

Drive meaningful literacy outcomes with content-rich instruction

Give teachers relevant, real-world content combined with powerful scaffolds and assessment tools to make literacy outcomes a reality for every learner.

- Practice literacy skills without sacrificing engagement with **standards-aligned quizzes** and other **flexible student activities**—all rooted in content
- Build the background knowledge necessary for reading comprehension with **over 15,000 relevant texts and videos** curated to support ELA instruction
- Support and grow every learner with **powerful scaffolding tools** like differentiated texts and in-context vocabulary
- Include **authentic and diverse perspectives** in any lesson with content from over 175 trusted partners
- View **insights into student performance** and activity across students, classrooms, and schools

Newsela ELA is proven effective by multiple ESSA Tier II studies, and students who read and took quizzes 2x per week saw 4 additional months of literacy growth by the end of the school year
