in federal subsidy payments on Direct Pay Bonds due to sequestration at any time. Furthermore, due to recent federal legislation, it was reported that the Congressional pay-as-you-go or PAYGO budget rule and scorecard could increase the overall sequestration percentage from the current level of 5.7% (under the Budget Control Act) to 100%. The Consolidated Appropriations Act of 2023, enacted in December 2022, prevented the PAYGO sequestration provisions from being triggered in January 2023 and delaying PAYGO sequestration until January 2025, absent further legislation. Accordingly, the District cannot predict what action, if any, that Congress may take with respect to the federal subsidy and its impact on the District's Direct Pay Bonds in future federal fiscal years. The District's Series J Bonds, however, are payable from and secured by ad valorem property taxes which are to be assessed in amounts sufficient to pay principal of and interest on the Series J Bonds when due. The County has levied and will continue to levy *ad valorem* property taxes in an amount sufficient to pay principal of and interest on the Series J Bonds when due regardless of the amount of federal subsidy.

Recently, several such policy shifts, including delays in grants and other appropriations, have been proposed or promulgated through presidential executive orders, and other official and unofficial actions at the federal level. The District receives federal funding for certain of its programs.

See "RISK FACTORS – Federal Funding" in the front part of this Official Statement for information on recent actions of the current federal administration related to a potential loss of Federal funding. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District.

Overlapping Debt Obligations

Set forth in Table A-33 on the following page is the report prepared by California Municipal Statistics Inc., which provides information with respect to direct and overlapping debt within the District as of June 1, 2025 (the "Overlapping Debt Report"). The Overlapping Debt Report is included for general information purposes only. The District has not reviewed the Overlapping Debt Report for completeness or accuracy and makes no representations in connection therewith. The Overlapping Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries

overlap the boundaries of the District. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

(*remainder of page intentionally blank*)

The first column in Table A-33 names each public agency which has outstanding debt as of the date of the report and whose territory overlaps the District in whole or in part. Column 2 shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in Table A-33) produces the amount shown in column 3, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

Future Financings

General Obligation Bonds. The District may not issue general obligation bonds without voter approval and may not issue general obligation bonds in an amount greater than its bonding capacity. The District may not issue general obligation bonds under the Measure US Authorization, as applicable, if the tax rate levied to meet the debt service requirements under the related Authorization for general obligation bonds is projected to exceed $60 per year per $100,000 of taxable property in accordance with Article XIIIA of the State Constitution. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIIIA of the State Constitution" and "– Proposition 39" herein.

Pursuant to the Education Code, the District's bonding capacity for general obligation bonds may not exceed 2.5% of taxable property valuation in the District as shown by the last equalized assessment roll of the County. The taxable property valuation in the District for fiscal year 2024-25 is approximately $972.87 billion, which results in a total bonding capacity of approximately $24.32 billion. The District's available capacity for the issuance of new general obligation bonds is approximately $15.90 billion, as of May 15, 2025. The fiscal year 2024-25 assessed valuation of property within the District's boundaries of approximately $972.87 billion reflects an increase of 4.61% from fiscal year 2023-24. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District" in the forepart of this Official Statement and "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO AD VALOREM PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIIIA of the State Constitution" herein. See also "RISK FACTORS – Natural Disasters, Drought, Climate Change and Sea Level Rise – Wildfires – 2025 Wildfires" in the forepart of this Official Statement.

The District may issue additional general obligation bonds or general obligation refunding bonds in the future depending upon project needs and market conditions.

As provided in the text of each of the ballots of Proposition BB, Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US, the District Board does not guarantee that the respective bonds authorized and issued under the Proposition BB, Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US Authorizations will provide sufficient funds to allow completion of all potential projects listed in connection with said measures.

Lease Financings. The District may finance capital projects through the execution and delivery of certificates of participation or other obligations secured by general fund lease payments from time to time. In particular, the District may utilize lease financing, from time to time, to fund projects that are not eligible to be funded with general obligation bond proceeds, that are not authorized to be funded under existing general obligation bond measures, or for which there is not sufficient general obligation bond authorization to fund. See also "– District Financial Policies and Related Practices – Debt Management Policy" herein.

AB 218 and Similar Claims. With respect to a portion of the District's pending and potential liabilities for sexual misconduct and similar claims including those brought pursuant to AB 218, the District has approved the issuance of certain judgment obligation notes and bonds for the refinancing and amortization of such claims resulting in settlement and final judgment of the court. See "DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation – *Sexual Misconduct Cases*."

The refinancing and amortization of these claims over a ten-to-twenty-year period as general unsecured obligations of the District payable from legally available revenues will result in more manageable annual payment obligations in the near term and minimize detrimental impacts upon the District's operations and currently enrolled and future students. To provide for the issuance of the judgment obligation notes and bonds, the District Board adopted an approving resolution and the District filed a complaint in the Los Angeles Superior Court for judicial validation in June 2024. Judicial validation is necessary for the

District to deliver the notes, bonds and related agreements to the satisfaction of lenders and bond investors as legally enforceable obligations of the District meeting an exception to the constitutional debt limitation under the California constitution. The court entered a judgment in the District's favor on April 24, 2025 to the effect, among other things, that the District has the authority under California law to issue the Series 2025A Bonds, and that the Bonds, Indenture, and refunding of the 2024-25 Notes are valid, legal, and binding obligations of the District under California law. Pursuant to Section 870 of the California Code of Civil Procedure and Rule 2(a) of the California Rules of Court, the period during which a notice of appeal to this judgment could be timely filed expired on May 27, 2025 and the judgment is binding and conclusive in accordance with California law. Pursuant to the proceedings, the aggregate dollar amount of Judgments to be refunded by the Bonds cannot exceed $500,000,000.

Tax and Revenue Anticipation Notes. The District may issue additional tax and revenue anticipation notes for purposes of paying obligations of the District payable or accruing during current or future fiscal years, particularly as an interim financing mechanism in connection with its refinancing of claims arising from AB 218 and similar claims. See "– AB 218 and Similar Claims" above. The District may also issue tax and revenue anticipation notes in future fiscal years depending on State and federal funding.

CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues there shall first be set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. California school districts receive a significant portion of their funding from State appropriations. As a result, decreases as well as increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIIIA of the State Constitution

On June 6, 1978, California voters approved Proposition 13 ("Proposition 13"), which added Article XIIIA to the State Constitution ("Article XIIIA"). On June 3, 1986, California voters approved Proposition 46 ("Proposition 46") which amended Article XIIIA to permit local governments and school districts to increase the *ad valorem* property tax rate above 1% if two-thirds of those voting in a local election approve the issuance of such bonds and the proceeds of such bonds are used to acquire or improve real property. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes – *Article XIIIA of the California Constitution*" in the forepart of this Official Statement.

The provisions of Article XIIIA were subsequently modified pursuant to Proposition 39, which was approved by California voters on November 7, 2000. See "– Proposition 39" below. Article XIIIA defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or a reduction in the consumer price index or comparable local data at a rate not to exceed 2% per year or reduced in the event of declining property value caused by substantial damage, destruction or other factors including a general economic downturn. Subsequent amendments further limit the amount of any *ad valorem* tax on real property to 1% of the full cash value except that additional taxes may be levied to pay debt service on bonded indebtedness approved by the requisite percentage of voters voting on the proposition.

Legislation Implementing Article XIIIA

Legislation has been enacted and amended a number of times since 1978 to implement Article XIIIA. Under current law, local agencies are no longer permitted to levy directly any *ad valorem* property tax (except to pay voter-approved indebtedness). The 1% *ad valorem* property tax is automatically levied by the County and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1989.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the up to 2% annual inflationary adjustment of the 1% tax base are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years. Separate *ad valorem* property taxes to pay voter approved indebtedness such as general obligation bonds are levied by the County on behalf of the local agencies. Article XIIIA effectively prohibits the levying of any other *ad valorem* property tax above the Proposition 13 limit except for taxes to support such indebtedness.

The full cash value of taxable property under Article XIIIA represents the maximum taxable value for property. Accordingly, the fair market value for a given property may not be the equivalent of the full cash value under Article XIIIA. During periods in which the real estate market within the District evidences an upward trend, the fair market value for a given property, which has not been reappraised due to a change in ownership, may exceed the full cash value of such property. During periods in which the real estate market demonstrates a downward trend, the fair market value of a given property may be less than the full cash value of such property and the property owner may apply for a "decline in value" reassessment pursuant to Proposition 8. Reassessments pursuant to Proposition 8, if approved by the Office of the County Assessor, lower valuations of properties (where no change in ownership has occurred) if the current value of such property is lower than the full cash value of record of the property. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District" in the forepart of this Official Statement. The value of a property reassessed as a result of a decline in value may change, but in no case may its full cash value exceed its fair market value. When and if the fair market value of a property which has received a downward reassessment pursuant to Proposition 8 increases above its Proposition 13 factored base year value, the Office of the County Assessor will enroll such property at its Proposition 13 factored base year value.

Proposition 19

On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment ("Proposition 19"), which amends Article XIIIA to (i) expand special rules that give property tax savings to homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home; (ii) narrow existing special rules for inherited properties; and (iii) dedicate most of the potential new State revenue generated from Proposition 19 toward fire protection. The District cannot make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. The District cannot provide make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. Any reduction of assessed valuation, however, would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service on to the Bonds.

State-Assessed Utility Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions. Under the State Constitution, such property is assessed by the State Board of Equalization ("SBE") as part of a "going concern" rather than as individual pieces of real or personal property. Such State-assessed property is

allocated to the counties by the SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

The California electric utility industry has been undergoing significant changes in its structure and in the way in which components of the industry are regulated and owned. Sale of electric generation assets to largely unregulated, non-utility companies may affect how those assets are assessed, and which local agencies are to receive the property taxes. The District is unable to predict the impact of these changes on its utility property tax revenues, or whether legislation may be proposed or adopted in response to industry restructuring, or whether any future litigation may affect ownership of utility assets or the State's methods of assessing utility property and the allocation of assessed value to local taxing agencies, including the District. So long as the District is not a basic aid district, taxes lost through any reduction in assessed valuation will be compensated by the State as equalization aid under the State's school financing formula.

Article XIIIB of the State Constitution

An initiative to amend the State Constitution entitled "Limitation of Government Appropriations" was approved on September 6, 1979 thereby adding Article XIIIB to the State Constitution ("Article XIIIB"). In June 1990, Article XIIIB was amended by the voters through their approval of Proposition 111. Under Article XIIIB, the State and each local governmental entity have an annual "appropriations limit" and are not permitted to spend certain moneys that are called "appropriations subject to limitation" (consisting of tax revenues, State subventions and certain other funds) in an amount higher than the appropriations limit. Article XIIIB does not affect the appropriations of moneys that are excluded from the definition of "appropriations subject to limitation," including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the appropriations limit is to be based on certain 1978-79 expenditures and is to be adjusted annually to reflect changes in costs of living and changes in population, and adjusted where applicable for transfer of financial responsibility of providing services to or from another unit of government. Among other provisions of Article XIIIB, if these entities' revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by revising tax rates or fee schedules over the subsequent two years. However, in the event that a school district's revenues exceed its spending limit, the district may, in any fiscal year, increase its appropriations limit to equal its spending by borrowing appropriations limit from the State, provided the State has sufficient excess appropriations limit in such year. See "STATE FUNDING OF SCHOOL DISTRICTS" herein.

The 2025-26 State Budget Proposal projects that the State will not be below its appropriations limit (also referred to as the Gann Limit) for fiscal year 2025-26. The District Board adopted the annual appropriation limit for both fiscal year 2023-24 and fiscal year 2024-25 of approximately $4.00 billion and $4.06 billion, respectively. The limitation applies only to proceeds of taxes and therefore does not apply to service fees and charges, investment earnings on non-proceeds of taxes, fines, and revenue from the sale of property and taxes received from the State and federal governments that are tied to special programs.

Article XIIIC and Article XIIID of the State Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the California Constitution Articles XIIIC and XIIID (respectively, "Article XIIIC" and "Article XIIID"), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIIC establishes that every tax is either a

"general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds percent vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIIIA of the California Constitution and special taxes approved by a two-thirds percent vote under Article XIIIA, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIIIC to expand the definition of "tax" to include "any levy, charge, or exaction of any kind imposed by a local government" except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Article XIIID deals with assessments and property-related fees and charges. Article XIIID explicitly provides that nothing in Article XIIIC or XIIID shall be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development; however, it is not clear whether the initiative power is therefore unavailable to repeal or reduce developer and mitigation fees imposed by the District.

Proposition 98

On November 8, 1988, State voters approved Proposition 98, a combined initiative, constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "Accountability Act"). The Accountability Act changed State funding of public education below the university level, and the operation of the State's Appropriations Limit, primarily by guaranteeing State funding for K-12 school districts and community college districts (collectively, "K-14 districts").

Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), K-14 districts are guaranteed the greater of (i) in general, a fixed percent of the State general fund's revenues ("Test 1"), (ii) the amount appropriated to K-14 districts in the prior year, adjusted for changes in the cost of living (measured as in Article XIIIB by reference to State per capita personal income) and enrollment ("Test 2"), or (iii) a third test, which would replace Test 2 in any year when the percentage growth in per capita State general fund revenues from the prior year plus 0.05% is less than the percentage growth in State per capita personal income ("Test 3"). Under Test 3, schools would receive the amount appropriated in the prior year adjusted for changes in enrollment and per capita State general fund revenues, plus an additional small adjustment factor. If Test 3 is used in any year, the difference between Test 3 and Test 2 would become a "credit" to schools which would be the basis of payments in future years when per capita

State general fund revenue growth exceeds per capita personal income growth. Legislation adopted prior to the end of fiscal year 1988-89 that implemented Proposition 98, determined the K-14 districts' funding guarantee under Test 1 to be 40.3% of the State general fund tax revenues, based on 1986-87 appropriations. However, that percentage has been adjusted to 34.559% to account for a subsequent redirection of local property taxes whereby a greater proportion of education funding now comes from local property taxes.

Proposition 98 permits the State Legislature, by a two-thirds vote of both houses of the State Legislature and with the Governor's concurrence, to suspend the K-14 districts' minimum funding formula for a one-year period. In the fall of 1989, the State Legislature and the Governor utilized this provision to avoid having 40.3% of revenues generated by a special supplemental sales tax enacted for earthquake relief go to K-14 districts. In the fall of 2004, the State Legislature and the Governor agreed to suspend the K-14 districts' minimum funding formula set forth pursuant to Proposition 98 in order to address a projected shortfall during fiscal year 2004-05. Proposition 98 also contains provisions transferring certain State tax revenues in excess of the Article XIIIB limit to K-14 districts.

The 2024-25 State Budget suspends the Proposition 98 guarantee in 2023-24, which is projected to create a maintenance factor payment to be paid in future fiscal years of approximately $8.3 billion in 2023-24 and $4.1 billion in 2024-25. The maintenance factor obligation will be paid in addition to the Proposition 98 guarantee funding in 2024-25. The 2024-25 State Budget projects the Proposition 98 guarantee to fall under Test 1 for fiscal year 2023-24, resulting in funding estimates of $103.7 billion in fiscal year 2022-23, $98.5 billion in fiscal year 2023-24, and $115.3 billion in fiscal year 2024-25. For more information on the Proposition 98 funding under the 2024-25 State Budget, see "STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act –2024-25 State Budget" herein. The 2025-26 Proposed State Budget, due to the implementation of universal transitional kindergarten, estimates that the Proposition 98 guarantee will fall under Test 1 for fiscal year 2025-26 and will increase to $199.2 billion for fiscal year 2024-25 and $118.9 billion in 2025-26. The 2025-26 Proposed State Budget expects an increased repayment of $5.6 billion for the maintenance factor obligation, lowering the remaining balance to $2.9 billion. There is no scheduled repayment proposed for fiscal year 2025-26. See also "- May Revise of 2025-26 Proposed State Budget."

Proposition 39

Proposition 39, which was approved by California voters in November 2000 ("Proposition 39"), provides an alternative method for passage of school facilities bond measures by lowering the constitutional voting requirement from two-thirds to 55% of voters and allows property taxes to exceed the current 1% limit in order to repay such bonds. The lower 55% vote requirement would apply only to bond issues to be used for construction, rehabilitation, or equipping of school facilities or the acquisition of real property for school facilities. The State Legislature enacted additional legislation which placed certain limitations on this lowered threshold, requiring that (i) two-thirds of the governing board of a school district approve placing a bond issue on the ballot, (ii) the bond proposal be included on the ballot of a Statewide or primary election, a regularly scheduled local election, or a Statewide special election (rather than a school district election held at any time during the year), (iii) the tax rate levied as a result of any single election not exceed $25 for a community college district, $60 for a unified school district, or $30 for an elementary school or high school district per $100,000 of taxable property value, and (iv) the governing board of the school district appoint a citizen's oversight committee to inform the public concerning the spending of the bond proceeds. In addition, the school board of the applicable district is required to perform an annual, independent financial and performance audit until all bond funds have been spent to ensure that the funds have been used only for the projects listed in the measure. The District's Measure K, Measure R, Measure Y, Measure Q, and Measure RR bond programs were authorized pursuant to Proposition 39. See "DISTRICT FINANCIAL INFORMATION – District Debt – *General Obligation Bonds*" herein. The District is in full compliance with all Proposition 39 requirements.

Proposition 1A

Proposition 1A, which was approved by California voters in November 2004 ("Proposition 1A"), provides that the State may not reduce any local sales tax rate, limit existing local government authority to levy a sales tax rate or change the allocation of local sales tax revenues, subject to certain exceptions. Proposition 1A generally prohibits the State from shifting to schools or community colleges any share of property tax revenues allocated to local governments for any fiscal year, as set forth under the laws in effect as of November 3, 2004. Any change in the allocation of property tax revenues among local governments within a county must be approved by two-thirds of both houses of the Legislature. Proposition 1A provided, however, that beginning in fiscal year 2008-09, the State could shift to schools and community colleges up to 8% of local government property tax revenues, which amount must be repaid, with interest, within three years, if the Governor proclaims that the shift is needed due to a severe state financial hardship, the shift is approved by two-thirds of both houses of the State Legislature and certain other conditions are met. The State may also approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also provides that if the State reduces the vehicle license fee rate below 0.65% of vehicle value, the State must provide local governments with equal replacement revenues. Further, Proposition 1A requires the State, beginning July 1, 2005, to suspend State mandates affecting cities, counties and special districts, excepting mandates relating to employee rights, schools or community colleges, in any year that the State does not fully reimburse local governments for their costs to comply with such mandates. The State's ability to initiate future exchanges and shifts of funds will be limited by Proposition 22. See "– Proposition 22" below.

Proposition 22

Proposition 22, which was approved by California voters in November 2010, prohibits the State, even during a period of severe fiscal hardship, from delaying the distribution of tax revenues for transportation, redevelopment, or local government projects and services and prohibits fuel tax revenues from being loaned for cash-flow or budget balancing purposes to the State general fund or any other State fund. Due to the prohibition with respect to State's ability to take, reallocate, and borrow money raised by local governments for local purposes, Proposition 22 supersedes certain provisions of Proposition 1A of 2004. See "– Proposition 1A" herein. In addition, Proposition 22 generally eliminated the State's authority to temporarily shift property taxes from cities, counties, and special districts to schools, temporarily increased school and community college district's share of property tax revenues, prohibited the State from borrowing or redirecting redevelopment property tax revenues or requiring increased pass-through payments thereof, and prohibited the State from reallocating vehicle license fee revenues to pay for State-imposed mandates. In addition, Proposition 22 requires a two-thirds vote of each house of the State Legislature and a public hearing process to be conducted in order to change the amount of fuel excise tax revenues shared with cities and counties. The LAO stated that Proposition 22 would prohibit the State from enacting new laws that require redevelopment agencies to shift funds to schools or other agencies. However, the California Supreme Court, in *California Redevelopment Association v. Matosantos*, held that the dissolution provisions set forth in Assembly Bill No. 26 of the First Extraordinary Session (2011) were constitutional and permitted the State to allocate revenues that would have been directed to the redevelopment agencies to make pass-through payments (*i.e.*, payments that such entities would have received under prior law) to local agencies and to successor agencies for retirement of the debts and certain administrative costs of the redevelopment agencies.

Proposition 22 prohibits the State from borrowing sales taxes or excise taxes on motor vehicle fuels or changing the allocations of those taxes among local government except pursuant to specified procedures involving public notices and hearings. In addition, Proposition 22 requires that the State apply the formula setting forth the allocation of State fuel tax revenues to local agencies revert to the formula in effect on June 30, 2009. The LAO stated that Proposition 22 would require the State to adopt alternative actions to address its fiscal and policy objectives, particularly with respect to short-term cash flow needs. The District

does not believe that the adoption of Proposition 22 will have a significant impact on their respective revenues and expenditures.

Proposition 30

Proposition 30, which was approved by voters in the State in November 2012 ("Proposition 30") authorized the State to temporarily increase the maximum marginal personal income tax rates for individuals, heads of households and joint filers above 9.3% by creating three additional tax brackets of 10.3%, 11.3% and 12.3%. The tax increases set forth in Proposition 30 were in effect from tax year 2012 to tax year 2018. In addition, Proposition 30 temporarily increased the State's sales and use tax rate by 0.25% from 2013 to 2016.

Pursuant to Proposition 30, the State included revenues from the temporary tax increases in the general fund calculation of the Proposition 98 minimum guarantee for education spending. The State deposited a portion of the new general fund revenues into an Education Protection Account established to support funding for schools and community colleges. The remainder of the new general fund revenues was available to help the State balance its budget through fiscal year 2017-18. However, the allocation of such revenues to particular programs was subject to the discretion of the Governor and the State Legislature.

In addition, Proposition 30 amended the State Constitution to address certain provisions relating to the realignment of State program responsibilities to local governments. Proposition 30 required the State to continue to provide tax revenues that were redirected in calendar year 2011 (or equivalent funds) to local governments to pay for transferred program responsibilities. Further, Proposition 30 permanently excluded sales tax revenues that are redirected to local governments from the calculation of the Proposition 98 minimum guarantee for schools and community colleges.

The Proposition 30 sales and use tax increases expired at the end of the 2016 tax year. Under Proposition 30, the personal income tax increases were set to expire at the end of the 2018 tax year. The voters, however, approved on November 8, 2016 the California Tax Extension to Fund Education and Healthcare Initiative ("Proposition 55"), which extended by twelve years the temporary personal income tax increases on incomes over $250,000 that was first enacted by Proposition 30. Revenues from the tax increase will be allocated to school districts and community colleges in the State.

Proposition 2

General. Proposition 2, which included certain constitutional amendments to the State Rainy Day Fund and, upon its approval, triggered the implementation of certain provisions which could limit the amount of reserves that may be maintained by a school district, was approved by the voters in the November 2014 election.

State Rainy Day Fund. The Proposition 2 constitutional amendments related to the State Rainy Day Fund (i) require deposits into the State Rainy Day Fund whenever capital gains revenues rise to more than 8% of general fund tax revenues; (ii) set the maximum size of the State Rainy Day Fund at 10% of general fund revenues; (iii) for the next 15 years, require half of each year's deposit to be used for supplemental payments to pay down the budgetary debts or other long-term liabilities and, thereafter, require at least half of each year's deposit to be saved and the remainder used for supplemental debt payments or savings; (iv) allow the withdrawal of funds only for a disaster or if spending remains at or below the highest level of spending from the past three years; (v) require the State to provide a multiyear budget forecast; and (vi) create a Proposition 98 reserve (defined herein as the "Proposition 98 Rainy Day Fund") to set aside funds in good years to minimize future cuts and smooth school spending. The State may deposit amounts into such account only after it has paid all amounts owing to school districts relating to the Proposition 98 maintenance factor for fiscal years prior to fiscal year 2014-15. The State, in addition, may not transfer funds to the Proposition 98 Rainy Day Fund unless the State is in a Test 1 year under Proposition

98 or in any year in which a maintenance factor is created. For more information on limitations on school district reserves and the District's commitment of funds in fiscal years 2022-23 and 2023-24, see "STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves."

SB 858. Senate Bill 858 ("SB 858") became effective upon the passage of Proposition 2. SB 858 includes provisions which could limit the amount of reserves that may be maintained by a school district in certain circumstances. Under SB 858, in any fiscal year immediately following a fiscal year in which the State has made a transfer into the Proposition 98 Rainy Day Fund, any adopted or revised budget by a school district would need to contain a combined unassigned and assigned ending fund balance that (a) for school districts with an ADA of less than 400,000, is not more than two times the amount of the reserve for economic uncertainties mandated by the Education Code, or (b) for school districts with an ADA that is more than 400,000, is not more than three times the amount of the reserve for economic uncertainties mandated by the Education Code. In certain cases, the county superintendent of schools may grant a school district a waiver from this limitation on reserves for up to two consecutive years within a three-year period if there are certain extraordinary fiscal circumstances.

SB 751. Senate Bill 751 ("SB 751"), enacted on October 11, 2017, alters the reserve requirements imposed by SB 858. Under SB 751, in a fiscal year immediately after a fiscal year in which the amount of moneys in the Proposition 98 Rainy Day Fund is equal to or exceeds 3% of the combined total general fund revenues appropriated for school districts and allocated local proceeds of taxes for that fiscal year, a school district budget that is adopted or revised cannot have an assigned or unassigned ending fund balance that exceeds 10% of those funds. SB 751 excludes from the requirements of those provisions basic aid school districts (also known as community funded districts) and small school districts having fewer than 2,501 units of average daily attendance.

Although the 2024-25 State Budget provides for a discretionary payment of approximately $1.1 billion to the Proposition 98 Rainy Day Fund in fiscal year 2024-25, the 2024-25 State Budget also provides for a withdrawal of the entire $8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24, leaving a projected balance of $1.1 billion at the end of fiscal year 2024-25. The 2025-26 Proposed State Budget replaces the discretionary payment of $1.1 billion in to the Proposition 98 Rainy Day Fund in 2024-25 with a mandatory payment of $1.2 billion, and another mandatory payment in 2025-26 of $376 million. School district reserve caps will not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. The District, which has an ADA of over 250,001 students, is required to maintain a reserve for economic uncertainty in an amount equal to 1% of its general fund expenditures and other financing uses. For more information on limitations on school district reserves and the District's commitment of funds in fiscal year 2023-24, see "STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves" and "- May Revise of 2025-26 Proposed State Budget."

The District does not expect SB 858 or SB 751 to adversely affect its ability to pay the principal of and interest on the Bonds as and when due.

State School Facilities Bonds

General. The District applies for apportionments from State bond initiatives and historically has received funding from such State bond initiatives. No assurances can be given that the District will continue to apply for apportionments from current or future State bond initiatives or that the District will continue to receive funding from State bond initiatives for which it applies. Typically, the District receives State funds from the below mentioned propositions. As a result, as of January 1, 2025, the District has received $296.84 million in General Funds.

Proposition 47. The Class Size Reduction Kindergarten – University Public Education Facilities Bond Act of 2002 appeared on the November 5, 2002 ballot as Proposition 47 ("Proposition 47") and was approved by State voters. Proposition 47 authorized the sale and issuance of $13.05 billion in general

obligation bonds by the State to fund construction and renovation of K-12 school facilities ($11.4 billion) and higher education facilities ($1.65 billion). Proposition 47 includes $6.35 billion for acquisition of land and new construction of K-12 school facilities. Of this amount, $2.9 billion is set aside to fund backlog projects for which school districts submitted applications to the State on or prior to February 1, 2002. The balance of $3.45 billion would be used to fund projects for which school districts submitted applications to the State after February 1, 2002. To be eligible for bond proceeds under Proposition 47, K-12 school districts are required to pay 50% of the costs for land acquisition and new construction with local revenues. In addition, Proposition 47 provided that up to $100 million of the $3.45 billion would be allocated for charter school facilities. Proposition 47 provides up to $3.3 billion for reconstruction or modernization of existing K-12 school facilities. Of this amount, $1.9 billion will be set aside to fund backlog projects for which school districts submitted applications to the State on or prior to February 1, 2002 and the balance of $1.4 billion would be used to fund projects for which school districts submitted applications to the State after February 1, 2002. K-12 school districts will be required to pay 40% of the costs for reconstruction or modernization with local revenues. Proposition 47 provides a total of $1.7 billion to K-12 school districts which are considered critically overcrowded, specifically to schools that have a large number of pupils relative to the size of the school site. In addition, $50 million will be available to fund joint-use projects. Proposition 47 also includes $1.65 billion to construct new buildings and related infrastructure, alter existing buildings and purchase equipment for use in the State's public higher education systems. As of January 1, 2025, the District has received approximately $949.88 million in funds attributable to Proposition 47.

Proposition 55 (2004). The Kindergarten-University Public Education Facilities Bond Act of 2004 appeared on the March 2, 2004 ballot as Proposition 55 ("Proposition 55 (2004)") and was approved by State voters. Proposition 55 (2004) authorizes the sale and issuance of $12.3 billion in general obligation bonds by the State to fund construction and renovation of public K-12 school facilities ($10 billion) and public higher education facilities ($2.3 billion). Proposition 55 (2004) includes $5.26 billion for the acquisition of land and construction of new school buildings. Under Proposition 55 (2004), a school district is required to provide a 50% matching share for new construction or a 60% matching share for modernization projects with local resources unless it qualifies for state hardship funding. Proposition 55 (2004) also allocates up to $300 million of new construction funds for charter school facilities.

Proposition 55 (2004) makes $2.25 billion available for the reconstruction or modernization of existing public school facilities. School districts would be required to pay 40% of project costs from local resources. Proposition 55 (2004) directs a total of $2.44 billion to school districts with schools which are considered critically overcrowded. These funds would go to schools that have a large number of pupils relative to the size of the school site. Proposition 55 (2004) also makes a total of $50 million available to fund joint-use projects. Proposition 55 (2004) includes $2.3 billion to construct new buildings and related infrastructure, alter existing buildings and purchase equipment for use in these buildings for the State's public higher education systems. The measure allocates $690 million to the University of California and California State University and $920 million to community colleges in the State. The Governor and the State Legislature select specific projects to be funded by the bond proceeds. As of January 1, 2025, the District has received approximately $2.31 billion in funds attributable to Proposition 55 (2004).

Proposition 1D. The Kindergarten-University Public Education Facilities Bond Act of 2006 was approved by State voters at the November 7, 2006 ballot as Proposition 1D ("Proposition 1D"). Proposition 1D authorizes the sale and issuance of $10.4 billion in general obligation bonds by the State to fund construction and renovation of public K-12 school facilities ($7.3 billion) and public higher education facilities ($3.1 billion). Proceeds of bonds issued by the State under Proposition 1D are required to be deposited in the 2006 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. Proposition 1D includes $1.9 billion for land acquisition and construction of new school buildings. Under Proposition 1D, a school district is required to pay for 50% of costs with local resources unless it qualifies for state hardship funding. Proposition 1D also allocates $500 million for charter school facilities.

Proposition 1D makes $3.3 billion available for the reconstruction or modernization of existing public school facilities. Districts would be required to pay 40% of project costs from local resources. Proposition 1D directs a total of $1.0 billion to school districts with schools that are considered critically overcrowded. These funds would go to schools that have a large number of pupils relative to the size of the school site. Proposition 1D also makes a total of $29 million available to fund joint-use projects. Proposition 1D includes $3.1 billion to construct new buildings and related infrastructure, alter existing buildings and purchase equipment for use in these buildings for the State's public higher education systems. Pursuant to Proposition 1D, the Governor and the State Legislature select specific projects to be funded by the bond proceeds. As of January 1, 2025, the District has received approximately $819.50 million in funds attributable to Proposition 1D.

Proposition 51. The Kindergarten Through Community College Public Education Facilities Bond Act of 2016 was approved by State voters at the November 8, 2016 ballot as Proposition 51 ("Proposition 51"). Proposition 51 authorizes the sale and issuance of $9 billion in general obligation bonds by the State to fund new construction of school facilities ($3 billion), school facilities for charter schools ($500 million), modernization of school facilities ($3 billion), facilities for career technical education programs ($500 million), and acquisition, construction, renovation, and equipping of community college facilities ($2 billion). Proceeds of bonds issued by the State for K-12 under Proposition 51 are required to be deposited in the 2016 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. As of January 1, 2025, the District has received approximately $397.31 million in funds attributable to Proposition 51.

Proposition 2 (2024). The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024 (also known as Proposition 2 and referred to herein as "Proposition 2 (2024)") was a ballot measure that was approved by State voters on November 5, 2024. Proposition 2 (2024) authorizes the sale and issuance of $10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools, community colleges and career technical education programs, including the development of health and safety conditions. Proposition 2 (2024) includes $3.3 billion for the new construction of K-12 facilities and an additional $4 billion for the modernization of existing K-12 facilities. Up to $10 million of the allocation for new constructions will be reserved for small school districts with an enrollment of fewer than 2,501 students. Of the $4 billion assigned for modernization of existing K-12 facilities, up to $115 million will be allocated for the repairment of lead in water at school facilities. In addition, a total of $1.2 billion will be available for the modernization and new construction of charter school facilities ($600 million) and technical education facilities ($600 million). The State will award funds to technical education and charter school through an application process, and charter schools must be deemed financially sound before project approval. The District is pursuing but cannot guarantee that it will qualify for or receive Proposition 2 (2024) State facilities funding.

Future Initiatives

The foregoing described amendments to the State Constitution and propositions were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time, other initiative measures could be adopted that further affect District revenues or the District's ability to expend revenues.

REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION

The District is located in the City of Los Angeles and portions of the County of Los Angeles. The following economic and demographic information pertains to the City of Los Angeles (the "City") and the County of Los Angeles (the "County"). The historical data and results presented in the tables that follow may differ materially from future results as a result of economic or other factors.

Population

The following Table A-34 sets forth the estimates of the population of the City, the County and the State in calendar years 2020 through 2024.

TABLE A-34
POPULATION ESTIMATES
2020 through 2024

Year (as of January 1)	City of Los Angeles	County of Los Angeles	State of California
2020	3,898,536	10,014,009	39,538,223
2021	3,871,886	9,955,445	39,327,868
2022	3,822,940	9,861,493	39,114,785
2023	3,804,420	9,819,312	39,061,058
2024	3,814,318	9,824,091	39,128,162

GLOSSARY OF CERTAIN TERMS AND ABBREVIATIONS

The following are definitions and abbreviations of certain terms used in this Appendix A.

"AALA" means the Associated Administrators of Los Angeles, which represents the middle managers in the District.

"ACFR" means annual comprehensive financial report.

"ADA" means average daily attendance, a measure of pupil attendance used as the basis for providing revenue to school districts and as a measure of unit costs. ADA includes only in-seat attendance.

"CalPERS" means the California Public Employees' Retirement System, a defined benefit plan which covers classified personnel who work four or more hours per day.

"CalSTRS" means the California State Teachers' Retirement System, a defined benefit plan which covers all full-time certificated and some classified District employees.

"CARES Act" means Coronavirus Aid, Relief and Economic Security Act.

"CDE" means the California Department of Education.

"COLA" means cost-of-living adjustments, which is used in determining the District's funding from the State.

"Common Core" means Common Core State Standards.

"COPS" means certificates of participation.

"COVID-19" means Coronavirus Disease 2019.

"CSEA" means California School Employees Association.

"EL" means English Learners, a classification for students.

"FRPM" means free or reduced-price meal.

"GASB" means the Governmental Accounting Standards Board, an operating entity of the Financial Accounting Foundation establish to set standards of financial accounting and reporting for state and local governmental entities.

"ISMP" means the Information Security Management Program.

"LACOE" means the Los Angeles County Office of Education.

"LAO" means the Legislative Analyst's Office of the State of California.

"LASPA" means the Los Angeles Sheriff's Professional Association.

"LASPMA" means the Los Angeles School Police Management Association.

"LCAP" means the Local Control and Accountability Plan.

"LCFF" means the Local Control Funding Formula.

"LEA" means local education agency as defined under the NCLB Act.

"LI" means students classified as foster youth.

"OCIP" means owner controlled insurance program.

"OPEB" means Other Post-Employment Benefits.

"PARS" means the Public Agency Retirement System, a defined contribution plan which covers the District's part-time, seasonal, temporary and other employees not otherwise covered by CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax.

"PEPIP" means the Public Entity Property Insurance Program, an insurance pool comprised of certain cities, counties and school districts.

"PEPRA" means the California Public Employees' Pension Reform Act of 2013.

"PERB" means the Public Employee Relations Board.

"PLL" means pollution legal liability.

"SEIU" means Service Employees International Union.

"SUP" means School Upgrade Program.

"UAAL" means unfunded actuarial accrued liability.

"UTLA" means the United Teachers Los Angeles, which is the collective bargaining unit representing teachers and support service personnel of the District.

December 16, 2024

The Honorable Board of Education
Los Angeles Unified School District
333 South Beaudry Avenue
Los Angeles, California 90017

Dear Board Members:

The Audited Annual Financial Report (AAFR) of the Los Angeles Unified School District (District), for the fiscal year ended June 30, 2024, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included. The report also includes a "State and Federal Compliance Information" section, which is designed to meet the reporting requirements of the Office of the California State Controller, the U.S. General Accounting Office, the U.S. Office of Management and Budget, and the Single Audit Act Amendments of 1996.

Independent Audit

Education Code Section (EC§) 41020 provides that each school district shall arrange for an audit by certified public accountants of its books and accounts, including the District's income by source of funds and expenditures by object and program. The District's contract auditor for FY2023-24 is Simpson & Simpson, CPAs. The independent auditor's report on the basic financial statements is presented in the Financial Section of this report on page 1.

Management Discussion and Analysis (MD&A)

The MD&A provides an objective and easily readable analysis of the District's financial activities on both a short-term and long-term basis. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Profile of the Los Angeles Unified School District

The District encompasses approximately 710 square miles in the western section of Los Angeles County. The District's boundaries include most of the City of Los Angeles, all of the Cities of Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Carson, Commerce, Cudahy, Culver City, Hawthorne, Inglewood, Long Beach, Los Angeles, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Santa Clarita, South Gate and Torrance. The District was formed in 1854 as the Common Schools for the City of Los Angeles and became a unified school district in 1960.

As of June 30, 2024, the District operated 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special education schools, 67 magnet schools and 264 magnet centers, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State Preschools. The District is governed by a seven-member Board of Education elected by voters within the District to serve alternating five-year terms. These terms were extended to five years for members elected in 2015 and thereafter. As of June 30, 2024, the District employed 36,994 certificated, 35,622 classified, and 3,927 unclassified employees. Enrollment as of September 2023 was 412,341 students in K-12 schools, 36,329 students in adult schools and centers, and 6,566 students in early education centers.

As a reporting entity, the District is accountable for all activities related to public education in most of the western section of Los Angeles County. This report includes all funds of the District with the exception of the fiscally independent charter schools, which are required to submit their own individual audited financial statements, and the Auxiliary Services Trust Fund, which is not significant in relation to District operations. The Auxiliary Services Trust Fund was established in 1935 to receive and disburse funds for insurance premiums on student body activities and property, "all city" athletic and musical events, grants restricted for student activities, and other miscellaneous activities.

Economic Condition and Outlook

The latest UCLA Anderson Forecast published in October 2024 highlights a sub-par growth for California's economy in 2024 but anticipates the next two years of progress to be slightly higher than the U.S. brought about by the aerospace and technology sectors. Growth rate for the Golden State in the second quarter of 2024 was 2.8 percent which was 0.2 percentage less than the nation's 3.0 percent. The national economy is expected to continue its robust growth from the third quarter in 2024 into 2025 and 2026 driven by a rise in residential investment. However, slowdown in the fourth quarter of 2024 is foreseen because of convergence of different events, including the strike at Boeing, strike by East Coast dockworkers, and Hurricane Helene. The UCLA Forecast expects Gross Domestic Product (GDP) growth for 2025 and 2026 in the high twos after a moderate fourth quarter in 2024 of 1.2 percent seasonally adjusted annual rate (SAAR) GDP growth.

In September 2024, the Federal Reserve reduced interest rates, the first since 2020, by half a percentage point to a new range of 4.75 percent -5.0 percent. This move by the Federal Reserve is an indication of an increased confidence in the direction of inflation which is moving towards the Federal Reserve's 2 percent goal but also of a heightened concern on the slowing labor market. Inflation is seen as ending the year at 2.6 percent and 2.2 percent next year. The table below shows the U.S. monthly inflation rates for 2019 through 2024.

Month	2019	2020	2021	2022	2023	2024
January	1.6%	2.5%	1.4%	7.5%	6.4%	3.1%

Source: Bureau of Labor Statistics / N/A Not Available

The FY25 Enacted State Budget addressed a $47 billion deficit through a mix of solutions and included plans of $28 billion to tackle the FY26 budget deficit as well. The Legislative Analyst's Office (LAO), however, estimates that the FY25 Enacted State Budget closed a higher shortfall of $55 billion. LAO's 2025-26 Budget: California's Fiscal Outlook report released in November 2024 estimates a roughly balanced budget in FY26. Beginning in FY27, the State faces annual operating deficits growing from about $20 billion to about $30 billion. Cost-of-living adjustment (COLA) is projected at 2.46 percent for FY26. The Governor has a mandatory deadline to submit a balanced FY26 budget proposal to the Legislature by the statutory deadline of January 10, 2025. At that time, the proposal shall provide details on the State's spending plan including Proposition 98.

Superintendent's Strategic Plan

In June 2021, the Board of Education approved a set of four goals outlining expected student outcomes by 2026. These goals establish clear expectation of excellence and growth in the primary areas of success: postsecondary preparedness, literacy, numeracy, and social-emotional wellness to ensure our students are ready for the world. The 2022-26 Strategic Plan has been built to guide a singular focus on achieving these goals, providing clear direction for collective planning and for every action taken.

The elements outlined below reflect new and inspiring approaches that will best serve students, as well as the proven work of educators, school leaders, and support staff. Strategies included in this plan will constantly evolve and adapt to exemplify the best in public education. These elements are also not intended to stand alone but to be interconnected and to influence or support one another. While the priorities and strategies may be categorized in a particular area, each piece will work together in a coherent system to provide an exceptional education program to ensure all students graduate ready for the world.

Financial Information

The District maintains internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss from unauthorized use and disposition and to provide reliable records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes the importance of a close evaluation of costs and benefits, which requires estimates and judgments by management. The objective is to establish effective internal controls, the cost of which should not exceed the benefits derived therefrom. We believe that the District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

School districts in California are required by EC §41010 to follow the California School Accounting Manual in preparing reports to the State. The District utilizes a single adoption budget schedule that requires Final Budget adoption by the State mandated July 1 deadline. The District is allowed to modify its adopted budget within 45 days of the passage of the State budget.

EC §42600 mandates that a school district's expenditures may not legally exceed budgeted appropriations by major object classification, namely certificated salaries, classified salaries, employee benefits, books and supplies, services and other operating expenditures, capital outlay, other outgo, and other financing uses. EC §42600 further specifies that districts may not spend more than the amounts authorized in the Final Budget as adjusted during the fiscal year.

Encumbrance accounting is utilized to ensure effective budgetary control and accountability. Unencumbered appropriations lapse at year end and encumbrances outstanding at that time are reported as assigned fund balance for subsequent year expenditures.

Financial Results

In 2023-24, the Statement of Changes in Net Position shows that the District's Net Position increased by $1.9 billion during the year. The Unrestricted Net Position, which is negative, improved by $1.4 billion from -$13.2 billion to -$11.8 billion. The negative Unrestricted Net Position is largely the result of the District's other postemployment benefits (OPEB) liability and pension liabilities for various retirement plans. The noted improvement is primarily attributable to the receipt due to the recognition of $0.5 billion in Federal Emergency Management Agency (FEMA) reimbursements for COVID-19 testing and vaccination costs incurred in the prior years. Additionally, a $0.2 billion gain was recognized due to a reduction in unrealized losses on the District's cash deposited in the Los Angeles County Treasury Pool, contributing further to the fund balance increase.

In fiscal year 2023-24, the District continued to spend one-time funding for COVID-19 that helped sustain the District's operations, address student learning gaps, and sustained in-person learning in schools. For the fiscal year ended June 30, 2024, the District spent $1.0 billion on COVID-19 funding.

Audit Results

There were 7 federal programs and 30 state compliance requirements that were audited. The examination resulted in 13 audit findings with a total *questioned costs* of $770.1 million. The *questioned costs* mainly pertain to the District not meeting the Current Expense Formula (CEF). The District did not meet the minimum 55% threshold for spending General Fund resources on classroom teacher salaries and benefits per EC Section 41372. The District's percentage spent was only 47.08%. This is due to a significant amount of dollars spent on expenditures other than classroom teacher salaries and benefits, which were essential to ensure a safe return to campus and in-person learning to students following he COVID-19 pandemic. Additionally, the ratio is lower because of the significant increase in COVID-19 expenditures, which are part of the denominator in the formula. Examples of these expenditures include purchases of devices, connectivity solutions, instruction software licenses, and other essential items to support In-Person learning and the safety of students and staff. The District shall engage with the Los Angeles County Office of Education (LACOE) to seek a waiver request this year, as permitted under Education Code Section 41372. In 2022-23 school year, the District had the same finding and LACOE approved the waiver exempting the District from corrective action and questioned costs.

Furthermore, for the 2023-24 school year, the District failed to meet the transitional kindergarten and early enrollment average class enrollment and adult-to-pupil ratio requirements pursuant to EC Section 48000. The District's sampled school sites that offered transitional kindergarten, including those with early enrollment pupils identified with audit findings, exceeded the 24 pupils average transitional kindergarten class enrollment (*20 pupils for early enrollment child)* and the average of at least one adult for every 12 pupils for transitional kindergarten classrooms (*10 pupils for early enrollment child*). The District has implemented measures to ensure compliance with class size and adult-to-pupil ratio requirements, including the distribution of a Transitional Kindergarten Resources and Communication Toolkit to school sites and district administrators. This additional resource is designed to help maintain adherence to the required class capacity and ratio requirements.

Other audit findings noted were related to Immunization, Unduplicated Pupil Count, Independent Study, and Proposition 28 – Arts and Music. The common finding was due to the lack of supporting documents for some of the samples tested. This in effect disallows the District to claim for any revenue resulting from average daily attendance and unallowable expenditures generated by the tested samples identified as exceptions.

The District continues to remain fully committed and be compliant with Federal and State guidelines. There is a continued focus to resolve remaining audit findings, improve our internal controls and record keeping process, and ensure that compliance with State and Federal program requirements are met.

Acknowledgments

We wish to express our appreciation to the Division of Accounting and Disbursements team, the various District divisions who assisted in the preparation of this report, school based and program staff for their cooperation in providing requested audit information and their assistance in resolving potential audit findings and acknowledge the effort of our independent auditors.

