Assurances, Affirmations, and Declarations

Alliance College-Ready Middle Academy 12 (also referred to herein as “ACRMA 12” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(e)(1).)
- Not charge tuition. (Ed. Code § 47605(e)(1).)
- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status. (Ed. Code § 47605(e)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)
- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)
- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)
- Consult, on a regular basis, with Charter School’s parents, legal guardians, and teachers regarding the school’s educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School’s employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific “Federal, State and District Required Language” (FSDRL), including the *Assurances, Affirmations, and Declarations* section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

Element 1 - The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(c)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(c)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(c)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(c)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(d).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

WASC ACCREDITATION

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD Master Plan for English Learners and Standard English Learners *or* Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

- How Charter School's EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School's core academic curriculum
- How English Learners' specific needs will be identified
- What services will be offered

- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

STUDENTS WITH DISABILITIES

Federal Law Compliance

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

Special Education Program

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b). In this instance, Charter School will execute a MOU with LAUSD on provisions of special education as a member of a non-LAUSD SELPA.

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding (“MOU”), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Use of District’s Special Education Policies and Procedures and Data Systems

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of orders imposed upon the District pertaining to special education. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a web based Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data.

Community Need for Charter School

School's Academic Performance

Since its founding, ACRMA 12 has had a student-centered focus on providing high-quality education and opportunities to historically underserved communities. Evidence of our school's strong performance in that mission can be seen in a wide variety of verified data provided by the state, including the SBAC Distance From Standard (DFS) metric, and multiple metrics from the California School Dashboard. As per the [LAUSD Policy and Procedures for Charter Schools](#) document, we have provided a "comparison to Resident Schools' performance on the measures of academic performance" (p. 37) where possible. This analysis was created by using LAUSD's [Resident School Identifier](#) tool. Because we currently only have access to one year of Resident Schools Median data from LAUSD, despite multiple requests to CSD and the Office of Data and Accountability that these data be provided, we have provided data for this "LAUSD Home School" below to augment the Resident Schools Median data with longitudinal local school data.

In addition, the below analysis includes grade-level CAASPP performance data from the [CAASPP website](#). Scale scores have been converted to DFS measurements using cut scores found on the [Smarter Balanced Validity Research](#) website.

Beyond the growth evident in these data, ACRMA 12 is contributing to hundreds of scholars finding postsecondary success after they leave our walls. Despite the well-documented and systemic challenges faced by communities like the one we serve, our school provides high-quality supports that lead our scholars to attend, persist, and graduate from college at a significantly higher rate than their peers across the nation. Year after year, National Student Clearinghouse data clearly shows that graduates of Alliance schools surpass their national averages, in all the above metrics, as students who are predominantly English Learners, Socioeconomically Disadvantaged, Students With Disabilities, Black and African-American, or Latine. Indeed, many of our students navigate the intersection of multiple backgrounds, facing complex challenges that require the support of a dedicated community of learners to overcome and thrive. ACRMA 12 commits to continuing to improve our program in support of these scholars and our community, rigorously and holistically preparing them to gain acceptance to and graduate from college, and to ultimately become valuable contributors to their communities and families. As demonstrated by the evidence below of ACRMA 12's strong student growth performance and the unique needs of our community, our school meets the renewal criteria under Section 47607.2(b), and must be granted a renewal term of five years.

Demographics Comparison

Higher Percentage of English Learners and Socioeconomically Disadvantaged Scholars

Since its founding, our school's mission has been to make the College-Ready Promise with

the historically underserved communities in the neighborhood of South Park. Because of this, the community we serve has significantly higher rates of students with barriers to success, including Socioeconomically Disadvantaged backgrounds and English Learners. In addition, our school supports rates of Students With Disabilities only slightly below LAUSD and the State as a whole. It is well-documented that scholars from these backgrounds face additional challenges to success at all levels of education. In fact, recent data from the National Student Clearinghouse reveals that graduates from high-poverty high schools enroll in college at only two-thirds the rate of their peers from low-poverty schools, and graduate from college at less than half the rate.

Subgroup Percentage - 2024			
Subgroup	ACRMA 12	LAUSD	State
Socioeconomically Disadvantaged	92.8%	81.6%	65.1%
English Learners	28.0%	21.6%	19.7%
Students with Disabilities	11.3%	16.0%	15.0%

Scholars Arrive at Our School Significantly Behind in ELA and Math

The above demographic realities lead to significantly lower academic performance by scholars in the years before they attend ACRMA 12. The data below shows the average DFS for scholars in the year preceding their attendance at our school, in both ELA and Math, and compares these scores to the State and LAUSD averages for the same grade level and years. In Spring 2024, scholars who would go on to attend ACRMA 12 as 6th graders in the 2024-25 school year scored 20.6 DFS points lower in their end of year 5th grade ELA SBAC assessments than 5th grade scholars in LAUSD as a whole, and 27.9 DFS points lower than other 5th graders across the State. In Math, our incoming 6th graders also scored 33.7 DFS points lower on their 5th grade SBAC than LAUSD 5th graders and 38.1 DFS points lower than 5th grade scholars across the State. This means that our scholars enter our schools in 6th grade already demonstrating performance much lower in ELA and Math when compared to their peers entering 6th grade in LAUSD or schools across the State. Despite entering our schools much further behind, our data below demonstrates that, overall, our scholars show significant academic growth every year they attend our school.

Pre-Attendance Scholar Performance Comparison Grade 5 - All Students					
LEA	Grade	ELA		Math	
		2023	2024	2023	2024
ACRMA 12	5	-51.1	-39.2	-73.8	-82.8
LAUSD	5	-24.1	-18.6	-58.4	-49.1
State	5	-11.5	-11.3	-47.7	-44.7

Resident Schools Median Comparison - 2024

Exceeds Resident Schools Median in All Subgroups in ELA and Math

When compared to schools within this community, our school exceeds the Resident Schools Median in all numerically significant subgroups in both ELA and Math. Our school remains one of the best options for scholars in our community, and our school is continuing to focus on implementing improvements that will increase scholar academic achievement in the years ahead. This provides strong evidence that when the academic performance of our scholars is compared to that of their peers attending resident schools within their community, who face similar socioeconomic and historical barriers to success, our scholars consistently show stronger outcomes.

Subgroup	ELA			Math		
	ACRMA 12	Resident Schools Median	Comparison	ACRMA 12	Resident Schools Median	Comparison
All Students	-71	-83.6	Higher	-93	-122.1	Higher
Latine	-71.1	-81.2	Higher	-93	-120.8	Higher

Socioeconomically Disadvantaged	-69	-82.9	Higher	-91.8	-122.5	Higher
Students with Disabilities	-134.1	-143.8	Higher	-164.1	-190.2	Higher

Math DFS Performance

Math DFS School-Wide Achievement Has Increased Two Years in a Row

Scholars at ACRMA 12 have shown two years of sustained growth in the years since the pandemic, and show stronger achievement in Math than the local LAUSD Home School in all three of these years, as well as the Resident Schools Median in the only year of data we received from LAUSD.

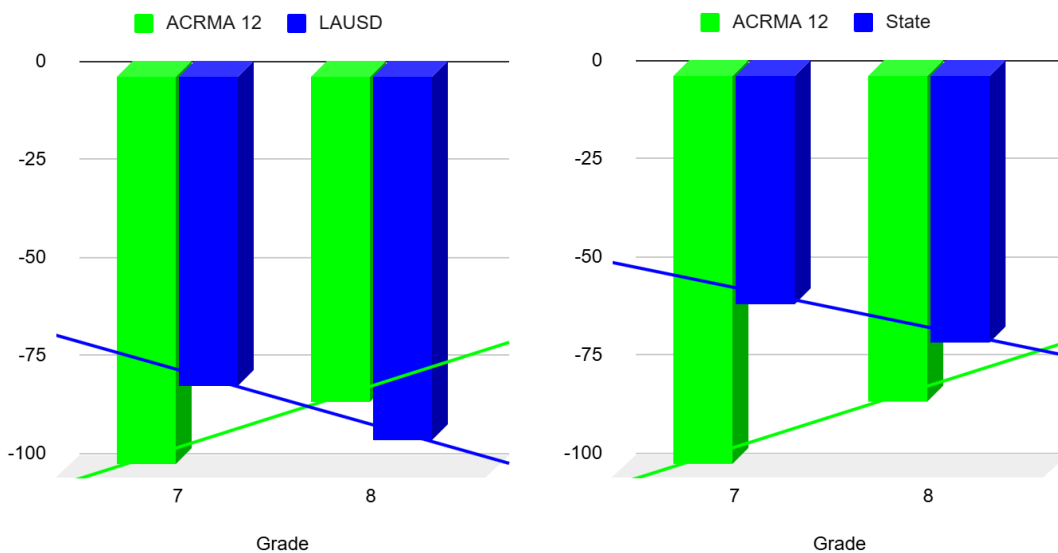

SBAC - Math Distance From Standard (DFS)			
All Students			
	2022	2023	2024
ACRMA 12	-98.3	-94.8	-93

Promoting Class of 2023 Demonstrates Better Math Growth Than LAUSD and the State

The cohort growth rate data below have been taken from the [CAASPP Website](#) scale scores. By analyzing grade levels at different years, we have obtained Cohort Growth Rates for ACRMA 12 and compared them against the same cohorts in LAUSD and across the State. Due to the fact that DFS data are not available in 2021, the analysis of the Class of 2023 must be started in their 7th-grade year.

In the below cohort analysis, ACRMA 12 grew more in math than the State and LAUSD in every subgroup. This difference in growth between both entities is very significant, as the Promoting Class of 2023 at ACRMA 12 grew by 25.7 DFS points more than the State, and 29.5 DFS points more than LAUSD. In fact, the All Students average, as well as the two largest subgroups at our school (Socioeconomically Disadvantaged and Latine), showed a decline in performance in LAUSD, while showing growth at our school and surpassing LAUSD in their 8th grade year. This is evidence that the vast majority of our scholars perform better the longer they are enrolled at school, while scholars within LAUSD and the State as a whole experience an opposite trend and declining performance.

Class of 2023 - Math DFS - All Students				
Year	Grade	ACRMA 12	LAUSD	State
2022	7	-98.4	-78.6	-57.8

Promoting Class of 2024 Demonstrates Stronger Math Growth Than LAUSD and the State

We have three years of data for the Promoting Class of 2024, and here we see an even stronger pattern of math growth for the vast majority of our scholars. The average ACRMA 12 scholar grew 35.5 points more than the State and LAUSD over these three years. Additionally, the two largest subgroups at our school (Socioeconomically Disadvantaged and Latine) showed a decline in performance in LAUSD and in the State, while showing growth from 6th grade to 8th grade at our school. Indeed, Latine and Socioeconomically Disadvantaged students surpassed LAUSD and the State in their 8th grade year.

Preliminary 2025 DFS Data Indicates Strong Growth

Preliminary data from testing in Spring 2025 indicate that our school-wide DFS average grew to -73.7 in 2025. This represents a growth of 19.3 DFS points since 2024 and marks the third straight year of growth, as seen in the graph below.

Math Verified Data

i-Ready Median Growth Rates Show One Year’s Progress for Almost All Subgroups

As our source of verified academic data, i-Ready provides us with further evidence of the success of our educational program. We saw significant improvements in our scholar growth rates in Math due to the intentional shifts in leadership and schoolwide practices as the schoolwide Median Progress to Annual Typical Growth increased from 80% in 2023-24 to 115% in 2024-25. The overall data from all students demonstrates consistent strong growth across our student body. As can be seen below, the vast majority of subgroups, as well as the student body overall, demonstrated a median growth greater than or equal to the expected grade level growth over the past two years of data. In 2024-25, all subgroups met the typical growth, except 7th and 8th-grade scholars with disabilities, and even those scholars experienced growth.

Practices Supporting Growth and Achievement

ACRMA 12 continues to outperform the Resident Schools Median in math and saw increases in its scholars' Math DFS performance because of intentional practices ACRMA 12 has employed to support its scholars in this new post-pandemic context.

In order to fully understand the context of our data, it is necessary to understand the recent practices our school has implemented to drive improvements in our math outcomes. First, a new leadership team was put into place at the school in the Summer of 2024, including a new principal, a new assistant principal, and a special education coordinator. Additionally, our new leadership team began implementing quarterly data step-back meetings, aimed at analyzing outcomes, with a focus on our subgroups, and brainstorming immediate interventions to address gaps. We use this time to also calibrate on coaching strategies so that our teachers now experience aligned, targeted, and specific support. For our Math Teachers, the data that has been presented in these stepbacks supported our strategy of specifically targeting support to our students of need and our subgroups, particularly low socioeconomic students, our Latine students, our English Learner students, and our Students with Disabilities. By tailoring our strategies to meet the specific needs of our scholars, ACRMA 12 has been able to foster greater academic growth and resilience.

For context, in 2022-23, we identified an increased post-pandemic need for Math support and hired an additional teacher to staff Math Intervention classes. We also began using our beginning-of-year benchmark i-Ready testing to identify students who needed remediation in math skills and placed them in specialized math tutoring blocks.

In order to fully address the needs of our community, we contracted with three different high-dosage tutoring companies with an aim at providing immediate support as well as piloting three different models of in-school tutoring, in a scheduled intervention class. We partnered with Teach For America for computer/virtual high dose tutoring in 6th Grade, StudySmart in-class small group tutors for 7th Grade, and Math Yogis, who specialize in pull-out small group high dose math tutoring. For this school year (2024-25), with three different models of intervention in our schedule for each grade level, we compared outcome data, in the form of iReady short-term assessments, teacher-created exit tickets and small-group strategies to inform our in-school tutoring and intervention program moving forward. We intentionally scheduled our lowest-performing students in each subgroup to receive this targeted support. To ensure alignment with our instructional goals, in-school, before-school, and after-school tutoring was coordinated by our Assistant Principal. Sessions were conducted in three ways: online targeted small group instruction, push-in support, and small-group pull-out, which never exceeded the ratio of three (3) students to one (1) teacher. All tutors worked directly with our lead math teachers in each grade to align the support with targeted content standards, which were informed by exit ticket data. In the coming school year (2025-26), we are adding a 5th teacher to further support Math Intervention while also reducing class sizes.

Secondly, to address the needs of our English Learner students, ACRMA 12 implemented weekly content meetings run by a department chair with the sole focus of identifying gaps in understanding for our English Learners' performance on Math Exit Tickets and adopting department-wide instructional shifts. Our math department chair received weekly coaching from our Home Office Math Instructional Specialist and Assistant Principal to prepare agendas for the meetings that focused the team on Exit Ticket data analysis and practicing curriculum-specific Math Language Routines (aimed at supporting English Learners). In addition, all math teachers receive weekly coaching from the Assistant Principal on instructional routines targeted at supporting engagement and English Learner-focused strategies.

Lastly, ACRMA 12 has made an intentional effort to continue the growth of our Students With Disabilities by implementing a co-teaching model in all of our Math classes. As this was a new process that we launched in the 2024-2025 school year, we provided several PD sessions on

effective co-teaching. Our Resource teachers have also attended professional development with the math teachers to discuss academic data and accommodations that need to be implemented in the classroom. The Resource teachers have also attended the weekly coaching sessions with our math teachers to norm on the strategies used in classes. The results of this focus have led to more academic ownership by the Resource Teachers, and additional planning and intentionality have been added to their lesson plans, including more effective use of Math Language Routines throughout the block.

ELA DFS Performance

ACRMA 12 Scholars Consistently Increase ELA DFS Scores by 8th Grade

Despite the post-Covid declines in ELA DFS that ACRMA 12 has experienced, ACRMA 12 scholars consistently increase their ELA DFS scores, the longer that they are enrolled at our school. The DFS growth that our scholars experience over their three years at our school explains why our school consistently outperforms the resident school median in ELA, as seen in the chart below.

