

BUILDING FOR TOMORROW
Your Voice, Your Legacy

YOU WERE HERE THEN...BE HERE NOW

Dear Alumni!

We are resuming our alumni newsletter after a three-week pause. This issue was postponed as our Forest Lake Academy community was grieving the tragic loss of a student over Spring Break. Since then, we've also learned that two of our beloved staff members are facing serious health challenges. To show respect for those impacted and to allow our community to grieve and pray, we chose to delay the newsletter. We thank you for your understanding and ask that you keep all those affected in your prayers.

CELEBRATE WITH US!

**For Our Students...
Stronger Science Today, Bolder Futures Tomorrow!**

We are honored, delighted and grateful to announce the transformative support of AdventHealth Central Florida in helping us create an innovative science center.

This new addition to our campus will include four new science laboratories as part of our Building for Tomorrow campaign.

Our partnership with AdventHealth reflects a shared commitment to expanding access to high quality STEM education. Forest Lake Academy believes that scientific discovery and Christian faith are not separate pursuits, but complementary callings.

These state-of-the-art labs will provide hands-on experimentation, advanced research and real-world application, equipping our students to pursue careers in science and medicine to extend the healing ministry of Christ.

As these new labs open and begin shaping future generations, you will have a chance to tour the AdventHealth Science Center and help us celebrate this collaborative initiative.

We invite you to prayerfully consider joining AdventHealth in Building for Tomorrow and investing in the faith-filled youth who will serve as leaders in our communities for years to come.

JOIN ADVENTHEALTH - SUPPORT TODAY!

THE FLA BUILDING FOR TOMORROW CAMPAIGN

The FLA campus expansion continues to move forward quickly!

We have made major progress on the **new Administration and Classroom buildings**, including roofing, windows, drywall, painting, and upcoming elevator and stair installations.

Work is also underway on the **Field House/Pavilion** near the athletic field and **new awnings across the central courtyard**, while **upgrades to the current classroom building** have been completed to meet safety requirements.

The **Student Center** is expected to be finished soon following final inspections, and **additional updates planned throughout the summer** to prepare for the next school year.

NOTE: Updates will be made on the exterior of the existing classroom building so it will match the color and look of the two new adjacent building.

GIVE NOW! KEEP THE MOMENTUM GOING

SAVE THE DATE: ALUMNI WEEKEND 2026

2026 Alumni Weekend

NOVEMBER 6-7

Forest Lake Academy's Schmidt Auditorium

SPEAKER: JUAN RODRIGUEZ C/O 1991
