23. Ms. Griego, Dr. Rivas, Ms. Ortiz Franklin – Wellness Without Silos: Advancing Student Wellness Through Integrated School Culture and Wellness Teams and Expanded Professional Learning (Res-059-25/26) (Noticed April 21, 2026)

**ADOPTED AS AMENDED
VERSION 3**

Whereas, Given that 1 in 5 students have a mental health diagnosis, schools have increasingly served as essential access points for social and mental health services for students and their families;

Whereas, A series of socio-political events, including immigration enforcement raids, wars and economic uncertainties, have impacted students and our school communities;

Whereas, Since the beginning of 2025, in Los Angeles and across the region, communities have witnessed heightened attacks on our most vulnerable communities, including Black, LGBTQ+, and immigrants, as a result of policies and rhetoric enacted by the federal administration.

Whereas, During COVID, the federal government provided ESSER funds to school districts, which gave way to the expeditious hiring of mental health professionals and other school-based supports at Los Angeles Unified School District;

Whereas, In 2023, the District called on School Site Administrators to establish multidisciplinary school site crisis teams comprised of administrators, psychiatric social workers, and other out-of-classroom support staff;

Whereas, The District deploys Regional and Central crisis teams to schools after traumatic crises occur to support students and families with recovery;

Whereas, School climate is intrinsically connected to supporting student mental health and wellness, as safe and supportive learning environments foster a sense of belonging, strengthen student relationships with peers and adults, and promote positive behavioral and academic outcomes, while reducing stress, anxiety, and barriers to learning;

Whereas, The District is committed to supporting a safe and positive school climate for all students through various means, including school mental health initiatives, Community-Based Safety programs, and other preventative measures such as All Schools Safe education modules;

Whereas, The School Mental Health department provides support services at a holistic three-tier intervention level, ranging from school-wide, targeted/selected, and intensive individual support levels of services, that further support school climate and safety;

Whereas, The Governing Board of the Los Angeles Unified School District (Board) affirmed the 2013 School Climate Bill of Rights which called for a Restorative Justice model to be established at all schools by 2020;

Whereas, In 2020 the Board adopted the Student Bill of Rights, which affirmed that all students have a right to a positive school climate including school environments that are mentally, physically, and emotionally safe;

Whereas, The Board affirmed the role of school-based Positive Behavior Intervention and Supports (PBIS) and Restorative Practices (RP) in supporting community-based safety programs when supporting the “Strengthening and Expanding Community Based Safety Programs in Times of Heightened Immigration Enforcement” resolution;

Whereas, Research by Pennsylvania State demonstrates that systemic integration of Social Emotional Learning (SEL), both inside and outside the classroom, supports a positive school climate and improved academic outcomes;

Whereas, SEL and PBIS/RP are District priorities called out in the 2022–2026 Strategic Plan and are supported by multiple divisions and programs like the Black Student Achievement Plan (BSAP), School Mental Health, SEL Unit, and departments within the Student Support and Attendance Services (SSAS) branch, including the Human Relations, Diversity and Equity Division (HRDE) Department, and the PBIS/Restorative Practices (PBIS/RP) Department;

Whereas, In 2022, the District directed every school to establish a PBIS/RP team comprising administrators, operations staff, educators, behavioral experts, family and community representation, and high school students, and further directed required such teams to implement the Multi-Tiered Systems of Support (MTSS) framework to address student behavior and conduct, and utilize the Tiered Fidelity Inventory (TFI) to assess its implementation;

Whereas, Systems of Support Advisors (SOSAs) operate under a central structure offering region-based supports to their respective schools for the implementation of PBIS/RP aligned with MTSS. Despite this, the number of SOSAs has been reduced significantly in recent years;

Whereas, Pillar 2C of the Strategic Plan outlines several strategies aimed to cultivate and model strong social-emotional skills by: 1) integrating social-emotional learning into instruction and curricula; 2) building the capacity of all adults on campus on the use of PBIS and RP; and 3) developing school awareness and use of practices that support positive individual wellness;

Whereas, As part of the 2022–2026 Strategic Plan, submissions of SEL portfolios as a metric that measured the implementation of SEL integration was not achieved;

Whereas, The Public Policy Institute of California found that students in the highest-poverty schools are significantly more likely to experience chronic sadness by approximately 8 percentage points, compared to their peers in the lowest-poverty schools, underscoring inequities in student mental health and access to supportive resources; and