Promoting Class of 2023 Demonstrates Superior ELA Growth to LAUSD and the State

The cohort growth rate data below have been taken from the [CAASPP Website](#) scale scores. By analyzing grade levels at different years, we have obtained Cohort Growth Rates for ACRMA 12 and compared them against the same cohorts in LAUSD and across the State. Due to the fact that DFS data are not available in 2021, the analysis of the Class of 2023 must be started in their 7th-grade year.

In the below cohort analysis, ACRMA 12 showed more DFS growth post-Covid than the State and LAUSD in every subgroup except Students With Disabilities. In fact, the All Students average, as well as the two largest subgroups at our school (Socioeconomically Disadvantaged and Latine), showed a decline in performance in LAUSD and the State, while showing growth at our school. Over these two years, the average ACRMA 12 scholar grew by 9.9 DFS points more than LAUSD and by 12.8 DFS points more than the State.

Promoting Class of 2024 Demonstrates Superior ELA Growth to LAUSD and the State

We have three years of data for the Promoting Class of 2024, and the growth persists. In this case, the average ACRMA 12 scholar grew by 7 DFS points more than the State and LAUSD. This trend is consistent across all subgroups for the State, and only English Learners grew faster in LAUSD. In fact, the All Students average, as well as the two largest subgroups at our school (Socioeconomically Disadvantaged and Latine), showed a decline in performance in LAUSD and the State, while showing growth at our school.

Preliminary 2025 ELA DFS Data Indicates Strong Growth

Preliminary data from testing in Spring 2025 indicate that our school-wide ELA DFS average grew to -33.1 in 2025. This represents a growth of 37.9 DFS points in ELA since 2024 and is a strong indication that the changes to our educational program are having a significant impact.

i-Ready Median Growth Rates Show One Year’s Progress for Almost All Subgroups

As our source of verified academic data, i-Ready provides us with further evidence of the success of our educational program. Our school saw significant improvements in these growth rates year over year due to the intentional shifts in leadership and schoolwide practices as the schoolwide Median Progress to Annual Typical Growth increased from 100% in 2023-24 to

144% in 2024-25. The overall data from all students demonstrates consistent strong growth across our student body. Additionally, as can be seen below, in nearly every subgroup in every grade, our scholars demonstrated a median growth greater than or equal to the expected grade level growth over the past two years of data. In 2024-25, every single subgroup exceeded the i-Ready Growth Target for one year's Median Progress to Annual Typical Growth.

California School Dashboard

Many metrics on the California School Dashboard also demonstrate the success our scholars are experiencing in our educational program.

Suspension Rates Lower Than the State

The supports for scholars at ACRMA 12 are further demonstrated by suspension rates, as our school provides all students with counseling, social-emotional learning, and a well-implemented system of Positive Behavioral Interventions and Supports. In a subgroup analysis, the suspension rate at ACRMA 12 is lower than the state as a whole for all numerically significant subgroups. When the Resident Schools Median is compared, only the smallest subgroups at the school have higher Suspension Rates - English Learners and Students With Disabilities.

Suspension Rate - by Subgroup					
School	All Students	EL	SWD	Latine	SocEcon Disadv
ACRMA 12	0.8%	1.4%	3.4%	0.8%	0.8%

The post-Covid 19 years saw shifts in classroom culture as students returned to in-person learning. Despite our best efforts in the years following the national and state lockdowns, our Leadership Team in 2020 and 2021 was challenged and often short-staffed when it came to addressing behaviors that fall under the suspension matrix per LAUSD. While our overall suspension rate remains lower than the Resident Schools Median, our subgroup populations are still seeing a disproportionately higher suspension rate when compared with our All Students group.

To address these gaps, before the launch of the 2023-2024 school year, our new Leadership Team (Principal, Assistant Principal, Coordinators, Student Services Team, Operations Lead)

analyzed 2023-2024 EOY referral data via DeansList and found the same trend in referrals. Our Culture Team held meetings over the summer with teachers and co-created a new set of Core Values to be supported by our Positive Behavior Intervention System. Our teachers were trained on logging positive behaviors via our DeansList platform and encouraged to reward positive behaviors meant to address gaps in school culture. These points could be redeemed in our Mustang Store for rewards or saved up for attendance at a large incentive event like a Field Trip or other rewarding experience.

To address the gap in our suspension rate for our Students With Disabilities, our new Special Education Coordinator met with our Culture Team to identify what behaviors, if any, were being repeated and reinforced. All three worked on a series of PDs delivered to staff during the first months of the school year focused on de-escalation and alternatives to suspension. To address the larger school culture issues that were impacting learning in the classroom we expanded and rebranded our Culture Team, adding an additional Assistant Principal who focuses solely on student and school culture, an additional Dean, a Culture Liaison (to support the Dean), increasing Mental Health Support Services by adding an additional Counseling Intern, and streamlined social-emotional learning curriculum via our Advisory Program. We increased our budget for student events and parent engagement, and installed the previously described Positive Behavior Intervention System Store, creating a Mustang Bucks program to incentivize and reward behavior that aligns with our newly written Core Values. Our Assistant Principal and Deans worked with all of our teachers to launch a successful Culture reset during the first two weeks of school, minimizing student time out of class and in the hallways, and ensuring teachers were ready on day one to greet and engage with students. These moves, paired with a renewed focus on alternatives to suspension, have helped keep our suspension rate at or below the district averages.

Chronic Absenteeism Rates Lower Than LAUSD, the State, and the Resident Schools Median

These scholar supports are also clearly visible in the Chronic Absenteeism Rate. In this measure, scholars at our school have lower rates than the LAUSD Home School, the Resident Schools Median, LAUSD, and the State as a whole. This clearly demonstrates the effectiveness of our educational program in engaging with all students and encouraging them to attend on a regular basis.

Chronic Absenteeism Rate - by Subgroup					
School	All Students	EL	SWD	Latine	SocEcon Disadv
ACRMA 12	15.9%	19.6%	25.0%	15.0%	15.1%
LAUSD Home School	26.1%	28.4%	33.1%	23.9%	26.5%
Resident Schools Median	32.2%	30.0%	38.3%	29.7%	32.4%
LAUSD	23.3%	23.0%	30.9%	23.6%	25.1%
State	18.6%	20.1%	26.3%	21.7%	23.4%

The 2024 chronic absenteeism data underscores the challenges faced by ACRMA 12 in serving a historically underserved community, particularly in the wake of the significant disruptions caused by the COVID-19 pandemic. ACRMA 12's overall chronic absenteeism rate of 15.9% is notably lower than the LAUSD Home School's rate of 26.1% and the LAUSD average of 23.3%, reflecting a focused effort to keep students engaged and attending regularly despite systemic barriers. Among key subgroups, the school's absenteeism rates for English Learners (19.6%), Students with Disabilities (25.0%), Latinx students (15.0%), and socioeconomically disadvantaged students (15.1%) are consistently below those of the resident school and the district averages.

These outcomes reflect the school's commitment to addressing the complex challenges its students face, particularly as they continue to recover from the learning and engagement disruptions brought on by the pandemic. The lower rates for most subgroups compared to the resident school highlight ACRMA 12's success in implementing strategies to mitigate absenteeism among its most vulnerable populations. The following section will explore the specific practices, systems, and programs that support student attendance and engagement at ACRMA 12.

This year, the school launched a specific attendance team to support our chronic absenteeism rates. The team meets bi-weekly to discuss data and make specific plans to support our different student groups. Our coordinators for ELD & Special Education, Social Worker, & Counselor sit on this team to ensure the school is taking into account the scholar and family needs and builds sustainable plans to support all of our students. Through this process, the team has identified several needs that the school has been able to address with families, including transportation, social-emotional needs, and educational supports. The school has also implemented celebrations and awards for students attending school, including perfect attendance awards and special prizes at lunch to acknowledge their efforts. The Chronic Absenteeism rate for this year currently stands at 10.3%, which is on track to be an improvement from 14.6% in the previous school year. Our year-to-date average attendance rate currently stands at 95.7%, which is on track to be an improvement from 94.7% the previous year.

There has also been improvement in our students categorized as missing 10% or more in the school year, or Tier 3, which is down to 1.8% from 2.0% in the previous year. Our Tier 1 attendance tier, defined as missing less than 5% of the school year has increased from 85.4% to 91.4%.

Social Emotional Learning:

Over the past two years, ACRMA12 has added additional, specific full-time positions to help support the social-emotional needs of our students, a need that we have seen increase with the traumas and difficulties due to Covid.

As we know, our students and their families have had to work through a lot of trauma as it relates to the recent pandemic. To address this, our Student Services Team has intentionally created programs to increase visibility of support services. To grow the team, we added a full-time Counselor to our team of Social Worker and School Psychologist to work with our Assistant Principal and two Deans as direct support for our students. As a response to Covid, our Counselor also runs special-interest counseling groups (friendship,

self-esteem).

Our Student Services Team plays an integral role in supporting our Advisory Program, which saw an intentional shift this year to supporting students' Social-Emotional education. The Student Services Team and Leadership Team, along with a committee of teachers, generated an Advisory Curriculum that focused on grade-level literacy (each grade read a book and conducted a book study), digital literacy lessons, increased assemblies, and two days of community building, all lessons generated by our teachers.

ACRMA #12 is also a Community School, being the recipient of a Community Schools' Grant. This grant allows for the staffing of our new Community Schools Coordinator, who's tasked with outreach into the community. Our coordinator has identified workshops for parents, immigration advocacy and education opportunities, and has brought lively and educational assemblies to the school.

Our Student Culture Liaison is also a new position. Our Liaison serves two very important roles: one being to support our Student Services Team by offering 1:1 check-ins, and the other being the coordination of our Events and Incentives program. The Liaison is also the head of our No Place for Hate Committee, a partnership and initiative from our Home Office meant to support the transformation of hate speech on our campus. The committee meets to connect students with each other and provide education around inclusivity.

Our School Meets Criteria for Renewal Under Assembly Bill No. 1505

As the above data demonstrate, ACRMA 12 has achieved the statutory criteria for renewal under AB 1505. First, our school has "achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school" as stated in 47607.2 (b)(3)(A). This has been shown through DFS performance exceeding the Resident Schools Median, and by meeting the i-Ready threshold of median typical growth schoolwide, across nearly all grade levels, and within nearly all numerically significant subgroups in both ELA and Math. Given our school's performance described above, it is evident that our school continues to be an important and outstanding school of choice within its neighborhood. However, we as a school community will continue our efforts to improve every year to ensure our scholars receive the education they deserve. We will continue to work strategically to continue to close the achievement gap that so many of our scholars come to us with, to ensure they leave ready to get to and through college.

Under the above-verified data and language from AB 1505, as well as the requirement written in 47607.2 (b)(2) that, "the chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal," ACRMA 12 has met all criteria for renewal and must be granted a renewal term of five years.

Success of Key and/or Innovative Features of the Educational Program

The success of the below features has been analyzed above under School's Academic Performance.

Key or Innovative features of the Alliance educational program are as follows:

- 1. High Expectations for All Students** - All students, including students in historically underachieving communities, can successfully learn at high levels and have a fundamental right to high expectations and quality instruction that prepare them to enter and succeed in college. All students must pass the A-G college entrance course requirements with a grade of C or better to graduate and be at least proficient in core academic standards (reading, writing, math, science, history/social science) to be ready for success in college.
- 2. Small Personalized Schools and Classrooms** - Students learn best in small learning communities where their education is personalized so that students know their teachers and are well known as individuals by all adults in the school. Blended-learning classrooms, like those at Bloomfield, offer even more personalized and individualized instruction that targets individual student learning needs, takes them from where they are and accelerates their learning to where they need to be in order to graduate ready for success in college.
- 3. Increased Instructional Time** - All students must have sufficient time in school to learn successfully. The school offers a longer school year and ongoing opportunities for extended learning time through intervention or enrichment to meet individual student needs. Daily learning time is structured in longer instructional blocks of time to allow for focused in-depth learning. Students will also have access to online resources, be able to replay online content, and access other features allowed by using technology, creating many out-of-classroom learning opportunities. Research demonstrates how increased learning time can lead to higher achievement.
- 4. Highly Qualified Principals and Teachers** – All Alliance schools must have exemplary principals who are capable instructional leaders and entrepreneurs in managing resources, and who are given opportunities for ongoing leadership training. Knowing that students learn best with teachers who know their subject field, are well trained to deliver rigorous instruction, and can attend to the diverse needs of individual students, these skills are at the forefront when selecting and developing teachers. Our teachers work in collaborative teams with common planning time where lessons are studied as a learning community and where accountability for student success is a shared responsibility.
- 5. Working with Parents as Partners** - Parents at all Alliance schools are meaningfully and actively engaged in their children's education. They have a right to choose to send their children to excellent high performing schools. Parents must be responsible and accountable for supporting their children's learning at school and at home. They must understand what it will take to prepare their children for college, and they are encouraged to support the goals of the school through their voice and through volunteering.

Success of School's Educational Program in Meeting Needs of Student Population

The success of the below program elements has been analyzed above under School's Academic Performance.

The educational program at ACRMA 12 is designed to ensure that all students, including those in numerically significant student groups (low-achieving, socioeconomically disadvantaged, students with disabilities, and students from other subgroups), receive the support necessary to meet or exceed academic standards.

Identification and Support for Low-Achieving Students:

- **Early Identification and Monitoring:** The school identifies low-achieving students through diagnostic assessments, state testing, and grades, with a focus on students earning below a C or showing academic deficiencies. Teachers and school leadership teams actively monitor this data, and interventions are put in place based on interim assessments and progress reports.
- **Tailored Interventions:** Low-achieving students are provided with targeted support in core subjects, such as English Language Arts (ELA) and math. Remediation and support classes are offered; and teachers use online digital content providers to supplement one-on-one instruction, alongside high dosage tutoring. This personalized approach allows the school to address the specific academic gaps of each student.
- **Outcome Tracking:** Success is measured through ongoing assessments, including state exams and formative assessments, with regular data analysis to evaluate the effectiveness of interventions. For example, over the past year, students in remediation and support classes demonstrated a 10% increase in proficiency rates in math and ELA compared to the previous year.

Support for Socioeconomically Disadvantaged and Low-Income Students:

- **High Proportion of Low-Income Students:** Approximately 92.8% of students at ACRMA 12 qualify for the federal lunch program, reflecting a student population that is predominantly socioeconomically disadvantaged.
- **Targeted Academic Support:** The school uses standards-based grading, scaffolded and differentiated learning, and after-school tutoring to ensure that low-income students receive the necessary academic support to succeed. Programs are designed to meet the needs of students who enter the school behind grade level, with progress tracked through interim assessments and state exams.
- **Academic Performance Monitoring:** In addition to academic support programs, students' progress is evaluated through regular interim assessments, college readiness exams, and state exams. These measures help track student performance and inform necessary adjustments in instruction.
- **Student Support Teams:** To ensure that all students receive the support they need, the school utilizes a structured support process, led by a designated team or staff

member, to identify and address the needs of students requiring additional assistance. This process is guided by multiple forms of data, including formative, summative, and standardized assessments, as well as input from teachers, staff, and administrators. The team regularly monitors student progress, collaborates to implement appropriate interventions and supports, and ensures ongoing communication and partnership with families throughout the process.

Support for Students with Disabilities:

- **Child Find Obligation:** Under the Individuals with Disabilities Education Act (IDEA), the school actively identifies, locates, and evaluates children who may have disabilities and require special education services. This process, known as Child Find, includes outreach to families, screening procedures, and collaboration with teachers to ensure early identification. If a student is suspected of having a disability, the school follows district protocols to initiate evaluations and determine eligibility for services.
- **Specialized Services:** Students with disabilities are provided with accommodations and support based on their Individualized Education Programs (IEPs). The school ensures that these students are supported through differentiated instruction, small group interventions, and specialized services, as outlined in district-required language.
- **Inclusion Strategies:** Students with disabilities participate in general education classrooms with appropriate accommodations or modifications. Teachers are trained in inclusive practices and differentiated instruction to ensure that students with disabilities can access the general curriculum effectively.
- **Data Monitoring and Adjustment:** Student progress is monitored regularly through IEP meetings, formative assessments, and teacher observations. This data helps guide the adjustments in instructional methods and support services, ensuring continuous growth for students with disabilities.