Respectfully submitted,

Alberto M. Carvalho

Independent Auditor's Report

To The Honorable Board of Education
Los Angeles Unified School District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **Los Angeles Unified School District** (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Los Angeles Unified School District, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the provisions of California Code of Regulations (CCR), Title 5, Education, Section 19810. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

CPA℠
The CPA. Never Underestimate The Value.℠

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 to 14 and the required supplementary information on pages 76 to 85 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information on pages 86 to 113, 118 to 119, 122 to 127, and 136, and the schedule of expenditures of federal awards and related notes on pages 137 to 142, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

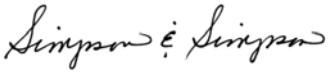

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and the supplementary information on pages 115 to 117, 120 to 121, 128 to 135, and 143 to 144 but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Los Angeles, California
December 16, 2024

As management of the Los Angeles Unified School District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024.

We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-ix of this report.

Financial Highlights

- As of the end of the most recent fiscal year the District's liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources by $2.4 billion, resulting a deficit net position. This negative net position is primarily comprised of an unrestricted $11.8 billion deficit, which includes net pension liabilities for various retirement plans totaling $6.9 billion and net other postemployment benefits (OPEB) liability totaling $9.0 billion. The District's total net position increased by $1.9 billion from the prior year.
- Long-term liabilities increased by $1.1 billion primarily due to issuance of new Certificates of Participation (COPs) and changes in actuarial assumptions for self-insurance claims.
- At the close of the fiscal year 2024, the District's governmental funds reported combined ending fund balances of $10.2 billion, reflecting an increase of $1.3 billion from the prior fiscal year ending June 30, 2023.
- As of the end of the current fiscal year, assigned and unassigned fund balances for the General Fund, including reserve for economic uncertainties, was $1.6 billion, or 15% of total General Fund expenditures.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference between these elements as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Each of the government-wide financial statements relates to functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District are all related to public education.

The government-wide financial statements can be found on pages 15-16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal

(Continued)

requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 20 individual governmental funds. In the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances, separate columns are presented for General Fund, District Bonds Fund, Bond Interest and Redemption Fund, and all other funds. Individual account data for all other nonmajor governmental funds are provided in the form of *combining statements* elsewhere in this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 17-20 of this report.

Proprietary funds. The District maintains Internal Service Funds as the only type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses internal service funds to account for Health and Welfare Benefits, Workers' Compensation-Self Insurance, and Liability-Self Insurance. Because all of these services benefit governmental functions, they have been included within governmental activities in the government-wide financial statements.

It is the District's practice to record estimated claim liabilities at the present value of the claims, in conformity with the accrual basis of accounting, for all its internal service funds.

The proprietary fund financial statements can be found on pages 22-24 of this report.

Notes to basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25-74 of this report.

Combining and individual fund schedules and statements. Combining schedules and statements consisting of the budget to actual comparisons for District Bonds Fund, Bond Interest and Redemption Fund, the individual accounts within the nonmajor governmental funds, and the internal service funds are presented immediately following the required supplementary information. Combining and individual fund schedules and statements can be found on pages 86-113 of this report.

(Continued)

Government-wide Financial Analysis

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the District, liabilities plus deferred inflows of resources exceeded assets plus deferred outflows of resources by $2.4 billion at the close of the most recent year.

The District's net position reflects its investments in capital assets ($3.9 billion) (e.g., land, buildings, and equipment), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investments in its capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's restricted net position of $5.5 billion represents resources that are subject to external restrictions on how they may be used. The majority of this pertains to capital projects funds, debt services funds, and various programs such as Arts, Music, and Instructional Materials Discretionary Block Grant, Learning Recovery Emergency Block Grant, Kitchen Infrastructure and Training Funds, and Literacy Coaches and Reading Specialists Grant Program. The remaining negative balance in unrestricted net position (-$11.8 billion) resulted primarily from the net pension liability for various retirement plans totaling $6.9 billion and the net OPEB liability totaling $9.0 billion.

At the end of the 2024 fiscal year, the District is able to report positive balances in all categories of net position except for unrestricted net position.

The $0.6 billion increase in net capital assets primarily relates to costs incurred for school modernization projects throughout the District which is higher compared to the recognition of depreciation expense.

Long-term liabilities increased by $1.1 billion, primarily due to issuance of new Certificates of Participation (COPs) and changes in actuarial assumptions for self-insurance claims.

(Continued)

Summary Statements of Net Position (in thousands)

As of June 30, 2024 and 2023:

	Governmental Activities	
	2024	**2023**
Current Assets	$ 13,034,889	$ 11,893,489
Capital Assets, net	16,325,227	15,757,952

Summary Statements of Changes in Net Position (in thousands)

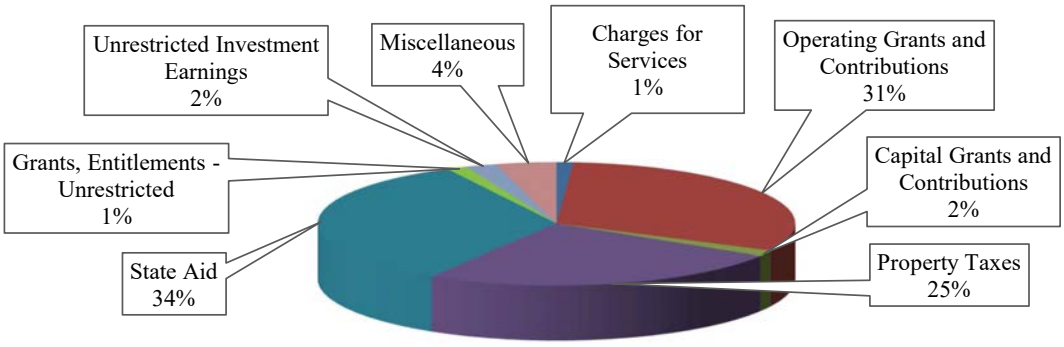

Year ended June 30, 2024 and 2023:

	Governmental Activities	
	2024	**2023**
Revenues:		
Program Revenues:		
Charges for services	$ 153,569	$ 168,351
Operating grants and contributions	4,245,151	5,323,415
Capital grants and contributions	202,694	223,810
Total Program Revenues	4,601,414	5,715,576
General Revenues:		
Property taxes levied for general purposes	2,150,106	2,102,924
Property taxes levied for debt service	1,185,977	1,093,217
Property taxes levied for community redevelopment	60,653	55,694
State aid not restricted to specific purpose	4,585,386	4,491,309
Grants, entitlements, and contributions not restricted to specific programs	188,281	221,467
Unrestricted investment earnings	284,570	(23,186)
Miscellaneous	554,812	81,034
Total General Revenues	9,009,785	8,022,459
Total Revenues	13,611,199	13,738,035
Expenses:		
Instruction	$ 5,072,381	$ 4,558,356
Support Services:		
Support services – students	733,509	552,649
Support services – instructional staff	859,470	869,837
Support services – general administration	143,193	115,813
Support services – school administration	682,625	560,724
Support services – business	838,188	258,764
Operation and maintenance of plant services	982,270	898,066
Student transportation services	198,150	172,738
Data processing services	156,909	118,973
Operation of noninstructional services	680,183	558,572
Facilities acquisition and construction services	172,218	165,545
Other uses	8,786	6,970
Interest expense	603,781	407,889
Depreciation – unallocated	592,808	584,267
Total Expenses	11,724,471	9,829,163
Changes in Net Position	1,886,728	3,908,872
Net Position – Beginning of Year	(4,250,546)	(8,159,418)
Net Position – End of Year	$ (2,363,818)	$ (4,250,546)

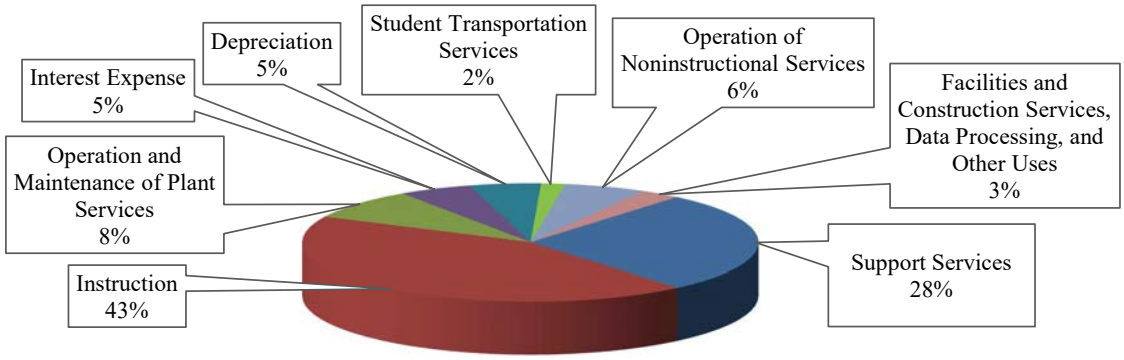

(Continued)

At the end of the current fiscal year, the District's net position increased by $1.9 billion from the prior year primarily due to the receipt of COVID-19 funding and cost savings on operating expenses due to a delayed school reopening for safety reasons.

The following graph shows that state aid, property taxes, and operating grants and contributions are the main revenue sources of the District.

The following graph shows that instruction and support services are the main expenses of the District.

(Continued)

Financial Analysis of the Governmental Funds

As noted earlier, the District uses fund accounting to facilitate compliance with finance-related requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Committed, assigned, and unassigned balances comprise the unrestricted fund balances and may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported a combined ending fund balance of $10.2 billion, reflecting a $1.3 billion increase compared to the prior year. Approximately 60% of this total is comprised of assigned, nonspendable, and restricted fund balances. Specifically, $0.5 billion (5.0%) is assigned, while $5.6 billion (55.0%) is nonspendable and restricted due to laws and regulations or grantor restrictions. The committed fund balance, which represents $3.0 billion (29.0%), is set aside by the District's governing authority for specific purposes. The remaining $1.1 billion (10.9%) includes $0.2 billion (2.4%) reserved for economic uncertainties and $0.9 billion (8.5%) unassigned, representing available spendable amounts not contained in the other classifications.

The General Fund is the District's primary operating fund. At the end of the 2024 fiscal year, the unassigned fund balance was $1.1 billion, while the total fund balance was $6.4 billion. The fund balance of the District's General Fund increased by $0.7 billion during the current fiscal year, primarily due to the recognition of $0.5 billion in Federal Emergency Management Agency (FEMA) reimbursements for COVID-19 testing and vaccination costs incurred in the prior years. Additionally, a $0.2 billion gain was recognized due to a reduction in unrealized losses on the District's cash deposited in the Los Angeles County Treasury Pool, contributing further to the fund balance increase.

Other changes in fund balances in the governmental funds are detailed as follows (in thousands):

			Other Governmental Funds			
	District Bonds	Bond Interest and Redemption	Special Revenue	Debt Service	Other Capital Projects	Total
Fund Balance, June 30, 2024:						
Nonspendable						
Revolving cash and imprest funds	$ 500	$ —	$ 12	$ —	$ —	$ 12
Inventories	—	—	17,861	—	—	17,861
Prepaids	101	—	68	—	—	68
Restricted	1,192,626	1,422,815	421,068	502	709,873	1,131,443
Assigned	—	—	8,951	—	7,774	16,725
Unassigned	—	—	(51)	—	—	(51)
Total	1,193,227	1,422,815	447,909	502	717,647	1,166,058
Fund Balance, July 1, 2023	1,235,574	1,305,162	300,949	436	318,060	619,445
Increase (decrease) in fund balance	$ (42,347)	$ 117,653	$ 146,960	$ 66	$ 399,587	$ 546,613

(Continued)

The fund balance decreased during the current year for the District Bonds due to the issuance of new General Obligation Bonds offset by increase in spending for school modernization projects and renovation.

The increase of $0.1 billion in the Bond Interest and Redemption Fund was driven by a higher property tax levy for local bond debt service. The Special Revenue Fund increase was primarily due to a one-time rate adjustment of $0.1 billion received for the Child Development Fund, and an additional $0.4 billion in reimbursements from the Emergency Connectivity Fund for Adult Education Fund.

The increase of $399 million for the Capital Projects was primarily due to proceeds from new COPs 2023A issuance offset by increase in spending on projects in the County School Facilities Bonds. Debt Service increased primarily due to interest earned.

Proprietary funds. The District's proprietary funds provide the same type of information found in the government-wide financial statements.

At year-end, the District's proprietary funds reported a negative unrestricted net position of $0.05 billion. The current year's net decrease of $0.5 billion was primarily due to higher claims in the Health and Welfare Fund and the Self-insurance Fund.

General Fund Budgetary Highlights

The District closely monitors and reviews its revenue and expenditure data to ensure maintenance of sufficient ending balance. This monitoring and review occur from the development of the budgeted data through the State-mandated first and second interim financial reports, and at year end, utilizing actual revenue and expenditure data.

Modified Final Budget vs. Original Final Budget

The District's Original Final Budget is based on assumptions from the State's May Revision Budget, while the Modified Final Budget is based not only on the State's Enacted Budget, but also on all other known State budgetary changes and changes to the District's priority of program implementations and/or planned expenditures since the Original Final Budget. Differences between the 2023-24 General Fund Original Final Budget and the Modified Final Budget resulted in a higher budgeted ending balance by $1.0 billion, to $5.0 billion from $4.0 billion. Adjustments to the Original Final Budget included an increase in beginning balance of $0.5 billion, an increase in budgeted revenues and financing sources of $0.9 billion, and an increase in budgeted expenditures and other financing uses of $0.4 billion.

The increase in beginning balance of $0.5 billion was to reflect the actual ending balance as of June 30, 2023, as opposed to the estimated June 30, 2023, ending balance. The net increase in budgeted revenues and other financing sources of $0.9 billion was mostly due to the recognition of FEMA reimbursement for COVID-19 testing and vaccination expenses of $0.5 billion, higher state revenues of $0.2 billion from the implementation of new grants and categorical programs, and an increase in local revenues of $0.2 billion primarily from recognition of higher interest income and Medi-Cal Billing Option Program reimbursement

The increase in budgeted expenditures and other financing uses of $0.4 billion was mostly attributable to the implementation of restricted programs such as Expanded Learning Opportunities Program, Medi-Cal Billing Option, Equity Multiplier totaling $0.2 billion as well as the implementation of various federal, state, and local grants totaling $0.2 billion.

(Continued)

Actual vs. Modified Final Budget

The beginning balance remained the same for both the Actual and the Modified Final Budget. The unfavorable variance of $0.1 billion in revenues and other financing sources between the Actual and Modified Final Budget was mostly due to adjustments on multi-year grants and COVID-related funds which are budgeted in their entirety but earned only to the extent of actual expenditures incurred.

The favorable variance of $1.5 billion in expenditures and other financing uses between the Actual and the Modified Final Budget was mostly from school carryover and COVID-related accounts. The unspent portion of these accounts shall carry over into the next fiscal year for further program implementation and/or to pay future obligations. The largest decreases in expenditures were in Books and Supplies ($0.9 billion), Certificated Salaries ($0.3 billion) and Services and Other Operating Expenditures ($0.1 billion).

Differences between the Actual and Modified Final Budget resulted in a higher ending balance by $1.4 billion, to $6.4 billion from $5.0 billion.

Capital Assets and Debt Administration

Capital assets. The District's investment in capital assets for its governmental activities as of June 30, 2024, amounts to $16.3 billion (net of accumulated depreciation), a 3.6% increase from the prior year. The investment in capital assets includes sites, improvement of sites, buildings and improvements, equipment, construction in progress, lease assets and subscription assets, net of any related accumulated depreciation. The increase is primarily due to comprehensive and major modernization projects, heating, ventilation, and air conditioning (HVAC) projects, improvement at school sites, Cyber and Campus Security projects, School Network System Upgrades, and increase in subscription assets.

Summary of capital assets (net of accumulated depreciation) is as follows (in thousands):

	2024	2023
Sites	$ 3,101,510	$ 3,101,518
Improvement of sites	333,225	323,162
Buildings and improvements	9,102,846	9,098,155
Equipment	383,687	367,061
Construction in progress	3,302,103	2,777,727
Lease assets	50,174	54,970
Subscription assets	51,682	35,359
Total	$ 16,325,227	$ 15,757,952

Additional information on the District's capital assets can be found in Note 7 on pages 39-40 of this report.

Debt Administration

Long-term obligations. At the close of the current fiscal year, the District's total long-term obligations amounted to $29.4 billion. Of this, $11.7 billion consists of debt to be repaid through voter-approved property taxes, and the District's General Fund. The total long-term obligations increased by $1.8 billion during the fiscal year, primarily due to issuance of new Certificates of Participation (COPs) and changes in actuarial assumptions for self-insurance claims.

(Continued)

Summary of long-term obligations is as follows (in thousands):

	Governmental Activities	
	2024	**2023**
General Obligation (GO) Bonds	$ 11,651,806	$ 11,448,075
Certificates of Participation (COPs)	511,478	101,109
Capital Lease Obligations	51,824	55,818
Subscription-based Information Technology Agreements	43,514	32,296
Liability for Compensated Absences	108,995	90,932
Liability for Other Employee Benefits	24,177	24,891
Self-insurance Claims	1,113,152	656,603
Net Pension Liability	6,942,831	6,730,407
Other Postemployment Benefits (OPEB)	8,991,231	8,482,271
Arbitrage Payable	3,155	–
Total	$ 29,442,163	$ 27,622,402

Long-Term Credit Ratings

Below are the District's long-term credit ratings as of June 30, 2024 from the rating agencies that carry ratings on all or some of the District's outstanding GO bonds and COPs:

1. Moody's Investors Service (Moody's) rated the District's GO bonds and COPs "Aa2" and "A1", respectively, with a Stable Outlook. In addition, Moody's assigned an "Aa3" issuer rating to the District.
2. Fitch Ratings (Fitch) rated the District's GO bonds and COPs "AAA" and "A+", respectively, with a Stable Outlook. In addition, Fitch assigned the District an Issuer Default Rating of "AA-".
3. Standard & Poor's (S&P) rated the District's GO bonds as "AA-" with a Stable Outlook.
4. Kroll Bond Rating Agency (KBRA) rated the District's GO bonds as "AAA" with a Stable Outlook.

State statutes limit the issuance of general obligation bond debt by a unified school district if the outstanding general obligation bonds are more than 2.5% of its total taxable property. The debt limitation for the District as of June 30, 2024, is $23.2 billion, which is in excess of the District's outstanding general obligation bond debt.

Additional information on the District's long-term obligations can be found in Notes 11 and 12 on pages 64-67 of this report.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. This report is available on the District's website, under the Office of the Chief Financial Officer homepage (https://www.lausd.org/Page/1679). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Chief Financial Officer, Los Angeles Unified School District, P.O. Box 513307-1307, Los Angeles, California 90051-1307.

LOS ANGELES UNIFIED SCHOOL DISTRICT
Reconciliation of the Governmental Funds Balance Sheet to
the Statement of Net Position
June 30, 2024
(in thousands)

Total Fund Balances – Governmental Funds	$ 10,204,033
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets is $28,451,115 and the accumulated depreciation is $12,125,888.	16,325,227
Prepaid subscription software expenditures are reported as subscription assets in the governmental activities.	(3,575)
Property taxes receivable will be collected this year, but are not available soon enough to pay the current period's expenditures and therefore are unearned in the funds.	111,498
Federal subsidies for debt service expenditures are recognized in the governmental funds only when the corresponding interest expenditure is recognized.	1,692
Receivables that will be collected in the following year and thereafter are not available soon enough to pay the current period's expenditures and therefore are not reported in the governmental funds.	1,829
An internal service fund is used by the District's management to charge the costs of health and welfare, workers' compensation and liability self-insurance premiums and claims to the individual funds. The assets and liabilities of the internal service funds are included in the governmental activities.	(50,492)
Long-term liabilities, including bonds and lease payable, are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds.	(12,596,451)
Deferred outflow/inflow of resources – refunding charges are not reported in the governmental funds.	(89,919)
Proportionate share of net pension liability and related deferred inflow/outflow of resources are not reported in the governmental funds.	(5,251,368)
Net other post-employment benefits liability and related deferred inflow/outflow of resources are not reported in the governmental funds.	(11,016,292)
Total Net Position – Governmental Activities	$ (2,363,818)

See accompanying notes to basic financial statements.

LOS ANGELES UNIFIED SCHOOL DISTRICT
Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures, and Changes in Fund Balances to the Statement of Activities
Year Ended June 30, 2024
(in thousands)

Net Changes in Fund Balances – Governmental Funds	$	1,335,601
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		566,379
Proceeds of new debt and repayment of debt principal are reported as other financing sources and uses in the governmental funds, but constitute additions and reductions to liabilities in the statement of net position.		(168,003)
Premiums, discounts, and refunding charges are reported as other financing sources and uses in the governmental funds, but constitute additions and reductions to liabilities in the statement of net position.		(403,840)
Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered “available” revenues for this year.		1,744
In the statement of activities, compensated absences and other retirement benefits are measured by the amounts the employees earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).		(16,670)
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental fund because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of financial resources. In the statement of activities, however, interest expense is recognized as interest accrues, regardless of when it is due.		(104,141)
Some expenses, including legal settlements and rebatable arbitrage, are recognized in the government wide statements as soon as the underlying event has occurred but not until due and payable in the governmental funds.		(3,155)
An internal service fund is used by the District's management to charge the costs of health and welfare, workers’ compensation and liability self-insurance premiums and claims to the individual funds. The net revenue of the internal service fund is reported with governmental activities.		(417,101)
Legal settlement gains are recognized in the government wide statements as soon as the underlying event has occurred but not until collected in the governmental funds.		(1,879)
Adoption of GASB 68 recognizes actuarial pension expense in the government wide statements and reclassify actual pension contribution in the current year as deferred outflow of resources.		285,705
Adoption of GASB 75 recognizes actuarial OPEB expense in the government wide statements and reclassify actual pension contribution in the current year as deferred outflow of resources.		812,088
Change in Net Position of Governmental Activities	$	1,886,728

See accompanying notes to basic financial statements.

(1) Summary of Significant Accounting Policies

The Los Angeles Unified School District (District) accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The following summary of the more significant accounting policies of the District is provided to assist the reader in interpreting the basic financial statements presented in this section. These policies, as presented, should be viewed as an integral part of the accompanying basic financial statements.

(a) Reporting Entity

The District is primarily responsible for all activities related to K-12 public education in most of the western section of Los Angeles County, State of California. The governing authority, as designated by the State Legislature, consists of seven elected officials who together constitute the Board of Education (Board). Those organizations, functions, and activities (component units) for which the Board has accountability comprise the District's reporting entity.

The District's Audited Annual Financial Report includes all funds of the District and its component units with the exception of the fiscally independent charter schools, which are required to submit audited financial statements individually to the State, and the Auxiliary Services Trust Fund, which is not significant in relation to District operations. This fund was established in 1935 to receive and disburse funds for insurance premiums on student body activities and property, "all city" athletic and musical events, and grants restricted for student related activities. The District has certain oversight responsibilities for these operations but there is no financial interdependency between the financial activities of the District and the fiscally independent charter schools or the Auxiliary Services Trust Fund.

Blended Component Units

The LAUSD Financing Corporation and the LAUSD Administration Building Finance Corporation (the Corporations) were formed in 2000 and 2001, respectively, to finance properties leased by the District. The Corporations have a financial and operational relationship which meets the reporting entity definition criteria of GASB for inclusion of the Corporations as blended component units of the District. These Corporations are nonprofit public benefit corporations and they were formed to provide financing assistance to the District for construction and acquisition of major capital facilities. The District currently occupies all completed Corporation facilities under lease purchase agreements. At the end of the lease terms, or pursuant to relevant transaction documents with the District, or upon dissolution of the Corporations, title to all Corporations property passes to the District.

On July 1, 2014, the District entered into a joint venture agreement with Los Angeles Trust for Children's Health as the original participant to form Los Angeles Unified School District Risk Management Authority (LAUSDRMA). LAUSDRMA was formed to permit the participants to jointly exercise their common powers to self-insure, pool, and jointly fund and purchase insurance, and to establish insurance programs for a variety of risks. This joint venture also meets GASB's reporting definition criteria of a blended component unit. Detailed information about LAUSDRMA's Financial Statements is available in a separately issued financial report. Copies of the said report may be obtained by written request to General Manager/Secretary, LAUSDRMA, 333 S. Beaudry Avenue, 28th Floor, Los Angeles, CA 90017.

(Continued)

(b) Government-wide and Fund Financial Statements

The District's basic financial statements consist of fund financial statements and government-wide statements which are intended to provide an overall viewpoint of the District's finances. The government-wide financial statements, which are the statement of net position and the statement of activities, report information on all District funds excluding the effect of interfund activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which are primarily supported by fees and service charges. The District does not conduct any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements on pages 17 and 19. Nonmajor funds are aggregated in a single column.

(c) Measurement Focus and Basis of Accounting

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and trust funds. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the fiscal period. "Available" means collectible within the current period or soon enough thereafter to pay current liabilities. Application of the "susceptibility to accrual" criteria requires consideration of the materiality of the item in question and due regard for the practicality of accrual, as well as consistency in application.

Federal revenues and State apportionments and allowances are determined to be available and measurable when entitlement occurs or related eligible expenditures are incurred. Secured and unsecured property taxes related to debt service and community redevelopment purposes that are estimated to be collectible and receivable within 60 days of the current period are recorded as revenue. Investment income is accrued when earned. All other revenues are not considered susceptible to accrual.

Expenditures for the governmental funds are generally recognized when the related fund liability is incurred, except debt service expenditures and expenditures related to compensated absences which are recognized when payment is due.

(d) Financial Statement Presentation

The District's audited annual financial report includes the following:

- Management's Discussion and Analysis is a narrative introduction and analytical overview of the District's financial activities as required by GASB Statement No. 34. This narrative overview is in a format similar to that in the private sector's corporate annual reports.
- Government-wide financial statements are prepared using full accrual accounting for all of the District's activities. Therefore, current assets and liabilities, deferred outflow and inflow of resources, capital and other long-term assets, and long-term liabilities are included in the financial statements.
- Statement of net position displays the financial position of the District including all capital assets and related accumulated depreciation, long-term liabilities, and net pension and other postemployment benefits (OPEB) liabilities.
- Statement of activities focuses on the cost of functions and programs and the effect of these on the District's net position. This financial report is also prepared using the full accrual basis and includes depreciation expense.

(e) Fund Accounting

The District's accounting system is organized and operated on the basis of funds. Fund Accounting emphasizes accountability rather than profitability. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A description of the activities of the various funds is provided below:

Major Governmental Funds

The District has the following major governmental funds for the fiscal year 2023-24:

General Fund – The General Fund is used to account for all financial resources relating to educational activities and the general business operations of the District, including educational programs funded by other governmental agencies. The General Fund consists of unrestricted and restricted funds.

District Bond Funds – This category represents the total of the following building accounts: Building Account – Measure K, established to account for bond proceeds received by the passage of such measure in the Election of 2002; Building Account – Measure R, established to account for bond proceeds received by the passage of such measure in the Election of 2004; Building Account – Measure Y, established to account for bond proceeds received by the passage of such measure in the Election of 2005; Building Account – Measure Q, established to account for bond proceeds received by the passage of such measure in the Election of 2008; and Building Account - Measure RR, established to account for bond proceeds received by the passage of such measure in the Election of 2020.

Bond Interest and Redemption Fund – This Debt Service Fund is used to account for the payment of principal and interest on the general obligation bond issues (Measure K, Measure R, Measure Y, Measure Q, and Measure RR). Revenues are derived from ad valorem taxes levied upon all taxable property in the District.

Other Governmental Funds

The District has the following nonmajor governmental funds:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for the specific purpose (other than debt service or capital projects) of the individual funds. The District maintains the following Special Revenue Funds: Student Activity Special Revenue, Adult Education, Child Development, and Cafeteria.

Debt Service Funds – Debt Service Funds are used to account for all financial resources that are restricted, committed, or assigned to expenditures for the repayment of general long-term debt principal and interest. The District maintains the following nonmajor Debt Service Funds: Tax Override and Capital Services. The Bond Interest and Redemption Fund is reported separately as a major fund in fiscal year 2023-24.

Capital Projects Funds – Capital Projects Funds are used to account for all financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities and equipment other than those financed by the General and Special Revenue Funds. The District maintains the following nonmajor Capital Projects Funds: Building, Capital Facilities Account, County School Facilities Bonds, Special Reserve – Community Redevelopment Agency, Special Reserve, Special Reserve – FEMA – Earthquake, and Special Reserve – FEMA – Hazard Mitigation. The District Bond Funds (Measure K, Measure R, Measure Y, Measure Q, and Measure RR) is reported separately as a major fund in fiscal year 2023-24.

Proprietary Funds

The District has the following Proprietary Funds:

Internal Service Funds – Internal Service Funds are used to account for all financial resources intended to provide self-insurance services to other operating funds of the District on a cost-reimbursement basis. The District maintains the following Internal Service Funds: Health and Welfare Benefits, Workers' Compensation Self-insurance, and Liability Self-Insurance. The Health and Welfare Benefits Fund was established to pay for claims, administrative costs, insurance premiums, and related expenditures; the Workers' Compensation Self-Insurance Fund and the Liability Self-Insurance Fund were established to pay for claims, excess insurance coverage, administrative costs, and related expenditures.

Under the full accrual basis of accounting that is generally accepted for Internal Service Funds, total estimated liabilities for self-insurance are recorded based on estimated claims liabilities, including the estimated liability for incurred but not reported claims. For the Workers' Compensation Self-Insurance and Liability Self-Insurance Funds, the estimates are determined by applying an appropriate discount rate to estimated future claim payments. No discount is applied to estimated Health and Welfare Benefits Fund claims because they are generally paid within a short period of time after the claims are filed.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service funds are charges to other operating funds for self-insurance services. Operating expenses include the cost of services including insurance premiums, claims, and administrative costs. All revenues and expenses not meeting this definition are nonoperating revenues and expenses.

(f) Budgetary Control and Encumbrances

School districts in California are required by Education Code Section 41010 to follow the *California School Accounting Manual* in preparing reports to the State. The District utilizes a single-adoption budget schedule that requires Final Budget adoption by the State-mandated July 1 deadline. The District is allowed to modify its adopted budget within 45 days of the passage of the State budget. In addition, the District revises the budget during the year to give consideration to unanticipated revenues and expenditures (see Note 4 – Budgetary Appropriation Amendments).

In accordance with the District's Board policy, management has the authority to make routine transfers of budget appropriations among major categories within a fund. Routine budget transfers are summarized and periodically reported to the Board for ratification. Nonroutine transfers may not be processed without prior Board approval.

During the year, several supplementary appropriations were necessary. The original and final revised budgets are presented in the financial statements. Budgets for all governmental fund types are adopted on a basis consistent with generally accepted accounting principles. Budgets are adopted for the General, Special Revenue, Debt Service, Capital Projects, and Internal Service Funds.

Formal budgetary integration is employed as a management control device during the year for all budgeted funds. The District employs budgetary control by minor (sub) object and by individual program accounts. Expenditures may not legally exceed budgeted appropriations by major object level as follows: Certificated Salaries, Classified Salaries, Employee Benefits, Books and Supplies, Services and Other Operating Expenditures, Capital Outlay, Other Outgo, and Other Financing Uses.

The District utilizes an encumbrance system for all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid or liabilities are incurred. All encumbrances expire at June 30. Appropriation authority lapses at the end of the fiscal year.

(g) Cash and Investments

Cash includes amounts in demand deposits with the Los Angeles County Treasury and various financial institutions, imprest funds for schools and offices, and cafeteria change funds. The District maintains some cash deposits with various banking institutions for collection clearing, check clearing, or revolving fund purposes. The District also maintains deposit accounts held by various trustees for the acquisition or construction of capital assets, for the repayment of long-term debts, and for the payment of other postemployment benefits.

In accordance with State Education Code Section 41001, the District deposits virtually all of its cash with the Treasurer of the County of Los Angeles. The District's deposits, along with funds from other local agencies such as the county government, other school districts, and special districts, make up a pool, which the County Treasurer manages for investment purposes. Earnings from the pooled investments are allocated to participating funds based on average investment in the pool during the allocation period.

(Continued)

All District-directed investments are governed by Government Code Section 53601 and Treasury investment guidelines. The guidelines limit specific investments to government securities, domestic chartered financial securities, domestic corporate issues, and California municipal securities. The District's securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made. All District investments are stated at fair value based on quoted market prices.

(h) Short-term Interfund Receivables/Payables

Occasionally, a fund will not have sufficient cash to meet its financial obligations and a cash transfer will be required to enable that fund to pay its outstanding invoices and other obligations. These temporary borrowings between funds are classified as "due from other funds" or "due to other funds" on the governmental funds balance sheet. Interfund balances within governmental activities are eliminated on the government-wide statement of net position. At June 30, 2024, Health and Welfare Benefits fund has a balance of $30.0 million due to General Fund. The balance is anticipated to be returned within the fiscal year 2024-25.

(i) Inventories

Inventories consist of expendable materials and supplies held for consumption, which are valued at cost, using the average-cost method. Inventories are recorded as expenditures when shipped to schools and offices. Balances of inventory accounts are offset by corresponding reservations of fund balance, which indicate that these amounts are not available for appropriation and expenditure.

(j) Capital Assets

Capital assets, which include sites, improvement of sites, buildings and improvements, equipment, the right to use leased equipment, subscription assets, and construction in progress, are reported in the government-wide financial statements. Such assets are valued at historical cost or estimated historical cost unless obtained by annexation or donation, in which case they are recorded at estimated market value at the date of receipt. The District utilizes a capitalization threshold of $5,000.

Projects under construction are recorded at cost as construction in progress and transferred to the appropriate asset account when substantially complete. Costs of major improvements and rehabilitation of buildings are capitalized. Repair and maintenance costs are charged to expense when incurred. Equipment disposed of, or no longer required for its existing use, is removed from the records at actual or estimated historical cost, net of accumulated depreciation. All capital assets, except land and construction in progress, are depreciated using the Straight-line method over the following estimated useful lives. A full month's depreciation is applied on the date the asset is placed in service.

Assets	Years
Buildings	50
Portable buildings	20
Building improvements	20
Improvement of sites	20
Furniture and fixtures	20
Playground equipment	20
Food services equipment	15
Transportation equipment	15
Telephone system	10
Reprographics equipment	10
Broadcasting equipment	10
Vehicles	8
Computer system and equipment	5
Office equipment	5

(k) Contracts Payable

Contracts payable includes only the portion applicable to work completed and unpaid as of June 30, 2024.

(l) Compensated Absences

All vacation leaves are accrued in the government-wide statements when they are incurred. A liability is reported in the governmental funds only for vested or accumulated vacation leave of employees who have separated from the District as of June 30 and whose vacation benefits are payable within 60 days from the end of the fiscal year. The District, as a practice, does not accrue a liability for unused sick leave since accumulated sick leave is not a vested benefit. Employees who retire after January 1, 1999, who are members of the Public Employees' Retirement System (PERS) may use accumulated sick leave to increase their service years in the calculation of retirement benefits.

In 1995, pursuant to the District/UTLA Agreement (Article XIV, Section 1.2), the District agreed to compensate eligible employees for furlough days taken during the 1992-93 fiscal year to be paid in a lump-sum bonus upon retirement. The amount of bonus corresponds to the percentage that the employee's compensation was reduced in the 1992-93 school year based on the employee's salary band for that year. Liability is accrued in the government-wide statements for all unpaid balances. A liability is reported in the governmental funds only for employees who have separated from the District as of June 30.

(m) Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CalSTRS) and California Public Employees' Retirement System (CalPERS) pension plans and additions to/deductions from CalSTRS and CalPERS pension plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(n) Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective-interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as expense in the period incurred. Gains and losses on refunding related to bonds redeemed by proceeds from the issuance of new bonds are reported as either deferred inflows of resources or deferred outflows of resources and are amortized as an adjustment to interest expense using the effective-interest method over the shorter of the life of the new bonds or the remaining term of the bonds refunded.

In the fund financial statements, debt issuances including any related premiums or discounts as well as issuance costs are recognized during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

(o) Local Control Funding Formula (LCFF) Sources/Property Taxes/Education Protection Account (EPA)

LCFF sources are the basic financial support for District activities. The District's LCFF is received from a combination of local property taxes, EPA, and state apportionments. For the fiscal year 2023-24, the District received $1.8 billion of local property taxes, $0.6 billion of EPA, and $4.3 billion of State aid.

Implementation of the LCFF began in fiscal year 2013-14 with a projected eight-year transition period. For school districts and charter schools, the LCFF creates base, supplemental, and concentration grants in place of most previously existing K-12 funding streams, including revenue limits and most state categorical programs. Until full implementation, local educational agencies (LEAs) will receive roughly the same amount of funding they received in fiscal year 2012-13 plus an additional amount each year to bridge the gap between current funding levels and the new LCFF target levels. As of 2023-24, the LCFF is funded at target for the District. Funding is calculated based on data reported by each LEA including pupil attendance, local revenue, and other demographic factors, in accordance with the LCFF. Allocations are made through the Principal Apportionment system.

The county is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values as of the preceding March 1, which is also the lien date. Property taxes on the secured roll are due on November 1 and February 1, and taxes become delinquent after December 10 and April 10, respectively. Property taxes on the unsecured roll are due on the lien date (March 1) and become delinquent if unpaid by August 31.

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternate method of distributions prescribed by Section 4705 of the California Revenue and Taxation Code. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately on October 1 of each year. The County Auditor reports the amount of the District's allocated property tax revenue to the California Department of Education. Property taxes are recorded as LCFF sources by the District.

Another funding component to the total LCFF is the Education Protection Account (EPA). The EPA provides LEAs with general purpose state aid funding pursuant to Proposition 30, The Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012. Proposition 30 temporarily increases the state's sales tax rate for all taxpayers until the end of 2016 and the personal income tax rates for upper-

income taxpayers until the end of 2018. Proposition 55 was passed on November 8, 2016, extending the temporary personal income tax increases enacted in 2012 by 12 years. A portion of the revenues generated by the measure's temporary tax increases is deposited into the EPA which is used to support increased school funding.

The California Department of Education reduces the District's entitlement by the District's local property tax revenue and EPA entitlement. The balance is paid from the State General Fund, and is known as the State Apportionment. As a result, a receivable has not been recorded for the related property taxes in the General Fund as any receivable is offset by a payable on the state apportionment.

(p) Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses in the accompanying basic financial statements. Actual results may differ from those estimates.

(q) New Pronouncement

The GASB has issued Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62, effective for periods after June 15, 2023. This addresses accounting and financial reporting requirements for certain types of accounting changes and error corrections. For the fiscal year ended June 30, 2024, the District did not implement any accounting changes or correct any errors to previously issued financial statements. Therefore, the adoption had no impact on the District's current financial statements.

(2) Tax and Revenue Anticipation Notes

Tax and Revenue Anticipation Notes (TRANs) are short-term debt instruments used to finance temporary cash flow deficits attributable to the uneven receipt of property taxes and other revenues during the fiscal year.

The District did not have any TRANs issuance in fiscal year 2023-24.

(3) Reconciliation of Government-wide and Fund Financial Statements

(a) Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The accompanying governmental fund balance sheet includes reconciliation between *total fund balances – governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds." The details of the $12,596,451 difference are as follows (in thousands):

Bonds payable	$ (11,651,806)
Certificates of Participation (COPs)	(511,478)
Arbitrage	(3,155)
Lease obligations	(51,824)
Liability for compensated absences	(105,778)
Liability for other employee benefits	(22,446)
Subscription-based Information Technology Arrangements (SBITAs)	(43,514)
Accrued interest	(205,539)
Other	(911)
Adjustment to reduce *total fund balances – governmental funds* to arrive at *net position – governmental activities*	$ (12,596,451)

(b) Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *total net changes in fund balances – governmental funds* and *changes in net position of governmental activities* as reported in the accompanying government-wide statement of activities. One element of that reconciliation explains that "Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense." Moreover, in the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital asset sold. The details of this $566,379 difference are as follows (in thousands):

Capital related expenditures	$ 1,233,852
Cost of the capital assets sold	(644)
Depreciation expense	(666,829)
Net adjustment to decrease net changes in *total fund balances – governmental funds* to arrive at changes in net position – governmental activities	$ 566,379

(Continued)

Another element of that reconciliation states that, "Proceeds of new debt and repayment of debt principal are reported as other financing sources and uses in the governmental funds, but constitute additions and reductions to liabilities in the statement of net position." The details of this $168,003 difference are as follows (in thousands):

Debt issued or incurred:	
General Obligation (GO) Bonds	$ (3,824,945)
Certificates of Participation (COPs)	(384,260)
Lease Obligations	(449)
Subscription based information technolog arrangements (SBITAs)	(33,110)
Principal repayments:	
GO Bonds	706,224
COPs	10,540
Lease Obligations	4,443
SBITAs	21,892
Payments to escrow agent for refunding:	
Refunding GO Bonds	2,775,459
Deposit to Escrow Fund for Refunding GO Bonds	556,203
Net adjustment to increase net changes in *total* fund balances – governmental funds to arrive at changes in net position – governmental activities	$ (168,003)

(4) Budgetary Appropriation Amendments

During the fiscal year, modifications were necessary to increase appropriations for expenditures and other financing uses for the General Fund by $416 million.

(5) Cash and Investments

Cash and investments as of June 30, 2024, are classified in the accompanying basic financial statements as follows (in thousands):

Statement of net position:	
Cash	$ 10,863,147
Investments	13,735
Cash held by trustee	800,940
Total cash and investments	$ 11,677,822

Cash and investments as of June 30, 2024, consist of the following (in thousands):

Cash on hand (cafeteria change funds)	$ 26
Deposits with financial institutions and Los Angeles County Pool	11,664,061
Investments	13,735
Total cash and investments	$ 11,677,822

Deposits with financial institutions include: (1) cash in the Los Angeles County Pooled Surplus Investment Fund with fair market adjustment ($10,818.3 million); (2) cash held by fiscal agents or trustees ($800.9 million); (3) cash deposited with various other financial institutions for imprest funds of schools and offices ($11.4 million); and cash in the Student Activity Special Revenue Fund ($33.4 million).

School districts are required by Education Code Section 41001 to deposit their funds with the county treasury. Cash in county treasury refers to the fair value of the District's share of the Los Angeles County (County) Pooled Surplus Investment (PSI) Fund.

Except for investments by trustees of Certificates of Participation (COPs) proceeds, the authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from the website at https://ttc.lacounty.gov/.

(Continued)

The table below identifies some of the investment types permitted in the County's investment policy:

	Authorized Investment Type	Maximum Maturity	Maximum Total Par Value	Maximum Par Value per Issuer
A.	Obligations of the U.S. government, its agencies and instrumentalities	None	None	None
B.	Approved Municipal Obligations	5 to 30 years	10% of PSI portfolio	None
C.	Asset-Backed Securities with highest ratings	5 years	20% of PSI portfolio	with credit rating limits
D.	Bankers' Acceptances Domestic and Foreign	180 days	40% of PSI portfolio	with credit rating limits
E.	Negotiable Certificates of Deposits – Domestic	3 years	30% of PSI portfolio	with credit rating limits
	Negotiable Certificates of Deposits – Euro	1 year	10% of PSI portfolio	with credit rating limits
F.	Corporate and Depository Notes	3 years	30% of PSI portfolio	with credit rating limits
G.	Floating Rate Notes	7 years	10% of PSI portfolio	with credit rating limits
H.	Commercial Paper of "prime" quality of the highest ranking or of the highest letter or number ranking as provided for by a nationally recognized statistical-rating organization (NRSRO)	270 days	40% of PSI portfolio	Lesser of 10% of PSI portfolio or credit rating limits
I.	Shares of Beneficial Interest	None	Money Market Funds: 15% of PSI portfolio with no more than 10% in any one fund	None
J.	Repurchase Agreement	30 days	$1 billion	$500 million/ dealer
K.	Reverse Repurchase Agreement	1 year	$500 million	$250 million/ broker
L.	Forwards, Futures and Options	90 days	$100 million	$50 million/ counterparty
M.	Interest Rate Swaps in conjunction with approved bond sales with high credit ratings	None	None	None
N.	Securities Lending Agreement	180 days	20% of base portfolio value (combined total value of reverse repurchase agreements and securities lending)	None
O.	Supranationals in accordance with Gov. Code 53601(q)	5 years	30% of PSI portfolio	with credit rating limits

(Continued)

Interest rate risk is the risk involved with fluctuations of interest rates that may adversely affect the fair value of the investments. The County's investment guidelines target the weighted average maturity of its portfolio to a range between 1.0 and 4.0 years. As of June 30, 2024, 61.61% of district funds in the County PSI Fund does not exceed one year. The weighted Average Days to Maturity of its portfolio was 668 days.

Credit risk means the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment, as measured by assignment of a rating by a nationally recognized statistical rating organization. This County's investment guidelines establish minimum acceptable credit ratings issued by any three nationally recognized statistical rating organizations. The investment limit varies by credit rating, but the rating must be no less than A-1/A from Standard & Poor's (S&P), P-1/A from Moody's Investors Service (Moody's), or F-1/A from Fitch Ratings (Fitch). The County PSI Fund is not rated.

Concentration of credit risk means the risk of loss attributed to the magnitude of an investment in a single issuer. For District funds in the County pool, the County's investment policy has concentration limits that provide sufficient diversification. As of June 30, 2024, the County did not exceed these limitations.

Custodial credit risk for deposits is the risk that in the event of failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Cash in the county treasury is not exposed to custodial credit risk since all county deposits are either covered by federal depository insurance or collateralized with securities held by the County. Deposits other than those with the County are also covered by federal depository insurance or collateralized at the rate of 110% of the deposits, although the collateral may not be held specifically in the District's name.

For COPs debt proceeds held by trustees, these may be placed in permitted investments outlined in the provisions of the trust agreements, as follows:

A. Direct obligations of the United States of America; bonds, debentures, notes, or other evidence of indebtedness issued or guaranteed by specified federal agencies and backed by full or non-full faith and credit of USA;
B. Money market mutual funds registered under Federal Investment Company Act of 1940 and Federal Securities Act of 1933 and subject to credit rating limits;
C. Certificates of deposit and other forms of deposit with collateralization, fully insured by FDIC and subject to issuers' credit rating limits;
D. Investment agreements and commercial papers subject to credit rating limits;
E. Bonds or notes issued by any state or municipality and pre-refunded municipal bonds, subject to credit rating limits;
F. Federal funds, bank deposits or bankers' acceptances with full FDIC insurance or subject to credit rating limits;
G. Repurchase agreements subject to specified criteria and credit rating limits; and
H. Los Angeles County Investment Pool.

