Renewal Charter Petition

Submitted
December 11, 2025

TERM OF CHARTER

JULY 1, 2026 TO JUNE 30, 2031

TABLE OF CONTENTS

Assurance, Affirmations, and Declarations.....	3
Element 1 – The Educational Program.....	5
Element 2 – Measurable Pupil Outcomes, and Element 3 – Method by which Pupil Progress Toward Outcomes will be Measured.....	96
Element 4 – Governance.....	103
Element 5 – Employee Qualifications.....	111
Element 6 – Health and Safety Procedures.....	113
Element 7 – Means to Achieve Racial and Ethnic, Special Education, and English Learners including Redesignated Fluent English Proficient Pupils Balance.....	115
Element 8 – Admission Policies and Procedures.....	116
Element 9 – Annual Financial Audits.....	122
Element 10 – Suspension and Expulsion Procedures.....	123
Element 11 – Employee Retirement Systems.....	125
Element 12 – Public School Attendance Alternatives.....	125
Element 13 – Rights of District Employees.....	126
Element 14 – Mandatory Dispute Resolution.....	126
Element 15 – Charter School Closure Procedures.....	127
Additional Provisions.....	129

ASSURANCES, AFFIRMATIONS, AND DECLARATIONS

Grover Cleveland Charter High School (also referred to herein as “[Cleveland High School” and “CHS,” “District Affiliated Charter School” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(e)(1).)
- Not charge tuition. (Ed. Code § 47605(e)(1).)
- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, in any program or activity conducted by an educational institution that receives, or benefits from, state financial assistance, or enrolls pupils who receive state student financial aid.. (Ed. Code § 47605(e)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of the pupil’s parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)
- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)
- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).) Charter school shall not enter into settlement agreements requiring students to disenroll or transfer to another school.

- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)
- Consult, on a regular basis, with Charter School's parents, legal guardians, and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that the Los Angeles Unified School District is and shall be the exclusive public school employer of the employees working at or assigned to Charter School for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code.

NOTE: This Charter contains specific "Federal, State and District Required Language" (FSDRL), including the *Assurances, Affirmations, and Declarations* section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

ELEMENT 1 – THE EDUCATIONAL PROGRAM

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(c)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(c)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(c)(5)(A)(iii).)

GENERAL INFORMATION

• The name and title of the contact person for Charter School is:	<i>Cindy Duong</i>
• The contact address of Charter School is:	<i>8140 Vanalden Avenue Reseda, CA 91335</i>
• The contact phone number for Charter School is:	<i>(818) 885-2300</i>
• Charter School is located in LAUSD Board District:	<i>3</i>
• Charter School is located in LAUSD Region:	<i>North</i>
• The grade configuration of Charter School is:	<i>9-12</i>
• Charter School’s scheduled first day of instruction in 2026-2027 is:	<i>August 12, 2026</i>
• The current operational capacity of Charter School is: NOTE: For all District affiliated charter schools, the District determines each school’s operational capacity annually in accordance with District policy. Operational capacity refers to the maximum number of students that Charter School may enroll in a given year and includes all students, regardless of student residence or other factors.	<i>2786</i>
• The bell schedule (e.g. daily hours) for Charter School will be:	<i>8:30 AM - 3:38 PM</i>
• The term of this Charter shall be from:	<i>July 1, 2026 – June 30, 2031</i>
• If Charter School is Low performing, per the CDE Performance Category, the term of this Charter, if approved:	<i>N/A</i>

Grover Cleveland Charter High School (also referred to herein as “Cleveland High School,” “Cleveland,” “CHS,” “District Affiliated Charter School,” and “Charter School”) is located in the West San Fernando Valley community of Reseda with a population of 112,503. Cleveland is one of 183 high schools in the Los Angeles Unified School District (LAUSD). In 2022, the LAUSD was reconfigured into four regions, each with its own superintendent and measure of autonomy. Cleveland is a part of Region North, composed of 12 Communities of Schools (COS). These Communities of Schools are centered around local high schools and their corresponding middle and elementary schools, which serve over 140,000 students: 19 high schools; nine options and continuation high schools; 20 middle schools; 137 elementary schools; one magnet school that spans grades K-12; one magnet school that spans grades 4-12; 17 schools that span either grades K-6 or 6-12; one special education center; two special education career transition centers; and eight early education centers.

Established in 1959, Cleveland offers a comprehensive educational program for grades 9 through 12 in our residential school, Humanities Magnet, and Global Media Studies Magnet. Based on the current 2024-25 California Basic Educational Data System (CBEDS), our combined student enrollment is 2,642.

SELF REFLECTION FOR DISTRICT AFFILIATED CHARTER SCHOOL

Grover Cleveland Charter High School’s performance over the current charter term demonstrates consistent academic growth and a sustained commitment to meeting the needs of the community we serve. Since 2018, the continued autonomies and flexibilities provided as an affiliated charter has allowed Cleveland to implement locally-designed programs, initiatives, and policies that meet the specific needs of our students, families, staff, and educators. Through a shared vision, we have established systems for decision-making, along with collaborative processes for the allocation and utilization of human, material, and physical resources, that focus on the whole child, taking into account the well-being of each individual – academically, personally, and socio-emotionally.

Schoolwide English Language Arts (ELA) results have remained strong, with between 59% and 72% of students meeting or exceeding standards across multiple years according to the California Dashboard. In 2024–25, 65.4% of students met or exceeded standards, a slight decline from the prior year but still 16.6% above the State and indicative of stable, high achievement. Importantly, the proportion of students not meeting standards has improved significantly, decreasing from more than 22% in earlier years to 16.2% in the most recent year. These outcomes reflect effective literacy instruction, targeted intervention systems, and curriculum coherence that supports students across grade levels. In mathematics, the school has shown steady improvement, particularly following the pandemic recovery period. The percentage of students meeting or exceeding standards has increased from 33% in 2021–22 to 40.5% in 2024–25, which is 3.2% higher than the State. The proportion of students not meeting standards has declined from 47% to 38.5% over the same span. While math achievement remains an area for continued focus, these upward trends demonstrate the impact of strengthened Tier 1 instruction, data-driven small-group supports, and expanded teacher professional development.

Student-group performance patterns reveal areas of notable strength as well as achievement gaps the school continues to address. In ELA, Asian and White students consistently perform at high levels, ranging from Green to Blue across the charter term. Hispanic students have demonstrated significant improvement, progressing from Orange in 2022–23, to Yellow in 2023–24, and Green in 2024–25, according to the California Dashboard. Socioeconomically Disadvantaged students have also returned to Green performance levels, reflecting the school’s commitment to equitable instruction. English Learners and Students with Disabilities, however, continue to demonstrate lower ELA outcomes, with performance ranging from Red to Yellow across multiple years. These patterns highlight the need for ongoing investment in targeted language development and specialized academic and personal support. In mathematics, Asian and White students again demonstrate consistent high performance, while Hispanic and Socioeconomically Disadvantaged students show gradual improvement, reflected in their shift from Orange to Yellow. English Learners and Students with Disabilities remain the lowest-performing groups in math, with persistent Red and Orange indicators across the term, underscoring the importance of continued intervention, co-teaching, and differentiated instructional strategies.

Cleveland will continue to meet the needs of English Learners by strengthening its data-driven systems and cross-disciplinary instructional practices to accelerate achievement in both ELA and mathematics. Building on recent gains yet recognizing that EL performance remains below State averages, the school is expanding its collaborative Plan-Do-Study-Act (PDSA) Cycle of Inquiry: integrating common assessments, structured observations, and shared strategies such as sentence frames, graphic organizers, academic discussion norms, and Answer Cite Explain (ACE)/Claim Evidence Reasoning (CER) writing routines. Ongoing use of iReady, Smarter Balanced Assessment (SBA), English Language Proficiency Assessments for California (ELPAC), and formative assessments inform targeted small-group instruction delivered by teachers, instructional coaches, limited contract staff, and teaching assistants, while weekly Instructional Leadership Team (ILT) meetings and monthly professional development refine integrated English Language Development (ELD), differentiation, and scaffolded supports. In mathematics, department members employ the same data-driven structures to plan interventions, embed academic language routines, and provide structured discourse opportunities that increase English Learner (EL) access to rigorous content. Through consistent progress monitoring, technology-enhanced learning tools, and coordinated coaching across departments, Cleveland ensures that instructional adjustments remain responsive to student data and aligned with schoolwide goals for English language development and academic growth.

Science performance, based on California Science Test (CAST) data, shows promising upward trends as the school continues to deepen its implementation of Next Generation Science Standards (NGSS). In 2024–25, Asian and White students reached Blue performance levels, and both Hispanic and Socioeconomically Disadvantaged students improved to Green. English Learners and Students with Disabilities performed at Yellow, demonstrating improvement but still trailing their peers. These results reflect strengthened science instruction, increased hands-on learning, and equitable grading and instruction.

Collectively, Cleveland’s performance record illustrates how we have met and continue to meet the needs of our community. Strong ELA outcomes, steady gains in mathematics, and

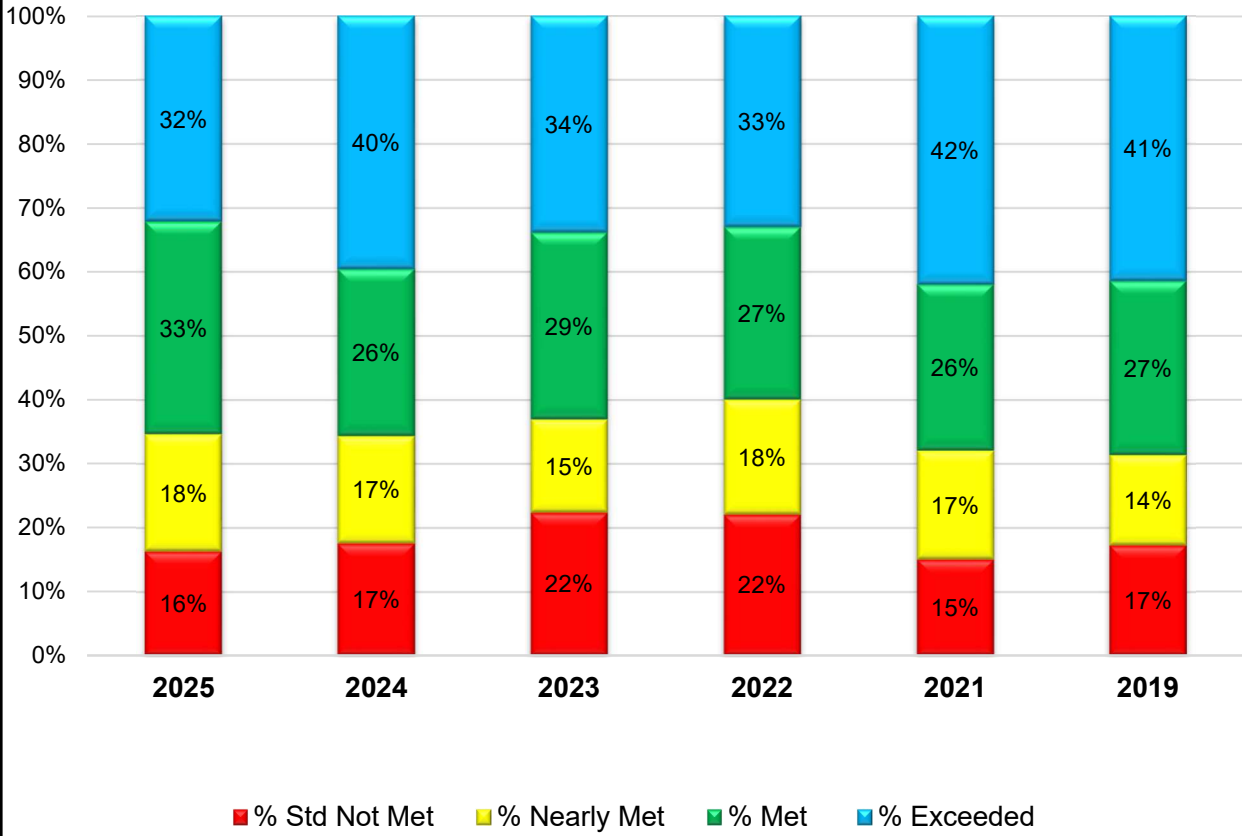

emerging strength in science demonstrate the effectiveness of our instructional program. Improvements among key student groups, including Hispanic and Socioeconomically Disadvantaged students, further reflect Cleveland’s focus on equity and differentiated support. Moving forward, we will continue to build on these strengths through enhanced progress monitoring, targeted intervention for English Learners and Students with Disabilities, expanded math supports, and ongoing professional development aligned to identified needs. Cleveland’s sustained achievement patterns and data-driven instructional approach indicate our continued capacity to serve the community effectively throughout the next charter term.

California Dashboard

ELA Data Analysis

Cleveland students have demonstrated consistent strengths in English Language Arts over the past several years. In the 2024-25 school year, 65.4% of students met or exceeded standards. We outperformed both LAUSD and the State in overall ELA SBA scores. Cleveland continues to demonstrate strong ELA performance, with consistent achievement in meeting or exceeding standards, steady growth among historically underperforming groups, and performance above District averages.

From 2018-25, Asian and White students consistently demonstrated strong ELA performance, ranging from Green to Blue. Hispanic and Socioeconomically Disadvantaged students showed moderate performance, with improvement to Green in 2024-25. English Learners and Students with Disabilities remained the lowest-performing groups.

In 2024-25, Asian, Hispanic, Socioeconomically Disadvantaged, and White student groups performed at the Green level. English Learners improved by 24.3 points, demonstrating measurable progress and achieving an Orange performance level. Students with Disabilities increased 16.1 points and performed at an Orange level.

Teacher Collaboration: Collecting Data and Sharing Strategies Through the PDSA Cycle

Despite recent growth in English Language Arts, Cleveland's EL Students and Students with Disabilities (SWD) perform below the State average. In response, Cleveland continues to strengthen its data-driven professional development, instructional practices, and targeted supports to accelerate EL and SWD achievement. To address identified gaps, the English, ELD, and Resource Specialist Program (RSP) teams launched a cross-disciplinary PDSA cycle in Fall 2025 focused on text-based analysis and argumentative writing. Teachers created and administered common assessments, conducted observations, and shared effective strategies, including sentence frames, graphic organizers, structured collaborative discussions, targeted small-group instruction, and consistent use of Answer, Cite, Explain (ACE) and Claim, Evidence, Reasoning (CER) writing structures. These efforts aligned with whole-school work on academic discussion norms and Depth of Knowledge (DOK) Levels 3 and 4 questioning to support English Learner language development and access to rigorous ELA content.

Additional support for SWDs is provided through a series of collaborative Inclusive Practices Professional Development (PD). These sessions are designed to build teacher capacity to implement instructional strategies that ensure equitable access to grade-level content; promote collaboration between general education teachers, special education teachers, and support personnel; increase engagement and participation for students with diverse learning profiles; support compliance with legal requirements and best practices related to inclusive education; create classroom environments where students feel valued, supported, and able to succeed with appropriate scaffolds and accommodations; and, improve academic outcomes by using data-based instructional decision-making and evidence-based strategies.

In addition to this ELA/ELD action plan, the following systems and supports are currently in place to improve ELA outcomes for English Learners:

Data-Driven Instruction & Assessment

- Implement data-driven instructional practices by conducting regular data chats to review iReady, SBA, and formative assessment data
- Conduct comprehensive needs assessments using State and local data (iReady, SBA, ELPAC, CA Dashboard, formative assessments) to identify areas for improvement, disaggregate subgroup data, and set growth goals
- Utilize the instructional coach to support data-driven practices, including co-teaching, modeling ELD scaffolds, formative assessment strategies, and effective student feedback
- Conduct training sessions on data-driven instruction aligned with ELD standards to support teachers in using assessment data effectively, including training teaching assistants on data analysis and small group instruction to ensure targeted support for EL students
- Conduct regular classroom observations and walkthroughs to monitor instruction, use of differentiation, academic language supports for EL students, push-in support, and the impact of professional development

- Provide limited contract staff to support data-informed small-group instruction for students below grade levels
- Analyze Summative ELPAC, English Learner Progress Indicator (ELPI) data, and individual student growth in the ELPAC during professional development

Professional Learning & Instructional Support

- Maintain a comprehensive departmental professional learning environment that supports continuous improvement of instructional practices
- Use Department-level Professional Learning to support collaborative planning, formative assessment development, data analysis, and flexible student grouping
- Provide monthly professional development sessions focused on identified instructional needs (literacy, integrated ELD, Universal Design of Learning (UDL), small-group instruction, formative assessment, technology integration)
- Implement weekly teacher collaboration meetings and department/program time to plan standards-aligned lessons, analyze student work, monitor assessments, share best practices, reorganize small groups, and review student performance data
- Utilize Instructional Coach, Teaching Assistants, limited contract staff, Targeted Student Populations (TSP) Adviser, Instructional Leadership Team, and International Newcomer Coach for PD delivery, classroom coaching, model lessons, co-teaching, feedback focused on ELD scaffolds and differentiation, and schoolwide professional development focused on iReady implementation and student support
- Conduct “Student Days” to provide targeted academic support

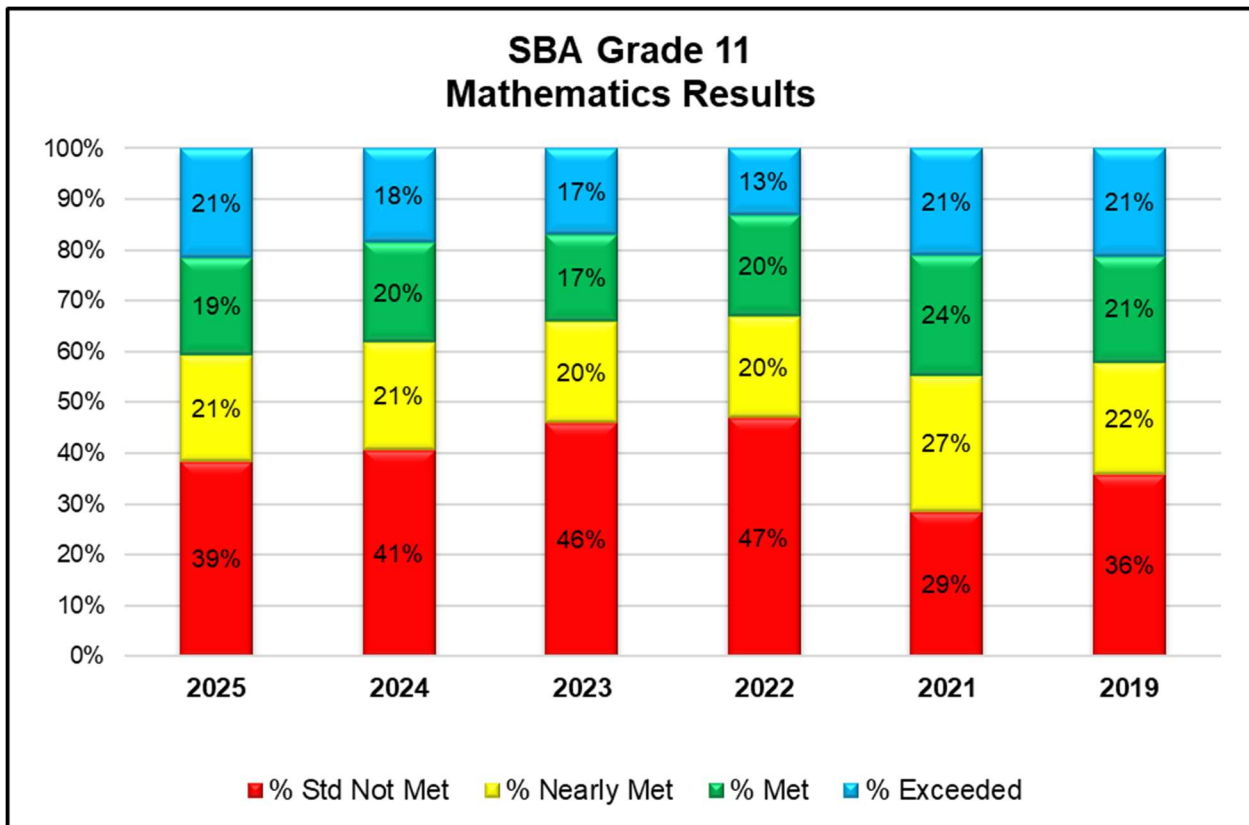

Technology Integration & Digital Literacy

- Leverage technology and innovative instructional approaches to personalize learning, address diverse needs, and track progress using digital tools and platforms
- Establish technology-focused department PDs on digital literacy instruction, integration of tech tools for scaffolded and personalized learning, and analysis of tech-enhanced assessment data
- Conduct a needs assessment to identify teachers’ technology-integration skills and areas for growth, including use of tools such as iReady, Nearpod, IXL, and EdPuzzle
- Create a digital resource library with training materials, exemplar lessons, assessments, and best practices for integrating instructional technology (EdPuzzle, Turnitin, Gizmos, GoGuardian, BrainPOP, Kami, Storyboard That, Nearpod)
- Have teachers of Designated and Integrated ELD incorporate academic discussion guides, constructive conversation skills, essential academic language routines, ELD-based lessons, and activities informed by ELPAC Task Types on a daily basis, incorporating these strategies into core content areas
- Assign teaching assistants to provide targeted small-group instruction for English Learners using iReady data, monitored by ELD leadership, and support activities informed by ELPAC Task Types to promote language proficiency and academic achievement

SBA Grade 11 Mathematic Results Compared to District and State

	Cleveland HS	LAUSD	State
2024 - 2025	Green	Yellow	Yellow

California Dashboard

Mathematics Data Analysis

Cleveland students have shown steady performance in mathematics over the past several years. In the 2024-25 school year, the California Dashboard indicates that 40.5% of students met or exceeded standards. Cleveland outperformed LAUSD and the State in overall Math SBA scores. Furthermore, Cleveland demonstrated consistent math achievement with measurable growth among historically underperforming groups and overall performance at or above District averages.

From 2018-25, Asian and White students consistently demonstrated strong math performance, ranging from Green to Blue. Hispanic and Socioeconomically Disadvantaged students showed moderate performance, with levels in Yellow for 2024-25. English Learners and Students with Disabilities remained the lower-performing groups, though both groups demonstrated improvements in recent years.

In 2024-25, Asian and White student groups performed at the Blue level. The Hispanic student group, while in the Yellow performance level, increased by 26.2 points. Socioeconomically Disadvantaged students performed at the Yellow performance level, with an increase of 24.1 points. English Learners improved by 52.1 points, demonstrating measurable progress and achieving an Orange performance level. Students with Disabilities increased by 39.7 points, also performing at an Orange level.

To help English Learners make continued progress in mathematics, the Math Department, in collaboration with the Instructional Coach and Department Chairs, emphasizes data-driven instruction and scaffolded supports tailored to English Learner needs. Teachers use iReady and SBA data to plan lessons, implement targeted interventions, and share effective strategies, including structured small-group instruction, scaffolded problem sets, math-specific academic language routines, manipulatives, and explicit modeling of problem-solving strategies. These efforts align with whole-school initiatives to build English Learner academic discourse and access to rigorous math content.

The following systems and supports are currently in place to improve math outcomes for English Learners:

Data Analysis and Targeted Instruction

- Conduct regular data meetings to review iReady, SBA, and formative math assessments, analyzing EL performance to inform instruction and set measurable growth goals
- Utilize the math Instructional Coach to co-teach, model scaffolded strategies, provide feedback, and support development of Universally Designed Lessons for at-risk ELs
- Assign limited contract staff and teaching assistants to deliver targeted small-group instruction in math for ELs using iReady and benchmark data
- Provide PD and training on interpreting assessment results and implementing targeted math support aligned to EL needs
- Have administrators conduct observations to monitor implementation of EL-targeted strategies and intervention
- Incorporate peer-to-peer instructional rounds to encourage best practices

Professional Learning and Collaboration

- Maintain a professional learning environment that supports continuous improvement in EL math instruction
- Use department-level PD to facilitate collaborative lesson planning, data analysis, formative assessment design, and flexible grouping for ELs
- Offer monthly PD on research-based math strategies, scaffolding techniques, accommodations for ELs/SWDs, and modeling of effective instruction
- Provide tutoring, credit recovery, and individualized support before and after school to address skill gaps
- Conduct teacher observation visits and debriefs to reflect on effective instruction and personalize strategies for ELs

ELD Integration in Math Instruction

- Integrate ELD standards into math lessons using structured language routines and math academic language strategies
- Design math activities informed by ELPAC Task Types to develop language proficiency and conceptual understanding
- Have teachers of Designated and Integrated ELD embed discussion guides, academic language strategies, and ELD-based activities daily

- Newcomer Counselor collaborates with TSP Adviser/EL Designee to support PD implementation and ensure effective instruction for newcomer ELs

Progress Monitoring and Evaluation

- Analyze iReady and SBA results for ELs to track progress and adjust instruction. Hold monthly data meetings to review EL performance, share effective strategies, and make instructional adjustments
- Evaluate PD impact through observations, walkthroughs, and teacher feedback to ensure EL instructional growth
- Review math data to guide program improvements and instructional planning
- Maintain tutoring/intervention logs to monitor EL participation and link supports to outcomes

	Cleveland HS	LAUSD	State
2024 - 2025	Green	Green	Yellow

California Dashboard

Science Data Analysis

According to Cleveland's 2024-25 science data, 9.8% of students exceeded standards, 27.9% met standards, 54.73% nearly met standards, and 7.6% did not meet standards. Compared to the previous year, there was a small increase in students meeting or exceeding standards (37.7% in 2023-24 versus 35.2% in 2022-23), indicating gradual growth. The fact that over half of students are nearly meeting standards suggests many are close to proficiency but need additional support to reach full mastery. English Learners and Students with Disabilities student groups are areas for targeted focus, while Asian and White students are performing above average. Cleveland outperformed the State.

The following systems and supports are currently in place to improve science outcomes for English Learners and Students with Disabilities:

Data Analysis and Targeted Instruction

- Provide PD and training on interpreting assessment results and implementing targeted science support aligned to EL needs
- Meet as a department to analyze common assessments to determine skill gaps and areas of instructional growth
- Provide tutoring, credit recovery, and individualized support before and after school to address skill gaps
- Design small group instruction using Modern Classroom techniques to target students who are not meeting learning targets
- Fund the Organized Binder system to assist students with executive functioning skills

Professional Learning and Collaboration

- Provide opportunities for science teachers in the general education program to work with SDC teachers to help align content-standards and assist with hands-on activities
- Maintain a professional learning environment that supports continuous improvement in EL science instruction
- Use department-level PD to facilitate collaborative lesson planning, data analysis, formative assessment design, and flexible grouping for ELs
- Conduct teacher observation visits and debriefs to reflect on effective instruction and personalize strategies for ELs
- Share laboratory investigations and hands-on activities to enrich student learning
- Develop learning targets for each academic standard in the broad NGSS scope

ELD Integration in Science Instruction

- Integrate ELD standards into science lessons using structured language routines and science academic language strategies
- Incorporate introductory science course for Newcomer EL students to encourage scientific inquiry in an integrated ELD course
- Incorporate peer-to-peer instructional rounds to encourage best practices
- Ensure effective instruction for newcomer ELs through PD implementation and Newcomer Counselor/TSP Adviser/EL Designee collaboration

Progress Monitoring and Evaluation

- Analyze iReady and SBA results for ELs to track progress and adjust instruction.
- Provide tutoring, credit recovery, and individualized support before and after school to address skill gaps
- Evaluate PD impact through observations, walkthroughs, and teacher feedback to ensure EL instructional growth
- Review science data to guide program improvements and instructional planning
- Maintain tutoring/intervention logs to monitor EL participation and link supports to outcomes

California Dashboard

In consideration of the data above, Cleveland continues to provide full-time Pupil Services and Attendance (PSA) counselors to assist with attendance issues and design incentives. Psychiatric Social Workers (PSWs) provide mental health support and lead workshops for social-emotional learning. Cleveland staff provide workshops to promote academic skills and bridges to social and emotional health services for all students.