Support for Students from Other Subgroups (Foster Youth, Homeless Students, etc.):

- **Identification and Coordination of Services:** Foster youth, homeless students, and other related subgroups are identified during the enrollment process, and the school works closely with community agencies to provide tailored support. This includes tutoring, counseling, transportation, and coordination of services.
- **COST Process for Tailored Support:** The Coordination of Services Team (COST) process is used to develop individualized support plans for these students, involving school administrators, counselors, teachers, and relevant staff members. The team ensures that students receive the resources and assistance they need, including emotional and academic support.
- **Regular Academic Evaluations:** Academic performance for students in these subgroups is reviewed regularly. Adjustments to support services or curriculum are made as necessary, ensuring that students' specific needs are being met.

Support for English Learners:

- Supports for English Learners are outlined in the English Language Learner Network Plan

The educational program at ACRMA 12 successfully meets the needs of its diverse student population through early identification of at-risk students, personalized academic support, and a coordinated approach involving teachers, families, and community resources. With a strong focus on data-driven decision-making, targeted interventions, and continuous professional development, the school has seen measurable improvements in student outcomes across all subgroups. As a result, the charter school's educational program is effectively addressing the specific needs of its student population, including numerically significant groups, ensuring that all students have the opportunity to succeed academically.

Areas of Challenge and Improvement, Plans for Improvement

Continued Improved Growth and Achievement in Math and ELA

Improvement in the areas of ELA and Math continues to be one of the primary foci of our school as we move through the post-Covid years. We have seen very significant learning loss due to Covid, as the progress seen in 2019 was stopped, and a downward trend has been present since that time. Previous to the pandemic, our scholars' scores were superior to the LAUSD average and were competitive to the state as a whole. Our goal in the coming years will be to arrest this post-Covid downward trend in ELA and accelerate recent years of growth in Math. All of the changes and practices that we have implemented and described above are intended to ensure that we see continued growth in our DFS for Math and ELA year over year (a trend that has begun in ELA and continued in math, based on preliminary 2025 SBAC data). We will continue to implement the described changes above and employ our intensive data-driven strategy to continue to uncover root causes and actions that will continue to allow our scholars to grow their academic achievement.

Program and Leadership Shifts in Response to Schoolwide DFS Decline

Even with the good cohort growth that our scholars demonstrate, we identified that the performance of our 6th-grade class of scholars had declined markedly over the past three years. We also recognized that the performance of some of our 7th-grade classes was having an impact on overall school DFS, despite our school showing strong DFS growth by the time our scholars were tested in the 8th grade. We believe our 6th-grade ELA DFS performance in particular struggled the last few years because of a lack of instructional coaching from leadership, inconsistent teacher attendance, slow to inconsistent adoption of our network curriculum, and lack of overall ELA department cohesion. With strong support from the Alliance Home Office, our school has made very significant changes in leadership, including a new principal, as well as significant changes in instructional practice that we believe led to increased i-Ready growth and will lead to increased DFS growth in the coming years (already evidenced in our 2024-25 preliminary ELA SBAC scores).

In order to fully understand the context of our ELA data, and before our new Principal was fully onboarded in May and June of 2024, a stop-gap leadership team consisting of our Instructional Superintendent and Assistant Principal, along with Alliance Home Office support,

conducted a systematic forensic analysis of our ELA SBAC data to explain the precipitous drop in scores over the past two years, particularly with our 6th grade cohort.

We analyzed network-administered Panorama student data to understand our gaps in Students With Disability data, as well as our overall student-teacher relationship gaps. We also analyzed staff survey data to understand any larger school or systemic culture issues. Finally, we analyzed instructional coaching frequency, curriculum fidelity, class sizes, interventions, planning time, and teacher observation walk-through data. After conducting this step-back, it was clear that the highest-leverage moves would be to make a concerted effort to turn around a disengaged classroom and school culture and make major personnel shifts in the ELA department, with increased hands-on support for our subgroups, particularly for our English Learners.

After reviewing our end-of-year data for school year 2023-2024, it was evident that the teachers across the department were not meeting the needs of our scholars. As we analyzed internal quarterly benchmarks, as well as in SBAC data, in the planning summer months of 2024, we made shifts in all three grades. A new Special Education Coordinator, who had previous success implementing a co-teaching model both as a teacher and a department lead, joined our team from another Alliance high school. To address the gap we were seeing with our Students with Disabilities, we leveraged our new Special Education Coordinator's experience and expertise and instituted a co-teaching model with our Resource Teachers to help provide support in our General Education classrooms. Our Resource Teachers worked with our new Special Education Coordinator on co-planning lessons, focused on implementing specific scaffolds for our students with IEPs, and attended a training on specific engagement strategies aimed at diverse learners. Our instructional coaches aligned on supporting these strategies, and we saw alignment with scaffolds across our Intellectual Prep for all of our teachers. These practices launched in the 2024-2025 School Year and our early data is encouraging us to continue these practices going forward.

We followed a similar protocol to address the larger school culture issues that were impacting learning in the classroom we expanded and rebranded our Culture Team in the Summer of 2024, adding an additional Assistant Principal who focuses solely on student and school culture, an additional Dean, a Culture Liaison (to support the Dean), increased Mental Health Support Services by adding an additional Counseling Intern, and streamlined social-emotional learning curriculum via our Advisory Program. We increased our budget for student events and parent engagement, and installed a Positive Behavior Intervention System Store, creating a Mustang Bucks program to incentivize and reward behavior that aligns with our newly written Core Values. Our Assistant Principal and Deans worked with all of our teachers to launch a successful Culture reset during the first two weeks of school, minimizing student time out of class and in the hallways, and ensuring teachers were ready on day one to greet and engage with students.

Our focus on the ELA Department began with transforming the culture of the classroom in the 6th grade. As the 2024-2025 school year started, we shifted our 6th Grade English teacher into our Electives department, leveraging her background in the Visual and Performing Arts to anchor our Film Studies elective. We shifted our 7th Grade ELA teacher over to a Reading Specialist role, where she is now working with our foundational readers in a small group setting. We hired an in-house Fellow to teach our 6th-grade students and leveraged his ability to build strong student relationships. We saw evidence of this in his Student Teacher year, and we brought him on to instill curriculum fidelity and address the gap in teacher-student

relationships, asking him to set a strong foundation in 6th Grade. We hired an experienced teacher for our 7th-grade classes, who specializes in teaching informational and expository writing to address the glaring needs in the 6th-grade cohort. We asked her to bring structures, systems, and to focus additional attention on working with diverse learners. Finally, we moved our strongest ELD teacher from the previous year to teach 8th grade. She has demonstrated the ability to be a strong literacy and writing teacher, with High School seminar teaching experience. She was also named Department Chair and receives direct coaching from our Home Office ELA Instructional Specialist. Together, they co-create agendas for the department meetings, analyzing exit tickets with an emphasis on subgroup performance.

This past year, with our new Leadership Team, we conducted quarterly data stepback meetings aimed at analyzing outcomes with a focus on our subgroups and brainstorming immediate interventions to address gaps. We also use this time to calibrate coaching strategies so our teachers experience aligned, targeted, and specific support. As a result of this process, our Instructional Team decided to focus on pedagogical strategies targeted at improving classroom culture, increasing engagement, lifting up and activating student voice, and increasing reading stamina and writing rigor.

Our interventions included a curriculum audit that occurred in advance of our quarterly stepback meeting in the Fall of 2024. This audit revealed the 6th grade was underutilizing informational writing and vocabulary acquisition. As a result, an intentional shift was made to include those pieces earlier and more often, particularly in our co-teaching sections. Our 7th-grade teacher wanted to increase the rigor of her writing assignments, so she created additional end-of-unit writing assessments and collaborated with other departments to provide support for students as they ramped up their writing to multi-paragraph essays. Our 8th-grade teacher saw a need to increase engagement strategies and sought out external professional development, taking the whole department to a Collaborative Engagement Strategies Workshop focused on the work of Dr. Kagan, where the department aligned on key Engagement Strategies targeted at English Language Learners. She also asked all ELA teachers to include these strategies in their lesson plans for review and feedback.

Reverse Decline in the English Learner Progress Indicator

Although our English Learners made very good progress in 2023, which exceeded the LAUSD Home School, LAUSD, and the State as a whole, our progress has declined in 2024. Although this metric is very volatile, we take last year’s decline seriously and are taking steps to address it.

English Learner Progress - 2023	
School	EL
ACRMA 12	60.3%
LAUSD Home School	55.5%
LAUSD	48.4%
State	48.7%

English Learner Progress - 2024

School	EL	LTEL
ACRMA 12	33.6%	35.1%
LAUSD Home School	55.3%	65.1%
Resident Schools Median	46%	55.2%
LAUSD	47.5%	50.4%
State	45.7%	45.8%

The English Learner (EL) progress data from 2024 highlights the challenges and opportunities for ACRMA 12 in supporting a historically underserved student population disproportionately affected by the COVID-19 pandemic. In 2024, 33.6% of ELs at ACRMA 12 met their target growth, compared to 55.3% at the LAUSD Home School, 47.5% across LAUSD, and 45.7% statewide. For Long-Term English Learners (LTEL), 35.1% at ACRMA 12 met their growth targets, compared to 65.1% at Los Angeles Academy, 50.4% across LAUSD, and 45.8% statewide.

It is important to note that while these 2024 numbers reflect a snapshot of the ongoing challenges faced by English Learners, they can be volatile due to the relatively small size of the EL and LTEL populations at ACRMA 12. This smaller sample size amplifies the impact of even minor variations in individual student performance on the overall data.

Moreover, the 2023 data provides critical context, illustrating that ACRMA 12 achieved remarkable gains in supporting ELs in the previous year, with 60.3% of English Learners meeting their target growth, outperforming both the resident school (55.5%) and the district (48.4%) and state (48.7%) averages. These results underscore the capacity of ACRMA 12 to deliver meaningful academic progress when systemic challenges are mitigated and further reflect the effectiveness of the school's targeted interventions in prior years.

While the 2024 data signals areas for focused improvement, ACRMA 12 has demonstrated its ability to drive progress through intentional, data-driven practices and supports. The school's commitment to addressing the barriers faced by English Learners remains evident, and its history of success provides a strong foundation for future growth. The following section will delve into the specific practices, systems, and programs that underpin ACRMA 12's efforts to support its English Learners, ensuring equitable opportunities for success.

To support our English Learners' development, the school has made three key changes to support students both in designated and integrated ELD.

First, we added an additional ELD teacher, teaching sections in both 6th and 7th Grade designated ELD. This teacher was previously assigned as an ELA teacher and is credentialed to teach Reading Intervention and has experience in using the Science of Reading. During our Strong Start launch to the School Year, this teacher received additional training and support from our home office ELD coaches. In addition to adding an additional ELD teacher, we introduced two sections of small group reading intervention using the Science of Reading. Students in these sections are exposed to additional phonics support and strategies on how to pronounce words and read paragraphs with more fluency. The results from i-Ready in the 2024-25 school year have shown that the school has been making progress with our English Learners in 6th (119% vs 117%) and 8th (183% vs 147%) grade making more progress than their peers and our 7th graders still well above the typical annual growth at 171%.

Second, in designated ELD, the school has focused on the planning and execution of lesson plans. The specific focus has been to start with the standard/objective in mind and to build multiple opportunities for students to engage in all four domains of English throughout the block. This focus on planning and execution has led to additional opportunities for students to engage in both ELD & grade-level appropriate standards.

Lastly, each quarter, the ELD teachers have sat down with their ELA counterparts and looked at student data. This has allowed the teachers to collaborate with each other on grade-level rigor, as well as given them a space to align on strategies to support students in both subjects. The program has shown promise, particularly in 8th grade, with students on track to make two years' worth of growth in ELA. The focus the team uncovered was on writing. The team has moved to less scaffolding for writing and increased writing duration, which has shown promising results both on the i-Ready and ELA winter interims.

Student Population to be Served

Target Student Population

ACRMA 12 currently serves 495 students in the 2024-2025 school year. The student population is 95.6% Hispanic/Latino, 1.4% Black/African-American, and 3% Other. 27.9% of the students are English Language Learners, and 9.3% are Students With Disabilities. On average, the students we serve start their academic careers with us three grade levels behind in academic achievement.

ACRMA 12 is an independent charter high school that serves students in grades 6-8, providing an alternative choice of quality education in the community of South Park.

Since the opening of ACRMA12 in 2013, we have grown from one 6th-grade charter school class at a tiny former church school to a full middle school program on the beautiful three-acre campus that our students, teachers, community members, and parents deserve. We strive for improvement every day and work as a team to make our vision of the go-to middle school in Los Angeles a reality for our students, who come from historically disadvantaged backgrounds.

Twelve years later, ACRMA12 is serving 495 students in grades 6, 7, and 8, as one of 10 middle schools in the Alliance College-Ready Public Schools network. We offer a longer school day and school year than nearby district schools, and all students are expected to complete their core classes, electives, and physical education requirements. ACRMA12 follows Alliance and LAUSD open-enrollment policies in which students are enrolled through a state-sanctioned lottery because there are typically more students than seats available in any given year. We draw our student population from more than 60

elementary and middle feeder schools in LAUSD, the local charter networks, and local parochial and private schools. Our student demographic patterns have varied little from our opening in 2013, with 98% Hispanic, and 2% African-American or other. This continues to mirror the ethnic profile of the South Park area of Los Angeles, with 96% Hispanic, and 4% African-American or other.

Goals and Philosophy

Vision Statement

We strive towards an equitable and challenging learning environment where **ALL** are invested in positively impacting **OUR** community.

Theory of Action: Every action and initiative must be seen through the lens of our vision for all students. All students will attain improved overall proficiency if we maintain our focus on consistent, clear, intentional instructional, social-emotional, operational, and culture strategies based on shared accountability, positive engagement, and actionable data.

Mission Statement

Alliance College-Ready Middle Academy 12 - Home of the Mustangs - has a learning environment that seeks to uplift and educate the whole child. We commit to embedding trust, love, and joy as we deepen our advocacy, our language, and our cutting-edge skills.

Characteristics of an Educated Person in the 21st Century

A well-educated person in the 21st Century must be highly proficient in a rigorous set of competencies in language, reasoning/problem solving, reading, writing, computation, interpersonal relationships, social/ economic studies, the use of technology, and personal work habits in order to succeed in a modern college education and in a career within the global economy.

A well-educated person recognizes that the world is constantly changing, and is a self-directed lifelong learner prepared to continually adapt to changes that require new skills and competencies to be successful in their lifetime. An educated person understands that creative

thinking leads to opportunity, that talent can be turned into true skill, and that all human beings are equal and important.

The ACRMA 12 curriculum, instructional methodology, and environment are designed to instill and develop these skills in our students so that they can achieve success in college and in their chosen careers, and can continue to be self-directed learners, highly skilled critical thinkers, and effective communicators throughout their lives.

How Learning Best Occurs

At ACRMA 12, we believe that exceptional teaching is at the heart of student success in high school, college, and beyond. Every day, with every student, we exemplify this belief through the academic commitments below. We believe learning occurs best when classrooms are characterized by the attributes below, as described in our Alliance Core Rubric:

CULTURE OF LEARNING: Our students thrive in classrooms that are joyful, inclusive, and affirming.

- Teachers create a learning environment where every student feels respected and seen, supported by clear expectations, positive routines, and culturally responsive practices.
- Students are engaged from start to finish, taking part in a learning community that values their identities and voices.
- Students feel a sense of belonging and bring their full selves into the classroom, confidently collaborating with peers and actively participating in their learning.