(6) Accounts Receivable, net

Receivables by Fund at June 30, 2024, consist of the following (in thousands):

	General	Other Governmental	Internal Service Funds	Total
Accrued grants and entitlements	$ 812,949	$ 85,812	$ —	$ 898,761
Other	38,016	42,535	62,939	143,490
Total Accounts Receivable, Net	$ 850,965	$ 128,347	$ 62,939	$ 1,042,251

(7) Capital Assets

A summary of changes in capital asset activities as follows (in thousands):

	Balance, June 30, 2023	Increases	Decreases	Balance, June 30, 2024
Governmental activities:				
Capital assets, not being depreciated:				
Sites	$ 3,101,518	$ 16	$ (24)	$ 3,101,510
Construction in progress	2,777,727	1,156,244	(631,868)	3,302,103
Total capital assets, not being depreciated	5,879,245	1,156,260	(631,892)	6,403,613
Capital assets, being depreciated:				
Improvement of sites	896,849	41,156	(98)	937,907
Buildings and improvements	17,691,090	516,541	-	18,207,631
Equipment	2,636,623	110,445	(7,690)	2,739,378
Lease Assets	65,532	18	-	65,550
Subscription Assets*	55,256	42,249	(469)	97,036
Total capital assets, being depreciated	21,345,350	710,409	(8,257)	22,047,502
Less accumulated depreciation for:				
Improvement of sites	(573,687)	(30,977)	(18)	(604,682)
Buildings and improvements	(8,592,935)	(511,870)	20	(9,104,785)
Equipment	(2,269,562)	(93,595)	7,466	(2,355,691)
Lease Assets	(10,562)	(4,814)	-	(15,376)
Subscription Assets*	(19,897)	(25,573)	116	(45,354)
Total accumulated depreciation	(11,466,643)	(666,829)	7,584	(12,125,888)
Total capital assets, being depreciated, net	9,878,707	43,580	(674)	9,921,614
Governmental activities capital assets, net	$ 15,757,952	$ 1,199,839	$ (632,566)	$ 16,325,227

(Continued)

Depreciation expense was charged to the following functions (in thousands):

Governmental activities:	
Facilities Acquisition and construction	$ 592,809
Instruction	22,173
Data processing services	18,649
Operation and maintenance of plant services	10,845
Student transportation services	9,866
Support services - business	7,035
Operation of noninstructional services	1,050
Support services - instructional staff	2,893
Support services - school administration	915
Support services - students	566
Support services - general administration	28
Total depreciation expense – governmental activities	$ 666,829

(8) Deferred Outflows and Inflows of Resources

District's deferred outflows and inflows of resources as of June 30, 2024, are comprised of the following (in thousands):

	Deferred Outflows	Deferred Inflows
Debt refunding charges	$ 13,425	$ 103,344
Lease - GASB 87	-	13,935
Pension and OPEB contributions subsequent to measurement date	1,683,830	-
Difference in contribution	84,707	82,674
Unamortized differences between projected and actual earnings on plan investments	1,796,792	1,446,308
Unamortized differences between expected and actual experience	414,064	1,542,109
Unamortized differences arising from changes of assumptions	1,413,192	2,548,132
Unamortized differences arising from change in proportion of net pension liability	137,042	309,294
Unamortized differences arising from change in proportion of deferred outflow	162,408	7,660
Unamortized differences arising from change in proportion of deferred inflow	5,860	116,741
Total	$ 5,711,320	$ 6,170,197

(Continued)

(9) Retirement, Termination and Other Postemployment Benefit Plans

The District provides a number of benefits to its employees including retirement, termination, and postemployment health care benefits.

Retirement Plans

Qualified District employees are covered under either multiple-employer defined benefit retirement plans maintained by agencies of the State of California, or a multiple-employer defined contribution retirement plan administered under a Trust. The retirement plans maintained by the State are 1) the California Public Employees' Retirement System (CalPERS), 2) the California State Teachers' Retirement System (CalSTRS), and 3) the Public Agency Retirement Services (PARS) which is administered under a Trust. In general, certificated employees are members of CalSTRS and classified employees are members of CalPERS. Part-time, seasonal, temporary, and other employees who are not members of CalPERS or CalSTRS are members of PARS.

The District's total net pension liability at June 30, 2024, is summarized in the following table (in thousands):

CalPERS – Safety Plan	$	127,967
CalPERS – Miscellaneous Plan		2,804,142
CalSTRS		4,010,722
Total	$	6,942,831

(a) California Public Employees' Retirement System (CalPERS)

Safety Plan

Plan Description and Benefits Provided

The District contributes to an agent multiple-employer plan for the Public Employees' Retirement Fund (PERF) – Safety Plan, a defined benefit pension plan administered by CalPERS. The plan provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Benefit provisions are established by state statutes, as legislatively amended, within the California Public Employees' Retirement Law.

The Safety Plan's provisions and benefits in effect at June 30, 2024, are summarized as follows:

	Safety	
Hiring date	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	3% @ 50	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age: minimum	50	57
Monthly benefit, as a % of eligible compensation	3.0%	2.70%
Required employee contribution rates	9.00%	14.75%
Required employer contribution rates	53.680%	53.680%

Employees Covered

At June 30, 2024, the following employees were covered by the benefit terms for the Safety Plan:

	Safety
Inactive employees or beneficiaries currently receiving the benefits	424
Inactive employees entitled to, but not yet receiving benefits	266
Active employees	233
Total	923

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended.

For the year ended June 30, 2024, the contributions to the Safety Plan amounted to $14.2 million.

Net Pension Liability

The District's net pension liability for the Safety Plan of $128.0 million at June 30, 2024, is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Safety Plan is measured as of June 30, 2023, using an annual actuarial valuation as of June 30, 2022, rolled forward to June 30, 2023, using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability of the Safety Plan is shown on the next page.

(Continued)

Actuarial Methods and Assumptions

The total pension liability in the June 30, 2022, actuarial valuations were determined using the following actuarial assumptions:

	Safety
Valuation date	June 30, 2022
Measurement date	June 30, 2023
Actuarial cost method	Entry-Age Normal in accordance with the requirements of GASB 68
Actuarial assumptions	
Discount rate	6.90%
Inflation	2.30%
Salary increases	Varies by entry age and service
Investment rate of return	6.90%
Mortality rate table [(1)]	Derived using CalPERS' membership data for all funds
Post retirement benefit increase	The lesser of contract COLA or 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.30% thereafter

[(1)] The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. Mortality rates incorporate full generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.

Change of Assumptions

There were no assumption changes in 2023. Effective with the June 30, 2021, valuation date (2022 measurement date), the accounting discount rate was reduced from 7.15% to 6.90%. In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. In addition, demographic assumptions and the price inflation rate assumption were changed in accordance with the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. The accounting discount rate was 7.15% for measurement dates June 30, 2017, through June 30, 2021, 7.65% for measurement dates June 30, 2015, through June 30, 2016, and 7.50% for measurement date June 30, 2014.

Change in Benefit Terms

The figures include any liability impact that may have resulted from voluntary benefit changes that occurred on or before the Measurement Date. However, offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes) that occurred after the Valuation date are not included in the figures above, unless the liability impact is deemed to be material by the plan actuary. In 2022, SB 1168 increased the standard retiree lump sum death benefit from $500 to $2,000 for any death occurring on or after July 1, 2023. The impact, if any, is included in the changes of benefit terms.

Discount Rate

The discount rate used to measure the total pension liability of the Safety Plan was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

The expected real rates of return by asset class are as follows:

	Safety	
Asset Class	Assumed Asset Allocation	Real Return [a,b]
Global equity - cap-weighted	30.00%	4.54%
Global equity - non-cap-weighted	12.00	3.84
Private equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-backed securities	5.00	0.50
Investment grade corporates	10.00	1.56
High yield	5.00	2.27
Emerging market debt	5.00	2.48
Private debt	5.00	3.57
Real assets	15.00	3.21
Leverage	(5.00)	(0.59)
Total	100.00%	

(a) An expected inflation of 2.30% used for this period.
(b) Figures are based on the 2021 Asset Liability Management study.

(Continued)

Changes in the Net Pension Liability

The changes in the net pension liability for the Safety Plan are as follows (in thousands):

	Safety		
	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability/ (Asset)
Balance at June 30, 2023	$ 495,342	$ 377,105	$ 118,237
Changes recognized for the measurement period:			
Service cost	8,345	–	8,345
Interest on the total pension liability	34,206	–	34,206
Differences between expected and actual experience	7,911	–	7,911
Changes of assumptions	–	–	–
Contributions from the employer	–	15,153	(15,153)
Contributions from employees	–	2,517	(2,517)
Net investment income	–	23,339	(23,339)
Benefit payments, including refunds of employee contributions	(23,385)	(23,385)	–
Administrative expense	–	(277)	277
Net changes	27,077	17,347	9,730
Balance at June 30, 2024	$ 522,419	$ 394,452	$ 127,967

Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period. Differences between expected and actual experience and changes in assumptions are amortized, but the amortization period varies from year to year.

Sensitivity of the District's Net Pension Liability to Changes in the Discount Rate

The following presents the District's net pension liability for the Safety plan as of the measurement date, calculated using the discount rate of 6.90%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate (in thousands):

	Safety		
	1.00% Decrease 5.90%	Current Discount Rate (6.90%)	1.00% Increase (7.90%)
District's net pension liability	$ 202,609	$ 127,967	$ 67,279

(Continued)

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports. Copies of the CalPERS annual financial report may be obtained from CalPERS Fiscal Services Division, P.O. Box 942703, Sacramento, CA 94229-2703, or by calling (888) CalPERS (225-7377).

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2024, the District recognized pension expense $17.5 million for the Safety Plan. As of June 30, 2024, the District reported deferred outflows and deferred inflows of resources related to pensions (Safety Plan) as follows (in thousands):

	Safety	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Change of assumptions	$ 2,944	$ —
Differences between expected and actual experience	4,485	3,883
Net difference between projected and actual earnings on pension plan investments	17,864	—
District contributions subsequent to the measurement date	14,210	—
Total	$ 39,503	$ 3,883

The amounts above are net of outflows and inflows recognized in 2023-24 measurement period expense.

The $14.2 million reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in future pension expense as follows (in thousands):

	Safety
Year ended June 30	Deferred Outflows of Resources
2025	$ 5,672
2026	2,839
2027	12,411
2028	488

(Continued)

Payable to the Pension Plan

The District's contribution for all members to the Safety Plan for the fiscal year ended June 30, 2024, was in accordance with the required contribution rate calculated by the CalPERS actuary. Hence, no payable to the pension plan is recognized for the fiscal year ended June 30, 2024.

Miscellaneous Plan

Plan Description and Benefits Provided

The District contributes to a cost-sharing multiple-employer plan, the Public Employees' Retirement Fund (PERF) Miscellaneous Plan, a defined benefit pension plan administered by CalPERS. The plan provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law.

The Miscellaneous Plan's provisions and benefits in effect at June 30, 2024, are summarized as follows:

	Miscellaneous	
Hiring date	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	2.0% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age: Minimum	50	52
Monthly benefit, as a % of eligible compensation	1.10%	1.00%
Required employee contribution rates	7.00%	8.00%
Required employer contribution rates	26.680%	26.680%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended.

For the year ended June 30, 2024, the contributions to the Miscellaneous Plan amounted to $438.8 million.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a net pension liability of $2.8 billion for its proportionate share of the net pension liability of the Miscellaneous Plan. The net pension liability of the Miscellaneous Plan was measured as of June 30, 2023, and the total pension liability for the Miscellaneous Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022, rolled forward to June 30, 2023, using standard update procedures. The District's proportion of the net pension liability was based on the 2022-23 fiscal year employer contributions calculated by CalPERS. At June 30, 2023, the District's proportion rate was 7.746488%.

For the year ended June 30, 2024, the District recognized pension expense of $418.3 million for the Miscellaneous Plan. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions (Miscellaneous Plan) from the following sources (in thousands):

	Miscellaneous	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 102,347	$ 43,473
Difference between projected and actual earnings on pension plan investments	641,545	340,882
Change of assumption	130,385	—
Change in NPL proportion	—	22,419
Change in proportion of deferred outflow	—	7,660
Change in proportion of deferred inflow	5,860	—
Difference in contribution	16,026	—
District contributions subsequent to the measurement date	438,819	—
Total	$ 1,334,982	$ 414,434

The $438.8 million reported as deferred outflows of resources related to District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in future pension expense as follows (in thousands):

	Miscellaneous
Year ended June 30	Deferred Outflows/ (Inflows) of Resources
2025	$ 134,377
2026	107,548
2027	230,483
2028	9,321

(Continued)

Actuarial Methods and Assumptions

The total pension liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions:

	Miscellaneous
Valuation date	June 30, 2022
Measurement date	June 30, 2023
Actuarial cost method	Entry-Age Actuarial Cost Method
Actuarial assumptions	
Discount rate	6.90%
Inflation	2.30%
Salary increases	Varies by entry age and service
Investment rate of return	6.90%
Mortality rate table [(1)]	Derived using CalPERS' membership data for all funds
Post retirement benefit increase	2.0% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.30% thereafter

[(1)] The mortality table used was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.

Change of Assumptions

Effective with the June 30, 2021, valuation date (2022 measurement date), the accounting discount rate was reduced from 7.15% to 6.90%. In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated, combined with risk estimates, and are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return. In addition, demographic assumptions and the inflation rate assumption were changed in accordance with the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. The accounting discount rate was 7.15% for measurement dates 2017 through 2021, 7.65% for measurement dates 2015 through 2016, and 7.50% for measurement date 2014.

Discount Rate

The discount rate used to measure the total pension liability of the Miscellaneous Plan was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

The Expected real rates of return by asset class are as follows:

	Miscellaneous	
Asset Class	Assumed Target Allocation	Real Return Years 1-10 [a],[b]
Global quity - cap-weighted	30.00%	4.54%
Global equity - non-cap-weighted	12.00	3.84
Private equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-backed securities	5.00	0.50
Investment grade corporates	10.00	1.56
High yield	5.00	2.27
Emerging market debt	5.00	2.48
Private debt	5.00	3.57
Real assets	15.00	3.21
Leverage	(5.00)	(0.59)
Total	100.00%	

[a] An expected inflation of 2.30% used for this period.

[b] Figures are based on the 2021-22 Asset Liability Management study

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is seven years as of June 30, 2023. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for the Miscellaneous plan as of the measurement date, calculated using the discount rate of 6.90%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate (in thousands):

	Miscellaneous		
	Decrease (5.90%)	Current Discount Rate (6.90%)	Increase (7.90%)
District's proportionate share of the net pension liability	$ 4,054,065	$ 2,804,142	$ 1,771,110

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports. Copies of the CalPERS annual financial report may be obtained from CalPERS Fiscal Services Division, P.O. Box 942703, Sacramento, CA 94229-2703, or by calling (888) CalPERS (225-7377).

Payable to the Pension Plan

The District's contribution for all members to the Miscellaneous Plan for the fiscal year ended June 30, 2024, was in accordance with the required contribution rate calculated by the CalPERS actuary. Hence, no payable to the pension plan is recognized for the fiscal year ended June 30, 2024.

(b) California State Teachers' Retirement System (CalSTRS)

Plan Description and Benefits Provided

The District contributes to the CalSTRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan and a tax-deferred supplemental program established and administered by the State Teachers' Retirement Law (Section 22000 et seq.) of the California Education Code. The Teachers' Retirement Fund (TRF) is a defined benefit pension plan under the CalSTRS. The State of California is a non-employer contributor to the TRF.

The Plan provides defined retirement benefits based on members' final compensation, age, and years of credited service. In addition, the retirement program provides benefits to members upon disability and to survivors upon the death of eligible members. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law.

The Plan's provisions and benefits in effect at June 30, 2024, are summarized as follows:

	CalSTRS	
Hiring date	On or before December 31, 2012	On or after January 1, 2013
Benefit formula	2.0% @ 60	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age: Minimum	50 (30 years of service credit) or 55 (5 years of service credit)	55 (5 years of service credit)
Monthly benefit, as a % of eligible compensation	1.1% - 2.4%	1.16% - 2.4%
Required employee contribution rates	10.25%	10.205%
Required employer contribution rates	19.10%	19.10%

Contributions

The District is required to contribute based on an actuarially determined rate using the entry age normal actuarial cost method. The actuarial methods and assumptions used for determining the rate are those adopted by the CalSTRS Teachers' Retirement Board (Board). Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Both the member and employer contributions are set as a percentage of employees' earnings.

CALSTRS Funding Plan enacted by Chapter 47, Statutes of 2014 (Assembly Bill 1469 - Bonta) is projected to fully fund the CalSTRS Defined Benefit (DB) Program in 22 years through incremental shared contribution among CalSTRS members, employers, and the State of California. Contribution increases will be phased in over several years with the first increases taking effect on July 1, 2014. Effective July 1, 2020, the Board cannot adjust the employer rate by more than 1% in a fiscal year, and the increase to the contribution rate above the 8.25% base contribution rate cannot exceed 12% for a maximum of 20.25%. The Board has limited authority to adjust state contribution rates annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation associated with the 1990 benefit structure.

In May 2023, the Board voted to keep the employer supplemental contribution rate at 10.85% for fiscal year 2023-24 for a total employer contribution rate of 19.10%.

For the year ended June 30, 2024, the contributions to the CalSTRS' TRF amounted to $740.7 million.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a net pension liability of $4.0 billion for its proportionate share of the CalSTRS net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the 2022-23 fiscal year employer contributions calculated by CalSTRS with consideration given to separately financed and irregular employer contributions relative to the projected contributions of all participating employer and non-employer contributing entities. At June 30, 2023, the District's proportion rate was 5.133%.

(Continued)

For the year ended June 30, 2024, the District recognized pension expense of $145.4 million. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	CalSTRS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 307,232	$ 224,278
Difference between projected and actual earnings	1,103,308	1,105,426
Change of assumption	23,827	—
Change in NPL proportion	137,042	286,875
Change in proportion of deferred outflow	162,408	—
Change in proportion of deferred inflow	—	116,741
Difference in contribution	68,680	82,674
District contributions subsequent to the measurement date	740,659	—
Total	$ 2,543,156	$ 1,815,994

The $740.7 million reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in future pension expense as follows:

	CalSTRS
Year ended June 30	Deferred Outflows/ (Inflows) of Resources
2025	$ (155,512)
2026	(213,584)
2027	325,590
2028	2,785
2029	1,522
Thereafter	25,702

Actuarial Methods and Assumptions

The total pension liability for the CalSTRS' TRF was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2022, and rolling forward the total pension liability to June 30, 2023. In determining the total pension liability, the financial reporting actuarial valuation used the following actuarial methods and assumptions:

(Continued)

Valuation date	June 30, 2022
Experience study	July 1, 2015, through June 30, 2018
Actuarial cost method	Entry age normal
Investment rate of return*	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%
Post-retirement benefit increases	2.00% simple for defined benefit (annually) maintain 85% purchasing power level for defined benefit, not applicable for defined benefit supplement/ cash balance benefit programs

*Net of investment expenses, but gross of administrative expenses.

Discount Rate

The discount rate used to measure the total pension liability of the CalSTRS' TRF was 7.10%, which was unchanged from prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10%) and assuming that contributions and benefit payments and administrative expenses occur mid-year. Based on those assumptions, the CalSTRS' TRF fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS' general investment consultants as inputs to the process. The actuarial investment rate of return assumption was adopted by the Board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2023, are summarized in the following table:

	CalSTRS	
Asset Class	Assumed Asset Allocation	Long-Term* Expected Real Rate of Return
Public equity	38.00 %	5.25 %
Real estate	15.00	4.05
Private equity	14.00	6.75
Fixed income	14.00	2.45
Risk mitigating strategies	10.00	2.25
Inflation sensitive	7.00	3.65
Cash/liquidity	2.00	0.05
	100.00 %	

* 20-year average. Real rates of return are net of assumed 2.75% inflation.

(Continued)

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is seven years as of June 30, 2023. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate (in thousands):

	CalSTRS		
	Decrease (6.10%)	Current Discount Rate (7.10%)	Increase (8.10%)
District's proportionate share of the net pension liability	$ 6,557,613	$ 4,010,722	$ 1,709,648

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report. Copies of the CalSTRS annual financial report may be obtained from California State Teachers' Retirement System, P.O. Box 15275, Sacramento, CA 95851-0275.

Payable to the Pension Plan

The District's contribution for all members to the CalSTRS' TRF for the fiscal year ended June 30, 2024, was in accordance with the required contribution rate calculated by the CalSTRS actuary. Hence, no payable to the pension plan is recognized for the fiscal year ended June 30, 2024.

(c) Public Agency Retirement System (PARS)

Plan Description

The Omnibus Budget Reconciliation Act of 1990 requires state and local public agencies to provide a retirement plan for all employees not covered under existing employer pension plans and/or Social Security. These employees are primarily part-time, seasonal, and temporary employees (PSTs). This Act also requires that contributions for PSTs be vested immediately and permits any split of the minimum contributions between employee and employer.

On July 1, 1992, the District joined the PARS, a multiple employer retirement trust established by a coalition of public employers. The plan covers the District's part-time, seasonal, temporary, and other employees not covered under CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax. As of June 30, 2024, there are 58,422 District employees covered under PARS.

Benefit terms and other requirements are established by District management based on agreements with various bargaining units. PARS is a defined contribution qualified retirement plan under Section 401 (a) of the Internal Revenue Code.

The minimum total contribution is 7.50% of employees' salaries, of which the District and the employees contribute 3.75% each. For the year ended June 30, 2024, the District recognized pension expense of $7.4 million. The District does not have any forfeited amounts.

The District's contributions for all members for the fiscal years ended June 30, 2024, 2023, and 2022 were in accordance with the required contributions.

Employees are vested 100% in both employer and employee contributions from the date of membership. When separated from employment, all employees can choose to receive their funds in lump sum or leave it on deposit until the mandatory age of 73 when they must get a distribution.

Postemployment Benefits – Health and Welfare for Retirees

Plan Description

The District contributes to an agent multiple-employer plan. The plan provides other postemployment health care benefits in accordance with collective bargaining unit agreements and Board rules. Certificated and classified employees who retire from the District receiving a CalSTRS/CalPERS retirement allowance (for either age or disability) may be eligible to continue coverage under the District sponsored hospital/medical, dental, and vision plans which cover both active and retired members and their eligible dependents. The following are the eligibility requirements:

a. Those hired prior to March 11, 1984, must have served a minimum of five consecutive qualifying years immediately prior to retirement.

b. Those hired from March 11, 1984, through June 30, 1987, must have served a minimum of 10 consecutive qualifying years immediately prior to retirement.

c. Those hired from July 1, 1987, through May 31, 1992, must have served a minimum of 15 consecutive qualifying years immediately prior to retirement, or served 10 consecutive qualifying years immediately prior to retirement plus an additional previous 10 years which are not consecutive.

d. Those hired from June 1, 1992, through February 28, 2007, must have at least 80 years combined total of qualifying service and age. For those employees that have a break in service, this must include 10 consecutive years immediately prior to retirement.

e. Those hired from March 1, 2007, through March 31, 2009, must have at least 80 years combined total of qualifying service and age. In addition, the employee must have 15 consecutive years of qualifying service immediately prior to retirement.

f. Those hired on or after April 1, 2009, except School Police, must have at least 85 years combined total of qualifying service and age. In addition, the employee must have a minimum of 25 consecutive years of qualifying service immediately prior to retirement.

g. School Police (sworn personnel) hired on or after April 1, 2009, must have at least 80 years combined total of qualifying service and age. In addition, the employee must have a minimum of 20 consecutive years of qualifying service immediately prior to retirement.

h. Associated Administrators of Los Angeles (AALA), Service Employees International Union (SEIU) excluding Unit F/G employees hired on or after July 1, 2018, and California School Employees Association (CSEA) members hired on or after September 1, 2018, must have at least 87 years combined total of qualifying service and age. In addition, the employee must have a minimum of 30 consecutive years of qualifying service immediately prior to retirement.

Qualifying years of service consist of school years in which an employee was in "paid status" for at least 100 full-time days and eligible for District-sponsored health care benefits.

To receive retiree health care benefits, an individual must meet the eligibility requirements in accordance with the collective bargaining agreements and:

a. Be eligible for active health care benefits at the date of retirement.
b. Retire in accordance with the eligibility rules of the applicable retirement system (CalSTRS or CalPERS).
c. Receive a monthly pension payment from the state retirement system (CalSTRS or CalPERS).
d. Comply with the Medicare requirements of the District plans. Lack of Medicare does not impact dental or vision coverage.

Eligible dependents are also covered for the life of the retiree. Upon the retiree's death, eligible dependents may continue coverage under the plan but will generally have to pay 100% of premium and plan costs.

Employees Covered

As of June 30, 2024, the following current and former employees were covered by the benefit terms under the District's OPEB Plan:

Active employees	61,692
Inactive employees or beneficiaries currently receiving benefits	39,777
Inactive employees entitled to, but not yet receiving benefits	183
Total	101,652

Contributions

The District's contribution obligation for the fiscal year for the health and welfare benefits of District personnel, including the cost of term life insurance coverage and employee assistance for active employees and coverage under health plans for dependents and retirees, generally is subject to an aggregate contribution limit. Determination of this fiscal year contribution obligation limit occurs through discussions with the relevant collective bargaining units and recommendation by the Districtwide Health and Welfare Committee and is subject to approval by the Board of Education.

Moreover, the District established in fiscal year 2013-14 an irrevocable other postemployment benefits (OPEB) trust with CalPERS – California Employers' Retiree Benefit Trust (CERBT) to address its fiscal obligation in relation to its OPEB liability. Contributions to the OPEB trust will be calculated annually and are governed by the District's Budget and Finance Policy wherein such contributions will be subject to maintaining an Unrestricted General Fund balance of 5.00% of the unrestricted revenue.

Detailed information about the CERBT is available in the separately issued CalPERS financial reports. Copies of the CalPERS annual financial report may be obtained from CalPERS Fiscal Services Division, P.O. Box 942703, Sacramento, CA 94229-2703, or by calling (888) CalPERS (225-7377).

For fiscal year 2023-24, the District contributed a total of $490.1 million to the OPEB Plan.

Net OPEB Liability

The District's net OPEB liability of $9.0 billion at June 30, 2024, is measured as the total OPEB liability, less the OPEB plan's fiduciary net position. All information provided is based on the census data, actuarial assumptions, and plan provisions used in the June 30, 2023, actuarial valuation report (dated April 2024). The total OPEB liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions:

Valuation date	July 1, 2023
Measurement date	June 30, 2023
Actuarial cost method	Entry Age Normal Cost
Discount rate	3.80%
Payroll growth	2.80% per annum
Salary increases	2000-2019 CalPERS Experience Study
Investment rate of return	6.20%
Mortality rate	Based on the Pub-2010 headcount-weighted tables for general employees, teachers and safety employees, with generational future improvement scale MP-2021
Pre-retirement turnover[1]	Turnover rates used in the most recent CalSTRS valuation and developed in the 2000-2019 CalPERS Experience Study, as applicable.
Healthcare trend rate	Non-Medicare Advantage Plans Pre-65 [7.39% - 4.50%]; Post 65 [8.03% - 4.50%] Medicare Advantage Plans Post 65 Kaiser [8.60% - 4.50%]; Anthem PPO [7.57% - 4.50%]; Health Net/Anthem EPO [8.60% - 4.50%] Dental & Vision - 5.00%

[(1)]The Experience Study reports may be accessed on the CalPERS website www.calpers.ca.gov under Forms and Publications.

Changes of Assumptions

During the measurement period ended June 30, 2023, the following assumptions were changed from the prior valuation:

1. Assets - $499,889,641 as of June 30, 2023, measurement date.

2. Municipal Bond Rate - 3.65% as of June 30, 2023 (3.54% as of June 30, 2022), based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index.
3. Contributions - Ad hoc additional pre-funding contribution schedules currently include $33.3 million for fiscal year ended June 30, 2023, to be made in fiscal year ended June 30, 2024, $211 million for fiscal year ended June 30, 2024, and $40 million for all future fiscal years.
4. Expected Return on Assets - 6.20% as of June 30, 2023 (6.10% as of June 30, 2022), per District's revised expectation for CalPERS' CERBT Strategy 1 asset allocation.
5. Discount Rate - 3.80% as of June 30, 2023 (3.70% as of July 1, 2022), after reassessment based on updated assets and municipal bond rate as of June 30, 2023.
6. Participation - assumption was updated from 95% to 90% to better reflect anticipated experience.

Discount Rate

The discount rate is based on a single equivalent rate that reflects a blend of expected return on assets during the period such that assets are projected to be sufficient to pay benefits of current participants; and 20-year municipal bond yields/index for periods beyond the depletion of the assets.

Based on the District's current funding policy, projected cash flows, and the assumed asset return, the plan assets are projected to be depleted in fiscal year ending June 30, 2036. This results in a single equivalent rate of 3.80% (rounded down to 10 basis points) as of July 1, 2023, which reflects the assumed asset return until asset depletion and municipal bond rates thereafter. The municipal bond rate is based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index and the rate was 3.65% as of July 1, 2023.

The long-term expected rate of return on OPEB plan investments was based on CalPERS' expected return for California Employers' Retirement Benefit Trust Strategy 1.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate.

Asset Classification	Assumed asset allocation
Global equity	49.00%
Fixed income	23.00
REITs	20.00
TIPS	5.00
Commodities	3.00
Total	100.00%
1-5 Year Projected Compound Return[1]	6.10%
6-20 Year Projected Compound Return[2]	6.60%
1-20 Year Projected Compound Return[1]	6.40%
Expected Volatility (Standard Deviation)	11.50%

[1] Adopted by the CalPERS Board of Administration in November 2021.

[2] Implied Returns and Inflation for Years 6-20 are calculated from the Board Approved Values for Years 1-5 and Years 1-20.

Changes in the OPEB Liability

The changes in the net OPEB liability for the plan are as follows (in thousands):

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a-b)
Beginning Balance, June 30, 2023 (Based on 06/30/2022 Measurement Date)	$ 8,952,211	$ 469,940	$ 8,482,271
Changes recognized for the measurement period:			
Service cost	294,791	—	294,791
Interest on the total OPEB liability	337,814	—	337,814
Changes of benefit terms	—	—	—
Changes of assumptions	377,218	—	377,218
Differences between expected and actual experience	(234,984)	—	(234,984)
Benefit payments	(235,929)	(235,929)	—
Contributions – employer	—	235,929	(235,929)
Net investment income	—	30,185	(30,185)
Other expenses – administrative expense	—	(235)	235
Net changes	538,910	29,950	508,960
Ending Balance, June 30, 2024 (Based on 06/30/2023 Measurement Date)	$ 9,491,121	$ 499,890	$ 8,991,231

(Continued)

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following table illustrates the impact of interest rate sensitivity on the Net OPEB Liability of the District if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate for fiscal year ended June 30, 2024 (in thousands):

	Decrease (2.80%)	Current Discount Rate (3.80%)	Increase (4.80%)
Net OPEB liability	$ 10,479,378	$ 8,991,231	$ 7,775,877

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the District if it were calculated using health care cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate, for measurement period ended June 30, 2024 (in thousands):

	1.00% Decrease	Trend Rate	1.00% Increase
Net OPEB liability	$ 7,559,866	$ 8,991,231	$ 10,829,341

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2024, the District recognized a decrease in OPEB expense of $812.4 million. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual earnings on OPEB plan investments	$ 34,075	$ —
Changes of assumptions	1,256,036	2,548,132
Difference between expected and actual experience	—	1,270,475
District contributions subsequent to the measurement date	490,142	—
Total	$ 1,780,253	$ 3,818,607

(Continued)

The table below lists the amortization bases included in the deferred outflows/inflows as of June 30, 2024 (in thousands):

Date Established	Type of Base	Period		Balance		Annual Amortization
		Original	Remaining	Original	Remaining	
6/30/2023	Liability (gain)/loss	7.95	6.95	$ (234,984)	$ (205,426)	$ (29,558)

6/30/2019	Assumptions	7.25	2.25	(1,965,158)	(609,877)	(271,056)
6/30/2018	Assumptions	7.33	1.33	(580,167)	(105,269)	(79,150)
6/30/2017	Assumptions	7.50	0.50	(2,061,247)	(137,417)	(274,833)
	Total charges				$ (2,528,496)	$ (926,458)

The $490.1 million reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2025.

Amounts recognized in the deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the OPEB expense as follows (in thousands):

Year ended June 30	Deferred Outflows (Inflows) of Resources
2025	$ (789,893)
2026	(602,779)
2027	(235,340)
2028	(395,644)
2029	(407,249)
Thereafter	(97,591)

(Continued)

(10) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; job-related illness or injury to employees; and natural disasters. The District has established the following self-insured programs (Internal Service Funds): Workers' Compensation, Liability, and Health and Welfare Benefits. These funds account for the uninsured risk of loss and pay for insurance premiums, management fees, and related expenses. Further, premium payments to Health Maintenance Organizations for medical benefits and to outside carriers for vision services, dental services, and optional life insurance are paid from the Health and Welfare Benefits Fund.

Excess Insurance. Excess insurance has been purchased for physical property loss damages, which provides $500 million limit above a $2.5 million self-insured retention. Excess insurance has been purchased for general liability, which currently provides $30 million limit above a $5 million self-insurance retention (SIR).

Owner Controlled Insurance Program (OCIP). The District implemented an Owner Controlled Insurance Program (OCIP) covering new construction. Under an OCIP, the District provides general liability, workers' compensation, and excess liability. The General liability has a SIR of $0.5 million and limits of $2 million and Workers' Compensation has an SIR of $0.5 million and limit of $1 million. The Excess Liability program is underwritten by eight major carriers offering up to $75 million. Additionally, five different carriers provide coverage for special bonded projects with limits based on the value of the project. These policies have a $25,000 SIR.

Pollution. Pollution liability insurance coverage has been procured for the construction program. The policy protects contractors and the District from losses resulting from pollution liability-related incidents occurring during construction. The policy provides optional coverage to ensure that site cleanup cost overruns are not borne by the District. The limits of coverage on the cleanup cost-cap policy are variable by specific project.

Liability. Liabilities for loss and loss adjustment expenses under school operations workers' compensation and general liability are based on the estimated present value of the ultimate cost of settling the claims including the accumulation of estimates for losses reported prior to the balance sheet date, estimates of losses incurred but not reported, and estimates of expenses for investigating and adjusting reported and unreported losses. Such liabilities are estimates of the future expected settlements and are based upon analysis of historical patterns of the number of incurred claims and their values. Individual reserves are continuously monitored and reviewed and as settlements are made, or reserves adjusted, differences are reflected in current operations. The amount of the total claims liabilities recorded for health and welfare, workers' compensation, and liability self-insurance was $1,113.2 million.

The District's Internal Service Funds reported a decrease in net position of $417.1 million for the fiscal year ended June 30, 2024, reflecting a decrease from a positive net position of $366.6 million to a negative net position of $50.5 million. The decrease is primarily due to a significant increase in claims reported in the Liability Self-Insurance Fund. Most of these claims will be funded through the issuance of Judgement Obligation Bonds.

The amount of the total claims liabilities recorded for health and welfare, workers' compensation, and liability self-insurance was $1,113.2 million. Changes in the reported liabilities since July 1, 2022, are summarized as follows (in thousands):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Fiscal Year Liability
2023-2024				
Health and welfare benefits	$ 21,743	$ 311,592	$ (302,641)	$ 30,694
Workers' compensation self-insurance	359,148	86,039	(88,128)	357,059
Liability self-insurance	275,712	577,036	(127,349)	725,399
Total	$ 656,603	$ 974,667	$ (518,118)	$ 1,113,152
2022-2023				
Health and welfare benefits	$ 23,307	$ 284,375	$ (285,939)	$ 21,743
Workers' compensation self-insurance	383,450	56,614	(80,916)	359,148
Liability self-insurance	318,330	97,454	(140,072)	275,712
Total	$ 725,087	$ 438,443	$ (506,927)	$ 656,603

(11) Certificates of Participation

The District has entered into Certificates of Participation (COPs) for the acquisition of the new administration building, warehouse, school sites, relocatable classroom buildings, furniture and equipment; modernization, rehabilitation and repair of certain facilities; replacement of the legacy financial and procurement systems; automation of certain business processes; cybersecurity improvements, upgrades of the campus security and student information systems, and modernization of enrollment and student support applications. The COPs outstanding as of June 30, 2024, are as follows (in thousands):

		Original Principal	Outstanding	Interest Rates to Maturity		Final
COP Issue	Sale Date	Amount	June 30, 2024	Min	Max	Maturity
2020A Refunding	10/27/2020	$ 28,390	$ 21,850	2.250	5.000	2034
2022 Refunding	8/30/2022	73,730	65,480	3.095	3.095	2030
2023A	8/31/2023	384,260	384,260	5.000	5.000	2038
			$ 471,590 *			

* The total amount shown above excludes net unamortized premium of $39.9 million.

			$ 10,723,385 *			

* The total amount shown above excludes unamortized premium and discount of $996.7 million

(a) Includes accumulated set-aside deposits for Qualified School Construction Bonds totaling $378.23 million representing $206.44 million for Election of 2005, H (2009) (Tax Credit Bonds) and $171.79 million for Election of 2005, J-1 and J-2 (2010) (Federally Taxable Direct Subsidy Bonds).

(b) Issued as Qualified School Construction Bonds, a taxable bond program in which the federal government initially subsidized interest as if such bonds bore interest at the applicable federal rate for such bonds of 5.72% per annum.

In August 2023, Moody's Investor Services and Fitch Ratings affirmed the District's general obligation bond ratings at Aa3 (Positive) and Aaa (Stable) and assigned ratings to the District's 2023 Series A Certificates of Participation ("the COPs") of A2 and A-, respectively. The District then successfully sold $384.26 million of new money COPs on August 17. The COPs were issued to finance cybersecurity-related projects, student enrollment, information and support, data analytics and reporting, campus security systems, the acquisition of electric buses, and the electrification of bus yards. This sale was also the District's second issuance of Sustainability Bonds. The 2023 Series A COPs were sold at a true interest cost of 3.59 percent over 15 years, and the transaction closed on August 31, 2023.

In October 2023, Moody's Investor Services, Fitch Ratings, and KBRA assigned ratings to the District's General Obligation Bonds, Series QRR (2023) ("the Bonds") of Aa3, AAA and AAA, respectively. The District then successfully sold $850 million of the new money Bonds on October 24, which were issued to finance school

facilities projects and included $525 million of Measure Q Bonds and $325 million of Measure RR Bonds. The sale was also the District's third issuance of Sustainability Bonds. The 2023 Series QRR General Obligation Bonds were sold at a true interest cost of 4.55 percent over 25 years, and the transaction closed on November 7, 2023.

On April 2024, the District successfully sold $2.97 billion of its 2024 General Obligation Refunding Bonds Series A (the "Refunding Bonds"), which received ratings of Aa2, AAA, and AAA from Moody's Investor Services, Fitch Ratings, and KBRA, respectively. The transaction refunded the District's 2014 General Obligation Refunding Bonds Series B, C, and D (the "Refunded 2014 GOs"), as well as the District's Federally Taxable Build America Bonds: General Obligation Bonds Series KRY (2009) and Series RY (2010) (the "Refunded BABs"). The refunding generated taxpayer savings totaling $173.9 million over the life of the bonds. The transaction closed on April 30, 2024, with a true interest cost of 3.04% over ten years.

The arbitrage payable balance reflects amounts due to the United States Treasury in order to comply with Internal Revenue Code Section 148(f). When the District issues tax-exempt debt, Internal Revenue Service (IRS) regulations limit the yield that the District can earn on the bond proceeds. If the District earns an amount in excess of the bond yield and does not qualify for a spending exception, the District must remit the excess earnings to the United States Treasury. Payments equal to 90% of the calculated excess earnings are due on each fifth anniversary of a bond's issuance date. When a bond issue is retired, all of the remaining excess earnings must be remitted. As of June 30, 2024, there were no arbitrage rebate payments due to the IRS.

Debt Liquidation

Payments on the General Obligation Bonds and Certificates of Participation are made through the debt service funds. The employee benefits liability for retirement bonus are all paid out of the General Fund, while the compensated absences portion are liquidated from different governmental funds and proprietary funds. In fiscal year 2024, approximately 93% of compensated absences has been paid by the General Fund, 6% by the District Bond Funds, and 1% from Proprietary Funds.

The self-insurance claims and other postemployment benefits are generally liquidated through the internal service funds, which finance the payment of those claims and benefits by charging user funds. The General Fund assumes 100% of liability self-insurance claims. For workers' compensation and health benefit claims, including retiree health benefits, the General Fund currently bears approximately 90% of the cost, the Cafeteria Fund carries 5%; and the Child Development Fund carries 3%; no other individual fund is charged more than 3% of the total amount.

(13) Leases

Lessee: The District is a lessee for noncancellable leases of buildings, antenna spaces, and equipment. The District recognizes lease liability and intangible right-to-use lease asset in the government-wide financial statements.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payment made at or before the lease commencement date, plus certain direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the District determines: (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments. The District uses the interest rate charged by the lessor as the discount rate, if available. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price, if any, that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the statement of net position.

Lessor: The District is a lessor for noncancellable leases of buildings. The District recognizes a lease receivable and deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the District determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts. The District uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancellable period of lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

The District as Lessee

The District, as a lessee, has entered into lease agreements involving buildings, parking lots, antenna spaces, and computer equipment. The opening balance of the lease liability was recorded in the amount of $56 million. During the year, the District entered into new agreements for an addition of $0.02 million. Fiscal year 2023-24 amortization was $4 million. As of June 30, 2024, the total value of the lease liability was $52 million. As of June 30, 2024, the total value of the right-to-use asset was recorded at a cost of $66 million with accumulated depreciation of $15 million.

The future lease payments under lease agreements are as follows (in thousands):

Year Ending June 30	Principal	Interest	Total
2025	$ 4,421	$ 1,017	$ 5,438
2026	1,263	958	2,221
2027	396	949	1,345
2028	408	941	1,349
2029	442	932	1,374
2030 - 2034	2,353	4,517	6,870
2035 - 2039	2,609	4,261	6,870
2040 - 2044	2,893	3,976	6,869
2045 - 2049	3,208	3,661	6,869
2050 - 2054	3,558	3,312	6,870
2055 - 2059	3,945	2,924	6,869
2060 - 2064	4,375	2,494	6,869
2065 - 2069	4,852	2,018	6,870
2070 - 2074	5,381	1,489	6,870
2075 - 2079	5,967	903	6,870
2080 - 2084	5,753	259	6,012
	$ 51,824	$ 34,611	$ 86,435

The District as Lessor

The District, as a lessor, has entered into lease agreements involving building spaces, office spaces, and parking lots. Total initial lease receivable was recorded in the amount of $15 million. During the year, the District entered renewals for an addition of $0.2 million. The District recognized the total of $0.8 million in lease revenue and $0.3 million in interest revenue during the fiscal year 2023-24. Also, the District has a deferred inflow of resources associated with leases that will be recognized over the lease term. As of June 30, 2024, the balance of the deferred inflow of resources was $14 million.

(14) Subscription-Based Information Technology Arrangements (SBITAs)

A SBITA is defined as a contractual agreement that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction.

The District contracts SBITAs of remote learning platforms, student information systems, records management systems, email services, eBooks, cloud storage, data backup, and enterprise resource planning software. The District recognizes subscription liability and intangible right-to-use subscription asset in the government-wide financial statements.

At the commencement of a SBITA, the District initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to SBITAs include how the District determines: (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments. The District uses the interest rate charged by the lessor as the discount rate, if available. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for SBITAs. The subscription term includes the noncancellable period of the SBITA. Subscription payments included in the measurement of the subscription liability are composed of fixed payments and purchase option price, if any, that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its SBITA and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term liabilities on the statement of net position.

The District has entered into subscription agreements involving remote learning platforms, student information systems, records management systems, email services, eBooks, cloud storage, data backup, and enterprise resource planning software. The beginning balance of the subscription liability was recorded in the amount of $32 million. During the year, the District entered into new agreements, for an addition of $33 million. Fiscal year 2023-24 amortization was $22 million. As of June 30, 2024, the total value of the subscription liability was $44 million. As of June 30, 2024, the total value of the right-to-use asset was recorded at a cost of $97 million with accumulated depreciation of $45 million.

The future subscription payments under subscription agreements are as follows (in thousands):

Year Ending June 30	Principal	Interest	Total
2025	$ 22,287	$ 1,031	$ 23,318
2026	11,067	484	11,551
2027	6,804	220	7,024
2028	3,356	0	3,356
	$ 43,514	$ 1,735	$ 45,249

(Continued)

(15) Interfund Transfers

Interfund transfers are eliminated on the government-wide statement of activities but are reported on the fund financial statements. These consist of transfers for exchange of services or reimbursement of expenditures. In addition, interfund transactions are also made to move revenue collected in one fund to another fund where the resources are spent or accounted for, in accordance with budgetary authorization through which resources are to be expended. Transfers between funds for the year ended June 30, 2024, were as follows (in thousands):

From	To	Purpose	Amount
General Fund	Building Fund – Measure K	Reimbursement of capital expenditures	$ 14
General Fund	Building Fund – Measure Q	Reimbursement of capital expenditures	10

Total Fund Balances	$6,421,933	$ 1,193,227	$ 1,422,815	$ 1,166,058

(Continued)

Nonspendable fund balances represent amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted fund balances represent amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed fund balances represent amounts that can be used only for specific purposes determined by a formal action of the governing board through the adoption of a resolution. The governing board is the highest level of decision-making authority for the District. These committed amounts cannot be used for any other purpose unless the governing board removes or changes the specific use through formal action. Governing board action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30. The amount which will be committed can be determined subsequently but prior to the release of the District's financial statements.

Assigned fund balances represent amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District's adopted policy delegates the authority to assign amounts for specific purposes to the Superintendent or designated executive committee.

Unassigned fund balances represent all other spendable amounts.

General Fund is the only fund that reports a positive unassigned fund balance, as it is not appropriate to report a positive unassigned fund balance in other governmental funds except where expenditures incurred for specific purposes exceed the amounts that are restricted, committed or assigned for those purposes. In such case, a negative unassigned fund balance may be reported.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which amounts in any of the unrestricted classifications of fund balance could be used, the District considers assigned amounts to be reduced first, before the unassigned amounts.

Minimum Fund Balance Policy

As part of the Budget and Finance Policy, the governing board has adopted a minimum fund balance policy for the General Fund in order to avoid the need for service level reductions in the event that an economic downturn causes revenues to be substantially lower than what was budgeted. The policy requires the District to maintain a reserve for economic uncertainty consisting of unassigned amounts equal to at least 2% of total General Fund expenditures and other financing uses. In the event that the District must expend all or part of this reserve, the District will identify and implement a budgetary plan to replenish this reserve the following year. This reserve may be adjusted based on changes to legal requirement.

It is also a policy that the total General Fund balance be maintained at a minimum level of 5% of total General Fund expenditures and Other Financing Uses. In the event that the General Fund balance falls below this level, all one-time monies will be set-aside until the 5% minimum reserve threshold is met. In addition, other recommendations may be developed to restore reserve balances.