Due to limited space at continuation schools, and there are no continuation schools that currently offer a dedicated program for English Learners, Cleveland expanded the Cleveland Learning Academy (CLA) program to support English Learners in addition to SWDs and other at-risk students. Cleveland also provides accelerated English and Social Studies courses for EL students who want to advance in credits.

In addition, at Cleveland, we provide struggling students with the following supports:

- Individual Graduation Plans (IGP) every semester
- a-g counselors to work with Tier 2 and Tier 3 off-track students
- College Counselors and Career Technical Education (CTE) Counselor to identify postsecondary educational and career outreach opportunities
- Additional teachers on limited contracts and teaching assistants to provide targeted push-in academic intervention in Special Day Classes, English Learner support courses, and other core content classes with higher enrollment of English Learners
- Virtual academy where students can take online courses
- Before and after school The LAB for targeted academic skills support workshops
- Cookies with the Counselors to increase parent involvement and awareness

The counseling staff provides the following interventions:

- Review progress and final report cards
- Conduct IGPs
- Provide all seniors by October an IGP meeting to review graduation progress
- Utilize a-g counselors to provide lists of Tier 2 and 3 students to counselors
- Work with teachers to identify struggling students and refer them to counselors
- Send notification about need for additional credits
- Meet with students who do not return the enrollment form for credit recovery
- Set up one-on-one sessions with students in danger of being dropped from credit recovery
- Offer parent meetings with a counselor and a-g counselor
- Develop Parent Center workshops to inform families about credit recovery option
- Distribute to all seniors and their parents a graduation check at the 5-week mark each semester
- Send a certified letter home to seniors in the spring semester at the 10-week progress report for those in danger of not graduating
- Distribute 18-week spring semester grade checks for seniors identified with a D or Fail in a required course

The school implements a comprehensive, data-informed intervention system that targets student needs across all content areas through tutoring, advisory contracts, and regularly scheduled Targeted Intervention and Enrichment Support (TIES) Days. ELs and SWDs receive tailored support through ELPAC Bootcamps, counselor push-ins, and personalized interventions grounded in progress monitoring tools like iReady and IGPs. For ninth grade students, advisory programs, peer mentoring, and coordinated support from teachers and counselors ensure early intervention and academic guidance, all reinforced by a schoolwide culture of data use to drive instructional decisions and student support plans.

Faculty and staff provide individualized interventions such as one-on-one academic and social-emotional support, mastery assignment contracts, and tutoring. Teachers and counselors meet periodically with students throughout the semester, initiate parent conferences, and maintain detailed spreadsheets to track struggling students' progress and coordinate interventions.

ELPAC Bootcamp sessions offer push-in support and one-on-one Tier 1 and Tier 2 interventions in ELA and Math provide targeted help to ELs. ELPAC Bootcamp sessions were held before and after the school day and utilized iReady data and ELD coursework to prepare English learner students for the annual Summative ELPAC and offered a space to practice foundational literacy and numeracy skills. Special Education teachers use iReady data and IGP's to personalize academic plans and interventions through IEPs and Present Levels of Performance (PLPs). Counselors of Newcomers and Intervention Prevention Support Coordinator offer guidance and assistance to students.

Ninth grade students receive specialized academic and social-emotional support through the ninth Grade Home Base in the Humanities Magnet. Counselors of Newcomers, support personnel, and school mentors collaborate to provide interventions and design

interdisciplinary supports tailored to ninth graders’ developmental needs. Counseling staff design small groups for focus students and larger group presentations on topics ranging from high school transition, SEL, and career and college planning.

Teachers and staff regularly review a variety of data, including assessment scores, progress reports, IGPs, and survey results to identify students in need of intervention and design in-class, small-group supports. Push-in teachers, data chats, and P-ACE contracts ensure that interventions are timely, targeted, and individualized. We created extended learning opportunities like Saturday Student Days and TIES Days in direct response to ongoing data analysis to help struggling students succeed. Data on school climate led to the establishment of The LANDING Ground to provide a calm room and a communal wellness space offering mental health and yoga sessions.

The Social-Emotional Learning Team has devised ways to reduce the need for credit recovery:

- Health, ELD, and College Prep classes implementing growth mindset lessons
- Mindfulness workshops in The LANDING Ground
- SEL PDs
- Counseling presentations include growth mindset
- Targeted group counseling sessions
- a-g counselor presentations for students and parents
- PSW-led mental health workshops in The LANDING Ground

We further provide the following:

- Focused PD on Tier I intervention and good first teaching
- Peer-to-peer Instructional Rounds
- Additional academic and college counselors
- Summer PD Institute

Class of 2025 Dropout Information

In recent years, the political climate, not to mention economic uncertainties, has impacted student attendance and enrollment, especially for some of our student groups including English Learners, Hispanic, and Socioeconomically Disadvantaged. According to graduation data from LAUSD’s My Integrated Student Information System (MiSiS) Focus Reporting Dashboard, of the 629 graduating students in the class of 2025, 39 students did not graduate.

Percentage of Students Who Did Not Graduate	Reason
48.7%	Employment
46.1%	Moved, left no forwarding address
2.6%	Earned GED
2.6%	Aged out

MiSiS Focus Reporting Dashboard

Of the students who did not graduate in the Class of 2025, the majority were English Learners (85%) and most were socioeconomically disadvantaged (69%). Nearly half (48.7%) left school to work, while 46.1% moved without providing a forwarding address. One student earned a GED (2.6%) and another aged out of the system (2.6%). Hispanic students accounted for the largest group of non-graduates (85%), with over half of them leaving to work and one aging out at 22 years old. Among other groups, two White students were identified as dropouts after attempts to contact the families were unsuccessful, one Asian student earned a GED, and three students listed as “Unknown” (all English Learners) either left to work or could not be contacted.

College/Career Indicator

Year	Percent Prepared	Color
2018 - 2019	44.2%	Yellow

Cleveland is making a concerted effort to address the College and Career Indicator (CCI) for English Learners, Long-Term English Learners (LTEL), Hispanic students, and Students with Disabilities. These student groups need more access to and information about alternative opportunities to meet the indicator, including access to dual enrollment pathways. Until the 2025-2026 school year, dual enrollment classes were only offered after school, which limited enrollment for students with jobs and other extracurricular and family responsibilities.

To address the CCI, Cleveland has done and will do the following:

- Increased the number of college counselors, including the addition of more bilingual staff, to expand outreach and services

- Added a newcomer counselor to provide early outreach to English learner students about career and college readiness opportunities at Cleveland and to monitor student progress
- Hired a CTE counselor to support with expansion of CTE programs and pathways
- Expanded online AP course offerings through our Summer Virtual Enrichment Program
- Increased online AP course offerings outside of the school day by expanding the number of online course mentors
- Increased identification of students eligible for State Seal of Biliteracy, create informational workshops to support students, and offer proficiency testing during the school day
- Enhanced outreach to increase the number of students taking dual enrollment courses available periods 5-6, and after school
- Added a dual enrollment Art CTE course to our Academy of Arts and Technology (AOAT) program
- Continue to add dual enrollment courses during the period 1-6 school day
- Continue to increase CTE course offerings during the school day to expand availability to more students
- Continue to broaden elective offerings to help students explore college and career interests
- Continue to expand Career and College Resource Fair and offer additional career guest speakers and panels to provide students opportunities to explore a variety of fields and industries
- Continue to invite additional community resource agencies, local businesses, and local college representatives to conduct classroom workshops and assemblies
- Continue to publicize the College Bound program schoolwide and have counselors and teachers identify students for participation
- Continue to work with career transition centers, regional occupation centers, and postsecondary institutions to expand outreach for SWDs
- Continue to develop outreach opportunities with local businesses, community agencies, and postsecondary institutions to expand classroom learning experiences for students

Additional School-Determined College/Career Indicator

To support student post secondary success, the District pays for tenth grade students to take the PSAT and Cleveland funds the test for eleventh grade students. Students are able to use the results to guide future test prep through Khan Academy and Bluebook, explore college and career options with BigFuture, check scholarship eligibility, and focus on specific reading, writing, and math content areas for improvement.

PSAT Scores 2023 - 2025

Year	# of Students	Average Score	Average Math Score	Average Reading/Writing Score
Fall 2023	1,093	889	439	450
Fall 2024	1,169	888	434	451
Fall 2025	946	920	451	469

College Board

Over the past three years, average PSAT scores have steadily increased, with students consistently scoring higher on the reading/writing section.

GOALS AND PHILOSOPHY

Mission and Vision

Our goals and philosophy are reflected in our school vision and mission statements.

Vision

The Grover Cleveland Charter High School community nurtures global citizens who pursue academic excellence, realize personal success, and demonstrate social responsibility.

Mission

Grover Cleveland Charter High School's mission is to maximize student potential and growth opportunities by engaging educational partners to develop and expand

- Support systems that address the whole child
- Parental communication and involvement
- Innovative initiatives based on current educational research and practices
- Allocation and utilization of human, material, and physical resources
- Outreach with postsecondary institutions and community agencies

What It Means to be an “Educated Person” in the 21st Century

To be educated in the 21st century requires students to learn and hone a variety of knowledge and skills in four key domains: cognitive, academic, technological, and social-emotional. The 21st century learner has to be prepared to meet the demands of a rapidly changing job market and technological landscape. Educators must teach students skills that will be valuable in a variety of future college and career contexts (Kain et al. 2024).

According to the Global Partnership for Education's 2025 factsheet, we can prepare students for a modern workforce by fostering creative thinking, analytical reasoning, complex problem-solving, effective collaboration and communication, and engagement with emerging technologies. Additionally, the educated 21st century student's learning experience must promote critical media engagement and value their identities and lived experiences (McArthur 2019).

Cleveland prides itself on framing school culture around various social responsibility practices. Per the school mission, students explore and appreciate different cultures and languages; contribute to the enhancement of civic life; collaborate with others to perform humanitarian efforts; and respect and protect the local environment and global community. The school pursues this daily mission in individual classrooms, as well as through student club activities and school-wide events such as cultural fairs and career and college conferences for various student groups. Our vision and mission statements are delineated through our Student Learner Outcomes, called The Four Cs.

Student Learner Outcomes: The Four Cs

Critical and Analytical Thinking

(Higher-order reasoning, evaluation, synthesis, and inquiry)

- Explore, synthesize, analyze, evaluate, and apply information across multiple perspectives
- Apply knowledge in order to solve a variety of complex problems
- Become self-directed scholars who practice inquiry

Communication and Literacy

(Reading, writing, languages, and expression across media)

- Read, write, and communicate clearly and persuasively
- Analyze and evaluate a variety of texts across disciplines and cultures
- Utilize technology and research skills to explore, gather, and interpret information

Creativity, Academic Knowledge, and Innovation

(Original thinking, design, and production)

- Generate new ideas and content
- Collaborate and engage in project-based learning
- Participate in scientific and mathematical reasoning and argumentation

Collaboration, Leadership, and Citizenship

(Working with others and contributing to society)

- Be flexible, work cooperatively, and contribute meaningfully to society
- Possess the requisite social skills to lead and demonstrate a growth mindset
- Cultivate humanitarian ideas and develop a strong work ethic

How Learning Best Occurs

At Grover Cleveland Charter High School, we believe that learning best occurs when there is active engagement and participation of *all* educational partners: students, parents, school, and community (Fisher and Heikkinen 2010; Willis, Faeth, and Immordino; Yang 2010; Fisher and Frey 2010-13; Mazur and Redish 2015; Learning Policy Institute 2019; Denham et al. 2025; Mann 2025).

Teachers foster student learning by acknowledging and incorporating different ideas, opinions, cultures, and languages. Students use both creativity and critical thinking as they gain knowledge and skill sets in a variety of academic and career-focused disciplines.

We believe that learning best occurs when students engage in four competencies that underscore our mission and vision: critical and analytical thinking; communication and literacy; creativity, academic knowledge, and application; and collaboration, leadership, and citizenship.

How the Goals of the Program Enable Students to Become Self-Motivated, Competent, and Life-Long Learners

To achieve our school goals, Cleveland will implement and/or continue to:

- Produce and uphold policies and processes to decentralize District decision-making by providing educational partners (governance council, administrators, teachers, parents, students) with greater budgeting authority, including the allocation of fiscal, personnel, and other resources at the school site
- Increase the school funding via per pupil spending and other State grant, including future block grants, when available
- Develop procedures to increase educational partner involvement in decision-making
- Utilize alternative learning settings to increase the flexibility of teacher staffing, expand course offerings, and accommodate student interests and needs
- Interview and select new teachers, administrators, and classified staff that best meet the needs of the school
- Choose curricular areas for improvement
- Expand opportunities to incorporate equitable grading and instruction into decisions related to curriculum, instruction, and assessment
- Coordinate curriculum and instruction across grade levels, through career pathways and academic programs, and within and among departments at the school site level
- Decentralize District decision-making procedures for enrollment timelines, as necessary, including determination of lottery dates.
- Design and conduct staff development programs, including personalized learning pathways, dedicated common planning and collaboration, structured peer observations and debrief sessions, and equity and justice initiative
- Boost articulation with feeder schools and strengthen parental and community outreach through sporting, artistic, and cultural events, and thematic programs, activities, and exhibits
- Supplement parent workshops with knowledge, experiences, activities, and classes that support community wellness, language acquisition, and student achievement and wellbeing
- Establish grade-level, course-alike, and department-wide learning objectives and assessments
- Construct activities calendar and bell schedules
- Set aside time during the school day to maximize subject-specific intervention and targeted-assistance and enrichment opportunities

- Deliver targeted, skill-specific intervention across disciplines
- Schedule weekly instructional leadership team meetings to analyze data, determine action steps, and implement strategies to increase student outcomes
- Support the growth of cultural and linguistic literacy
- Identify problems, develop, and fund appropriate academic and behavioral interventions and enrichment opportunities and courses, which may occur quarterly, trimesterly, semesterly, year round, before school, during the school day, after school, virtually, and on weekends, intersessions, and summer school sessions
- Offer regular staff office hours during contractual time for student support, intervention, and enrichment
- Institute pupil discipline policies
- Determine effective facilities usage
- Organize the instructional program, including placement of students in appropriate classes and pathways
- Examine ways to develop innovative career and college programs and pathways through dual enrollment and career technical education
- Increase staff and programs for mental, emotional, and physical health
- Supplement staff and resources for artistic and musical expression
- Extend resources and supplies currently being offered in the Cleveland Care Center
- Incorporate a senior exit presentation and interview process

Our programs further enable students to become self-motivated, competent, and life-long learners within each academic program and pathway. Cleveland offers students opportunities for self-exploration, and ultimately, the prospects of becoming more knowledgeable, skilled, and self-reliant individuals who enter the postsecondary educational setting and workforce with the ability to contribute significantly to both.

Students develop personal interests and showcase skills and talents, while meeting the Student Learner Outcomes (Cleveland 4Cs). Through the 50 boys and girls athletic teams and various co-curricular programs such as Academic Decathlon and Student Government, students develop self-esteem and positive identity, set goals, and appreciate individual differences. Through programs such as KCAV and Yearbook, students integrate information from a variety of sources, establish goals, and apply technology to create original works for the student body. Through opportunities including visual arts, dance, drama, choral and instrumental music, students establish meaningful personal, academic, and career goals.

Students may expand their interests outside the classroom and demonstrate their mastery of the Cleveland 4Cs through involvement in over 70 clubs and activities available on campus. Organizations such as Heal the Bay and Plant Pals help students learn to respect the environment and find ways to conserve it; Key Club, Bee The Hope, and Sisters on the Streets offer occasions for students to develop civic responsibility and improve the quality of life in their community; Politics Club, Gender and Sexuality Alliance (GSA), and UNICEF Club engage students in dialogue about contemporary political and social issues to generate solutions, accordingly; Scholars in Action, Best Buddies, and Sage and Scribe develop peer-mentoring opportunities to help students explore resources beyond the classroom; Latinx Student Union, Black Student Union, Armenian Student Union, Vietnamese Student

Association, and Filipino Student Union host activities to promote cultural awareness; The Writer's Block and Astrophysics Club bring together students with common interests to continue lifelong learning pursuits.

Our clubs and organizations underscore and foster the skills necessary to become members of a productive, global society. In accordance with the Partnership for 21st Century Skills, Cleveland students engage in serious, authentic learning that creates new ideas, delves into in-depth understanding, and develops products for real-world applications.

Local Control Funding Formula (LCFF) Requirements

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) in accordance with District policies and procedures, as they may be amended from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School "shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan." (Ed. Code § 47606.5(d).)

**LCFF STATE PRIORITIES
(Charter Term Commencing July 1, 2025)**

GOAL #1

Academic Excellence:

All students at Cleveland Charter High School will graduate as life-long learners and engaged global citizens. Cleveland continues to provide individualized educational experiences to support student needs and goals with a focus on developing the foundational knowledge and necessary skills to graduate and succeed in college and the workforce. We provide high-quality instruction and support to achieve our goal of 100% graduation while preparing students for success in high school. Implementation of our Cleveland Learning Academy (CLA) program has empowered Cleveland Charter High School students to more effectively challenge themselves and prepare them for the future.

Specific Annual Actions to Achieve Goal

Cleveland Charter High School provided Career Technical Education programs offerings in all academic and career pathways, as applicable, to help students make connections between classroom learning and career pathways. Cleveland continued the Career and College Resource Fair and offered additional career guest speakers, fairs, and panels to provide students opportunities to explore a variety of fields and industries. Credit recovery, before and after school tutoring helped with foundational skills and combat regression. The Instructional Coach and Limited Contract teachers pushed-in to English and Math classes aid in providing foundational ELA and Math skills. Using data, the Instructional coach also organized professional development that provided targeted instruction and intervention.

Cleveland proceeded with summer bridge programs for both of its magnet programs to successfully transition students into high school. Cleveland Charter continued to set aside time for teachers and administrators to do monthly reviews of State standards and analyzed school and student data to train teachers to use assessment data to design lessons that provide students with additional opportunities in the classroom.

Expected Annual Measurable Outcomes

Outcome #1: The school will annually increase the number of students meeting and/or exceeding proficiency in English Language Arts.

Metric/Method for Measuring:

Smarter Balanced Distance from Standard (DFS) Met in English Language Arts - Grade 11

APPLICABLE STUDENT GROUPS	Baseline 2024-25	Year 1 of Term 2025-26	Year 2 of Term 2026-27	Year 3 of Term 2027-28	Year 4 of Term 2028-29	Year 5 of Term 2029-30
All Students (Schoolwide)	41.3	1% increase above baseline	2% increase above baseline	3% increase above baseline	4% increase above baseline	5% increase above baseline

English Learners Students	-88.6	2% decrease from baseline	4% increase above baseline	6% increase above baseline	8% increase above baseline	10% increase above baseline

California Dashboard

GOAL #2

Joy & Wellness

According to LAUSD WholeChild2.0, from the 2022–2023 to the 2023–2024 school year, we saw a promising increase in the percentage of students with excellent attendance (96% or higher) reaching proficient or advanced levels—rising from 44.65% to 46.25%. This encouraging trend highlights how our continued efforts to promote strong attendance are making a real difference in student achievement. In the latest School Experience Survey, 68% of Cleveland students stated that they felt safe on campus, while LAUSD's perceptions of safety were at 61%. When answering the same question, parent perception of safety was 75% compared to the district's 77%. Cleveland Charter HS successfully implemented and continues to use "The LANDING Ground," which are three designated spaces to provide opportunities for students and staff to help address their mental, physical, or emotional wellbeing. The school also implemented SEL activities in their Professional Development and in classrooms.

Local Priorities:

- :

Specific Annual Actions to Achieve Goal

Cleveland Charter High School effectively positioned additional nursing support, two base-funded school climate support staff, supplemental school climate staff to provide additional support to our Emergent Bilinguals, students in foster care, and low income students. SENI investments were used towards Joy and Wellness to ensure school supervision, campus aides, student mental health, secondary counselors, and curricular trips.

Expected Annual Measurable Outcomes

Outcome #1:

The school will annually increase the% of students meeting and/or exceeding excellent attendance.

Metric/Method for Measuring:

Percent of All Students with Excellent Attendance (96% or Higher)

APPLICABLE STUDENT GROUPS	Baseline	Year 1 of Term	Year 2 of Term	Year 3 of Term	Year 4 of Term	Year 5 of Term
	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30
All Students (Schoolwide)	51.67%	2% increase above baseline	3% increase above baseline	4% increase above baseline	5% increase above baseline	10% increase above baseline
English Learners Students	36.15%	1% increase above baseline	2% increase above baseline	3% increase above baseline	4% increase above baseline	5% increase above baseline

California Dashboard

GOAL #3

Engagement and Collaboration:
 Cleveland continues to develop and make progress which is reflected in the data that could be found in the School Experience Survey. In the 2023-24 School Experience Survey (SES) was 35%, in 2022-2023 was 36% and in 2021-22 it was 6%. Cleveland has been making strides in parent engagement since resuming full-time after COVID. Cleveland will strategize to increase parent participation, to get a better “picture” of an important group of educational partners.

Related State Priorities:

<input type="checkbox"/> 1	<input type="checkbox"/> 4	<input type="checkbox"/> 7
<input type="checkbox"/> 2	<input checked="" type="checkbox"/> 5	<input type="checkbox"/> 8
<input checked="" type="checkbox"/> 3	<input type="checkbox"/> 6	

Local Priorities:

:

:

Specific Annual Actions to Achieve Goal

In addition to emails, Blackboard connect phone calls, Schoology messages, and parent conferences, Cleveland has implemented numerous workshops and outreach programs through our Parent Center to foster engagement. Each month, parents and community members have the option to attend workshops focusing on Health and Wellness, Civic Engagement, and Student Achievement presented by our community center representative and various workshop vendors.

Expected Annual Measurable Outcomes

Outcome #1:

The school will increase the percentage of parents indicating that they feel included in important decisions on their child’s education.

Metric/Method for Measuring:

Percent of Parents Reporting on the School Experience Survey: "This school includes me in important decisions about my child's education."

APPLICABLE STUDENT GROUPS	Baseline	Year 1 of Term	Year 2 of Term	Year 3 of Term	Year 4 of Term	Year 5 of Term
	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30
All Students (Schoolwide)	79%	1% increase above baseline	2% increase above baseline	3% increase above baseline	4% increase above baseline	5% increase above baseline

Outcome #2:

The school will increase the percentage of parents indicating that they can find information about workshops.

Metric/Method for Measuring:

Percent of parents reporting on the School Experience Survey: "I can easily find information about parent workshops or other programs"

APPLICABLE STUDENT GROUPS	Baseline	Year 1 of Term	Year 2 of Term	Year 3 of Term	Year 4 of Term	Year 5 of Term
	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30
All Students (Schoolwide)	80%	1% increase above baseline	2% increase above baseline	3% increase above baseline	4% increase above baseline	5% increase above baseline

Outcome #3:

The school will increase the percentage of parents/guardians indicating the school provides instructional resources to help support students' education.

Metric/Method for Measuring:

Percent of parents reporting on the School Experience Survey: "This school provides instructional resources to help me support my child's education."

APPLICABLE STUDENT GROUPS	Baseline	Year 1 of Term	Year 2 of Term	Year 3 of Term	Year 4 of Term	Year 5 of Term
	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30
All Students (Schoolwide)	79%	1% increase above baseline	2% increase above baseline	3% increase above baseline	4% increase above baseline	5% increase above baseline

GOAL #4

Operational Effectiveness and Investing in Staff:
 As an affiliated charter school, Cleveland Charter prepares a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual goals for all pupils, develop specific activities to address State and local priorities, and all report data through an LCAP that is consistent with data reported in the SARC.

Related State Priorities:

1 4 7

INSTRUCTIONAL DESIGN

Innovative Components and Key Features

Grover Cleveland Charter High School fosters a learning environment where all students have an opportunity to participate in a challenging standards-based educational program that is both meaningful and appropriate to their individual needs.

Our mission and vision incorporate California curriculum frameworks and educational research on 21st century learning. Our professional learning community also utilizes pedagogy on inquiry-based learning, gamification, educating the whole child, modern classroom, culturally and linguistically responsive education, and inclusivity.

We design professional development focused on effective instruction: rigor by design; small group instruction; equitable grading; addressing educational inequities; meeting the academic, personal, and social-emotional needs of our diverse population; and creating a community of compassionate care for all. In accordance with this, we have integrated our Student Learner 4Cs into the development and modification of rich and relevant curricula that promote high student engagement and achievement.

Our goal is to help students develop into educated young adults who practice self-sufficiency, understand how to plan for the future, and who respect the people, ideas, and environment within our global community.

LEARNING INNOVATIONS

To meet the needs of our diverse population and to personalize learning for students, Cleveland has several specialized programs and career and technical education (CTE) pathways:

Academy of Art and Technology (AOAT)

Academy of Art and Technology is a California Partnership Academy and Communication Design Career Technical Education pathway specializing in graphic design with Adobe Creative Suite, digital photography, and social media marketing and branding. Through California's Pre-Apprenticeship Program, students gain hands-on training, earn industry-recognized certifications, and apply their learning through real-world projects, job shadowing, mock interviews, mentorship, and internship opportunities. AOAT also partners with local businesses and community organizations to provide mentorship and strengthen college and career readiness in the creative industries.

Advanced Studies (AS)

The Advanced Studies program is a premier academic pathway for State-identified highly gifted, gifted, and high-achieving students who are ready to be challenged, inspired, and transformed. Our program combines rigor with opportunity, ensuring students not only meet high school graduation requirements, but also surpass the competitive a-g standards that open doors to private colleges, and UC and CSU universities. Through college-level experiences in AP Seminar and the Cal-GETC pathway, Advanced Studies scholars engage in inquiry, research, and cross-disciplinary learning that mirror the challenges of higher education. Beyond academics, our students cultivate intellectual curiosity, resilience, and leadership, thus preparing them to excel at the nation's finest universities and to shape tomorrow's world.

Career Technical Education (CTE) Pathways

CTE programs equip students with the skills and certifications they need to succeed in high-demand careers. By connecting classroom learning with the real world, providing hands-on experience, and preparing students for college and their chosen profession. Cleveland offers CTE pathways in Video Production, Design and Media Arts (offering Graphic Design and Animation), and Child Development.

Global Media Studies (GMS) Magnet

GMS is a four-year, project-based program that combines academic rigor with creativity, storytelling, and social justice themes. Through an interdisciplinary curriculum that integrates history, English, and the arts, students research, analyze, and communicate ideas that culminate in film and animation projects merging scholarly inquiry with artistic expression. Each production requires critical analysis of real-world issues and is showcased at our annual Film Festival, GMS Fest. The heart of our program is our two-story, 6,000-square-foot professional facility that includes a green screen studio, a control booth with a TriCaster multi-camera switcher, television sets donated by Nickelodeon, editing labs, and computer suites. With guidance from educators and industry experts, students gain valuable work experience while developing the intellectual depth and creative innovation to tell meaningful stories.

Humanities Magnet

Cleveland's Humanities Magnet offers a thematic, interdisciplinary, and writing-based curriculum committed to preparing students to thrive in any college and university they choose. Over 80% of the Humanities Magnet program's graduating seniors attend a 4-year college or university their freshman year. In 2025, the program received the Dr. Ronald P. Simpson Merit Award of Excellence by Magnet Schools of America, distinguishing Cleveland's Humanities Magnet as the #1 magnet school in the country.

As Cleveland seeks to meet the educational needs of the 21st century learner, the program will continue to design and implement innovative curricula and programs that reflect the interests of students and the challenges of a global society.

Alternative Learning Options

At Cleveland, we believe that every student can learn and achieve success given the right setting and opportunity. We understand that many students find success in traditional classroom settings, while others thrive in a traditional school with an alternative setting.

Studies show the effectiveness of alternative schools in keeping students in school (Addis, Greer, & Dunlap 2020; Chang, Chavez, & Hough 2024; Kho & Rabovsky 2022).