ESSENTIAL CONTENT: Our students grow when challenged with rigorous, relevant content, building strong learning habits and life skills.

- Teachers design instruction aligned to grade-level standards and language objectives, using high-quality materials that reflect the diversity of their students. Through multiple access points and consistent language development, instruction supports all learners in engaging deeply with complex ideas.
- Teachers use data to strategically tailor instruction based on what their students need, keeping the bar for academic rigor high.
- Students build academic vocabulary, make meaning across content areas, and see their cultures and languages reflected in what they learn.

SCHOLAR OWNERSHIP: Through meaningful peer interaction and use of academic language, our students are empowered to express and refine their thinking while learning from one another.

- Teachers structure lessons so that students take on the cognitive lift - reading, writing, problem-solving, discussing, and analyzing with purpose.
- Students engage in rigorous work, productively collaborate, and take responsibility for their learning by grappling with challenges and building on feedback.
- Students employ a variety of tools and strategies, including technology, to accelerate their learning, build knowledge and skills, and obtain feedback on their performance.

DEMONSTRATION OF LEARNING: Our students succeed when they can show what they know and use feedback to grow.

- Teachers design learning experiences that allow students to demonstrate understanding through academic language, writing, and performance tasks.
- Teachers provide ongoing feedback that celebrates progress and clarifies next steps toward mastery.
- Students reflect on their learning, revise their thinking, and use multiple forms of evidence to show their progress toward rigorous content and language goals.

Life-Long Learners

LCAP Goal	Become and Remain Self-Motivated, Competent, and Lifelong Learners
Goal 1: All scholars have access to the personnel and resources that they need to support learning, including quality teachers and administrators, in-classroom assistance, well-maintained facilities, and a well-operated school environment	In order to support students’ academic growth and socioemotional wellbeing, they must have access to the necessary learning environment and resources.
Goal 2: All scholars have access to a robust instructional program that supports scholar achievement.	In order to allow our students to meet their potential, they must have access to a strong instructional program.
Goal 3: All parents are provided meaningful involvement opportunities to support their child’s education at home and at school.	By engaging parents in their children’s school experience, they are able to provide valuable insights to support learning and emotional wellbeing.
Goal 4: All scholars and staff have a voice and feel supported within their school community through a shared decision-making process, clear expectations, and a discipline process grounded in positive behavior interventions.	By ensuring all students feel engaged and supported, our school enables them to grow to their potential.
Goal 5: Promote a college-going culture with a focus on supporting each scholar’s journey to and through college	By focusing on a college-going culture, rather than just academics, our school enables our students to gain the tools for long-term success

LCFF State Priorities

**LCFF STATE PRIORITIES
(Charter Term Commencing July 1, 2026)**

GOAL #1

Basic Services - All scholars have access to the personnel and resources that they need to support learning, including quality teachers and administrators, in-classroom assistance, well-maintained facilities, and a well-operated school environment. (Aligned to Basic Services State priority)

Specific Annual Actions to Achieve Goal

1. **Instructional Materials and Technology** - Ensure that all scholars have access to rigorous, standards-aligned instructional materials and technology to support academic achievement.
2. **Teachers and In-Classroom Assistance** - Ensure that scholars have access to teachers that are appropriately assigned in all classrooms as well as in-classroom assistance.
3. **Administrative Support** - Provide adequate administrative support to ensure a safe and orderly environment that supports the instruction of rigorous academic standards.
4. **Maintenance and Operations** - Maintain adequate support, resources, and supplies to ensure a safe, clean, and orderly campus and to operate the site effectively.
5. **Professional Development** - Provide teachers, staff, and administration access to high-quality professional development, including regular observations, feedback, and coaching.
6. **Teacher and Staff Recruitment** - Effectively recruit highly effective teachers and staff to support positive academic outcomes for our scholars.
7. **Counseling Services** - Provide scholars with counseling services to provide academic and socio-emotional support.
8. **English Learner Support** - Ensure that English Learners receive in-classroom assistance, appropriate interventions, and maintain programs to support their academic growth and needs, with a focus on supports for Long-Term English Learners. Additional intervention supports will be implemented for struggling English Learners due to this school receiving a Color Rating of Red in the English Learner Progress indicator on the 2023 California School Dashboard.
9. **Students with Disabilities Support** - Ensure that scholars with Disabilities receive in-classroom assistance and maintain programs to support their academic growth and needs.
10. **Improved Student to Certificated Staff Ratio** - Ensure that scholars are provided with reduced class sizes and a high level of direct support from site administrators and other certificated staff.

Expected Annual Measurable Outcomes

GOAL #2

Instructional Program - All scholars have access to a robust instructional program and broad course of study that supports achievement (Aligned to Pupil Achievement, Course Access, and State Standards State priorities)	Related State Priorities: <input type="checkbox"/> 1 <input checked="" type="checkbox"/> 4 <input checked="" type="checkbox"/> 7 <input checked="" type="checkbox"/> 2 <input type="checkbox"/> 5 <input type="checkbox"/> 8 <input type="checkbox"/> 3 <input type="checkbox"/> 6
	Local Priorities: <input type="checkbox"/> : <input type="checkbox"/> :

Specific Annual Actions to Achieve Goal

- Mathematical Instructional Strategy** - Ensure that, each day, scholars are working toward a clearly identified mathematical concept through 1-2 core tasks for each lesson,

all of which are identified in intellectual preparation, and are actively discussing the math with their peers. Moreover, Math teachers will structure and guide the discussion of core tasks so that scholars demonstrate mastery of the mathematical concept by the end of the lesson as well as provide scaffolds and supports that allow English Learners, scholars with Disabilities, and struggling scholars to access the core tasks and participate in academic discussions in a meaningful way.

2. **English Language Arts Instructional Strategies** - Ensure that, each day, scholars read and analyze grade-level complex texts and engage, through discussion and/or writing, with strategically sequenced text-dependent questions (“TDQ”) that lead them to the big ideas and key understandings of the text, topic, and/or author’s craft. Moreover, ELA teachers will provide scaffolds and supports that allow English Learners, scholars with Disabilities, and struggling scholars to access the text and participate in academic discussions in a meaningful way.
3. **Instructional Materials and Technology** - Ensure that all scholars have access to rigorous, standards-aligned instructional materials and technology to support academic achievement.
4. **Additional Academic Supports** - Provide scholars with additional academic support outside of their core classes.
5. **Accelerated Courses and Enrichment Opportunities** - Ensure all scholars have access to a robust offering of accelerated courses and enrichment opportunities.
6. **Academic Rewards and Incentives** - Provide scholars with rewards and incentives to promote positive academic performance.

Expected Annual Measurable Outcomes

Outcome #1: Implement State Standards

---	---

Specific Annual Actions to Achieve Goal

1. **Scholar and Staff Voice and Decision-Making** - Maintain a focus on school culture through agreed norms, routines, and systems to capture scholar and staff voice in the decision-making process. Students who struggle with attendance will be supported with appropriate interventions
2. **Uniforms** - Provide uniforms to all scholars to promote an inclusive and equitable school environment
3. **Socio-Emotional and Academic Needs Support** - Maintain personnel to support the socio-emotional and academic needs of scholars and to promote a positive school environment. Restorative practices and alternatives to suspension will be available to all students.
4. **Community and Culture Building Activities** - Provide scholars and staff with opportunities to participate in community and culture building activities as well as positive incentives and rewards to promote a healthy school culture and attendance

Instructional Design

Curricular and Instructional Design

The educational model for curriculum and instruction at ACRMA 12 is guided by our key program elements, our beliefs about how learning best occurs and by best practices researched in high performing high schools² that consistently produce well-educated students prepared to successfully enter and succeed in college. The philosophical base and the organizational structure for ACRMA 12’s curriculum are student-centered and are in accordance with accountability for meeting or exceeding grade-level Common Core, Next Generation Science Standards, ELD, and other state college readiness standards.

Each school year, students are enrolled in a variety of core and non-core classes that support their academic growth and success. Each class is purposely designed to provide appropriate academic intervention or foundation or an opportunity to explore interests and skills. Core and non-core classes are developed to support student success beyond ACRMA 12. As a result, per grade level, all students are enrolled in core classes, such as English, math, science, and history per California Education code. Students also enroll in non-core classes such as math and English support classes that provide appropriate intervention for students who are falling behind in math or English, as well as World Languages, Art, social studies, and other electives.

Specifically, ACRMA 12 employs a standards-aligned curriculum that prepares students to excel academically, with an increased focus on Math and English scores. Research from ACT’s seminal study³ on college readiness found that students’ ability to comprehend complex text is the factor that differentiates college-ready readers from their non-ready peers. The study also highlighted the importance of reading across the curriculum, given that of the students not meeting the ACT Reading Benchmark, only 5% met the ACT Science benchmark. In addition, research consistently shows that building student knowledge via informational text is crucial to developing students’ literacy ability. Finally, in order to access grade-level, complex texts, students must have repeated exposure and practice with complex text through close reading across content areas that requires reading, speaking, and writing

grounded in evidence⁴⁵⁶.

Given this strong body of research, ACRMA 12's educational program positions literacy skills as the gateway skills that provide for student success across all content areas. In every course, students are required to analyze complex text, cite textual evidence through discussion and writing, and justify their thinking. In Science and Social Studies, students engage in informational texts, such as primary source documents (e.g., the US Constitution) or domain-specific texts (e.g. scientific journal articles), which demand careful reading and analysis to make meaning. In Mathematics, students engage in daily tasks that require solving real-world problems and justifying (orally and through writing) their mathematical thinking. Finally, across all subjects, all students are pushed to carry the cognitive and intellectual thinking required by the Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS), as well as the English Language Development (ELD) Standards/Framework⁷.

ACRMA 12 attests that each pupil in the school will have sufficient instructional materials in each subject area.

Each spring, the Principal, in consultation with staff, identifies areas of need and orders materials for the following year. Recent studies published by the Center for American Progress, Brown Center on Educational Policy at Brookings Institute, and RAND Corporation⁸⁹ consistently find that the quality of instructional materials teachers use in the classroom has a measurable impact on student performance. Curriculum materials are selected based on their alignment to the CCSS/NGSS/ELD standards and instructional shifts and materials must prepare students to graduate ready for college.

In alignment to the ACRMA 12's educational program, curriculum materials across content areas provide students with daily assignments that require careful reading of complex text as well as writing and discussion grounded in evidence. In accordance with the CCSS instructional shifts in English Language Arts, a variety of genres and text types are used, with the majority of texts being informational texts. Additionally, across content areas teachers use a number of instructional strategies like multiple reads, text-dependent questions, and annotation to ensure all students have access to the material. In mathematics, curriculum materials focus deeply on student mastery of California Common Core State Standards through problem-based lessons. Finally, in every course, teachers carefully align daily objectives, activities, and formative assessments to the standards and monitor progress against the standards through our standards-based grading system.

Innovative Components of the Educational Program

Extended School Day/Year. As noted in our school calendar and bell schedule, our scholars experience a longer school year (total minutes) than comparable LAUSD schools.

Advisory Classes. Students are members of a single Advisory class throughout their years at our school. Within these classroom communities, they are provided with supports through Social-Emotional Learning curriculum, college and career readiness, and community building. Our Advisory Program is drawn from the Mission and Vision and centers on teaching and committing to our values of Respect, Integrity, and Compassion. Our Advisory Program aims to first teach the meaning of these values to our students and then, through a variety of experiential learning opportunities, expose our students to practicing these [values](#) every day. Every day has an anchor lesson designed to emphasize one of these three values.

On Mondays, students will be encouraged to practice their values of Compassion as they journal with a series of prompts that are designed to have them reflect. On Tuesdays, we are introducing a school-wide read with books that are intentionally chosen to expose students to our Core Values. There will be discussion prompts provided with these book choices. On Wednesdays, Advisors and students will practice Integrity and will conduct grade checks with students. Teachers will schedule 1:1 meetings with students to support them through their learning. Thursdays and Fridays are reserved for Respect and Compassion as we have lessons that are delivered by our Student Services Team and Lessons that are from our Digital Literacy Curriculum. Fridays will be student body gatherings and activities that are planned by our Culture Team.

Intellectual Preparation (IP): Teachers select lessons that reflect pivotal knowledge and skills upon which upcoming curricular content is built. The teachers in that department then engage in a rigorous lesson planning protocol, which is then submitted to their content instructional lead and administrator for feedback and observation of a key lesson from their submission. Alignment with college-ready content and skills, as determined by CCSS, NGSS, and aligned to college-readiness assessments, is essential.

Data Driven Instruction: As a learning community, our school uses a plan-teach-assess-analyze process with data from high-stakes annual assessments, network interim assessments, and classroom-level data to improve instruction and respond to the unique needs of our scholars.

Regular Observations/Feedback: Instructional leads and supervising administrators observe teachers regularly to provide educators with meaningful feedback in the form of bite-sized action steps. Follow-up observations further develop that bite-sized step or provide a new bite-sized step to sustainably improve instruction to our scholars.

Restorative Practice & Discipline: School staff use restorative practices to build a supportive and welcoming school culture. School staff are trained in these practices to cultivate and maintain relationships and mediate differences among students. The 2024-25 school year, the school worked on incorporating the core values of respect, compassion and integrity schoolwide through the adoption of a clear PBIS system. The culture team defined each of these core values through advisory lessons, and students were acknowledged schoolwide for meeting these values through Mustang Tickets, which could be redeemed

twice a month in our school store.

Social-Emotional Wellness. To be college and career-ready, our students must have the coping and social skills necessary to navigate challenges and complexities after high school. Over the past years, through training and live-coaching in classrooms, we have equipped teachers with the skills to support students from the community we serve. Quarterly, the mental health team has run professional development with teachers regarding several topics around wellness, including: self-care, suicide risk,

Technology Access. A target ratio of one computing device for every student ensures students' adequate access to technology for effective use in student learning, common core and digital classroom instruction, data management, SBAC online state assessments, and communication. Classroom teachers are also provided with computing devices and use consistent data systems for monitoring student performance, managing grades, and internal school and network communication with other schools. Students also receive access to online curricula in many classes, and are provided with internet hot spots and take-home computing devices for the year upon request.

Student Organizations: Scholars have the opportunity to participate in various student organizations on campus to increase their leadership portfolio and learn valuable skills. These organizations include:

No Place for Hate: A scholar-led program focused on building a learning community of belonging, respect, and opportunity.

Mustang Council (Student Council): A scholar-led afterschool enrichment opportunity focused on supporting school-wide events and increasing student sense of belonging.

Chess Club: A scholar-led lunchtime enrichment opportunity focused on using chess to build community.

Summer Bridge: During the summer months, we reserve 4 days to welcome our incoming 6th Graders to campus for an orientation and a chance to build culture. Over the four days students are introduced to the school's Core Values, take a guided tour of the campus, get introduced to Student Council mentors, and enjoy a culminating assembly to kick-off their Middle School experience. Parents are also welcome to the campus at the same time to pick up important information in a workshop setting with our Leadership and Operations Team.

Academic Office Hours/Academic Mentoring/Academic Tutoring: Instructional staff members host Academic Office Hours and Mentoring according to a weekly rotating schedule. During this time, scholars are given the opportunity to receive small group instruction, receive tutoring, get to know their teacher on a more personal level and/or form study groups with other students.

Curriculum and Instruction

Description of Curriculum

In addition to the methods and strategies described in the “Innovative Components of the Educational Program” section, our schools implement the below:

Students learn best when there are rigorous standards-based curricula where students lead the cognitive thinking of challenging content that builds strong learning habits and life skills; when students enthusiastically read, write, analyze, discuss, research, experiment and solve challenging problems; when students participate in robust scholar to scholar academic discussions that deepen their understanding of challenging content; when students employ a variety of tools and strategies, including technology, to accelerate their learning, build skills and obtain feedback on their performance.