(17) Contingencies and Commitments

(a) General

The District, as well as current and former Board Members and employees to whom the District has defense and indemnification responsibilities under the Government Code, has been named as defendants in numerous lawsuits, administrative proceedings, and arbitrations. These seek, among other things, to require the District to cease its Covid mitigating measures (e.g., vaccine mandate, masking, testing, etc.), to reinstate terminated and suspended employees, to remedy alleged noncompliance regarding special education services/schools, and to change existing instructional programs, pupil integration methods, and employment and administration procedures. In many proceedings, monetary damages are sought including, for example, claims for retroactive pay and benefits and future pay and benefits. Based on the opinion of counsel, management believes that the ultimate outcome of such lawsuits will not have a material effect on the District's financial condition.

(b) Grants

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under the terms of the grants, management believes that any required reimbursement will not be material to the financial statements.

(c) Construction Contracts

The District has entered into various contracts for the construction of facilities throughout the campuses. During fiscal year 2023-24 the District entered into approximately 84 contracts with a combined value of $477.8 million. The durations of the contracts range from 110 days to four years**.**

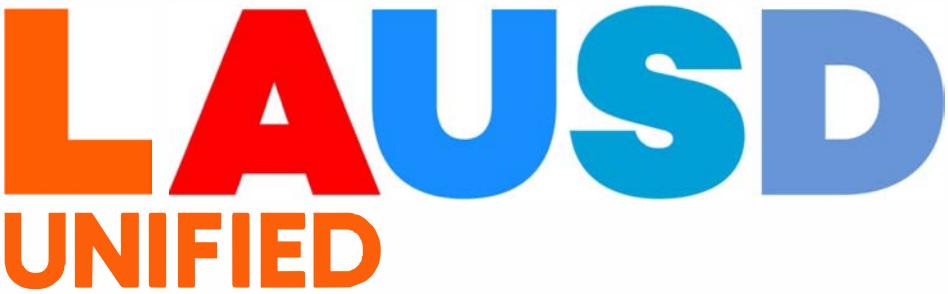

(18) Subsequent Events

On June 4, 2024, the Board of Education approved the formation of a captive insurance company (the Captive) to help manage and control escalating insurance costs, enhance the management of risk, and improve the District's financial stability. The Captive was created on June 10, 2024, and the District secured regulatory approval, determined governance structure, and identified initial funding sources. In October 2024, the district transferred funds to the Captive for its capital contributions, loss portfolio transfers, and premiums. The Captive provides coverage for general liability, automobile liability and workers' compensation. More coverage may be added later.

The District successfully sold $1.1 billion of new money General Obligation Bonds, Series QRR (2024) ("the Bonds") on September 25, 2024. The transaction was rated Aa2, AAA, and AAA by Moody's Investor Services, Fitch Ratings, and KBRA, respectively. The Bonds were issued to finance school facilities projects and included $525 million of Measure Q Bonds and $575 million of Measure RR Bonds. The Bonds sold at a true interest cost of 3.72 percent over 25 years, and the transaction closed on October 8th.

On November 22, 2024, the County, on behalf of the District, issued a series of the Notes designated the "Los Angeles Unified School District 2024-2025 Tax and Revenue Anticipation Notes, Series A," in the aggregate principal amount of $54,563,613. Additional Notes may be issued during the course of Fiscal Year 2024-2025 in a principal amount which, when combined with the principal amount of all series of Notes previously issued, is not in excess of $250,000,000.

LAUSD
UNIFIED

LOS ANGELES UNIFIED SCHOOL DISTRICT

Nonmajor Governmental Funds

Special Revenue Funds

The Student Activity Special Revenue Fund is used to account for the transactions of student organizations that are established to raise and spend money on behalf of the students.

The Adult Education Fund is used to account for resources committed to the operation of Community Adult Schools including educational programs funded by other government agencies. This Fund was established as authorized by State Education Code Section 42238. Revenues are primarily derived from State apportionments, federal subventions, investment income, and adult education fees.

The Child Development Fund is used to account for resources committed to the operation of the District's child development programs. Revenues are primarily derived from federal and state grants and apportionments, early education center fees, and investment income.

The Cafeteria Fund is used to account for resources designated for the operation of the District's food services programs. Revenues are primarily derived from federal and state subsidies, food sales, and investment income. Since the primary source of revenues is from federal and state subsidies rather than food sales, this fund is classified as a Special Revenue Fund rather than as an Enterprise Fund.

Debt Service Funds

The Tax Override Fund is used to account for the accumulation of resources from ad valorem tax levies for the repayment of State School Building Aid Fund apportionments. The loan was paid in full in May 2010.

The Capital Services Fund is used to account for the accumulation of resources for the repayment of principal and interest on Certificates of Participation and long-term capital lease agreements. Revenues are derived primarily from operating transfers from user funds and investment income.

Capital Projects Funds

The Building Fund is used to account for revenue from rentals and leases of real property and other resources designated for facility expansion.

The Capital Facilities Account Fund was established on January 1, 1987, in accordance with Section 53080 of the California Government Code and is used to account for resources received from fees levied upon new residential, commercial, or industrial development projects within the District's boundaries in order to obtain funds for the construction or acquisition of school facilities to relieve overcrowding.

The County School Facilities Bonds Fund is used to account for State grant apportionments received from the School Facility Program (SFP) which was established by the Leroy F. Greene School Facilities Act of 1998 (Senate Bill 50). The SFP was funded by the Class Size Reduction Kindergarten-University Public Education Facilities Bond Act of 1998 (Proposition 1A), and subsequently funded by the Kindergarten-University Public Education Facilities Bond Act of 2002 (Proposition 47), the Kindergarten-University Public Education Facilities Bond Act of 2004 (Proposition 55), the Kindergarten-University Public Education Facilities Bond Act of 2006 (Proposition 1D), and the Kindergarten through Community College Public Education Facilities Bond Act of 2016 (Proposition 51).

LOS ANGELES UNIFIED SCHOOL DISTRICT

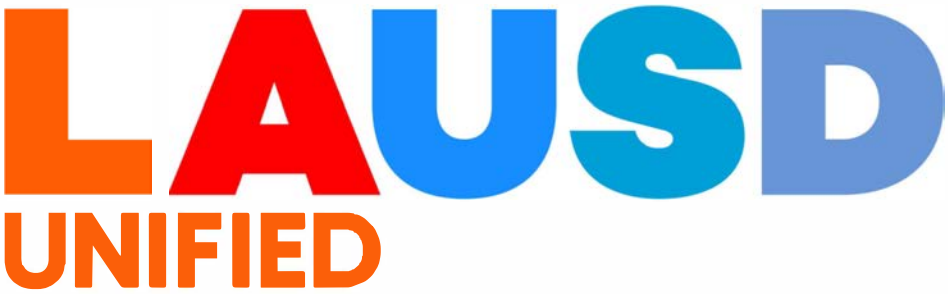

Nonmajor Governmental Funds

The Special Reserve Fund – Community Redevelopment Agency is used to account for reimbursements of tax increment revenues from certain community redevelopment agencies based on agreements between the District and the agencies. These reimbursements are to be used for capital projects within the respective redevelopment areas covered in the agreements.

The Special Reserve Fund is used to account for District resources designated for capital outlay purposes such as land purchases, ground improvements, facilities construction and improvements, new acquisitions, and related expenditures.

The Special Reserve Fund – FEMA – Earthquake is used to account for funds received from the Federal Emergency Management Agency (FEMA) for capital outlay projects resulting from the January 17, 1994, Northridge Earthquake.

The Special Reserve Fund – FEMA – Hazard Mitigation was established on April 15, 1996, to account for funds received from FEMA and for the 25% District-matching funds for the retrofit/replacement of pendant lighting and suspended ceilings in selected buildings at schools, offices, and children's centers.

Internal Service Funds

The Health and Welfare Benefits Fund was established pursuant to Education Code 39602 to pay for claims, administrative costs, insurance premiums, and related expenditures for the District's Health and Welfare Benefits program. Medical and dental claims for the self-insured portion of the Fund are administered by outside claims administrators. Premium payments to health maintenance organizations for medical benefits and to outside carriers for vision services, dental services, and optional life insurance are also paid out of this Fund.

The Workers' Compensation Self-Insurance Fund was established pursuant to Education Code 39602 to pay for claims, excess insurance coverage, administrative costs, and related expenditures. Workers' compensation claims are administered for the District by an outside claims administrator.

The Liability Self-Insurance Fund was established pursuant to Education Code 39602 to pay claims, excess insurance coverage, administrative costs and related expenditures, and to provide funds for insurance deductible amounts. Liability claims are administered for the District by an outside claims administrator.

* Source: Los Angeles County Auditor-Controller "Taxpayers' Guide." Taxes which constitute a lien on real property are referred to as "secured".

Almost all real property taxes are secured. Most personal property taxes are "unsecured." Some taxes on personal property may also be secured to the real property of the assessee, upon request and subject to certain conditions.

** Source: A.D.A. – Average Daily Attendance, Annual Report

[a] Condensed reporting period. Due to the COVID-19 pandemic, the California Department of Education reduced the school year for ADA purposes and included only the full school months that ended on or before February 29, 2020.

[b] To ensure funding stability in light of the COVID-19 pandemic, the 2020-21 State Budget included a hold-harmless provision for the purpose of calculating apportionments in fiscal year 2020-21. The provision provided that apportionment be based on fiscal year 2019-20 ADA. As a result, ADA reported is the same as prior year.

[c] Adjusted for fiscal year 2019-20 audit finding.

[d] The data presented is based on the latest ADA information submitted to CDE for school year 2019-20. During fiscal year 2020-21, CDE credited additional ADA to the District for the closure of two independent charter school, Excelencia Charter Academy and Animo College Preparatory Academy. The ADA credits for these two schools which closed on 6/30/2020, totaling 86.54 and 343.72 for K-3 and 9-12, respectively, are not included in the above table.

See accompanying independent auditor's report.

(1) Elementary schools only.

(2) All LAUSD schools, including affiliated charter schools, had a one day emergency closure in August 2023. LAUSD submitted a J-13A for this closure for non-charter schools in order to confirm compliance with the penalty waiver provision to offer 183 instructional days for the 2023-24 and 2024-25 school years. LAUSD received approval for the J-13A in November 2024.

(3) Julie Korenstein Elementary offered 56,029 instructional minutes; all other elementary schools offered at least 56,069 minutes. All middle and high schools offered a minimum of 66,449 minutes.

(4) Annual instructional minutes of affiliated charter schools reflect a reduced offering due to the one day emergency closure. These are the minimum minutes offered by the affiliated charter schools for the grade spans indicated.

Note: LAUSD received incentive funding for increasing instructional time pursuant to the Longer Year/Longer Instructional Day.

See accompanying independent auditor's report and notes to supplementary information.

Change in Fund Balance	(1,776,385)	713,682	2,379,928	473,034	805,815
Beginning Fund Balance	6,356,924	5,708,251	3,328,323	2,855,289	2,049,474
Ending Fund Balance	$ 4,580,539	$ 6,421,933	$ 5,708,251	$ 3,328,323	$ 2,855,289
Available Reserves*	$ 337,018	$ 1,113,933	$ 385,925	$ 1,140,017	$ 1,533,263
Unassigned Reserve for Economic Uncertainties	$ 112,240	$ 244,900	$ 238,780	$ 199,860	$ 91,990
Unassigned Fund Balance	$ 224,778	$ 869,033	$ 147,145	$ 940,157	$ 1,441,273
Available Reserves as a Percentage of Total Expenditures and Other Financing Uses	3.01%	10.53%	4.07%	12.25%	18.69%
Total Long-Term Obligations	$ 27,726,284	$ 29,442,163	$ 27,622,402	$ 27,136,289	$ 31,658,402
Average Daily Attendance (ADA) funded at P-2	386,348	410,914	433,929	449,937	455,356 [a]

The General Fund has maintained a positive ending fund balance for the past four fiscal years presented in this schedule.

For a district this size, the State has recommended available reserves to be at least 2% of total General Fund expenditures and other financing uses.

The District has been able to meet these requirements for the past four fiscal years.

*Available reserves consist of all unassigned fund balances and unassigned reserve for economic uncertainties.

[a] To ensure funding stability in light of the COVID-19 pandemic, the 2020-21 State Budget and California Education Code section EC Section 2575(g) (2) included a hold-harmless provision for the purpose of calculating apportionments in fiscal year 2020-21. The provision provided that apportionment be based on fiscal year 2019-20 ADA. As such, the District's ADA data presented for fiscal year 2020-21 is 2019-20 annual ADA plus credits and growth adjustments received in 2020-21.

See accompanying independent auditor’s report and notes to supplementary information.

LOS ANGELES UNIFIED SCHOOL DISTRICT
Notes to Supplementary Information
Year Ended June 30, 2024

(1) Statistical Data

The statistical data presented on pages 115-117 offers multi-year trend information and are provided to help the reader understand the District's significant local revenue sources as it relates to the District's overall financial health.

(2) Purpose of Schedules

(a) Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

(b) Schedule of Instructional Time Offered

The District has received incentive funding for increasing instructional time as provided by the Incentive for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

(c) Schedule of Financial Trends and Analysis

This schedule focuses on financial trends by displaying past years' data along with current budget information and evaluates the District's ability to continue as a going concern for a reasonable period of time.

(d) Reconciliation of Unaudited Actual Financial Reports with Audited Financial Statements

This schedule provides the information necessary to reconcile the differences between fund balances reported on the unaudited actual financial reports and the audited financial statements.

(e) Schedule of Charter Schools

This schedule lists all charter schools chartered by the District, includes the charter school number, and indicates whether or not the charter school is included in the District's audit.

LOS ANGELES UNIFIED SCHOOL DISTRICT
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2024

(1) General

The accompanying schedule of expenditures of federal awards (Schedule) presents the expenditures of all federal financial assistance programs of the Los Angeles Unified School District (District). The District's reporting entity is defined in the notes to the District's basic financial statements. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

(2) Basis of Accounting

The accompanying Schedule is presented using the modified accrual basis of accounting, as described in Note 1 of the notes to the District's basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the District's basic financial statements but agrees in all material respects.

(3) Indirect Cost Rate

The District did not elect to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

(4) Noncash Assistance

Included in the Schedule is (Assistance Listing (AL) #10.555) $19,009,086 of donated food commodities received from the U.S. Department of Agriculture, passed-through California Department of Education, during the year ended June 30, 2024.

(5) U.S. Department of Homeland Security - Disaster Grants - Public Assistance (Presidentially Declared Disasters) (AL #97.036)

The District incurred eligible expenditures for its COVID-19 Disaster Grants – Public Assistance (Presidentially Declared Disasters) Testing and Vaccination Program during fiscal years 2019-20 through 2022-23. In fiscal year 2023-24, the California Governor's Office of Emergency Services approved the District's project worksheets. The breakdown of the $483,779,158 in expenditures reporting on the Schedule by fiscal year is as follows:

Fiscal Year	FEMA-4482-DR-CA
2019-20	$ 822,256
2020-21	41,224,801
2021-22	419,622,296
2022-23	22,109,805
	$ 483,779,158

(6) Federal Communications Commission – COVID-19-Emergency Connectivity Fund Program (ECF) (AL #32.009)

Of the total $39,700,944 reported for ECF, $5,581,843 is related to the expenditure incurred in fiscal year 2021-22, while the remaining amount was incurred within the fiscal year 2023-24.

OTHER INFORMATION

LOS ANGELES UNIFIED SCHOOL DISTRICT

Organization Structure
Year Ended June 30, 2024
(Unaudited)

Geographical Location: The Los Angeles Unified School District is a political subdivision of the State of California. It is located in the western section of Los Angeles County and includes most of the City of Los Angeles, all the Cities of Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon, and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Carson, Commerce, Cudahy, Culver City, Hawthorne, Inglewood, Long Beach, Los Angeles, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Santa Clarita, South Gate, and Torrance, in addition to considerable unincorporated territories devoted to homes and industry. The District did not have any changes in its school boundaries in FY2024.

Geographical Area: 710 square miles

Administrative Offices: 333 South Beaudry Avenue, Los Angeles, CA 90017

Form of Government: The District is governed by a seven-member Board of Education elected by voters within the district to serve alternating five-year terms. The term was extended in 2015 by Charter Amendment 2.

Name	Board District	Expiration of Term
Scott Schmerelson, President	3	December 9, 2029
Dr. Rocio Rivas, Vice President	2	December 11, 2027

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To The Honorable Board of Education
Los Angeles Unified School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **Los Angeles Unified School District** (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 16, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

CPA℠
The CPA. Never Underestimate The Value.℠

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item FS-2024-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To The Honorable Board of Education
Los Angeles Unified School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited **Los Angeles Unified School District's** (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

CPA℠
The CPA. Never Underestimate The Value.℠

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on State Compliance and on Internal Control over Compliance

To The Honorable Board of Education
Los Angeles Unified School District

Report on Compliance

Opinion

We have audited the **Los Angeles Unified School District's** (the District) compliance with the requirements specified in the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* applicable to the District's state program requirements identified below for the year ended June 30, 2024.

In our opinion, the Los Angeles Unified School District complied, in all material respects, with the laws and regulations of the state programs noted in the table below for the year ended June 30, 2024.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Los Angeles Unified School District's state programs.

CPA℠
The CPA. Never Underestimate The Value.℠

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances;
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

2023-24 K-12 Audit Guide Procedures	Procedures Performed
Local Education Agencies Other than Charter Schools:	
A. Attendance	Yes
B. Teacher Certification and Misassignments	Yes
C. Kindergarten Continuance	Yes
D. Independent Study	Yes
E. Continuation Education	Yes
F. Instructional Time	Yes
G. Instructional Materials	Yes
H. Ratio of Administrative Employees to Teachers	Yes
I. Classroom Teacher Salaries	Yes
J. Early Retirement Incentive	N/A (1)
K. Gann Limit Calculation	Yes

2023-24 K-12 Audit Guide Procedures	Procedures Performed
L. School Accountability Report Card	Yes
M. Juvenile Court Schools	N/A (2)
N. Middle or Early College High Schools	Yes
O. K-3 Grade Span Adjustment	Yes
Q. Apprenticeship: Related and Supplemental Instruction	Yes
R. Comprehensive School Safety Plan	Yes
S. District of Choice	N/A (3)
TT. Home to School Transportation Reimbursement	Yes
School Districts, County Offices of Education, and Charter Schools:	
T. Proposition 28 Arts and Music in Schools	Yes
U. After/Before School Education and Safety Program	Yes
V. Proper Expenditure of Education Protection Account Funds	Yes
W. Unduplicated Local Control Funding Formula Pupil Counts	Yes
X. Local Control and Accountability Plan	Yes
Y. Independent Study-Course Based	N/A (4)
Z. Immunizations	Yes
AZ. Educator Effectiveness	Yes
BZ. Expanded Learning Opportunity Grant (ELO-G)	Yes
CZ. Career Technical Education Incentive Grant	Yes
DZ. Expanded Learning Opportunity Program (ELO-P)	Yes
EZ. Transitional Kindergarten	Yes
Charter Schools:	
AA. Attendance	Yes
BB. Mode of Instruction	Yes
CC. Nonclassroom-Based Instruction/Independent Study	No (5)
DD. Determination of Funding for Nonclassroom-Based Instruction	No (5)
EE. Annual Instructional Minutes – Classroom Based	Yes
FF. Charter School Facility Grant Program	N/A (6)

(1) We did not perform any procedures related to the Early Retirement Incentive Program because the District did not offer early retirement incentives during the fiscal year.

(2) We did not perform any procedures related to Juvenile Court Schools because the District does not offer this program.

(3) The District's Board of Education did not elect to operate as a school District of Choice.

(4) The District does not have any Independent Study-Course Based Programs; therefore, we did not perform any testing related to this requirement.

(5) The District's Average Daily Attendance generated from Nonclassroom-Based Instruction/Independent Study for Charter Schools fell under the materiality level stipulated in the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*; therefore, we did not perform any testing related to this requirement.

(6) The District's charter schools did not receive Charter School Facility Grant Program funding; therefore, we did not perform any testing related to this requirement.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are described in the accompanying Schedule of Findings and Questioned Costs as items S-2024-001 through S-2024-013. Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the noncompliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting.* Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

June 30, 2024

Assistance Listing Number	Name of Federal Program	Opinion
•	Any audit findings disclosed which are required to be reported in accordance with 2 CFR 200.516(a):	No
•	Dollar threshold used to distinguish between type A and type B programs:	$7,426,289
•	Auditee qualified as low risk auditee	No

State Awards

Type of auditor's report issued on compliance for state programs:	Unmodified

****

Section II – Finding(s) Relating to the Basic Financial Statements which is Required to be Reported in Accordance with Government Auditing Standards

Finding – FS-2024-001 Vulnerability Management (Significant Deficiency)

State Audit Guide Finding Code: 30000

Criteria

Scanning for and managing inventory, patch, and configuration issues are security practices designed to proactively identify and remediate technical vulnerabilities and weaknesses in information systems. Proactively managing and remediating vulnerabilities reduces, or eliminates, the potential of exploitation and involves considerably less time and effort than responding after exploitation has occurred.

- NIST SP 800-53 Revision 5, "Security and Privacy Controls for Federal Information Systems and Organizations, RA-5 (Vulnerability Monitoring and Scanning)":

  Remediate legitimate vulnerabilities in accordance with an organizational assessment of risk.

- ISO27001 Standard; A.12.6 "Technical Vulnerability Management":

  Information on technological vulnerabilities of information systems used should be obtained in a timely manner, the exposure of the organization to such vulnerabilities should be assessed and appropriate measures taken to address the risk involved.

- LAUSD Vulnerability Management Policy - BUL-129101: Section IV. Critical Vulnerabilities:

  Critical security patches may be performed outside the default or customized maintenance schedule and must be installed as soon as reasonably possible, but no later than 30 days after discovery unless approved by the Director of IT Security.

SAP Vulnerability

Condition

Our review of SAP network server vulnerability scan reports for the period of July 2023 – September 2023 revealed 1 (one) "High" severity vulnerability that remained outstanding or not remediated throughout this 3 (three) month period.

Cause and Effect

It has been represented to us that the vulnerability identified was related to the Oracle JDK used by BMC software, Control-M. ITS follows BMC's recommendations when updating the JDK, which contributed to a longer resolution time.

The lack of proactively managing and timely remediating vulnerabilities increases the risk of potential exploitation. In addition, untimely patching and fixing configuration issues can adversely impact the availability, confidentiality, and integrity of LAUSD information resources.

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

View of Responsible Officials and Corrective Action Plan

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

We have identified no known exploits available for this vulnerability. The vulnerability identified was related to the Oracle JDK used by BMC software, Control-M. We follow BMC's recommendations when updating the JDK, which contributed to a longer resolution time. However, the vulnerability was resolved in the subsequent patch cycle.

Corrective Action

In September 2024 ITS implemented a Risk Assessment Standard Operating Procedure (SOP) to address critical vulnerabilities that cannot be patched within 30 days. The SOP requires a risk assessment which lists compensating controls to reduce the risk and logs the risk in a risk register for ongoing monitoring until the risk is remediated.

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- SAP not accessible outside the firewall without limited VPN access was implemented in September 2022.

Target Completion: Completed 9/30/2024

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/Information Technology Services (ITS)
Telephone: 213.241.1586

MiSiS Vulnerability

Condition

Our review of MISIS network server vulnerability scan reports for the period of July 2023 – September 2023 revealed seven (7) "Critical" severity vulnerabilities and 145 "High" severity level vulnerabilities remained outstanding or not remediated throughout this three (3) month period.

Cause and Effect

The lack of proactively managing and timely remediating vulnerabilities increases the risk of potential exploitation. In addition, untimely patching and fixing configuration issues can adversely impact the availability, confidentiality, and integrity of LAUSD information resources.

This risk is increased for systems that contain individual student data.

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

View of Responsible Officials and Corrective Action Plan

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Two (2) of the critical vulnerabilities identified had known exploits. All the findings from the previous vulnerabilities report have been resolved.

Corrective Action

In September 2024 ITS implemented a Risk Assessment Standard Operating Procedure (SOP) to address critical vulnerabilities that cannot be patched within 30 days. The SOP requires a risk assessment which lists compensating controls to reduce the risk and logs the risk in a risk register for ongoing monitoring until the risk is remediated.

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- MISIS not accessible outside the firewall without limited VPN access was implemented in September 2022.

Target Completion: Completed 9/30/2024.

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

CMS Vulnerability

Condition

Our review of CMS network server vulnerability scan reports for the period of July 2023 – September 2023 revealed 27 "Critical" severity level vulnerabilities and 133 "High" severity level vulnerabilities that remained outstanding or not remediated throughout this three (3) month period.

We also noted that one (1) critical severity level CMS server vulnerability that remained outstanding for another three-month period, i.e., from October 2023 – December 2023)

Cause and Effect

July 2023 – September 2023 Vulnerabilities: IT was represented to us by ITS that due to resource constraints, ITS faced challenges in adhering to our established patching cycle during this period, which resulted in a delay in addressing these vulnerabilities.

October 2023 – December 2023 Vulnerabilities: IT was represented to us by ITS that to patch the SSL vulnerability, the server needed to be upgraded to a compatible version of Red Hat Enterprise Linux (RHEL) that supports the latest TLS protocols. The delay in upgrading was due to the need for thorough planning, testing, and coordination to ensure compatibility with our existing systems and applications.

The lack of proactively managing and timely remediating vulnerabilities increases the risk of potential exploitation. In addition, untimely patching and fixing configuration issues can adversely impact the availability, confidentiality, and integrity of LAUSD information resources.

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

View of Responsible Officials and Corrective Action Plan

July 2023 – September 2023 Vulnerabilities

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

15 of the critical vulnerabilities identified had known exploits. Due to resource constraints, we faced challenges in adhering to our established patching cycle during this period, which resulted in a delay in addressing these vulnerabilities. However, by the September patch cycle, all identified vulnerabilities were remediated.

Compensating Controls

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- CMS not accessible outside the firewall without limited VPN access was implemented in September 2022.

Corrective Action

Onboard vendor to alleviate resource constraints. ITS solicited and received Board approval in April 2024 for Data Center Patch Management Services. Onboarding of the managed service provider for Data Center Patch Management Services commenced after Board Approval.

Target Completion: Completed 4/30/2024

October 2023 – December 2023 Vulnerabilities

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Vulnerability relates to the use of deprecated encryption protocol.

To patch the SSL vulnerability, the server needed to be upgraded to a compatible version of Red Hat Enterprise Linux (RHEL) that supports the latest TLS protocols. The delay in upgrading was due to the need for thorough planning, testing, and coordination to ensure compatibility with our existing systems and applications. Since upgrading the operating system involves careful assessment to avoid potential impacts and disruptions, this resulted in a longer time to apply the patch. The identified vulnerability was resolved in the subsequent patch cycle.

Corrective Action

In September 2024 ITS implemented a Risk Assessment Standard Operating Procedure (SOP) to address critical vulnerabilities that cannot be patched within 30 days. The SOP requires a risk assessment which lists compensating controls to reduce the risk and logs the risk in a risk register for ongoing monitoring until the risk is remediated.

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- SAP not accessible outside the firewall without limited VPN access was implemented in September 2022.

Target Completion: Completed 9/30/2024

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

Welligent Vulnerability

Condition

Our review of Welligent network vulnerability scan reports for the period of July 2023 – September 2023 revealed one (1) "Critical" severity level vulnerabilities and nine (9) "High" severity level vulnerabilities that remained outstanding or not remediated throughout this three (3) month period.

Cause and Effect

ITS represented to us that Red Hat and Oracle are not always in alignment with Tenable scans. Red Hat and Oracle do not have a fixed timeline for releasing patches and often, the patches for vulnerabilities discovered by Tenable are not available.

The lack of proactively managing and timely remediating vulnerabilities increases the risk of potential exploitation. In addition, untimely patching and fixing configuration issues can adversely impact the availability, confidentiality, and integrity of LAUSD information resources.

This risk is increased for systems that contain sensitive student data to include Individualized Education Programs (IEP) in some instances containing student PHI (Personal Health Information).

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

View of Responsible Officials and Corrective Action Plan

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Critical vulnerability relates to log4j vulnerability.

The ITS Welligent team practices monthly OS and DBA security vulnerability patching. For each patching event, ITS Operating System (OS) Administrators and Database (DB) Administrators team apply the latest patches that are available at that time. The reason why the (1) critical and nine (9) high severity vulnerabilities appear outstanding even though monthly patching activities have occurred is that Red Hat and Oracle are not always in alignment with Tenable scans. Red Hat and Oracle do not have a fixed timeline for releasing patches and often, the patches for
vulnerabilities discovered by Tenable are not available. For each patching event, OS/DBA team confirms that Welligent servers are up to date with patches.

Out of the 10 noted vulnerabilities, 9 were cleared by October 16, 2023, and the last was cleared by December 20, 2023.

Corrective Action

Beginning April 2024, the ITS Welligent team began submitting Security Exception Requests to the ITS Security Team for vulnerabilities that were discovered by Tenable but without a patch available by Red Hat/Oracle.

In September 2024 ITS implemented a Risk Assessment Standard Operating Procedure (SOP) to address critical vulnerabilities that cannot be patched within 30 days. The SOP requires a risk assessment which lists compensating controls to reduce the risk and logs the risk in a risk register for ongoing monitoring until the risk is remediated.

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- Wellilgent not accessible outside the firewall without limited VPN access was implemented in September 2022.

Target Completion: Completed 9/30/2024.

Maximo Vulnerability

Condition

Our review of Maximo network vulnerability scan reports for the period of October 2023 – December 2023 revealed 11 "Critical" severity level vulnerabilities and 22 "High" severity level vulnerabilities that remained outstanding or not remediated throughout this three (3) month period.

Cause and Effect

ITS represented to us that Maximo is an IBM supported product and timing of patching their software depends on IBM's release schedule.

The lack of proactively managing and timely remediating vulnerabilities increases the risk of potential exploitation. In addition, untimely patching and fixing configuration issues can adversely impact the availability, confidentiality, and integrity of LAUSD information resources.

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

View of Responsible Officials and Corrective Action Plan

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Same critical vulnerability on 11 servers has known exploit.

The issues noted have been addressed and patches to address new vulnerabilities are applied when they become available. MAXIMO is an IBM supported product and timing of patching their software depends on IBM's release schedule. The latest security scan from Aug 26, 2024 doesn't reveal any critical vulnerabilities.

Corrective Action

In September 2024 ITS implemented a Risk Assessment Standard Operating Procedure (SOP) to address critical vulnerabilities that cannot be patched within 30 days. The SOP requires a risk assessment which lists compensating controls to reduce the risk and logs the risk in a risk register for ongoing monitoring until the risk is remediated.

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- Maximo not accessible outside the firewall without limited VPN access was implemented in September 2022.

Target Completion: Completed 9/30/2024

Application Code Vulnerability Management

Criteria

Application-level scanning tools are designed to interrogate application code to identify bugs, errors, and security flaws within the code of an application system. Such code scanners identify vulnerabilities impacting the safety of an application that can leave it open to a cyberattack. Accordingly, scanning for code level vulnerabilities is an essential component to an organization's vulnerability management program. Proactively managing and remediating vulnerabilities reduces, or can eliminate, the potential of exploitation and involves considerably less time and effort than responding after exploitation has occurred.

- NIST SP 800-53 Revision 5, "Security and Privacy Controls for Federal Information Systems and Organizations, RA-5 (Vulnerability Monitoring and Scanning)":
  Remediate legitimate vulnerabilities in accordance with an organizational assessment of risk.

- ISO27001 Standard; A.12.6 "Technical Vulnerability Management":
  Information on technological vulnerabilities of information systems used should be obtained in a timely manner, the exposure of the organization to such vulnerabilities should be assessed and appropriate measures taken to address the risk involved.

- LAUSD Vulnerability Management Policy - BUL-129101: Section IV. Critical Vulnerabilities:
  Critical security patches may be performed outside the default or customized maintenance schedule and must be installed as soon as reasonably possible, but no later than ***30 days after discovery*** *unless approved by the Director of IT Security.*

Condition

Unavailable Application Code Vulnerability Scan Reports

Application code vulnerability scan results reports could not be provided by ITS for the following (in-scope) accounting applications and corresponding periods during the year under audit (FY 2024):

▪ SAP (Onapsis)	October 2023 – January 2024
▪ CMS	July 2023 to June 2024
▪ Welligent (Veracode)	July 2023 to November 2023
▪ Colin	July 2023 to June 2024
▪ Maximo	July 2023 to June 2024

October 2023 – January 2024 was the period SAP servers resided under ITS operational control.

Unresolved Application Code Vulnerabilities

Our review of MISIS application code vulnerabilities scan reports for the period of July 2023 through June 2024 revealed that two (2) Very High (critical) and four (4) High level application code vulnerabilities (flaws) remained outstanding on two (2) consecutive monthly Veracode (application code) scan reports dated as of July 23, 2024 and August 27, 2024 respectively. When we requested the June 2023 Veracode scan report to determine when the vulnerabilities/flaws occurred, ITS informed us that the report was unavailable as the application code scan process was not automated until July 2023. However, the two (2) Very High (critical) remained outstanding for more than 30 days after discovery by ITS.

Cause and Effect

- During October 2023 – January 2024, ITS was engaged in the SAP migration from on-premises to the cloud service provider resulting in the Onapsis tool, which was installed on the decommissioned servers, not being run for the requested period.
- We were informed by ITS management that Maximo and CMS are supported by a vendor (e.g., IBM for Maximo) and the source code is not available to scan for application code vulnerabilities. Also, a static code scan of Maximo and CMS object code using a tool like Veracode, would require the vendor to grant the District access to their respective proprietary code. The District currently does not have such access approval.
- Welligent scan reports were not archived from July 2023 to November 2023.
- Colin do not have available source code scanning tools.

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, “Critical” and “High” severity level vulnerabilities should be remediated within 30 days of identification.

View of Responsible Officials and Corrective Action Plan

MISIS Application Code

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Risk of deploying code changes during the School Opening Freeze ranked higher than code vulnerabilities.

Both Critical and High Vulnerabilities were addressed in September 2023. Those vulnerabilities were not resolved in the August 2023 Veracode production scanning report due to the ITS School Opening code freeze policy.

Corrective Action

In September 2024 ITS implemented a Risk Assessment Standard Operating Procedure (SOP) to address critical vulnerabilities that cannot be patched within 30 days. The SOP requires a risk assessment which lists compensating controls to reduce the risk and logs the risk in a risk register for ongoing monitoring until the risk is remediated.

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration were implemented in September 2022.
- MISIS not accessible outside the firewall without limited VPN access was implemented in September 2022.

Target completion: Completed 9/30/2024

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

MAXIMO Application Code

Not Applicable.

MAXIMO is an off-the-shelf product no source code scan is available.

Following industry practices where vendors retain source code for off-the-shelf products, we rely on vendor contracts and license agreements for security compliance.

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

COLIN Application Code

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

COLIN production source code is currently not being scanned for vulnerabilities.

Compensating Controls

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration was implemented in September 2022.
- COLIN not accessible outside the firewall without limited VPN access.

Corrective Action

Evaluate if COLIN source code can be scanned with existing tools, and begin regular code scans if capable.

Target Completion: 6/30/2025

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

CMS Application Code

Not applicable. CMS is an off-the-shelf product, and no source code scan is available.

Following industry practices where vendors retain source code for off-the-shelf products, we rely on vendor contracts and license agreements for security compliance.

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

Welligent Application Code

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Welligent is third-party software supported by Continuum Cloud, which owns the risk of ensuring its code is secure.

Compensating Controls

The following compensating controls were implemented to mitigate this vulnerability:

- Flagged servers with SOC for critical monitoring began December 2022.
- EDR to detect, prevent, and respond to malware and unauthorized access was implemented in September 2022.
- Next generation firewalls providing deep packet inspection, intrusion prevention, application layer controls, and SIEM integration was implemented in September 2022.
- Welligent not accessible outside the firewall without limited VPN access was implemented in September 2022.

Welligent has performed Veracode scans monthly since 2022, however, only reports from December 2023-Present were archived. Those reports were provided.

Corrective Action

Welligent is moving to the cloud and its code will be wholly owned by vendor.

Target Completion: 12/31/2024

Name: Douglas Le
Title/Division: Senior ERP Director Business Systems/ITS
Telephone: 213.241.1586

SAP Application Code

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Minimal risk as on-premises (on-prem) servers have been decommissioned.

During the specified period, the District was in the process of migrating our database from on-prem to the cloud. After the successful migration, the on-prem servers were decommissioned, and consequently, the SAP Onapsis tool, which was installed on those servers, could not be run for the requested duration (period).

Compensating Controls

The following compensating controls were implemented to mitigate this vulnerability:

1. Onapsis was installed and monitoring on prem servers before decommissioning. Onapsis is protecting SAP systems since 6/29/2020. During the Audit period i.e. from July 2023 through Dec 2023 Onapsis was active for on-prem systems.
2. On prem servers have been decommissioned since 3/12/2024.
3. Onapsis has been installed and is in use for SAP's cloud environment since on 3/14/2024

Corrective Action

Onapsis scan reports from our cloud servers can be provided from the point of migration to the present date. These reports can be generated using the same tool in our current cloud environment and reflect the application scans moving forward.

Target completion: Completed 3/31/2024

- Young Empowered Scholars Academy

Criteria

California Education Code, Section 46300(a) – In computing average daily attendance of a school district or county office of education, there shall be included the attendance of pupils while engaged in educational activities required of those pupils under the immediate supervision and control of an employee of the district or county office who possessed a valid certification document, registered as required by law.

Condition, Cause and Effect

For our sample of 135 schools, we obtained the Student Monthly Attendance Summary Reports (SMASRs) for a sample of teachers for school month two (2). SMASRs are system-generated reports from the District's My Integrated Student Information System (MiSiS), a system utilized by the teachers to electronically input, submit and certify student attendance daily. We verified whether these SMASRs were reported accurately in the *Second Principal Report (P2)* and the *Annual Principal Report (P3).* We obtained the monthly statistical reports where all the SMASRs are summarized, for our sampled schools and we verified whether the SMASRs were completely and accurately summarized. We then traced these monthly statistical reports to the Attendance Ledgers, which in turn were traced to the *Second Principal Report (P2)* and the *Annual Principal Report (P3).*

To test the integrity of the data reported in the sampled SMASRs, we selected a sample of absences from notes, phone logs and other absence records and compared them to the SMASRs to verify that they were not included in the calculation of Average Daily Attendance reported in the P2. In addition, since the SMASRs are generated through MiSiS, we also tested the system's general internal controls which included but were not limited to appropriate access controls. We selected a sample of 148,233 days of attendance and 10,291 days of absences for testing and noted the following findings, resulting due to staff's untimely update of student's attendance records:

- **7th Street Elementary Arts Integration Magnet** - Out of the 984 days of attendance and 42 days of absences sampled, we noted the following exceptions:
  - We identified three (3) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Balboa Elementary Gifted/Highly Gifted/High Ability Magnet** - Out of the 1,345 days of attendance and 32 days of absences sampled, we noted the following exceptions:
  - Four (4) students were absent for a total of four (4) days, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Benjamin Banneker Career and Transition Center** - Out of the 621 days of attendance and 66 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Bret Harte Preparatory Middle School** - Out of the 1,086 days of attendance and 124 days of absences sampled, we noted the following exceptions:
  - One (1) student was absent for a total of four (4) days, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Burton Street Elementary** - Out of the 1,109 days of attendance and 89 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Caroldale Learning Community** - Out of the 2,120 days of attendance and 122 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Century Park Elementary** - Out of the 838 days of attendance and 55 days of absences sampled, we noted the following exceptions:
  - One (1) student was absent for a total of two (2) days, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Cesar E Chavez Learning Academy - Academy of Sci Exploration** - Out of the 1,186 days of attendance and 92 days of absences sampled, we noted the following exceptions:
  - Five (5) students were absent for a total of eight (8) days, as evidenced by an absence note, but were recorded as present in the SMASR.
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Compton Avenue Elementary** - Out of the 738 days of attendance and 40 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Daniel Pearl Senior High Journalism & Communications Magnet** - Out of the 1,011 days of attendance and 124 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Danube Avenue Elementary** - Out of the 1,197 days of attendance and 76 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Diane S Leichman Career Preparatory and Transition Center** - Out of the 595 days of attendance and 28 days of absences sampled, we noted the following exceptions:
  - Five (5) students were absent for a total of eight (8) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Dr James Edward Jones Primary Center** - Out of the 891 days of attendance and 45 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Dyer Street Elementary** - Out of the 1,014 days of attendance and 88 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Elizabeth LC DL Two-Way Im Arabic** - Out of the 690 days of attendance and 46 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Elizabeth Learning Center** - Out of the 1,875 days of attendance and 158 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of three (3) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Fairburn Avenue Elementary** - Out of the 1,489 days of attendance and 88 days of absences sampled, we noted the following exceptions:
  - One (1) student was absent for a total of two (2) days, as evidenced by an absence note but was marked as present in the SMASR.

- **Garvanza Elementary Technology/Leadership Magnet** - Out of the 1,103 days of attendance and 75 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Glenwood Elementary** - Out of the 1,177 days of attendance and 67 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was marked as present in the SMASR.

- **Grape Street Elementary** - Out of the 993 days of attendance and 78 days of absences sampled, we noted the following exceptions:
  - Four (4) students were absent for a total of four (4) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Halldale Elementary** - Out of the 1,082 days of attendance and 80 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was marked as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P3 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P3 reporting, this does not lead to questioned costs.

- **Hancock Park Elementary** - Out of the 1,328 days of attendance and 85 days of absences sampled, we noted the following exceptions:
  - We identified three (3) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Haskell Elementary STEAM Magnet** - Out of the 1,308 days of attendance and 60 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Horace Mann UCLA Community School** - Out of the 1,133 days of attendance and 94 days of absences sampled, we noted the following exceptions:
  - Three (3) students were absent for a total of three (3) days, as evidenced by an absence note, but were recorded as present in the SMASR.
  - We identified three (3) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Lanai Road Elementary** - Out of the 1,309 days of attendance and 40 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was marked as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Lankershim Elementary** - Out of the 1,167 days of attendance and 83 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of three (3) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Legacy Senior High Sci Tech Engineering Arts Math** - Out of the 1,783 days of attendance and 98 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was marked as present in the SMASR.

- **Leo Politi Elementary** - Out of the 488 days of attendance and 82 days of absences sampled, we noted the following exceptions:
  - We identified two (2) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Liberty Boulevard Elementary** - Out of the 1,183 days of attendance and 79 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was marked as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P3 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P3 reporting, this does not lead to questioned costs.

- **Lillian Street Elementary** - Out of the 1,038 days of attendance and 64 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Los Angeles Senior High STEAM Magnet** - Out of the 292 days of attendance and 12 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Los Feliz Science/Tech/Engineer/Math/Medicine Magnet** - Out of the 1,181 days of attendance and 86 days of absences sampled, we noted the following exceptions:
  - Three (3) students were absent for a total of four (4) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Loyola Village Elementary Fine/Performing Arts Magnet** - Out of the 917 days of attendance and 71 days of absences sampled, we noted the following exceptions:
  - Four (4) students were absent for a total of five (5) days, as evidenced by an absence note, but were recorded as present in the SMASR.
  - We identified three (3) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Mark Twain Middle School** - Out of the 1,437 days of attendance and 64 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Mark Twain Middle School World Languages Magnet** - Out of the 344 days of attendance and 17 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Narbonne SH-Humanities & Arts (HArts) Academy of Los Angeles** - Out of the 1,273 days of attendance and 95 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Orthopaedic Hospital Senior High Medical Magnet** - Out of the 1,046 days of attendance and 56 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Oxnard Street Elementary** – Out of the 818 days of attendance and 97 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Panorama City Elementary** – Out of the 1,265 days of attendance and 46 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **RFK Comm Schls - New Open World Academy K-12** - Out of the 2,361 days of attendance and 147 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Rowan Avenue Elementary** - Out of the 591 days of attendance and 36 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Samuel Gompers MS University Pathways Medical Magnet Academy** - Out of the 910 days of attendance and 105 days of absences sampled, we noted the following exceptions:
  - Eight (8) students were absent for a total of thirteen (13) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Sharp Avenue Elementary** - Out of the 1,035 days of attendance and 105 days of absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.
  - We identified two (2) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Sierra Park Elementary** - Out of the 1,181 days of attendance and 138 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Sylvan Park Elementary** - Out of the 864 days of attendance and 90 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Theodore Roosevelt Senior High** - Out of the 1,208 days of attendance and 124 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Thomas Bradley Global Awareness Magnet** - Out of the 1,014 days of attendance and 83 days of absences sampled, we noted the following exceptions:
  - We identified two (2) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

- **Toland Way Elementary** - Out of the 700 days of attendance and 98 days of absences sampled, we noted the following exceptions:
  - One(1) student was absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.
  - One (1) student was absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Virgil Middle School** - Out of the 623 days of attendance and 54 days of absences sampled, we noted the following exceptions:
  - Three (3) students were absent for a total of three (3) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Walnut Park Middle School - Sci Tech Eng and Math Academy** - Out of the 1,359 days of attendance and 79 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Wilmington Middle School STEAM Magnet** - Out of the 1,339 days of attendance and 86 days of absences sampled, we noted the following exception:
  - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Young Empowered Scholars Academy** - Out of the 796 days of attendance and 116 days of absences sampled, we noted the following exceptions:
  - Five (5) students were absent for a total of six (6) days, as evidenced by an absence note, but were recorded as present in the SMASR.
  - We identified two (2) teachers for which the school was unable to provide absence notes. As such, we were unable to perform procedures over the absence notes and unable to determine the existence of questioned costs.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-001), but for different schools.

Questioned Costs

- Grades TK/K-3: 33 days/142 days = 0.23 ADA overstated * $15,008.62 = $3,451.98
- Grades 4 to 6: 26 days/142 days = 0.18 ADA overstated * $13,799.82 = $2,483.97
- Grades 7 to 8: 12 days/142 days = 0.08 ADA overstated * $14,208.23 = $1,136.66
- Grades 9 to 12: 35 days/142 days = 0.25 ADA overstated * $16,894.46 = $4,223.62

Recommendation

We recommend that the District and the schools continue to strengthen their controls over implementing attendance policies over student attendance reporting by ensuring schools maintain adequate support for reported absences, accurately report student absences in the SMASR, and retain supporting documentation for instances in which students arrive to school late or leave early. Additionally, we recommend that the District strengthen its controls over properly retaining attendance-supporting documentation at school sites. Finally, we recommend that the District continue to support the schools by providing adequate training in attendance reporting so that proper attendance reporting procedures are adhered to and that the District maintains documentation reflecting that each of the schools identified above has been successfully trained.

Views of Responsible Officials, Planned Corrective Action, and Contact Information

To improve accurate attendance reporting and alignment with SMASR, Pupil Services will implement the following actions:

1. **Automated Reminders in MiSiS or Other LAUSD System**: Pupil Services will consult with the MiSiS team to explore the possibility of setting up automated reminders in MiSiS. These reminders will prompt designated school staff to review and correct attendance data in the SMASR before the end of each month. Pupil Services will define the specific user roles that will receive the reminders, the frequency of the notifications, and the duration by January 2025.