Alternative schools have been successful in:

- reducing truancy
- improving attitudes toward school
- accumulating high school credits
- reducing behavior problems

There are many forms of alternative schools. Cleveland seeks to incorporate three of the alternative settings originally outlined by Hefner-Packer, described by Donnelly (2021), and authorized through California Education Code, Section 44865:

1. The Alternative Classroom, designed as a self-contained classroom within a traditional school, offering varied programs in a different environment
2. The School-Within-a-School, housed within a traditional school, but having specialized educational programs
3. The Magnet School, a self-contained program offering an intensified curriculum in one or more subject areas

Equity and Justice

Cleveland prides itself on its inclusion, diversity, and equity strategies, framing school culture around various social responsibility practices. Per the school mission, students explore and appreciate different cultures and languages; contribute to the enhancement of civic life; collaborate with others to perform humanitarian efforts; and respect and protect the local environment and global community. The school pursues this daily mission in individual classrooms, as well as through student club activities and school-wide events including cultural fairs. Additionally, students gain insight from alumni, industry experts, and community and educational leaders through our Black Student Excellence Summit, Emergent Bilingual Achievement Plan Forum, and Women’s Leadership Conference and Expo. Cleveland has established an Equity and Justice initiative, a team-led effort to help staff understand and confront systemic racism and conceive a learning environment centered on equity and justice.

Teaching Innovations

Cleveland believes that it is vital for all educators—teachers, coordinators, instructional coaches, counselors, and administrators—to incorporate current educational research and to hone their knowledge and skills as master teachers. This includes serving as content area experts, pedagogical leaders, and daily practitioners who collaborate, guide, and model innovative strategies and learning outcomes (Allington & Cunningham, 2006; Barnwell, 2015; Learning Policy Institute, 2017).

Center for Teaching and Learning (CTL)

Research shows that there is notable improvement in instruction and student outcomes when educators work collaboratively and engage in targeted professional development with a “focus on student learning, a culture of collaboration, and a results-oriented approach,” (Cottingham & Myung 2025; Shakman et al. 2020). A Policy and Research Brief from the Center for the School of the Future at Utah State University suggests that teachers too often work alone despite being surrounded by colleagues and suggests that, “teacher collaboration addresses this isolation by encouraging educators to work together to solve instructional challenges. Research shows that collaboration enhances professional growth, improves student learning, and increases overall school effectiveness” (2025). A report from the Learning Policy Institute calls “teacher professional learning” an “important strategy for supporting the complex skills students need to be prepared for further education and work in the 21st century” (Darling-Hammond et al. 2017). Although published in 2017, this foundational report continues to be relevant. The report suggests that effective professional development is content-focused, actively engages participants in learning, supports collaboration, models effective practice,

provides coaching and expert support, offers feedback and opportunities for reflection, and is of sustained duration. A 2024 research synthesis from the Global Partnership for Education Knowledge and Innovation Exchange also highlights the importance of teachers' commitment to professional development, the critical role of effective leadership by administrators, and the increasing need for technology to support professional learning.

To achieve this, Cleveland proposes to continue the onsite teaching and learning sessions that will provide continuing professional development for our educators. The purposes of the CTL are to focus on curricular and instructional improvement and advancement, the development and implementation of school-designed formative assessments, and the selection and use of targeted student intervention programs.

The center will continue to offer workshops and seminars facilitated by Cleveland faculty, staff, and administrators on effective pedagogy. Additionally, the CTL will host an ongoing series of lesson study and best practice demonstrations to provide further training for educators. Some of the topics will include enhancing Cleveland's understanding of what Darling-Hammond (2017) delineates as characteristics of successful small schools: high standards and performance based assessment; authentic curriculum; adaptive pedagogy; multicultural and anti-racist teaching. The CTL will further provide opportunities to expand the use of instructional rounds as a method of inquiry for educators to work together to improve instruction (Widener 2014 & Brown 2018). As needed, the CTL will also offer educational manipulatives, technology resources, and instructional support.

Moreover, the CTL provides specific research-reflected workshops to:

- Train staff on how to analyze data and use the results to drive instruction
- Utilize instructional rounds to improve collective teaching practices
- Develop common assessments and benchmarks in all departments and pathways that are aligned to academic standards and Common Core State Standards
- Identify essential standards in all content areas and grade levels
- Review and modify a curriculum-mapping process for all content areas and grade levels to ensure alignment with academic standards
- Create additional strategies to help students utilize assessments to evaluate, reflect, and modify individual learning plans
- Hone skills and practices in designing standards-based lessons and activities that address the needs of all students
- Incorporate more teacher-led workshops on evaluating technology and applying it critically into the curricular program
- Reinforce culturally and linguistically responsive and relevant education
- Integrate social emotional learning and trauma-informed practices to support school community
- Design modern classrooms that reflect the needs of student learners
- Offer additional opportunities to share best practices and engage in lesson study with colleagues working within and outside the department, program, or pathway
- Provide teachers with additional support in helping students monitor their own learning and communicating academic needs

Curriculum and Instruction

Charter School shall have autonomy in their instructional programs and choice of curricular materials pursuant to District policy and consistent with the requirements of section 60000, et seq. of the Education Code, the *Williams* settlement, and aligned with California content and performance standards, including the Common Core State Standards, and CAASPP.

Cleveland will increase student achievement, improve staff practices, allocate resources, collaborate with parents, and determine and address school needs.

Vision, Purpose, Governance – *an affiliated charter would provide opportunities to:*

- Revisit and align the school's vision with current research and practices, as needed
- Meet regularly in instructional leadership teams, departments, and programs to analyze student achievement data and make actionable decisions based on a shared vision
- Make decisions on the use of human, material, and financial resources focused on student achievement and personalized enrichment and support for staff
- Engage in data-driven conversations and use the results to drive instruction
- Reevaluate existing systems, structures, and schedules to meet the academic and personal needs of students and the school community
- Collaborate and engage in professional development focused on helping students meet academic standards
- Make timely adjustments and revisions to schoolwide action plans
- Reinforce inclusion, diversity, and equity practices in the decision-making process

Curriculum – *an affiliated charter would provide opportunities to:*

- Offer a variety of programs, electives, and partnerships with community organizations and local businesses that meet graduation and university requirements, and assist students in exploring postsecondary schooling and accessing career pathways
- Engage in a rigorous, relevant, and research-based course of study that focuses on student achievement and academic standards
- Embed culturally and linguistically relevant and sustaining curriculum for learners
- Assist students in developing personal learning plans that meet academic requirements, explore co-curricular interests, and guide career goals
- Develop social responsibility and compassion for self and others
- Monitor student mastery of academic standards and personal goals
- Collaborate in departments to identify key standards and align curricula and assessments accordingly
- Determine instructional materials, tools, technologies, and resources that meet the needs of student groups and overall school community

Instruction – *an affiliated charter would provide opportunities to:*

- Establish and select research-based instructional programs to meet support attainment of academic standards and student outcomes
- Support students in applying higher-order thinking skills to whole-group and small-group discussions and activities

- Use technology ethically, critically, and creatively
- Utilize a variety of instructional approaches in and beyond the classroom, including labs, simulations, research, career technical education, and project-based learning to foster inquiry and real-world applications
- Allow students to monitor their own learning and provide feedback to teachers
- Embed culturally and linguistically relevant and responsive instructional strategies in all classrooms
- Incorporate peer-to-peer observation for reflection, collaboration, and refinement of instructional practices
- Assign additional in-classroom support personnel, as needed, to improve student achievement toward academic standards across disciplines

Assessment and Accountability - *an affiliated charter would provide opportunities to:*

- Set aside time during and outside the school day for the Instructional Leadership Team to examine data, and to design professional development and schoolwide and departmentwide cycles of inquiry
- Participate in schoolwide and small group discussions around academic performance data and other progress indicators to analyze growth and determine goals
- Design grade-level and course-alike formal and informal assessments to gauge student understanding and achievement of academic standards
- Utilize a wide range of assessments to assist students in analyzing, interpreting, synthesizing, evaluating, and using information to make the learning process meaningful and relevant
- Use assessment results to monitor student progress and provide appropriate academic and personal intervention support services
- Designate personnel to analyze and communicate performance data and academic progress indicators in order to identify key findings that address areas of critical academic need
- Offer opportunities for students to utilize assessments to evaluate, reflect, and modify individual learning plans
- Provide assistance for parents in understanding and interpreting assessment results

School Culture and Support - *an affiliated charter would provide opportunities to:*

- Establish additional channels to communicate with parents and community members in languages other than English and Spanish to engage them in helping students meet the academic standards
- Broaden cultural events and celebrations to foster a sense of belonging and community connection and provide academic thematic events to encourage college and career exploration
- Encourage personal success and sense of belonging through expansion of grade-level “houses”
- Create a variety of academic programs, intervention resources, and proactive strategies to support student achievement
- Create co-curricular programs and extracurricular activities to support student growth.
- Expand enrichment and credit recovery options during and beyond the school day, including online courses, year-round offerings, dual enrollment pathways, and flexible course completion deadlines

- Encourage and support the enrollment of underrepresented students in higher level classes
- Expand mental and social emotional health services and utilize restorative practices available through additional counseling and school climate support, wellness and well-being initiatives, and community agency outreach

TEACHING METHODOLOGIES

Schoolwide Academic Instruction and Methodology

Academic instruction is aligned with District, State, and National standards and meets the University of California and California State University entrance requirements. In accordance with research-based studies on how learning best occurs, 21st century skills are embedded throughout our academic programs and pathways and are articulated through the Four Cs: Critical and Analytical Thinking; Communication and Literacy; Collaboration, Leadership, and Citizenship; Creativity, Academic Knowledge, and Innovation. These outcomes guide the instructional approaches of all academic departments and career-technical pathways, with teachers integrating the Four Cs into their curricular plans, from daily classroom activities to assessments. Students regularly apply higher-order thinking, engage in authentic communication tasks, collaborate with peers, and demonstrate creative problem-solving.

An overview of evidence across departments indicates a concerted effort to implement the Four Cs into instructional practice and student learning experiences. Students are provided frequent, authentic opportunities to practice and demonstrate skills aligned with college, career, and civic readiness. Instructional routines, assessment practices, and pathway-specific projects show that the Four Cs function as a coherent throughline across the curriculum.

21st Century Learning Skills - The Four Cs

Critical and Analytical Thinking	<ul style="list-style-type: none">● Explore, synthesize, analyze, evaluate, and apply information across multiple perspectives● Apply knowledge in order to solve a variety of complex problems● Become self-directed scholars who practice inquiry
Communication and Literacy	<ul style="list-style-type: none">● Read, write, and communicate clearly and persuasively● Analyze and evaluate a variety of texts across disciplines and cultures● Utilize technology and research skills to explore, gather, and interpret information
Creativity, Academic Knowledge, and Innovation	<ul style="list-style-type: none">● Generate new ideas and content● Collaborate and engage in project-based learning● Participate in scientific and mathematical reasoning and argumentation
Collaboration, Leadership, and Citizenship	<ul style="list-style-type: none">● Be flexible, work cooperatively, and contribute meaningfully to society● Possess the requisite social skills to lead and demonstrate a growth mindset● Cultivate humanitarian ideas and develop a strong work ethic

Critical and Analytical Thinking

Across disciplines, students consistently engage in analytical reasoning, evidence-based argumentation, and problem-solving grounded in discipline-specific practices. In English Language Arts (ELA), students analyze literary and informational texts, compose arguments with cited evidence, and evaluate author intent and rhetorical strategies. Mathematics instruction emphasizes modeling, multi-step reasoning, pattern analysis, and justification of solutions. Science courses employ inquiry-based learning, laboratory analysis, data interpretation, and engineering design cycles. Social Studies courses integrate document-based questions (DBQs), primary-source evaluation, causation analysis, and historical argumentation. In Career Technical Education (CTE) pathways—including Media, Visual Arts, and Child Development—students solve real-world design challenges, interpret industry-specific data, and engage in iterative refinement of products. English Language Development

(ELD) supports students through scaffolded academic language routines and structured opportunities for interpreting and evaluating information.

English students often attend drama performances to enhance understanding of particular literary genres or authors. Teachers have supplemented the study of literature by exposing students to live performances of Shakespearean plays and the works of other playwrights.

In specialized programs and pathways, theoretical and experiential learning are interconnected. The Humanities Magnet, AOAT, and GMS programs emphasize an interdisciplinary approach to learning. Students must be able to integrate English, social studies, and art concepts. Mastery is demonstrated through essays, research papers, and art projects.

As a senior project, AOAT students participate in a six-week summer work experience internship, while Video Production students script, direct, produce and broadcast a weekly news show for the Cleveland community.

Leadership students plan and execute social events that bring together the school and community. They also organize service-learning projects including blood drives and recycling programs.

Other specialized electives provide opportunities to apply real-world experiences. Drama students learn the elements of set, lighting, and costume design. In the Dance Academy, students create and perform original routines at sporting and school events that meet visual/performing arts standards. They also use editing software to mix their own music soundtracks. Instrumental and choral music students learn, rehearse, and provide entertainment at school concerts, sporting events, and community programs. They further collaborate with neighboring elementary and middle schools to showcase performances at District events.

In Yearbook class, students develop a theme, design layouts, write copy, take photographs, incorporate business practices, and use computer technology to publish a 200-plus page annual. Band and jazz students work with staff, parents, community members, and local businesses to plan an annual All-Valley Band Tournament and Riffin' in Reseda Jazz Festival. They sell ads and sponsorships, employ marketing strategies, and organize a daylong music competition/event open to the public at large.

CTE courses allow students to apply classroom learning to authentic settings:

- In Graphic Design class, students create multimedia projects that mirror the work of professionals in the art and design fields
- In Video Production classes, students script, edit, direct, and produce film shorts, public service announcements, and other media projects

Instructional Evidence:

English Language Arts

- Deconstructing intent, rhetorical strategies, and thematic connections
- Evaluating differing perspectives in literary and informational texts
- Assessing creative writing craft, story structure, voice, and poetic devices

Language Other Than English (LOTE)

- Analyzing authentic texts to derive meaning and identify cultural nuances
- Interpreting context clues to determine vocabulary meaning
- Examining grammatical structures within real-world language use

Mathematics

- Identifying problem types before attempting solutions
- Applying patterns, properties, and theorems to evaluate solution strategies
- Comparing multiple solution pathways and justifying reasoning

Performing Arts

- Connecting rhythm, melody, and structure in musical compositions
- Exploring character motivation and narrative structure in scripts
- Comparing functional and nonfunctional movement in choreography

Physical Education

- Investigating how body systems function and applying that knowledge to performance
- Working in groups to create and design a competitive and tactical game
- Student led/coaching sessions

Science

- Appraising data from labs, models, and simulations
- Justifying scientific claims using evidence
- Probing system interactions and cause-effect relationships

Social Studies

- Synthesizing primary and secondary sources to support claims
- Delving into evidence to construct arguments
- Researching historical causation, significance, and perspective

Visual Arts

- Applying elements and principles of design to analyze visual works, including composition, color theory, balance, and perspective
- Considering artworks across cultures and time periods
- Interpreting symbolism and artistic intention

Communication and Literacy

(Reading, writing, languages, and expression across media)

- Read, write, and communicate clearly and persuasively
- Analyze and evaluate a variety of texts across disciplines and cultures

- Utilize technology and research skills to explore, gather, and interpret information

Students develop communication skills through structured speaking, listening, reading, and writing tasks embedded across the curriculum. ELA courses emphasize academic discourse, structured debates, literary analysis, and multimodal composition. Mathematics instruction includes written justification of solutions, oral explanation of reasoning, and the use of precise vocabulary. Science teachers utilize CER (Claim-Evidence-Reasoning) writing, lab reporting, and formal presentations of experimental results. Social Studies instruction incorporates Socratic seminars, argumentative writing, and analytical discussions of historical texts. In Visual and Performing Arts (VAPA) and CTE media arts pathway, students engage in script writing, visual storytelling, digital production, and exhibition of artistic work to authentic audiences. ELD courses explicitly teach academic language structures, enabling multilingual learners to communicate effectively in academic contexts. Across the school, communication skills are purposefully developed, aligned to both disciplinary literacy goals and the school's student learner outcomes.

Teachers integrate technology into their instructional programs as a means to engage students in learning activities designed to meet academic standards and the Four Cs. Many teachers use Canva, CapCut, Duolingo, PhET, Khan Academy, Nearpod, Adobe Express, Kami, Pear Deck, social media, Google Drive, Apple Apps, EdPuzzle, Storyboard That, Google Suite, Flipgrid, and the Schoology Learning Management System to augment lessons. Moreover, many instructors employ the use of laptops, tablets, digital active panels, and video equipment:

- In English classes, students use editing software to create movies, design student lessons, write essays, and access online software to obtain immediate feedback on writing skill
- Mathematics students use the online iReady MyPath and IXL programs, Edpuzzle, Delta Math, and Desmos Online Graphing Calculator to reinforce foundational skills
- LOTE classes participate in Linguascope interactive activities
- In alternative curriculum classes, students utilize CNN 10 to incorporate real-world learning activities
- Science classes use Vernier probes to measure force and acceleration and Gizmos to participate in simulated labs
- Photography, digital imaging, and graphic design classes use industry-standard software to create and enhance images for projects
- English, social studies, and science classes integrate YouTube and EdPuzzle into their instructional delivery to enhance student interest and understanding

Several senior art classes study popular culture and develop film projects. Digital imaging students learn the fundamentals of design and branding as they create websites, t-shirts, brochures, movie posters, logos, packaging labels, and menus.

Drawing courses allow students to explore basic to advanced techniques using art history as the guiding principle. Students also create books that are illustrated based on the students'

cultural backgrounds and experiences. Animation CTE pathway students also complete projects comic strips, animation, portraits, and pictures.

Filmmakers and scriptwriters regularly provide input on GMS student projects. AOAT organizes a career fair where industry professionals share their experiences with students.

Through cross-curricular analysis in History, ELA, and Film Studies, GMS students learn to interpret meaning across written texts, film, and digital media, as well as across different cultural and historical contexts.

English Language Arts

- Conveying complex ideas through analytical and evidence-based writing, structured summaries, and multimodal presentations
- Engaging in academic dialogue through structured discussions and rhetorical analysis
- Presenting information clearly with digital, visual, and written products tailored to the purpose and audience

Language Other Than English (LOTE)

- Practicing interpersonal, interpretive, and presentation skills
- Storytelling through spoken dialogues, written compositions, and cultural understandings
- Formulating target language in partner/group tasks

Mathematics

- Incorporating peer-to-peer explanation of steps and processes
- Using sentence starters to facilitate speaking and writing
- Using Kagan cooperative learning strategies to increase student academic discourse

Performing Arts

- Providing director's notes, script readings, and performance critique
- Communicating through visual, auditory, and physical modes
- Showcasing varied historical, cultural, and linguistic music and dance to connect with school community

Physical Education

- Communicating rules, strategies, and feedback to partners/teams
- Using reflective writing to describe growth in skills or fitness
- Sportsmanship scenarios and discussion circles

Science

- Synthesizing understanding and application lab reports, scientific explanations (CER), presentation of findings, and current scientific research
- Constructing diagrams, models, and graphs to communicate relevant understandings and solutions to natural problems
- Promoting climate literacy among students through sustainable school garden project

Social Studies

- Structuring academic conversations and historical argument writing
- Debating social, cultural, and civic issues
- Creating multimedia presentations on historical topics

Visual Arts

- Incorporating artistic statements describing purpose, technique, and intention
- Contextualizing visual style within historical period to engage in deeper examination of artistic forms
- Adapting stories into well-planned sequences, animations, art objects, and other visual representations

Creativity, Academic Knowledge, and Innovation

(Original thinking, design, and production)

- Generate new ideas and content
- Collaborate and engage in project-based learning
- Participate in scientific and mathematical reasoning and argumentation

Creativity is fostered both in arts-based coursework and in general academic classes through open-ended tasks, original compositions, and inquiry-driven learning. In ELA, students create narratives, multimodal projects, and original interpretations of texts. Mathematics encourages creativity through alternative solution strategies, modeling tasks, student-designed approaches to complex problems, and implementing projects-based assessments. Science coursework incorporates engineering design, independent investigations, and student-driven experimentation. Social Studies students create simulations, historical reenactments, documentary-style projects, and inquiry-based research presentations. In VAPA and CTE pathways, creativity is foundational. Students design visual art pieces, produce media, develop portfolios, code digital products, and generate technical or artistic works aligned with industry standards.

Many classes afford students opportunities to create projects involving multiple media: visual, audio, oral, and written. English classes analyze contemporary and historical speeches, and write and deliver their own. In some American Literature classes, students research writers, poets, musicians, artists, and politicians of the Harlem Renaissance and then write and perform non-fiction scripts based on the era. In AP English Language, students read dystopian literature and conduct a mock trial to defend those fictional societies.

In the Special Education English classes, students work collaboratively to create satirical news reports, podcasts, plays, and commercials. In Advanced Physical Science, students make catapults and participate in egg drops to illustrate potential and kinetic energy in the real-world. Students in English study persuasion: they engage in debates on contemporary issues and write essays to examine these topics. In economics, after studying a unit on fiscal responsibility, students open their own bank accounts and develop their own businesses.

The LOTE and ELD Departments use a variety of teaching strategies and tools such as total physical response, storytelling, small group instruction, and realia to introduce new information. This is then followed by guided practice such as games, group activities, puzzles,

drawings, and cooperative learning to reinforce the lesson presented. Students then have an opportunity to further their understanding of the target language through project-based activities such as family cultural and ancestry presentations.

English Learner students in ELD 9 thru 12 engage in rigorous academic work, including but not limited to, informative and explanatory writing, narrative writing, and evidence based argumentative writing. Through these tasks, students build the academic language and literacy skills needed for success across all content areas. Students also conduct oral presentations based on literature they have studied.

Additionally, displays of student work that are evaluated using standards-aligned rubrics are evident in many classrooms and serve as models for learners. These include art projects, scientific laboratory displays, mathematical concept posters, literary magazines, and traditional writing assignments such as essays and reports.

A team planning and team-teaching approach underscores the instructional programs of the RSP collaboratives in mathematics and English. In the RSP collaboratives, students receiving special education services are mainstreamed into general education courses. In this setting, students receive whole group and one-on-one instruction.

In the Humanities Magnet, ninth grade English, science, social studies, and art teachers collaborate and share resources to teach thematic units. AOAT teachers coordinate projects that are art themed and technology-based. GMS teachers integrate film, media literacy, and cross-curricular project-based learning to connect storytelling, history, and digital production

Some twelfth Grade English classes analyze modern advertisement and marketing strategies to assess rhetorical techniques and look critically at the media landscape. Students then remix the found media to reveal its messaging or create a counternarrative. Many English classes write poetry and engage in readings with professional poets. In the Humanities Magnet twelfth grade classes, students read *All the Light We Cannot See* and then produce memorial projects to pay respect to those impacted by the Holocaust and Armenian Genocide.

Across various mathematics courses, students work on hands-on projects designed to apply mathematical principles to real-world scenarios:

- Geometry students use trigonometry to calculate the height of a building and design a new city using parallel lines and angle relationships.
- Algebra 2 students build the unit circle using spaghetti and trig identities, design a roller coaster using polynomial functions, and build and launch a rocket using the principles of quadratic functions.

Students may also explore intellectual interests, experience academic enrichment, or earn additional credits by enrolling in college classes on campus during school, after school, or online. Courses range from American Sign Language, Statistics and Chicano Studies to Psychology, Anthropology, and Vocal Ensemble.

Additionally, students use the resources available in the library to conduct independent research. Students may access the Digital Library to make use of thousands of current articles from both magazine and newspaper sources.

Moreover, curricular field trips provide students with applied knowledge and hands-on activities that inform classroom learning:

- Field trips to the Theatricum Botanicum support a tenth grade Humanities Magnet unit on the Renaissance
- Performances at events and feeder middle schools provide Mariachi students the opportunity to hone their musical skills
- A trip to the Los Angeles Museum of Contemporary Art provides an occasion to view and discuss artwork using visual thinking strategies
- A visit to the Museum of Tolerance enhances an understanding of Holocaust units in tenth grade English and world history classes
- A career exploration visit to design-related firms provides AOAT students with opportunities to observe and interact with industry professionals
- Tours of the Japanese American National Museum, Norton Simon Museum, and Getty Center examine how art serves as political commentaries and reinforces societal issues throughout history
- Visits to West Valley Occupational Center and Financial Park introduce students in Special Education classes to vocational programs
- Live theater and dance performances further student grasp of curricular themes
- Tours of postsecondary educational institutions reinforce a college-going culture
- Immersive experiences such as the Ronald Reagan Library's Situation Room offer Government students real-world experience with crisis management
- Exploration of the Los Angeles River give Biology students an opportunity to learn about ecosystems
- Science trips to the La Brea Tar Pits and Channel Islands National Park help document the existence, diversity, extinction, mutualism and change of life forms
- Visits to the Skirball Cultural Center help social studies and English Language Arts students reinforce skills in cultural exploration and storytelling
- Band, choir, and dance clinics and competitions provide opportunities to learn from and receive feedback from professional experts and peers
- Daytrips to Academy Museum of Motion Pictures allow GMS students to connect their in class learning to interactive film exhibits and screenings

English Language Arts

- Producing music videos to interpret themes, satirize human vices, and defend different viewpoints
- Using imagery, tone, and voice to develop individual expression and produce impactful writing in a variety of genres and styles, including sonnets, screenplays, slam poetry, children's books, haiku, and short stories
- Planning, writing, and developing documentaries about local and global issues

Language Other Than English (LOTE)

- Developing original skits, dialogues, cultural artifacts, and video projects
- Learning about different historical figures, creating symbolic representations, and presenting the information in target language
- Designing games and activities highlighting different cultural traditions and customs for interactive display and learning during schoolwide cultural festivals

Mathematics

- Integrating mathematical practices to build physics models, measure rate of change, and calculate other scientific formulas
- Designing visual representations and mathematical solutions to simulate urban planning
- Engaging students in projects that showcase authentic, real-world engineering and aeronautical designs

Performing Arts

- Employing all facets of theatre production: musical composition, dramatic performance, screenplay writing, and staging
- Improvising and constructing student-led choreography, dance exercises, and group routines
- Honoring past and present artists by staging inspired choreography, stagecraft, and dramatics

Physical Education

- Creating games or variations of physical activities to demonstrate rules/strategies
- Establishing individual fitness routines and warm ups
- Using movement and data investigation to compare resting and exercise heart rates

Science

- Developing engineering design challenges with original prototypes
- Participating in inquiry-based investigations and student-generated questions
- Building models of biological, physical, geological, and energy systems

Social Studies

- Emulating important historical events via simulations and documentary-style projects
- Exploring historical contexts and identities through rap battles
- Organizing schoolwide lessons, games, and activities to teach students about democracy and American history and government for Constitution Day

Visual Art

- Demonstrating mastery of technique and personal aesthetic via original artwork
- Generating mixed-media projects, digital art, and community-based visual installations
- Utilizing diverse materials to design and create props, floats, and costumes for schoolwide events

Collaboration, Leadership, and Citizenship

(Working with others and contributing to society)

- Be flexible, work cooperatively, and contribute meaningfully to society
- Possess the requisite social skills to lead and demonstrate a growth mindset
- Cultivate humanitarian ideas and develop a strong work ethic

The schoolwide focus on collaboration is reflected in frequent cooperative learning structures, project-based tasks, and interdisciplinary teamwork. Students work together to conduct experiments, co-author analytical essays, engage in peer review, solve mathematical problems, and create historical interpretations. In CTE pathways, students collaborate in production teams, design groups, critique circles, and project management structures modeled after industry norms. ELD courses embed structured partner and group interactions to support language development and increase student participation. Across subjects, teachers employ protocols such as jigsaw, peer conferencing, group labs, and collaborative inquiry routines.

Students have multiple opportunities to engage in real-world activities through simulations, debates, and fairs. Social studies classes organize Constitution Day lessons and activities for the school community. US History classes engage in service learning projects that focus on social issues and solutions. In Economics, students participate in a simulated economy in which they choose jobs and pay rent. They must then prepare budgets and formulate decisions based on economic parameters. Some classes also participate in an online stock market game and make investments over a 10-week period. Government classes produce political interest group brochures to encourage political literacy and civic engagement. Students participate in mock Congress and Supreme Court cases to gain an understanding of the functions of government.

