

THE 2024-2025 SCHOOL DISTRICT REPORT CARD FOR

Ruidoso Municipal Schools

For more details on these metrics, please visit nmvistas.org

DETAILS

Math/Reading/Science Proficiency: The percentage of students who are proficient and above in math/reading/science.

Graduation Rate: The percentage of students who graduated in four years. Because students graduate throughout the summer, graduation data is one year lagged. This figure represents the graduating class of 2024.

Graduation Growth: The annual increase in the four-year graduation rate over three years.

Math/Reading Growth: Growth is a percentile, measured for students in grades 4-8, that shows improvement on the MSSA Math or Reading test compared to peers. A student's peers for growth are others in their grade who had the same score on a previous year's test. The median growth of a school or district is the growth of the middle student of that school or district. A school at the 50th percentile of growth has a median student who attained typical growth for his/her peer group; a school at the 70th percentile has a median student who attained more than typical growth.

Regular Attendance: The percentage of students who were present for more than 90% of enrolled school days.

CCR: The percentage of high school students who have participated in college and career preparatory courses or assessments. This includes students who, for example, took a Dual Credit course or an Advanced Placement test.

DESIGNATIONS

Spotlight: Highest recognition; schools among the top 25% of schools

Traditional: Good standing; not in designation

TSI: Schools with consistently underperforming student groups

ATSI: Schools in need of support with one or more of the lowest performing groups of students

CSI: Schools scoring in the bottom 5% of Title I schools overall or that have a graduation rate below 67%

MRI: Schools not exiting CSI Status after 3 years receiving support

Masked: Data not available due to masking

N/A: Data not applicable to this school or is otherwise unavailable