Whereas, Creating a strong school culture of support requires intentional, coordinated cross-divisional systems that foster safe, inclusive environments where students can thrive academically, socially, and emotionally, and where relationships, trust, and a sense of belonging are actively cultivated across the entire school community; now, therefore be it

Resolved, That the Governing Board of the Los Angeles Unified School District commits to supporting a holistically integrated approach to student mental health and wellness, and school culture as a key pillar of the 2027–2030 Strategic Plan by interweaving PBIS/RP, social emotional learning, community-based safety, school-based mental health, and school culture programs and goals, and ensuring that all staff are equipped to understand and respond to the impacts of trauma on students' overall well-being;

Resolved further, That the District will provide professional development choice board options that support student mental health, wellness, academic climate, and positive school culture. The District shall ensure that these priorities are reflected across the range of choice board offerings and will include, but not be limited to, professional development opportunities provided through

BSAP, PBIS/RP department, HRDE department, School Mental Health, SEL Unit, and other teams that support student mental health, wellness, and school culture;

Resolved further, That the District will provide trainings/professional development to ~~centrally-funded~~ community/parent representatives, at a minimum, on the topics related to SEL, PBIS/RP, anti-bias, school culture, mental health and wellness; and make available these trainings to other parents and volunteers through the Family Academy;

Resolved further, That the District shall explore developing and/or adopting a system or equity index to evaluate the level of trauma in school communities, and consider how its utilization can serve to proactively deploy non-law enforcement staff and resources to support concentration of need in an equitable and preventative way, rather than relying solely on post-incident responses that may criminalize or delay outcomes;

Resolved further, That the District will leverage research, expert recommendations, and input from educators in the development of the Board's goal for the Social Emotional Learning metric as part of the updated 2026–2030 Strategic Plan;

Resolved, further, that the District will increase awareness of its goals related to student mental health and wellness, and school culture by sharing with the Local School Leadership Council, School Site Council, English Learner Advisory Committee, and other school-based decision-making bodies, a comprehensive list of positions that support these efforts; and by integrating topics such as social-emotional learning, mental health and wellness, and school culture into their meeting agendas and content;

Resolved further, That by August 2026, the District will develop a reference guide to ensure alignment, coherence, and effective coordination of existing school-site teams and structures, staff, and community partners responsible for student mental health, wellness, and school culture. The reference guide will define responsibilities that shall include, but not be limited to 1) being locally led and developed by the principal and staff, 2) being responsible for presenting school culture and wellness goal(s) to the Local School Leadership Council, School Site Council, English Leadership Council, and other school-based decision-making bodies at the beginning and end of each school year for discussion and assessment; and 3) meeting at least three times annually to review progress and develop strategies to achieve their established goal(s)

Resolved, further, That the District will increase awareness of the role of SOSAs with supporting school culture, implementing PBIS/RP and MTSS-aligned practices, and will assist schools and principals with understanding how they can connect with their SOSAs for support with strengthening their existing school-site teams; and, be it finally

Resolved, That schools will be encouraged to post their annual goals related to student wellness, social-emotional development, mental health, and school culture on the School Dashboard.

24. Ms. Ortiz Franklin, Ms. Gonez- Public Schools Over Private Loopholes: Working Together for the Revenue our Students Deserve (Res-061-25/26) (Noticed April 21, 2026)

**ADOPTED BY CONSENT VOTE
VERSION 2**

Whereas, The Los Angeles Unified School District's vision is to graduate all students ready for the world and prepared to thrive in college, career and life, which requires adequate and fair funding;

Whereas, The District continues to experience declining student enrollment, losing over 40% of enrollment since 2002, significantly reducing state funding; while fixed costs, including those related to staffing, facilities, and operations have increased; and the expiration of one-time federal pandemic relief funding exacerbate fiscal pressures;

Whereas, In 2025 the District exceeded pre-pandemic achievement levels across every subject area and nearly all student groups, reflecting broad-based academic progress and expanded access to college readiness, and ongoing, sustained funding is necessary to continue the District's progress to close achievement gaps and create more opportunities for students;

Whereas, In June 2025 the Governing Board of the Los Angeles Unified School District adopted a Fiscal Stabilization Plan, required by Los Angeles County Office of Education, to account for a projected \$1.6 billion deficit; and current projections indicate continued financial challenges;

Whereas, The California state budget relies heavily on income and sales taxes due to the passage of Proposition 13 in 1978, which capped property tax rates and limited increases, reducing the growth of local revenues for public education;