In English classes, students study the literature of “Power, Protest, and Change,” and collaborate to research the media of changemaking movements, including speeches, manifestos, visual and performing arts, and poetry. They present their findings in academic conference style presentations and workshops, in which they facilitate interactive lessons, screen documentaries, and give multimedia presentations.

In science classes, students apply their knowledge of environmental issues by volunteering for Tree People and Heal the Bay and designing a school topological garden. Teachers and students also design and lead workshops during EarthFest to teach real-world conservation and sustainable practices.

Additionally, students have opportunities to integrate learning among disciplines. Mathematics students use geometry theorems and postulates to solve construction dilemmas. Physical education students use mathematics to calculate basal and target heart rates; students also learn anatomy and explore how their bodies function and improve through regular physical activity. In biology classes, students use mathematics for chi-squared analysis of scientific data. In chemistry classes, students apply mathematics to balance equations and determine the pH value of acids and bases, while physics students apply algebraic expressions to solve concepts of circular motion. Some American Literature classes create “zines” that explore

Transcendentalism through literature, music, history, social activism, art, environmentalism, and cooking.

Spanish language students research Spanish-speaking countries and present their findings through tourism blogs, poster displays, and travel shows. Others participate in “American Idol” activities that require them to learn a Spanish song and present it to the class. In Korean classes, students make traditional recipes and organize fashion shows to illustrate the culture. In Japanese classes, they reinforce comparative language skills by creating music videos and haiku poem trees.

Oftentimes, cross-curricular instructional strategies require students to engage in projects that have benefited the school and community.

- Students create public service announcements on teen issues.
- Science classes create demonstrations to address global environmental issues.
- Art classes create projects for exhibition in galleries throughout the San Fernando Valley and online.
- Leadership students plan schoolwide blood drives and charity campaigns.
- Film students write and produce pieces showcased at local film festivals.

World History students research the contributions of various cultures. They also deliver oral presentations on topics such as the influence of propaganda and totalitarian dictatorships. Through US History classes, students develop service-learning projects that explore social issues. In eleventh grade AOAT classes, students create websites and computer-designed brochures on American Heroes.

In the ninth grade Humanities Magnet English classes, students participate in a unit entitled “Give and Take: The Blending of Cultures in the Making of Modern Mexico.” Students engage in a coordinated curriculum that connects the content of their Human Geography, English, Art, and Environmental Science classes to grasp the history and complexity of Modern Mexico, then design artwork and write interdisciplinary essays to demonstrate their learning. In tenth grade Humanities Magnet classes, students perform rap battles, conduct Socratic seminars, create games and cartoons, and make films that demonstrate knowledge of western civilization. Students in the eleventh grade Humanities Magnet complete an extensive study of race and gender and reflect on their experiences through spoken word performances. Many Humanities Magnet seniors study philosophy where they are encouraged to question ideas and challenge common assumptions.

Health students design reproductive system posters and make brochures on topics such as drugs and sexually transmitted diseases. They deliver their ideas through oral presentations and pamphlets.

Physical education students research and develop 20-week personal fitness plans. They also complete a dietary study of their own caloric intake and metabolic activities during the course of a semester.

Academy of Art and Technology seniors compile a career and academic portfolio that incorporates interdisciplinary projects from their English, social studies, and Graphic Design classes.

Twelfth grade GMS students participate in a portfolio defense to demonstrate their mastery of pathway outcomes, highlighting their challenges and growth through two selected artifacts. Ninth grade GMS students participate in the My Hero documentary project, a showcase featuring a local community figure they believe is making a meaningful difference.

Instruction Evidence

English Language Arts

- Designing peer workshops, collaborative writing tasks, and group literary projects
- Establishing shared analysis and group discussion protocols
- Communicating with community agencies and government officials to raise awareness of social issues and to offer solutions

Language Other Than English (LOTE)

- Illustrating use of linguistic skills via group setting, such as partner conversations, peer teaching, and cultural presentations
- Organizing student work showcases to increase awareness of cultural traditions and events
- Bridging students to other cultural understandings to promote global citizenship

Mathematics

- Designing math-based activities, dances, contests, and games for schoolwide Pi Day celebration.
- Working in small groups to plan school-community Math Night offering hands-on stations, presentations, and activities that highlight problem-solving, creativity, and real-world applications of math.
- Engaging in peer-to-peer coaching activities to practice mathematical and reasoning skills

Physical Education

- Cooperating in skill-building, group drills, and team tasks
- Reflecting on self and others via goal setting and evaluation
- Developing sportsmanship through fair-play and inclusive initiatives

Science

- Investigating scientific phenomena and sharing through gallery walks
- Delineating leadership responsibilities throughout labs, reports, and presentations
- Promoting environmental stewardship through workshops wherein students take responsibility of and care for individual and collective climate footprint

Social Studies

- Rendering group-based inquiry projects, simulations, and role-based discussions to explore multiple perspectives and engage with real-world social issues

- Using debates around current court cases and legal issues to examine the judicial system
- Comparing historical and contemporary events and making connections for peers

Visual Arts

- Peer critique circles and collaborative murals or installations
- Designing multimedia projects that highlight cultural connections and contemporary events on campus and in the community
- Producing original graphic design posters, flyers, banners, and logos for school clubs and activities and local businesses

Performing Arts

- Dissecting performance quality through peer and teacher feedback
- Planning community band tournaments and music festivals
- Developing scripts, choreography, and rehearsal coordination

Comprehensive Textbook List

Social Studies

- AP European History – *Western Civilization; Art through the Ages; Heretics and Heroes* (10-12)
- AP Government – *Government in America* and *The Lanahan Reader in the American Polity* (12)
- AP Psychology – *Myer’s Psychology for the AP Course* (11-12)
- AP United States History – *American’s History* (11)
- AP United States History - *Digital Inquiry Group (DIG) Reading, Thinking, Writing Like a Historian* (11)
- AP United States History - *The DBQ Project - Mini-Qs in American History* (11)
- AP United States History – *A People’s History of the United States* (11)
- AP World History – *Traditions and Encounters* (9)
- Government – *Government Alive* (12)
- Government - *The DBQ Project - Mini-Qs in Civics* (12)
- United States History – *American Vision: Modern Times* (11)
- United States History - *Digital Inquiry Group (DIG) Reading, Thinking, Writing Like a Historian* (11)
- United States History - *The DBQ Project - Mini-Qs in American History* (11)
- World History – *World History: Modern Times* (9-10)
- World History – *Digital Inquiry Group (DIG) Reading, Thinking, Writing Like a Historian* (9-10)
- World History – *The DBQ Project - Mini-Qs in World History*
- AP African American Studies - *African American Studies: From Slavery to Freedom* (10-12)
- AP African American Studies - *Freedom on My Mind; A History of African Americans* (10-12)

English Language Arts

- California *My Perspectives* English Language Arts Grade 9
- California *My Perspectives* English Language Arts Grade 10

Ethnic Studies	1 semester / 5	Ethnic Studies

Academic instruction for all programs and pathways is fully aligned with District, State, and national standards and meets the a-g University of California and California State University entrance requirements. The instructional program continues to align with Common Core State Standards (CCSS) for English Language Arts and Mathematics and Next Generation Science Standards (NGSS). Additionally, we align curricula to the California Content Standards for Career Technical Education (CTE), Computer Science, English Language Development (ELD), Health Education, History-Social Science, Physical Education, Visual and Performing Arts, and World Languages standards. The faculty meets as departments and academic and career pathways to design course of studies that ensure all students have the opportunity to pursue their postsecondary endeavors.

Cleveland fosters a learning environment where all students have an opportunity to participate in a broad course of study in a challenging standards-based educational program that is both meaningful and appropriate to their individual needs. Our credo – vision, mission, and schoolwide learner outcomes – incorporates California curriculum frameworks, Every Student Succeeds Act (ESSA) legislation, and educational research on 21st century learning.

Our instructional program fosters academic success and social awareness so all students will have the knowledge to comprehend societal challenges and the expertise necessary to resolve them. Our curricula integrate critical thinking and creativity as well as self-development and self-reflection to provide academic rigor, high retention of knowledge, and strong student achievement (Marzano, *The Highly Engaged Classroom*, 2010).

To address the whole child, we examined research on social emotional learning and incorporated the concepts of growth mindset (Dweck, *Mindset: Key Takeaways and Analysis*, 2017); coaching emotional intelligences (Aguilar, *The Art of Coaching*, 2013); culturally relevant and responsive pedagogy (Hammond, *Culturally Responsive Teaching and The Brain*, 2014); teacher commitment and student engagement (Palmer, *The Courage to Teach*, 2017); and the role of childhood trauma and its effect on student learning (National Center for Injury Prevention and Control, *Preventing Adverse Childhood Experiences [ACEs]*, 2019).

At Cleveland, we believe that every student can learn and achieve success given the right setting and opportunity. Some students find success in traditional classroom settings; others thrive in a traditional school with an alternative setting. Studies show the effectiveness of alternative schools in keeping students in school (Hefner-Packer, 1991; Raywid, 1994; Dynarski, 1999; Cash, 2004).

Students meet regularly with academic counselors, college counselors, and additional counseling support staff to review student progress towards graduation and to go over benchmarks for their postsecondary aspirations. The counseling staff communicates regularly with students and families through individual graduation plan review sessions, one-to-one conferences, and night events. Translation support is provided at meetings and events, as

needed.

Achievement indicators and disaggregated data from District, State, and national assessments assist staff with curricular decisions and targeted intervention and support. Counselors monitor the success of their students each semester. Students with disabilities attend an annual IEP in which their progress toward graduation is monitored. Juniors are given an interview during their spring semester in which parents are invited to discuss their progress. Seniors are given two graduation checks during their senior year, both in the fall semester and the spring semester. If a student is off-track to graduate, their parents are sent an “off-track” letter informing them. Students who are not meeting grade-level requirements are provided with a variety of opportunities to get back on track.

Credit recovery plan:

- Before and after school classes
- During the school day classes
- During the school day blended learning (APEX and Edgenuity)
- After school and summer online academy
- Rolling Credit Recovery: Locally Designed Program
- Saturday School: Locally-Designed Program
- Summer non-Core classes (e.g., Health)
- Cleveland Learning Academy
- Dual enrollment and concurrent enrollment courses

At Cleveland, we provide struggling students with the following support:

- IGPs every semester
- a-g counselors to work with Tier 2 and Tier 3 off-track students
- Full-time PSA counselors to handle attendance issues and design incentives
- PSWs to provide mental health support and social emotional learning groups through The LANDing Ground
- College Counselors to identify postsecondary educational and career outreach opportunities
- Additional teachers on limited contracts and teaching assistants to provide targeted push-in academic intervention in Special Day Classes, Emergent Bilingual support courses, and other core content classes with higher enrollment of Emergent Bilinguals
- Virtual academy where students can take online courses
- Before and after school The LAB academic skills support workshops
- Cookies with the Counselors to increase parent involvement and awareness

The Counseling Staff provides the following interventions:

- Review progress and final report cards
- Conduct IGPs
- Provide all seniors by October an IGP meeting to review graduation progress
- Utilize a-g counselors to provide lists of Tier 2 and 3 students to counselors
- Work with teachers to identify struggling students and refer them to counselors
- Send notification about need for additional credits

- Meet with students who do not return the enrollment form for credit recovery
- Set up one-on-one sessions with students in danger of being dropped from credit recovery sessions
- Offer parent meetings with the counselor and a-g counselor
- Develop Parent Center workshops to inform parents about credit recovery option
- Distribute to all seniors and their parents a graduation check at the 5-week in the fall and the spring
- Send a certified letter home to seniors in the spring semester at the 10- week for those in danger of not graduating
- Send the 18-week spring check for seniors identified with a D or Fail in a required course

When students transfer into Cleveland, students and parents/guardians work with academic counselors on how transcripts from previous institutions meet graduation requirements. If possible, families whose home language is not English receive translation. In the event a student wishes to transfer out of Cleveland Charter High School, students and parent/guardians receive advice from academic counselors on which credits are earned at Cleveland and if their transferring school does not offer certain a-g requirements.

Transitional Kindergarten

Charter School shall comply with all applicable requirements and District policy regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

N/A

Academic Calendar and Schedules

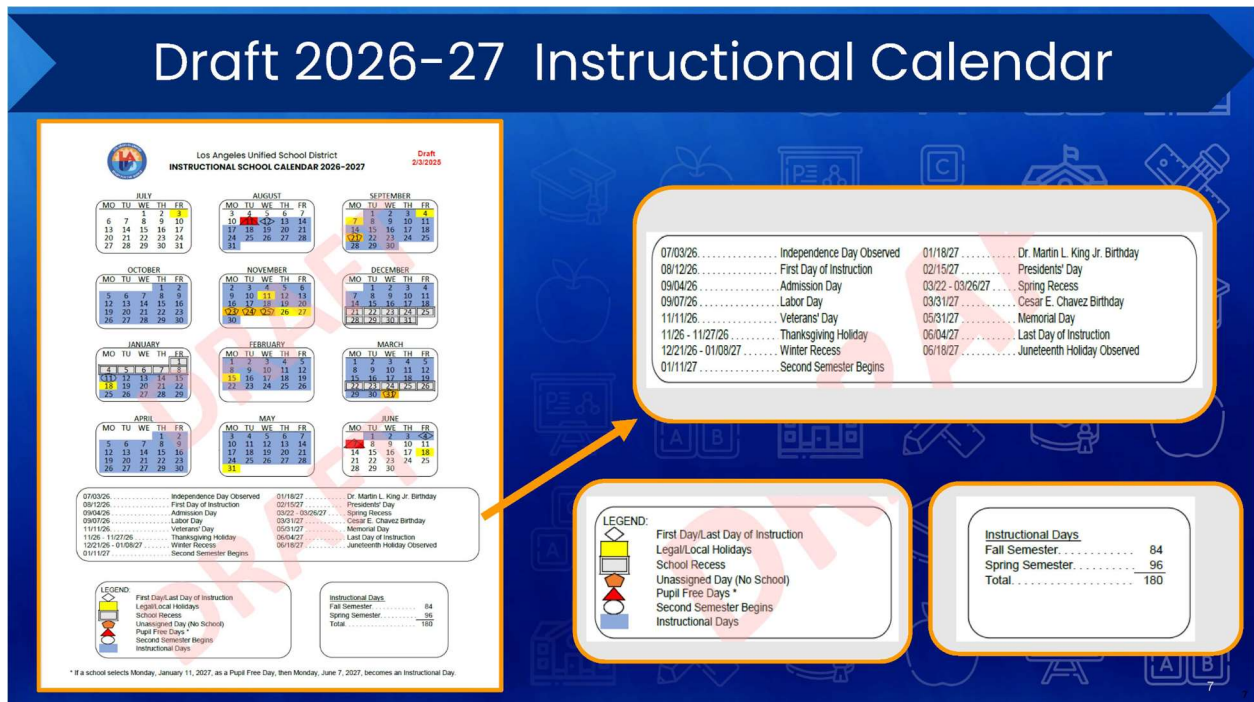

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, Title 5, section 11960. Charter School shall comply with all applicable District policies and procedures and provisions of LAUSD collective bargaining agreements (CBAs), as they may change from time to time, including but not limited to provisions related to work year, academic calendars, and schedules.

In 2011, Cleveland entered into a Memorandum of Understanding (MOU) with LAUSD to become an Expanded School Based Management Model (ESBMM) school. Continuing with the spirit of the MOU, the Cleveland Governance Council shall set the yearly calendar, school day schedule, and bell schedule.

Students in grades 9-11 are required to take a minimum of six classes, with the option of an additional morning or afternoon course. Seniors must take a minimum of four classes, so long as they are on-track to graduate.

Students also have the opportunity to enroll in online courses, as well as dual enrollment classes onsite and concurrent enrollment courses off campus through the Los Angeles Community College District.

The Cleveland Governance Council reserves the right to alter the bell schedules and daily minimum number of classes, as needed, so long as the school adheres to District and State minimum instructional minute requirements.

Sample course of study for Advanced Studies AP Seminar

Mathematics Placement Act

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

WASC Accreditation

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

Cleveland adheres to the provisions established through the WASC accreditation process. During the last full self-study, Cleveland received a six-year term of accreditation with no

midterm visit. The term extends from July 1, 2022 through June 30, 2028. After such time, we shall undergo the accreditation process as determined by WASC.

Annually, Cleveland administration and staff review the WASC action plan to assess progress towards the established goals and student learner outcomes. When working towards WASC accreditation, the charter school conducts multiple professional development sessions and faculty meetings to reflect on and plan for continuous school improvement. Cleveland will engage in ongoing cycles of inquiry through the instructional leadership team, departments, and focus group meetings to analyze student achievement data schoolwide and by student group, collaborate to develop action steps targeting achievement gaps, align standards to ensure access for all learners, and engage stakeholders, including families of targeted student populations and students with disabilities.

PROFESSIONAL DEVELOPMENT

As a District affiliated charter school, Charter School shall comply with and implement required District policies and procedures related to staff professional development.

Professional development (PD) has always been an integral component of our effort to improve student achievement and the learning environment. Each year, the District requires banked-time Tuesday early dismissal PD days. We also use faculty meetings, pupil-free days, and optional after school and Saturday trainings to establish additional professional development sessions throughout the year.

Our administration, Instructional Leadership Team, Equity and Justice Team, Data Squad, and departments meet to analyze data, review current educational research, organize and facilitate professional development, and implement instructional coaching. We provide professional development to help teachers integrate more cooperative grouping and intentional higher-level discussions, equitable grading and instructional practices, social-emotional pedagogy and culturally relevant and responsive educational practices into their classroom. We continue to offer professional development on topics including EL strategies and implicit bias. The school's Equity and Justice team plans professional development on topics such as racial literacy and identity, identity mapping, racial socialization, and implicit bias. Working with our Equity and Justice team and the ILT, we expanded Black Student Achievement Plan (BSAP) curricular planning for all departments.

Our Data Squad supports staff with accessing, analyzing, and using data to inform instructional practices. Our Emergent Bilingual Achievement Program team supports the needs of our newcomers and other English language learners. We offer onsite Equitable Grading and Instruction (EGI) professional development sessions fall and spring, and have an EGI Champion to support teacher implementation of EGI practices in the classroom. This year, we are in year two of our implementation of the Plan-Do-Study-Act (PDSA) cycle to look at a schoolwide problem of practice and implement common strategies around discussion techniques and Depth of Knowledge 3 and 4 level questions related to the cycle of inquiry. We expanded support for SEL to students and staff, including offering after school yoga.

Effectiveness is measured through professional development evaluations, marks analysis, the School Experience Survey, and other school surveys, as needed.

In addition, departments will continue to examine California curriculum frameworks and Common Core State Standards to identify essential standards in content areas. Teachers will reach consensus on proficiency levels for mastery, determine appropriate instructional materials, design assessment tools, and analyze student work in accordance with District and department-established rubrics.

Additionally, the Art, English, Humanities Magnet, Math, Science, and Social Studies Departments along with programs and pathways will continue to meet weekly, monthly, after school, Saturdays, and summers to assess and align curricula, share best practices, analyze data, develop intervention plans, attend technology seminars, and train on computer-driven management software.

Professional development is one of the autonomies granted to Cleveland as an ESBMM School. Cleveland has a PD Committee that addresses District concerns, delineates school needs, provides teacher trainings, shares instructional practices, and organizes teacher workshops. The PD Committee submits its plan to the Cleveland Governance Council for final approval, as specified in our ESBMM agreement.

As an affiliated charter, Cleveland is exempt from District established deadline dates for District professional development modules and mandates, so long as we complete all training and modules within that stated school term.

In addition, Cleveland retains all professional development autonomies previously granted under our original ESBMM Memorandum of Agreement (2011).

Furthermore, the Art, English, Global Media Studies Magnet, Humanities Magnet, Math, Science, and Social Studies Departments along with pathways will continue to meet weekly, monthly, after school, Saturdays, and summers to assess and align curricula, share best practices, analyze data, develop intervention plans, attend technology seminars, and train on computer-driven management software.

The Instructional Leadership Team, in conjunction with the Professional Development Committee, recommends the scheduling, content, and design of all professional development, subject to the final approval by the Cleveland Governance Council (CGC). The CGC shall allocate funding to support professional development programs.

Departments will continue to analyze and refine instructional practices:

- The English Department has meetings where teachers share best practices, engage in lesson study, and design curriculum for differentiated instruction.
- The Art Department collaborates and holds intra-departmental sessions.
- Grade-level Humanities magnet teachers meet weekly, on Saturdays, and during the summer to develop, plan and map curricula and to assess student achievement.
- GMS teachers meet by grade-level and whole-group to review student progress

- and determine skills gaps to address.
- AOAT project-based approach enables English, art, and history classes to examine topics from varied viewpoints and content standards.
- Advanced Studies teaching teams meet regularly during the school year and summer to plan curricula, consider academic foci, and discuss focus students.

Departments further meet to examine rubrics and assessments to evaluate student progress:

- The ELD Department uses District rubrics for writing assessments, and portfolio rubrics to evaluate student mastery of standards.
- The LOTE Department designs assessment tools, uses a uniform rubric, and compares assessment results.
- The Humanities Magnet has a writing workshop so that all teachers can use standardized writing techniques across their curricula.
- Math, English, Science, and Social Studies Departments examine State and District assessment results in Whole Child and modify their instruction as appropriate.
- The English Department has aligned its core literature to content standards and culturally and linguistically responsive education. Additionally, members of the department have participated in performance task scoring sessions to assess reader-rater reliability.

The departments will continue to map content standards across grade levels to achieve continuity of instruction:

- The English Department develops core literature lists based on identified essential standards.
- The Mathematics Department uses a pacing plan and conducts “vertical alignment” team meetings.
- The Physical Education Department uses State assessment data and rubrics to determine fitness goals and to assess student skill levels.
- The Social Studies Department uses uniform rubrics and maps its curriculum chronologically and/or thematically.
- The Science Department uses a pacing plan and maps its curriculum according to the California three-course model instructional segments calendar.
- The Humanities Magnet uses vertical alignment across grade levels to develop thematic units, focus on key ideas, and integrate Common Core State Standards.

MEETING THE NEEDS OF ALL STUDENTS

English Learners

As a District affiliated charter school, Charter School shall implement the provisions of the District’s *Master Plan for English Learners and Standard English Learners*, as it may change from time to time, and comply with all applicable federal and state laws and District policies and procedures related to the implementation of the *Master Plan for English Learners and Standard English Learners*.

According to data provided by the LAUSD Focus Dashboard, English Learners comprised 7% of Cleveland's student population. According to the same source, 18% of the EL population is made up of Long Term English Learners (LTELs). Among the choices of Instructional Program Options for English learners in LAUSD, Cleveland offers the Language and Literacy in English Acceleration Program (L₂EAP) program to English learners, for whom the program is designed, and provides a Designated and Integrated English Language Development instruction.

The features of our educational programs for English language acquisition are as follows:

- As per LAUSD policy (REF-144709.1), students classified as Newcomers (defined by California Department of Education as students born outside of the United States and who have been enrolled in U.S. schools for 0-3 years) are placed into International Newcomer ELD A/B, a block of two consecutive periods of Designated ELD instruction. This will be offered to students who have been enrolled in U.S. schools for 12 months or less.
- All other English learner students, regardless of ELPAC overall level, are placed in a Designated ELD class organized by graduation year (i.e., ELD 9, ELD 10, ELD 11, ELD 12) which uses the current site-adopted ELD curriculum, MyPerspectives ELD Companion, in addition to grade-level English Language Arts class.
- English learner students receive Integrated ELD instruction through academic classes taught by teachers who are authorized to instruct EL students, employ Specially Designed Academic Instruction in English (SDAIE) strategies, and state-adopted texts. Our ELD program offers a rigorous course of study where students simultaneously acquire fluency in English and develop academic proficiency along California State Standards-aligned instruction. To ensure access to curriculum for EL students, ongoing professional development on effective, research-based instructional strategies for EL students will be provided to teachers.
- Comprehensive ELD support personnel provide Tier 1 and Tier 2 in-classroom support for English learner students, including a bilingual Teacher Assistant, limited-contract teachers, and Newcomer Counselor.
- Additional staff, including a dedicated counselor, teaching assistants, and coordinator provide academic and socio-emotional support to improve academic outcomes and English language proficiencies.
- Adequate EL student progress toward mastery aligned with English Language Development standards is monitored by teachers, counselors, and EL Designee.
- Parents/guardians whose students are classified as Potential LTELs (students holding English learner language classification for 4-5.9 years) or LTELs (classified as EL for 6 or more years) meet with the EL Designee to review student's current language program placement, test results, and goals in Individual Reclassification Acceleration Plans (IRAPs) to analyze student's grades and test results toward required to achieve RFEP classification.
- Minimally, for the first four years after reclassification, the EL Designee and members of the SSPT monitors progress of students who have held the language classification of Reclassified Fluent English Proficiency (RFEP) for a maximum of four years. If a student is not making adequate academic progress, additional

support and intervention may be recommended, including after school tutoring, Tier 2 in-class intervention, and/or referral to SSPT.

- Results of the English Language Proficiency Assessments for California (ELPAC) are used to support and accelerate student progress toward English proficiency by sharing data, setting goals, and discussing best practices with all stakeholders (parents/guardians, teachers, students) via English Language Advisory Committee (ELAC), Master Plan parent meetings, SSPT meetings, PHBAO conferences, and individual student data analysis meetings.
- All EL students have the opportunity to take specialized electives to supplement language acquisition and fundamental skills in mathematics, science, VAPA, and English Language Arts.

Gifted and Talented Students and Students Achieving Above Grade Level

Charter School shall continue to use LAUSD's Gifted and Talented Education (GATE) student identification process, adhere to District policies and procedures regarding GATE, and reimburse the District for GATE testing and processing on a fee-for-service basis.

At Cleveland, more than 1,000 students have been identified as gifted or high achieving. In order to meet the needs of gifted and talented students, the residential school offers an Advanced Studies (AS) program, which targets gifted, high achieving, and talented students. In addition to AS courses, our magnets and residential schools' honors classes seek to challenge this population. Honors and AP courses have differentiated curricula where students experience great depth and complexity. Specialized training and workshops are required for the instructors of the gifted, high achieving, and talented and they are encouraged to obtain 16 hours of professional development annually.

Cleveland provides gifted students a program of study that challenges and builds on their intellectual and academic potential. Through differentiated instructional models and multiple intelligence methodologies, students can pursue individual interests and talents as they delve into a variety of content-specific courses that fuse technology, creativity, and critical thinking. Differentiated instruction, according to Carol Ann Tomlinson, is the process of "ensuring that what a student learns, how he/she learns it, and how the student demonstrates what he/she has learned is matched to that student's readiness level, interests, and preferred mode of learning." Our goal is to differentiate instruction in accordance with this assertion via content, strategy, and product. By providing high-quality differentiated instruction with an emphasis on depth, complexity, acceleration and novelty, we offer high-level academic opportunities that meet the unique educational needs of gifted learners.

Teachers utilize multiple strategies for differentiation including the synthesis and evaluation levels of Bloom's Taxonomy and Webb's Depth of Knowledge. Classroom instruction includes brain-based, hands-on learning opportunities that utilize multiple intelligence methodology. Higher order thinking skills are emphasized in coursework. Instruction is further differentiated in AP courses where students are expected to perform at the college level. Students produce work that integrates subject area research and

multimedia resources to create high quality, perhaps professional level work. In addition, students demonstrate mastery through norm-referenced, performance, authentic, alternative, and interest-based assessments.

Honors and AP classes focus on project-based learning which incorporate 21st century skills including the use of technological tools, collaborative learning, public speaking, and college-level research. Gifted students develop advanced Depth of Knowledge skills by high-level interdisciplinary analysis and synthesis. Honors courses are open to all students willing and able to handle a challenging academic course load.

The school submits an annual GATE report as mandated by the district for each of its schools in which the progress of the gifted and talented population is monitored. The current status of each school is “Exemplary/Highly Effective.”