2. **Self-Audit Tool for Schools**: Pupil Services will develop a self-audit tool to assist schools in reviewing their attendance data monthly. This tool will focus on common errors identified in past audit findings. This tool will be available to all LAUSD staff via the Pupil Services SharePoint by January 2025.

3. **Virtual Drop-In Sessions with Office of Organizational Excellence**: Pupil Services in collaboration with Office of Organizational Excellence participate in virtual drop-in sessions twice a year, where school staff can ask questions about common audit findings and review SMASR-related issues beginning in **October 2024.**

4. **Guidance on Attendance Data Review:** Pupil Services will develop training material including SMASR and additional MiSiS reports to support accurate attendance taking procedures. Pupil Services will continue to support the schools by providing adequate training in attendance reporting so that proper attendance reporting procedures are adhered to. The training titled "Tools to Support Accurate Attendance & Withdrawal Procedures" will include SMASR and additional MiSiS reports to support accurate attendance taking procedures and will be available to all school staff by March 2025. Pupil Services will be trained during the second semester of 2024-25 school year. Pupil Services will maintain documentation reflecting that each of the schools identified above has been successfully trained.

5. **SMASR Timeline Reminders:** Pupil Services will develop a school year timeline with monthly dates for school staff to review attendance data reflected on the SMASR and assist with correcting attendance discrepancies. PSA will include the SMASR MiSiS job aide to support this process. Reminders will be posted on Schoology to remind staff about the timeline and tools by January 2025.

These steps will strengthen the ability to maintain accurate attendance data and ensure compliance with SMASR reporting.

S-2024-002 – Teacher Certification and Misassignments

State Audit Guide Finding Codes: 40000 and 71000

Schools Affected

- 92nd Street Elementary
- Century Park Elementary
- Elizabeth Learning Center
- Henry T Gage Middle School
- International Studies Learning Center
- John Marshall Senior High
- Legacy Senior High Sci Tech Engineering Arts Math
- Linda Esperanza Marquez Senior High HPIAM
- Mark Twain Middle School
- Maywood Center for Enriched Studies (MaCES) Magnet
- Narbonne SH-Humanities & Arts (HArts) Academy of Los Angeles
- Oliver Wendell Holmes Middle School
- Orville Wright Engineering and Design Magnet
- Wilmington Middle School STEAM Magnet
- Young Empowered Scholars Academy

Criteria

California Education Code, Section 44203(a) - "Authorization" means the designation that appears on a credential, certificate, or permit that identifies the subjects and circumstances in which the holder of the credential, certificate, or permit may teach, or the services which the holder may render in the public schools of this state.

Section 44256 - Authorization for teaching credentials shall be of four basic kinds, as defined below:

(a) "Single subject instruction" means the practice of assignment of teachers and students to specified subject matter courses, as is commonly practiced in California high schools and most California junior high schools. The holder of a single subject teaching credential or a standard secondary credential or a special secondary teaching credential, as defined in this subdivision, who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 7 to 12, inclusive, other than the subject for which he or she is already certificated to teach, shall be eligible to have this subject appear on the credential as an authorization to teach this subject. The commission, by regulation, may require that evidence of additional competence is a condition for instruction in particular subjects, including, but not limited to, world languages. The commission may establish and implement alternative requirements for additional authorizations to the single subject credential on the basis of specialized needs. For purposes of this subdivision, a special secondary teaching credential means a special secondary teaching credential issued on the basis of at least a baccalaureate degree, a student teaching requirement, and 24 semester units of coursework in the subject specialty of the credential.

(b) "Multiple subject instruction" means the practice of assignment of teachers and students for multiple subject matter instruction, as is commonly practiced in California elementary schools and as is commonly practiced in early childhood education. The holder of a multiple subject teaching credential or a standard elementary credential who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 9 and below shall be eligible to have that subject appear on the credential as authorization to teach the subject in departmentalized classes in grades 9 and below. The governing board of a school district by resolution may authorize the holder of a multiple subject teaching credential or a standard elementary credential to teach any subject in departmentalized classes to a given class or group of pupils below grade 9, provided that the teacher has completed at least 12 semester units, or six upper division or graduate units, of coursework at an accredited institution in each subject to be taught. The authorization shall be with the teacher's consent. However, the commission, by regulation, may provide that evidence of additional competence is necessary for instruction in particular subjects, including, but not limited to, world languages. The commission may establish and implement alternative requirements for additional authorizations to the multiple subject credential on the basis of specialized needs.

(c) "Specialist instruction" means any specialty requiring advanced preparation or special competence, including, but not limited to, reading specialist, mathematics specialist, specialist in special education, or early childhood education, and such other specialties as the commission may determine.

(d) "Designated subjects" means the practice of assignment of teachers and students to designated technical, trade, or career technical courses which courses may be part of a program of trade, technical, or career technical education.

Condition, Cause and Effect

During our procedures performed for each class sampled for attendance testing of regular and special day classes, and adult education, we reviewed the classroom teacher's credentials to determine if they possessed valid credentials, if their assigned teaching position was consistent with the authorization of their certification, and if the teachers held a valid English instruction certification in instances when the teacher taught a class in which more than 20% of the pupils were English learners.

We tested a total of 418 K-12 teachers and noted seventeen (17) teachers who were assigned to teach in a position not consistent with the authorization of his/her certification or outside of the time period permitted by their credential, due to an appropriately authorized teacher not being available to cover in the position:

- **92nd Street Elementary** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification.

- **Century Park Elementary** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification.

- **Elizabeth Learning Center** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification.

- **Henry T Gage Middle School** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **International Studies Learning Center** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification.

- **John Marshall Senior High** – Two (2) teachers were assigned to teach in a position not consistent with the authorization of their certifications due to having a late consent form on file.

- **Legacy Senior High Sci Tech Engineering Arts Math** – Two (2) teachers were assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Linda Esperanza Marquez Senior High HPIAM** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Mark Twain Middle School** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Maywood Center for Enriched Studies (MaCES) Magnet** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Narbonne SH-Humanities & Arts (HArts) Academy of Los Angeles** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification.

- **Oliver Wendell Holmes Middle School** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Orville Wright Engineering and Design Magnet** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Wilmington Middle School STEAM Magnet** – One (1) teacher was assigned to teach in a position not consistent with the authorization of his/her certification due to having a late consent form on file.

- **Young Empowered Scholars Academy** – One (1) substitute teacher was assigned to teach in a position beyond the time period permitted within their substitute teacher credential. The teacher maintained a valid 30-Day Substitute Teaching Permit for the time period of July 1, 2023, through June 30, 2024. As the teacher maintained a valid and active teaching permit, this is considered a misassignment.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-002) but for different schools and teachers.

Questioned Costs

Not Applicable.

Recommendation

We recommend that the District continue to monitor and strengthen internal controls to ensure teachers are appropriately assigned to teach in a position authorized by their certifications, have a consent form on file when necessary, and substitute teachers are properly assigned to teach in a position within the time period permitted by their credential. We also recommend that the schools and the District remediate the misassignments identified above.

Views of Responsible Official, Planned Corrective Action, and Contact Information

Human Resources (HR) continues efforts to ensure every student is taught by an appropriately authorized teacher by providing professional development to certificated staff overseeing the master schedule. For the seventeen currently identified misassignments, HR will remediate the misassignments identified above. This will be done by either: a) ensuring the misassigned teachers become appropriately authorized; or b) ensuring the teachers do not continue teaching in a position for which they are not appropriately authorized. HR will continue to leverage the Staff Relations Update to provide monthly reminders to principals about ensuring they are assigning appropriately and submitting local assignment option forms. To address late forms, HR will send a list of candidates who utilized local assignment options during the current academic year by May 2025. This will assist/remind principals to submit local assignment forms for the upcoming academic year in a timely manner. In addition, four directors will be overseeing the assignment monitoring process instead of one certificated administrator to improve compliance.

The Substitute Unit will continue its messaging campaign to notify substitute teachers and school administrators of State limits. Warnings will be issued, and unauthorized substitute teachers will be removed from assignments. School sites will be provided with a substitute calculator to assist in calculating the date by which a teacher must be removed from an assignment.

S-2024-003 – Kindergarten Continuance

State Audit Guide Finding Codes: 40000

Schools Affected

- Germain Academy for Academic Achievement
- Haskell Elementary STEAM Magnet
- Hope Street Elementary
- Lankershim Elementary
- Riverside Drive Charter School
- Topanga Elementary Charter School
- Valerio Street Elementary
- Young Empowered Scholars Academy

Criteria

California Education Code, Section 46300 - In computing the average daily attendance of a school district, there shall be included the attendance of pupils in kindergarten after they have completed one school year in kindergarten only if the school district has on file for each of those pupils an agreement made pursuant to Section 48011, approved in form and content by the State Department of Education and signed by the pupil's parent or guardian, that the pupil shall be retained in kindergarten for not more than an additional school year.

Condition, Cause and Effect

Using a total of 106 schools offering Kindergarten from the schools sampled for attendance reporting, we selected students enrolled in kindergarten for school year 2023-24 and kindergarten in school year 2022-23 and verified that a signed kindergarten continuance parental agreement (agreement) was maintained. We noted the following exceptions due to school oversight.

- **Germain Academy for Academic Achievement** – A signed Agreement, approved in form and content by the CDE, was not on file before the start of the school year for one (1) student.

- **Haskell Elementary STEAM Magnet** – A signed agreement, approved in form and content by the CDE, was signed after the start of the school year or after the student began their second year of kindergarten for one (1) student.

- **Hope Street Elementary** – A signed Agreement, approved in form and content by the CDE, was not on file before the start of the school year for one (1) student.

- **Lankershim Elementary** – A signed Agreement, approved in form and content by the CDE, was not on file before the start of the school year for one (1) student.

- **Riverside Drive Charter School** – A signed Agreement, approved in form and content by the CDE, was not on file before the start of the school year for one (1) student.

- **Topanga Elementary Charter School** – A signed agreement, approved in form and content by the CDE, was signed after the start of the school year or after the student began their second year of kindergarten for one (1) student.

- **Valerio Street Elementary** – A signed Agreement, approved in form and content by the CDE, was not on file before the start of the school year for one (1) student.

- **Young Empowered Scholars Academy** – A signed Agreement, approved in form and content by the CDE, was not on file before the start of the school year for one (1) student.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-003), but for different schools.

Questioned Costs

- Grades K-3 – 773 days / 182 days = 4.25 ADA overstated * $15,008.62 = $63,786.64

  - Germain Academy for Academic Achievement
    - 144 days overstated / 182 days in single track school year
  - Haskell Elementary STEAM Magnet
    - 4 days overstated / 182 days in single track school year
  - Hope Street Elementary
    - 162 days overstated / 182 days in single track school year
  - Lankershim Elementary
    - 157 days overstated / 182 days in single track school year
  - Valerio Street Elementary
    - 160 days overstated / 182 days in single track school year
  - Young Empowered Scholars Academy
    - 146 days overstated / 182 days in single track school year

Charter Schools

- Riverside Drive Charter School
- Grades K-3: 166 days/182 days in single track school year
  - Grades K-3: 166 days/182 = 0.91ADA overstated * $11,900.89 = $10,829.81

- Topanga Elementary Charter School
- Grades K-3: 4 days/182 days in single track school year
  - Grades K-3: 4 days/182 = 0.02 ADA overstated * $11,405.90 = $228.12

Recommendation

We recommend that schools offering Kindergarten understand and adhere to the District's policy by retaining evidence of the signed and dated parental agreement for continuance forms, approved in form and content by the CDE, for all students repeating kindergarten prior to the start of the school year to support the inclusion of such pupils in the average daily attendance computation. The District should continue to communicate and train all schools on the District's Kindergarten Continuance policy.

We also recommend that the District obtain a written acknowledgment from the schools identified above that they have been provided with the most updated District policy on Kindergarten Continuance and have implemented a system of tracking students who continue in Kindergarten. The District should also continue ensuring that schools are notified in circumstances where a pupil is transferred after attending Kindergarten with another school.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

To ensure compliance with Kindergarten Continuance requirements, the following actions will be taken during the 2024-2025 school year.

- Highlight the Elevate Report Findings for Regional Administrators of Instruction monthly starting in Winter 2024.
- Reach out to individual schools that are missing Kindergarten Continuance forms to provide guidance and assistance. Document communication started in November 2024.
- Provide training resources on the Kindergarten Continuance process and guidelines to Region Operations coordinators to support school sites by Spring 2025.
- Continue to review the Kindergarten Continuance policy throughout the school year in the Weekly Instructional News, at principal organization meetings, etc. beginning in November 2024.
- Continue to secure a signed copy of the Kindergarten Audit Principal Certification and Acknowledgement form.

S-2024-004 Independent Study – Attendance Computations

State Program: Attendance Accounting: Attendance Reporting

State Audit Guide Finding Codes: 10000 and 40000

Schools Affected

- Franklin Avenue Elementary
- Virtual Academy Arts & Entertainment
- Virtual Academy STEAM

Criteria

California Education Code, Section 51747.5 (b) – A local educational agency may claim apportionment credit for independent study only to the extent of the time value of pupil work products, as personally judged in each instance by a certificated teacher employed by the local educational agency, or the combined time value of pupil work product and pupil participation in synchronous instruction. It is the intent of the Legislature that teachers be given access to digital assignment tracking systems to reduce workload associated with evaluating and accounting for pupil work and synchronous instruction participation.

California Education Code, Section 51747 (6) - A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.

Condition, Cause and Effect

In our sample of three (3) schools with independent study programs, we noted the following, resulting due to attendance reporting issues where IS Supervising Designees reported attendance for students in MISIS without confirming the enrollment date of the student as determined by the signature dates on the Master Agreement:

- **Franklin Avenue Elementary**

  - Teacher Evaluations were not maintained on record for fourteen (14) students. The students were marked present for 126 days.

- **Virtual Academy Arts and Entertainment**

  - Parent signatures of the master agreements for two (2) students were not on file before the first day of instruction. The students were marked present for 174 days.
  - The school did not maintain work products for three (3) students. The students were marked present for 7 days.

- **Virtual Academy STEAM**

    - Parent signatures of the master agreements for two (2) students were not on file before the first day of instruction. The students were marked present for 364 days.
    - Student signatures of the master agreement for one (1) student was not on file before the first day of instruction. The student was marked present for 83 days.
    - The Daily Participation Report was incomplete for 21 students. The students were marked present for 87 days.
    - The school did not maintain work products for ten (10) students. The students were marked present for 131 days.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-004), but for different schools.

Questioned Costs

- Grades TK/K-3: 144 days/142 days = 1.01 ADA overstated * $15,008.62 = $15,158.71
- Grades TK/K-3: 621 days/182 days = 3.41 ADA overstated * $15,008.62 = $51,179.39
- Grades 4 to 6: 63 days/142 days = 0.44 ADA overstated * $13,799.82 = $6,071.92
- Grades 7 to 8: 135 days/142 days = 0.95 ADA overstated * $14,208.23 = $13,497.82
- Grades 9 to 12: 9 days/142 days = 0.06 ADA overstated * $16,894.46 = $1,013.67

- Franklin Avenue Elementary
    - Grades TK/K-3: 63 days/142 days in single track school year
    - Grades 4 to 6: 63 days/142 days in single track school year
- Virtual Academy Arts & Entertainment
    - Grades TK/K-3: 3 days/142 days in single track school year
    - Grades TK/K-3: 174 days/182 days in single track school year
    - Grades 7 to 8: 4 days/142 days in single track school year
- Virtual Academy STEAM
    - Grades TK/K-3: 78 days/142 days in single track school year
    - Grades TK/K-3: 447 days/182 days in single track school year
    - Grades 7 to 8: 131 days/142 days in single track school year
    - Grades 9 to 12: 9 days/142 days in single track school year

Recommendation

We recommend that the District strengthen its review process over independent study to ensure that all elements of the master agreements are complete and that all records of attendance contain readily available corresponding pupil work products, teacher evaluations, and daily participation reports. We also recommend that the district provide proper training to ensure attendance is reported accurately and policies are adhered to.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

Virtual Academy Schools

This is to acknowledge the importance of ensuring that the long-term independent study enrollment process includes ensuring the master agreement document is signed before enrollment, and all records of attendance accurately reflect the attendance codes that is reported in MISIS.

Planned corrective actions are as follows:

1. Review findings and corrective actions with administrators from each of the six Virtual Academies in the long-term Independent Study Program.
2. Provide training to review enrollment process at each of the Virtual Academies to include the master agreement being signed by all parties, parent, student, and teacher before the student is enrolled and attendance is reported into the school.
3. Provide training for teachers of all six virtual academies on recording attendance in MSIS according to the attendance days earned on the corresponding records of assignments and student work samples.
4. Provide training for teachers on submitting and maintaining student daily participation records in MISIS for all days the student is enrolled in the long-term independent study Virtual Academy program.

The implementation target date for the above corrective action plan is November 30, 2024.

Name: Connie L. Brandstetter
Title: Administrator of Instruction, Office of Virtual Academy and Educational Option Schools
Telephone: (213) 241-1933

Short Term Independent Study Program

Planned corrective actions are as follows:

1. District will provide training for all Principals and School Administrative Assistants (SAAs) on BUL-6779.5, Guideline for Independent Study Programs, to ensure proper implementation of Independent Study programs. Trainings will be provided via Community of Schools and separated between Elementary and Secondary schools by July 2025.
2. District will provide clinics and drop-in sessions in both the Fall and Spring semesters for teachers and school staff on the General Procedures for all Independent Study Programs to ensure that Independent Study is implemented correctly.

S-2024-005 – Classroom Teacher Salaries

State Audit Guide Finding Codes: 61000

Criteria

California Education Code, Section 41372 -

(a) "Salaries of classroom teachers" and "teacher" shall have the same meanings as prescribed by Section 41011 provided, however, that the cost of all health and welfare benefits provided to the teachers by the school district shall be included within the meaning of salaries of classroom teachers.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a school district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 42127 for certificated salaries other than certificated salaries for pupil transportation, food services, and community services; classified salaries other than classified salaries for pupil transportation, food services, and community services; employee benefits other than employee benefits for pupil transportation personnel, food services personnel, and community services personnel; books, supplies, and equipment replacement other than for pupil transportation and food services; and community services, contracted services, and other operating expenses other than for pupil transportation, food services, and community services. "Current expense of education," for purposes of this section shall not include those expenditures classified as sites, buildings, books, and media and new equipment (object of expenditure 6000 of the California School Accounting Manual), the amount expended from categorical aid received from the federal or state government which funds were granted for expenditures in a program not incurring any teacher salary expenditures or requiring disbursement of the funds without regard to the requirements of this section, or expenditures for facility acquisition and construction; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of this act of Congress.

There shall be expended during each fiscal year for payment of salaries of classroom teachers:

(1) By an elementary school district, 60 percent of the district's current expense of education.
(2) By a high school district, 50 percent of the district's current expense of education.
(3) By a unified school district, 55 percent of the district's current expense of education.

Condition, Cause and Effect

We obtained the District's general ledger (ledger) of expenditures and reconciled the ledger to the District's Audited Financial Statements as of June 30, 2024, which accounts for all applicable audit adjustments.

We utilized the ledger to calculate the elements of the current expense formula, which amounted to $9,645,023,186.94.

We then utilized the ledger to calculate the elements of the minimum classroom compensation, which amounted to $4,540,426,711.51.

Based on the information derived above, we determined that the District's percent of current cost of education expended for classroom compensation to be 47.08%, which falls short of the 55.00% minimum percent required for unified school districts.

This leads to a deficiency percentage of 7.92% and a deficiency amount of $763,885,836.41. These calculations are illustrated below:

Total teacher salaries and benefits	$ 4,540,426,711.51	*(a)*
Current expense	$ 9,645,023,186.94	*(b)*
Percentage spent by the District	47.08%	*(c) = (a) / (b)*
Minimum percentage required	55.00%	*(d)*
Percentage below the minimum	7.92%	*(e) = (d) - (c)*
Deficiency Amount	$ 763,885,836.41	*(f) = (e) * (b)*

This is a repeat finding, having been reported previously at June 30, 2023 (S-2023-006).

Questioned Costs

Deficiency amount - $763,885,836.41.

Recommendation

We recommend that the District put mechanisms in place to track their percentage of teacher salaries and benefits to total expenses throughout the year in order to monitor compliance with the classroom teacher salary requirements.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

The District continuously spent significant amount of dollars on classroom teacher salaries, benefits, and other expenditures necessary to address learning gaps using one-time COVID funding dollars. Given how the formula works, if the District can exclude all covid related spending in the calculation of the Current Expense but take credit in the numerator for classroom teacher salaries and benefits funded by COVID funding resource, the District would be able to meet the requirement because in substance, the District did spend a substantial amount on classroom teacher salaries and benefits.

The District shall engage with the Los Angeles County office of Education (LACOE) to seek a waiver request again for this year as per Education Code Section 41372. The District will initiate this process upon receiving a letter from LACOE requiring corrective action, which is expected to be released in May 2025. The District anticipate to submit the waiver in September 2025.

Name: Bryant Gonzalez
Title: Deputy Controller

S-2024-006 – Proposition 28 Arts And Music in Schools

State Audit Guide Finding Codes: 40000

Criteria

California Education Code, Section 8821(a) - "Arts education program" includes, but is not limited to, instruction and training, supplies, materials, and arts educational partnership programs, for instruction in: dance, media arts, music, theatre, and visual arts, including folk art, painting, sculpture, photography, and craft arts, creative expressions, including graphic arts and design, computer coding, animation, music composition and ensembles, and script writing, costume design, film, and video.

Condition, Cause and Effect

In our sample of fifty-seven (57) Proposition 28 payroll expenditures (Resource 6770), we verified whether the employees' time pertained to services was allowable under Education Code section 8821(a).

We noted the following findings:

- Five (5) employees had a total of 3,738.71 hours charged in excess to the Proposition 28 Arts and Music in School fund in which the District could not provide supporting documentation reflecting the employees' work was related to the Proposition 28 Arts and Music program. This was due to misunderstandings by select site administrators on the Proposition 28 program goals and allowable expenditures.

- Two (2) employees had a total of 24 hours charged in excess to the Proposition 28 Arts and Music in School fund in which the employee did not perform work related to Proposition 28 Arts and Music program. Although the District properly reviewed the employees' timecard for the pay period and posted the necessary adjustments to account for time worked on other tasks, they erroneously did not adjust 24 hours out of Prop 28 fund. Upon our identification of the sampled employees, the District identified the above errors and corrected the Proposition 28 fund by transferring out the costs associated with the 24 hours. As the District corrected the error before closing its June 30, 2024, financial statements, no questioned costs are to be assessed. As such, the above finding has been resolved.

Questioned Costs

Unallowable amount - $213,458.84.

Recommendation

We recommend that the District strengthen its monitoring and review controls over expenditure charges to the Proposition 28 Arts and Music in School fund to ensure that all costs are associated with allowable services and that all necessary adjustments are made timely.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

The District acknowledges the recommendation to enhance its monitoring and review processes for expenditure charges to the Proposition 28 Arts and Music in Schools Fund.

In response, the District will implement the following steps:

- Moving forward, we will provide clear guidance of Proposition 28 via the Arts Funding communication toolkit to all district administrators.
- We will compose and distribute an Inter-office Correspondence memo to all District principals, Regional Directors, and Central office administrators about Proposition 28 funding. IOC will contain a program overview, links to CDE resources, and Prop 28 plan requirements.
- We will share FY 2023-24 audit findings with District leaders.

The target date for implementation of the corrective action plan is by Spring 2025.

By taking these actions, the District is committed to improving oversight and ensuring the appropriate use of Proposition 28 funds.

- Woodland Hills Academy

Criteria

California Education Code 8483(a) – (1) Every after school component of a program established pursuant to this article shall commence immediately upon the conclusion of the regular school day and operate a minimum of 15 hours per week at least until 6:00 p.m. on every regular school day. Every after school component of the program shall establish a policy regarding reasonable early daily release of pupils from the program. For those programs or school sites operating in a community where early release policy does not meet the unique needs of that community or school, or both, documented evidence may be submitted to the department for an exception and a request for approval of an alternative plan.

(2) It is the intent of the Legislature that elementary school and middle school or junior high school pupils participate in the full day of the program every day during which pupils participate, except as allowed by the early release policy pursuant to subparagraph (B) of paragraph (1) of this section or paragraph (2) of subdivision (f) of Section 8483.76.

California Education Code 8483.1 (a) – (1) Every before school program component established pursuant to this article shall in no instance operate for less than one and one-half hours per regular school day. Every program shall establish a policy regarding reasonable late daily arrival of pupils to the program.

(2) (A) It is the intent of the Legislature that elementary school and middle school or junior high school pupils participate in the full day of the program every day during which pupils participate, except when arriving late in accordance with the late arrival policy described in paragraph (1) or as reasonably necessary.

(2) (B) A pupil who attends less than one-half of the daily program hours shall not be accounted for the purposes of the attendance.

California Education Code 8482 – The purpose of this program is to create incentives for establishing locally driven before and after school enrichment programs both during schooldays and summer, intersession, or vacation days that partner public schools and communities to provide academic and literacy support and safe, constructive alternatives for youth. The term public school includes charter schools.

Condition, Cause and Effect

On a sample basis, we tested attendance documentation of 62 schools and 2,548 days of attendance for students who participated in the After/Before School Education and Safety Program. We examined the attendance records for the selected students and verified whether the attendance reporting was complete and accurate. We also verified whether the selected students complied with the attendance requirements established by the District, as required by the California Education Code. We noted the following exceptions due to these programs experiencing a high turnover rate of approximately 35-40% per year, creating a challenge to maintain fully trained staff.

After School Component of the Program

On a sample basis, we tested the attendance documentation of 37 schools and 2,054 days of attendance in the after school component of the After School Education and Safety Program.

There were 327 students in 34 schools that did not comply with the established early release policy due to school oversight. As a result, the following schools had students that did not participate in the full day of the after school program on every day during which pupils participated.

- **4th Street Primary Center** – 2 students did not participate in the full period of the after school program for a total of 10 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **59th Street Elementary** – 2 students did not participate in the full period of the after school program for a total of 7 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Beethoven Street Elementary** – 2 students did not participate in the full period of the after school program for a total of 3 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Benjamin Franklin High School** – 31 students did not participate in the full period of the after school program for a total of 56 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Breed Street Elementary** – 4 students did not participate in the full period of the after school program for a total of 4 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Brentwood Elementary Science Magnet** – 5 students did not participate in the full period of the after school program for a total of 17 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Broadway Elementary** – 12 students did not participate in the full period of the after school program for a total of 43 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Carmen Lomas Garza Primary Center -** 2 students did not participate in the full period of the after school program for a total of 6 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Carthay Elementary of Environmental Studies Magnet –** 8 students did not participate in the full period of the after school program for a total of 27 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Charnock Road Elementary -** 3 students did not participate in the full period of the after school program for a total of 14 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Dr James Edward Jones Primary Center -** 1 student did not participate in the full period of the after school program for a total of 2 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **El Sereno Middle School** – 1 student did not participate in the full period of the after school program for a total of 2 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.

- **Emelita Street Elementary** – 3 students did not participate in the full period of the after school program for a total of 6 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Eshelman Avenue Elementary** – 1 student did not participate in the full period of the after school program for a total of 1 day that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Gardner Street Elementary** – 10 students did not participate in the full period of the after school program for a total of 41 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Humphreys Avenue Elementary** – 1 student did not participate in the full period of the after school program for a total of 1 day that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **John W Mack Elementary** – 1 student did not participate in the full period of the after school program for a total of 1 day that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with
- **Kester Avenue Elementary** – 10 students did not participate in the full period of the after school program for a total of 27 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Knollwood Preparatory Academy** – 1 student did not participate in the full period of the after school program for a total of 1 day that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Leland Street Elementary** – 1 student did not participate in the full period of the after school program for a total of 1 day that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Loyola Village Elementary Fine/Performing Arts Magnet** – 5 students did not participate in the full period of the after school program for a total of 17 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **MacArthur Park Elementary Visual and Performing Arts** – 2 students did not participate in the full period of the after school program for a total of 2 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Melrose Avenue Elementary Math/Science/Technology Magnet** – 9 students did not participate in the full period of the after school program for a total of 39 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Nora Sterry Elementary** – 3 students did not participate in the full period of the after school program for a total of 13 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Northridge Middle School** – 2 students did not participate in the full period of the after school program for a total of 2 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Parthenia Academy of Arts and Technology** – 6 students did not participate in the full period of the after school program for a total of 18 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **RFK Comm Schls - UCLA Community School K-12** – 65 students did not participate in the full period of the after school program for a total of 137 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.

- **Richard E Byrd Middle School** – 3 students did not participate in the full period of the after school program for a total of 3 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Richland Avenue Elementary** – 4 students did not participate in the full period of the after school program for a total of 15 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Robert F Kennedy Elementary** – 1 student did not participate in the full period of the after school program for a total of 2 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Soto Street Elementary** – 2 students did not participate in the full period of the after school program for a total of 6 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Virgil Middle School** – 25 students did not participate in the full period of the after school program for a total of 30 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.
- **Woodland Hills Academy** – 1 student did not participate in the full period of the after school program for a total of 3 days that they participated and there were no properly filled out early release forms to explain why such requirements were not complied with.We obtained the ASES Attendance Reports, which the District uses to report attendance, and compared the total attendance reported in the Monthly Attendance Report (MAR) to the Beyond the Bell Report (BTB) and to the Period 1 Assist Summary reported to CDE on a sampled basis for the schools for a sampled month during the school year 2023-2024. Additionally, we tested the completeness and accuracy of the reports by selecting a sample of students and tracing the same students to attendance records and vice versa. We noted the following exceptions, resulting from school oversight.
- **El Sereno Middle School -** Lack of supporting information (i.e., sign-in time, sign-out time) of 1 student to produce the attendance records for a total of 1 day but marked present on the MAR.
- **Humphreys Avenue Elementary -** Lack of supporting information (i.e., sign-in time, sign-out time) of 1 student to produce the attendance records for a total of 1 day but marked present on the MAR.
- **Northridge Middle School -** Lack of supporting information (i.e., sign-in time, sign-out time) of 1 student to produce the attendance records for a total of 1 day but marked present on the MAR.
- **RFK Comm Schls - UCLA Community School K-12 -** Lack of supporting information (i.e., sign-in time, sign-out time) of 1 student to produce the attendance records for a total of 4 days but marked present on the MAR.
- **Richland Avenue Elementary -** Lack of supporting information (i.e., sign-in time, sign-out time) of 1 student to produce the attendance records for a total of 1 day but marked present on the MAR.
- **Walgrove Avenue Elementary –** Lack of supporting information (i.e., sign-in time, sign-out time) of 95 students to produce the attendance records for a total of 995 days but marked present on the MAR.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-007) but for different schools.

Questioned Costs

As a result of our testing, the over and under reporting of attendance were summarized in the Condition, Cause and Effect section above. The California Department of Education will determine the impact of the above exceptions on the After School Education and Safety Program funding, if there is any.

Recommendation

We recommend that the District strengthen its procedures on attendance documentation for the After School Education and Safety program. The District should ensure that the agencies performing the services for these programs are aware of the District's policies, specifically on maintaining accurate attendance records and retain supporting documentation for instances in which students arrive to the programs late or leave early.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

Beyond The Bell Branch will implement the following to ensure we are providing training on attendance and daily late arrival/early release reporting to ensure accurate documentation of reported attendance figures and late arrival/early release. Additionally, Beyond the Bell will implement mandatory quarterly trainings for agency contractors and program personnel to address attendance documentation and reporting of late arrival/early release of pupils. Furthermore, Beyond the Bell Branch will continue performing agency site visits to ensure compliance with the established attendance reporting policies.

The following is a schedule of trainings to ensure we strengthen our policies and procedures on attendance reporting and the documentation of early release/late arrival policies:

1. Agency contractors and program personnel at schools identified in Audit Finding S-2024-007 will attend a training scheduled in January 2025. The training will address the District's policy on documenting and maintaining accurate attendance and early release/late arrival records.
2. Agency contractors and program personnel providing services at all District sites will attend a training scheduled in February 2025. The training will address the District's policy on documenting and maintaining accurate attendance and early release/late arrival records.
3. New and returning agency contractors and program personnel providing services at all District sites will attend mandatory quarterly trainings scheduled throughout the 2024 – 2025 school year. The training will address the District's policy on documenting and maintaining accurate attendance and early release/late arrival records.
4. Beyond the Bell Branch administrators and Traveling Program Supervisors (TPS) monitoring agency contractors and program personnel will attend a training scheduled in March 2025. The training will address the TPS's responsibility when monitoring agencies to ensure they follow the District's established policies and procedures on attendance reporting and the documentation of early release/late arrival policies.
5. Beyond the Bell Branch administrators and Traveling Program Supervisors will conduct random reviews/audits of monthly attendance reports throughout the year to examine agency procedures related to attendance and documentation of early release/late arrival policies.
6. Beyond the Bell Branch leadership will monitor the implementation and outcomes of the random reviews/audits of monthly attendance reports. The findings will be shared with each agency during their respective "Annual Performance Reviews."

The expected outcome of these trainings and monitoring of program implementation is to ensure we reduce or eliminate these types of findings in the future.

Name: Jose Carrillo
Title: Field Coordinator, Beyond the Bell
Telephone: (213) 241-7900

S-2024-008 – Unduplicated Local Control Funding Formula Pupil Counts

State Program: Unduplicated Local Control Funding Formula Pupil Counts

State Audit Guide Finding Code: 40000

Schools Affected

- Grape Street Elementary
- Halldale Elementary
- Joseph Pomeroy Widney Career Preparatory & Transition Center
- King-Drew Senior High Medicine and Science Magnet
- Los Feliz Science/Tech/Engineer/Math/Medicine Magnet
- Mar Vista Elementary
- Ramon C Cortines School of Visual & Performing Arts
- Palisades Charter Elementary (Dependent Charter)

Criteria

California Education Code, Section 2574(b)(3)(A): In determining the enrollment percentage of unduplicated pupils, under procedures and timeframes established by the Superintendent, commencing with the 2013-14 fiscal year, a county superintendent of schools annually shall report the enrollment of unduplicated pupils, pupils classified as English learners, pupils eligible for free and reduced-price meals, and foster youth in schools operated by the county superintendent of schools to the Superintendent using the California Longitudinal Pupil Achievement Data System (CALPADS).

(B): The Superintendent shall make the calculations pursuant to this section using the data submitted through the CALPADS.

Condition, Cause, and Effect

On a sample basis, we tested the Free or Reduced Price Meal (FRPM) and English Learner (EL) eligibility of 2,741 students from 147 schools from the "1.18 – FRPM / English Learner / Foster Youth – Student List" reported in the CALPADS. We examined supporting documentation for the selected students and verified their respective eligibility.

Of the 2,741 students tested, 1,471 students were selected for verification of their Free and Reduced Price Meal (FRPM) eligibility as "181 - Free" or "182 - Reduced", 484 students were selected for verification of their English Learner "EL", and 786 students were selected for verification of either FRPM or EL eligibility in accordance with the audit guide.

- Based on our testing, we noted that seven (7) students from the District's schools, and one (1) student from the District's Dependent Charter Schools were reported as Free or Reduced or English Learner eligible but were unsupported. This was due to the District's interpretation of California Department of Education's (CDE) business rules related to the collection of household income forms for new students whose forms are collected after November 30th for FRPM students. Some EL students were not administered the Summative English Language Proficiency Assessments for California (ELPAC) and/or their grade level skills assessment due to chronic absenteeism/illness during the year under review.
- Some EL students were not administered the Summative English Language Proficiency Assessments for California (ELPAC) and/or their grade level skills assessment due to chronic absenteeism/illness during the year under review.
- The process to identify and match siblings might have incorrectly matched some students. Some "Decline to Complete" responses to were reported as $0 income.

The exceptions noted were extrapolated to the FRPM and EL population of the District Schools and Dependent Charter Schools in question based on the error rate of the samples selected. The following is the extrapolated impact on the District Schools' and Dependent Charter Schools' UPC and UPP:

School	* Total Enrollment Applied	* UPC Applied	UPP	UPC adjusted based on eligibility of FRPM	UPC adjusted based on eligibility for EL funding	UPC adjusted based on eligibility for both FRPM and EL		Adjusted total UPC	Adjusted UPP
Los Angeles Unified School District	1,155,484	989,623	85.65%	-	-	(56)	**	989,567	85.64%
Grape Street Elementary	1,089	1,079	99.08%	(1)	-	-		1,078	98.99%
Halldale Elementary	1,295	1,121	86.56%	(1)	-	-		1,120	86.49%

* Total is the sum of the last two prior years and current year results.

** The adjustment represents the extrapolated impact of the error on the District's UPC. Refer to the Questioned Costs section for additional details.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-008) but for different schools.

Questioned Costs

We determined the total impact of the seven (7) findings on the District, and one (1) finding on the Dependent Charter Schools by extrapolating the noted errors to the total UPC. We determined that the total extrapolated impact on the District's UPC is 56, and for the Dependent Charter School, University High School Charter, is 2.

We decreased the District's UPC by the extrapolated impact of 56 students and calculated an Adjusted UPC of 85.64%.

We applied the Adjusted UPC to the District's LCFF State Aid, Adjusted for the Minimum State Aid Guarantee for fiscal year 2023-24, and computed the total questioned costs to be $352,570.

We also decreased the Dependent Charter Schools' UPC by the extrapolated impact of 2 students and calculated an Adjusted UPC for University High School Charter of 12.99%.

We applied the Adjusted UPC to the Dependent Charter Schools LCFF State Aid, Adjusted for Minimum State Aid Guarantee for fiscal year 2023-24, and we computed total questioned costs for University High School Charter to be $1,255.

Recommendation

We recommend that the District continue monitoring English learners and free and reduced meal eligibility statuses to ensure students designated as English learners or free and reduced meal eligible have proper supporting documentation. We also recommend that the District continue to train staff on enrollment procedures so that students' correct designations will be reflected in the student information system.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

English Learner Program:

To ensure English learners are timely assessed for English fluency, the following action steps will be implemented:

1. Continue to send emails and provide updates to regions on students who have not been assessed with the Initial/Summative ELPAC.
2. Have regions communicate to schools about students who have not been assessed with the Summative ELPAC during the Summative ELPAC assessment window, Spring 2025.
3. Train English Learner Designees on proper enrollment procedures during the Master Plan Instructional Institute in June 2025 to ensure students have the proper language classification in the District's student information system (MiSiS).

Evidence will be collected and available June 2025.

Title: Administrative Coordinator, English Learner Programs
Contact Information: (213) 241-5582 or rafael.escamilla@lausd.net

Free or Reduced Price Meal:

To address the free and reduced meal eligibility status, the following actions will be undertaken:

1. The Office of Data and Accountability will review the sibling match process with Information Technology Services (ITS) to determine whether the process needs to be updated by Spring 2025.
2. As a Community Eligibility Provision (CEP) school district, staff in the Student Records and Data Management Branch, in the Office of Data and Accountability, will be required to take part in Household Income Form (HIF) training during the Spring of 2025.
3. Annual refresher training will be provided for staff in January 2025 to ensure that the required steps for HIF processing are fulfilled.

Criteria

California Code of Regulations, Title 17, Section 6025: *(a)* A school or pre-kindergarten facility shall unconditionally admit or allow continued attendance to any pupil age 18 months or older whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil's age or grade, as defined in Table A or B of this section:

Table B: California Immunization Requirements For Grades K-12

Grade	Number of Doses Required of Each Immunization				
K-12 Admission	4 Polio	5 DTap	3 Hep B	2 MMR	2 Varicella
(7th - 12th)	1 Tdap				
7th Grade Advancement	2 Varicella	1 Tdap			

California Code of Regulations, Title 17, Section 6040:

(a) If a pupil attending a school or pre-kindergarten facility who was previously believed to be in compliance is subsequently discovered to not be in compliance with either the unconditional admission requirements specified in section 6025 or the conditional admission requirements specified in section 6035:

(1) The governing authority shall notify the parent or guardian of the time period within which the doses must be received. This time period may be no more than 10 school days after notification.
(2) The pupil shall continue in attendance only if the parent or guardian provides documentation that the immunization requirements have been met within the time period designated by the governing authority.

(b) The parent or guardian shall submit documentation that seventh grade immunization requirements have been met to the governing authority prior to first 7th grade attendance.

California Code of Regulations, Title 17, Section 6051(b) - The fact of the permanent medical exemption for specific immunization(s) shall be recorded in the pupil's record in accordance with section 6070.

California Code of Regulations, Title 17, Section 6055 - The governing authority shall exclude any pupil who does not meet the requirements for admission or continued attendance as specified in Article 2 of this subchapter and Health and Safety Code section 120335.

California Code of Regulations, Title 17, Section 6070

(a) Pre-kindergarten facility and school personnel must record information for each pupil regarding all doses of required immunizations and the status of all requirements, as defined in Article 2 of this subchapter, using an immunization record that is provided by the parent or guardian that complies with the documentary proof requirements of section 6065, from a prior school, or in an immunization registry or information system governed by Health and Safety Code section 120440. The governing authority of each school and pre-kindergarten facility shall maintain this information for each pupil in the pupil's record.

(b) The immunization information shall include the following elements:

(1) Pupil Name (Last, First, Middle).
(2) Statewide Student Identifier (SSID) (if assigned).
(3) Name of Parent/Guardian (Last, First).
(4) Birthdate (month, day, and year).
(5) Sex.
(6) Ethnicity (Hispanic/Latino, Non-Hispanic/Non-Latino).
(7) Race (African-American/Black, American Indian/Alaska Native, Asian, Native Hawaiian/Other Pacific Islander, White, Other).
(8) As specified in Table A or B of section 6025 for age or grade, the date (month, day, and year) each of the following required vaccine doses were given:
    (A) IPV/OPV (Polio).
    (B) DTaP/DTP (Diphtheria, Tetanus and [acellular] Pertussis).
    (C) MMR (Measles, Mumps, and Rubella).
    (D) Hib (Haemophilus influenzae type b; required for pre-kindergarten only).
    (E) Hep B (Hepatitis B).
    (F) VAR/VZV (Varicella or Chickenpox).
    (G) Tdap (Tetanus, reduced Diphtheria and [acellular] Pertussis; required for 7th grade advancement and 7th-12th grade admission).
(9) Permanent medical exemption (indicate for each vaccine as applicable).
(10) Status of requirements at admission to pre-kindergarten:
    (A) Name of staff who reviewed the pupil's immunization record.
    (B) (If applicable) Pupil is currently up-to-date but more doses are due as specified in Tables A and C of sections 6025 and 6035, respectively.
        i. Follow-up date (month, day and year).
    (C) (If applicable) Pupil has Temporary Medical Exemption as specified in section 6050.
        i. Follow-up date (month, day and year).
    (D) The date (month, day and year) pupil met requirements for admission as specified in section 6025.
(11) Status of requirements at admission to K-12:
    (A) Name of staff who reviewed the pupil's immunization record.
    (B) (If applicable) Pupil is currently up-to-date but more doses are due as specified in Tables B and D of sections 6025 and 6035, respectively.
        i. Follow-up date (month, day and year).
    (C) (If applicable) Pupil has Temporary Medical Exemption as specified in section 6050.
        i. Follow-up date (month, day and year).
    (D) The date (month, day and year) pupil met requirements for admission as specified in section 6025.
(12) Status of requirements at admission or advancement to 7th grade:
    (A) Name of staff who reviewed the pupil's immunization record.
    (B) (If applicable) Pupil is currently up-to-date but more doses are due as specified in Tables B and D of sections 6025 and 6035, respectively.
        i. Follow-up date (month, day and year).
    (C) (If applicable) Pupil has Temporary Medical Exemption as specified in section 6050.
        i. Follow-up date (month, day and year).
    (D) The date (month, day and year) pupil meets requirements for admission as specified in section 6025.

(c) Pursuant to subdivision (c) of section 120375 of the Health and Safety Code, the local health department shall have access to the health information as it relates to immunization of each pupil.

Condition, Cause and Effect

For the 73 schools identified as reporting a conditional admission rate greater than 10 percent in Kindergarten pupils to the California Department of Public Health (CDPH), we selected a sample of 353 Kindergarten pupils, excluding students in independent study and students with an individualized education program that includes special education and related services, and verified that each pupil has a California School Immunization Record, CDPH 286 (01/19) on file (prior version of form or equivalent electronic or hard copy record are acceptable), and verified that the pupils had 2 doses of varicella vaccine and 2 doses of a measles vaccine prior to admission, or had a current medical exemption on file. For pupils who only had 1 dose of either vaccine prior to admission, we verified that the 2nd dose was received within 4 calendar months and 10 school days after the 1st dose.

We noted the following findings, which occurred because the schools were not familiar with immunization requirements. As a result, the schools enrolled students who may not have been fully compliant with the requirements.

- **107th Street Elementary –** Out of the 14 pupils sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 221 days during the time in which the pupil was not compliant with immunization requirements.

- **109th Street Elementary –** Out of the 7 pupils sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school and did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - Two (2) pupils did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 168 days during the time in which the pupil was not compliant with immunization requirements.

- **153rd Street Elementary –** Out of the 4 pupils sampled, we noted the following exceptions:
  - Two (2) pupils did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 210 days during the time in which the pupil was not compliant with immunization requirements.

- **15th Street Elementary –** Out of the 7 pupils sampled, we noted the following exceptions:
  - Two (2) pupils did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 34 days during the time in which the pupil was not compliant with immunization requirements.

- **42nd Street Elementary –** Out of the 3 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 69 days during the time in which the pupil was not compliant with immunization requirements.

- **52nd Street Elementary** – Out of the 10 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 50 days during the time in which the pupil was not compliant with immunization requirements.

- **61st Street Elementary** – Out of the 8 pupils sampled, we noted the following exception:
  - Two (2) pupils did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 179 days during the time in which the pupil was not compliant with immunization requirements.

- **96th Street Elementary** – Out of the 6 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 58 days during the time in which the pupil was not compliant with immunization requirements.

- **96th Street Elementary DL Two-Way Im Spanish** – Out of the 1 pupil sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 73 days during the time in which the pupil was not compliant with immunization requirements.

- **9th Street Elementary** – Out of the 6 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 1st dose of the measles and varicella vaccines before the first day of school.
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school.
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school and did not receive the required 2nd dose of the measles vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 85 days during the time in which the pupil was not compliant with immunization requirements.

- **Angeles Mesa Elementary –** Out of the 7 pupils sampled, we noted the following exception:
  - Two (2) pupils did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 65 days during the time in which the pupil was not compliant with immunization requirements.

- **Baldwin Hills Elementary –** Out of the 8 pupils sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 141 days during the time in which the pupils were not compliant with immunization requirements.

