

One platform,  
endless possibilities

Trusted by 1 million teachers  
Used by 15 million students

Math • Language Arts • Science • Social Studies • Spanish

IXL gives you everything you need to make a bigger positive impact on learning. Through an easy-to-use, all-inclusive platform, IXL provides thousands of curriculum and instructional resources, actionable analytics, and a state-of-the-art assessment suite. In addition to helping your students succeed academically, IXL can even uncover hidden obstacles to learning, increase teacher engagement, develop students' intrinsic motivation to learn, get parents more involved, and more.

## **IXL is one of the most widely used and trusted educational technology products:**

**25 years**  
of edtech excellence

**150+ billion**  
questions answered

Used by  
**15 million**  
students

Used in  
**96 of the top 100**  
school districts

# IXL is uniquely designed to support you and your students

## All-inclusive, flexible platform

Fully integrated into a single platform, each component of IXL is designed to work together seamlessly to give you the tools and insights you need to maximize learning for every single student.

## Actionable insights

Flexible, detailed reports from IXL Analytics give you truly useful insights, from the district to the school to the classroom and individual learners. Easily navigate and interpret your data, make essential discoveries at every level, and unearth the most helpful information to fuel your next steps for success.

## Empowering student experience

IXL gives students agency to work independently, and adapts to where they are, giving them just the right level of challenge so they stay engaged. Learners can tap into in-the-moment support like video tutorials, or enter their SAT or ACT scores to get a personalized study plan for the next test.

## Comprehensive curriculum and personalized guidance

IXL's comprehensive PK-12 curriculum supports essentially anything you want to teach, with 17,000+ skills in five subjects. Integrating our curriculum into instruction is easy, with skill plans that match textbooks and state standards. Plus, IXL provides each student with a personalized pathway for growth.

## Instructional resources and classroom engagement tools

IXL's built-in instructional resources support students when they're working independently, with thousands of video tutorials, step-by-step lessons, and corrective feedback after every question. And IXL makes classroom learning engaging and exciting with collaborative features such as IXL Group Jams and IXL Leaderboards.

## IXL Assessment Suite

The IXL Assessment Suite is the only unified assessment-and-learning solution that enables students to move seamlessly from fast, focused assessment back into meaningful instruction and practice. Each assessment has been built intentionally for its individual purpose—from accurate, precise benchmarking, to fast and targeted screening for intervention, to customization and detailed reporting. And it provides a clear path forward for each student, who receives a personalized action plan to pair with IXL's curriculum.

## District partnership, professional learning, and implementation services

Our skillful team delivers consultations and trainings to ensure you achieve the goals you've set for IXL. From district partnership packages that provide you with custom implementation support, to virtual PD sessions, to hands-on in-person professional development, IXL is here to support you and your teachers.

# IXL is proven to accelerate learning

Studies in 49 states have found that schools using IXL outperform schools using any other program or method. Key findings from these studies include:

**+8.5%**

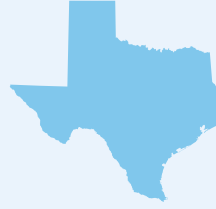

ELA  
**+10%**

In California, the expected percentage of students reaching proficiency on the CAASPP would increase by 8.5 points for math and 10 points for ELA if students mastered one additional IXL skill per week.

**+11%**

ELA  
**+17%**

Texas schools using IXL outperformed schools without IXL on STAAR exams, by as much as 11 percentile points in math, 17 percentile points in reading, and 8 percentile points in writing.

**+10%**

ELA  
**+10%**

Performance on the IAR in Illinois schools using IXL was up to 10 percentile points higher in math and 10 percentile points higher in ELA compared to schools not using IXL.

## Get the IXL Effect

Tens of thousands of schools around the country are experiencing the IXL Effect—and you can too. These research-backed best practices can help you optimize learning and reach new levels of success:

### Answer 15 questions per week

Schools where students answered at least 15 IXL questions per week outperformed all others on state assessments.

### Strive for mastery

When students consistently reach proficiency and mastery of IXL skills, schools see as much as a 16-point bump on state assessments.