Students Achieving Below Grade Level

Our School Plan for Student Achievement addresses the needs of our students achieving below grade level. Specifically, we have developed an extensive intervention program that includes the following:

- Before, during, after school, and Saturday extended learning opportunities
- After school and Saturday CAASPP boot camps
- Cleveland Learning Academy
- Professional development for teachers
- Parent workshops on how to assist students with their academic goals
- Motivational assemblies and guest speakers
- Curricular trips that extend classroom experiences
- Online digital tools
- Licenses for virtual a-g classes
- Audio visual equipment
- Credit recovery classes, including rolling credit recovery sessions
- Additional counselors to support student academic and personal needs, including career and college readiness
- Class-size reduction teachers to provide for additional instructional support
- Peer mentoring programs
- Boys and Girls Club College Bound program
- School psychologists, Pupil Services and Attendance (PSA) Counselor, Psychological Social Worker, and full-time nurse to address various health needs
- Learning lab for Resource Specialist Program students
- The LAB intervention support program
- The LANDing Ground wellness initiative

Our instructional program is proactive and addresses the needs of those achieving below grade level or those who are not performing at ability level. Monitoring student progress begins in the classroom with formative and summative assessments, both teacher-designed and state/district testing. Cleveland recognizes that through literacy development students will acquire the skills necessary to analyze, interpret, synthesize, evaluate, and use information from a variety of sources. To achieve this end, we have implemented digital tools such as MyPath (iReady) and IXL to target individualized literacy needs. We have also shared strategies within departments and led professional development sessions to strengthen literacy supports for struggling students both in English Language Arts and across the curriculum.

Cleveland employs a variety of instructional strategies to meet the needs of our struggling students, as well as enrich students at all levels. These inclusive practices inspired by Universal Design for Learning (UDL) demonstrate a proactive approach. Differentiated instructional strategies include the following methodologies:

- Academic language
- Accountable talk
- Animation projects
- Case studies
- Choral readings
- Class discussions
- Close reading
- Constructive conversations
- Collaborative groups
- Culturally and linguistically relevant and responsive education
- Curricular trips
- Debates
- Depth of Knowledge
- Document-based questions
- Dramatization, skits, and plays
- Film projects
- Fish bowl conversations
- Four-corner activities
- Gaming and simulations
- Inquiry-based learning
- Internships
- Jigsaw
- Kagan strategies
- Lab demonstrations
- Learning stations
- Lectures
- Mock trials
- Modeling
- Modern Classroom
- Multimedia presentations
- Number talks
- Panel discussions
- Peer editing
- Peer teaching
- Quick writes
- Realia
- Reflections
- Research papers
- Role playing
- SDAIE strategies
- Service learning projects
- Small-group instruction
- Social-emotional learning activities
- Socratic seminars
- Student-directed lessons
- Symposiums
- Think-pair-share
- Thinking maps and other graphic organizers
- Timed readings
- Word walls
- Writing circles

In addition to these methodologies, Cleveland offers courses, programs, and tutoring labs that target students achieving below grade level or those who are not performing at ability level. There is an Algebra I Foundations course and Math Development lab that allows students to receive immediate intervention and additional time for mastering concepts. Online programs such as MyPath and IXL provide targeting intervention and support.

The Humanities Magnet offers a specialized college prep seminar elective to address the needs of their underperforming ninth and tenth grade students. It endeavors to help students improve their own academic performance and develop intervention strategies to support achievement of schoolwide learner outcomes. The GMS Magnet provides a peer support class where seniors mentor and tutor ninth and tenth grade students.

Some teachers use formative assessments to create small group instructional structures to provide specific skills support and remediation, when needed.

The Cleveland Learning Academy is specifically designed for Tier 2 and Tier 3 students who need an intensive small group academic setting for accelerated, targeted intervention, and credit recovery. Students work in an independent setting with a teacher-mentor, participate in PSW-led mental health groups, receive weekly in-class counseling presentations, and obtain resources, as needed, through the Cleveland Care Center.

Monitoring the progress of students achieving below grade level is a collaborative effort between teachers, academic and student support counselors, support staff, the Instructional Leadership Team (ILT), and stakeholders. Both the ILT and departments meet regularly to analyze data, plan targeted instruction, and design interventions. Teachers work closely with academic and student support counselors as well as PSWs to monitor student grades and academic progress and to implement intervention. Cleveland teachers and staff also meet schoolwide and in smaller groups to analyze and respond to testing data (SBA, iReady, IABs), focusing on the progress of students achieving below grade level. In addition, departments hold professional development sessions after school and on weekends to plan for subject-specific enrichment and intervention and address the needs of struggling students. Departments also hold targeted intervention sessions (called "Student Days") on weekends to provide extra support for students who are not meeting course standards.

Each Plan Do Study Act (PDSA) cycle is another opportunity for collaborative progress monitoring. Cleveland engages in both schoolwide and department specific PDSA cycles that focus on a problem of practice (POP), usually concentrating on students achieving below grade level and setting goals to improve learning outcomes. Departments then share resources and plan strategies for intervention, observe and study outcomes, and then take action to make changes in instruction as needed.

Finally, an increasing number of Cleveland teachers are implementing Equitable Grading and Instruction (EGI) and becoming EGI Certified. EGI helps teachers monitor below-grade-level students by using proficiency scales that clearly show which foundational skills students have mastered versus which grade-level standards they're still working toward. This detailed breakdown allows teachers to track incremental progress as struggling students move through prerequisite skills, rather than just seeing them stuck in a "failing" category. Because the system separates academic knowledge from behaviors like homework completion and provides multiple opportunities to demonstrate learning,

teachers get an accurate, ongoing picture of what below-grade-level students are actually learning and where they need targeted support.

Socioeconomically Disadvantaged

Students are identified as socioeconomically disadvantaged based on whether they qualify for free or reduced-priced lunch through the federally funded School Lunch Program. All families will be asked to complete the Household Income Form to determine which of our families is most in need. The needs of the socio-economically disadvantaged students will be monitored by the counselors, coordinators, and school support staff through the following programs:

- Administrators, teachers, and support staff will ensure that socioeconomically disadvantaged students will have access to all classes, services, clubs, and supplies on campus. Access to all extracurricular programs will be provided without financial constraints.
- Staff will receive professional development in Culturally and Linguistically Responsive Pedagogy (CLRP) to better support and meet the needs of socioeconomically disadvantaged students. Teachers will be provided with additional time to review pertinent data that helps gear the instructional support of socioeconomically disadvantaged students throughout each semester.
- Socioeconomically disadvantaged students who are in need of academic assistance will be provided the opportunity to participate in after-school intervention for the core subjects of English, mathematics, social studies, and science.
- College Awareness and Career Readiness programs will be provided to all students. Low-income students will be able to take the PSAT at no cost annually.
- The Cleveland Care Center and Pantry provides students with additional school supplies, hygiene products, new and gently used clothes and shoes, and non-perishable foods, as needed. Items are donated by local businesses, community agencies, as well as Cleveland staff.
- Cleveland has a Parent Center with a bilingual parent representative who offers workshops and assistance for parents. Workshops are geared towards parents' interest and provided at different times to encourage increased participation. Additionally, there is a BSAP parent rep who supports parents with the BSAP initiatives. The progress of socio-economically disadvantaged students will be monitored by administrators and support staff through the use of district updated dashboards including Focus, Misis, and Whole Child 2.0.

Students with Disabilities

Special Education

The District shall continue to serve the needs of students with disabilities enrolled in District affiliated charter schools in the same manner as at any other public school of the District and shall be responsible for adhering to the provisions of the Individuals with

Disabilities Education Act (“IDEA”), California special education laws and regulations, and District policies and procedures for special education to ensure that all students with disabilities are accorded a free appropriate public education (“FAPE”) as is required of all District authorized schools.

Conversion Affiliated Charter

1. District Affiliated Charter School’s Special Education Responsibilities

a. General Requirements

The District Affiliated Charter School will adhere to the provisions of the IDEA and California special education laws and regulations to ensure that all students with disabilities are provided a free appropriate public education (“FAPE”) as is required of all District authorized schools. The District Affiliated Charter School will also ensure that no student otherwise eligible to enroll in the District Affiliated Charter School will be denied enrollment, or be required to waive their right to enrollment and/or continued attendance in a settlement agreement, on the basis of their special education eligibility.

The District Affiliated Charter School will comply with Sections 504 and 508 of the Federal Rehabilitation Act of 1973, the Americans with Disabilities Act, and all Office of Civil Rights mandates for students enrolled in the District Affiliated Charter School.

The District Affiliated Charter School will use District forms to develop, maintain, and review assessments and Individualized Education Programs (“IEPs”) in the format required by the District and will enter accurate assessment and IEP data into the District’s designated data system (Welligent) in accordance with LAUSD policies and procedures. The District Affiliated Charter School will maintain copies of assessments and IEP materials for District review and submit to the District all required reports.

The District Affiliated Charter School shall keep daily attendance for each student which shall be reported and certified according to District policies and procedures.

The District Affiliated Charter School will participate in the state quality assurance process for special education (i.e., verification reviews, coordinated compliance self-reviews, complaints monitoring, procedural safeguards, and the local plan). The District Affiliated Charter School will participate in internal validation review (“DVR”).

The District Affiliated Charter School is responsible for the management of its personnel, programs, and services. All employees shall be hired by the District and maintain the same relationships with and through all respective bargaining units as other District employees at non-charter schools. The District Affiliated Charter

School will implement the programs and services, including providing related services, required by the IEPs of the students enrolled at the District Affiliated Charter School.

b. Transferring Students

For students transferring to the District Affiliated Charter School from other school districts, District-operated schools or District authorized charters, the District will provide those related services required by the students' IEPs immediately upon the students' enrollment regardless of the types of service provider (i.e., school-based, NPA, or private). District Affiliated Charter School will ensure that IEP team meetings for such students will be held within thirty (30) days of the student's enrollment in accordance with federal and state law and District policies and procedures.

c. Assessments

Unless circumstances indicate otherwise, the referral process shall include Student Support and Progress Team (SSPT) meetings to review prior interventions, accommodations, and modifications and to recommend further interventions as appropriate. The referral process shall be supported by the Response to Intervention (RtI) model approach using data to identify student strengths and weaknesses. Upon review of accumulated data, observation and review of records, the District Affiliated Charter School may determine that assessment is necessary to determine possible eligibility for special education programs and related services.

Upon a teacher or other staff member's request for assessment, the District Affiliated Charter School shall develop an assessment plan in Welligent for each student with suspected disabilities within the 15 day timeline.

Upon a parent/guardian's request for assessment, the District Affiliated Charter School shall develop an assessment plan in Welligent for each student with suspected disabilities within the 15 day timeline; or decline to assess with an appropriate Prior Written Notice Letter. The District Affiliated Charter School may hold a SSPT meeting with the parent within 15 days to discuss the request in light of student records, available data, and student performance, but must still meet the statutory timeline for the assessment request. The District Affiliated Charter School may provide general education interventions through the SSPT process whether the special education assessment is conducted or not. If parent/guardian wishes to forgo the SSPT meeting, the District Affiliated Charter will develop the assessment plan, as noted above.

The LAUSD assessment plan describes the types of assessments that may be used to discuss potential eligibility of students for special education instruction and services at an IEP meeting. Assessments will be conducted, within legal timelines,

after receiving the parents' written consent. The District Affiliated Charter School shall conduct an IEP team meeting that includes required team members within mandated timelines for each student assessed to discuss results, determine eligibility, and (if eligible) specify special education instruction and services. The District Affiliated Charter School will make decisions regarding eligibility, goals, program, placement, and exit from special education through the IEP process according to federal, state and District timelines.

d. Alternative Placements

Under limited circumstances when a District Affiliated Charter School student's needs may not be met at the District Affiliated Charter School, the District Affiliated Charter School will consult with the District to discuss placement and service alternatives. The IEP team convened at the District Affiliated Charter School shall have the authority to make offers of a FAPE and decisions regarding the staffing and methodology used to provide special education and related services pursuant to an IEP.

e. Least Restrictive Environment

The District Affiliated Charter School will ensure students with disabilities are served in the least restrictive environment as required by law. The District Affiliated Charter School general program of instruction for students with disabilities shall be responsive to the required sequence of courses and related curricular activities provided for all students in the District Affiliated Charter School. Assessment and standardized testing procedures shall be implemented, including guidelines for modifications and adaptations, to monitor student progress.

f. Non-Discrimination

The Charter is committed to complying with applicable laws, regulations, and policies regarding nondiscrimination. The Charter will conduct outreach activities to attract and enroll students, including students with mild to severe disabilities, that is diverse and comparable with resident schools with similar demographics with the goal of aligning with the District-wide average. The District Affiliated Charter School may not refuse to admit a student based on special education eligibility, needs or services identified in the student's IEP and may not refuse or require waiver of enrollment rights based on a student's eligibility for special education. The District will make available to the District Affiliated Charter School reports indicating range of services and number of students served at individual District affiliated charter schools.

g. Staffing Requirements

The District Affiliated Charter School shall participate in available appropriate District trainings to support access by students with disabilities to the general

education classroom, general education curriculum, integration of instructional strategies and curriculum adaptations to address the diverse learner, and interaction with typically developing peers.

The District Affiliated Charter School will maintain responsibility for monitoring progress towards meeting IEP goals. The District Affiliated Charter School will assess, develop, and implement Individual Transition Plans to help students with disabilities transition to adult living in accordance with Federal and State laws and District policies and procedures.

h. Student Discipline

The District Affiliated Charter School will ensure that it complies with the mandates of state and federal laws, including the IDEA, regarding discipline of students with disabilities. Discipline procedures will include positive behavioral interventions and align with District policy. Prior to recommending expulsion and/or prior to the eleventh day of cumulative suspension for a student with disabilities, the District Affiliated Charter School will convene a manifestation determination IEP team meeting as set forth in the District's Policies and Procedures Manual. The District Affiliated Charter School will collect data pertaining to the number of special education students suspended or expelled.

2. Procedural Safeguards/Due Process Hearings

The District on behalf of and/or in conjunction with the District Affiliated Charter School may invoke dispute resolution provisions set out in the charter petition, initiate due process hearings, and/or utilize other procedures applicable to the District Affiliated Charter School if the District determines that such action is legally necessary to ensure compliance with federal and state special education laws and regulations.

In the event that a parent or guardian of a student attending the District Affiliated Charter School initiates due process proceedings, the District will be named as a respondent. Whenever possible, the District and the District Affiliated Charter School shall work together to resolve the matter at an early stage (informal resolution session or mediation).

3. Complaints

The District will investigate and respond to all special education complaints the District receives pertaining to the District Affiliated Charter School including the District's Uniform Complaint Procedures, Office for Civil Rights and California Department of Education Special Education Compliance. The District Affiliated Charter School will cooperate with the District in any such investigations and provide the District with any and all documentation that is needed to respond to complaints.

4. Funding of Special Education

The District Affiliated Charter School will adhere to all District policies and procedures regarding special education and special education funding, as they may be amended from time to time. The District shall retain all state and federal special education funding for District Affiliated Charter School students which is allocated to the SELPA. The District shall be responsible for providing all appropriate special education and related services in accordance with all applicable state and federal laws.

5. District Responsibilities Relating to District Affiliated Charter School Special Education Program

As long as charter schools operate as public schools within the District, the District shall provide information to the school regarding District special education decisions, policies, and procedures to the same extent as they are provided to other schools within the District.

At its discretion, the District will make available training opportunities and/or information regarding special education to District Affiliated Charter Schools.

All District schools, including District affiliated charter schools, are required to implement the District's integrated student information system which is referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All District affiliated charter schools are required to utilize MiSiS.

Students in Other Student Groups

Foster Youth

Cleveland identifies foster youth and students experiencing homelessness through multiple data sources and coordinated site-based processes, including monthly DataMatch reports, MiSiS rosters, enrollment documentation, and collaboration with the Attendance Office, Special Education Office, and Student Support Services (SSS) Counselors. Foster youth are identified through indicators such as DCFS paperwork, court documents, and Child Social Worker information, while students experiencing homelessness are identified in accordance with the McKinney-Vento Act through enrollment questionnaires and referrals. Once identified, SSS Counselors work together to assess and meet students' academic, social-emotional, and basic needs by providing case management, counseling support, attendance interventions, referrals to community and district resources, working with caregivers and social workers, and support with school stability and transitions. Services are delivered on campus and through referrals, primarily by SSS Counselors who work directly with administrators, teachers, and external agencies as appropriate. Student progress is monitored by SSS Counselors through regular review of attendance, academic performance, behavior data, and MiSiS records, as well as through ongoing communication with school staff and caregivers, ensuring timely adjustments to supports to promote student success.

Incoming Ninth Grade Students

To address the needs of incoming ninth grade students and assist with the transition from middle school to high school, Cleveland offers the following summer programs:

Summer Virtual Enrichment Program

Open to all current students, these enrichment opportunities offer the opportunity to take additional online a-g electives through virtual licenses to supplement their four-year course of study.

Summer Music and Dance Academy

Open to incoming and current students interested in instrumental music and dance, these enrichment electives provide intense focus on instrumentation, marching, drills, and choreography.

Newcomers

Newcomer students receive enhanced and supplemental ELD support that incorporate multimedia learning opportunities. ELD instruction includes integrated listening, speaking, reading, and writing through constructive conversation skills, cooperative learning strategies, and student oral presentations.

Global Media Studies (GMS)

The Summer Bridge program provides structured opportunities for incoming ninth grade GMS students to acclimate to the high school environment all the while learning about the academic and behavioral expectations of the GMS Magnet.

Humanities Magnet

The Humanities Magnet Summer Bridge Program offers a one-day session for incoming ninth grade students that focuses on goal setting, time management, study skills, growth mindset, and community building activities.

CSUN Math Camp

In partnership with California State University, Northridge (CSUN), Cleveland staff and peer ambassadors provide incoming ninth grade students with a CSUN-developed curriculum that focuses on reinforcing math foundations and concepts through art, growth mindset, and coding activities. Students participate in whole group and small group discussions, familiarize themselves with high school, and engage in community-building activities.

Advanced Studies Summer Bridge

Incoming ninth graders in the Advanced Studies program have the opportunity to create bonds with their fellow peers while exploring a variety of subjects and skills. Activities include logic puzzles and breakout boxes to strengthen critical thinking and collaboration. Students also participate in an Edgar Allan Poe-themed escape room based on the poem "The Raven." To familiarize themselves with the layout of The Land, there is a fun campus scavenger hunt designed by current seniors. Other engaging events like Coordinate

Plane Battleship and Cup Stacking Challenge help students relax and feel supported for their upcoming high school experience.

High School Transition Program

Open to ninth grade students, the program offers mathematics and ELA prep as well as socio-emotional skills development. Students also have the opportunity to meet school staff and learn about the extracurricular and co-curricular opportunities at Cleveland.

To further promote a sense of belonging, all incoming ninth grade students are placed in Freshmen houses (“Gemstones”). With the support of a Freshman Success Coordinator, students engage in a variety of social activities throughout the school year where they have the opportunity to engage with peers in a safe, welcoming environment.

ELEMENT 2 – MEASURABLE PUPIL OUTCOMES, AND ELEMENT 3 – METHOD BY WHICH PUPIL PROGRESS TOWARD OUTCOMES WILL BE MEASURED

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.” (Ed. Code § 47605(c)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(c)(5)(C).)

STANDARDIZED TESTING

Charter School agrees to comply with and adhere to state requirements for participation in and administration of all state mandated tests, including computer-based assessments. As a District affiliated charter school, Charter School shall test with the District and adhere to District testing calendars and procedures for all state mandated assessments. Charter School shall submit and maintain up-to-date and accurate school and student data in MiSiS, and other data systems used or required by the District, and otherwise ensure that Charter School reports complete, accurate, and up-to-date data for all purposes related to the California Longitudinal Pupil Achievement Data System (CALPADS) in accordance with District policies and procedures and the requirements of California Code of Regulations, title 5, section 861.

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§47605(d)(1), 60605.)

Charter School shall work toward aligning all applicable District goals, including but not limited to the school and student outcome goals set forth in the LAUSD's Local Control and Accountability Plan (LCAP) and Strategic Plan, as they may be amended, updated, and/or replaced by the District, throughout the term of the Charter.

Charter School shall comply with all applicable laws, regulations, and District policies and procedures related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

Academic Excellence:

Cleveland Charter High School is committed to ensuring that all students graduate as life-long learners and engaged global citizens by aligning our educational program to clear, measurable outcomes. Our school maintains a focused effort toward achieving a 100% graduation rate by providing individualized, data-informed instructional experiences that develop the foundational knowledge and skills necessary for success in college and the workforce. Through high-quality, standards-aligned instruction and targeted supports, Cleveland monitors student progress toward graduation benchmarks and postsecondary readiness indicators. The implementation of the Cleveland Learning Academy (CLA) has further strengthened these efforts by offering structured opportunities for students to challenge themselves, track their academic growth, and engage in rigorous learning experiences that prepare them for future academic and career pathways.

Joy & Wellness:

According to LAUSD's WholeChild2.0 database, Cleveland Charter High School is strengthening our focus on measurable student success indicators, demonstrated by an increase in the percentage of students with excellent attendance (96% or higher) achieving proficient or advanced levels, from 44.7% in 2022-23 to 46.3% in 2023-24.

Safety measures continue to show positive outcomes as well, with 68% of students reporting feeling safe on campus, exceeding the district rate of 61%, and 75% of parents reporting that the school is safe, closely aligned with the District's 77% rate. To further improve student wellbeing and support measurable improvement in engagement, attendance, and academic performance, our school maintains The LANDing Ground, designated spaces offering mental, physical, and emotional support, and integrates schoolwide SEL activities into both professional development and classroom instruction. These efforts collectively strengthen Cleveland's progress toward improving attendance, increasing perceptions of safety, and expanding whole-child support aligned to measurable schoolwide goals.

Engagement and Collaboration:

Cleveland continues to demonstrate measurable progress in family engagement, as reflected in the School Experience Survey (SES). Parent participation increased significantly from 6% in 2021-22 to 40% in 2024-25. These data indicate steady post-COVID improvement and guide the school's strategy to further increase parent participation in order to capture a more accurate representation of this essential

educational partner group. In support of operational effectiveness, Cleveland Charter High School prepares a Local Control and Accountability Plan (LCAP) each year to establish measurable goals, outline targeted actions, and report progress aligned to state and local priorities. This process ensures that all programmatic decisions, including investments in staff and support for students, remain aligned with documented outcomes and consistent with reporting requirements in the School Accountability Report Card (SARC).

Operational Effectiveness and Investing in Staff:

The LCAP ensures that program implementation and resource allocation are guided by data, and all reporting remains aligned with the SARC, providing a consistent and transparent measure of Cleveland's effectiveness in meeting its student achievement and operational goals.

MEASURABLE PUPIL OUTCOMES: SUMMATIVE ASSESSMENT PERFORMANCE TARGETS

Academic Excellence:

Cleveland's goals for academic excellence center on steadily increasing English Language Arts proficiency for all student groups, using Grade 11 Smarter Balanced Distance from Standard (DFS) as the key metric. Schoolwide, the goal is a 1% increase above the 41.3 baseline in Year 1, growing annually to a 5% increase by Year 5. The plan includes targeted growth for groups with the greatest need, particularly Emergent Bilinguals and Students with Disabilities, who aim first to reduce their negative distance from standard by 2% in Year 1 and then achieve gains of up to 10% above baseline by Year 5. Socioeconomically Disadvantaged, African American, Filipino, Hispanic, Asian, students of Two or More Races, and White students each have incremental annual growth targets ranging from 0.5% to 5% above baseline, depending on starting DFS. These goals reflect a commitment to both overall improvement and strategic support that narrows gaps and ensures meaningful, measurable progress in ELA achievement for every student group over the five-year term.

Cleveland aims to increase the number of students meeting or exceeding proficiency in mathematics by improving Grade 11 Smarter Balanced DFS each year. Schoolwide, Cleveland will move from a baseline of -28.1 toward a 5% increase above baseline by Year 5. To address significant performance gaps, the plan prioritizes steady gains for groups farthest from standard (Emergent Bilinguals, Socioeconomically Disadvantaged students, Students with Disabilities, African American students, Filipino students, and Hispanic students) each targeting annual improvements beginning with a 2% reduction in the negative baseline and progressing to a 10% improvement by Year 5. Student groups already performing above standard, including Asian students, White students, and students of Two or More Races, will continue making incremental yearly gains ranging from 1% to 5% above baseline. Together, these targets emphasize Cleveland's commitment to strengthening math achievement across all student groups while closing longstanding opportunity gaps.

In addition, Cleveland is committed to increasing the number of students who meet or exceed English proficiency, recognizing that strong language development is essential to success across all academic areas, including mathematics. Using ELPI levels to measure progress, Cleveland seeks steady improvement from a baseline of 52.6% of Emergent Bilinguals and 75.5% of Long-Term Emergent Bilinguals demonstrating yearly growth. Both groups aim for a 1% increase above baseline in Year 1, rising incrementally to 5% above baseline by Year 5. These goals reinforce a cohesive strategy: by strengthening both English language development and content-area proficiency, Cleveland ensures that multilingual learners are better equipped to access rigorous instruction and demonstrate consistent academic progress.

Joy and Wellness:

Cleveland has set clear targets to increase the percentage of students achieving excellent attendance, emphasizing measurable growth over the five-year term. Starting from a schoolwide baseline of 51.67%, the goal is to reach a 10% increase above baseline by Year 5, with annual incremental growth each year. Student groups with lower attendance baselines (including Emergent Bilingual, Long-Term Emergent Bilinguals, Socioeconomically Disadvantaged students, Homeless Youth, Students with Disabilities, and Hispanic students) are expected to make steady yearly gains, ranging from 1–5% increases above their respective baselines. Groups with higher baseline attendance, such as Asian, Filipino, and White students, will also achieve incremental improvements. These targets ensure Cleveland systematically strengthens attendance while closing gaps among student populations.

To reduce chronic absenteeism, Cleveland has established targets to lower the percentage of students missing 9% or more of school each year. From a schoolwide baseline of 27.02%, Cleveland aims for a 5% decrease below baseline by Year 5, with annual reductions occurring in each year of the plan. Student groups with higher chronic absenteeism rates, including Emergent Bilinguals, Long-Term Emergent Bilinguals, Socioeconomically Disadvantaged students, Homeless Youth, and Hispanic students, will follow targeted reduction goals to ensure steady progress. Groups already demonstrating lower absenteeism, such as Asian, Filipino, White, and students of Two or More Races, will maintain modest yearly decreases. These targets position Cleveland to improve equitable access to instruction for all students.

Cleveland's targets for reducing suspensions are designed to maintain a safe and supportive campus while eliminating disparities across student groups. Beginning from a schoolwide suspension rate of 0.2%, the school aims to reduce suspensions by 0.1% in Year 1 and achieve a 0.0% rate by Year 3, maintaining that level through Year 5. Emergent Bilinguals, Long-Term Emergent Bilinguals, and Hispanic students, who have slightly higher baseline suspension rates, will see incremental annual decreases of 0.1-0.5% until the target of zero suspensions is reached. Most other student groups, including Students with Disabilities, African American students, Asian students, Filipino students, and White students, already maintain a 0.0% suspension rate and are expected to sustain that outcome. These measurable targets ensure that Cleveland continues to provide a safe, inclusive environment conducive to student wellbeing and learning.

Engagement and Collaboration:

Cleveland has established targets to increase parent engagement and ensure families feel included in decisions about their child's education. From a baseline of 79% of parents reporting they feel included, we aim for steady annual improvements, reaching 5% above baseline by Year 5. These incremental increases reflect Cleveland's commitment to providing opportunities for parent input through workshops, conferences, and communications, ensuring that all families, regardless of background, are actively involved in their child's learning and decision-making processes.

In addition, Cleveland is targeting improvements in parents' ability to access information about school workshops and programs. With a baseline of 80% of parents reporting they can easily find this information, our school plans incremental increases of 1–5% over five years. These targets support Cleveland's strategy of using multiple outreach channels, email, phone calls, Schoology, and the Parent Center, to ensure all families are aware of and can participate in opportunities for engagement, including Health and Wellness, Civic Engagement, and Student Achievement workshops.

Cleveland also focuses on increasing the percentage of parents who report that the school provides instructional resources to help them support their child's education. Starting from a baseline of 79%, we aim for a 5% increase over five years. These measurable targets guide Cleveland's efforts to provide families with the tools and guidance needed to support student learning at home, reinforcing collaboration between families, staff, and the broader school community.