- **Budlong Avenue Elementary –** Out of the 10 pupils sampled, we noted the following exceptions:
  - Two (2) pupils did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 98 days during the time in which the pupils were not compliant with immunization requirements.

- **Carthay Elementary of Environmental Studies Magnet –** Out of the 8 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school and did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 53 days during the time in which the pupil was not compliant with immunization requirements.

- **Columbus Avenue Elementary –** Out of the 7 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school and did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 84 days during the time in which the pupil was not compliant with immunization requirements.

- **Esperanza Elementary –** Out of the 9 pupils sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 44 days during the time in which the pupil was not compliant with immunization requirements.

- **Fairburn Avenue Elementary –** Out of the 12 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 22 days during the time in which the pupil was not compliant with immunization requirements.

- **Figueroa Street Elementary –** Out of the 7 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 36 days during the time in which the pupil was not compliant with immunization requirements.

- **La Salle Avenue Elementary –** Out of the 5 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - One (1) pupil did not receive the required 1st dose of the measles and varicella vaccines before the first day of school.
  - The pupil was marked present in the school's monthly attendance summary for a total of 56 days during the time in which the pupil was not compliant with immunization requirements.

- **MacArthur Park Elementary Visual and Performing Arts –** Out of the 4 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd doses of the measles vaccine within four calendar months and ten school days after receiving the 1st dose and did not receive the required 1st dose of the varicella vaccine before the first day of school.
  - The pupil was marked present in the school's monthly attendance summary for a total of 59 days during the time in which the pupil was not compliant with immunization requirements.
- **Manhattan Place Elementary –** Out of the 4 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd doses of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 4 days during the time in which the pupil was not compliant with immunization requirements.

- **Mariposa-Nabi Primary Center –** Out of the 3 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd doses of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 8 days during the time in which the pupil was not compliant with immunization requirements.

- **Marquez Charter –** Out of the 7 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 129 days during the time in which the pupil was not compliant with immunization requirements.

- **Mountain View Elementary DL Two-Way Im Armenian –** Out of the 7 pupils sampled, we noted the following exception:
  - Three (3) pupils did not receive the required 2nd doses of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 164 days during the time in which the pupil was not compliant with immunization requirements.

- **Rio Vista Elementary –** Out of the 8 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd doses of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - One (1) pupil did not receive the required 1st dose of the measles and varicella vaccines before the first day of school.
  - The pupil was marked present in the school's monthly attendance summary for a total of 242 days during the time in which the pupil was not compliant with immunization requirements.

- **Saticoy Elementary DL Two-Way Im Armenian –** Out of the 5 pupils sampled, we noted the following exception:
  - Three (3) pupils did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school.
  - The pupil was marked present in the school's monthly attendance summary for a total of 104 days during the time in which the pupil was not compliant with immunization requirements.

- **South Park Elementary DL Two-Way Im Spanish –** Out of the 2 pupils sampled, we noted the following exception:
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 34 days during the time in which the pupil was not compliant with immunization requirements.

- **West Athens Elementary –** Out of the 12 pupils sampled, we noted the following exception:
  - Two (2) pupils did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - One (1) pupil did not receive the required 1st dose of the measles vaccine before the first day of school.
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 339 days during the time in which the pupil was not compliant with immunization requirements.

- **Wisdom Elementary –** Out of the 10 pupils sampled, we noted the following exception:
  - Two (2) pupils did not receive the required 2nd dose of the measles and varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupil was marked present in the school's monthly attendance summary for a total of 96 days during the time in which the pupil was not compliant with immunization requirements.

For the 7 schools identified as reporting a conditional admission rate greater than 10 percent in 7th Grade pupils to the California Department of Public Health (CDPH), we selected a sample of 37 7th Grade pupils, excluding students in independent study and students with an individualized education program that includes special education and related services, and verified each pupil has a California School Immunization Record, PM 286 (01/02) or CDPH 286 (01/14) on file (a later version or equivalent electronic or hard copy record is acceptable), and verified that each pupil obtained 2 doses of varicella vaccine prior to admission into 7th Grade. For pupils who only had 1 dose of varicella vaccine prior to admission, we verified that the 2nd dose was received within 4 calendar months and 10 school days after the 1st dose.

We noted the following findings, which occurred because the schools were not familiar with immunization requirements. As a result, the schools enrolled students who may not have been fully compliant with the requirements.

- **Hubert Howe Bancroft Middle School -** Out of the 7 pupils sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school and did not receive the required 2nd dose of the varicella vaccines within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 12 days during the time in which the pupils were not compliant with immunization requirements.

- **Hubert Howe Bancroft Middle School Performing Arts Magnet -** Out of the 8 pupils sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 2nd dose of the varicella vaccine within four calendar months and ten school days after receiving the 1st dose.
  - The pupils were marked present in the school's monthly attendance summary for a total of 72 days during the time in which the pupils were not compliant with immunization requirements.

- **Rancho Dominguez Preparatory School -** Out of the pupils 6 sampled, we noted the following exceptions:
  - One (1) pupil did not receive the required 1st dose of the varicella vaccine before the first day of school.
  - The pupils were marked present in the school's monthly attendance summary for a total of 178 days during the time in which the pupils were not compliant with immunization requirements.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-009).

LOS ANGELES UNIFIED SCHOOL DISTRICT

Schedule of Findings and Questioned Costs

June 30, 2024

Questioned Costs

- Grades TK-K – 2,796 days / 182 days = 15.36 ADA overstated * $15,008.62 = $230,532.40
- Marquez Charter – 129 days / 182 days = 0.71 ADA overstated * $11,311.51 = $8,031.17

Kindergarteners:

- 107th Street Elementary – 221 days overstated/182 days in single track school year
- 109th Street Elementary – 168 days overstated/182 days in single track school year
- 153rd Street Elementary – 210 days overstated/182 days in single track school year
- 15th Street Elementary – 34 days overstated/182 days in single track school year
- 42nd Street Elementary – 69 days overstated/182 days in single track school year
- 52nd Street Elementary – 50 days overstated/182 days in single track school year
- 61st Street Elementary – 179 days overstated/182 days in single track school year
- 96th Street Elementary – 58 days overstated/182 days in single track school year
- 96th Street Elementary DL Two-Way Im Spanish – 73 days overstated/182 days in single track school year
- 9th Street Elementary – 85 days overstated/182 days in single track school year
- Angeles Mesa Elementary – 65 days overstated/182 days in single track school year
- Baldwin Hills Elementary – 141 days overstated/182 days in single track school year
- Budlong Avenue Elementary – 98 days overstated/182 days in single track school year
- Carthay Elementary of Environmental Studies Magnet – 53 days overstated/182 days in single track school year
- Columbus Avenue Elementary – 84 days overstated/182 days in single track school year
- Esperanza Elementary – 44 days overstated/182 days in single track school year
- Fairburn Avenue Elementary – 22 days overstated/182 days in single track school year
- Figueroa Street Elementary – 36 days overstated/182 days in single track school year
- La Salle Avenue Elementary - 56 days overstated/182 days in single track school year
- MacArthur Park Elementary Visual and Performing Arts– 59 days overstated/182 days in single track school year
- Manhattan Place Elementary – 4 days overstated/182 days in single track school year
- Mariposa-Nabi Primary Center Elementary – 8 days overstated/182 days in single track school year
- Marquez Charter – 129 days overstated/182 days in single track school year
- Mountain View Elementary DL Two-Way Im Armenian – 164 days overstated/182 days in single track school year
- Rio Vista Elementary – 242 days overstated/182 days in single track school year
- Saticoy Elementary DL Two-Way Im Armenian – 104 days overstated/182 days in single track school year
- South Park Elementary DL Two-Way Im Spanish – 34 days overstated/182 days in single track school year
- West Athens Elementary – 339 days overstated/182 days in single track school year
- Wisdom Elementary – 96 days overstated/182 days in single track school year

- Grades 7 – 262 days / 182 days = 1.44 ADA overstated * $14,208.23 = $20,459.85

7th Graders:

- Hubert Howe Bancroft Middle School – 12 days overstated/182 days in single track school year
- Hubert Howe Bancroft Middle School Performing Arts Magnet – 72 days overstated/182 days in single track school year
- Rancho Dominguez Preparatory School – 178 days overstated/182 days in single track school year

Recommendation

We recommend that the District strengthen its controls over implementing District policies regarding pupil immunization record tracking. Furthermore, we recommend that the District continue providing adequate training to the schools to properly monitor pupil immunization.

Views of Responsible Officials and Planned Corrective Actions

The District has established the following action steps to address the audit findings.

1. Meeting with the Chief Medical Director, Dr. Malhotra – December 2024
    a. Review results of audit and discuss strategies to address the results
2. Met with Nursing Coordinators – January 2025
    a. Review results of audit and discuss strategies to address the results
    b. Discuss plan of action moving forward
3. Meeting with Administrator of Operations – January 2025
    a. Review results of audit and discuss strategies to address the results
4. School Nurses training Office Personnel – Ongoing
    a. To provide refresher to office personnel regarding state immunization requirements
    b. To provide initial training to office personnel who are new to the job on state immunization requirements
5. Immunization reports forwarded to Region Leadership – Weekly
    a. To provide data to leadership to review their Region compliance rate and rates individually at school
    b. To work with Schools Nurses at sites to improve compliance rates
    c. Inter-Office Correspondence (IOC) included which discusses California immunization requirements and the need for students to be immunized
6. Immunization Work Group – Every two weeks
7. Robust communication plan – Monthly
    a. LAUSD account social media posts
    b. District Nursing Services social media posts
    c. Provide list of LAUSD clinics where families can go to get immunizations

Title: Director
Contact Information: (213) 202-7580 or sosse.bedrossian@lausd.net

S-2024-010 – Expanded Learning Opportunities Grant

State Audit Guide Finding Codes: 40000

Criteria

California Education Code, Section 43522(b) - specifically, funds received under subdivision (b) of Section 43521 shall be expended only for any of the following purposes:

(1) Notwithstanding Section 37202, instructional learning time in addition to what is required pursuant to Part 24.5 (commencing with Section 43500) of Division 3 for the 2020–21 school year and Chapter 2 (commencing with Section 46100) of Part 26 of, or Chapter 3 (commencing with Section 47610) of Part 26.8 of, Division 4, and Section 300.106 of Title 34 of the Code of Federal Regulations for the 2021–22 and the 2022–23 school years by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to pupils based on their learning needs.

Condition, Cause and Effect

In our sample of ten (10) ELO-G payroll expenditures (Resource 7425), we verified whether the employees' time pertained to in-person services was allowable under Education Code section 43522(b).

We noted the following finding:

- One (1) employee had a total of 15 hours charged in excess to the ELO-G fund in which the employee did not perform work related to the summer school extended instructional learning program. Although the District properly reviewed the employees' timecard for the pay period and posted the necessary adjustments to account for time worked on other tasks, they erroneously did not adjust 15 hours out of the ELO-G fund.

Questioned Costs

Not applicable. Upon our identification of the sampled employee, the District identified the above error and corrected the ELO-G fund by transferring out the costs associated with the 15 hours. As the District corrected the error before closing its June 30, 2024, financial statements, no questioned costs are to be assessed. As such, the above finding has been resolved.

Recommendation

We recommend that the District strengthen its monitoring and review controls over expenditure charges to the ELO-G fund to ensure that all costs are associated with allowable services and that all necessary adjustments are made timely.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

The Division of Instruction will continue to provide guidance in the payroll handbook for timely and accurate payroll entry when using ELO-G funds.

The District does not anticipate additional ELO-G funding in future fiscal years.

Name: John Vladovic
Title: Executive Director, Secondary Education
Telephone: (310) 991-9771

S-2024-011 – Expanded Learning Opportunities Program

State Audit Guide Finding Codes: 40000

Schools Affected

- 232nd Place Elementary
- Broadway Elementary
- Carlos Santana Arts Academy
- Vista del Valle Dual Language Academy

Criteria

California Education Code, Section 46120(g)(6) – "Provide access," with respect to an "expanded learning opportunity program," means to enroll in the expanded learning opportunity program. If a parent or guardian has a signed expanded learning opportunity program registration form and that form is on file, the pupil shall be considered enrolled in the expanded learning opportunity program. For a local educational agency receiving an expanded learning opportunity program apportionment, transportation shall be provided for any pupil who attends a school that is not operating an expanded learning opportunity program to attend a location that is providing an expanded learning opportunity program and to return to their original location or another location that is established by the local educational agency.

Condition, Cause and Effect

In our sample of 23 District schools and 2 Charter schools, we selected 319 expanded learning opportunity program registration forms. We verified whether students who had filled out a registration form were found in the master enrollment list.

We identified the following:

- Five (5) students submitted completed registration forms but were not listed on the master enrollment list.

Questioned Costs

Not applicable.

Recommendation

We recommend that the District strengthen its controls over the master enrollment list to ensure it includes all students who submit a registration form.

Views of Responsible Officials, Planned Corrective Action, and Contact Information

Beyond the Bell Branch will implement the following Corrective Action Plan related to maintaining a current master enrollment list at each expanded learning program site:

1. Provide explicit written guidelines to agency contractors and district-operated program personnel by February 28, 2025, outlining the policies and procedures for ensuring that all students who submit an expanded learning program registration form are added to the master enrollment list.
2. Conduct mandatory training for agency contractors and district-operated program personnel in February 2025 on the policies and procedures for maintaining a current master enrollment list. This training session will be recorded and shared with agency contractors and district-operated program personnel as a resource to support program implementation.
3. Perform ongoing site visits by Beyond the Bell administrators and Traveling Program Supervisors to review enrollment information and ensure all expanded learning programs adhere to the established policies and procedures for maintaining a current master enrollment list.

The expected outcome of these corrective actions is to strengthen the District's controls over ensuring equitable access to expanded learning programs and to reduce or eliminate similar findings in the future.

Name: Jose Carrillo
Title: Field Coordinator, Beyond the Bell
Telephone: (213) 241-7900

S-2024-012 – Transitional Kindergarten

State Audit Guide Finding Codes: 40000

Criteria

California Education Code, Section 48000 (g) – As a condition of receipt of apportionment for pupils in a transitional kindergarten program pursuant to Section 46300, a school district or charter school shall do all of the following:

(1) Maintain an average transitional kindergarten class enrollment of not more than 24 pupils for each schoolsite.

(2) Commencing with the 2022–23 school year, maintain an average of at least one adult for every 12 pupils for transitional kindergarten classrooms at each schoolsite.

California Education Code, Section 48000.1(b) – (1) Commencing with the 2022–23 school year, if a school district or charter school fails to comply with the requirements of paragraphs (1) to (4), inclusive, of subdivision (g) of Section 48000, the Superintendent shall withhold from the school district's or charter school's entitlement computed pursuant to Section 42238.02 the sum of the following:

(A) For school districts and charter schools that fail to meet the adult-to-pupil ratio requirements of paragraph (2) of subdivision (g) of Section 48000, the amount determined by multiplying:

(i) The number of additional adults needed to meet the requirements of paragraph (2) of subdivision (g) of Section 48000, as calculated by dividing the total transitional kindergarten enrollment at the schoolsite, as determined pursuant to subparagraph (A) of paragraph (2) of subdivision (g) of Section 48000, by 12, rounded to the nearest half or whole integer, minus the total number of adults at the schoolsite, as determined pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 48000.

(ii) Twenty-four, reduced by the statewide average rate of absence for elementary school districts for kindergarten and grades 1 to 8, inclusive, as calculated by the department for the prior fiscal year, with the resultant figures and rates rounded to the nearest tenth.

(iii) The per average daily attendance rate determined pursuant to paragraph (2) of subdivision (g) of Section 42238.02.

(C) For school districts and charter schools that fail to maintain an average transitional kindergarten class enrollment of not more than 24 pupils for each schoolsite, as required pursuant to paragraph (1) of subdivision (g) of Section 48000, the amount determined by multiplying the then-current fiscal year's average daily attendance reported for the second principal apportionment period in transitional kindergarten by the amount specified in subparagraph (A) of paragraph (3) of subdivision (d) of Section 42238.02, unless the school district fails to meet the requirements for average class size for kindergarten and grades 1 to 3, inclusive, pursuant to clause (i) of subparagraph (D) of paragraph (3) of subdivision (d) of Section 42238.02.

California Education Code, Section 48000.15 (d) – (1) Any classroom that includes an early enrollment child shall maintain an adult-to-pupil ratio of at least one adult to every 10 pupils.

(3) Any transitional kindergarten classroom that includes an early enrollment child shall maintain a classroom enrollment that does not exceed 20 pupils.

California Education Code, Section 48000.15 (e) – (1) If a school district or charter school fails to comply with the requirements of paragraph (1) or (3) of subdivision (d), the Superintendent shall withhold from the school district's or charter school's entitlement computed pursuant to Section 42238.02 an amount pursuant to the following:

(A) For school districts and charter schools that fail to meet the adult-to-pupil ratio requirements of paragraph (1) of subdivision (d) for classrooms that include an early enrollment child, the amount shall be determined by multiplying:

(i) The number of additional adults needed to meet the requirements of paragraph (1) of subdivision (d), as calculated by dividing the total enrollment pupils in each transitional kindergarten classroom with early enrollment children, by 10, rounded to the nearest half or whole integer, minus the total number of adults assigned to the classroom, as determined pursuant to subparagraph (B) of paragraph (3) of subdivision (b).

(ii) Twenty, reduced by the statewide average rate of absence for elementary school districts for kindergarten and grades 1 to 8, inclusive, as calculated by the department for the prior fiscal year, with the resultant figures and rates rounded to the nearest tenth.

(iii) The per average daily attendance rate determined pursuant to paragraph (2) of subdivision (g) of Section 42238.02.

(B) For school districts and charter schools that fail to maintain a class enrollment of not more than 20 pupils, as required pursuant to paragraph (3) of subdivision (d), the amount determined by multiplying the then-current fiscal year's average daily attendance reported for the second principal apportionment period in transitional kindergarten classrooms with early enrollment children by the amount specified in subparagraph (A) of paragraph (3) of subdivision (d) of Section 42238.02, unless the school district or charter school fails to meet the requirements for average class size for kindergarten and grades 1 to 3, inclusive, pursuant to clause (i) of subparagraph (D) of paragraph (3) of subdivision (d) of Section 42238.02.

Condition, Cause and Effect

We had a total sample of 91 District schools and 9 Charter schools.

Of our total 91 sampled District schools, 4 offered transitional kindergarten which did not include early enrollment pupils. We verified whether each school site's average class enrollment exceeded 24 pupils and whether each school site had an average of at least one adult for every 12 pupils for transitional kindergarten classrooms.

Our remaining samples of 87 District schools and 9 Charter schools offered transitional kindergarten which included early enrollment pupils. We verified whether each school site's average class enrollment exceeded 20 pupils and whether each school site had an average of at least one adult for every 10 pupils for early enrollment classrooms.

We identified the following findings arising from challenges schools faced in filling vacant positions for the additional adult role to achieve the required adult-to-student ratio.

- Thirteen (13) District school sites that offered early enrollment exceeded an average class enrollment of 20 pupils. As such, the penalty for average class enrollment is calculated as follows:

P-2 TK ADA with Early Enrollment		4,420.93	*(a)*
K-3 GSA Rate	$	1,032.00	*(b)*
TK Average Class Size Penalty	**$**	**4,562,399.76**	*(c) = (a) * (b)*

- One (1) Charter school site, Colfax Charter Elementary that offered early enrollment, exceeded an average class enrollment of 20 pupils. As such, the penalty for average class enrollment is calculated as follows:

P-2 TK ADA with Early Enrollment		31.27	*(a)*
K-3 GSA Rate	$	1,032.00	*(b)*
TK Average Class Size Penalty	**$**	**32,270.64**	*(c) = (a) * (b)*

- Five (5) District school sites did not have the minimum of one (1) adult for every twelve (12) pupils of transitional kindergarten resulting in an additional need of four and one half (4.5) adults to meet the minimum requirement. As such, the penalty for adult-to-pupil ratio is calculated as follows:

Additional Adults Needed		4.50	*(a)*
24 Reduced by the 7.5% Absent Rate		22.20	*(b)*
Transitional Kindergarten add-on Rate	$	3,044.00	*(c)*
Adult-to-Student Ratio Penalty	**$**	**304,095.60**	*(d) = (a) * (b) * (c)*

- Beckford Charter for Enriched Studies school site did not have the minimum of one (1) adult for every twelve (12) pupils of transitional kindergarten resulting in an additional need of one half (0.5) an adult to meet the minimum requirement. As such, the penalty for adult-to-pupil ratio is calculated as follows:

Additional Adults Needed		0.50	*(a)*
24 Reduced by the 7.5% Absent Rate		22.20	*(b)*
Transitional Kindergarten add-on Rate	$	3,044.00	*(c)*
Adult-to-Student Ratio Penalty	**$**	**33,788.40**	*(d) = (a) * (b) * (c)*

- Topanga Elementary Charter School school site did not have the minimum of one (1) adult for every twelve (12) pupils of transitional kindergarten resulting in an additional need of one half (0.5) adult to meet the minimum requirement. As such, the penalty for adult-to-pupil ratio is calculated as follows:

Additional Adults Needed		0.50	*(a)*
24 Reduced by the 7.5% Absent Rate		22.20	*(b)*
Transitional Kindergarten add-on Rate	$	3,044.00	*(c)*
Adult-to-Student Ratio Penalty	**$**	**33,788.40**	*(d) = (a) * (b) * (c)*

- Seven (7) District school sites, which offered early enrollment, did not have the minimum of one (1) adult for every ten (10) pupils of early enrollment resulting in an additional need of four (4) adults to meet the minimum requirement. As such, the penalty for adult-to-pupil ratio is calculated as follows:

Additional Adults Needed		4.00	*(a)*
20 Reduced by the 7.5% Absent Rate		18.50	*(b)*
Transitional Kindergarten add-on Rate	$	3,044.00	*(c)*
Adult-to-Student Ratio Penalty	**$**	**225,256.00**	*(d) = (a) * (b) * (c)*

- Colfax Charter Elementary school site that offered early enrollment, did not have the minimum of one (1) adult for every ten (10) pupils of early enrollment resulting in an additional need of one half (0.5) adult to meet the minimum requirement. As such, the penalty for adult-to-pupil ratio is calculated as follows:

Additional Adults Needed		0.50	*(a)*
20 Reduced by the 7.5% Absent Rate		18.50	*(b)*
Transitional Kindergarten add-on Rate	$	3,044.00	*(c)*
Adult-to-Student Ratio Penalty	**$**	**28,157.00**	*(d) = (a) * (b) * (c)*

LOS ANGELES UNIFIED SCHOOL DISTRICT

Schedule of Findings and Questioned Costs

June 30, 2024

Questioned Costs

District Schools

Average Class Enrollment Penalty	$ 4,562,399.76
Adult-to-Pupil Ratio Penalty	529,351.60
Total Penalty	**$ 5,091,751.36**

Beckford Charter for Enriched Studies

Adult-to-Pupil Ratio Penalty	33,788.40
Total Penalty	**$ 33,788.40**

Topanga Elementary Charter School

Adult-to-Pupil Ratio Penalty	33,788.40
Total Penalty	**$ 33,788.40**

Colfax Charter Elementary

Average Class Enrollment Penalty	$ 32,270.64
Adult-to-Pupil Ratio Penalty	28,157.00
Total Penalty	**$ 60,427.64**

Recommendation

We recommend that the District implement mechanisms to track their compliance with transitional kindergarten and early enrollment average class enrollment and adult-to-pupil ratio throughout the year to monitor compliance with transitional kindergarten average class enrollment and adult-to-pupil ratio requirements.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

The District has implemented mechanisms to track compliance with class size and adult-to-student ratio requirements in the SY 24-25.

- By May 2024, a Transitional Kindergarten Resources and Communication Toolkit was shared with school sites and district administrators to ensure class capacity and ratio requirements are adhered to.
- On April 2024, District policy documents such as the Universal Transitional Kindergarten reference guide (REF-123501.3) was updated and shared to communicate adherence to state requirements.
- Principal meetings were held on May 2024 in each region to review the state requirements for class capacity and adult-to-student ratio.
- Regional Principal meetings were held again on July 2024 and August 2024 to review the ratio and capacity requirements for UTK classes for the SY24-25.
- By November 2024, job aids, Frequently Asked Questions (FAQs) documents, and UTK Toolkits were created and posted in the LAUSD Principal's Portal. These included the updated reference guide, presentations and information about ratio and class capacity requirements.

To ensure that schools are adhering to the class capacity and ratio requirements, Budget Services Division, Attendance and Student Enrollment Office, and the Early Childhood Education Division will collaborate to identify schools that are non-compliant and address issues promptly by Spring 2025.

If you have any questions, please feel free to contact any of the parties below:

S-2024-013 – Attendance Accounting – Dependent Charters – Attendance Computations

State Program: Attendance Accounting: Attendance Reporting

State Audit Guide Finding Codes: 10000 and 40000

Schools Affected

- El Oro Way Charter for Enriched Studies
- Paul Revere Charter Middle School
- Plainview Academic Charter Academy
- Sylmar Charter High School

Criteria

California Education Code, Section 47612(b) – The average daily attendance in a charter school may not, in any event, be generated by a pupil who is not a California resident. To remain eligible for generating charter school apportionments, a pupil over 19 years of age shall be continuously enrolled in public school and make satisfactory progress towards award of a high school diploma. The state board shall, on or before January 1, 2000, adopt regulations defining "satisfactory progress."

Condition, Cause and Effect

For our sample of twelve (12) schools, we obtained the Student Monthly Attendance Summary Reports (SMASRs) for a sample of teachers for school month two (2). SMASRs are system-generated reports from the District's My Integrated Student Information System (MiSiS), a system utilized by the teachers to electronically input, submit and certify student attendance daily. We verified whether these SMASRs were reported accurately in the *Second Principal Report (P2)* and the *Annual Principal Report (P3).* We obtained the monthly statistical reports where all the SMASRs are summarized, for our sampled schools and we verified whether the SMASRs were completely and accurately summarized. We then traced these monthly statistical reports to the Attendance Ledgers, which in turn were traced to the *Second Principal Report (P2)* and the *Annual Principal Report (P3).*

To test the integrity of the data reported in the sampled SMASRs, we selected a sample of absences from notes, phone logs and other absence records and compared them to the SMASRs to verify that they were not included in the calculation of Average Daily Attendance reported in the P2. In addition, since the SMASRs are generated through MiSiS, we also tested the system's general internal controls which included but were not limited to appropriate access controls. We selected a sample of 14,545 days of attendance and 740 days of absences for testing and noted the following findings, resulting from staff's untimely updating of student's attendance records:

- **El Oro Way Charter for Enriched Studies** - Out of the 1,379 days of attendance and 46 days of absences sampled, we noted the following exceptions:
    - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR.

- **Paul Revere Charter Middle School** - Out of the 1,511 days of attendance and 120 days of absences sampled, we noted the following exceptions:
    - One(1) student was absent for a total of one(1) day, as evidenced by an absence note, but were recorded as present in the SMASR.
    - One (1) student was absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR. The school updated MiSiS to reflect the student as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the student prior to P2 reporting, this does not lead to questioned costs.

- **Plainview Academic Charter Academy** - Out of the 1,200 days of attendance and 90 days of absences sampled, we noted the following exception:
    - One (1) student was absent for a total of one (1) day, as evidenced by an absence note, but was recorded as present in the SMASR.

- **Sylmar Charter High School** - Out of the 686 days of attendance and 55 days of absences sampled, we noted the following exceptions:
    - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note, but were recorded as present in the SMASR. The school updated MiSiS to reflect the students as absent prior to P2 reporting but subsequent to providing the SMASR. As MiSiS has been updated to reflect the correct attendance of the students prior to P2 reporting, this does not lead to questioned costs.

These findings are repeat findings, having been reported previously at June 30, 2023 (S-2023-012), but for different schools.

Questioned Costs

- El Oro Way Charter for Enriched Studies
- Grades TK/K-3: 2 days/142 days in single track school year
    - Grades TK/K-3: 2 days/142 = 0.01 ADA overstated * $11,810.43 = $118.10

- Paul Revere Charter Middle School
- Grades 4 to 6: 1 day/142 days in single track school year
    - Grades 4 to 6: 1 day/142 days = 0.01 ADA overstated * $10,600.84 = $106.01

- Plainview Academic Charter Academy
- Grades 4 to 6: 1 day/142 days in single track school year
    - Grades 4 to 6: 1 day/142 days = 0.01 ADA overstated * $13,962.53 = $139.63

Recommendation

We recommend that the District and the schools continue to strengthen their controls over implementing attendance policies over student attendance reporting by ensuring schools maintain adequate support for reported absences, accurately report student absences in the school's monthly attendance summary and retain supporting documentation for instances in which students arrive to school late or leave early. Finally, we recommend that the District continue to support the schools by providing adequate training in attendance reporting so that proper attendance reporting procedures are adhered to and that the District maintains documentation reflecting that each of the schools identified above has been successfully trained.

Views of Responsible Officials, Planned Corrective Action, and Contact Information

To improve accurate attendance reporting and alignment with SMASR, Pupil Services will implement the following actions:

1. **Automated Reminders in MiSiS or Other LAUSD System**: Pupil Services will consult with the MiSiS team to explore the possibility of setting up automated reminders in MiSiS. These reminders will prompt designated school staff to review and correct attendance data in the SMASR before the end of each month. Pupil Services will define the specific user roles that will receive the reminders, the frequency of the notifications, and the duration by January 2025.

2. **Self-Audit Tool for Schools**: Pupil Services will develop a self-audit tool to assist schools in reviewing their attendance data monthly. This tool will focus on common errors identified in past audit findings. This tool will be available to all LAUSD staff via the Pupil Services SharePoint by January 2025.

3. **Virtual Drop-In Sessions with Office of Organizational Excellence**: Pupil Services in collaboration with Office of Organizational Excellence participate in virtual drop-in sessions twice a year, where school staff can ask questions about common audit findings and review SMASR-related issues beginning in October 2024.

4. **Guidance on Attendance Data Review**: Pupil Services will develop training material including SMASR and additional MiSiS reports to support accurate attendance taking procedures. Pupil Services will continue to support the schools by providing adequate training in attendance reporting so that proper attendance reporting procedures are adhered to. The training titled "Tools to Support Accurate Attendance & Withdrawal Procedures" will include SMASR and additional MiSiS reports to support accurate attendance taking procedures and will be available to all school staff by March 2025. Pupil Services will be trained during the second semester of 2024-25 school year. Pupil Services will maintain documentation reflecting that each of the schools identified above has been successfully trained.

5. **SMASR Timeline Reminders**: Pupil Services will develop a school year timeline with monthly dates for school staff to review attendance data reflected on the SMASR and assist with correcting attendance discrepancies. PSA will include the SMASR MiSiS job aide to support this process. Reminders will be posted on Schoology to remind staff about the timeline and tools by January 2025.

These steps will strengthen the ability to maintain accurate attendance data and ensure compliance with SMASR reporting.

Name: Elsy Rosado

LOS ANGELES UNIFIED SCHOOL DISTRICT

Status of Prior Year Findings and Recommendations

June 30, 2024

Section V - Findings Relating to the Prior Year Basic Financial Statements which are Required to be Reported in Accordance with Government Auditing Standards

Finding – FS-2023-001 Reimbursement Grant Revenue Recognition (Material Weakness)
Finding – FS-2022-001 Reimbursement Grant Revenue Recognition (Material Weakness)

State Audit Guide Finding Code: 30000

Recommendation

We recommend that the District strengthen its controls over reimbursement or expenditure-driven grant revenue recognition as follows:

- Ensure that the Revenue Recognition Policies and Procedures are updated annually to include all grants in which the District continues to participate in and any new cost reimbursement grants received in the current fiscal year.
- Ensure that the Facilities' staff continue to be adequately trained and knowledgeable of reimbursement grant accounting and financial reporting requirements.
- The ADCP is to continue verifying revenues recorded during the current fiscal year to ensure recording in the proper accounting period.
- The ADCP is to continue reviewing subsequent cash receipts pertaining to reimbursement grants to ensure recording in the proper accounting period.

Current Status

Implemented.

Finding – FS-2023-002 Vulnerability Management (Significant Deficiency)
Finding – FS-2022-002 Vulnerability Management (Significant Deficiency)

State Audit Guide Finding Code: 30000

SAP Vulnerability

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

Current Status

Partially implemented; see item FS-2024-001 within the accompanying schedule of findings and questioned costs.

MiSiS Vulnerability

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

Current Status

Partially implemented; see item FS-2024-001 within the accompanying schedule of findings and questioned costs.

CMS Vulnerability

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

Current Status

Partially implemented; see item FS-2024-001 within the accompanying schedule of findings and questioned costs.

Welligent Vulnerability

Recommendation

We recommend that District management monitor and remediate sensitive vulnerabilities in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

Current Status

Partially implemented; see item FS-2024-001 within the accompanying schedule of findings and questioned costs.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Status of Prior Year Findings and Recommendations

June 30, 2024

Section VI - Findings and Questioned Costs Related to Federal Awards

1. **Finding F-2023-001 – Activities Allowed or Unallowed/Allowable Costs and Cost Principles**

   Program Identification

   Title I Grants to Local Educational Agencies, U.S. Department of Education, Passed through the California Department of Education, AL No. 84.010, PCA Nos. 14329 and 15438

   Special Education-Grants to States (IDEA, Part B), U.S. Department of Education, Passed through the California Department of Education, AL No. 84.027A, 22-13379-64733-01

   English Language Acquisition State Grants, U.S. Department of Education, Passed through the California Department of Education, AL No. 84.365Z, PCA No. 14365, T365Z210143/C#21079A

   Improving Teacher Quality State Grants, U.S. Department of Education, Passed through the California Department of Education, AL No. 84.367, PCA 14341

   COVID-19 American Rescue Plan – Elementary and Secondary School Emergency Relief (ARP ESSER), U.S. Department of Education, Passed through the California Department of Education, AL No. 84.425U, PCA No. 15559

   State Audit Guide Finding Codes: 30000 and 50000

   Recommendation

   We recommend that the District enhance its internal controls over payroll expenditures and related compliance requirements by providing adequate and continuous training to school administrators, timekeepers, and supervisors on the necessary procedures to ensure ongoing compliance is effectively monitored. We also recommend that management responsible for each grant develop and reinforce controls for reviewing and approving Multi-Funded Time Reports or timesheets prior to submission to the funding agency, ensuring that the review and approval process is well-documented. In addition, the District should also conduct internal audits to assess the accuracy of timesheets or Multi-Funded Time Reports and the timeliness of signed Periodic Certification submissions to ensure compliance with the established requirements.

   Current Status

   Implemented.

2. **Finding F-2023-002 – Special Tests and Provisions – Annual Report Card, High School Graduation Rate**

   Program Identification

   Title I Grants to Local Educational Agencies, U.S. Department of Education, Passed through the California Department of Education, AL No. 84.010, PCA Nos. 14329.

   State Audit Guide Finding Codes: 30000 and 50000

   Recommendation

   Given the recurring nature of this finding, we strongly recommend that the District take more robust measures to strengthen and improve its existing controls over enrollment/withdrawal status to ensure that student records on MiSiS are accurate and that necessary documents are maintained. Additionally, we recommend that the District continue to provide training on accurate enrollment/withdrawal codes and on the appropriate levels of written documentation required for various withdrawal situations under both ESSA and CDE guidance.

   Current Status

   Implemented.

3. **Finding F-2023-003 - Reporting**

   Program Identification

   Improving Teacher Quality State Grants, U.S. Department of Education, Passed through the California Department of Education, AL No. 84.367, PCA No. 14341.

   State Audit Guide Finding Codes: 30000 and 50000

   Recommendation

   We recommend that the District strengthen and improve its existing controls over the ConApp reporting process to ensure that all reported information is reconciled between the accounting records and the ConApp submissions.

   Current Status

   Implemented.

Recommendation

We recommend that the District and the schools continue to strengthen its controls over implementing attendance policies over student attendance reporting by ensuring schools maintain adequate support for reported absences, accurately report student absences in the SMASR, and retain supporting documentation for instances in which students arrive to school late or leave early. Additionally, we recommend that the District strengthen its controls over properly retaining attendance supporting documentation at school sites. Finally, we recommend that the District continue to support the schools by providing adequate training over attendance reporting so that proper attendance reporting procedures are adhered to, and that the District maintain documentation reflecting that each of the schools identified above have been successfully trained.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-001) but for different schools

S-2023-002 – Teacher Certification and Misassignments

State Audit Guide Finding Codes: 40000 and 71000

Schools Affected

- 9th Street Elementary
- Boyle Heights HS STEM Magnet
- Brooklyn Avenue Elementary
- Canfield Avenue Elementary
- Carthay Elementary of Environmental Studies Magnet
- Charles Drew MS University Pathways Public Service Academy
- Foshay Learning Center
- George de la Torre Jr Elementary
- Linda Esperanza Marquez Senior High Social Justice
- Marlton School
- Nathaniel Narbonne Senior High
- RFK Community of Schools - UCLA Community School K-12
- Roosevelt Senior High Science/Tech/Math Magnet
- Sun Valley Magnet: Engineering Technology
- The Science Academy STEM Magnet
- Walnut Park Middle School - Social Justice and Service Learning
- Western Avenue Tech/Eng/Comm/Hum Magnet
- Wilton Place Elementary

Recommendation

We recommend that the District continue to train schools on the MiSiS Assignment Monitoring Report. The District should continue to monitor and strengthen internal controls to ensure teachers are being assigned properly to teach in a position authorized by their certifications as well as having a consent form on file when necessary, and to ensure substitute teachers are being assigned properly to teach in a position authorized by their certifications and within the time period permitted by their credential. We also recommend that the schools and the District remediate the misassignments identified above.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-002) but for different schools and teachers.

S-2023-003 – Kindergarten Continuance

State Audit Guide Finding Codes: 40000

Schools Affected

- Hoover Street Elementary
- Mayall Street Academy of Arts/Technology Magnet
- Mount Washington Elementary
- Park Western Place Elementary
- Wilshire Park Elementary School

Recommendation

We recommend that schools offering Kindergarten understand and adhere to the District's policy by retaining evidence of the signed and dated parental agreement for continuance forms, approved in form and content by the CDE, for all students repeating kindergarten, prior to the start of the school year to support the inclusion of such pupils in the average daily attendance computation. The District should continue to communicate and train all schools on the District's Kindergarten Continuance policy.

We also recommend that the District obtain written acknowledgement from the schools identified above that they have been provided with the most updated District policy on Kindergarten Continuance and have implemented a system of tracking students who continue in Kindergarten. The District should also continue ensuring that schools are notified in circumstances where a pupil is transferred after attending Kindergarten with another school.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-003) but for different schools.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Status of Prior Year Findings and Recommendations

June 30, 2024

S-2023-004 Independent Study – Attendance Computations

State Program: Attendance Accounting: Attendance Reporting

State Audit Guide Finding Codes: 10000 and 40000

Schools Affected

- City of Angels
- Virtual Academy Computer Science

Recommendation

We recommend that the District strengthen its review process over independent study to ensure that all elements of the master agreements are complete, and all records of attendance contain readily available corresponding pupil work products. We also recommend that the district provide proper training to ensure attendance is reported accurately and policies are adhered to.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-004) but for different schools.

S-2023-005 – Instructional Time

State Audit Guide Finding Codes: 40000

Recommendation

We recommend the District put mechanisms in place to track their compliance with instructional days and instructional minutes offered throughout the year to monitor compliance with the instructional days and instructional minutes requirements.

Current Status

Partially implemented. The District intends to file an instructional time penalty waiver to the California Department of Education in Fiscal Year 2025.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Status of Prior Year Findings and Recommendations

June 30, 2024

S-2023-006 – Classroom Teacher Salaries

State Audit Guide Finding Codes: 61000

Recommendation

We recommend that the District put mechanisms in place to track their percentage of teacher salaries and benefits to total expenses throughout the year in order to monitor compliance with the classroom teacher salary requirements.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-005).

S-2023-007 – After School Education and Safety Program

State Program: After School Education and Safety Program

State Audit Guide Finding Codes: 40000

Schools Affected

- 232nd Place Elementary
- Alta Loma Elementary
- Ambler Ave Elementary School
- Aragon Avenue Elementary
- Breed Street Elementary
- Catskill Ave Elementary School
- Daniel Webster Middle School
- Emerson Community Charter
- Pinewood Avenue Elementary
- Marina Del Rey Middle School
- San Fernando Elementary School
- Sonia Sotomayor Art/Sci Magnet
- Valley Oaks Center for Enriched Studies (VOCES) Magnet
- Walnut Park Elementary
- Westminster Avenue Elementary Math/Tech/Env Studies Magnet
- Westport Heights Elementary
- Westside Global Awareness Magnet

Recommendation

We recommend that the District strengthen its procedures on attendance documentation for the After School Education and Safety program. The District should ensure that the agencies performing the services for these programs are aware of the District's policies, specifically on maintaining accurate attendance records and retain supporting documentation for instances in which students arrive to the programs late or leave early.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-007) but for different schools.

S-2023-008 – Unduplicated Local Control Funding Formula Pupil Counts

State Program: Unduplicated Local Control Funding Formula Pupil Counts

State Audit Guide Finding Code: 40000

Schools Affected

- Alexandria Avenue Elementary
- Bridge Street Elementary
- Brockton Avenue Elementary
- Budlong Avenue Elementary
- Carson Street Elementary
- Corona Avenue Elementary
- Dr Maya Angelou Community Senior High
- El Sereno Elementary
- Foshay Learning Center
- Francisco Bravo Senior High Medical Magnet
- Fries Avenue Elementary
- Hollywood Elementary
- James J McBride Special Education Center
- Johnnie L Cochran Jr Middle School
- Mariposa-Nabi Primary Center
- Marlton School
- Morris K Hamasaki Medical/Science Magnet
- Nathaniel Narbonne Senior High
- Noble Avenue Elementary
- Point Fermin Elementary Marine Science Magnet
- Quincy Jones Elementary
- Raymond Avenue Elementary
- Roosevelt Senior High Science/Tech/Math Magnet
- San Fernando Elementary
- Saticoy Elementary
- Susan Miller Dorsey Senior High
- Walgrove Avenue Elementary
- Walnut Park Elementary
- Wilton Place Elementary
- University High School Charter (Dependent Charter)

Recommendation

We recommend that the District continue to monitor English learner and free and reduced meal eligibility status' to ensure students who are designated as English learner or free and reduced meal eligible have proper supporting documentation. We also recommend that the District continue to train staff on enrollment procedures so that students' correct designations will be reflected in the student information system.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-007) but for different schools.

S-2023-009 Immunizations

State Audit Guide Finding Codes: 40000

Schools Affected

- 107th Street Elementary
- 42nd Street Elementary
- Angeles Mesa Elementary
- Bellingham Elementary
- Coliseum Street Elementary
- Erwin Elementary
- Grant Elementary
- Hubert Howe Bancroft Middle School
- John B Monlux Elementary
- Kenter Canyon Elementary Charter
- Kittridge Street Elementary
- Manhattan Place Elementary
- Mountain View Elementary
- Orchard Academies 2C
- Purche Avenue Elementary
- Rancho Dominguez Preparatory School
- Raymond Avenue Elementary
- Vinedale College Preparatory Academy

Recommendation

We recommend that the District strengthen its controls over implementing District policies regarding pupil immunization record tracking. Furthermore, we recommend that the District continue providing adequate training to the schools to properly monitor pupil immunization.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-009) but for different schools.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Status of Prior Year Findings and Recommendations

June 30, 2024

S-2023-010 – Expanded Learning Opportunities Grant

State Audit Guide Finding Codes: 40000

Recommendation

We recommend that the District strengthen its monitoring and review controls over expenditure charges to the ELO-G fund to ensure that all costs are associated with allowable services and that all necessary adjustments are made timely.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-010).

S-2023-011 – Transitional Kindergarten

State Audit Guide Finding Codes: 40000

Recommendation

We recommend the District put mechanisms in place to track their compliance with transitional kindergarten average class enrollment and adult-to-pupil ratio throughout the year to monitor compliance with transitional kindergarten average class enrollment and adult-to-pupil ratio requirements.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-012).

LOS ANGELES UNIFIED SCHOOL DISTRICT

Status of Prior Year Findings and Recommendations

June 30, 2024

S-2023-012 – Attendance Accounting – Dependent Charters – Attendance Computations

State Program: Attendance Accounting: Attendance Reporting

State Audit Guide Finding Codes: 10000 and 40000

Schools Affected

- Canyon Charter Elementary
- Hesby Oaks Leadership Charter
- Serrania Avenue Charter for Enriched Studies
- Sherman Oaks Elementary Charter School
- University Charter HS Math/Art/Sci/Tech Magnet
- University High School Charter

Recommendation

We recommend that the District and the schools continue to strengthen its controls over implementing attendance policies over student attendance reporting by ensuring schools maintain adequate support for reported absences, accurately report student absences in the school's monthly attendance summary and retain supporting documentation for instances in which students arrive to school late or leave early. Finally, we recommend that the District continue to support the schools by providing adequate training over attendance reporting so that proper attendance reporting procedures are adhered to, and that the District maintain documentation reflecting that each of the schools identified above have been successfully trained.

Current Status

The District has implemented the Corrective Action Plan as stipulated in their response to the prior year audit finding. This is a repeat finding which has been reported in the current year (S-2024-013) but for different schools.

S-2023-013 – Annual Instructional Minutes – Classroom Based - Dependent Charters

State Audit Guide Finding Codes: 40000

Schools Affected

- Grover Cleveland Charter High School
- Reseda Charter High School
- Sylmar Charter High School
- William Howard Taft Charter High School

Recommendation

We recommend the District put mechanisms in place to track their compliance with instructional minutes offered throughout the year to monitor compliance with the instructional minutes requirements.

Current Status

Implemented.

The Honorable Board of Education
Los Angeles Unified School District
Los Angeles, California

Members of the Board:

In planning and performing our audit of the financial statements of the **Los Angeles Unified School District** (District) as of and for the year ended June 30, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item FS-2024-001 that we consider to be a significant deficiency.

CPA℠
The CPA. Never Underestimate The Value.℠

Although not considered to be significant deficiencies or material weaknesses, we also noted certain items during our audit, which we would like to bring to your attention. These comments are summarized in the following report to management on pages 252 to 260. Our observations and recommendations have been discussed with appropriate members of management and are intended to strengthen internal controls and operating efficiency.

The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

This communication is intended solely for the information and use of the Board of Education, District management, the State Controller's office, federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Simpson & Simpson

The Honorable Board of Education
Los Angeles Unified School District
December 16, 2024

Current Year Management Letter Comments

ML-2024-001 – Colin User Access

Condition

Our review of Colins users revealed 76 user accounts assigned to retired employees, 61 accounts assigned to withdrawn employees and three (3) accounts assigned to inactive District personnel.

Recommendation

Application user accounts of retired and withdrawn employees be deactivated and subsequently deleted in a timely manner.

Management Response

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Minimal Risk - Access is not possible without an active SSO, and there is no fallback authentication for local accounts.