Whereas, In 2012 California voters approved Proposition 30, which temporarily increased the state sales tax and increased income taxes on high earners; and then again in 2016 voted to approve Proposition 55, which extended income taxes on high earners through 2030 which provides \$4-9 billion annually for education and healthcare and helps augment funding for public schools through higher revenues that support minimum guarantee established under Proposition 98;

Whereas, ~~Despite w~~ Widespread labor- and community- led efforts in 2020 ~~at the local and state levels~~ to increase revenue for public education through the unsuccessful voter-led ballot initiative, Measure EE in 2019 and Proposition 15 "Schools and Communities First" in 2020, these campaigns represents a critical steps in building a broader movement for education funding;

Whereas, In recent years the California state budget has been enacted with fiscal maneuvers that defer or underfund the constitutionally required Proposition 98 guarantee, including \$1.9 billion in 2025-26 and the proposed \$5.6 billion Proposition 98 withholding in the 2026-27 fiscal year away from public school students in TK-12 and community colleges, creating instability and uncertainty for school districts and community schools and limiting their ability to sustain critical services;

Whereas, SEIU California launched the "UnRig California: Stop the Corporate Freeloaders" campaign to urge state legislators to build a California for shared prosperity and a fair economy through ensuring that corporations pay the taxes they owe by limiting the use of legal tax loopholes; and

Whereas, Labor partners and other organizations have led and continue to lead efforts to pass statewide revenue-generating initiatives critical to adequately funding high quality public education; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes the importance of equitable revenue solutions that strengthen California's capacity to fund essential public services, including public education and health care;

Resolved further, That the Board affirms its support for the proposed state legislation that would increase the State's General Fund, potentially increasing revenue for public education and preventing the misuse of tax exemptions: ~~Assembly Bill 1611 (Haney), which would end tax advantages from corporate home buying by institutional investors, and Senate Bill 1349 (Gonzalez), which would comprehensively assess and make recommendations on the state's major tax expenditure~~ and Assembly Bill 1790 (Connolly) which would eliminate the "water's-edge" tax loophole and require multinational corporations to pay California taxes based on their worldwide income starting in 2028;

Resolved further, That the Board affirms its support for proposed state legislation that may increase school funding, and directs the Office of Governmental Relations to monitor, provide updates, and adjust positions as aligned with Los Angeles Unified Advocacy Agenda on relevant legislation, including Assembly Bill 2509 (Schultz), which would allow schools to claim average daily attendance on a five year average, ~~and to drop the five lowest days of attendance from the average daily attendance calculation;~~ Assembly Bill 1204 (Alvarez), which would strengthen the Local Control Funding Formula by implementing an annual minimum cost of living adjustment among other changes; and AB 2526 (Muratsuchi), which would add students who are eligible for the California Alternative Assessment to the special education "low-incidence" funding formula, thereby increasing special education funding for school districts serving this student population. ~~and Senate Bill 1110 (Becker), which would restore enrollment based funding in California State Preschool Programs that maintain 85 percent or greater enrollment;~~

Resolved further, That the Board directs the Superintendent to work collaboratively with labor partners and others to advocate for increased public education revenue by:

- Creating a Public Education Revenue Task Force to propose strategies and act on solutions, and take action, as permissible and feasible to implement. The Task Force shall be led by the Office of Governmental Relations; and composed of no more than one representative from and selected by each labor partners bargaining unit who agreeing to participate, and an equal number of District-appointed members (which may be experts, staff, charter school partners, and/or community members). Any District or labor partner staff supporting the Task Force administratively or on an as-needed basis shall not count towards the number of "officially" appointed members. The viability of and outcomes from the Task Force shall be assessed annually to determine whether the Task Force shall continue into the next school year in its current form, and shall be designed to sunset no later than three years after establishment, and
- Engaging with other school districts and statewide and local education associations to support revenue generating efforts including but not limited to those of the UnRig CA Coalition, and
- Participating in joint advocacy letters and meetings with ~~visits to~~ state and federal legislators on matters specific to increasing revenues and maximizing the existing available state and federal funds to support students and schools; and, be it finally

Resolved, That the Board directs the Superintendent to provide semi-annual reports to the Board with updates on efforts to increase public education revenue including status updates on the Public Education Revenue Task Force, local and state legislation and ballot initiatives, beginning with an informational update on the proposed November 2026 ballot initiatives relevant to this issue. ~~and opportunities for the Board of Education to support them.~~