Operational Effectiveness and Investing in Staff:

Cleveland maintains clear targets for operational effectiveness by ensuring that school facilities remain in good repair. With an "Exemplary" baseline, the school is committed to maintaining this standard throughout the five-year term, ensuring a safe, welcoming, and functional learning environment for all students and staff. This focus supports a school culture where teaching and learning can occur without disruption and resources are consistently available.

In addition, Cleveland aims to increase the percentage of teachers appropriately credentialed for the students we teach. From a baseline of 85.1%, the target is a 5% increase above baseline by Year 5, achieved through ongoing professional development, support for credentialing, and monitoring of staffing assignments. These targets ensure that all students have access to highly qualified educators, aligned with Se Artsgate standards and best instructional practices.

Finally, Cleveland sets measurable targets for providing standards-based instructional materials. With a baseline of 100% of students already receiving textbooks and materials that meet Williams Act requirements, the school's goal is to maintain this full provision throughout the five-year plan. This ensures that every student has access to the necessary instructional resources to engage fully in rigorous, standards-aligned coursework.

MEASURING PUPIL PROGRESS TOWARD OUTCOMES: FORMATIVE ASSESSMENT

As a District Affiliated Charter School, Charter School shall meet or exceed the District standards and guidelines for implementing diagnostic, screening, periodic and/or benchmark assessments. Charter School shall be responsible for paying all costs related to the implementation of any alternate and/or replacement diagnostic, screening, periodic and/or benchmark assessments.

DATA ANALYSIS AND REPORTING

Collection of Data

The school collects data from a variety of sources. National assessments such as the Advanced Placement (AP) exams, SAT, PSAT, and ACT are sent to the principal and students by the respective testing agencies. State and District assessments, including the CAASPP/SBA, iReady Math and Reading Diagnostics, California English Language Development Test/English Language Proficiency Assessments for California (CELDT/ELPAC), Communication and Observation Matrix (COM), California Alternate Assessment (CAA), and Physical Fitness Test (PFT) / Fitnessgram are distributed by the District and accessible through Whole Child, which provides accountability reports on student achievement and outcomes.

The administration regularly collects data on departmental marks analysis reports and shares the data with the Instructional Leadership Team and departments. Data is also gathered from the School Experience Survey and Cleveland-generated teacher, parent, and student surveys. In addition to results from State and District assessments, departments, programs, and pathways collect data on student progress and achievement such as grades, attendance, and discipline records. ELA and Math departments also utilize school and District-designed interim assessments and IXL Diagnostic and Learning data to determine student mastery.

In the Special Education Department, the Woodcock-Johnson IV is used by RSP and SDC students. The Brigance Comprehensive Inventory of Basic Skills II and Student Annual Needs Inventory are used by students in the alternative curriculum to help determine academic placement in the least restrictive educational environment. CAA results are used to establish annual IEP goals while COM results determine language proficiency.

Teachers collect class and individual student data such as interim assessment reports, teacher-created tests, quizzes, writing assignments, authentic assessments, and perception data. Data is also collected through informal assessments, discussion groups, interactive journals, oral presentations and performances, and intra-group evaluations. AP and CAASPP results are evaluated to inform strategic academic planning.

Disaggregation and Analysis of Data

Throughout the fall, the principal reviews annual school performance data from the previous school year. This information is then reviewed and disaggregated by administrators and program coordinators. Student benchmarks, graduation rates, dropout

rates, and a-g completion rates are initially evaluated to measure overall progress. Data is then disaggregated by student subgroups, content areas tested, and individual teachers, when applicable. Analysis includes comparisons between current year student performance levels and prior years' outcomes. We examine growth by looking at State and District-determined indicators and targets. We also compare test scores to District and State averages to determine progress. Additionally, outcomes for the *School Plan for Student Achievement* are reevaluated to determine the appropriate expenditure of federal funds.

The information is shared with the CGC, SSC, Instructional Leadership Team, and program or pathway coordinators. At the beginning of the school year, data is presented to the faculty for discussion and analysis. During these professional development sessions, departments, programs, and pathways meet, review, and consider the implications of the data and how it informs curricula and instruction. From these meetings, the departments, programs, and pathways develop objectives for the school year by identifying and reporting two to three critical academic needs based on the analyzed and disaggregated data. This information is then used to update the *School Plan for Student Achievement*.

Departments also use assessment results to map their curricula. mathematics, science, social studies, Language Other Than English (LOTE), English Language Development (ELD), programs, and pathways develop pacing plans for the year. The English Department reviews its core literature and targets specific reading and writing skills.

The Special Education Department analyzes achievement of annual IEP goals and uses the results to review and modify teaching and learning objectives for individual students. Through the Welligent system, the Special Education staff receives Modified Consent Decree updates. This information is used to make program modifications to help students achieve at higher levels and to meet federal compliance guidelines.

GRADING, PROGRESS REPORTING, AND PROMOTION/RETENTION

As a District affiliated charter school, Charter School shall adhere to and implement District policies and procedures regarding grading, progress reporting, and promotion/retention.

ELEMENT 4 – GOVERNANCE

“The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.” (Ed. Code § 47605(c)(5)(D).)

GENERAL PROVISIONS

As a District Affiliated Charter School, Charter School is subject to the governance and control of the LAUSD Board of Education. Governance at the school site level shall be in accordance with the provisions of this Charter and shall be consistent with all applicable state, federal laws and regulations, District policies, and provisions of LAUSD collective bargaining agreements (CBAs). Adoption of any governance structure or model in conflict with the above shall be null and void unless the appropriate parties have agreed to a waiver or exemption. Absent agreed upon waivers between the District and UTLA, Charter School shall adhere to the requirements of Article XXVII of the LAUSD-UTLA CBA, as it may be amended from time to time, including but not limited to provisions related to Local School Leadership Council composition and responsibilities, and provisions regarding councils and committees (e.g., Title I School Site Councils).

Charter School shall adhere to and implement all applicable District policies and procedures for compliance with California open meetings laws (i.e., the Brown Act and the Greene Act, as applicable) and the California Public Records Act.

All staff and representatives of Charter School, including members of Charter School’s Governing Council, members of school committees and other councils, and school administrators, shall comply with federal and state laws, nonprofit integrity standards, and LAUSD’s charter school policies, regarding ethics and conflicts of interest.

Charter School shall ensure that, at all times throughout the term of the Charter, the bylaws of its Governing Council are and remain consistent with applicable laws, District policy, the provisions of LAUSD collective bargaining agreements (CBAs), any applicable District-UTLA waiver(s), and the provisions of this Charter.

The District reserves the right to appoint a non-voting single representative to Charter School’s Governing Council.

The Cleveland Governance Council (CGC) serves as the local school leadership council and has purview in the following areas, subject to District policies and procedures: budgets outlined in the United Teachers of Los Angeles Collective Bargaining Agreement; campus facilities; curriculum, instruction, assessment, and intervention; personnel; professional development; scheduling; school discipline; staffing procedures; and use of school equipment.

The composition of the CGC is as follows:

Certificated	Principal, Parent/Community Non-Certificated
1. UTLA Chapter Chair	1. Principal (District Representative)
2. Elected Certificated Member	2. Elected Parent/Community
3. Elected Certificated Member	3. Elected Parent/Community
4. Elected Certificated Member	4. Elected Parent/Community
5. Elected Certificated Member	5. Elected Parent/Community
6. Elected Certificated Member	6. Elected Parent/Community
7. Elected Certificated Member	7. Elected Classified Staff Member
8. Elected Certificated Member	8. Elected Student Body President

The members of the CGC are elected in accordance with the UTLA contract as outlined in Article XXVII, Sections 2.0-2.4.

The agenda is determined by the two co-chairs, the principal and UTLA chapter chair, in accordance with Article XXVII of the collective bargaining agreement. The agenda is emailed to all CGC members and is posted on the school website for public viewing at least 72 hours prior to regular meetings, 24 hours prior to special meetings, and one hour prior to emergency meetings. In compliance with the Public Records Act, minutes for all meetings are posted on the school website.

To carry out its responsibilities, the CGC works in consultation with parents, students, faculty, staff, administrators, the SSC, the Curriculum Council (CC), and the English Learner Advisory Council (ELAC). These councils advise, make recommendations, and when appropriate, act on behalf of the CGC regarding the CGC's stated responsibilities. Additionally, the CGC may create an ad hoc committee or a new standing committee as deemed necessary.

The CGC regularly analyzes data: the school profile, accountability report card, SBAC results, interim assessment results, attendance, graduation rates, post-high school destinations, various achievement indicators, and stakeholder surveys. CGC reviews and approves professional development, analyzes school data and makes recommendations on how Targeted Student Population (TSP) and non-categorical school funds are used to improve outcomes in alignment with LCAP indicators and LAUSD's Strategic Plan. The CGC regularly reviews the schoolwide accreditation action plan, ensuring alignment and adherence to school goals. Further, the CGC sets a yearly calendar, school day schedule, and bell schedule based on educational partner input and with the aim of improving student outcomes.

The CGC practices a collaborative, distributive leadership model that comprises the principal, certificated staff, classified employees, parents/community members, and a student representative. The CGC considers all points of view and solicits the advice and counsel of parent organizations, other employee groups, and all other interested parties

in the decision-making process, including the PD committee, Instructional Leadership Team/Curriculum Council, and ASB Student Leadership. The council functions through cooperation and consensus. Only if consensus cannot be reached will decisions be made by a majority vote.

The Cleveland Governance Council (CGC) holds monthly public meetings, as needed, from August through May. “Public Comment” is always included on the CGC’s agenda and members and non-members can speak to the council about matters of concern to them and the school.

The CGC reserves the right to approve and implement future waivers, such as class-size reduction, banked-time schedule, alternative calendars and governance structures, should District-UTLA waivers and any other District opportunities become available.

LEGAL AND POLICY COMPLIANCE

Charter School shall comply with all applicable federal and state laws and local regulations, and District policies and procedures, as they may change from time to time.

In coordination and consultation with the District, Charter School shall comply with all applicable federal and state reporting requirements, including but not limited to the requirements of CBEDS, CALPADS, the Public Schools Accountability Act of 1999, and Education Code section 47604.33.

Charter School shall notify parents, guardians, and staff in writing within 72 hours of the issuance of a Notice of Violation, Notice of Intent to Revoke, Final Decision to Revoke, Notice of Non-Renewal, or equivalent notice, by the LAUSD Board of Education.

TITLE IX, SECTIONS 504 AND 508, AND UNIFORM COMPLAINT PROCEDURES

As a District affiliated charter school, Charter School shall comply with and implement all District policies and procedures related to its responsibilities under Title IX of the Education Amendments of 1972 (Title IX), Sections 504 and 508 of the Rehabilitation Act of 1973 (“Section 504” and “Section 508”), the Americans with Disabilities Act, and the District’s Uniform Complaint Procedures.

As a District affiliated charter school, Charter School shall adhere to all applicable federal and state laws and regulations, and District policies and procedures, regarding pupil fees, including but not limited to procedures related to complaints filed pursuant to Education Code section 49013.

Charter School shall comply with the requirements of Education Code section 52075 and District policies and procedures regarding the filing of complaints related to certain provisions of the Local Control Funding Formula legislation.

STAKEHOLDER INVOLVEMENT

Cleveland provides multiple opportunities for stakeholder involvement. Cleveland regularly engaged our educational partners. Parents and community members, students, administrators, teachers, and out of classroom staff-members receive communication through the following sources: Weekly and daily communication: school marquee, social media, Schoology announcements, Coffee with the Administrator, Cookies with the Counselor, school website, Grad Check with Counselors, daily Period 2 announcements, Monthly communication: Humanities Magnet Association meetings, PTSA meetings, School Site Council meetings, Cleveland Governance Council meetings. Periodic communication: AOAT and Global Media Studies informational meetings, Parenting classes through the Parent Center, School Experience Survey, IEP meetings, College Night, FAFSA completion meetings. Our parents and community members gave valuable insight into the functioning of the school. They are members of our Governance Council, Site Council, the PTSA, and the Magnet Parents Association. The recommendations they offered informed the school about developments around campus and advised on where allocated funds should be invested.

The Cleveland Governance Council (CGC) functions as both the governing body and local school site council. The CGC hold monthly public meetings, as needed, from August through May. “Public Comment” is always included on the CGC’s agenda and members and non-members can speak to the council about matters of concern to them and the Charter School.

Cleveland’s SSC is composed of 12 members including the principal, four classroom teachers, one out-of-classroom employee, three parents, and three students. Through the School Site Council (SSC), stakeholders are responsible for overseeing categorical budgets and programs including Title I and Title I Parent Budget. The SSC reviews, revises, and approves the School Plan for Student Achievement (SPSA), which allocates funding for professional development, staffing, intervention, supplemental instructional materials, and technology. Overall, the usage of these funds, directly and indirectly, supports academic standards assessed on the California Dashboard based on data-driven instructional decisions designed to enhance all students’ learning.

The English Learner Advisory Council (ELAC) advises the SSC on decisions affecting students in the ELD program.

Prior to their first year at Cleveland, incoming ninth grade students and their parents are invited to our August Orientation to meet with the administrators, Title I Coordinator, TSP Adviser, college and career advisers, academic counselors, and academic and career pathway coordinators. Parents learn about the resources available, about different ways to become involved, and about the academic and behavioral standards we hold for students.

Throughout the year, we hold Back-to-School Night, fall and spring Predominantly Hispanic, Black, or Other Non-Anglo (PHBAO) conferences, and Open House. Back-to-

School Night affords parents the opportunity to meet with their children's teachers to go over course expectations; parent conferences and Open House provide occasions to discuss one-on-one issues concerning student performance.

Title I and GATE parent meetings are held to offer targeted support to these specialized populations.

Moreover, three progress reports and one final report card are issued each semester to keep parents abreast of student progress. Counselors, parents, or students may also initiate weekly progress and attendance reports to monitor student performance on a regular basis.

Furthermore, teachers communicate with parents about the academic and behavioral progress of students via course syllabi, email, and phone calls. Our automated School Messenger and Finalsite Connect Message phone systems keep parents informed of events on campus.

Parents may log into LAUSD Parent Passport Portal (online or via the LAUSD App) to access their children's school data. They can also interact with teachers through the Schoology Learning Management System and access their children's class assignments, course expectations, and grades.

The school website provides current events, bell schedules, calendar updates, school newspaper, athletic schedules, faculty pages, student handbook, and information about support services.

Through the Parent Center's monthly calendar, parents receive information on workshops available to them, including English language development, healthy living, and computer skills. Through the Parent Education Bridge for Student Achievement Foundation, we offer English classes and technology skills courses. The community representative organizes various workshops to expand parental knowledge about teen-related issues and offers information on various ways that parents can become involved in their child's education. Information on community resources to assist parents is also available.

Throughout the year, Cleveland hosts "Coffee with the Administrators" and "Cookies with the Counselors," which provide opportunities for parents to share their concerns and ask questions. It also offers the school leadership and counseling staff forums to disseminate information to parents about school programs and initiatives, policies, and procedures.

Various parent associations also meet regularly to discuss student academic and personal success. The English Learner Advisory Committee (ELAC) and PTSA each has an administrator or designee who attends the meetings to ensure that parents are kept informed about what takes place at Cleveland and to provide an opportunity for parents to share their concerns. The PTSA provides parents an opportunity to share their concerns and have them addressed. The organization also offers teachers a way to work

with parents to ensure that other supplemental needs of students are subsidized when categorical funds cannot be used.

The Cleveland Humanities Magnet Parent Association and Global Media Studies Booster offer round table discussions for parents to address specific concerns and student needs within the instructional programs. Friends of Cleveland serves as an umbrella booster club to fundraise for various student body athletic teams and co-curricular programs.

Implementation of various academic and career pathways has furthered the involvement of parents and community members. Parents have opportunities to meet with the academic and career pathway counselors at least twice a year to review the personalized learning plan for each student that outlines the graduation and a-g requirements. Counselors are also available throughout the year to discuss individual concerns as they arise.

Specific academic and career pathway activities include:

- End-of-year student recognition nights
- Community building activities and luncheons
- Parent nights
- Student-parent conferences

In addition to sending home the course syllabi and calling home to discuss student's progress, many teachers assign projects that encourage parent participation:

- In some English classes, students create portfolios and parents critique the works in the form of literary reviews that are then included in the compilation.
- Several science classes send home parent surveys to establish a dialogue about scientific concepts and theories.
- In world languages classes, students create family trees, deliver family album PowerPoint presentations, and record interviews with relatives in the target language.
- Some history students interview family members for oral history projects.
- Cheerleaders engage in reciprocal teaching by coaching their parents and teachers, who then perform at the Homecoming football game and end-of-year Celebration recital.
- Drama students recruit parents to assist with theatrical production activities.
- At school athletic events, parents assist by staffing the snack bar and preparing meals for players before games. They also organize on and off-campus fundraisers.

Additionally, we have made efforts to improve parental engagement:

- Cleveland continues using various online tools to make enrollment and support services more flexible for parents.
- We host 818 Lunch Market, La Plaza, Earth Fest, The Cleveland Cookout, Black Student Excellence Summit, and Emergent Bilingual Achievement Program Forum to celebrate and support the diversity on campus and to provide opportunities for family engagement.

RESPONDING TO INQUIRIES

Charter School shall promptly respond to all District inquiries, including but not limited to inquiries regarding financial records, and shall cooperate with the District regarding any inquiries. Charter School acknowledges that it is subject to audit by LAUSD, including, without limitation, audit by the District Office of the Inspector General.

If an allegation or other evidence of waste, fraud, abuse, or other material violation of law related to Charter School's operations, or breach of the Charter, is received or discovered by the District, Charter School shall cooperate with any resulting inquiry and/or investigation undertaken by the District and/or the Office of the Inspector General Investigations Unit.

NOTIFICATION OF THE DISTRICT

Charter School shall provide the appropriate Region and the Charter Schools Division with copies of all collective bargaining waivers and/or exemptions within 10 days of the execution date of the waiver/exemption.

Charter School shall notify the appropriate Region and the Charter Schools Division in writing of any citations or notices of workplace hazards, investigations by outside regulatory or investigative agencies, lawsuits, or other formal complaints or notices, within one week of receipt of such notices by Charter School. Charter School shall also notify the appropriate Region in writing of any internal investigations within one week of commencing investigation. Charter School shall notify the appropriate District office(s) and Region immediately of any dire emergency or serious threat to the health and safety of students or staff.

STUDENT RECORDS

Charter School shall comply with and implement all District policies and procedures related to the creation, use, maintenance, storage, and transfer of student records.

When a student transfers for any reason from Charter School to any other school district, Charter School shall notify the superintendent of the school district of the student's last known address within 30 days, and shall, within 10 school days of receiving a records request, provide that school district with a copy of the student's cumulative record, including a transcript of grades or report card and health information. Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records.

PARENT ENGAGEMENT

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of their child's admission, continued enrollment, attendance, or participation in the school's educational

activities, or otherwise discriminate against a student in any manner because their parent/guardian cannot, has not, or will not provide volunteer service to Charter School. The Charter School may encourage parental/guardian involvement, but shall notify the parents and guardians of applicant students and currently enrolled students that parental/guardian involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Education Code section 47605(n).)

FEDERAL PROGRAM COMPLIANCE

As a District Affiliated Charter School, Charter School shall comply with and implement all applicable District policies and procedures related to the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) and other applicable federal programs.

ELEMENT 5 – EMPLOYEE QUALIFICATIONS

“The qualifications to be met by individuals to be employed by the charter school.” (Ed. Code § 47605(b)(5)(E).)

EQUAL EMPLOYMENT OPPORTUNITY

Charter School acknowledges and agrees that all persons are entitled to equal employment opportunity in accordance with all applicable legal and District requirements. Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

STAFFING

Charter School shall comply with and implement all applicable state and federal laws and regulations, District policies, and LAUSD collective bargaining agreements related to staffing, credentialing, and assignment of teachers to grade levels, department, subjects, and classes. Charter School shall be subject to all District decisions regarding reduction in force, mandated furloughs, layoffs, and any other District decisions related to salaries, classifications, qualifications, and assignments. Unless the District has assigned all employees in a classification to a specific basis, Charter School will have autonomy in assigning positions to specific working bases.

Selection of the principal shall remain the purview of the LAUSD Superintendent or designee.

Certificated Personnel

Charter School shall comply with federal and state laws and regulations, District policies and procedures, and applicable collective bargaining agreements in the selection and assignment of certificated staff. Charter School will have the autonomy to interview and select teachers and school-funded support staff from District-approved lists of eligible candidates as determined by the LAUSD Human Resources Division, which may be limited to Priority Placement Lists (displaced teachers) and Rehire Lists depending on current hiring conditions in each subject area. While every effort will be made to avoid assigning a certificated employee to any Charter School campus, the District retains the right to make such assignments in cases in which no other alternative is available or when an administrative transfer is necessary as determined by the Region administrator (e.g., in order to provide reasonable accommodation in compliance with the Americans with Disabilities Act).

Classified Personnel

Charter School shall comply with applicable federal and state laws and regulations, including but not limited to the merit system provisions of the Education Code, Personnel Commission Rules, and applicable collective bargaining agreements in the selection and assignment of classified staff. Unless valid reemployment lists exist, Charter School will have the autonomy, when selecting classified employees for regular assignment, to select from the top three eligible candidates on current valid eligibility lists promulgated by the Personnel Commission.

ELEMENT 6 – HEALTH AND SAFETY PROCEDURES

“The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish it with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (K), inclusive, of paragraph (2) of subdivision (a) of Section 32282. For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (L) of paragraph (2) of subdivision (a) of Section 32282.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.” (Ed. Code § 47605(c)(5)(F).)

GENERAL PROVISIONS

Charter School shall comply with all federal, state, county, and local laws and regulations, and District policies and procedures, related to health, safety, and emergency response and preparedness, as they may be changed from time. Charter School shall comply with and implement all District policies and procedures related to protecting the health and safety of students and staff, including but not limited to policies and procedures related to child abuse and neglect reporting and awareness training, and allegations of employee-to-student sexual abuse.

HEALTH, SAFETY AND EMERGENCY PREPAREDNESS PLAN

As a District Affiliated Charter School, Charter School shall comply with and implement all District policies and procedures related to health, safety, and emergency response and preparedness, including but not limited to the required creation, maintenance, and implementation of an Integrated Safe School Plan. Charter School shall ensure that its staff receives annual training on Charter School’s health, safety, and emergency procedures, and shall maintain a calendar for, and conduct, emergency response drills for students and staff in accordance with District policies and procedures. Emergency Preparedness Plans should include considerations and planning for students with special needs, including but not limited to those with medical, physical, communication, and/or intellectual disabilities. Charter School shall periodically review, and modify as necessary, its Health, Safety and Emergency Preparedness Plan (Integrated Safe School Plan) and keep it readily available for on-site use. Charter School shall provide a copy of the Health, Safety, and Emergency Preparedness Plan for review upon CSD request.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Charter School, including its administrators, other staff, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq., as well as applicable District policy, at all times

CRIMINAL BACKGROUND CLEARANCES AND FINGERPRINTING

As a District Affiliated Charter School, in order to protect and promote the health and safety of students and staff, Charter School, including its staff, contractors (vendors), and volunteers, shall adhere to state laws and the policies and procedures of the District related to fingerprinting and criminal background clearances.

IMMUNIZATION AND HEALTH SCREENING REQUIREMENTS

As a District Affiliated Charter School, in order to guarantee the health and safety of students and staff, Charter School shall ensure that all staff, vendor/contracting entity employee who may have frequent or prolonged contact with students, and volunteers adhere to the policies and procedures of the District related to tuberculosis risk assessment, examination and clearance. Charter School shall comply with and implement all District policies and procedures related to the immunization and health screening of its students, including but not limited to the immunization of students as a condition of attendance and screening, as applicable. Charter School will ensure that students with individualized education programs (“IEPs”) will continue to access their IEP special education program and related services, regardless of vaccination status. Charter School shall create, use, maintain, store, transfer, and dispose of student health records in accordance with District policies and procedures.

SAFE PLACE TO LEARN ACT

Charter School shall comply with all applicable requirements of the Safe Place to Learn Act. Education Code section 234 *et seq.* and related District policies and procedures.

SUICIDE PREVENTION

As a District Affiliated Charter School, Charter School shall comply with all applicable District policies and procedures related to suicide prevention and the requirements of Education Code section 215.

ELEMENT 7 – MEANS TO ACHIEVE RACIAL AND ETHNIC, SPECIAL EDUCATION, AND ENGLISH LEARNERS, INCLUDING REDESIGNATED FLUENT ENGLISH PROFICIENT PUPILS BALANCE

“The means by which the school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.” (Ed. Code § 47605(c)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the *Crawford v. Board of Education, City of Los Angeles* court order and the LAUSD Integration Policy adopted and maintained pursuant to the *Crawford* court order by the District’s Student Integration Services (collectively the “Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School shall take all reasonable steps to attract and maintain a racially integrated student body in a manner consistent with the Court-ordered Integration Program, applicable law, and District policy. Any provision of Integration Program resources to Charter School (e.g., Magnet, Permits with Transportation, and/or Transportation resources) is subject to change, in whole or in part, for budgetary and/or other reasons, at the sole discretion of the District.

ELEMENT 8 – ADMISSION POLICIES AND PROCEDURES

“Admission policies and procedures, consistent with subdivision (e).” (Ed. Code § 47605(c)(5)(H).)

GENERAL PROVISIONS

Charter School shall admit all students who wish to attend the school. (Ed. Code § 47605(e)(2)(A).) As an existing District school that has converted to become a District Affiliated Charter School, Charter School’s first priority is to admit students who reside in the former attendance area (boundary) of the school. (See Ed. Code § 47605(e)(1).) If the number of students who wish to attend Charter School exceeds its operational capacity, as determined annually by the District, Charter School shall conduct a public random drawing/lottery. (Ed. Code § 47605(e)(2)(B).) Charter School’s existing students (regardless of residence or any other factor) shall be exempt from the lottery. Prospective students who reside within the former attendance area (boundaries) of Charter School (“resident students”) shall have first priority admission preference at all times and are thus deemed exempt from the lottery as well. (See Ed. Code § 47605(e).)

If, at any time during the school year, the total enrollment of Charter School approaches its operational capacity and Charter School appears potentially unable to enroll new students who reside within the former attendance area (boundary) of Charter School, Charter School shall immediately consult and coordinate with its Region administration as well as the District’s School Management Services and Student Integration Services, to manage its enrollment so that Charter School remains in compliance with all applicable laws and legal obligations (e.g., *Crawford v. LAUSD*) and that, to the maximum extent possible, Charter School is and remains able to enroll, at all times throughout the year, any and all students who reside within Charter School’s former attendance boundary who wish to attend.

If Charter School determines, in accordance with applicable law and District policies and procedures, that any student/parent/guardian used fraudulent address information to establish resident status within Charter School’s former attendance boundary to gain enrollment prior to the school’s conversion to a District Affiliated Charter School, or to gain enrollment through an admission preference in Charter School’s lottery and enrollment process, the student may be withdrawn and referred back to their school of residence in accordance with District policy and applicable law. If, at that time or any time subsequent, the student seeks re-enrollment in Charter School, Charter School shall make its admissions determination in compliance with applicable law, District policy, and the terms of this Charter.

Student Recruitment

Cleveland Charter High School is committed to recruiting and supporting students with a history of low academic performance, socioeconomically disadvantaged students, and students with disabilities. To reach these populations, Cleveland will distribute flyers to all feeder middle schools within the North District, advertise its admission lottery on the

school website and social media, participate in recruitment fairs, and attend Region North public events such as the STEAM Fest and host events for the community such as Science Night, and Jazz Night. Additionally, Cleveland will host tours of the campus to provide prospective families with an opportunity to learn more about the school. Middle schools will also be invited to bring their students during the school day to enjoy performances by our various academic and performing arts programs, showcasing the unique opportunities and excellence these programs offer.