Compensating Controls

System access requires users to have an active SSO account in addition to provisioning the account in the system. Accounts are deactivated periodically upon request by system owners.

Corrective action

ITS will develop a process to review and remove inactive accounts on a periodic basis.

Target completion: 6/30/2025

Name: Eddard Romero
Title/Division: Senior Administrator, IT Infrastructure/Information Technology Services (ITS)
Telephone: 213.241.1086

Current Year Management Letter Comments

ML-2024-002 – Maximo User Access

Condition

Our review of Maximo users revealed 9 (nine) accounts assigned to retired employees, 3 (three) accounts assigned to withdrawn employees and 2 (two) accounts assigned to inactive District personnel.

Recommendation

Application user accounts of retired, withdrawn and inactive employees should be deactivated and subsequently deleted in a timely manner.

Management Response

Information Technology Services (ITS) agrees with this finding.

Risk Assessment Results

Minimal Risk - Access is not possible without an active SSO, and there is no fallback authentication for local accounts.

Compensating Controls

System access requires users to have an active SSO account in addition to provisioning the account in the system. Accounts are deactivated periodically upon request by system owners.

Current Year Management Letter Comments

ML-2024-003 – Annual Form 700

Condition

We sampled and tested a total of 40 of 3,960 District employees who were required to disclose their personal financial interests on Form 700 – Statement of Economic Interests (Form 700) as a result of being identified as being in a position designated in the District's Conflict of Interest Code that makes or influences financial or governmental decisions. Employees were to submit their 2024 annual Form 700 to the District's Ethics Office (Ethics Office) no later than April 2, 2024, in accordance with the Fair Political Practices Commission (FPPC) guidelines.

We identified a total of 16 employees who did not meet the Ethics Office and FPPC Form 700 submission guidelines as follows:

- 11 employees submitted their Form 700 after the April 2, 2024, deadline.
- Four (4) employees submitted their Form 700 after the April 2, 2024 deadline due to not being added to the filing system in a timely manner.
- One (1) employee has yet to submit their Form 700 as they are on leave.

In accordance with FPPC guidelines, the following two remediation activities may be exercised for late statements:

- The filing officer who retains originally signed or electronically filed statements of economic interests may impose on an individual a fine for any statement that is filed late. The fine is $10 per day up to a maximum of $100. Late filing penalties may be reduced or waived under certain circumstances.
- Persons who fail to file their Form 700 timely may be referred to the FPPC's Enforcement Division (and, in some cases, to the Attorney General or District Attorney) for investigation and possible prosecution. In addition to the late filing penalties from the filing officer, a fine of up to $5,000 per violation may be imposed.

Neither of the above was imposed on the 16 identified employees above.

Recommendation

We recommend that the Ethics Office strengthen its controls over collecting Form 700s by adopting remediation guidelines stipulated by the FPPC to ensure timely submission. Additionally, we recommend the Ethics Office identify and notify required filers timely.

The Honorable Board of Education
Los Angeles Unified School District
December 16, 2024

Current Year Management Letter Comments

Management Response

The Ethics Office agrees with the auditor's recommendations and will work to fully implement FPPC guidelines regarding filer notifications, assessment of penalties for late filers and the referral of non-compliant filers to the FPPC's Enforcement Division for action for the 2024/2025 Annual Form 700 filing period. The Ethics Office will issue a Bulletin within the 1st first quarter of the 2025 calendar year outlining filing responsibilities for LAUSD Form 700 filers, including procedures for requesting full and partial waivers of penalties assessed to late filers.

Current Year Management Letter Comments

ML-2024-004 – Procurement of Professional Service Contracts

Condition

We sampled and tested the District's Procurement Services Division (PSD) procurement of 27 professional service agreements entered into during Fiscal Year 2024.

For one sampled consulting agreement, we noted the following:

- The Memorandum of Agreement (agreement) miscalculated the total not-to-exceed value. The agreement stipulates the amount to be $200,000, but based on the consultant's compensation terms, it totals $120,000. The purchase order established in SAP stipulates a not-to-exceed total of $200,000. No corrections have since been made to the agreement or the purchase order.

- The consultant was compensated for work conducted prior to the execution of the agreement. The agreement was executed on February 28, 2024; however, the term covers December 1, 2023, to November 30, 2024. On July 28, 2024, the consultant submitted to the District invoices amounting to $25,000 for work conducted from December 11, 2023, through February 29, 2024.

Per the District's Procurement Manual, Chapter 8, Section F (Accounts Payable Payment of Invoices), item 2.a, (Payment for Services Rendered – After the Fact and Unauthorized Commitments):

> "If the vendor provides services or delivers goods in advance of a valid executed contract or Purchase Order, the vendor does so at its own risk and invoices received will not be processed for payment. Therefore, you must ensure that prior to receipt of services or goods delivered by a vendor, that the appropriate procedures are followed to ensure payment to the vendor. Anyone who willfully and intentionally violates the procedures set forth in this Procurement Manual may be personally liable for the costs of services or goods incurred by the District."

Further, Chapter 9 (Doing Business Ethically and Responsibly with LAUSD), stipulates the following:

> "An executed contract must be entered into between the vendor and the District prior to the vendor providing supplies, equipment and general or professional services rendered. Payment for supplies, equipment and general or professional services may be delayed or denied if a contract is not entered into between the vendor and District prior to performance. Therefore, a vendor should not provide supplies, equipment and general or professional services prior to entering into a contract with the District. Schools/offices should not allow or encourage vendors to provide supplies, equipment and general or professional services without the vendor entering into a contract via PSD."

Recommendation

We recommend that the District strengthen controls over the procurement of professional service agreements to ensure adherence to its Procurement Manual, particularly regarding payments for services performed prior to the execution of an agreement. Additionally, we recommend implementing procedures to promptly correct and resolve any errors identified after an agreement has been executed by amending the agreement and ensuring the purchase order is corrected.

Current Year Management Letter Comments

Management Response

Procurement agrees with the recommendation and will ensure that appropriate policies and procedures are followed when processing professional services agreements. Procurement has a procedure for the timely correction of errors and amending agreements, which Procurement will ensure staff adheres to by conducting refresher training sessions with staff beginning March 2025.

Name: Ericka Y. King
Title: Senior Contract Administration Manager
Telephone: (213) 241-1164

Status of Prior Year Management Letter Comments

ML-2023-001 – SAP Asset Master Record Access

Recommendation

We recommend that SAP accounts associated with retired or terminated personnel be deleted or disabled in a timely manner upon their departure from the District.

Current Status

Implemented.

ML-2023-002 – SAP Create Purchase Order Access

Recommendation

We recommend that SAP accounts associated with retired or terminated personnel be deleted or disabled in a timely manner upon their departure from the District.

Current Status

Implemented.

ML-2023-003 – Student Body Investment Funds

Recommendation

We recommend that the District strengthen controls over the timely collection and reconciliation of student body investment funds to ensure that balances reported by the District reflect the balances maintained by the financial institutions as of June 30, 2023.

Current Status

Implemented.

Status of Prior Year Management Letter Comments

ML-2023-004 – Annual Form 700

Recommendation

We recommend that the Ethics Office strengthen its controls over the collection of Form 700s by adopting remediation guidelines stipulated by the FPPC and implementing procedures to be promptly notified of employee retirements.

Current Status

Partially implemented.

The Ethics Office will issue a Bulletin within the 1st first quarter of the 2025 calendar year outlining filing responsibilities for LAUSD Form 700 filers, including procedures for requesting full and partial waivers of penalties assessed to late filers.

ML-2021-001 - SAP Network Vulnerability

Recommendation

We recommend that District management implement a Vulnerability Management program for SAP. The program should be enforced by documented policy and ensure vulnerabilities are identified and remediated in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

Current Status

Partially implemented, see item FS-2024-002 within the accompanying schedule of findings and questioned costs.

ML-2021-002 – MISIS Network Vulnerability

Recommendation

We recommend that District management implement a Vulnerability Management program for MISIS. The program should be enforced by documented policy and ensure vulnerabilities are identified and remediated in a timely manner. At a minimum, "Critical" and "High" severity level vulnerabilities should be remediated within 30 days of identification.

Current Status

Partially implemented; see item FS-2024-002 within the accompanying schedule of findings and questioned costs.

Status of Prior Year Management Letter Comments

ML-2019-003 - Business Continuity Planning
ML-2016-001 - Business Continuity /IT Disaster Recovery Planning
ML-2014-007 - Business Continuity /IT Disaster Recovery Planning

Recommendation

BCPs should be completed and updated on a regular basis to ensure that operations and IT systems can be effectively recovered, shortcomings are addressed, and the plan remains relevant.

Current Status

Implemented (for ITS):

- Development of non-ITS Branches/Offices Business Continuity Plans (BCP) are no longer under the jurisdiction of ITS

- An ITS Business Recover Plan (BCP) was developed and adopted as of May 6, 2024. The ITS BCP is designed to provide guidance for implementing the District's Business Continuity Plan to ensure ITS can conduct its essential missions and functions in the event of a facilities (office building) disruption or disaster.

- The IT Cloud Disaster Recovery Solution is complete.

ML-2015-002 - Security Management Policy and Procedures

Recommendation

We recommend that Information Technology Services (ITS) management coordinate with District business/operations management to complete an information security plan (e.g., update, adopt and implement the November 2013 plan) and compile a comprehensive set of information security policies and procedures.

Current Status

Implemented.

APPENDIX C

SUMMARY OF INDENTURE

[THIS PAGE INTENTIONALLY LEFT BLANK]

APPENDIX C

SUMMARY OF INDENTURE

The following summary discussion of selected provisions of the Indenture is made subject to all of the provisions of the Indenture. This summary discussion does not purport to be a complete statement of said provisions and prospective purchasers of the Series 2025A Bonds are referred to the complete text of the Indenture, a copy of which is available upon request sent to the Trustee.

DEFINITIONS

"Additional Bonds" means Bonds, other than Series 2025A Bonds, issued under the Indenture in accordance with the provisions of the Indenture as described in this Appendix C under the heading "THE BONDS – Conditions for the Issuance of Additional Bonds" and " – Procedure for the Issuance of Additional Bonds."

"Authorized Denominations" means, with respect to the Series 2025A Bonds, $5,000 and any integral multiple thereof and, with respect to a Series of Additional Bonds, such denominations set forth in the Supplemental Indenture related to such Series.

"Authorized Representative" means the Superintendent of the District, the Chief Financial Officer of the District, the Deputy Chief Financial Officer of the District and the Controller of the District, including anyone serving as an interim or provisional officer in such positions, and any other Person authorized by the Board of the District or the Superintendent to act on behalf of the District under or with respect to the Indenture and designated as an Authorized Representative in a Written Certificate of the District filed with the Trustee.

"Bond Counsel" means a firm of nationally recognized bond counsel selected by the District and acceptable to the Trustee.

"Bond Fund" means the fund by that name established and held by the Trustee pursuant to the Indenture.

"Bonds" means the Los Angeles Unified School District Judgment Obligation Bonds issued in accordance with the Indenture and includes the Series 2025A Bonds and any Additional Bonds.

"Book-Entry Bonds" means the Bonds of a Series registered in the name of the nominee of DTC, or any successor securities depository for such Series of Bonds, as the registered owner thereof pursuant to the terms and provisions of the Indenture and as described in APPENDIX G – "BOOK-ENTRY ONLY SYSTEM" to this Official Statement.

"Board" means the Board of Education of the District.

"Business Day" means a day other than (a) Saturday or Sunday, (b) a day on which banking institutions in the city or cities in which the principal corporate trust office of the Trustee is located are authorized or required by law to be closed, or (c) a day on

which the New York Stock Exchange is closed or the payment system of the Federal Reserve is not operational.

"Closing Date" means, as appropriate to the context, the Series 2025A Closing Date, and/or the closing date(s) for any series of Additional Bonds.

"Code" means the Internal Revenue Code of 1986.

"Continuing Disclosure Certificate (Series 2025A Bonds)" means the Continuing Disclosure Certificate, dated the Series 2025A Closing Date, of the District, as originally executed and as it may from time to time be amended in accordance with the provisions thereof.

"Costs of Issuance" means all items of expense directly or indirectly payable by or reimbursable to the District relating to the refunding of any Judgments and/or Notes (including, without limitation, the obligation to pay all amounts allocable, as and when due and owing under such Notes, related Revolving Credit Agreement and Fee Agreement, and costs of issuance of such Notes (including underwriter's discount or placement agent fee)), the authorization, issuance, sale and delivery of the Bonds, and any costs of refunding of Bonds, including but not limited to printing expenses, rating agency fees, bond insurance premiums, filing and recording fees, initial fees, expenses and charges of the Trustee and its counsel (including the Trustee's first annual administrative fee), fees, charges and disbursements of attorneys, financial advisors, accounting firms, consultants and other professionals, fees and charges for preparation, execution and safekeeping of the Bonds and any other cost, charge or fee in connection with the original issuance of the Bonds.

"Costs of Issuance Fund" means the fund by that name established and held by the Trustee pursuant to the Indenture.

"District" means the Los Angeles Unified School District, a school district organized and existing under the Constitution and laws of the State of California.

"DTC" means The Depository Trust Company, a limited-purpose trust company organized under the laws of the State of New York, and its successors as securities depository for the Bonds, including any such successor appointed pursuant to the Indenture.

"Event of Bankruptcy" means the filing of a petition in bankruptcy or the commencement of a proceeding under the United States Bankruptcy Code or any other applicable law concerning insolvency, reorganization or bankruptcy by or against the District.

"Event of Default" means an event as described as such in the provisions of the Indenture as described in this Appendix C under the heading "EVENTS OF DEFAULT AND REMEDIES – Events of Default."

"Federal Securities" means (a) direct general obligations of the United States of America (including obligations issued or held in book entry form on the books of the Department of the Treasury of the United States of America), and (b) obligations of any agency, department or instrumentality of the United States of America the timely payment of principal of and interest on which are fully guaranteed by the United States of America.

"Fee Agreement" means, as the context suggests, the related Fee Agreement, together with any amendments or supplements thereto, between the District and the respective Lender.

"Fiscal Year" means the period beginning on July 1 of each year and ending on the next succeeding June 30, or any other annual accounting period designated by the District as its Fiscal Year in accordance with applicable law.

"Indenture" means the Indenture, dated as of July 1, 2025, by and between the District and the Trustee, as originally executed or as it may from time to time be amended or supplemented by any Supplemental Indenture.

"Insurance Policy" means the Municipal Bond Insurance Policy, if any, issued by the applicable Insurer and guaranteeing, in whole or in part, the scheduled payment of principal of and interest on Insured Bonds of a Series of Bonds when due.

"Insured Bonds" shall mean Bonds the payment of the principal of and interest on which is guaranteed by an Insurer.

"Insurer" means the issuer or issuers, if any, of a policy or policies of municipal bond insurance obtained by the District to insure the payment of the principal of and interest on Insured Bonds of a Series of Bonds issued under the Indenture, when due otherwise than by acceleration, and which, in fact, are at any time insuring such Series of Bonds.

For the purposes of this definition, all consents, approvals or actions required by the Insurer, if any, shall be by action of a majority of all Insurers (based upon the aggregate principal amount of Outstanding Bonds insured by each such Insurer) if there is more than a single Insurer.

"Insurer Expenses" means any and all charges, fees, costs and expenses which the Insurer may reasonably pay or incur in connection with (a) the administration, enforcement, defense or preservation of any rights or security under the Indenture, (b) the pursuit of any remedies under the Indenture or otherwise afforded by law or equity, (c) any amendment, waiver or other action with respect to, or related to, the Indenture, whether or not executed or completed, (d) the violation by the District of any law, rule or regulation, or any judgment, order or decree applicable to it, or (e) any litigation or other dispute in connection with the Indenture or the transactions contemplated thereby, other than amounts resulting from the failure of the Insurer to honor its obligations under the Insurance Policy.

"Interest Payment Date" means April 1 and October 1 of each year, commencing, October 1, 2025, with respect to the Series 2025A Bonds, so long as any Series 2025A Bonds remain Outstanding.

"Judgment" or "Judgments" means the final judgments or orders for monetary damages against the District following concluded litigation or stipulated settlement (each such judgment or order which is entered against the District by the applicable court or courts and which is not subject to appeal or further appeal, or which the District has indicated that it will not appeal, being referred to in the Indenture as, a "Judgment" and, collectively, the "Judgments") by the applicable court or courts, including, without limitation, the California Superior Court before which several claims are currently pending, as a result of litigation brought by application of California Code of Civil Procedure Section 340.1 and California Assembly Bill Number 218, chaptered by the California Secretary of State on October 13, 2019 ("AB 218") and similar claims for tort liability, and as to a Series of Bonds, the Judgment or Judgments refunded thereby.

"Judgment Obligee" or **"Judgment Obligees"** means the Person or Persons to whom the District is obligated to make payments pursuant to the terms of the Judgment or Judgments as set forth in the Indenture.

"Lender" means the respective lending bank under a Revolving Credit Agreement.

"Moody's" means Moody's Investors Service, a corporation organized and existing under the laws of the State of Delaware, and its successors and assigns, except that if such entity shall no longer perform

the functions of a securities rating agency for any reason, the term "Moody's" shall be deemed to refer to any other nationally recognized securities rating agency selected by the District and specified to the Trustee in writing.

"Note" or "Notes" means the Temporary Note or, collectively, the Temporary Notes and, together with the Promissory Notes, the proceeds of which are used to satisfy and refund one or more Judgments.

"Office of the Trustee" means the principal corporate trust office of the Trustee in Los Angeles, California; provided, however, that for purposes of payment, exchange, transfer, surrender and cancellation of Bonds, such term means the principal corporate trust office of the Trustee in Saint Paul, Minnesota, or such other office as may be specified to the District by the Trustee in writing.

"Original Purchaser" means, with respect to the Series 2025A Bonds, RBC Capital Markets, LLC, for itself and as representative of a syndicate that also includes the other underwriters set forth on the cover page of this Official Statement, the original purchasers of the Series 2025A Bonds from the District.

"Outstanding," when used as of any particular time with reference to Bonds, means (subject to the provisions of the Indenture as described in this Appendix C under the heading "MISCELLANEOUS – Disqualified Bonds") all Bonds except (a) Bonds theretofore canceled and destroyed by the Trustee or surrendered to the Trustee for cancellation and destruction, (b) Bonds paid or deemed to have been paid within the meaning of the Indenture, and (c) Bonds in lieu of or in substitution for which other Bonds shall have been executed by the District and authenticated and delivered by the Trustee pursuant to the Indenture.

"Owner" means, with respect to a Bond, the Person in whose name such Bond is registered on the Registration Books.

"Participating Underwriter (Series 2025A Bonds)" has the meaning ascribed thereto in the Continuing Disclosure Certificate (Series 2025A Bonds).

"Permitted Investments" means any of the following to the extent then permitted by applicable laws:

(1) (a) Direct obligations (other than an obligation subject to variation in principal repayment) of the United States of America ("**United States Treasury Obligations**"), (b) obligations fully and unconditionally guaranteed as to timely payment of principal and interest by the United States of America, (c) obligations fully and unconditionally guaranteed as to timely payment of principal and interest by any agency or instrumentality of the United States of America when such obligations are backed by the full faith and credit of the United States of America, or (d) evidences of ownership of proportionate interests in future interest and principal payments on obligations as described above held by a bank or trust company as custodian, under which the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor and the underlying government obligations are not available to any person claiming through the custodian or to whom the custodian may be obligated (collectively "**United States Obligations**"). These include, but are not necessarily limited to:

- U.S. Treasury obligations
  All direct or fully guaranteed obligations
- Farmers Home Administration
  Certificates of beneficial ownership

– General Services Administration
Participation certificates

– U.S. Maritime Administration
Guaranteed Title XI financing

– Small Business Administration
Guaranteed participation certificates

– Guaranteed pool certificates

– Government National Mortgage Association (GNMA)
GNMA-guaranteed mortgage-backed securities
GNMA-guaranteed participation certificates

– U.S. Department of Housing & Urban Development
Local authority bonds

(2) Obligations of instrumentalities or agencies of the United States of America limited to the following: (a) the Federal Home Loan Bank Board ("**FHLB**"); (b) the Federal Home Loan Mortgage Corporation ("**FHLMC**"); (c) the Federal National Mortgage Association ("**FNMA**"); (d) Federal Farm Credit Bank ("**FFCB**"); (e) Government National Mortgage Association ("**GNMA**"); (f) Student Loan Marketing Association ("**SLMA**"); and (g) guaranteed portions of Small Business Administration ("**SBA**") notes.

(3) Shares of beneficial interest issued by diversified management companies, known as money market funds, registered with the U.S. Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 *et seq*.) and whose fund either (a) is restricted to obligations issued or guaranteed as to payment of principal and interest by the full faith and credit of the United States or (b) is rated in the highest rating category by either S&P or Moody's.

"Person" means an individual, corporation, firm, association, partnership, limited liability company, trust, or other legal entity or group of entities, including a governmental entity or any agency or political subdivision thereof.

"Rebate Fund" means the fund by that name established and held by the Trustee pursuant to the Indenture.

"Rebate Requirement" has the meaning ascribed thereto in the Tax Certificate.

"Record Date" means the 15th calendar day of the month preceding each Interest Payment Date, whether or not such day is a Business Day.

"Refunding Fund" means the fund by that name established and held by the Trustee pursuant to the Indenture.

"Refunding Law" means Articles 10 and 11 (commencing with Section 53570) of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code.

"Registration Books" means the records maintained by the Trustee for the registration of ownership and registration of transfer of the Bonds pursuant to the provisions of the Indenture as described in this Appendix C under the heading "THE BONDS – Registration Books."

"Representation Letter" means the Letter of Representations from the District to DTC, or any successor securities depository for the Bonds, in which the District makes certain representations with respect to issues of its securities for deposit by DTC or such successor depository.

"Revolving Credit Agreement" means, as the context suggests, the related Revolving Credit Agreement, together with any amendments or supplements thereto, between the District and the respective Lender.

"S&P" means S&P Global Ratings, a division of S&P Global Inc., and its successors and assigns, except that if such entity shall no longer perform the functions of a securities rating agency for any reason, the term "S&P" shall be deemed to refer to any other nationally recognized securities rating agency selected by the District and specified to the Trustee in writing.

"Series" means the initial series of Bonds executed, authenticated and delivered on the date of initial issuance thereof and identified pursuant to the Indenture as the Series 2025A Bonds, and any Additional Bonds issued pursuant to a Supplemental Indenture and identified as a separate Series of Bonds.

"Series 2025A Bonds" means the "Los Angeles Unified School District Judgment Obligation Bonds, Series 2025A (Federally Taxable)" issued under the Indenture.

"Series 2025A Closing Date" means the date of closing and delivery of the Series 2025A Bonds.

"Series 2025A Cost of Issuance Account" means the account by that name established and held by the Trustee in the Cost of Issuance Fund pursuant to the Indenture.

"Series 2025A Judgment Obligees" means the Judgment Obligees under the Series 2025A Judgments specified in Appendix B to the Indenture.

"Series 2025A Judgments" means the Judgments specified in Appendix B to the Indenture.

"Series 2025A Note Resolution" means the resolution of the District providing for the issuance of the Series 2025A Notes as a temporary borrowing by the District for the purpose of refunding one or more Judgments as specified therein.

"Series 2025A Notes" means the notes issued to refund one or more Judgments as specified in Appendix B to the Indenture as promissory notes as provided in the related Series 2025A Revolving Credit Agreement and/or the Notes issued as a temporary borrowing pursuant to the Series 2025A Note Resolution.

"Series 2025A Refunding Account" means the account by that name established and held by the Trustee in the Refunding Fund pursuant to the Indenture.

"State" means the State of California.

"Supplemental Indenture" means any supplemental indenture amendatory of or supplemental to the Indenture, but only if and to the extent that such Supplemental Indenture is specifically authorized under the Indenture.

"Tax Certificate" means, collectively, or with respect to a Series of Bonds, as the context suggests, the Tax Certificate executed by the District at the time of issuance of the related Series of Bonds issued as Tax-Exempt Bonds relating to the requirements of Section 148 of the Code, as originally executed and as

it may from time to time be amended in accordance with the provisions thereof, including, without limitation, the Tax Certificate (Series 2025A Bonds).

"Tax-Exempt Bonds" means, with respect to interest on any obligations of a state or local government that such interest is excluded from the gross income of the holders thereof for federal income tax purposes, whether or not such interest is includable as an item of tax preference or otherwise includable directly or indirectly for purposes of calculating other tax liabilities, including any alternative minimum tax or environmental tax under the Code.

"Trustee" means U.S. Bank Trust Company, National Association a national banking association organized and existing under the laws of the United States of America, or any successor thereto as Trustee under the Indenture, appointed as provided therein.

"Written Certificate" and **"Written Request"** of the District mean, respectively, a written certificate or written request signed in the name of the District by its Authorized Representative. Any such certificate or request may, but need not, be combined in a single instrument with any other instrument, opinion or representation, and the two or more so combined shall be read and construed as a single instrument.

THE BONDS

Authorization of Bonds; Bonds Constitute Obligations Imposed by Law. The District authorizes the issuance of the Bonds under and subject to the terms of the Indenture, the Refunding Law and other applicable laws of the State of California for the purpose of satisfying the District's payment obligations under, and the refunding of, the Judgments and the Notes, the Revolving Credit Agreements, and the Fee Agreements (including costs of issuance of such Notes, underwriter's discount or placement agent fee) and Bonds then Outstanding under the Indenture (including costs of issuance and underwriter's discount or placement agent fee) the proceeds of which have previously refunded a Judgement or Judgments, each as specified in the Indenture as related to such Series of Bonds. The Bonds may consist of one or more Series of varying denominations, dates, maturities, interest rates and other provisions, subject to the provisions and conditions contained in the Indenture. The Bonds shall be designated generally as the "Los Angeles Unified School District Judgment Obligation Bonds," each Series thereof to bear such additional designation as may be necessary or appropriate to distinguish such Series from every other Series of Bonds.

The obligations of the District under the Bonds, including the obligation to make all payments of the interest on and the principal of the Bonds when due, are obligations of the District imposed by law and are absolute and unconditional, without any right of set-off or counterclaim. The Bonds do not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation, and neither the Bonds nor the obligation of the District to make payment of the interest on or the principal of the Bonds constitutes an indebtedness of the District or the State, or any of its political subdivisions, in contravention of any constitutional or statutory debt limitation or restriction.

Transfer and Exchange of Bonds. Any Bond may, in accordance with its terms, be transferred upon the Registration Books by the Person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Trustee. Whenever any Bond or Bonds shall be surrendered for transfer, the District shall execute and the Trustee shall authenticate and shall deliver a new Bond or Bonds of the same Series and maturity in a like aggregate principal amount, in any Authorized Denomination. The Trustee shall require the Owner requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer.

The Bonds may be exchanged at the Office of the Trustee for a like aggregate principal amount of Bonds of the same Series and maturity in a like aggregate principal amount of other Authorized Denominations. The Trustee shall require the payment by the Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

Registration Books. The Trustee will keep or cause to be kept, at the Office of the Trustee, sufficient records for the registration and transfer of ownership of the Bonds, which shall be open to inspection during regular business hours and upon reasonable notice by the District; and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred, on such records, the ownership of the Bonds as provided in the Indenture.

Temporary Bonds. The Bonds may be issued in temporary form exchangeable for definitive Bonds when ready for delivery. Any temporary Bonds may be printed, lithographed or typewritten, shall be of such Authorized Denominations as may be determined by the District, shall be in fully registered form without coupons and may contain such reference to any of the provisions of the Indenture as may be appropriate. Every temporary Bond shall be executed by the District and authenticated by the Trustee upon the same conditions and in substantially the same manner as the definitive Bonds. If the District issues temporary Bonds it shall execute and deliver definitive Bonds as promptly thereafter as practicable, and thereupon the temporary Bonds may be surrendered, for cancellation, at the Office of the Trustee and the Trustee shall authenticate and deliver in exchange for such temporary Bonds a like aggregate principal amount of definitive Bonds of the same maturity in Authorized Denominations. Until so exchanged, the temporary Bonds shall be entitled to the same benefits under the Indenture as definitive Bonds authenticated and delivered under the Indenture.

Bonds Mutilated, Lost, Destroyed or Stolen. If any Bond shall become mutilated, the District, at the expense of the Owner of said Bond, shall execute, and the Trustee shall thereupon authenticate and deliver, a new Bond of like tenor in exchange and substitution for the Bond so mutilated, but only upon surrender to the Trustee of the Bond so mutilated. Every mutilated Bond so surrendered to the Trustee shall be destroyed by it. If any Bond shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Trustee and, if such evidence and indemnity satisfactory to the Trustee shall be given, the District, at the expense of the Owner, shall execute, and the Trustee shall thereupon authenticate and deliver, a new Bond of like tenor in lieu of and in replacement for the Bond so lost, destroyed or stolen (or if any such Bond shall have matured, instead of issuing a replacement Bond, the Trustee may pay the same without surrender thereof). The District may require payment by the Owner of a sum not exceeding the actual cost of preparing each replacement Bond issued under this paragraph and of the expenses which may be incurred by the District and the Trustee. Any Bond issued under the provisions of this paragraph in lieu of any Bond alleged to be lost, destroyed or stolen shall constitute an original additional contractual obligation on the part of the District whether or not the Bond so alleged to be lost, destroyed or stolen be at any time enforceable by anyone, and shall be entitled to the benefits of the Indenture with all other Bonds secured by the Indenture.

ADDITIONAL BONDS

Conditions for the Issuance of Additional Bonds. The District may at any time issue Additional Bonds on a parity with the Series 2025A Bonds, but only subject to the following specific conditions, which are made conditions precedent to the issuance of any such Additional Bonds:

(a) The District shall be in compliance with all agreements and covenants contained in the Indenture.

(b) The issuance of such Additional Bonds shall have been authorized pursuant to the Refunding Law and shall have been provided for by a Supplemental Indenture which shall specify the following:

(i) The purpose for which such Additional Bonds are to be issued; provided that such Additional Bonds shall be applied solely for (i) refunding the District's obligations to the Judgment Obligees evidenced by the Judgments, (ii) refunding the District's obligations to any Lender or other holders of Notes then outstanding and issued in satisfaction of any Judgment or Judgments from time to time (including, without limitation, the obligation to pay all amounts allocable, as and when due and owing under the related Notes, Revolving Credit Agreement, and Fee Agreement, and costs of issuance of such Notes (including underwriter's discount or placement agent fee), (iii) refunding Bonds Outstanding under the Indenture, and (iv) paying costs incidental to or connected with the issuance of Additional Bonds for such purpose;

(ii) Specification of the respective Judgment Obligees and/or the respective Lenders or other holders of the related Notes to be refunded by such Additional Bonds;

(iii) The principal amount and Series designation of such Series of Additional Bonds and the denomination or denominations of the Additional Bonds, which shall be Authorized Denominations;

(iv) That such Additional Bonds shall be payable as to interest on the Interest Payment Dates, except that the first installment of interest may be payable on either April 1 or October 1.

(v) The date, the maturity date or dates and the dates on which mandatory sinking fund redemptions, if any, are to be made for such Additional Bonds; provided, that (A) the serial Bonds of such Series of Additional Bonds shall be payable as to principal annually on October 1 of each year in which principal falls due, and the term Bonds of such Series of Additional Bonds shall have annual mandatory sinking fund redemptions on October 1, (B) all Additional Bonds of a Series of like maturity shall be identical in all respects, except as to number or denomination and if Additional Bonds of the same Series maturing in a single year are issued with different interest rates, such differing interest rates, and (C) serial maturities of serial Bonds or mandatory sinking fund redemptions for term Bonds, or any combination thereof, shall be established to provide for the redemption or payment of such Additional Bonds on or before their respective maturity dates;

(vi) The redemption premiums, if any, and the redemption terms, if any, for such Additional Bonds; and

(vii) Such other provisions (including the requirements of a book-entry bond registration system, if any) as are necessary or appropriate and not inconsistent with the Indenture.

Procedure for the Issuance of Additional Bonds. At any time after the sale of any Additional Bonds in accordance with the Refunding Law, the District shall execute such Additional Bonds for issuance under the Indenture and shall deliver them to the Trustee, and thereupon such Additional Bonds shall be authenticated and delivered by the Trustee to the purchaser thereof upon the Written Request of the District, but only upon receipt by the Trustee of the following documents or money or securities, all of such documents dated or certified, as the case may be, as of the date of delivery of such Additional Bonds by the Trustee:

(a) An executed copy of the Supplemental Indenture authorizing the issuance of such Additional Bonds;

(b) A Written Request of the District as to the delivery of such Additional Bonds;

(c) An Opinion of Counsel to the effect that (i) the District has executed and delivered the Supplemental Indenture, and the Supplemental Indenture is a valid and binding obligation of the District, and (ii) such Additional Bonds are valid and binding obligations of the District;

(d) A Written Certificate of the District stating that all requirements of the provisions of the Indenture as described in this Appendix C under the heading "THE BONDS – Conditions for the Issuance of Additional Bonds" have been complied with and containing any other such statements as may be reasonably necessary to show compliance with the conditions for the issuance of such Additional Bonds contained in the Indenture; and

(e) Such further documents, money or securities as are required by the provisions of the Supplemental Indenture providing for the issuance of such Additional Bonds.

SECURITY FOR BONDES; FUNDS; INVESTMENTS

Pledge. Subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, the District pledges and grants a lien on and a security interest in all of the amounts held in the Bond Fund as security for the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of the Indenture and the Refunding Law. Said pledge shall constitute a first lien on such assets. The District expressly reserves the right to issue or incur other obligations for any of its corporate purposes.

Bond Fund. (a) The Trustee shall establish, maintain and hold in trust a special fund designated the "Bond Fund." The Trustee shall deposit in the Bond Fund the amounts required to be deposited therein pursuant to provisions of the Indenture as described in paragraph (b) under the heading "SECURITY FOR BONDS; FLOW OF FUNDS; INVESTMENTS – Bond Fund" and pursuant to any Supplemental Indenture.

(b) The District agrees and covenants that not later than two Business Days prior to each Interest Payment Date, it will transfer to the Trustee an amount which, together with the amount then on deposit in the Bond Fund, will equal the amount of the principal of and interest on the Bonds becoming due on such Interest Payment Date. The Trustee shall, upon receipt, deposit such amount in the Bond Fund.

(c) On or before each Interest Payment Date, the Trustee shall withdraw from the Bond Fund for payment to the Owners of the Bonds the principal, if any, of and interest then due and payable on the Bonds. If there are insufficient funds in the Bond Fund to pay the principal, if any, of and interest on the Bonds, the Trustee shall apply the available funds first to the payment of interest on the Bonds, then to the payment of principal of the Bonds.

Costs of Issuance Fund. There is established by the Indenture a separate fund to be known as the "Costs of Issuance Fund," which shall be held by the Trustee in trust. Within the Costs of Issuance Fund, the Trustee shall establish and maintain a separate account designated the "Series 2025A Costs of Issuance Account." Upon the issuance of Additional Bonds, the Trustee shall also establish and maintain, within the Costs of Issuance Fund, a separate Costs of Issuance Account for each Series of Additional Bonds. On the Series 2025A Closing Date, the Trustee shall deposit in the Series 2025A Costs of Issuance Account the amount specified in the forepart of this Official Statement under the heading "ESTIMATED SOURCES AND USES OF FUNDS."

The moneys in the Costs of Issuance Fund shall be used and withdrawn by the Trustee from time to time to pay the Costs of Issuance upon submission of a Written Request of the District stating (a) the Person to whom payment is to be made, (b) the amount to be paid, (c) the purpose for which the obligation was incurred, (d) that such payment is a proper charge against the Costs of Issuance Fund, and (e) that such amounts have not been the subject of a prior disbursement from the Costs of Issuance Fund; in each case together with a

statement or invoice for each amount requested thereunder. On the date that is six months after the Series 2025A Closing Date, any amounts then remaining in the Series 2025A Costs of Issuance Account shall be withdrawn therefrom by the Trustee transferred to the Bond Fund and upon such transfer the Series 2025A Costs of Issuance Account shall be closed.

Refunding Fund. (a) There is established by the Indenture a separate fund to be known as the "Refunding Fund," which shall be held by the Trustee in trust. Within the Refunding Fund, the Trustee shall establish and maintain a separate account designated the "Series 2025A Refunding Account." Upon the issuance of Additional Bonds, the Trustee shall also establish and maintain, within the Refunding Fund, a separate Refunding Account for each Series of Additional Bonds. On the Series 2025A Closing Date, the Trustee shall deposit in the Series 2025A Refunding Account the amount specified in the forepart of this Official Statement under the heading "ESTIMATED SOURCES AND USES OF FUNDS."

(b) On the Series 2025A Closing Date, the District shall deliver to the Trustee a Written Request of the District stating (1) that the Board has duly authorized the refunding of the Series 2025A Judgments and the Series 2025A Notes with net proceeds of the Series 2025A Bonds, (2) that the amount in the Series 2025A Refunding Account shall be paid directly to the Series 2025A Judgment Obligees and the holders of Series 2025A Notes, and (3) instructions as to how such payment or payments are to be made directly to the Series 2025A Judgment Obligees and the holders of Series 2025A Notes, including the names or other identifying information of the Series 2025A Judgment Obligees and the holders of Series 2025A Notes to be so paid and, if applicable, the bank account number or numbers to which such payment or payments are to be made. The Trustee shall make such payment or payments on the Series 2025A Closing Date and, after such payment or payments have been made, the Series 2025A Refunding Account shall be closed.

(c) Upon the issuance of Additional Bonds, the District shall deliver to the Trustee a Written Request of the District stating (1) that the Board has duly authorized the refunding of the applicable Judgments, Notes and/or Bonds with net proceeds of such Series of Additional Bonds, (2) that the amount in the separate Refunding Account established for such Series of Additional Bonds shall be paid directly to the applicable Judgment Obligees, Lenders or other holders of the related Notes or Owners of the related Bonds to be so paid, and (3) instructions as to how such payment or payments are to be made directly to such Judgment Obligees, Lenders or other holders or Owners, including the names and other identifying information of such Judgment Obligees, Lenders or other holders or Owners and, if applicable, the bank account number or numbers to which such payment or payments are to be made.

Rebate Fund. (a) Upon the issuance of a Series of Tax-Exempt Bonds, the Trustee shall establish and maintain a special fund designated the "Rebate Fund." There shall be deposited in the Rebate Fund such amounts as are required to be deposited therein pursuant to the Tax Certificate, as specified in a Written Request of the District. All money at any time deposited in the Rebate Fund shall be held by the Trustee in trust, to the extent required to satisfy the Rebate Requirement, for payment to the United States of America. Notwithstanding defeasance of the Bonds pursuant to provisions of the Indenture as described in this Appendix C under the heading "DEFEASANCE" or anything to the contrary contained therein, all amounts required to be deposited into or on deposit in the Rebate Fund shall be governed exclusively by the provisions of the Indenture as described in this Appendix C under the heading "SECURITY FOR BONDS; FLOW OF FUNDS; INVESTMENTS – Rebate Fund" and by the Tax Certificate (which is incorporated therein by reference). The Trustee shall be deemed conclusively to have complied with such provisions if it follows the written directions of the District, and shall have no liability or responsibility to enforce compliance by the District with the terms of the Tax Certificate.

(b) Any funds remaining in the Rebate Fund after payment in full of all of the Tax-Exempt Bonds and after payment of any amounts as may be required by the Indenture as described in this Appendix C under the heading "SECURITY FOR BONDS; FLOW OF FUNDS; INVESTMENTS – Rebate Fund," shall be

withdrawn by the Trustee and shall be transferred to the District to be expended for any lawful purpose of the District.

Investment of Moneys. Except as otherwise provided in the Indenture, all moneys in any of the funds or accounts established pursuant to the Indenture shall be invested by the Trustee solely in Permitted Investments, as directed in a Written Request of the District received no later than two Business Days prior to the making of such investment. Moneys in all funds and accounts shall be invested in Permitted Investments maturing not later than the date on which the District estimates that such moneys will be required for the purposes specified in the Indenture. Absent timely written direction from the District, the Trustee shall invest any funds held by it in Permitted Investments as described in clause (3) of the definition thereof.

All interest, profits and other income received from the investment of moneys in any fund or account established pursuant to the Indenture shall be retained therein.

Permitted Investments acquired as an investment of moneys in any fund established under the Indenture shall be credited to such fund. All investments of amounts deposited in any fund or account created by or pursuant to the Indenture shall be acquired, disposed of, and valued at fair market value.

Permitted Investments held in the Bond Fund shall be subject to the pledge, lien, and security interest as described in the Indenture.

The Trustee or an affiliate thereof may act as principal or agent in the making or disposing of any investment and shall be entitled to its reasonable and customary fee therefor. Upon the Written Request of the District, the Trustee shall sell or present for redemption any Permitted Investments so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund to which such Permitted Investments is credited, and the Trustee shall not be liable or responsible for any loss resulting from any investment made or sold pursuant to the provisions of the Indenture as described in this Appendix C under the heading "SECURITY FOR BONDS; FLOW OF FUNDS; INVESTMENTS – Investment of Moneys." For purposes of investment, the Trustee may commingle moneys in any of the funds and accounts established under the Indenture.

Redemption Fund. The Trustee shall establish and maintain in trust a special fund designated the "Redemption Fund."

The Trustee shall deposit in the Redemption Fund amounts received from the District in connection with the District's exercise of its rights to optionally redeem Bonds pursuant to the provisions of the Indenture as set forth in the forepart of this Official Statement under the heading "THE SERIES 2025A BONDS - Redemption of Series 2025A Bonds."

Amounts in the Redemption Fund shall be disbursed therefrom for the payment of the redemption price of Bonds redeemed pursuant to the provisions of the Indenture.

COVENANTS OF THE DISTRICT

Punctual Payment and Performance. The District shall punctually pay the interest on and principal of every Bond issued in accordance with the Indenture in strict conformity with the terms of the Indenture and of the Bonds, and shall faithfully observe and perform all the agreements and covenants required to be observed or performed by the District contained in the Indenture and in the Bonds.

Extension of Payment of Bonds. The District shall not directly or indirectly extend or assent to the extension of the maturity of any of the Bonds or the time of payment of any claims for interest by the purchase

of such Bonds or by any other arrangement, and in case the maturity of any of the Bonds or the time of payment of any such claims for interest shall be extended, such Bonds or claims for interest shall not be entitled, in case of any Event of Default under the Indenture, to the benefits thereof, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest thereon which shall not have been so extended; provided, that nothing in this paragraph shall be deemed to limit the right of the District to issue Bonds for the purpose of refunding any Outstanding Bonds, and such issuance shall not be deemed to constitute an extension of maturity of the Bonds.

Additional Obligations. The District expressly reserves the right to issue or incur other obligations for any of its corporate purposes.

Power to Issue Bonds. The District is duly authorized to issue the Bonds and to enter into the Indenture. The Bonds and the provisions of the Indenture are and will be the legal, valid and binding obligations of the District in accordance with their terms. The Bonds constitute obligations imposed by law.

Prosecution and Defense of Suits. The District shall defend against every suit, action or proceeding at any time brought against the District upon any claim to the extent involving the failure of the District to fulfill its obligations under the Indenture; provided, however, that the Trustee or any Owner at its election may appear in and defend any such suit, action or proceeding.

District Budgets. The District shall in each Fiscal Year include in its budget a provision to provide funds in an amount sufficient to pay the principal of and interest on the Bonds coming due in such Fiscal Year.

Continuing Disclosure. The District shall comply with and carry out all of the provisions of the Continuing Disclosure Certificate (Series 2025A Bonds) relating to the Series 2025A Bonds. Notwithstanding any other provision of the Indenture, failure of the District to comply with the Continuing Disclosure Certificate (Series 2025A Bonds) shall not constitute an Event of Default under the Indenture; provided, however, that the Trustee, at the written direction of any Participating Underwriter (Series 2025A Bonds) or the holders of at least 25% of the aggregate principal amount of Outstanding Series 2025A Bonds, shall, upon receipt of indemnification reasonably satisfactory to the Trustee, or any holder or Beneficial Owner of the Series 2025A Bonds may, take such actions as may be necessary and appropriate to compel performance, including seeking mandate or specific performance by court order.

Further Assurances. Whenever and so often as reasonably requested to do so by the Trustee or any Owner, the District shall promptly execute and deliver or cause to be executed and delivered all such other and further assurances, documents or instruments, and promptly do or cause to be done all such other and further things as may be necessary or reasonably required in order to further and more fully vest in the Trustee and the Owners all rights, interests, powers, benefits, privileges and advantages conferred or intended to be conferred upon them by the Indenture.

THE TRUSTEE

Duties and Liabilities of Trustee. (a) *Duties of Trustee Generally.* The Trustee shall, prior to an Event of Default, and after the curing of all Events of Default which may have occurred, perform such duties and only such duties as are expressly and specifically set forth in the Indenture. The Trustee shall, during the existence of any Event of Default which has not been cured, exercise such of the rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs.

(b) *Removal of Trustee.* The District may upon 30 days' prior written notice remove the Trustee at any time unless an Event of Default shall have occurred and then be continuing, and the District shall remove

the Trustee if at any time requested to do so by the Insurer (so long as the Insurer is not in default in its payment obligations under the Insurance Policy) or by an instrument or concurrent instruments in writing signed by the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding (or their attorneys duly authorized in writing) or if at any time the Trustee shall cease to be eligible in accordance with paragraph (e) below, or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or a receiver of the Trustee or its property shall be appointed, or any public officer shall take control or charge of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, in each case by giving written notice of such removal to the Trustee and thereupon shall appoint a successor Trustee by an instrument in writing.

(c) *Resignation of Trustee.* The Trustee may at any time resign by giving written notice of such resignation by first class mail, postage prepaid, to the District, and to the Owners at the respective addresses shown on the Registration Books. Upon receiving such notice of resignation, the District shall promptly appoint a successor Trustee by an instrument in writing. The Trustee shall not be relieved of its duties until such successor Trustee has accepted appointment.