Instructional methods and strategies include, but are not limited to, students engaging in close reading of complex texts across a variety of genres, applying mathematical concepts to real-world problems, researching and analyzing primary sources, and conducting laboratory experiments that deepen their understanding of a scientific phenomenon. All academic experiences build the skills and knowledge students need to be successful in college and beyond.

ACRMA 12 has fully implemented Common Core State Standards, using CCSS-aligned curriculum. Next Generation Science Standards are being implemented in Science. The Social Studies/History Common Core literacy standards are integrated into History/Social Science courses. The California History and Social Science standards are also integrated into History/Social Science courses. In addition, the ELD standards are integrated throughout all content area instruction. The instructional methodologies, curriculum, and instructional materials have been chosen as they align with the CCSS and are designed to ensure student mastery of the standards.

ACRMA 12 is focused on deepening teachers’ understanding of the expectations of CCSS and NGSS through ongoing professional support in instructional planning, interim data analysis and feedback on instructional practice. New teachers to the school also receive professional development on the CCSS and NGSS standards and instructional shifts as part of their onboarding.

Integral Features and Components of the Educational Program			
In addition to the components referenced in the Instructional Design section, our educational program focuses on access to accelerated and intervention classes as appropriate for all scholars at our school. This open access represents a key component of our student-centered and personalized educational program.			
Intervention and Enrichment Programs			
Math Intervention - This course focuses on key foundational math content that students need to have mastered in order to be successful in the core math class.			
Middle School Reading Foundations - Reserved for scholars who would benefit from building			

foundational literacy skills based on diagnostics.

Reading Intervention ELD - Scholars who take ELD have been identified as speaking a primary or home language other than English.

Independent Study

Independent Study may be offered to students at ACRMA 12 as an optional alternative instructional strategy. The Independent Study program is designed to meet the needs of scholars whose educational objectives may be better achieved through a personalized approach outside of the traditional classroom setting, consistent with the applicable law. Key features include:

1. **Participation:** Independent study should only be used in very limited circumstances to ensure that scholars receive the benefit of in-person instruction when possible. Independent study is only allowable in limited circumstances such as extended medical leaves, traveling out of the country for emergencies, or other extended absences. A parent/guardian must request independent study for their scholar.
2. **IEP Compliance:** Scholars with exceptional needs may participate if their IEP allows.
3. **Equitable Access:** Scholars receive the same resources and support as those in traditional classrooms.
4. **Rigorous Standards:** Content aligns with grade-level standards and includes A-G courses for high school graduation.
5. **Written Agreement:** Agreements detail objectives, supports, and expectations, signed by required parties.
6. **Progress Evaluation:** Regular reviews ensure scholar success or recommend program transitions if needed.

This program offers a flexible, compliant alternative to traditional classroom instruction, under limited circumstances, as applicable under the Alliance Independent Study Policy.

Course Descriptions

COMMON CORE ENGLISH 6A – M21981

COMMON CORE ENGLISH 6B – M21982

(Year) 6th GRADE

Prerequisite: None

Credential Requirement: Single Subject in English

The goal of the Grade 6 Common Core English course in ELA is to build in each scholar, by the time they complete middle school, the stamina and strategies for reading independently and deeply across the range, quality, and complexity of texts included in the curricula. To do so, the Grade 6 Common Core English course provides ample time for independent reading of texts of their choice while helping them to develop a repertoire of strategies for understanding rich and complex literature as well as informational texts required for college and career readiness.

COMMON CORE ENGLISH 7A – M21991

COMMON CORE ENGLISH 7B – M21992

(Year) 7th GRADE

Prerequisite: None

Credential Requirement: Single Subject in English

The goal of the Grade 7 Common Core English course in ELA is to build in each scholar, by the time they complete middle school, the stamina and strategies for reading independently and deeply across the range, quality, and complexity of texts included in the curricula. To do so, the Grade 7 Common Core English course provides ample time for independent reading of texts of their choice while helping

them to develop a repertoire of strategies for understanding rich and complex literature as well as informational texts required for college and career readiness.

COMMON CORE ENGLISH 8A – M22001

COMMON CORE ENGLISH 8B – M22002

(Year) 8th GRADE

Prerequisite: None

Credential Requirement: Single Subject in English

The goal of the Grade 8 Common Core English course in ELA is to build in each scholar, by the time they complete middle school and transition into secondary school, the stamina and strategies for reading independently and deeply across the range, quality, and complexity of texts included in the curricula. To do so, the Grade 8 Common Core English course provides ample time for independent reading of texts of their choice while helping them to develop a repertoire of strategies for understanding rich and complex literature as well as informational texts required for college and career readiness.

COMMON CORE MATH 6A – M24311

COMMON CORE MATH 6B – M24312

(Year) 6th GRADE

Prerequisite: Successful completion of Common Core Math Grade 5

Credential Requirement: Single Subject in Foundational-Level Mathematics; or Single Subject in Mathematics

Common Core Math 6 is the first of a sequence of three courses at the middle school level from Common Core Math 6, 7, and 8. This is a course designed to meet the needs of 6th grade scholars under the Common Core State Standards Mathematics. This course will focus on four critical areas: (1) connecting ratio and rate to whole number multiplication and division and using concepts of ratio and rate to solve problems; (2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; (3) writing, interpreting, and using expressions and equations; and (4) developing understanding of statistical thinking.

COMMON CORE MATH 7A – M24321

COMMON CORE MATH 7B – M24322

(Year) 7th GRADE

Prerequisite: Successful completion of Common Core Math Grade 6

Credential Requirement: Single Subject in Foundational-Level Mathematics; or Single Subject in Mathematics

Common Core Math 7 is the second of a sequence of three courses at the middle school level from Common Core Math 6, 7, and 8. This is a course designed to meet the needs of 7th grade scholars under the Common Core State Standards Mathematics. This course will focus on four critical areas: (1) developing understanding of and applying proportional relationships; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric

constructions, and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples.

MATH COMMON CORE 8A – M38201

MATH COMMON CORE 8B – M38202

(Year) 8TH GRADE

Prerequisite: *Successful completion of Common Core Math Grade 7AB*

Credential Requirement: *Single Subject in Foundational-Level Mathematics; or Single Subject in Mathematics*

Common Core Math 8 is the third of a sequence of three courses at the middle school level from Common Core Math 6, 7, and 8. This is a course designed to meet the needs of 8th grade scholars under the Common Core State Standards Mathematics. This course will focus on three critical areas: (1) formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; (2) grasping the concept of a function and using functions to describe quantitative relationships; (3) analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem.

INTEGRATED SCIENCE 6A – M42652

INTEGRATED SCIENCE 6B – M42653

(Year) 6th GRADE

Prerequisite: *None*

Credential Requirement: *Single Subject in Foundational-Level General Science; or Single Subject in a Major Science (Science: Biological Sciences, Science: Chemistry, Science: Geoscience, or Science: Physics). Please note: the Single Subject or Authorization in a Major Science CANNOT be “Specialized.”*

In this Integrated Science course, scholars explore the crosscutting concepts of structure and function, patterns, systems and system models while learning about weather and climate, energy, and the organization of living things. The year begins with an introduction to weather and climate, including the underlying causes of Earth's weather patterns. Next, scholars embark on an inquiry of global climate change and engage in engineering activities to explore ways in which to minimize human impact on the environment. The second half of the year focuses on learning about the structure of living things from cell to organism. Scholars discover the ways in which behavior, environment, and genetic factors impact the survival and growth of organisms.

INTEGRATED SCIENCE 7A – M42659

INTEGRATED SCIENCE 7B – M42660

(Year) 7th GRADE

Prerequisite: *Corequisite (7th Common Core Math)*

Credential Requirement: *Single Subject in Foundational-Level General Science; or Single Subject in a Major Science (Science: Biological Sciences, Science: Chemistry,*

Science: Geoscience, or Science: Physics). Please note: the Single Subject or Authorization in a Major Science CANNOT be “Specialized.”

In 7th grade Integrated Science, scholars explore the crosscutting concepts of energy & matter and cause & effect, while learning about animal interactions within the ecosystems and their reliability on resources. The year begins with an introduction to ecosystem interactions, including the underlying effects of the interactions on populations and resource availability. Next, scholars dive into a microscopic world and focus on chemical reactions that occur in the environment, causing change in the global landscape. In the second half of the year, scholars embark on an inquiry of global resource availability and engage in engineering activities to explore ways in which to minimize human impact on the environment.

INTEGRATED SCIENCE 8A – M42661

INTEGRATED SCIENCE 8B – M42662

(Year) 8th GRADE

Prerequisite: *Corequisite (8th Common Core Math)*

Credential Requirement : Single Subject in Foundational-Level General Science; or Single Subject in a Major Science (Science: Biological Sciences, Science: Chemistry, Science: Geoscience, or Science: Physics). Please note: the Single Subject or Authorization in a Major Science CANNOT be “Specialized.”

In 8th grade Integrated Science, scholars explore the crosscutting concepts of stability and change, as well as scale, proportion and quantity, while learning about the relatedness of earth and the universe. The year begins with an introduction to moving objects and Newton's laws with scholars engaging in investigations to gather data around forces and interactions between objects. Once scholars understand forces between objects, the second unit focuses on noncontact forces that influence phenomena. Scholars will develop models to describe the role of gravity and discuss how objects can move without being contacted. The second semester starts with an integration of evolution to show the connection between time and scale on earth, which scholars will then use to formulate hypotheses about space. Finishing up the year, scholars will connect all of the previous units and add a layer of knowledge around waves on earth and in space. They will finish the year with the guiding questions: How do we optimize our resources to continue to live on earth? If we run out of resources, how do we determine if we can live on another planet? What are the physical components that must be evaluated?

WORLD HISTORY: ANCIENT CIVILIZATIONS 6A - M16100

WORLD HISTORY: ANCIENT CIVILIZATIONS 6B - M16101

(Year) 6th GRADE

(World History and Geography: Ancient Civilizations)

Credential Requirement: Single Subject in Social Science

This Grade six course investigates the origins and development of ancient societies of major western and non-western civilizations. Included are the societies of the Near East, Africa, the ancient Hebrew civilization, Greece, Rome, and the classical civilizations of India and China. For each of these societies, emphasis is placed on the major contributions, achievements, and beliefs that have influenced civilizations

across the centuries to the present day. This course stresses the special significance of geography in the development of the human story and provides the opportunity to study the everyday lives of people living in vastly different areas of the world. The course content focuses on the people in ancient societies; their problems and accomplishments; their social, economic, political structures, and belief systems; the tools and technology they developed; the arts they created; the architecture; the literature they produced; their explanation for natural phenomena, and their direct or indirect contributions to issues such as the role of women and the practice of slavery.

WORLD HISTORY: MEDIEVAL TIMES A – M17100

WORLD HISTORY: MEDIEVAL TIMES B – M17101

(Year) 7th GRADE

(World History and Geography: Medieval and Early Modern Times)

Credential Requirement: Single Subject in Social Science

This course explores world history and geography from the Fall of Rome through the Age of Enlightenment. The course investigates the social, cultural, and technological changes during this period. This course briefly reviews the role of archaeologists and historians in uncovering the past. It goes on to examine Islam as a religion and as a civilization. The course examines the spread of Islam through Africa, the rise of the Mayan, Incan, and Aztec civilizations; the civilizations of China and Japan; Europe during the High Middle Ages; the turbulent ages of the Renaissance, Reformation, and Scientific Revolution. This course seeks to enhance understanding of the interconnection of past events, people, and ideas to events and issues of importance in the world today.

UNITED STATES HISTORY 8A - M18100

UNITED STATES HISTORY 8B - M18101

(Year) 8th GRADE

(United States History and Geography: Growth and Conflict)

Credential Requirement: Single Subject in Social Science

The Grade eight course examines United States history and geography concentrating on the growth of the United States during the period of colonization through the Age of Industrialization. The course begins with an intensive investigation and review of the major ideas, issues, and events preceding the founding of the nation. The course then concentrates on the shaping of the Constitution and the nature of the government that it created. The development of unique regions in the West, Northeast, and the South and the causes and consequences of the Civil War, is covered in depth. The course studies the movement of people into and within the United States; the experiences of diverse groups (women, racial, religious, ethnic, and economic classes) and their contributions to the evolving American identity. The course also connects historical issues to current affairs in order to develop a greater understanding of the basic institutions and policies of the nation.

WASC Accreditation

As of June 18, 2024, Alliance College-Ready Middle Academy 12 is fully accredited by the Western Association of Schools as part of the Alliance College-Ready Public Schools (ACRPS) System Accreditation.

As part of the ACRPS System Accreditation process, the school will work to complete periodic evaluation and improvement of our program and school-wide action plan, in alignment with our LCAP, through the WASC-required self-study, mid-cycle progress reports, as well as WASC on-site visits to ensure accreditation is maintained for subsequent graduating classes with support from the Alliance Home Office.

The first System Self-Study will be held during the 2026-27 school year. During this process, all Alliance schools and the Home Office will collaborate with WASC throughout the accreditation process, including the development of self-study and interim progress reports.

Transferability of Courses

All A-G courses are transferable to other public schools and meet the rigorous requirements for admission to California state university systems. Parents receive notification of course transferability in student recruitment and student enrollment materials, which are available in both English and Spanish. Also, transferability and rigor of courses can be found in the Scholar/Parent Handbook. ACRMA 12 counselors also work closely with students and families to ensure that they are well aware of graduation requirements and where each child stands in relation to those requirements. This is done at least once a semester with students and at least once a semester with students and parents combined if a student is not currently on track to graduate. Additionally, graduation requirements are included in the Scholar-Parent Handbook.

Professional Development

Ongoing Professional Development

During school level professional development, teachers are supported by their Principal and the school's instructional leadership team to develop their practice. Professional development agendas include content-based sessions, site-based sessions, and a variety of instructional workshops designed to address needs evidenced by data.

In addition, Alliance-wide PD events and supplementary trainings provide targeted supports in a variety of ways. Below is a sample of current professional development opportunities available to teachers. These opportunities are subject to change as, in order to be most effective, professional development must be adaptable to address the needs of teachers and students.

Alliance-wide Strong Start. Held prior to the start of the school year, professional learning for staff includes site-based and network-led sessions. Topics may include:

- Data-driven instruction
- Intellectual Preparation
- Workshops focused on Social Emotional Learning and Trauma-Informed, Resilience-Focused Learning and Restorative Practices
- Sharing research, resources and best practices
- Effective strategies to meet individual student needs

Alliance-wide Data & Planning Days. Held immediately following each interim assessment window, these days offer an opportunity for teachers and leaders to deeply analyze interim data and plan for future instruction. Data Days are held network-wide and/or at school-sites. During Data & Planning Days, teachers and leaders:

- Analyze student performance and student work
- Create an action plan to address student performance data
- Adjust future unit and lesson plans to better meet the needs of students

Supplementary Alliance-wide PD. Held throughout the year, the Alliance Academic Team and schools provide targeted professional development to teachers and other staff that support their ongoing development. PD sessions target specific content-areas or subset of teachers or staff such as:

- Special Education Coordinators and teachers
- ELD teachers
- New teachers
- Teacher leaders
- Leaders of Scholar Culture (Deans)

New Teacher Professional Development. Alliance College Ready Public Schools builds on its investment in leader and teacher development through New Teacher PD. New Teacher PD provides professional development support for early career Alliance teachers. Network level supports focus on supplying early career teachers with resources and tools to strengthen their classroom management and instructional planning skills. Supports include:

- Designing and implementing a week-long New Staff Orientation (NSO)

- Providing Induction program options and/or support to general education and education specialist teachers clearing their preliminary credentials

Ongoing School Site PD Sessions. Regular, targeted and relevant professional development is led by the school principal and site-based leadership team on the designated Professional Development Early Dismissal Day. The draft professional development calendar below serves as a sample of topics to be covered:

Teacher Recruitment

Students learn best with teachers who are knowledgeable of their subject field and are well trained to deliver rigorous instruction and attend to the diverse needs of each student as an individual. ACRMA 12, led by the Principal, recruits new and experienced highly-qualified and credentialed teachers who demonstrate satisfactory progress toward full certification, fully meet the Every Student Succeeds Act (ESSA) criteria, and are committed to the school's key program elements and beliefs. Recruitment of qualified candidates begins in November and is conducted via partnership with teacher pipeline programs; partnerships with university and non-university teacher pipeline and residency programs; use of relevant online tools such as EdJoin, LinkedIn and social media; and referrals from current staff within the school/Alliance. Applicants are carefully assessed through a rigorous selection process conducted by both the Alliance Staffing Team and school administrators. Once selected, teachers participate in New Teacher Orientation before the opening of school and New Teacher professional development throughout the school year.