Cleveland adheres to the admissions/lottery practices set by the District. All students outside the Charter School's traditional attendance boundary or who have opted out of Cleveland as the school of residence through Zone of Choice, must apply online via E-choices through the District's Unified Enrollment Process for Affiliated Charters. Students residing in Cleveland's attendance area receive automatic admissions, unless they have opted out through the Zone of Choice application process. Students living in Cleveland's attendance area but who attend private schools or independent charters will need to complete an enrollment packet only and do not need to apply for the lottery. Students applying to any magnet programs at Cleveland must do so through the District's magnet enrollment process. We opted not to have a District-sponsored School for Advanced Studies program and thus there is no separate application process.

If the number of charter school applications exceeds spaces available, a lottery will be held in-person and, when needed, virtually. Families do NOT need to be present at the lottery. Families will be contacted through the District's Unified Enrollment process with lottery results. Acceptance letters will be emailed to families. If families do not confirm a child's acceptance by the established deadline, the offer of acceptance will be rescinded. A waiting list will be established and posted on the Attendance Office window, if necessary. As openings become available, families will be contacted from the waiting list. Late entries will be placed on the waiting list in the order in which they were received.

Application Procedures

Resident Boundary Students

Resident attendance boundary students go directly to the school main office to enroll. Prospective students who reside within the former attendance area (boundaries¹) of Charter School ("resident students") shall have **first** admission preference and thus are deemed exempt from the lottery.

¹ For all District Affiliated Charter Schools, which are conversion charter schools, the term "former attendance area (boundaries)" includes those sending areas designated under the District's Permits with Transportation (PWT) and Capacity Adjustment Program (CAP) programs.

Non-Resident Boundary Students

The Charter School will follow LAUSD's Choices process and deadlines for non-resident applicants. If there is more interest than the number of spaces available, a random public lottery will be conducted for non-resident boundary students as described below.

Charter School's non-resident lottery applications will be made available each year through the On-Time LAUSD Choices Process (Choices Brochure & Application and GoTo.LAUSD.Net). The six week On-Time application window spans the first week in October through the first week in November. Multiple birth applicants (e.g., twins, triplets) must reside at the same address and apply to the same program in the same year in order to be placed consecutively in the selection process.

Lottery Preferences and Procedures

In conducting its admissions lottery, Charter School shall provide the following admission preferences, in the stated order of priority:

- **LAUSD Students**

- Siblings

Prospective students who (a) are siblings of students enrolled in grades 9-11 at Charter School at the time of the lottery and (b) reside within LAUSD boundaries, but not within the former attendance area (boundaries) of Charter School, shall have **second** admission preference.

- Other LAUSD Students

All other prospective students who reside within LAUSD boundaries, but not within the former attendance area (boundaries) of Charter School, shall have **third** admission preference.

- **California Students**

- Siblings

Prospective students who (a) are siblings of students enrolled in grades 9-11 at Charter School at the time of the lottery and (b) reside in the State of California but not within LAUSD boundaries, shall have **fourth** admissions preference.

- Other California Students

Prospective students who reside in the State of California, but not within LAUSD boundaries shall have fifth admissions preference.

Students who participate in the lottery but are not selected for admission during the lottery shall be placed on a waitlist in the same priority order as above. As seats become available, Charter School shall fill the seats from the waitlist. This waitlist shall be effective until the end of the programmatic year to which it pertains.

During the month of February, after receiving the list of interested applicants from the Choices Program, the Charter School shall conduct its public random drawing (lottery) for non-resident boundary students only, if applicable. Information regarding the date and

procedures of the lottery shall be posted on Charter School's website (i.e., at least two weeks prior to the lottery) and made readily available in the main office.

Charter School shall hold its lottery in the school library or equivalent alternative space on campus. Affiliated Charters, as aligned to District guidance, may opt to include a virtual option for families at the same time and/or in addition to the in-person lottery. Any interested party or member of the public may attend, but attendance is not required to participate in the lottery. At the designated place, date, and time of the lottery, a drawing will take place. Only those that applied through the LAUSD Choices/Unified Enrollment on-time deadline will be included in the lottery at this time.

Parent/guardians of applicants being offered admission through the lottery will be notified in writing by email or mail, depending on method of application submission, in accordance with the Choices notification timelines and will accept the offered seat in accordance with the Choices timelines. Parent/guardians of student applicants who are placed on the waitlist resulting from the lottery may call or visit the school to find out their child's priority number on the waitlist. Parent/guardians of student applicants on the waitlist who are offered admission at any time subsequent to the lottery will receive notification by telephone call and will have to contact the parent/guardian a minimum of three times to accept the offered seat.

Non-resident boundary students who apply for admission after the On-Time application window will be added to the bottom of the waitlist in the order in which their applications are received. Choices Late Applications are processed on a first come, first-served basis beginning February 1st through norm day of the following school year. The school is responsible for contacting waitlisted and late applicants.

SCHOOLS FOR ADVANCED STUDIES (SAS) PROGRAM

If Charter School offers an SAS Program, it shall not consider any student's eligibility or interest in the program in determining admission to Charter School. Once a student has been admitted/enrolled in Charter School, Charter School may accept and process an application from the student per SAS Program participation guidelines.

MAGNET PROGRAM

If an affiliated charter school is a full magnet or has a District-approved Magnet Center, selection to the Magnet Program (school or center) shall be determined in accordance with the rules and procedures established by District's Student Integration Services.

Students enrolled in the magnet program may take part in all programs and activities available to students at the Affiliated Charter school where they are enrolled.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and Regional Center meetings, that notifies parents/guardians that Charter School is open to enroll and provide services for all students. Charter School shall comply with all applicable federal and state laws and related District policies and procedures regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time.

NON-DISCRIMINATION

Charter School shall not require a parent/guardian/student to provide information regarding a student's disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, immigration status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences, if any, set forth in this Charter.

Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Charter School shall adhere to the District's policy consistent with the model policy developed by the California Attorney General addressing the Charter School's response to immigration enforcement, notify parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, prohibit the collection of information or documents regarding the immigration status of students or their family members, and fulfill other requirements of Education Code section 234.7.

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation (i.e., District application portal) of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

ELEMENT 9 – ANNUAL FINANCIAL AUDITS

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(c)(5)(l).)

As a District Affiliated Charter School, Charter School will not provide for a separate audit but will be included in the annual audit for LAUSD.

ELEMENT 10 – SUSPENSION AND EXPULSION PROCEDURES

“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(c)(5)(J).)

GENERAL PROVISIONS

As a District Affiliated Charter School, Charter School shall comply with and implement all District policies and procedures related to student discipline and behavior, suspension, and expulsion.

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent District policy. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall implement alternatives to suspension and expulsion, especially in response to attendance-related concerns, e.g., truancy or excessive tardiness.

Charter School acknowledges that the District’s Student Discipline and Expulsion Support Unit provides technical assistance to schools considering recommendations for expulsion, ensures that students recommended for expulsion are afforded a fair and impartial hearing and all other due process rights, and provides for post-expulsion placement/rehabilitation plans and services as required by law.

STUDENTS WITH DISABILITIES

Charter School shall implement District policies and procedures ensuring compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate alternative educational placement, to be determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows applicable disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973, and District policies and procedures. An IEP team will meet to conduct a manifestation determination and to discuss, if appropriate, alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a

Section 504 Plan, Charter School's administrator will convene a Section 504 Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student's disability?
- B. Was the misconduct a direct result of the Charter School's failure to implement the student's Section 504 plan?

NOTIFICATION OF STUDENT'S DISTRICT OF RESIDENCE

Upon the expulsion of any student, if the student is a resident of a school district other than LAUSD, Charter School must notify the Superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code sections 49068 (a) and (b). Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records.

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, in the District's Student Information System and shall make such outcome data readily available to the Charter Schools Division upon request.

READMISSION

Charter School shall comply with all District policies and procedures related to requests for readmission by students expelled from Charter School.

GUN-FREE SCHOOL ZONE ACT

Charter School shall comply with the Gun-Free School Zone Act and other applicable state and federal law.

ELEMENT 11 – EMPLOYEE RETIREMENT SYSTEMS

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(c)(5)(K).)

District employees working at or assigned to Charter School will continue to receive compensation and benefits for their services according to the provisions of the collective bargaining agreements of their respective bargaining units with LAUSD, inclusive of but not limited to provisions related to salaries, unemployment benefits, retirement systems and benefits (including CalSTRS and CalPERS), health insurance, life insurance, and all other assigned compensation and benefits.

As LAUSD employees, Charter School’s administrators, faculty and staff will receive all appropriate benefits in compliance with state and federal laws regarding employee benefits.

ELEMENT 12 – PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(c)(5)(L).)

Students of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in a Charter School, except to the extent that such a right is extended by the school district.

A student residing within the territorial boundaries of the District who chooses not to attend a Charter School may contact School Management Services and Demographics to seek assistance in enrolling in a District school in accordance with District policies and procedures. Alternatively, the student may pursue an inter-district transfer, if available, in accordance with admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time, or seek enrollment at another charter public school pursuant to applicable law and the terms of the school’s charter.

A student currently enrolled at Charter School who resides outside the territorial boundaries of the District and who chooses not to continue attending the Charter School may attend a public school within the student’s school district of residence in accordance with applicable law and that school district’s policies and procedures or seek enrollment at another charter public school pursuant to applicable law and the terms of that school’s charter.

ELEMENT 13 – RIGHTS OF DISTRICT EMPLOYEES

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(c)(5)(M).)

As a District Affiliated Charter School, all administrators, faculty, and staff of Charter School are and shall be LAUSD employees. All Charter School employees shall be hired by the District and maintain the same relationships with and through all respective bargaining units as other District employees at non-charter schools.

ELEMENT 14 – MANDATORY DISPUTE RESOLUTION

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(c)(5)(N).)

Charter School agrees to resolve any claim, controversy, or dispute (“Dispute”) arising out of or relating to the Charter, except for any claim, controversy or dispute that is in any way related to revocation of this Charter, pursuant to the terms of this Element 14.

Any Dispute between the District and Charter School shall be resolved by a collaborative team from the appropriate Region and the Charter Schools Division in accordance with the procedures set forth below:

- 1) Notification of any Dispute shall be made in writing (“Written Notification”). The Written Notification must identify the nature of the Dispute and any supporting facts. The Written Notification shall be tendered to the District by personal delivery, by facsimile, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon the date of delivery to the address of the person to receive such notice if delivered by 5:00 PM; otherwise, it is deemed received on the next business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail. All Written Notifications shall be addressed as follows:

To Charter School: Grover Cleveland Charter High School
c/o School Principal
8140 Vanalden Ave
Reseda, California 91335

To District: LAUSD
Attn: Director, Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

- 2) A written response (“Written Response”) shall be tendered to Charter School within twenty (20) business days from the date of receipt of the Written Notification. The parties shall schedule a conference at a mutually agreeable time and place to discuss

the Dispute identified in the Written Notice (“Issue Conference”). The Issue Conference shall take place within fifteen (15) business days from the date the Written Response is received by Charter School. The Written Response may be tendered by personal delivery, by facsimile, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon the date of delivery to the address of the person to receive such notice if delivered by 5:00 PM; otherwise, it is deemed received on the next business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail. 3

- 3) If the Dispute cannot be resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by the Superintendent or his/her designee.

ELEMENT 15 – CHARTER SCHOOL CLOSURE PROCEDURES

“The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. If the charter school leases or rents its facility from a related party or subsidiary, as identified in its audited financial statements according to generally accepted accounting principles in the United States, or owns its facility, the charter school shall include a statement describing its plans for the use of the facility in its final audit.” (Ed. Code § 47605(c)(5)(O).)

CLOSURE ACTION

In order to close Charter School, the LAUSD Board of Education must take a “Closure Action.” A Closure Action shall be deemed to have been automatically taken when any of the following occur: the LAUSD Board of Education revokes or denies renewal of the Charter; the LAUSD Board of Education takes specific Board action to close Charter School pursuant to the Board’s general authority and/or its unique authority as the legal governing board of Charter School pursuant to the Charter Schools Act of 1992; the Charter lapses; or the LAUSD Board of Education or its designee approves Charter School’s request to revert to a non-charter District school.

In the event of a Closure Action, unless the LAUSD Board of Education or its duly authorized designee expressly directs otherwise, Charter School shall revert to a District traditional school.

REVOCATION OF THE CHARTER

The Board of Education may revoke the Charter if Charter School commits a breach of any provision set forth in a District policy related to charter schools adopted by the District Board of Education and/or any provision of the Charter Schools Act of 1992, as it may be amended from time to time. The Board of Education may revoke the charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils, or otherwise takes specific Board action to close Charter School pursuant to the Board's general authority and/or its unique authority as the legal governing board of Charter School. Revocation proceedings are not subject to the dispute resolution clause set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

REQUEST FOR VOLUNTARY REVERSION TO NON-CHARTER SCHOOL STATUS

In the event that Charter School seeks to revert voluntarily to non-charter District school status, the Local School Leadership Council and/or the Governance Council, as indicated in Element 4, shall execute a resolution requesting approval from the LAUSD board. Charter School shall contact its assigned Charter Schools Division administrator, who will provide information and guidance regarding the applicable procedures for submitting and processing a request for voluntary reversion to non-charter school status. Students enrolled at the District Affiliated Charter School at the time of reversion, who reside outside of resident school area (boundaries), can apply for continuous enrollment through permits, as applicable.

CLOSURE PROCEDURES

In the event of a Closure Action, Charter School shall immediately act and operate in all matters as a traditional District school, unless otherwise directed by the LAUSD Board of eEducation or its duly authorized designee. If and to the extent that they are not already District property or rights, all assets of Charter School shall be automatically transferred to LAUSD. The District reserves the right to conduct a close out audit or other audit.

Charter School shall issue written notification of the school's closure as a District Affiliated Charter School, and reversion to a non-charter District school, to the parents/guardians/caregivers of all enrolled students of Charter School within 72 hours of a Closure Action. Such notification must include, but is not limited to, notice of the effective date of closure as a District Affiliated Charter School and information regarding student enrollment and/or transfer options as appropriate. Charter School shall simultaneously provide a copy of the written parent notification to the appropriate Region Superintendent and Charter School's assigned Charter Schools Division administrator.

If Charter School serves any students who reside outside District boundaries, Charter School shall notify, within 72 hours of a Closure Action, any school district that may be responsible for providing education services to the former students of Charter School. This notice must include a list of students potentially returning to that district based on student residence. Charter School shall simultaneously provide a copy of these notifications, if any, to the Charter Schools Division. Charter School shall comply with and implement all District policies and procedures and terms of this Charter relating to the transfer of student records.

This Element 15 shall survive the revocation, expiration, termination, or cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation.

ADDITIONAL PROVISIONS

FACILITIES

Charter School's school site remains subject to use by the District and possible space allocation under Proposition 39 and implementing regulations. Charter School shall comply with all applicable federal and state laws and regulations, and District policies and procedures, regarding facilities.

FISCAL MATTERS

As a District Affiliated Charter School, Charter School's fiscal operations will be supervised by LAUSD. Charter School shall adhere to all applicable District fiscal policies and procedures, including but not limited to policies and procedures related to budgeting, procurement, third party contracts, student body funds, student store, donations, fundraising, payroll, imprest funds, and payment approval for goods and services.

LOCAL CONTROL AND ACCOUNTABILITY PLAN

In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a "listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)" of section 47606.5(a). These

expenditures shall be “classified using the California School Accounting Manual pursuant to Section 41010.” (Ed. Code § 47606.5(b).)

ADDENDUM

ASSURANCES, AFFIRMATIONS, AND DECLARATIONS

Grover Cleveland Charter High School (also referred to herein as “[Cleveland High School” and “CHS,” “District Affiliated Charter School” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(e)(1).)
- Not charge tuition. (Ed. Code § 47605(e)(1).)
- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, in any program or activity conducted by an educational institution that receives, or benefits from, state financial assistance, or enrolls pupils who receive state student financial aid.. (Ed. Code § 47605(e)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of the pupil’s parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)
- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory

parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)

- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)
- Consult, on a regular basis, with Charter School's parents, legal guardians, and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that the Los Angeles Unified School District is and shall be the exclusive public school employer of the employees working at or assigned to Charter School for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code.

NOTE: This Charter contains specific "Federal, State and District Required Language" (FSDRL), including the *Assurances, Affirmations, and Declarations* section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

Local Control Funding Formula (LCFF) Requirements

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) in accordance with District policies and procedures, as they may be amended from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(d).)

Curriculum and Instruction

Charter School shall have autonomy in their instructional programs and choice of curricular materials pursuant to District policy and consistent with the requirements of section 60000, et seq. of the Education Code, the *Williams* settlement, and aligned with California content and performance standards, including the Common Core State Standards, and CAASPP.

Transitional Kindergarten

Charter School shall comply with all applicable requirements and District policy regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School’s admissions, enrollment, and lottery.

Academic Calendar and Schedules

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, Title 5, section 11960. Charter School shall comply with all applicable District policies and procedures and provisions of LAUSD collective bargaining agreements (CBAs), as they may change from time to time, including but not limited to provisions related to work year, academic calendars, and schedules.

Mathematics Placement Act

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

WASC Accreditation

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

PROFESSIONAL DEVELOPMENT

As a District affiliated charter school, Charter School shall comply with and implement required District policies and procedures related to staff professional development.

English Learners

As a District affiliated charter school, Charter School shall implement the provisions of the District's *Master Plan for English Learners and Standard English Learners*, as it may change from time to time, and comply with all applicable federal and state laws and District policies and procedures related to the implementation of the *Master Plan for English Learners and Standard English Learners*

Gifted and Talented Students and Students Achieving Above Grade Level

Charter School shall continue to use LAUSD's Gifted and Talented Education (GATE) student identification process, adhere to District policies and procedures regarding GATE, and reimburse the District for GATE testing and processing on a fee-for-service basis

Students with Disabilities

Special Education

The District shall continue to serve the needs of students with disabilities enrolled in District affiliated charter schools in the same manner as at any other public school of the District and shall be responsible for adhering to the provisions of the IDEA, California special education laws and regulations, and District policies and procedures for special education to ensure that all students with disabilities are accorded a free appropriate public education ("FAPE") as is required of all District authorized schools.

Conversion Affiliated Charter

1. District Affiliated Charter School's Special Education Responsibilities

a. General Requirements

The District Affiliated Charter School will adhere to the provisions of the IDEA and California special education laws and regulations to ensure that all students with disabilities are accorded a free appropriate public education ("FAPE") as is required of all District authorized schools. The District Affiliated Charter School will also ensure that no student otherwise eligible to enroll in the District Affiliated Charter School will be denied enrollment, or be required to waive their right to

enrollment and/or continued attendance in a settlement agreement, on the basis of their special education status.

The District Affiliated Charter School will comply with Sections 504 and 508 of the Federal Rehabilitation Act of 1973, the Americans with Disabilities Act, and all Office of Civil Rights mandates for students enrolled in the District Affiliated Charter School.

The District Affiliated Charter School will use District forms to develop, maintain, and review assessments and Individualized Education Programs (“IEPs”) in the format required by the District and will enter accurate assessment and IEP data into the District’s designated data system (Welligent) in accordance with LAUSD policies and procedures. The District Affiliated Charter School will maintain copies of assessments and IEP materials for District review and submit to the District all required reports.

The District Affiliated Charter School shall keep daily attendance for each student which shall be reported and certified according to District policies and procedures.

The District Affiliated Charter School will participate in the state quality assurance process for special education (i.e., verification reviews, coordinated compliance self-reviews, complaints monitoring, procedural safeguards, and the local plan). The District Affiliated Charter School will participate in internal validation review (“DVR”).

The District Affiliated Charter School is responsible for the management of its personnel, programs, and services. All employees shall be hired by the District and maintain the same relationships with and through all respective bargaining units as other District employees at non-charter schools. The District Affiliated Charter School will implement the programs and services, including providing related services, required by the IEPs of the students enrolled at the District Affiliated Charter School.

b. Transferring Students

For students transferring to the District Affiliated Charter School from other school districts, District-operated schools or District authorized charters, the District will provide those related services required by the students’ IEPs immediately upon the students’ enrollment regardless of the types of service provider (i.e., school-based, NPA, or private). District Affiliated Charter School will ensure that IEP team meetings for such students will be held within thirty (30) days of the student’s enrollment in accordance with federal and state law and District policies and procedures.

c. Assessments

Unless circumstances indicate otherwise, the referral process shall include Student Support and Progress Team (SSPT) meetings to review prior interventions, accommodations, and modifications and to recommend further interventions as appropriate. The referral process shall be supported by the Response to Intervention (RtI) model approach using data to identify student strengths and weaknesses. Upon review of accumulated data, observation and review of records, the District Affiliated Charter School may determine that assessment is necessary to determine possible eligibility for special education programs and related services.

Upon a teacher or other staff member's request for assessment, the District Affiliated Charter School shall develop an assessment plan in Welligent for each student with suspected disabilities within the 15 day timeline.

Upon a parent/guardian's request for assessment, the District Affiliated Charter School will either (1) develop an assessment plan in Welligent for each student with suspected disabilities within the 15 day timeline; or (2) within 15 days convene an SSPT meeting to review and discuss the request in light of student records, acquired data and student performance. If at the end of the SSPT meeting parent/guardian agrees to waive the request for assessment, the District Affiliated Charter School shall document the agreement in writing and may attempt general education interventions through the SSPT process. If the parent/guardian does not agree to waive the request for assessment, then the District Affiliated Charter School shall develop an assessment plan in Welligent for each student with suspected disabilities within the 15 day timeline.

The LAUSD assessment plan describes the types of assessments that may be used to determine the eligibility of students for special education instruction and services. Assessments will be conducted, within legal timelines, after receiving the parents' written consent. The District Affiliated Charter School shall conduct an IEP team meeting that includes required team members within mandated timelines for each student assessed to discuss results, determine eligibility, and (if eligible) specify special education instruction and services. The District Affiliated Charter School will make decisions regarding eligibility, goals, program, placement, and exit from special education through the IEP process according to federal, state and District timelines.

d. Alternative Placements

Under limited circumstances when a District Affiliated Charter School student's needs may not be provided at the District Affiliated Charter School, the District Affiliated Charter School will consult with the District to discuss placement and service alternatives. The IEP team convened at the District Affiliated Charter School shall have the authority to make offers of a FAPE and decisions regarding the staffing and methodology used to provide special education and related services at the District Affiliated Charter School pursuant to an IEP.

e. Least Restrictive Environment

The District Affiliated Charter School will support movement of students with disabilities into less restrictive environments and increase interactions of students with disabilities with non-disabled students. The District Affiliated Charter School general program of instruction for students with disabilities shall be responsive to the required sequence of courses and related curricular activities provided for all students in the District Affiliated Charter School. Assessment and standardized testing procedures shall be implemented, including guidelines for modifications and adaptations, to monitor student progress.

f. Inclusion

The Charter is committed to achieving population balance that includes students with disabilities. The Charter will conduct outreach activities to attract and enroll a range of mild to severe special education students that is diverse and comparable with resident schools with similar demographics. The District Affiliated Charter School's outreach efforts should be geared toward aligning with the District-wide average. The District Affiliated Charter School may not refuse to admit a student based on special education eligibility, needs or services identified in the student's IEP and may not refuse or require waiver of enrollment rights based on a student's eligibility for special education. The District will make available to the District Affiliated Charter School reports indicating range of services and number of students served at individual District affiliated charter schools.

g. Staffing Requirements

The District Affiliated Charter School shall participate in available appropriate District trainings to support access by students with disabilities to the general education classroom, general education curriculum, integration of instructional strategies and curriculum adaptations to address the diverse learner, and interaction with non-disabled peers.

The District Affiliated Charter School will maintain responsibility for monitoring progress towards meeting IEP goals. The District Affiliated Charter School will assess, develop, and implement Individual Transition Plans to help students with disabilities transition to adult living in accordance with District policies and procedures.

h. Student Discipline

The District Affiliated Charter School will ensure that it makes the necessary adjustments to comply with the mandates of state and federal laws, including the

IDEA regarding discipline of students with disabilities. Discipline procedures will include positive behavioral interventions and the District's Discipline Foundation Policy. Prior to recommending expulsion and/or prior to the eleventh day of cumulative suspension for a student with disabilities, the District Affiliated Charter School will convene a manifestation determination IEP as set forth in the District's Policies and Procedures Manual. The District Affiliated Charter School will collect data pertaining to the number of special education students suspended or expelled.

2. Procedural Safeguards/Due Process Hearings

The District on behalf of and/or in conjunction with the District Affiliated Charter School may invoke dispute resolution provisions set out in the charter petition, initiate due process hearings, and/or utilize other procedures applicable to the District Affiliated Charter School if the District determine that such action is legally necessary to ensure compliance with federal and state special education laws and regulations.

In the event that a parent or guardian of a student attending the District Affiliated Charter School initiates due process proceedings, the District will be named as respondent-s. Whenever possible, the District and the District Affiliated Charter School shall work together in an attempt to resolve the matter at an early stage (informal settlement or mediation).

3. Complaints

The District will investigate and respond to all special education complaints the District receives pertaining to the District Affiliated Charter School including the District's Uniform Complaint Procedures, Office for Civil Rights and California Department of Education Special Education Compliance. The District Affiliated Charter School will cooperate with the District in any such investigations and provide the District with any and all documentation that is needed to respond to complaints.

4. Funding of Special Education

The District Affiliated Charter School will adhere to all District policies and procedures regarding special education and special education funding, as they may be amended from time to time. The District shall retain all state and federal special education funding for District Affiliated Charter School students which is allocated to the SELPA. The District shall be responsible for providing all appropriate special education and related services in accordance with all applicable state and federal laws.

5. District Responsibilities Relating to District Affiliated Charter School Special Education Program

As long as charter schools operate as public schools within the District, the District shall provide information to the school regarding District special education decisions, policies,

and procedures to the same extent as they are provided to other schools within the District.

At its discretion, the District will make available training opportunities and/or information regarding special education to District Affiliated Charter Schools.

All District schools, including District affiliated charter schools, are required to implement the District's integrated student information system which is referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All District affiliated charter schools are required to utilize MiSiS.

STANDARDIZED TESTING

Charter School agrees to comply with and adhere to state requirements for participation and administration of all state mandated tests, including computer-based assessments. As a District affiliated charter school, Charter School shall test with the District and adhere to District testing calendars and procedures for all state mandated assessments. Charter School shall submit and maintain up-to-date and accurate school and student data in MiSiS, and other data systems used or required by the District, and otherwise ensure that Charter School reports complete, accurate, and up-to-date data for all purposes related to the California Longitudinal Pupil Achievement Data System (CALPADS) in accordance with District policies and procedures and the requirements of California Code of Regulations, title 5, section 861.

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§47605(d)(1), 60605.)

Charter School shall work toward aligning all applicable District goals, including but not limited to the school and student outcome goals set forth in the LAUSD's Local Control and Accountability Plan (LCAP) and Strategic Plan, as they may be amended, updated, and/or replaced by the District, throughout the term of the Charter.

Charter School shall comply with all applicable laws, regulations, and District policies and procedures related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

MEASURING PUPIL PROGRESS TOWARD OUTCOMES: FORMATIVE ASSESSMENT

As a District Affiliated Charter School, Charter School shall meet or exceed the District standards and guidelines for implementing diagnostic, screening, periodic and/or benchmark assessments. Charter School shall be responsible to pay all costs related to the implementation of any alternate and/or replacement diagnostic, screening, periodic and/or benchmark assessments.

Grading, Progress Reporting, and Promotion/Retention

As a District affiliated charter school, Charter School shall adhere to and implement District policies and procedures regarding grading, progress reporting, and promotion/retention.

GENERAL PROVISIONS

As a District Affiliated Charter School, Charter School is subject to the governance and control of the LAUSD Board of Education. Governance at the school site level shall be in accordance with the provisions of this Charter and shall be consistent with all applicable state, federal laws and regulations, District policies, and provisions of LAUSD collective bargaining agreements (CBAs). Adoption of any governance structure or model in conflict with the above shall be null and void unless the appropriate parties have agreed to a waiver or exemption. Absent agreed upon waivers between the District and UTLA, Charter School shall adhere to the requirements of Article XXVII of the LAUSD-UTLA CBA, as it may be amended from time to time, including but not limited to provisions related to Local School Leadership Council composition and responsibilities, and provisions regarding councils and committees (e.g., Title I School Site Councils).