(d) *Appointment of Successor Trustee.* Any removal or resignation of the Trustee and appointment of a successor Trustee shall become effective upon acceptance of appointment by the successor Trustee; provided, however, that under any circumstances the successor Trustee shall be qualified as provided in paragraph (e) below. If no qualified successor Trustee shall have been appointed and have accepted appointment within 45 days following giving notice of removal or notice of resignation as aforesaid, the removed or resigning Trustee or any Owner (on behalf of himself and all other Owners) may petition any court of competent jurisdiction for the appointment of a successor Trustee, and such court may thereupon, after such notice, if any, as it may deem proper, appoint such successor Trustee. Any successor Trustee appointed under the Indenture shall signify its acceptance of such appointment by executing and delivering to the District and to its predecessor Trustee a written acceptance thereof, and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the moneys, estates, properties, rights, powers, trusts, duties and obligations of such predecessor Trustee, with like effect as if originally named Trustee in the Indenture; but, nevertheless at the Written Request of the District or the request of the successor Trustee, such predecessor Trustee shall execute and deliver any and all instruments of conveyance or further assurance and do such other things as may reasonably be required for more fully and certainly vesting in and confirming to such successor Trustee all the right, title and interest of such predecessor Trustee in and to any property held by it under the Indenture and shall pay over, transfer, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions set forth in the Indenture. Upon request of the successor Trustee, the District shall execute and deliver any and all instruments as may be reasonably required for more fully and certainly vesting in and confirming to such successor Trustee all such moneys, estates, properties, rights, powers, trusts, duties and obligations. Upon acceptance of appointment by a successor Trustee as provided in this paragraph (d), the District shall mail or cause the successor Trustee to mail, by first class mail postage prepaid, a notice of the succession of such Trustee to the trusts under the Indenture to the Owners at the addresses shown on the Registration Books. If the District fails to mail such notice within 15 days after acceptance of appointment by the successor Trustee, the successor Trustee shall cause such notice to be mailed at the expense of the District.

(e) *Qualifications of Trustee.* The Trustee shall be a trust company or bank having the powers of a trust company, having (or if such bank or trust company is a member of a bank holding company system, its parent bank holding company shall have) a combined capital and surplus of at least $75,000,000, and subject to supervision or examination by federal or state agency. If such bank or trust company publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining agency above referred to, then for the purpose of this paragraph (e) the combined capital and surplus of such bank or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this paragraph (e), the Trustee shall resign immediately in the manner and with the effect specified

in the Indenture as described in this Appendix C under the heading "THE TRUSTEE – Duties and Liabilities of Trustee."

Merger or Consolidation. Any bank or trust company into which the Trustee may be merged or converted or with which it may be consolidated or any bank or trust company resulting from any merger, conversion or consolidation to which it shall be a party or any bank or trust company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided such bank or trust company shall be eligible under paragraph (e) immediately above shall be the successor to such Trustee, without the execution or filing of any paper or any further act, anything in the Indenture to the contrary notwithstanding.

Liability of Trustee. The recitals of facts in the Indenture and in the Bonds contained shall be taken as statements of the District, and the Trustee shall not assume responsibility for the correctness of the same, or make any representations as to the validity or sufficiency of the Indenture or of the Bonds or shall incur any responsibility in respect thereof, other than as expressly stated in the Indenture in connection with the respective duties or obligations in the Indenture or in the Bonds assigned to or imposed upon it. The Trustee shall, however, be responsible for its representations contained in its certificate of authentication on the Bonds. The Trustee makes no representations as to the validity or sufficiency of the Indenture or of any Bonds, or in respect of the security afforded by the Indenture and the Trustee shall incur no responsibility in respect thereof. The Trustee shall be under no responsibility or duty with respect to (i) the issuance of the Bonds for value, (ii) the application of the proceeds thereof except to the extent that such proceeds are received by it in its capacity as Trustee, or (iii) the application of any moneys paid to the District or others in accordance with the Indenture except as the application of any moneys paid to it in its capacity as Trustee. The Trustee shall not be liable in connection with the performance of its duties under the Trustee, except for its own negligence or willful misconduct. The Trustee shall not be liable for any action taken or omitted by it in good faith and believed by it to be authorized or within the discretion or rights or powers conferred upon it by the Indenture. The Trustee and its officers and employees may become the Owner of Bonds with the same rights it would have if it were not Trustee, and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bond Owners, whether or not such committee shall represent the Owners of a majority in aggregate principal amount of the Bonds then Outstanding.

The Trustee shall not be liable for any error of judgment made in good faith by a responsible officer, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

The Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Owners of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee under the Indenture.

No provision of the Indenture shall require the Trustee to risk or expend its own funds in the performance of its rights and duties thereunder.

Right to Rely on Documents. The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bonds or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may be counsel to the District, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under the Indenture in good faith and in accordance therewith; provided, however, the Trustee shall in no event delay any payment with respect to the Bonds in anticipation of any such opinion.

Whenever in the administration of the trusts imposed upon it by the Indenture the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action thereunder, such matter (unless other evidence in respect thereof be specifically prescribed in the Indenture) may be deemed to be conclusively proved and established by a Written Certificate of the District, and such Written Certificate shall be full warrant to the Trustee for any action taken or suffered in good faith under the provisions of the Indenture in reliance upon such Written Certificate, but in its discretion the Trustee may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as it may deem reasonable.

Accounting Records and Reports; Preservation and Inspection of Documents. The Trustee will keep or cause to be kept proper books of record and accounts in which complete and correct entries shall be made of all transactions relating to the receipts, disbursements, allocation and application of all money on deposit in the accounts and funds established under the Indenture, which such books shall be available for inspection by the District at reasonable hours and under reasonable conditions.

All documents received by the Trustee under the provisions of the Indenture shall be retained in its possession and shall be subject during business hours and upon 24 hours' notice to the inspection of the District, the Owners and their agents and representatives duly authorized in writing.

Compensation and Indemnification of Trustee. The District shall pay to the Trustee from time to time all reasonable compensation for all services rendered under the Indenture, and also all reasonable expenses, charges, legal and consulting fees and other disbursements and those of its attorneys, agents and employees, incurred in and about the performance of their powers and duties under the Indenture. The District further agrees, to the extent permitted by law, to indemnify, defend and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties under the Indenture and under any related documents, including the enforcement of any remedies and the defense of any suit, and which are not due to its negligence or its willful misconduct. The duty of the District to indemnify and compensate the Trustee shall survive the termination and discharge of the Indenture and the resignation or removal of the Trustee.

SUPPLEMENTAL INDENTURES

Modifications and Amendments Permitted. (a) The Indenture and the rights and obligations of the District, the Owners of the Bonds and the Trustee may be modified or amended from time to time and at any time by a Supplemental Indenture, which the District and the Trustee may enter into with the written consent of the Owners of a majority in aggregate principal amount of all Bonds then Outstanding, which shall have been filed with the Trustee. No such modification or amendment shall (i) extend the fixed maturity of any Bonds, or reduce the amount of principal thereof, or reduce the interest rate borne thereby, or extend or accelerate the time of payment thereof, or modify the redemption provisions applicable thereto, without the consent of the Owner of each Bond so affected, or (ii) reduce the aforesaid percentage of Bonds the consent of the Owners of which is required to effect any such modification or amendment, without the consent of the Owners of all of the Bonds then Outstanding. It shall not be necessary for the consent of the Owners to approve the particular form of any Supplemental Indenture, but it shall be sufficient if such consent shall approve the substance thereof.

(b) The Indenture and the rights and obligations of the District, the Trustee and the Owners of the Bonds may also be modified or amended from time to time and at any time by a Supplemental Indenture, which the District and the Trustee may enter into without the consent of any Bond Owners for any one or more of the following purposes:

(i) to add to the covenants and agreements of the District contained in the Indenture, other covenants and agreements thereafter to be observed, to pledge or assign additional security for

the Bonds (or any portion thereof), or to surrender any right or power in the Indenture reserved to or conferred upon the District;

(ii) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision contained in the Indenture;

(iii) to modify, amend or supplement the Indenture in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute;

(iv) to provide for the issuance of one or more Series of Additional Bonds, and to provide the terms and conditions under which such Series of Additional Bonds may be issued, subject to and in accordance with the provisions of the Indenture as described in this Appendix C under the heading "THE BONDS – Conditions for the Issuance of Additional Bonds" and " – Procedure for the Issuance of Additional Bonds;"

(v) to modify, amend or supplement the Indenture in such manner as to cause interest on Tax-Exempt Bonds to be excludable from gross income for purposes of federal income taxation by the United States of America; and

(vi) in any other respect whatsoever as the District may deem necessary or desirable and consistent with the Refunding Law, provided that such modification or amendment does not materially adversely affect the interests of the Owners under the Indenture.

(c) Promptly after the execution by the District and the Trustee of any Supplemental Indenture, the Trustee shall mail a notice (the form of which shall be furnished to the Trustee by the District), by first class mail postage prepaid, setting forth in general terms the substance of such Supplemental Indenture, to the Owners of the Bonds at the respective addresses shown on the Registration Books, and to the Insurer, if any. Any failure to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such Supplemental Indenture.

Effect of Supplemental Indenture. Upon the execution and delivery of any Supplemental Indenture in accordance with the Indenture as described in this Appendix C under the heading "SUPPLEMENTAL INDENTURES," the Indenture shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under the Indenture of the District, the Trustee and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced under the Indenture subject in all respects to such modification and amendment, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of the Indenture for any and all purposes.

Endorsement of Bonds; Preparation of New Bonds. Bonds delivered after the execution of any Supplemental Indenture pursuant to the provisions of the Indenture as described in this Appendix C under the heading "SUPPLEMENTAL INDENTURES" may, and if the District so determines shall, bear a notation by endorsement or otherwise in form approved by the District and the Trustee as to any modification or amendment provided for in such Supplemental Indenture, and, in that case, upon demand of the Owner of any Bonds Outstanding at the time of such execution and presentation of his Bonds for the purpose at the Office of the Trustee a suitable notation shall be made on such Bonds. If the Supplemental Indenture shall so provide, new Bonds so modified as to conform, in the opinion of the District and the Trustee, to any modification or amendment contained in such Supplemental Indenture, shall be prepared and executed by the District and authenticated by the Trustee, and, in that case, upon demand of the Owner of any Bond Outstanding at the time of such effective date, and presentation of such Bond for such purpose at the Office of the Trustee, such a new

Bond in equal principal amount of the same Series, interest rate and maturity shall be exchanged for such Owner's Bond so surrendered.

Amendment of Particular Bonds. The provisions of the Indenture as described in this Appendix C under the heading "SUPPLEMENTAL INDENTURES" shall not prevent any Bond Owner from accepting any amendment as to the particular Bonds held by such Owner.

EVENTS OF DEFAULT AND REMEDIES

Events of Default. If any of the following events occur, they shall constitute Events of Default under the Indenture, namely:

(a) If default shall be made by the District in the due and punctual payment of the interest on any Bond when and as the same shall become due and payable;

(b) If default shall be made by the District in the due and punctual payment of the principal of any Bond when and as the same shall become due and payable;

(c) If default shall be made by the District in the performance of any of the other agreements or covenants required in the Indenture to be performed by the District, and such default shall have continued for a period of 30 days after the District shall have been given notice in writing of such default by the Trustee, the Insurer or the Owners of not less than 5% in aggregate principal amount of the Outstanding Bonds, specifying such default and requiring the same to be remedied; provided, however, if in the reasonable opinion of the District the failure stated in the notice can be corrected, but not within such 30 day period, such failure shall not constitute an Event of Default if corrective action is instituted by the District within such 30 day period and the District shall thereafter diligently and in good faith cure such failure in a reasonable period of time; or

(d) If an Event of Bankruptcy shall occur, or if under the provisions of any other law for the relief or aid of debtors any court of competent jurisdiction shall assume custody or control of the District or of the whole or any substantial part of its property.

Remedies for Events of Default. If an Event of Default occurs and is continuing, the Trustee may and, upon the written direction of the Owners of not less than 25% in aggregate principal amount of the Outstanding Bonds, shall, with the consent of the Insurer, by written notice to the District, declare immediately due and payable the principal of all Outstanding Bonds and the accrued interest thereon, whereupon the same shall become immediately due and payable without any further action or notice; provided, however, that if at any time after such acceleration and before any judgment or decree for the payment of money with respect thereto has been entered all amounts payable to the Trustee under the Indenture on the Bonds subject to acceleration under this paragraph (except interest on or principal of the Bonds which are due solely by reason of such acceleration) shall have been paid or provided for by deposit with the Trustee and all existing Events of Default shall have been cured or waived, then the Owners of not less than 25% in aggregate principal amount of the Outstanding Bonds may, with the consent of the Insurer, annul such acceleration and its consequences by written notice to the District and the Trustee, which annulment shall be binding upon the District, the Trustee and all of the Owners, but no such annulment shall extend to or affect any subsequent Event of Default or impair any right or remedy consequent thereon.

Application of Funds Upon Acceleration. All money in the Bond Fund upon the date of the declaration of acceleration by the Trustee as provided in the Indenture under the heading "EVENTS OF DEFAULT AND REMEDIES – Remedies for Events of Default" and all amounts thereafter received by the Trustee under the Indenture shall be applied by the Trustee in the following order--

(a) To the payment of any expenses necessary in the opinion of the Trustee to protect the interests of the Owners and payment of reasonable fees, charges and expenses of the Trustee (including reasonable fees and disbursements of its counsel) incurred in and about the performance of its powers and duties under the Indenture;

(b) To the payment of the principal of and interest then due with respect to the Bonds (upon presentation of the Bonds to be paid, and stamping thereon of the payment if only partially paid, or surrender thereof if fully paid) subject to the provisions of the Indenture, as follows:

First: To the payment to the Persons entitled thereto of all installments of interest then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment or installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, to the Persons entitled thereto, without any discrimination or preference; and

Second: To the payment to the Persons entitled thereto of the unpaid principal of any Bonds which shall have become due, whether at maturity, with interest on the overdue principal at the rate borne by the respective Bonds on the date of maturity, and, if the amount available shall not be sufficient to pay in full all the Bonds, together with such interest, then to the payment thereof ratably, according to the amounts of principal due on such date to the Persons entitled thereto, without any discrimination or preference.

(c) To the payment of Insurer Expenses.

(d) Any remaining funds shall be transferred by the Trustee to the Bond Fund.

Power of Trustee to Enforce. All rights of action under the Indenture or the Bonds or otherwise may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in any proceeding relating thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in the name of the Trustee for the benefit and protection of the Owners of such Bonds, subject to the provisions of the Indenture. If one or more of the events of default shall happen and be continuing, the Trustee may with the prior written consent of the Insurer, and upon the written request of the Holders of a majority in principal amount of the Bonds then Outstanding, and upon being indemnified to its satisfaction therefor, shall, proceed to protect or enforce its rights or the rights of the Holders of Bonds under the Indenture by a suit in equity or action at law, either for the specific performance of any covenant or agreement contained in the Indenture, or in aid of the execution of any power therein granted, or by mandamus or other appropriate proceeding for the enforcement of any other legal or equitable remedy as the Trustee shall deem most effectual in support of any of its rights and duties under the Indenture.

Bond Owners Direction of Proceedings. Anything in the Indenture to the contrary notwithstanding, the Owners of a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, and upon indemnification of the Trustee to its reasonable satisfaction, to direct the method of conducting all remedial proceedings taken by the Trustee under the Indenture, provided that such direction shall not be otherwise than in accordance with law and the provisions of the Indenture, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Owners not parties to such direction.

Limitation on Bond Owners' Right to Sue. No Owner of any Bonds shall have the right to institute any suit, action or proceeding at law or in equity, for the protection or enforcement of any right or remedy under the Indenture, the Refunding Law or any other applicable law with respect to such Bonds, unless (a) such

Owner shall have given to the Trustee written notice of the occurrence of an Event of Default, (b) the Owners of a majority in aggregate principal amount of all the Bonds then Outstanding shall have made written request upon the Trustee to exercise the powers granted under the Indenture or to institute such suit, action or proceeding in its own name, (c) such Owner or said Owners shall have tendered to the Trustee indemnity against the costs, expenses and liabilities to be incurred in compliance with such request, and (d) the Trustee shall have refused or omitted to comply with such request for a period of 60 days after such written request shall have been received by, and said tender of indemnity shall have been made to, the Trustee.

Such notification, request, tender of indemnity and refusal or omission are declared, in every case, to be conditions precedent to the exercise by any Owner of Bonds of any remedy under the Indenture or under law; it being understood and intended that no one or more Owners of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of the Indenture or the rights of any other Owners of Bonds, or to enforce any right under the Bonds, the Indenture, the Refunding Law or other applicable law with respect to the Bonds, except in the manner provided in the Indenture, and that all proceedings at law or in equity to enforce any such right shall be instituted, had and maintained in the manner provided in the Indenture and for the benefit and protection of all Owners of the Outstanding Bonds, subject to the provisions of the Indenture.

Absolute Obligation. Nothing in any provision of the Indenture or in the Bonds contained shall affect or impair the obligation of the District, which is absolute and unconditional, to pay the principal of and interest on the Bonds to the respective Owners of the Bonds at their respective dates of maturity, as provided in the Indenture, or affect or impair the right of such Owners, which is also absolute and unconditional, to enforce such payment by virtue of the contract embodied in the Bonds.

Termination of Proceedings. In case any proceedings taken by the Trustee or any one or more Owners on account of any Event of Default shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or the Owners, then in every such case the District, the Trustee and the Owners, subject to any determination in such proceedings, shall be restored to their former positions and rights under the Indenture, severally and respectively, and all rights, remedies, powers and duties of the District, the Trustee and the Owners shall continue as though no such proceedings had been taken.

Remedies Not Exclusive. No remedy in the Indenture conferred upon or reserved to the Trustee or to the Owners of the Bonds is intended to be exclusive of any other remedy or remedies, and each and every such remedy, to the extent permitted by law, shall be cumulative and in addition to any other remedy given under the Indenture or existing thereafter at law or in equity or otherwise.

No Waiver of Default. No delay or omission of the Trustee or of any Owner to exercise any right or power arising upon the occurrence of any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy given by the Indenture to the Trustee or to the Owners may be exercised from time to time and as often as may be deemed expedient.

DEFEASANCE

Discharge of Indenture. (a) If the District shall pay or cause to be paid or there shall otherwise be paid to the Owners of all Outstanding Bonds the principal thereof and the interest thereon at the times and in the manner stipulated in the Indenture and therein, then all agreements, covenants and other obligations of the District to the Owners of such Bonds under the Indenture shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Trustee shall execute and deliver to the District all such instruments as may be necessary or desirable to evidence such discharge and satisfaction, and the Trustee shall pay over or deliver to the District all money or securities held by it pursuant to the Indenture which are not required for the payment of the principal of and interest on such Bonds.

Subject to the provisions of the above paragraph, when any of the Bonds shall have been paid and if, at the time of such payment, the District shall have kept, performed and observed all of the covenants and promises in such Bonds and in the Indenture required or contemplated to be kept, performed and observed by the District or on its part on or prior to that time, then the Indenture shall be considered to have been discharged in respect of such Bonds and such Bonds shall cease to be entitled to the pledge, lien and security interest of the Indenture and such pledge, lien and security interest and all covenants, agreements and other obligations of the District under the Indenture shall cease, terminate become void and be completely discharged as to such Bonds.

Notwithstanding the satisfaction and discharge of the Indenture or the discharge of the Indenture in respect of any Bonds of one or more Series, those provisions of the Indenture relating to the maturity of the Bonds of such Series, interest payments and dates thereof, exchange and transfer of Bonds, replacement of mutilated, destroyed, lost or stolen Bonds, the safekeeping and cancellation of Bonds, non-presentment of Bonds, and the duties of the Trustee in connection with all of the foregoing, shall remain in effect and shall be binding upon the Trustee and the Owners of the Bonds and the Trustee shall continue to be obligated to hold in trust any moneys or investments then held by the Trustee for the payment of the principal of and interest on the Bonds, to pay to the Owners of Bonds the funds so held by the Trustee as and when such payment becomes due.

Bonds Deemed to Have Been Paid. If moneys shall have been set aside and held by the Trustee for the payment of any Bonds and the interest thereon at the maturity thereof, such Bonds shall be deemed to have been paid within the meaning and with the effect provided in the Indenture as described in this Appendix C under the heading "DEFEASANCE – Discharge of Indenture." Any Outstanding Bonds shall prior to the maturity date thereof be deemed to have been paid within the meaning of and with the effect expressed in the provisions of the Indenture as described in this Appendix C under the heading "DEFEASANCE – Discharge of Indenture" if (a) there shall have been deposited with the Trustee either (i) money in an amount which shall be sufficient, or (ii) Federal Securities that are not subject to redemption other than at the option of the holder thereof, the interest on and principal of which when paid will provide money which, together with the money, if any deposited with the Trustee at the same time, shall be sufficient to pay when due the interest to become due on such Bonds on and prior to the maturity date thereof and the principal of such Bonds, which sufficiency shall be verified in a report of an independent firm of nationally recognized certified public accountants, and (b) in the event such Bonds are not by their terms subject to payment within the next succeeding 60 days, the District shall have given the Trustee in form satisfactory to it irrevocable instructions to mail as soon as practicable, a notice to the owners of such Bonds that the deposit required by clause (a) above has been made with the Trustee and that such Bonds are deemed to have been paid in accordance with this subsection (" – Bonds Deemed to Have Been Paid") and stating the maturity date upon which money is to be available for the payment of the principal of such Bonds.

To accomplish the discharge of liability in respect of the Bonds as described in the preceding paragraph, the District shall cause to be delivered (a) a report of an independent firm of nationally recognized certified public accountants or such other accountant as shall be acceptable to the Insurer of such Bonds to be paid or discharged verifying the sufficiency of the escrow established to pay the Bonds in full on the maturity or payment date ("Verification"), (b) an escrow agreement (which shall be acceptable in form and substance to the Insurer of such Bonds to be paid or discharged), and (c) an opinion of nationally recognized bond counsel to the effect that the Bonds are no longer "Outstanding" under the Indenture; each Verification and defeasance opinion shall be acceptable in form and substance to the District and the Insurer of such Bonds to be paid or discharged, and shall be addressed to the District, the Trustee and the Insurer of such Bonds to be paid or discharged. In the event a forward purchase agreement is to be employed in the refunding, such agreement shall be subject to the approval of the Insurer of such Bonds to be paid or discharged and shall be accompanied by such opinions of counsel as may be required by the Insurer of such Bonds to be paid or discharged. The Insurer of such Bonds to be paid or discharged shall be provided with final drafts of the above-referenced

documentation not less than five Business Days prior to the funding of the escrow. Bonds shall remain Outstanding under the Indenture unless and until they are in fact paid and retired or the criteria in this subsection (" – Bonds Deemed to Have been Paid") are met.

Payment of Bonds After Discharge of Indenture. Notwithstanding any provisions of the Indenture, to the extent permitted by law, any moneys held by the Trustee in trust for the payment of the principal of or interest on, any Bonds and remaining unclaimed for two years after the date of deposit of such moneys, shall be repaid to the District free from the trusts created by the Indenture, and all liability of the Trustee with respect to such moneys shall thereupon cease; provided, however, that before the repayment of such moneys to the District as aforesaid, the Trustee may (at the cost of the District) first mail, by first class mail postage prepaid, to the Owners of Bonds which have not yet been paid, at the respective addresses shown on the Registration Books, a notice, in such form as may be deemed appropriate by the Trustee with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the District of the moneys held for the payment thereof.

MISCELLANEOUS

Benefits of the Indenture Limited; Third-Party Beneficiary. Nothing contained in the Indenture, expressed or implied, is intended or shall be construed to confer upon, or to give or grant to any Person or entity other than the Trustee, the District, the Owners and the Insurer any right and remedy or claim under or by reason thereof, and any covenant, condition or stipulation of the Indenture, and all covenants, stipulations, promises and agreements contained in the Indenture by and on behalf of the District shall be for the sole and exclusive benefit of the Trustee, the Owners and the Insurer. The Insurer shall be a third-party beneficiary of the Indenture to the extent deemed as Owner of any Outstanding Insured Bonds.

Successor is Deemed Included in All References to Predecessor. Whenever in the Indenture either the District or any officer or employee thereof or the Trustee is named or referred to, such reference shall be deemed to include the successor or assigns thereof, and all agreements and covenants required by the Indenture to be performed by or on behalf of the District or any officer or employee thereof or the Trustee shall bind and inure to the benefit of the respective successors thereof whether so expressed or not.

Destruction of Bonds. Whenever in the Indenture provision is made for the cancellation by the Trustee and the delivery to the District of any Bonds, the Trustee shall, in lieu of such cancellation and delivery, destroy such Bonds.

Waiver of Notice; Requirement of Mailed Notice. Whenever in the Indenture the giving of notice by mail or otherwise is required, the giving of such notice may be waived in writing by the Person entitled to receive such notice and in any such case the giving or receipt of such notice shall not be a condition precedent to the validity of any action taken in reliance upon such waiver. Whenever in the Indenture any notice shall be required to be given by mail, such requirement shall be deemed given and satisfied 72 hours after such notice is deposited with the United States mail, postage prepaid, by first class mail.

Severability of Invalid Provisions. If any one or more of the provisions contained in the Indenture or in the Bonds shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in the Indenture and such invalidity, illegality or unenforceability shall not affect any other provision of the Indenture, and the Indenture shall be construed as if such invalid or illegal or unenforceable provision had never been contained in the Indenture. The District declares that it would have entered into the Indenture and each and every other section, subsection, paragraph, sentence, clause or phrase thereof and authorized the issuance of the Bonds pursuant thereto irrespective of the fact that any one or more sections, subsections, paragraphs, sentences, clauses or phrases of the Indenture may be held illegal, invalid or unenforceable.

Evidence of Rights of Bond Owners. Any request, consent or other instrument required or permitted by the Indenture to be signed and executed by Owners may be in any number of concurrent instruments of substantially similar tenor and shall be signed or executed by such Owners in Person or by an agent or agents duly appointed in writing. Proof of the execution of any such request, consent or other instrument or of a writing appointing any such agent, or of the holding by any Person of Bonds transferable by delivery, shall be sufficient for any purpose of the Indenture and shall be conclusive in favor of the Trustee and the District if made in the manner provided in the Indenture as described in this Appendix C under the heading "MISCELLANEOUS – Evidence of Rights of Bond Owners."

The fact and date of the execution by any Person of any such request, consent or other instrument or writing may be proved by the certificate of any notary public or other officer of any jurisdiction, authorized by the laws thereof to take acknowledgments of deeds, certifying that the Person signing such request, consent or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution duly sworn to before such notary public or other officer.

The ownership of Bonds shall be proved by the Registration Books.

Any request, consent, or other instrument or writing of the Owner of any Bond shall bind every future Owner of the same Bond and the Owner of every Bond issued in exchange therefor or in lieu thereof, in respect of anything done or suffered to be done by the Trustee or the District in accordance therewith or reliance thereon.

Disqualified Bonds. In determining whether the Owners of the requisite aggregate principal amount of Bonds have concurred in any demand, request, direction, consent or waiver under the Indenture, Bonds which are known by the Trustee to be owned or held by or for the account of the District, or by any other obligor on the Bonds, or by any Person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the District or any other obligor on the Bonds, shall be disregarded and deemed not to be Outstanding for the purpose of any such determination.

Money Held for Particular Bonds. The money held by the Trustee for the payment of the interest or principal due on any date with respect to particular Bonds shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Owners of the Bonds entitled thereto, subject, however, to the provisions of the Indenture as described in this Appendix C under the heading "DEFEASANCE – Payment of Bonds After Discharge of Indenture," but without any liability for interest thereon.

Funds and Accounts. Any fund or account required by the Indenture to be established and maintained by the Trustee may be established and maintained in the accounting records of the Trustee, either as a fund or an account, and may, for the purposes of such records, any audits thereof and any reports or statements with respect thereto, be treated either as a fund or as an account; but all such records with respect to all such funds and accounts shall at all times be maintained in accordance with prudent corporate trust industry standards to the extent practicable, and with due regard for the requirements of the Indenture and for the protection of the security of the Bonds and the rights of every Owner thereof. The Trustee may establish any such additional funds or accounts as it deems necessary to perform its obligations under the Indenture.

Payment on Non-Business Days. In the event any payment is required to be made under the Indenture on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day with the same effect as if made on such non-Business Day.

Waiver of Personal Liability. No member, officer, agent or employee of the District shall be individually or personally liable for the payment of the principal of or interest on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof; but nothing contained in the Indenture

shall relieve any such officer, agent or employee from the performance of any official duty provided by law or by the Indenture.

Governing Law. The Indenture shall be governed by and construed in accordance with the laws of the State.

APPENDIX D

PROPOSED FORM OF OPINION OF BOND COUNSEL

Upon issuance and delivery of the Series 2025A Bonds, Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the District, proposes to render its final approving opinion with respect to the Series 2025A Bonds in substantially the following form:

[Date of Delivery]

Los Angeles Unified School District
Los Angeles, California

Los Angeles Unified School District
Judgment Obligation Bonds, Series 2025A (Federally Taxable)
(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the Los Angeles Unified School District (the "District") in connection with issuance of $308,150,000 aggregate principal amount of the Los Angeles Unified School District Judgment Obligation Bonds, Series 2025A (Federally Taxable) (the "Series 2025A Bonds"), issued pursuant to Articles 10 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, and the Indenture, dated as of July 1, 2025 (the "Indenture"), by and between the District and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture, opinions of counsel to the District and the Trustee, certificates of the District, the Trustee and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions, including the judgment in validation action rendered on April 24, 2025 by the Superior Court of the State of California for the County of Los Angeles in the action entitled Los Angeles Unified School District v. *All Persons Interested, etc.*, Case No. 24STCV15411, and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after original delivery of the Series 2025A Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after original delivery of the Series 2025A Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Series 2025A Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery of each such document by each party thereto other than the District and that each such document constitutes a valid and binding agreement of such party. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture. We call attention to the fact that the rights and obligations under the Series 2025A Bonds and

the Indenture and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities such as the District in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the property described in or as subject to the lien of the Indenture, or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement, dated July 1, 2025, or other offering material relating to the Series 2025A Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Series 2025A Bonds constitute the valid and binding obligations of the District. The obligations of the District under the Series 2025A Bonds, including the obligation to make all payments of the interest on and the principal of the Series 2025A Bonds when due, are obligations of the District imposed by law.

2. The Indenture has been duly executed and delivered by, and constitutes the valid and binding agreement of, the District.

3. Interest on the Series 2025A Bonds is exempt from State of California personal income taxes. We observe that interest on the Series 2025A Bonds is not excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Series 2025A Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate"), dated July 9, 2025, is executed and delivered by the Los Angeles Unified School District (the "District") in connection with the issuance of its Bonds (defined herein), which are being issued pursuant to the laws of the State of California and the Resolution (defined herein). The District covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District and the Dissemination Agent for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 4 and 5 of this Disclosure Certificate.

"Beneficial Owner" shall mean any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

"Bonds" shall mean the Los Angeles Unified School District Judgment Obligation Bonds, Series 2025A (Federally Taxable).

"County" shall mean the County of Los Angeles, California.

"CUSIP Numbers" shall mean the Committee on Uniform Security Identification Procedure's unique identification number for each public issue of a security.

"Dissemination Agent" shall mean Digital Assurance Certification, L.L.C., or any successor Dissemination Agent designated in writing by the District and which has filed with the District a written acceptance of such designation.

"Disclosure Counsel" shall mean an attorney-at-law, or a firm of such attorneys, of nationally recognized standing in matters pertaining to the disclosure obligations under the Rule, duly admitted to the practice of law before the highest court of any state of the United States of America.

"EMMA System" shall mean the MSRB's Electronic Municipal Market Access system, the current internet address of which is http://emma.msrb.org.

"Financial Obligation" shall mean, for purposes of the Listed Events set out in Section 6(b)(xv) and Section 6(b)(xvi), a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term "Financial Obligation" shall not include municipal securities (as defined in the Securities Exchange Act of 1934, as amended) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

"Holder" shall mean either the registered owners of the Bonds, or if the Bonds are registered in the name of The Depository Trust Company or another recognized depository, any applicable participant in such depository system.

"Listed Events" shall mean any of the events listed in Section 6(b) of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Certificate.

"Official Statement" shall mean the Official Statement dated July 1, 2025, with respect to the Bonds.

"Participating Underwriters" shall mean the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"Resolution" shall mean the resolution adopted by the Board of Education of the District on June 18, 2024.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Transmission of Notices, Documents and Information.

(a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the EMMA System.

(b) All notices, documents and information provided to the MSRB shall be provided in an electronic format as prescribed by the MSRB.

Section 4. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than 240 days following the end of the District's fiscal year (currently ending June 30), commencing with the report for the 2024-25 fiscal year (which is due not later than February 25, 2026), provide to the MSRB through its EMMA System an Annual Report which is consistent with the requirements of Section 5 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 5 of this Disclosure Certificate. If the District's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 6(c).

(b) Not later than thirty (30) days (not more than sixty (60) days) prior to the date on which the Annual Report is to be provided pursuant to subsection (a), the Dissemination Agent shall give notice to the District that the Annual Report is so required to be filed in accordance with the terms of this Disclosure Certificate. Not later than fifteen (15) days prior to said date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If the District is unable to provide to the MSRB through its EMMA System an Annual Report by the date required in subsection (a), the Dissemination Agent shall send a timely notice of such fact to the MSRB through its EMMA System.

(c) The Dissemination Agent shall: (i) determine each year prior to the date for providing the Annual Report to the EMMA System the date on which such Annual Report shall be due and notify the

District of such date; and (ii) (if the Dissemination Agent is other than the District) file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and that it was provided to the MSRB through the EMMA System.

Section 5. Content of Annual Reports. The District's Annual Report shall contain or include by reference the following:

(a) Audited financial statements of the District for the preceding fiscal year, prepared in accordance with the laws of the State of California and including all statements and information prescribed for inclusion therein by the Controller of the State of California. If the District's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 4 hereof, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) To the extent not included in the audited financial statements of the District, the Annual Report shall also include the following:

(i) Table A-1 – "Average Daily Attendance;"

(ii) Table A-4 – "Historical Gross Assessed Valuation of Taxable Property" if and to the extent provided to the District by the County;

(iii) Table A-8 – "Largest Local Secured Taxpayers;"

(iv) Table A-11a – "District General Fund Budget" for the current fiscal year; and

(v) Table A-32 "Certificates of Participation Lease Obligations Debt Service Schedule."

(c) It shall be sufficient for purposes of Section 4 hereof if the District provides annual financial information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, www.emma.msrb.org) or (ii) filed with the Securities and Exchange Commission. The District shall clearly identify each such other document so included by reference. The provisions of this Section 5(c) shall not apply to notices of Listed Events pursuant to Section 6 hereof.

(d) The descriptions contained in clause (b) above of financial information and operating data constituting to be included in the Annual Report are of general categories or types of financial information and operating data. When such descriptions include information that no longer can be generated because the operations to which it related have been materially changed or discontinued, or due to changes in accounting practices, legislative or organizational changes, a statement to that effect shall be provided in lieu of such information. Comparable information shall be provided if available.

Section 6. Reporting of Listed Events.

(a) If a Listed Event occurs, the District shall provide or cause to be provided, in a timely manner not in excess of ten (10) Business Days of the District having notice of such Listed Event, notice of such Listed Event to (i) the EMMA System of the MSRB and (ii) the Dissemination Agent.

(b) Pursuant to the provisions of this Section 6, the District shall give, or cause to be given, notice of the occurrence of any of the following events (each, a "Listed Event") with respect to the Bonds;

(i) principal and interest payment delinquencies;

(ii) non-payment related defaults, if material;

(iii) modifications to rights of Holders, if material;

(iv) bond calls, if material and tender offers;

(v) defeasances;

(vi) rating changes;

(vii) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (Internal Revenue Service Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;

(viii) unscheduled draws on the debt service reserves reflecting financial difficulties;

(ix) unscheduled draws on the credit enhancements reflecting financial difficulties;

(x) release, substitution or sale of property securing repayment of the Bonds, if material;

(xi) bankruptcy, insolvency, receivership or similar event of the District (such event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under State or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District);

(xii) substitution of credit or liquidity providers, or their failure to perform;

(xiii) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(xiv) appointment of a successor or additional Paying Agent or the change of name of a Paying Agent, if material;

(xv) incurrence of a Financial Obligation of the District, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the District, any of which affect security holders, if material;

(xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the District, any of which reflect financial difficulties; and

(xvii) any amendment or waiver of a provision of this Disclosure Certificate.

The District intends to comply with the Listed Events described in Section 6(b)(xv) and Section 6(b)(xvi), and the definition of "Financial Obligation" in Section 1, with reference to the Rule, any other applicable federal securities laws and the guidance provided by the Securities and Exchange Commission in Release No. 34-83885, dated August 20, 2018 (the "2018 Release"), and any further amendments or written guidance provided by the Securities and Exchange Commission or its staff with respect the amendments to the Rule effected by the 2018 Release. The District notes that items (viii), (ix), (x) and (xii) are not applicable to the Bonds.

(c) If the District determines that a Listed Event has occurred, the District shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to Section 3 hereof.

(d) If the Dissemination Agent has been instructed by the District to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with the MSRB through its EMMA System.

(e) Notwithstanding the foregoing, notice of Listed Events described in subsections (b)(iv) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to Holders of affected Bonds pursuant to the Resolution.

Section 7. CUSIP Numbers. Whenever providing information to the Dissemination Agent, including but not limited to Annual Reports, documents incorporated by reference to the Annual Reports, Audited Financial Statements and notices of Listed Events, the District shall indicate the full name of the Bonds and the 9-digit CUSIP numbers for the Bonds as to which the provided information relates.

Section 8. Termination of Reporting Obligation.

(a) The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 6(c).

(b) This Disclosure Certificate, or any provision hereof, shall cease to be effective in the event that the District (1) delivers to the Dissemination Agent an opinion of Disclosure Counsel, addressed to the District and the Dissemination Agent, to the effect that those portions of the Rule which require this Disclosure Certificate, or such provision, as the case may be, do not or no longer apply to the Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (2) delivers copies of such opinion to the MSRB.

Section 9. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall be Digital Assurance Certification, L.L.C. If at any time there is no designated Dissemination Agent appointed by the District, or if the Dissemination Agent so appointed is unwilling or unable to perform the duties of the Dissemination Agent hereunder, the District shall be the Dissemination Agent and undertake or assume its obligations hereunder. The Dissemination Agent (other than the District) shall not be responsible in any manner for the content of any notice or report required to be delivered by the District pursuant to this Disclosure Certificate.

Section 10. Amendment; Waiver.

(a) This Disclosure Certificate may be amended by the District without the consent of the holders of the Bonds (except to the extent required under clause (a)(iv)(2) below), if all of the following conditions are satisfied:

(i) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the District or the type of business conducted thereby;

(ii) this Disclosure Certificate as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Certificate, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances;

(iii) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the same effect as set forth in (a)(ii) above;

(iv) either (1) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the effect that the amendment does not materially impair the interests of the holders of the Bonds or (2) is approved by the Holders of the Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of Holders; and

(v) the District shall have delivered copies of such opinion and amendment to the MSRB through its EMMA system within ten (10) Business Days from the execution thereof.

(b) In addition to subsection 10(a) above, this Disclosure Certificate may be amended and any provision of this Disclosure Certificate may be waived, by written certificate of the District, without the consent of the holders of the Bonds, if all of the following conditions are satisfied:

(i) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Disclosure Certificate which is applicable to this Disclosure Certificate;

(ii) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the effect that performance by the District under this Disclosure Certificate as so amended or giving effect to such waiver, as the case may be, will not result in a violation of the Rule; and

(iii) the District shall have delivered copies of such opinion and amendment to the MSRB through its EMMA system.

(c) In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 6 hereof, and (ii) the Annual Report for the year in which the change is made should

present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 11. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 12. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, the Dissemination Agent may (and, at the request of any Participating Underwriters or the Holders or Beneficial Owners of at least 25% of aggregate principal amount of the Bonds then outstanding, shall) or any Holders or Beneficial Owners of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in the Superior Court of the State of California in and for the County of Los Angeles or in the U.S. District Court in the County of Los Angeles. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 13. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

Section 14. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Section 15. Execution in Counterparts. This Disclosure Certificate may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same certificate.

APPENDIX F

THE LOS ANGELES COUNTY TREASURY POOL

The Treasurer and Tax Collector of the County of Los Angeles (the "Treasurer") manages, in accordance with California Government Code Section 53600 et seq., funds deposited with the Treasurer by County school and community college districts, various special districts and some cities. State law generally requires that all moneys of the County, school districts and certain special districts be held in the County's Treasury Pool (the "Treasury Pool") as described below. The composition and value of investments under management in the Treasury Pool vary from time to time, depending on the cash flow needs of the County and the other public agencies invested in the Treasury Pool, the maturity or sale of investments, purchase of new securities and fluctuations in interest rates generally. Additionally, the Treasurer, with the consent of the Board of Supervisors of the County of Los Angeles (the "County"), may change the County investment policy at any time. Therefore, there can be no assurance that the values of the various investments in the Treasury Pool will not vary significantly from the values described herein. Neither the District, the Municipal Advisor nor the Underwriters make any representation as to the accuracy or adequacy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof, or that the information contained herein is correct as of any time subsequent to its date. The Treasurer maintains a website, the address of which is ***https://ttc.lacounty.gov/monthly-reports/****, on which the Treasurer periodically places information relating to the Treasury Pool. The information presented there, however, is not part of this Official Statement, is not incorporated by reference herein and should not be relied upon in making an investment decision with respect to the Bonds.*

The County of Los Angeles Pooled Surplus Investments

The Treasurer and Tax Collector (the "Treasurer") of the County of Los Angeles (the "County") has the delegated authority to invest funds on deposit in the County Treasury (the "Treasury Pool"). As of April 30, 2025, investments in the Treasury Pool were held for local agencies including school districts, community college districts, special districts and discretionary depositors such as cities and independent districts in the following amounts:

Local Agency	Invested Funds (in billions)
County of Los Angeles and Special Districts	$29.570
Schools and Community Colleges	30.076
Discretionary Participants	3.407
Total	$63.053

The Treasury Pool participation composition is as follows:

Non-discretionary Participants	94.60%
Discretionary Participants:	
Independent Public Agencies	5.29%
County Bond Proceeds and Repayment Funds	0.11%
Total	100.00%

Decisions on the investment of funds in the Treasury Pool are made by the County Investment Officer in accordance with established policy, with certain transactions requiring the Treasurer's prior approval. In Los Angeles County, investment decisions are governed by Chapter 4 (commencing with Section 53600) of Part 1 of Division 2 of Title 5 of the California Government Code, which governs legal

investments by local agencies in the State of California, and by a more restrictive Investment Policy developed by the Treasurer and adopted by the Los Angeles County Board of Supervisors on an annual basis. The Investment Policy adopted on March 11, 2025, reaffirmed the following criteria and order of priority for selecting investments:

1. Safety of Principal
2. Liquidity
3. Return on Investment

The Treasurer prepares a monthly Report of Investments (the "Investment Report") summarizing the status of the Treasury Pool, including the current market value of all investments. This report is submitted monthly to the Board of Supervisors. According to the Investment Report dated May 30, 2025, the April 30, 2025 book value of the Treasury Pool was approximately $63.053 billion, and the corresponding market value was approximately $61.555 billion.

An internal controls system for monitoring cash accounting and investment practices is in place. The Treasurer's Compliance Auditor, who operates independently from the Investment Officer, reconciles cash and investments to fund balances daily. The Compliance Auditor's staff also reviews each investment trade for accuracy and compliance with the Board adopted Investment Policy. On a quarterly basis, the County's outside independent auditor (the "External Auditor") reviews the cash and investment reconciliations for completeness and accuracy. Additionally, the External Auditor reviews investment transactions on a quarterly basis for conformance with the approved Investment Policy and annually accounts for all investments.

The following table identifies the types of securities held by the Treasury Pool as of April 30, 2025:

Type of Investment	% of Pool
Certificates of Deposit	2.93%
U.S. Government and Agency Obligations	66.86
Bank Acceptances	0.00
Commercial Paper	30.15
Municipal Obligations	0.06
Corporate Notes & Deposit Notes	0.00
Repurchase Agreements	0.00
Asset Backed Instruments	0.00
Other	0.00
	100.00%

The Treasury Pool is highly liquid. As of April 30, 2025, approximately 43.10% of the investments mature within 60 days, with an average of 558 days to maturity for the entire portfolio.

APPENDIX G

BOOK-ENTRY ONLY SYSTEM

The following information has been provided by DTC for use in securities offering documents, and none of the District or the Underwriters takes any responsibility for the accuracy or completeness thereof.

The Depository Trust Company ("DTC"), will act as securities depository for the Series 2025A Bonds. The Series 2025A Bonds will be executed and delivered as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Series 2025A Bond will be issued for each stated Principal Payment Date of the Series 2025A Bonds, each in the aggregate amount of the principal evidenced by Series 2025A Bonds with such stated Principal Payment Date, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. The information on such website is not incorporated into this Official Statement by reference or otherwise.

Purchases of Series 2025A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2025A Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2025A Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners, however, are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2025A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2025A Bonds, except in the event that use of the book-entry system for the Series 2025A Bonds is discontinued.

To facilitate subsequent transfers, all Series 2025A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2025A Bonds with DTC and their

registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2025A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2025A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2025A Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2025A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Indenture. For example, Beneficial Owners of Series 2025A Bonds may wish to ascertain that the nominee holding the Series 2025A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices will be sent to DTC. If less than all of the Series 2025A Bonds with a particular stated Principal Payment Date are being prepaid, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series 2025A Bonds to be prepaid.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2025A Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2025A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal, premium, if any, interest, and other payments evidenced by the Series 2025A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the District or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments of principal, premium, if any, interest, and other payments evidenced by the Series 2025A Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Trustee, and disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2025A Bonds at any time by giving reasonable notice to the District or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Series 2025A Bonds are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Series 2025A Bonds will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

THE DISTRICT AND THE TRUSTEE CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO PARTICIPANTS, OR THAT PARTICIPANTS OR OTHERS WILL DISTRIBUTE PAYMENTS OF PRINCIPAL, INTEREST OR ANY PREMIUM EVIDENCED BY THE SERIES 2025A BONDS PAID TO DTC OR ITS NOMINEE AS THE REGISTERED OWNER, OR ANY PREPAYMENT OR OTHER NOTICES, TO THE BENEFICIAL OWNERS, OR THAT THEY WILL DO SO ON A TIMELY BASIS OR WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE DISTRICT AND THE TRUSTEE ARE NOT RESPONSIBLE OR LIABLE FOR THE FAILURE OF DTC OR ANY PARTICIPANTS TO MAKE ANY PAYMENT OR GIVE ANY NOTICE TO A BENEFICIAL OWNER WITH RESPECT TO THE SERIES 2025A BONDS OR ANY ERROR OR DELAY RELATING THERETO.

THE FOREGOING DESCRIPTION OF THE PROCEDURES AND RECORD KEEPING WITH RESPECT TO BENEFICIAL OWNERSHIP INTERESTS IN THE SERIES 2025A BONDS, PAYMENT OF PRINCIPAL, INTEREST AND OTHER PAYMENTS EVIDENCED BY THE SERIES 2025A BONDS TO PARTICIPANTS OR BENEFICIAL OWNERS, CONFIRMATION AND TRANSFER OF BENEFICIAL OWNERSHIP INTERESTS IN SUCH BONDS AND OTHER RELATED TRANSACTIONS BY AND BETWEEN DTC, THE PARTICIPANTS AND THE BENEFICIAL OWNERS IS BASED ON INFORMATION PROVIDED BY DTC. ACCORDINGLY, THE DISTRICT TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.
