BOARD DISTRICT 7

Purpose

The **School Safety and Climate Committee** examines District data, policies, and experiences to assess and develop policy recommendations to improve holistic school safety and climate. The committee engages with educators, district leaders, and community experts on topics such as:

- Community-based safety and Safe Passage;
- Positive Behavior Interventions & Supports/Restorative Practices and Mental Health;
- Staffing and Operational Support;
- Student experiences and more.

School Safety & Climate Committee Impact

- Operational Rounds to elevate model practices around supervision
- Funding for community-based safety partnerships outside of Black Student Achievement Plan (BSAP) funding
- Evaluation of community-based safety approaches and partnerships
- Strengthened relationships between leaders at the district, city, county, and community-based organizations