Charter School shall adhere to and implement all applicable District policies and procedures for compliance with California open meetings laws (i.e., the Brown Act and the Greene Act, as applicable) and the California Public Records Act.

All staff and representatives of Charter School, including members of Charter School's Governing Council, members of school committees and other councils, and school administrators, shall comply with federal and state laws, nonprofit integrity standards, and LAUSD's charter school policies, regarding ethics and conflicts of interest.

Charter School shall ensure that, at all times throughout the term of the Charter, the bylaws of its Governing Council are and remain consistent with applicable laws, District policy, the provisions of LAUSD collective bargaining agreements (CBAs), any applicable District-UTLA waiver(s), and the provisions of this Charter.

The District reserves the right to appoint a non-voting single representative to Charter School's Governing Council.

LEGAL AND POLICY COMPLIANCE

Charter School shall comply with all applicable federal and state laws and local regulations, and District policies and procedures, as they may change from time to time.

In coordination and consultation with the District, Charter School shall comply with all applicable federal and state reporting requirements, including but not limited to the requirements of CBEDS, CALPADS, the Public Schools Accountability Act of 1999, and Education Code section 47604.33.

Charter School shall notify parents, guardians, and staff in writing within 72 hours of the issuance of a Notice of Violation, Notice of Intent to Revoke, Final Decision to Revoke, Notice of Non-Renewal, or equivalent notice, by the LAUSD Board of Education.

TITLE IX, SECTIONS 504 AND 508, AND UNIFORM COMPLAINT PROCEDURES

As a District affiliated charter school, Charter School shall comply with and implement all District policies and procedures related to its responsibilities under Title IX of the Education Amendments of 1972 (Title IX), Sections 504 and 508 of the Rehabilitation Act of 1973 (“Section 504” and “Section 508”), and the District’s Uniform Complaint Procedures.

As a District affiliated charter school, Charter School shall adhere to all applicable federal and state laws and regulations, and District policies and procedures, regarding pupil fees, including but not limited to procedures related to complaints filed pursuant to Education Code section 49013.

Charter School shall comply with the requirements of Education Code section 52075 and District policies and procedures regarding the filing of complaints related to certain provisions of the Local Control Funding Formula legislation.

RESPONDING TO INQUIRIES

Charter School shall promptly respond to all District inquiries, including but not limited to inquiries regarding financial records, and shall cooperate with the District regarding any inquiries. Charter School acknowledges that it is subject to audit by LAUSD, including, without limitation, audit by the District Office of the Inspector General.

If an allegation or other evidence of waste, fraud, abuse, or other material violation of law related to Charter School’s operations, or breach of the Charter, is received or discovered by the District, Charter School shall cooperate with any resulting inquiry and/or investigation undertaken by the District and/or the Office of the Inspector General Investigations Unit.

NOTIFICATION OF THE DISTRICT

Charter School shall provide the appropriate Region and the Charter Schools Division with copies of all collective bargaining waivers and/or exemptions within 10 days of the execution date of the waiver/exemption.

Charter School shall notify the appropriate Region and the Charter Schools Division in writing of any citations or notices of workplace hazards, investigations by outside regulatory or investigative agencies, lawsuits, or other formal complaints or notices, within one week of receipt of such notices by Charter School. Charter School shall also notify the appropriate Region in writing of any internal investigations within one week of commencing investigation. Charter School shall notify the appropriate District office(s) and Region immediately of any dire emergency or serious threat to the health and safety of students or staff.

STUDENT RECORDS

Charter School shall comply with and implement all District policies and procedures related to the creation, use, maintenance, storage, and transfer of student records.

When a student transfers for any reason from Charter School to any other school district, Charter School shall notify the superintendent of the school district of the student's last known address within 30 days, and shall, within 10 school days of receiving a records request, provide that school district with a copy of the student's cumulative record, including a transcript of grades or report card and health information. Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records.

PARENT ENGAGEMENT

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of their child's admission, continued enrollment, attendance, or participation in the school's educational activities, or otherwise discriminate against a student in any manner because their parent/guardian cannot, has not, or will not provide volunteer service to Charter School.

The Charter School may encourage parental/guardian involvement, but shall notify the parents and guardians of applicant students and currently enrolled students that parental/guardian involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Education Code section 47605(n).)

FEDERAL PROGRAM COMPLIANCE

As a District Affiliated Charter School, Charter School shall comply with and implement all applicable District policies and procedures related to the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) and other applicable federal programs.

ELEMENT 5 – EMPLOYEE QUALIFICATIONS

“The qualifications to be met by individuals to be employed by the charter school.” (Ed. Code § 47605(c)(5)(E).)

EQUAL EMPLOYMENT OPPORTUNITY

Charter School acknowledges and agrees that all persons are entitled to equal employment opportunity in accordance with all applicable legal and District requirements. Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

STAFFING

Charter School shall comply with and implement all applicable state and federal laws and regulations, District policies, and LAUSD collective bargaining agreements related to staffing, credentialing, and assignment of teachers to grade levels, department, subjects, and classes. Charter School shall be subject to all District decisions regarding reduction in force, mandated furloughs, layoffs, and any other District decisions related to salaries, classifications, qualifications, and assignments. Unless the District has assigned all employees in a classification to a specific basis, Charter School will have autonomy in assigning positions to specific working bases.

Selection of the principal shall remain the purview of the LAUSD Superintendent or designee.

Certificated Personnel

Charter School shall comply with federal and state laws and regulations, District policies and procedures, and applicable collective bargaining agreements in the selection and assignment of certificated staff. Charter School will have the autonomy to interview and select teachers and school-funded support staff from District-approved lists of eligible candidates as determined by the LAUSD Human Resources Division, which may be limited to Priority Placement Lists (displaced teachers) and Rehire Lists depending on current hiring conditions in each subject area. While every effort will be made to avoid assigning any certificated employee to any Charter School campus, the District retains the right to make such assignments in cases in which no other alternative is available or when an administrative transfer is necessary as determined by the Region administrator (e.g., in order to provide reasonable accommodation in compliance with the Americans with Disabilities Act).

Classified Personnel

Charter School shall comply with applicable federal and state laws and regulations, including but not limited to the merit system provisions of the Education Code, Personnel Commission Rules, and applicable collective bargaining agreements in the selection and assignment of classified staff. Unless valid reemployment lists exist, Charter School will have the autonomy, when selecting classified employees for regular assignment, to select from the top three eligible candidates on current valid eligibility lists promulgated by the Personnel Commission. Affiliated charters with staff selection autonomy will be provided with the ability to select classified staff in accordance with Personnel Commission Rules and statutory requirements.

ELEMENT 6 – HEALTH AND SAFETY PROCEDURES

“The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish it with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (K), inclusive, of paragraph (2) of subdivision (a) of Section 32282. For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (L) of paragraph (2) of subdivision (a) of Section 32282. (iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.” (Ed. Code § 47605(c)(5)(F).)

GENERAL PROVISIONS

Charter School shall comply with all federal, state, county, and local laws and regulations, and District policies and procedures, related to health, safety, and emergency response and preparedness, as they may be changed from time. Charter School shall comply with and implement all District policies and procedures related to protecting the health and safety of students and staff, including but not limited to policies and procedures related to child abuse and neglect reporting and awareness training, and allegations of employee-to-student sexual abuse.

HEALTH, SAFETY AND EMERGENCY PREPAREDNESS PLAN

As a District Affiliated Charter School, Charter School shall comply with and implement all District policies and procedures related to health, safety, and emergency response and preparedness, including but not limited to the required creation, maintenance, and implementation of an Integrated Safe School Plan. Charter School shall ensure that its staff receives annual training on Charter School's health, safety, and emergency procedures, and shall maintain a calendar for, and conduct, emergency response drills for students and staff in accordance with District policies and procedures.

Charter School shall periodically review, and modify as necessary, its Health, Safety and Emergency Preparedness Plan (Integrated Safe School Plan) and keep it readily available for on-site use. Charter School shall provide a copy of the Health, Safety, and Emergency Preparedness Plan for review upon CSD request.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Charter School, including its administrators, other staff, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq., as well as applicable District policy, at all times.

CRIMINAL BACKGROUND CLEARANCES AND FINGERPRINTING

As a District Affiliated Charter School, in order to protect and promote the health and safety of students and staff, Charter School, including its staff, contractors (vendors), and volunteers, shall adhere to the policies and procedures of the District related to fingerprinting and criminal background clearances.

IMMUNIZATION AND HEALTH SCREENING REQUIREMENTS

As a District Affiliated Charter School, in order to guarantee the health and safety of students and staff, Charter School shall ensure that all staff, vendor/contracting entity employee who may have frequent or prolonged contact with students, and volunteers adhere to the policies and procedures of the District related to tuberculosis risk assessment, examination and clearance. Charter School shall comply with and implement all District policies and procedures related to the immunization and health screening of its students, including but not limited to the immunization of students as a condition of attendance and screening for vision, hearing, and scoliosis. Charter School shall create, use, maintain, store, transfer, and dispose of student health records in accordance with District policies and procedures.

SAFE PLACE TO LEARN ACT

Charter School shall comply with all applicable requirements of the Safe Place to Learn Act. Education Code section 234 et seq. and related District policies and procedures.

SUICIDE PREVENTION

As a District Affiliated Charter School, Charter School shall comply with all applicable District policies and procedures related to suicide prevention and the requirements of AB 2246 (2016), codified in Education Code section 215.

ELEMENT 7 – MEANS TO ACHIEVE RACIAL AND ETHNIC, SPECIAL EDUCATION, AND ENGLISH LEARNERS, INCLUDING REDESIGNATED FLUENT ENGLISH PROFICIENT PUPILS BALANCE

“The means by which the school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.” (Ed. Code § 47605(c)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the Crawford v. Board of Education, City of Los Angeles court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District’s Student Integration Services (collectively the “Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School shall take all reasonable steps to attract and maintain a racially integrated student body in a manner consistent with the Court-ordered Integration Program, applicable law, and District policy. Any provision of Integration Program resources to Charter School (e.g., Magnet, Permits with Transportation, and/or Transportation resources) is subject to change, in whole or in part, for budgetary and/or other reasons, at the sole discretion of the District.

ELEMENT 8 – ADMISSION POLICIES AND PROCEDURES

“Admission policies and procedures, consistent with subdivision (e).” (Ed. Code § 47605(c)(5)(H).)

GENERAL PROVISIONS

Charter School shall admit all students who wish to attend the school. (Ed. Code § 47605(e)(2)(A).) As an existing District school that has converted to become a District Affiliated Charter School, Charter School’s first priority is to admit students who reside in the former attendance area (boundary) of the school. (See Ed. Code § 47605(e)(1).) If the number of students who wish to attend Charter School exceeds its operational capacity, as determined annually by the District, Charter School shall conduct a public random drawing/lottery. (Ed. Code § 47605(e)(2)(B).) Charter School’s existing students (regardless of residence or any other factor) shall be exempt from the lottery. Prospective students who reside within the former attendance area (boundaries) of Charter School (“resident students”) shall have first priority admission preference at all times and are thus deemed exempt from the lottery as well. (See Ed. Code § 47605(e).)

If, at any time during the school year, the total enrollment of Charter School approaches its operational capacity and Charter School appears potentially unable to enroll new students who reside within the former attendance area (boundary) of Charter School, Charter School shall immediately consult and coordinate with its Region administration as well as the District's School Management Services and Student Integration Services, to manage its enrollment so that Charter School remains in compliance with all applicable laws and legal obligations (e.g., Crawford v. LAUSD) and that, to the maximum extent possible, Charter School is and remains able to enroll, at all times throughout the year, any and all students who reside within Charter School's former attendance boundary who wish to attend.

If Charter School determines, in accordance with applicable law and District policies and procedures, that any student/parent/guardian used fraudulent address information to establish resident status within Charter School's former attendance boundary to gain enrollment prior to the school's conversion to a District Affiliated Charter School, or to gain enrollment through an admission preference in Charter School's lottery and enrollment process, the student may be withdrawn and referred back to their school of residence in accordance with District policy and applicable law. If, at that time or any time subsequent, the student seeks re-enrollment in Charter School, Charter School shall make its admissions determination in compliance with applicable law and the terms of this Charter.

Student Recruitment

Cleveland Charter High School is committed to recruiting and supporting students with a history of low academic performance, socioeconomically disadvantaged students, and students with disabilities. To reach these populations, Cleveland will distribute flyers to all feeder middle schools within the North District, advertise its admission lottery on the school website and social media, participate in recruitment fairs, and attend Region North public events such as the STEAM Fest and host events for the community such as Science Night, and Jazz Night. Additionally, Cleveland will host tours of the campus to provide prospective families with an opportunity to learn more about the school. Middle schools will also be invited to bring their students during the school day to enjoy performances by our various academic and performing arts programs, showcasing the unique opportunities and excellence these programs offer.

Cleveland adheres to the admissions/lottery practices set by the District. All students outside the Charter School's traditional attendance boundary or who have opted out of Cleveland as the school of residence through Zone of Choice, must apply online via E-choices through the District's Unified Enrollment Process for Affiliated Charters. Students residing in Cleveland's attendance area receive automatic admissions, unless they have opted out through the Zone of Choice application process. Students living in Cleveland's attendance area but who attend private schools or independent charters will need to complete an enrollment packet only and do not need to apply for the lottery. Students applying to any magnet programs at Cleveland must do so through the District's magnet

enrollment process. We opted not to have a District-sponsored School for Advanced Studies program and thus there is no separate application process.

If the number of charter school applications exceeds spaces available, a lottery will be held in-person and, when needed, virtually. Families do NOT need to be present at the lottery. Families will be contacted through the District's Unified Enrollment process with lottery results. Acceptance letters will be emailed to families. If families do not confirm a child's acceptance by the established deadline, the offer of acceptance will be rescinded. A waiting list will be established and posted on the Attendance Office window, if necessary. As openings become available, families will be contacted from the waiting list. Late entries will be placed on the waiting list in the order in which they were received.

Application Procedures

Resident Boundary Students

Resident attendance boundary students go directly to the school main office to enroll.

Prospective students who reside within the former attendance area (boundaries²) of Charter School ("resident students") shall have **first** admission preference and thus are deemed exempt from the lottery.

Non-Resident Boundary Students

The Charter School will follow LAUSD's Choices process and deadlines for non-resident applicants. If there is more interest than the number of spaces available, a random public lottery will be conducted for non-resident boundary students as described below. Charter School's non-resident lottery applications will be made available each year through the On-Time LAUSD Choices Process (Choices Brochure & Application and GoTo.LAUSD.Net). The six week On-Time application window spans the first week in October through the first week in November. Multiple birth applicants (e.g., twins, triplets) must reside at the same address and apply to the same program in the same year in order to be placed consecutively in the selection process.

Lottery Preferences and Procedures

In conducting its admissions lottery, Charter School shall provide the following admission preferences, in the stated order of priority:

- **LAUSD Students**

² For all District Affiliated Charter Schools, which are conversion charter schools, the term "former attendance area (boundaries)" includes those sending areas designated under the District's Permits with Transportation (PWT) and Capacity Adjustment Program (CAP) programs.

□ Siblings

Prospective students who (a) are siblings of students enrolled in grades 9-11 at Charter School at the time of the lottery and (b) reside within LAUSD boundaries, but not within the former attendance area (boundaries) of Charter School, shall have **second** admission preference.

□ Other LAUSD Students

All other prospective students who reside within LAUSD boundaries, but not within the former attendance area (boundaries) of Charter School, shall have **third** admission preference.

● **California Students**

□ Siblings

Prospective students who (a) are siblings of students enrolled in grades 9-11 at Charter School at the time of the lottery and (b) reside in the State of California but not within LAUSD boundaries, shall have **fourth** admissions preference.

□ Other California Students

Prospective students who reside in the State of California, but not within LAUSD boundaries shall have fifth admissions preference.

Students who participate in the lottery but are not selected for admission during the lottery shall be placed on a waitlist in the same priority order as above. As seats become available, Charter School shall fill the seats from the waitlist. This waitlist shall be effective until the end of the programmatic year to which it pertains.

During the month of February, after receiving the list of interested applicants from the Choices Program, the Charter School shall conduct its public random drawing (lottery) for non-resident boundary students only, if applicable. Information regarding the date and procedures of the lottery shall be posted on Charter School's website (i.e., at least two weeks prior to the lottery) and made readily available in the main office.

Charter School shall hold its lottery in the school library or equivalent alternative space on campus. Affiliated Charters, as aligned to District guidance, may opt to include a virtual option for families at the same time and/or in addition to the in-person lottery. Any interested party or member of the public may attend, but attendance is not required to participate in the lottery. At the designated place, date, and time of the lottery, a drawing will take place. Only those that applied through the LAUSD Choices/Unified Enrollment on-time deadline will be included in the lottery at this time.

Parent/guardians of applicants being offered admission through the lottery will be notified in writing by email or mail, depending on method of application submission, in accordance with the Choices notification timelines and will accept the offered seat in accordance with the Choices timelines. Parent/guardians of student applicants who are placed on the waitlist resulting from the lottery may call or visit the school to find out their child's priority number on the waitlist. Parent/guardians of student applicants on the waitlist who are offered admission at any time subsequent to the lottery will receive notification by telephone call and will have to contact the parent/guardian a minimum of three times to accept the offered seat.

Non-resident boundary students who apply for admission after the On-Time application window will be added to the bottom of the waitlist in the order in which their applications are received. Choices Late Applications are processed on a first come, first-served basis beginning February 1st through norm day of the following school year. The school is responsible for contacting waitlisted and late applicants.

SCHOOLS FOR ADVANCED STUDIES (SAS) PROGRAM

If Charter School offers an SAS Program, it shall not consider any student's eligibility or interest in the program in determining admission to Charter School. Once a student has been admitted/enrolled in Charter School, Charter School may accept and process an application from the student per SAS Program participation guidelines.

MAGNET PROGRAM

If an affiliated charter school is a full magnet or has a District-approved Magnet Center, selection to the Magnet Program (school or center) shall be determined in accordance with the rules and procedures established by District's Student Integration Services.

Students enrolled in the magnet program may take part in all programs and activities available to students at the Affiliated Charter school where they are enrolled.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its

outreach materials, websites, at community meetings, open forums, and Regional Center meetings, that notifies parents/guardians that Charter School is open to enroll and provide services for all students. Charter School shall comply with all applicable federal and state laws and related District policies and procedures regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time.

NON-DISCRIMINATION

Charter School shall not require a parent/guardian/student to provide information regarding a student's disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, immigration status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences, if any, set forth in this Charter.

Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Charter School shall adhere to the District's policy consistent with the model policy developed by the California Attorney General addressing the Charter School's response to immigration enforcement, notify parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, prohibit the collection of information or documents regarding the immigration status of students or their family members, and fulfill other requirements of Education Code section 234.7.

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation (i.e., District application portal) of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

ELEMENT 9 – ANNUAL FINANCIAL AUDITS

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(c)(5)(I).)

As a District Affiliated Charter School, Charter School will not provide for a separate audit but will be included in the annual audit for LAUSD.

ELEMENT 10 – SUSPENSION AND EXPULSION PROCEDURES

“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(c)(5)(J).)

GENERAL PROVISIONS

As a District Affiliated Charter School, Charter School shall comply with and implement all District policies and procedures related to student discipline and behavior, suspension, and expulsion.

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall implement alternatives to suspension and expulsion, especially in response to attendance-related concerns, e.g., truancy or excessive tardiness.

Charter School acknowledges that the District’s Student Discipline and Expulsion Support Unit provides technical assistance to schools considering recommendations for expulsion, ensures that students recommended for expulsion are afforded a fair and impartial hearing and all other due process rights, and provides for post-expulsion placement/rehabilitation plans and services as required by law.

STUDENTS WITH DISABILITIES

Charter School shall implement District policies and procedures ensuring compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an

appropriate interim alternative educational placement, to be determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973, and District policies and procedures. An IEP team will meet to conduct a manifestation determination and to discuss, if appropriate, alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Section 504 Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

NOTIFICATION OF STUDENT’S DISTRICT OF RESIDENCE

Upon the expulsion of any student, if the student is a resident of a school district other than LAUSD, Charter School must notify the Superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code sections 49068 (a) and (b). Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records.

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, in the District’s Student Information System and shall make such outcome data readily available to the Charter Schools Division upon request.

READMISSION

Charter School shall comply with all District policies and procedures related to requests for readmission by students expelled from Charter School.

GUN-FREE SCHOOL ZONE ACT

Charter School shall comply with the Gun-Free School Zone Act and other applicable state and federal law.

ELEMENT 11 – EMPLOYEE RETIREMENT SYSTEMS

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(c)(5)(K).)

District employees working at or assigned to Charter School will continue to receive compensation and benefits for their services according to the provisions of the collective bargaining agreements of their respective bargaining units with LAUSD, inclusive of but not limited to provisions related to salaries, unemployment benefits, retirement systems and benefits (including CalSTRS and CalPERS), health insurance, life insurance, and all other assigned compensation and benefits.

As LAUSD employees, Charter School’s administrators, faculty and staff will receive all appropriate benefits in compliance with state and federal laws regarding employee benefits.

ELEMENT 12 – PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(c)(5)(L).)

Students of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in a Charter School, except to the extent that such a right is extended by the school district.

A student residing within the territorial boundaries of the District who chooses not to attend a Charter School may contact School Management Services and Demographics to seek assistance in enrolling in a District school in accordance with District policies and procedures. Alternatively, the student may pursue an inter-district transfer, if available, in accordance with admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time, or seek enrollment at another charter public school pursuant to applicable law and the terms of the school’s charter.

A student currently enrolled at Charter School who resides outside the territorial boundaries of the District and who chooses not to continue attending the Charter School

may attend a public school within the student’s school district of residence in accordance with applicable law and that school district’s policies and procedures or seek enrollment at another charter public school pursuant to applicable law and the terms of that school’s charter.

ELEMENT 13 – RIGHTS OF DISTRICT EMPLOYEES

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(c)(5)(M).)

As a District Affiliated Charter School, all administrators, faculty, and staff of Charter School are and shall be LAUSD employees. All Charter School employees shall be hired by the District and maintain the same relationships with and through all respective bargaining units as other District employees at non-charter schools.

ELEMENT 14 – MANDATORY DISPUTE RESOLUTION

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(c)(5)(N).)

Charter School agrees to resolve any claim, controversy, or dispute (“Dispute”) arising out of or relating to the Charter, except for any claim, controversy or dispute that is in any way related to revocation of this Charter, pursuant to the terms of this Element 14.

Any Dispute between the District and Charter School shall be resolved by a collaborative team from the appropriate Region and the Charter Schools Division in accordance with the procedures set forth below:

- 1) Notification of any Dispute shall be made in writing (“Written Notification”). The Written Notification must identify the nature of the Dispute and any supporting facts. The Written Notification shall be tendered to the District by personal delivery, by facsimile, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon the date of delivery to the address of the person to receive such notice if delivered by 5:00 PM; otherwise, it is deemed received on the next business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail. All Written Notifications shall be addressed as follows:

To Charter School:

Grover Cleveland Charter High School

c/o School Principal
8140 Vanalden Ave
Reseda. California 91335

To District:

LAUSD
Attn: Director, Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

- 2) A written response (“Written Response”) shall be tendered to Charter School within twenty (20) business days from the date of receipt of the Written Notification. The parties shall schedule a conference at a mutually agreeable time and place to discuss the Dispute identified in the Written Notice (“Issue Conference”). The Issue Conference shall take place within fifteen (15) business days from the date the Written Response is received by Charter School. The Written Response may be tendered by personal delivery, by facsimile, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon the date of delivery to the address of the person to receive such notice if delivered by 5:00 PM; otherwise, it is deemed received on the next business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.
- 3) If the Dispute cannot be resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by the Superintendent or his/her designee.

ELEMENT 15 – CHARTER SCHOOL CLOSURE PROCEDURES

“The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.” (Ed. Code § 47605(c)(5)(O).)

CLOSURE ACTION

In order to close Charter School, the LAUSD Board of Education must take a “Closure Action.” A Closure Action shall be deemed to have been automatically taken when any of the following occur: the LAUSD Board of Education revokes or denies renewal of the Charter; the LAUSD Board of Education takes specific Board action to close Charter School pursuant to the Board’s general authority and/or its unique authority as the legal governing board of Charter School pursuant to the Charter Schools Act of 1992; the Charter lapses; or the LAUSD Board of Education or its designee approves Charter School’s request to revert to a non-charter District school.

In the event of a Closure Action, unless the LAUSD Board of Education or its duly authorized designee expressly directs otherwise, Charter School shall revert to a District traditional school.

REVOCATION OF THE CHARTER

The Board of Education may revoke the Charter if Charter School commits a breach of any provision set forth in a District policy related to charter schools adopted by the District Board of Education and/or any provision of the Charter Schools Act of 1992, as it may be amended from time to time. The Board of Education may revoke the charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Pursuant to AB 97 (2013), Charter School may be identified for assistance based on state evaluation rubrics and be subject to revocation pursuant to Education Code section 47607.3.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes

a severe and imminent threat to the health or safety of the pupils, or otherwise takes specific Board action to close Charter School pursuant to the Board's general authority and/or its unique authority as the legal governing board of Charter School. Revocation proceedings are not subject to the dispute resolution clause set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

REQUEST FOR VOLUNTARY REVERSION TO NON-CHARTER SCHOOL STATUS

In the event that Charter School, seeks to revert voluntarily to a non-charter District school status, the Local School Leadership Council and/or the Governance Council, as indicated in Element 4, shall execute a resolution requesting approval from the LAUSD board. Charter School shall contact its assigned Charter Schools Division administrator, who will provide information and guidance regarding the applicable procedures for submitting and processing a request for voluntary reversion to non-charter school status. Students enrolled at the District Affiliated Charter School at the time of reversion, who reside outside of resident school area (boundaries), will be entitled to continuous enrollment through permits, as applicable.

CLOSURE PROCEDURES

In the event of a Closure Action, Charter School shall immediately act and operate in all matters as a traditional District school, unless otherwise directed by the LAUSD Board of Education or its duly authorized designee. If and to the extent that they are not already District property or rights, all assets of Charter School shall be automatically transferred to LAUSD. The District reserves the right to conduct a close out audit or other audit.

Charter School shall issue written notification of the school's closure as a District Affiliated Charter School, and reversion to a non-charter District school, to the parents/guardians/caregivers of all enrolled students of Charter School within 72 hours of a Closure Action. Such notification must include, but is not limited to, notice of the effective date of closure as a District Affiliated Charter School and information regarding student enrollment and/or transfer options as appropriate. Charter School shall simultaneously provide a copy of the written parent notification to the appropriate Region Superintendent and Charter School's assigned Charter Schools Division administrator.

If Charter School serves any students who reside outside District boundaries, Charter School shall notify, within 72 hours of a Closure Action, any school district that may be responsible for providing education services to the former students of Charter School. This notice must include a list of students potentially returning to that district based on student residence. Charter School shall simultaneously provide a copy of these notifications, if any, to the Charter Schools Division. Charter School shall comply with and

implement all District policies and procedures and terms of this Charter relating to the transfer of student records.

This Element 15 shall survive the revocation, expiration, termination, or cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation.

ADDITIONAL PROVISIONS

FACILITIES

Charter School's school site remains subject to use by the District and possible space allocation under Proposition 39 and implementing regulations.

Charter School shall comply with all applicable federal and state laws and regulations, and District policies and procedures, regarding facilities.

FISCAL MATTERS

As a District Affiliated Charter School, Charter School's fiscal operations will be supervised by LAUSD. Charter School shall adhere to all applicable District fiscal policies and procedures, including but not limited to policies and procedures related to budgeting, procurement, third party contracts, student body funds, student store, donations, fundraising, payroll, imprest funds, and payment approval for goods and services.

LOCAL CONTROL AND ACCOUNTABILITY PLAN

In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a "listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)" of section 47606.5(a). These expenditures shall be "classified using the California School Accounting Manual pursuant to Section 41010." (Ed. Code § 47606.5(b).)