Meeting the Needs of All Students

English Learners

ACRMA 12 believes that every student brings assets that enrich our classrooms and our school community, regardless of race, language, learning needs, and culture. To ensure each student's success, the school will provide guidance, resources, training, and support to teachers, staff, and parents to build an equitable, rigorous learning environment for our English Learner Scholars. Our practices are grounded on guidelines established by our Board-approved EL Master Plan. Our English Learner Master Plan focuses on the following key areas:

- Identification and Assessment

- Instructional Program
- Reclassification Criteria and Exiting
- Staffing English Learner Programs and Teams
- Professional Development for All Teachers Who Work With English Learners
- Parent Engagement
- Program Evaluation

By implementing our own English Learner Master Plan, we will create an educational environment where EL students receive the support they need to develop both language skills and academic content knowledge. Our plan is designed to ensure that all EL students, regardless of their language proficiency level, are empowered to achieve their full potential academically.

Process for Identifying English Learners

At ACRMA 12, we have a systematic and thorough process for identifying English Learners (ELs) to ensure that every student receives the appropriate language support and services. Our process follows state and district guidelines while ensuring that we meet the unique needs of each student.

1. Initial Enrollment and Home Language Survey

At the time of initial enrollment, all families are required to complete a Home Language Survey (HLS). This survey is provided in both English and the primary language spoken in the community (e.g., Spanish). It consists of four questions that inquire about the language spoken at home, by the scholar, and in their family environment. All four questions must be answered, and the survey is included in the enrollment packet. It is essential that all scholars have a completed HLS on file, including those whose families report English as the only language spoken. If any of the responses on the Home Language Survey indicate that a language other than English is spoken in the home, the scholar is flagged for further language proficiency assessment.

2. English Language Proficiency Assessment

Students identified as potentially needing English language support are administered an the Initial ELPAC. This assessment measures the student's proficiency in the four language domains: listening, speaking, reading, and writing. Based on the results of the Initial ELPAC, students are classified as either:

- English Learners (EL), if they demonstrate limited proficiency in English.
- English Only (EO), if their proficiency in English is sufficient.

3. Notification to Parents

Once the student's English language proficiency has been determined, parents are notified in writing of their child's classification as either an English Learner or English Only. For students identified as ELs, parents are informed about the types of language support services available at ACRMA 12 and provided with information about how their child will be supported in developing English language proficiency. Parent notifications are communicated in a language that can be understood by them within the first 30 days of school. If the scholar enrolls after the first 30 days of school, parent notification must be completed within 2 weeks of enrollment.

4. Annual Assessments

Students who are classified as English Learners will be assessed annually using the Summative ELPAC to monitor their progress in acquiring English proficiency. The results of the ELPAC will guide instructional decisions and ensure that EL students are receiving the appropriate level of support. Additionally, teachers monitor EL students' academic performance through ongoing formative assessments in all content areas.

Educational Program(s) for English Language Acquisition

At ACRMA 12, the English Learner (EL) program components are designed to provide a robust and integrated system that supports English Learners in acquiring academic English while ensuring they meet the English Language Development (ELD) standards. This program is structured to meet the diverse needs of ELs through both Designated ELD and Integrated ELD instruction, which are tailored to students' proficiency levels and provide opportunities to develop language and content mastery across all subjects.

Designated ELD Instruction

Designated ELD instruction is a specialized component of the EL program, providing targeted language development in the four domains of listening, speaking, reading, and writing. This instruction occurs daily, Monday through Friday, as part of the regular school schedule. The courses are designed to address the specific language proficiency levels of ELs, which are classified into Emerging, Expanding, and Bridging. Students are placed in the appropriate level (ELD 1, 2, 3, or 4) based on their English language proficiency, years in the program, and teacher recommendation.

This instruction is delivered by teachers who are highly skilled in ELD strategies, using a variety of methods to support students in developing academic English. These courses are aligned with the California English Language Development Standards. Importantly, Designated ELD instruction does not remove students from core content classes, ensuring that ELs still have access to full grade-level content. The curriculum is designed to be engaging and appropriate to students' language development, providing scaffolds such as

graphic organizers, word banks, and language structures to help students access content while acquiring language skills.

Integrated ELD Instruction

In addition to the targeted Designated ELD courses, all English Learners receive Integrated ELD throughout their content classes. This approach ensures that ELs are exposed to academic content while simultaneously working on their English language skills. Teachers across all content areas (including Math, Science, History, and English Language Arts) are trained to incorporate ELD strategies into their instruction, ensuring that ELs can understand and engage with cognitively demanding content.

Integrated ELD involves teaching content standards, such as Common Core, NGSS, and California History Standards, while providing explicit language instruction. Teachers use scaffolds such as visual aids, response frames, and structured group discussions to support language acquisition in the context of the subject matter. The goal of this instruction is to ensure that ELs make progress toward both language proficiency and academic content mastery.

Professional Development and Teacher Support

Teachers of both Designated ELD and Integrated ELD are provided with ongoing professional development focused on best practices for language acquisition and teaching strategies that integrate language development into content instruction. This professional development includes topics such as the ELA/ELD Framework, key features of Integrated ELD, and effective use of ELD Standards. Teachers are also equipped with strategies for differentiating instruction for ELs at various proficiency levels and creating a classroom environment where students feel safe and supported in taking academic risks.

Monitoring and Ensuring Progress

The EL program ensures that students are making adequate progress toward mastery of the ELD standards through ongoing assessment and monitoring. This includes weekly scholar work analysis, which involves reviewing formative assessments to monitor language development and content mastery. Teachers also use frequent checks for understanding and actively monitor students during both independent and group work to ensure that learning objectives are being met.

In addition, advisory classes may be offered to support ELs, but these do not replace the required Designated ELD courses. Through this structured and supportive system, ELs at ACRMA 12 receive a comprehensive education that promotes both language proficiency and academic achievement in line with the California ELD standards.

In summary, the Designated ELD and Integrated ELD components at ACRMA 12 are delivered by qualified teachers and carefully designed to meet the needs of English Learners at all levels of proficiency. By providing targeted instruction, professional development for teachers, and ongoing monitoring of student progress, the school ensures that ELs make

consistent and meaningful progress toward mastering the ELD standards and achieving academic success.

English Language Proficiency Assessment for California (ELPAC)

To support and accelerate student progress toward English language proficiency, ACRMA 12 will strategically utilize ELPAC results in several key ways. The Initial ELPAC will be used upon enrollment to identify students as English Learners (ELs) and determine their English language proficiency level, ensuring they are placed in the appropriate English Language Development (ELD) course. Annually, the Summative ELPAC will be administered to measure each student's progress in acquiring English proficiency. The results will assess the effectiveness of current language development programs and help inform decisions about the support each student needs, guiding instructional planning.

Additionally, the overall ELPAC score, along with domain-specific scores in listening, speaking, reading, and writing, will be analyzed to assess individual language development needs. This data will be used to create tailored instructional plans to target areas where students need improvement, ensuring focused support to accelerate their progress. For students showing slower progress, targeted interventions such as additional language support or small-group instruction will be implemented to address specific areas of difficulty.

ELPAC results will also guide appropriate course placement, ensuring students are enrolled in ELD courses that match their proficiency level, and placements will be regularly adjusted as students progress. As students improve, ELPAC results will help determine when they are ready for reclassification or if additional support is necessary. By leveraging ELPAC results in these ways, ACRMA 12 will implement a data-driven approach to support each English Learner's growth, ensuring they receive the necessary instruction, resources, and interventions to achieve full English proficiency in alignment with California's English Language Development (ELD) standards.

Full Curriculum Access

To ensure that English Learners (ELs) at all levels of English language proficiency (ELP) have meaningful access to the full curriculum, [School Name] will implement a comprehensive program that includes both Designated ELD and Integrated ELD, guided by the principles outlined in the California English Language Arts/English Language Development (ELA/ELD) Framework. Our approach is designed to provide rigorous, yet flexible, instruction that supports ELs as they acquire both academic content and English language proficiency.

Program Structure and Instructional Strategies

The school will implement both Designated ELD and Integrated ELD across all subjects, ensuring that ELs have access to grade-level content while simultaneously developing their English language skills.

Designated ELD

All ELs will receive Designated ELD daily as a core instructional component. This structured time will be dedicated to explicit language development, focusing on all four language domains: listening, speaking, reading, and writing. The curriculum will be aligned with the California ELD Standards and the ELA/ELD Framework, ensuring that language instruction supports academic achievement.

Key strategies for Designated ELD will include:

- Integration of Language Domains: Explicit instruction in listening, speaking, reading, and writing across all disciplines.
- Vocabulary Development: Focused instruction on academic vocabulary, word relationships, and word parts.
- Reading Comprehension and Writing Support: Strategies for improving reading comprehension and academic writing.
- Background Knowledge Activation: Connecting new content to students' existing knowledge to make learning more meaningful.
- Content-Based Language Instruction: Language skills will be taught through content and thematic units, providing students with a framework to apply their language skills across disciplines.

Integrated ELD

In addition to Designated ELD, ELs will also receive Integrated ELD instruction in all content areas, ensuring that academic language development occurs within each subject. Content teachers will be trained in strategies that make content comprehensible while promoting language development. These strategies will include:

- Explicit Instruction in Language Structures and Vocabulary: Teaching students how to use academic language specific to each content area.
- Use of Scaffolds: Tools such as response frames, word banks, and graphic organizers will help ELs access content.
- Opportunities for Academic Discourse: Regular, structured discussions and group activities will allow students to practice speaking and listening in an academic context.
- Checks for Understanding: Teachers will use formative assessments to monitor students' progress and provide timely feedback.
- Frequent Language Practice: Students will be encouraged to engage in reading, writing, speaking, and listening throughout the school day.

Teachers of all content areas will participate in professional development focused on the Integrated ELD, and strategies for supporting ELs in developing proficiency in reading, writing, listening, and speaking. Teachers will also have access to ongoing training to ensure that they are equipped to teach ELs effectively.

Tailored Support for Specific EL Groups

The school will also implement specialized approaches for different EL subgroups, ensuring that their unique needs are addressed:

- **Newcomers with Formal Education:** In their first year, these students may receive a double block of ELD, utilizing curriculum such as *Inside the USA* or *Edge*, with supplemental support from resources like Rosetta Stone. They will be enrolled in grade-level ELA and a rigorous native-language course (e.g., Native Speaker Spanish, AP Spanish Language). Additionally, they will take content courses appropriate for their grade level.
- **Newcomers with Limited Formal Education:** These students may also receive a double block of ELD (Emerging), using similar curriculum (e.g., *Inside the USA* or *Edge*) and additional phonics intervention (e.g., Wilson Reading Just Words). They will also take physical education and content courses, with placement in native-language courses determined by their Spanish proficiency level.
- **Long-Term English Learners (LTELs):** For LTELs, explicit instruction in academic language will focus on improving reading comprehension and vocabulary development. These students will receive the support needed to build their academic language and perform well across all subjects.
- **Dually Identified ELs (with IEPs/504 Plans):** ELs with special education needs will receive accommodations and specialized support to help them meet both language and academic goals. They will receive differentiated instruction and modifications to assignments as per their individual education plans.

Access to Grade-Level Core Curriculum

To ensure that all ELs can engage with grade-level content, the school will foster an environment where students feel safe to take academic risks. Teachers will use scaffolds, such as response frames, word banks, and graphic organizers, to make complex content accessible to ELs. The classroom environment will emphasize academic language, integrating listening, speaking, reading, and writing in every class. Teachers will frequently check for understanding and provide targeted feedback during independent or group work.

Literature at students' appropriate Lexile levels will be made available in classroom and school libraries to encourage independent reading and further language development.

Continuous Monitoring and Adjustment

The progress of all ELs will be closely monitored through regular assessments and teacher feedback. This data will be used to adjust instruction and support, ensuring that every EL has the opportunity to succeed. Regular communication with families will also be maintained to ensure that they are aware of their child's progress and the support provided.

By combining Designated ELD, Integrated ELD, and specialized support, [School Name] will ensure that ELs of all proficiency levels have the opportunity to access grade-level content, develop their English language skills, and achieve academic success across all subjects.

Annual Evaluation of EL Program

Process for Annual Evaluation of the Charter School’s English Learner (EL) Program(s)
 The annual evaluation of the English Learner (EL) program at (School Name) follows a systematic and data-driven approach to ensure the effectiveness and success of its practices, services, and procedures. Both formative and summative evaluations are employed to provide a comprehensive analysis of the program’s impact.

1. **Ongoing Evaluation and Data Collection:** The evaluation process is continuous throughout the school year, with regular data gathering and examination to guide program decisions. This ongoing evaluation ensures that the program remains responsive to the needs of English Learners and can adapt based on real-time feedback.
2. **EL Program Needs Assessment:** An annual EL Needs Assessment is carried out by the English Learner Parent Committee (ELPC). If the ELPC delegates its responsibilities, the School Site Advisory Council (SSAC) will oversee the needs assessment process through its EL sub-committee. The assessment provides valuable input into the areas where the program may require adjustments or enhancements.
3. **Review and Action on Recommendations:** After the needs assessment, the ELPC or SSAC will review the recommendations and share them with the school principal. The SSAC, in collaboration with the principal, will determine the necessary next steps. These steps, informed by the assessment’s findings, will be communicated to EL parents and incorporated into the program for the following school year.

Through this structured evaluation process, the EL program at (School Name) ensures that it continuously meets the academic and developmental needs of English Learners, supports their achievement, and complies with relevant reporting requirements. The combination of formative and summative evaluations, along with the EL Needs Assessment, enables the school to make informed decisions and implement improvements that benefit EL students.

The following chart outlines the EL program goals, evaluation questions and measures used to assess overall effectiveness of the EL program:

EL Reclassification

Reclassification is the process when a scholar's English language proficiency level changes from English Learner to Reclassified Fluent English Proficiency (RFEP) (EC Section 313(f)). The goal is to prepare scholars for reclassification as quickly as possible and monitor their progress for four years after reclassification (20 U.S.C. § 6841[a][4][5]; 5 CCR § 11304).

English Learners are reclassified to fluent-English proficient based on the following multiple criteria, in alignment with California EC and the State Board of Education recommendations:

1. Assessment of language proficiency, using an objective assessment instrument, including but not limited to, the state test of English language development
2. Teacher evaluation, including but not limited to, a review of the scholar's curriculum mastery
3. Comparison of scholar performance in basic skills against an empirically established range of performance in basic skills based on the performance of English proficient scholars of the same age
4. Parent/guardian opinion and consultation

The chart below outlines the 24-25 reclassification criteria used by all Alliance schools:

Reclassification Criteria	
1. Assessment of Language Proficiency	ELPAC - Score of 4 (Summative ELPAC 2023-2024 school year)

4. Parent Opinion and Consultation	Once the scholar meets the reclassification criteria, the parent/guardian is sent the Notification of Reclassification letter and acknowledges the scholar's change in language classification to Reclassified Fluent English Proficient (RFEP). If the parent/guardian is not in agreement with reclassification, a meeting will be held with the parent and the Reclassification Team to address parent concerns and determine the best placement option for the scholar.									

