BEST PRACTICE #1

Partnership: We Don't Do This Alone

Our Early College model is built on an ecosystem of shared responsibility for student success.

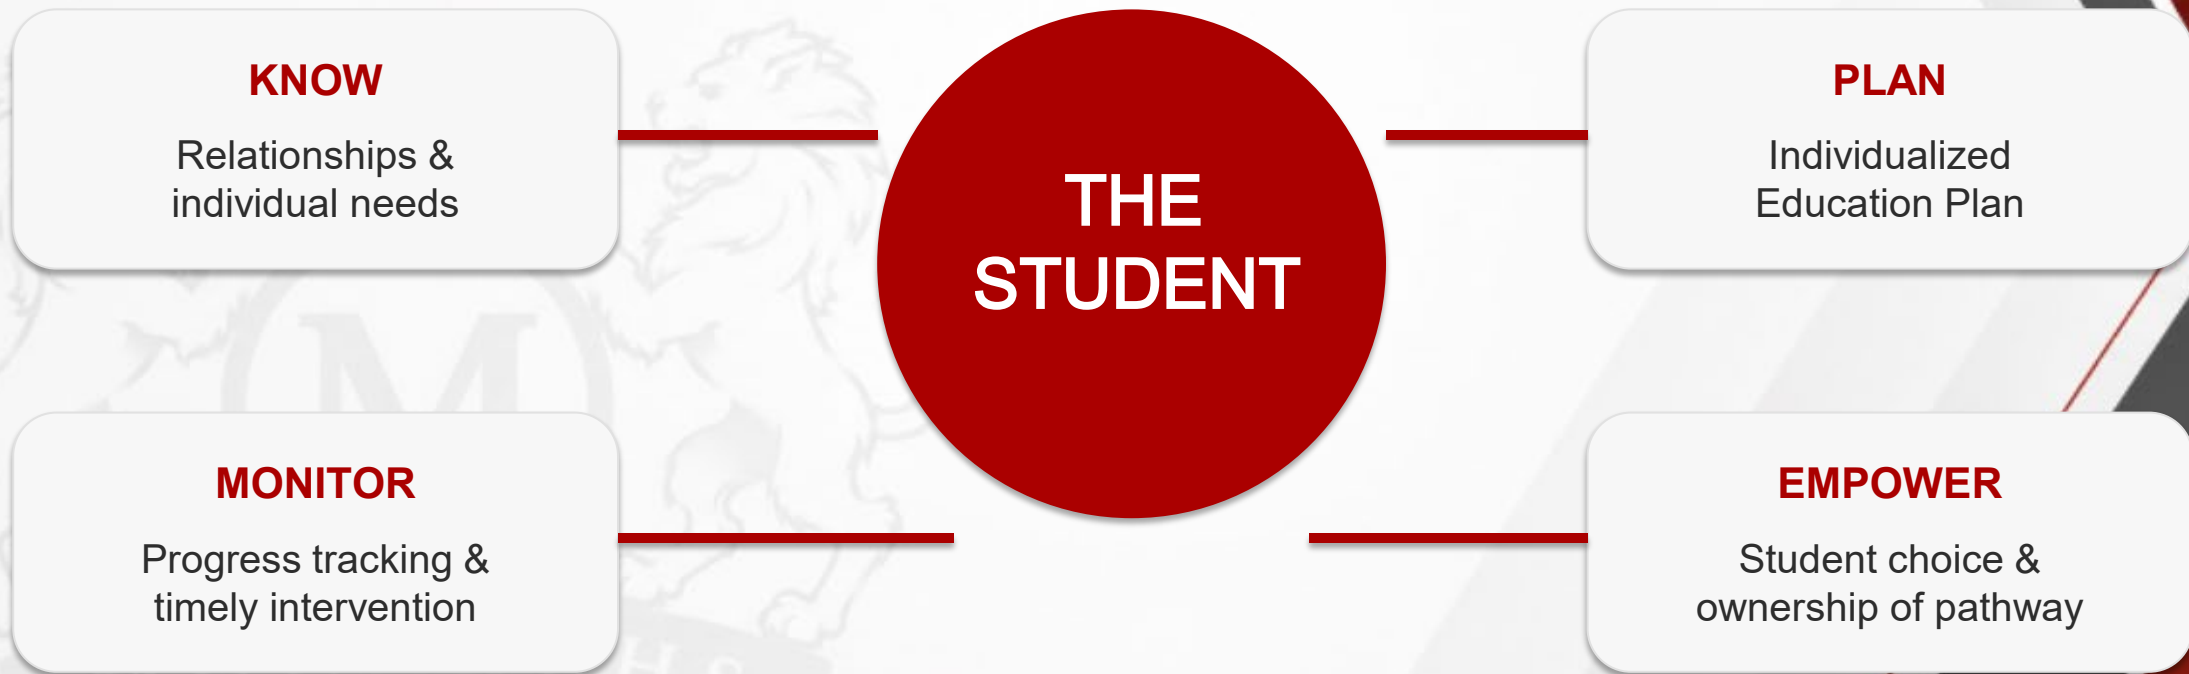

College access is not an add-on — it is embedded through collaboration, advising, instruction, and family engagement.

BEST PRACTICE #2

Personalization: Every Student Is Known

Personalization is not a program — it is how we design each student's Early College experience.

Know the student. Build the path. Monitor the progress. Adjust the support

THE VHTPA TAKEAWAY

What Makes the Difference?

Extraordinary outcomes grow from an intentional system centered on students.

1

PARTNERSHIP

Build the ecosystem

School + college + families
share responsibility for success.

2

PERSONALIZATION

Know every student

Build the path, monitor
progress, and adjust support.

3