The EL Master Plan and reclassification criteria provided here is revised yearly based on input from various stakeholder groups and goes through Board approval

Progress Monitoring

ACRMA 12 monitors and regularly assesses the progress of all English Learners, in both English language proficiency and content knowledge throughout the school year. Monitoring scholar progress identifies scholars who are not making appropriate progress and allows the school to provide additional support to enable ELs to reach English proficiency, as well as

ensuring that the school is providing ELs meaningful access to grade-level core content instruction and remedying any academic deficits in a timely manner.

Alliance school has established documented monitoring systems that include periodic benchmarks to monitor ELs' progress over time, determine when scholars are not making appropriate progress, notify parents of progress and provide additional support to enable ELs to reach English proficiency and gain grade level content knowledge. The EL Progress Monitoring report is sent to families after each quarterly progress report and includes the following:

- Performance in grade level content classes
- Performance in ELD course
- Scholar Reading level and or SBAC performance

Students that are not meeting grade-level expectations will be provided with additional supports including but not limited to after-school tutoring, additional accommodations in content courses, additional support classes such as math and ELA support, review of ELD course placement, parent meetings, etc.

Monitoring Reclassified Students

After scholars have been reclassified as RFEP, the school will continue to monitor their progress for four years to ensure correct classification, placement and academic support as needed. If an exited English Learner is not progressing academically and monitoring suggests a persistent language need, the school will provide additional supports, including but not limited to tutoring, accommodations and support classes, including ELD courses. RFEP Monitoring reports will be mailed to families after each quarterly progress report. The accountabilities include:

- Monitoring the academic achievement of RFEP scholars in their core courses (ELA, Math, Science, Social Science)
- Notifying parents of their child's ongoing progress after reclassification
- Providing targeted intervention services for RFEP scholars who are not making adequate academic progress

After scholars have been Reclassified Fluent English Proficient (RFEP), the school will continue to monitor their progress for 4 years. If an exited EL is not progressing academically and monitoring suggests a persistent language need the school will provide additional supports including but not limited to tutoring, accommodations, and support classes.

Gifted and Talented (GATE) Students and Students Achieving Above Grade Level

As all students are challenged to reach their intellectual potential within the instructional program, ACRMA 12 will not offer a formal, separate gifted and talented program. Instead ACRMA 12 will continue to identify students who are outstanding performers as measured

through, but not limited to, college prep exams (such as the PSAT) and GPA. When reviewing college prep exams students must be considered college ready in both math and English starting in their 9th grade year. When reviewing GPA, students are identified as high achievers by achieving a 4.0 GPA or higher starting in their 9th grade year.

As students transition from grade level to grade level, their level of achievement is continuously monitored by counselors, teachers, and the school administrative team using grade level checks for GPA, and by reviewing their data each time they are provided with opportunities to participate in a college ready level assessment.

To support these students throughout the day, the staff may differentiate instruction based upon the individual needs of the students and will provide an opportunity to excel for those students who are achieving at high levels or demonstrate a specific ability or talent, as identified through student data or evidence of a pupil's capacity. Teachers will differentiate in the forms of acceleration, depth, complexity, and novelty and will differentiate the process, content, or product to meet the needs of gifted and talented students. Examples of instructional models which may be employed with gifted and talented students at ACRMA 12 are, but not limited to:

- Access to advanced placement and honors courses from grades 9 to 12
- Utilizing higher levels of questioning and thinking skills
- Ensuring there is a wide variety of materials at different skill levels that engage a wide variety of interest
- Field trips, and participation in partnered programs and college courses, to broaden experience base and capacity to be accepted into elite colleges
- Ensuring that the curriculum is sufficiently challenging

By using data from core assessments, teachers will be able to make the necessary modifications and adjustments to best support students who require additional academic challenge. All students at ACRMA 12 will be valued for their individualism and their interests and passions will be cultivated. Further, the teachers will work together to develop plans to best support students in driving forward their academic achievement and pursuits in relation to the students' learning profiles and specific talents. In order to ensure that the needs of all students are being met, the staff has utilized the Student Support and Progress Team (SSPT) process (monitored and led by the principal or his or her designee) for students who have been identified as consistently achieving well above the norms (as measured by formative, summative and standardized tests, as well as other measures, including teacher, staff or administrator-identified concerns), just as they would use the process for identifying students who struggle.

Parents interested in contacting the school regarding information on GATE should reach out to ACRMA #12's Special Education Coordinator or Assistant Principal for Instruction.

Students Achieving Below Grade Level

In an effort to improve the performance of all students, including low-achieving or students at

risk of retention, ACRMA 12 monitors student performance and progress of these students throughout the year. Data is accessible at the student- and subgroup-levels; through school leaders, school leadership teams, which consist of department and grade level chairs, and classroom teachers monitor standards and student achievement in order to identify all students earning below a grade of C, flagging students at risk based on interim assessments, grades, and/or credit deficiencies. Advisory teachers review student data/progress reports of each of their advisory students. Parents review and sign 5-week progress and 10-week report cards. The following takes place for those specifically identified as low-achieving:

- To identify low-achieving students, incoming students are given diagnostic tests upon entry to the school. State assessment results and grades showing students who are not meeting or nearly meeting standards are also used to assess student achievement levels.
- Where additional supports and/or interventions are required, the school's academic team will consult with the parent/guardian to share results and develop a plan to support and ensure growth
- The student receives supplemental support through remediation support classes in ELA and math, in addition to regular courses. High-dosage math tutoring services are also available. In the areas where the student is struggling most, the classroom teacher may employ the use of online digital content providers to support one-on-one instruction targeted to specific individual needs.

In order to ensure that the needs of all students are being met, the staff has utilized the Student Support and Progress Team (SSPT) process (monitored and led by the principal or his or her designee) for students who have been identified as consistently achieving below the norms (as measured by formative, summative and standardized tests, as well as other measures, including teacher, staff or administrator-identified concerns), just as they would use the process for identifying students who struggle.

Socioeconomically Disadvantaged/Low Income Students

Low-income students will be identified by eligibility for the federal lunch program. In 2023-24, approximately 92.8% of the students enrolled at ACRMA 12 have qualified for this program. As such, the overwhelming majority of all students enrolled at ACRMA 12 meet this subgroup identification. Our school program is designed to meet the needs of traditionally coming in behind grade levels through various supports and systems, including, but not limited to, the use of standards-based grading, scaffolded and differentiated learning, support classes, and after-school tutoring. We believe all students can learn at high levels regardless of economic status. These students' progress is monitored through a variety of ways, including through interim assessments, college-ready exams, and state exams. In general, due to the large population of SED/low-income students, their level of performance mirrors the overall school level outcomes.

For scholars experiencing homelessness or transitional housing, ACRMA 12 provides an annual questionnaire to all families to assess who may benefit from McKinney-Vento rights and services. ACRMA 12 also has a school-based Homeless Liaison who educates all staff

and teachers to identify signs of homelessness and the referral process for connection to individualized resources. This includes the use of an individual Needs Assessment that is used to determine how to best support that scholar and their unique needs, with resources such as transportation, clothing, tutoring, toiletries, and more. In addition, ACRMA 12 has a Community Schools Coordinator who works with attendance and tiered intervention teams to ensure resources and services are provided to scholars who are socioeconomically disadvantaged. They also use needs assessments to coordinate events such as food/clothing distributions, mobile clinics, and community resource awareness presentations. For enrichment, all expanded learning and athletics programs have the aim to be no or low cost to scholars and families to remove the barrier to participation for scholars who need this most.

Students with Disabilities

Please refer to the District Required Language included at the beginning of Element 1.

Students in Other Student Groups

Foster youth, and related subgroups such as homeless students, are identified by school personnel through the registration and enrollment process and supported through coordinated activities with other entities/agencies, identified according to the needs of the specific situation. Once students have been identified, students will be indicated in PowerSchool, and the Alliance Home Office will work with the school staff (usually the School Operations Manager) to locate additional support services on a case-by-case basis. The students will be provided with tutoring, counseling, transportation, and coordination of services as needed to best meet their individual needs using the COST Process (Coordination of Services Team) made up of an administrator, counselors, a school psychologist, and other certificated personnel as relevant, such as a classroom teacher. A quarterly evaluation of academic performance for all students in this subgroup will be implemented by the administration and counselor to assess the level of response to services, and adjustments to the curriculum will be made as necessary to nurture a positive environment.

ELEMENT 2: Measurable Pupil Outcomes and

ELEMENT 3: Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.” (Ed. Code § 47605(c)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(c)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(d)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Method for Measuring Pupil Progress Toward Outcomes: Formative Assessment

Student Progress Monitoring

Assessments are a foundational component of the teaching and learning process. To ensure that all students have access to the learning experiences necessary for college persistence and career success, ACRMA 12 will employ high-quality, purposeful, actionable and strategically sequenced assessments for learning and of learning.

Using the Common Core and CA Standards where applicable, ACRMA 12 has clearly defined what students should know in each core subject at each grade/course level. We will monitor the progress of all subgroups against target goals by disaggregating data for all assessments and grades through Illuminate, Tableau, and PowerSchool, our student information systems.

Up to three times a year in English, Mathematics and Science, ACRMA 12 implements standards-aligned interim assessments. These assessments are built by either the Smarter Balanced Assessment Consortium or A-Net and are aligned to the Common Core State Standards and NGSS standards. Data from each interim is immediately available to ACRMA 12 staff and broken down at the student, item and standard level. Data is then used to identify common misconceptions and student supports. After each interim, teachers use the data to re-teach standards through daily instruction. The expectation is that students will improve in their mastery of standards over the course of the year to best position them to fully meet the performance expectations of Smarter Balanced.

Below is the current list of assessments used to monitor student progress towards college and career readiness standards. These assessments are subject to changes in state-mandated assessments.

Assessment Type	Frequency	Grades/Content	Description
Interim Assessments	Up to 3x per year	Grades 6-8; ELA, Math, Science	Interim Assessments at Alliance align to the standards covered and suggested pacing in each grade/content. These assessments are aligned with the CCSS and SBAC and provide important information to teachers for planning, instruction and supports for students.
i-Ready Assessment	2-3x per year	All Grades	All scholars take this assessment twice/year to <u>diagnose</u> needs for additional academic support in the beginning of the year and to measure scholar <u>growth</u> over time on specific domains related to reading and math. Scholars classified as English Learners take the assessment at the

			mid-year point for reclassification and to refine supports.
Smarter Balanced Summative Assessments	1x per year	Grade 6-8; ELA and Math	The Smarter Balanced Summative Assessments are comprehensive end-of-year assessments in English language arts/literacy (ELA) and Math that are aligned with the Common Core State Standards (CCSS) for English language arts/literacy (ELA) Mathematics.
California Alternate Assessment (CAA)	1x per year	Grade 6-8; Identified students only	Students with cognitive disabilities take the CAA instead of the Smarter Balanced Summative Assessment. This test is modified to appropriately assess the ELA/Literacy and mathematics progress and performance of specific students designated to engage in a modified curriculum as specified in their IEP.
California Science Test (CAST)	1x per year	Grade 8	CA NGSS Summative assessment. Administered in the spring.
English Language Proficiency Assessments for California (ELPAC)	Initial and Annual; varies by student	All Grades, English Learners	The ELPAC measures provides both initial and annual assessment of an English Learner's proficiency in Reading, Writing, Listening and Speaking. This test will be the main assessment tool used to measure growth and progress for reclassification.
Physical Fitness Test	1x per year	Grade 7	Students participate in this State-required assessment on basic components of CA Physical Education Standards.

ACRMA 12 tests independently of LAUSD. Assessments and standardized testing of students with disabilities is conducted using state and district guidelines for modifications and accommodations.

The assessment structure includes, in addition to other standards-based and performance-based assessment tools, comprehensive final exams in each of the core academic subjects, quizzes and tests, homework assignments, essays and research reports, and teacher evaluation of in class performance. These measurements are weighted and combined into a comprehensive educational program assessment to determine student achievement and promotion to the next grade level. The aggregate results are issued as a report card to the community evaluating the measurable goals and terms outlined in the charter.

Alliance interim assessments are administered online in order to prepare students for SBAC

online assessments and represent the level of rigor required for students to meet the proficiency level (3 or 4) as measured on Smarter Balanced assessments. Every student has an SBAC-ready computing device.

Data Analysis and Reporting

Data informs our decisions regarding the need to continue, modify, improve, add to or discontinue instructional strategies and programs to best meet the needs of our scholars and provide the intervention and support necessary to accelerate their progress. Data is also regularly shared with stakeholders throughout the year to inform them of school performance.

Data Table

Type of Data Gathered	Role & Use of Data
Classroom Observations	<ul style="list-style-type: none"> ● To provide actionable feedback to teachers on the effectiveness of their classroom instruction. ● To inform the content used for common planning time and professional development needs (individual teachers, academic departments and school-wide).
Interdisciplinary Walkthroughs	<ul style="list-style-type: none"> ● To assess the degree of and consistency with which grade-appropriate standards-based instruction and a culture of learning are taking place. ● To identify trends and best practices to inform school- and network-level professional development.
Individual Scholar Work Analysis and Classroom Assessments	<ul style="list-style-type: none"> ● To identify scholar misunderstandings and misconceptions. ● To adjust lesson plans and unit plans. ● To appropriately plan for reteaching standards missed by a majority of scholars.
Results from Network and/or State Assessments	<ul style="list-style-type: none"> ● To assess the degree to which students are on track to meet network and state expectations for proficiency. ● To adjust classroom instruction and

Data Use to Improve Programs and Operations

Data is regularly collected, analyzed, discussed, and used to inform educational program and operations strategy by school staff, school leadership, the Alliance Executive Cabinet, and the Alliance Governing Board.

Quarterly data stepbacks on school academic, operational, and culture key performance indicator data occurs at the staff and leadership levels of the school and at the Alliance Home Office. This includes identifying headlines from the data, conducting root cause analysis of one or more data headlines, and updating strategic planning and determining action steps to improve the educational program and operations of the school. Higher frequency lead measure data is also collected, analyzed, and discussed in between these quarterly reviews in order to drive shorter-term action planning and improvement. Data is consistently reviewed at Governing Board meetings to inform educational program and operations improvement.

Data Use to Inform Stakeholders

School performance data is reviewed at School Site Advisory Council meetings, staff meetings, parent meetings, and Alliance Governing Board meetings to inform stakeholders of school performance. This comprehensive needs assessment includes an analysis of verifiable data and is consistent with all state priorities. The data reviewed include the California School Dashboard, Enrollment, and other metrics related to school health and student performance. The data regarding student performance include analyses that are disaggregated by numerically significant subgroups, including historically underserved and at-risk students, and are measured against state academic standards through the Distance From Standard (DFS) metric. This review also includes budgetary information regarding Title I and LCFF allocations based on the needs identified in the programmatic and achievement data described above.

Grading, Progress Reporting, and Promotion/Retention

Grading Policy

Academic Grades

Grades reflect a scholar's academic performance so scholars and families have clear indicators of the scholar's preparedness for college success and 21st century careers throughout a scholar's career at an Alliance school. The grading scale at each Alliance school campus is based on the degree to which scholars demonstrate proficiency on content standards.

Alliance-Wide Grading Scale

All Alliance schools use the following grading scale for academic courses and advisory. The grade scale below shows equivalent rubric scores to letter grades on individual assignments and semester grades.

Please note that Scholars with Disabilities are required by law to be given accommodations and/or necessary supports on assessments and assignments as stated in their IEP. All English Language Learners (Emerging/Newcomers, Expanding, Bridging), regardless of level, must receive appropriate and documented language support on assignments and assessments.

Rubric Score	Letter Grade ¹⁰	Descriptor <i>Below are optional performance descriptors - schools/teachers may</i>
4.0	A	Above standard on grade-level course content
3.7		
3.4		
3.2	B+	At standard on grade-level course content
3.0	B	
2.7	B-	
2.5	C+	Below standard on grade-level course content
2.3	C	
2.0	C-	
1.7	NP	Far Below standard on grade-level course content
1.5		
1.3		
1.0		
Note: These 2 codes are only to be used as semester grades	D	Final semester grade option only for scholars who have a D grade at IEP. Use 1.5 - 1.99 for the semester average range.
	INC	A scholar is determined to not have completed enough content to receive a grade for a specific course.
Note: These 4 codes are only to be used on individual assignments	X	Excused missed assignment or standard not taught
	S	Grade pending accommodation / designated support
	Z	Assignment not submitted and/or blank (which includes only having the paper) and is a grade of zero.
	E	Ethics violation and is a grade of zero.

Incomplete Grades

The grade of “I” (Incomplete) may only be given at the end of the semester when extended illness or other unusual circumstances warrant giving the student additional time to fulfill the course work. These grades must be removed within six weeks of the next semester, or they become an “NP”.

ACRMA 12 issues student progress reports every five weeks based on student proficiency on grade level/subject standards and expectations designated for the quarter. The student progress report is based on multiple measures including teacher assessments, portfolio/exhibits, and specific assessments to quantify student performance. Formative and summative assignments and assessments are used to determine student performance.

Student course grades to meet graduation requirements including A-G are A, B, C or NP (Not Proficient) grades. Student reports are issued and recorded through our data system. Parents of students performing below/far below proficient performance participate in a scheduled parent conference to discuss the parents’ and the teachers’ plan to improve their child’s performance. Teachers and advisors meet together to analyze these reports and to make necessary adjustments in the program being offered to students who are showing a lack of progress.

Type and Frequency of Progress Reporting

ACRMA 12 issues student progress reports or report cards every five weeks based on student proficiency on grade level/subject standards and expectations designated for the quarter. The student progress report and report card is based on multiple measures including teacher assessments, portfolio/exhibits, and specific assessments to quantify student performance. Formative and summative assignments and assessments are used to determine student performance.

1	1	Progress Report
1	2	Progress Report
1	3	Progress Report
1	4	Report Card
2	5	Progress Report
2	6	Progress Report
2	7	Progress Report
2	8	Report Card

Promotion/Retention Policy and Procedures

Promotion and Retention of Students

ACRMA 12 is committed to helping students achieve the necessary skills to progress from grade to grade yearly and does not endorse social promotion. Because of the linguistic and socioeconomic barriers this student population may have faced, readiness to move to the next grade level is examined on an individual basis. Each student is assessed individually according to his/her total needs.

The school has clearly defined expectations for what students should know and be able to do at each grade level in each subject in an effort to equip all students with the academic skills that enable them to be ready for entrance to and success in college. Promotion and retention of students is based on multiple indicators of academic achievement that are laid out in the parent-student handbook, including:

- Assessment measures to determine if the student is advanced, proficient, partially proficient, or not proficient - assessment measures include the student progress report, degree of proficiency and teacher recommendations. Students whose average rubric score classification is “not proficient” on the final student progress report for the academic year are eligible for retention.
- Attendance – students with excessive absences (15 or more) may be eligible for retention.

The principal or administrative designee, in conjunction with school teaching and counseling staff, prepares a written determination to specify the reasons for retention. The written determination includes recommendations for interventions that are necessary to assist the student to attain acceptable levels of academic achievement. The written determination is provided to and discussed in a meeting with the student’s parents/guardians, teachers, and principal.

Students identified for retention will work closely with the counselor and are encouraged to participate in a remediation program that includes after-school activities, tutoring, and summer school. All students are also provided additional in-class support, which ensures that students who cannot participate outside of school hours are also supported. The student’s academic performance is reassessed at the end of the remediation program, and the decision to retain or promote the student is reevaluated at that time.

Appeals Process for Retention

The retention of a student is at the discretion of the principal or administrative designee. Parent/guardians shall be notified in advance of the enactment of the retention and can appeal a student's retention. A retention appeal shall be submitted in writing to the school’s designated support team and shall be heard if requested within five (5) school days of the notification of retention by the school. Upon consideration, the designated support team’s decision shall be final. The decision regarding the appeal will be made within five (5) school days of the appeal submission to the school’s designated support team. Parents/guardians will be notified of the decision in writing within three (3) school days following the decision.

ELEMENT 4: Governance

“The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.” (Ed. Code § 47605(c)(5)(D).)

GENERAL PROVISIONS

As an independent charter school, Charter School, operated as or by its nonprofit public benefit corporation, is a separate legal entity and shall be solely responsible for the debts and obligations of Charter School.

Charter School shall not be operated as, or be operated by, a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Ed. Code § 47604.)

Charter School shall ensure that, at all times throughout the term of the Charter, the bylaws of its governing board and/or nonprofit corporation are and remain consistent with the provisions of this Charter. In the event that the governing board and/or nonprofit corporation operating Charter School amends the bylaws, Charter School shall provide a copy of the amended bylaws to CSD within 30 days of adoption.

Charter School shall comply with the Ralph M. Brown Act (“Brown Act”). All meetings of the Charter School’s governing board shall be called, held and conducted in accordance with the terms and provisions of Education Code section 47604.1 and the Brown Act including, but not limited to, those related to meeting access and recording, notice, agenda preparation, posting and reporting.

Charter School shall send to the CSD copies of all governing board meeting agendas at the same time that they are posted in accordance with the Brown Act. Charter School shall also send to the CSD copies of all board meeting minutes within one week of governing board approval of the minutes. Timely posting of agendas and minutes on Charter School’s website will satisfy this requirement.

The District reserves the right to appoint a single representative to the Charter School governing board pursuant to Education Code section 47604(c).

LEGAL AND POLICY COMPLIANCE

Charter School shall comply with all applicable federal, state, and local laws and regulations, and District policies as it relates to charter schools adopted through Board action.

Charter School shall comply with all applicable federal and state reporting requirements, including but not limited to the requirements of CBEDS, CALPADS, the Public Schools Accountability Act of 1999, and Education Code section 47604.33.

Charter School shall comply with the Brown Act and the California Public Records Act.

The Charter School shall comply with Government Code Section 1090, et seq., as set forth in Education Code section 47604.1.

Charter School shall comply with the Political Reform Act of 1974. (Gov. Code § 81000 et seq.)

Charter School and all employees and representatives of Charter School, including members of Charter School's governing board, members of Charter School or governing board committees and councils, Charter School administrators, and managers, shall comply with federal and state laws, nonprofit integrity standards, and LAUSD charter school policy, regarding ethics and conflicts of interest. Charter School shall enter into all transactions and conduct business with all persons and entities at arm's length or, in the case of otherwise permissible related party transactions, in a manner equivalent to arm's length.

Charter School shall notify parents, guardians, and teachers in writing within 72 hours of the issuance of a Notice of Violation, Notice of Intent to Revoke, Final Decision to Revoke, Notice of Non-Renewal, or equivalent notice, by the LAUSD Board of Education.

TITLE IX, SECTION 504, AND UNIFORM COMPLAINT PROCEDURES

Charter School shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX of the Education Amendments of 1972 (Title IX) and section 504 of the Rehabilitation Act of 1973 ("Section 504"), including any investigation of any complaint filed with Charter School alleging its noncompliance with these laws or alleging any actions which would be prohibited by these laws. Charter School shall notify all of its students and employees of the name, office address, and telephone number of the designated employee or employees.

Charter School shall adopt and publish complaint procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX or Section 504.

Charter School shall adopt and implement specific and continuing procedures for notifying applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with Charter School, that Charter School does not discriminate on the basis of sex or mental or physical disability in the educational programs or activities which it operates, and that it is required by Title IX and Section 504 not to discriminate on any such basis.

Charter School shall establish and provide a uniform complaint procedure in accordance with applicable federal and state laws and regulations, including but not limited to all applicable requirements of California Code of Regulations, title 5, section 4600 et seq.

Charter School shall adhere to all applicable federal and state laws and regulations regarding pupil fees, including Education Code sections 49010 - 49013, and extend its uniform complaint procedure to complaints filed pursuant to Education Code section 49013.

Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the Local Control Funding Formula legislation provisions set forth in Education Code section 52075.

RESPONDING TO INQUIRIES

Charter School, including its nonprofit corporation shall promptly respond to all reasonable inquiries, including but not limited to inquiries regarding financial records from the District, and shall cooperate with the District regarding any inquiries. Charter School acknowledges that Charter School, including but not limited to its nonprofit corporation, is subject to audit by LAUSD, including, without limitation, audit by the District Office of the Inspector General. Charter School shall provide the District with current, complete, and accurate contact information for Charter School, Charter School administrators, and Board members.

If an allegation or other evidence of waste, fraud, abuse, or other material violation of law related to Charter School's operations, or breach of the Charter, is received or discovered by the District, Charter School, including but not limited to its nonprofit corporation, employees, and representatives, shall cooperate with any resulting inquiry and/or investigation undertaken by the District and/or the Office of the Inspector General Investigations Unit.

Charter School acknowledges and agrees that persons and entities that directly exercise control over the expenditure of Charter School's public funds shall be subject to all necessary and appropriate District charter school oversight.

NOTIFICATION OF THE DISTRICT

Charter School shall notify the Charter Schools Division (CSD) in writing of any citations or notices of workplace hazards, investigations by outside governmental regulatory or investigative agencies, lawsuits, changes in corporate or legal status (e.g., loss of IRS 501(c)(3) status), or other formal complaints or notices, within one week of receipt of such notices by Charter School. Unless prohibited by law, Charter School shall notify the CSD in writing of any internal investigations within one week of commencing investigation. Charter School shall notify the CSD within 24 hours of any dire emergency or serious threat to the health and safety of students or staff.

STUDENT RECORDS

Upon receipt of a student records request from a receiving school/school district, Charter School shall transfer a copy of the student's complete cumulative record within ten (10) school days in accordance with Education Code section 49068 and all student confidentiality and privacy laws including compliance with the Family Educational Rights and Privacy Act (FERPA). Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records. In the event Charter School closes, Charter School shall comply with the student records transfer provisions in Element 15. Charter

School shall comply with the requirements of Education Code section 49060 et seq., which include provisions regarding rights to access student records and transfer of records for youth in foster care.

PARENT ENGAGEMENT

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of his/her child's admission, continued enrollment, attendance, or participation in the school's educational activities, or otherwise discriminate against a student in any manner because his/her parent cannot, has not, or will not provide volunteer service to Charter School.

The Charter School may encourage parental involvement, but shall notify the parents and guardians of applicant students and currently enrolled students that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Ed. Code § 47605(n).)

FEDERAL PROGRAM COMPLIANCE

As a recipient of federal funds, Charter School has agreed to meet all applicable programmatic, fiscal and other regulatory requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) and other applicable federal programs. Charter School understands that it is a local educational agency (LEA) for purposes of federal compliance and reporting purposes. Charter School agrees that it will keep and make available to the District any documentation necessary to demonstrate compliance with the requirements of ESEA and other applicable federal programs. Charter School also acknowledges that, as part of its oversight of Charter School, the District may conduct program review for federal as well as state compliance.

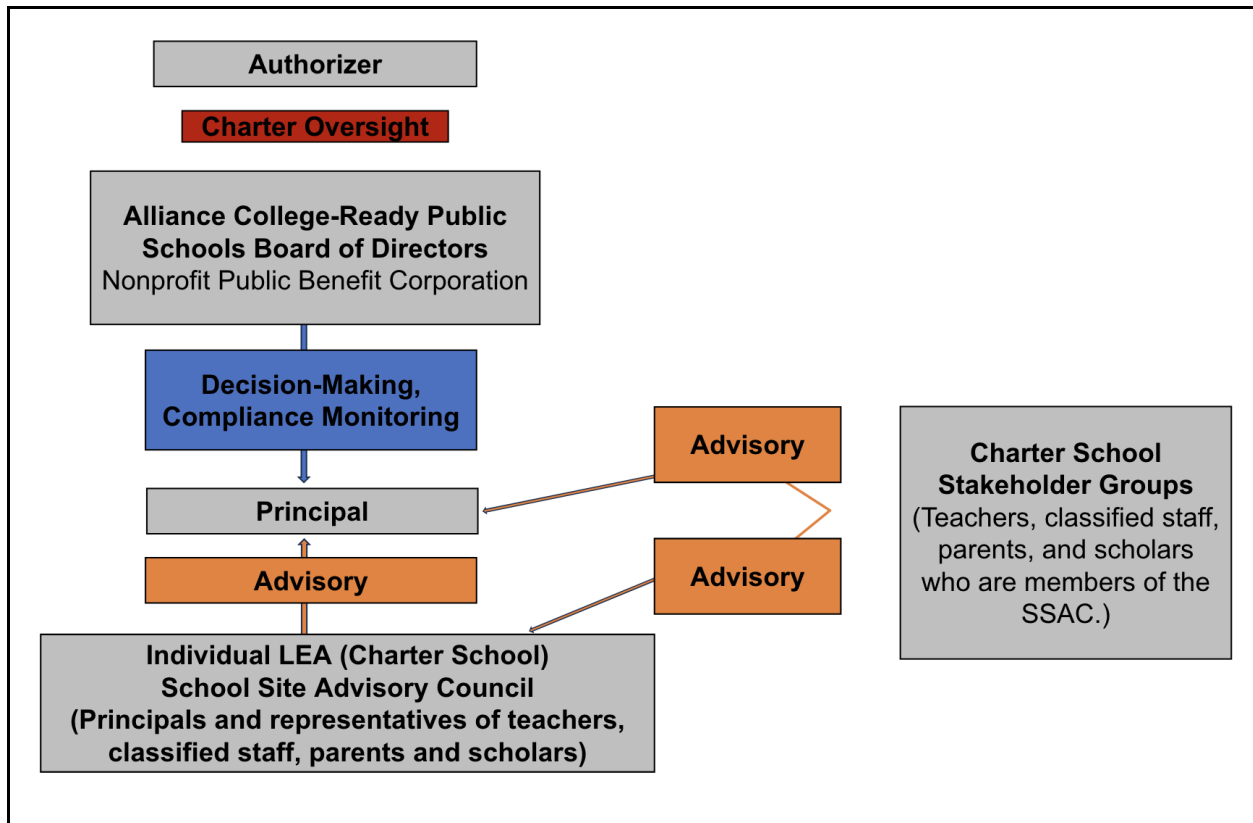

Governance Structure

Alliance College-Ready Middle Academy 12 is a directly funded independent charter and shall be operated by Alliance College-Ready Public Schools ("Alliance" or the "Corporation"), a California nonprofit public benefit corporation. The Charter School is one of 22 charter schools that are currently operated by Alliance College-Ready Public Schools.

The Charter School will operate autonomously from the District, with the exception of the supervisory oversight as required by statute and other contracted services as may be negotiated between the District and the Charter School. Pursuant to Education Code Section 47604(d), the District shall not be liable for the debts and obligations of the Charter School, operated by a California non-profit public benefit corporation, or for claims arising from the

performance of acts, errors, or omissions by the Charter School, as long as the District has complied with all oversight responsibilities required by law.

Organizational Chart

Major Roles and Responsibilities

PRINCIPAL

Alliance Principals receive substantial professional development to continue to hone their craft, including monthly full-day professional development sessions, semi-annual network-wide leadership retreats, and ongoing coaching from Instructional Superintendents and our Chief Instructional Officer. Principals receive robust support from the Alliance Home Office to enable their leadership, including support in selecting and implementing research-based, rigorous curriculum and utilizing assessment data to drive instruction, as well as back-office support (e.g., finance, operations, HR, IT, facilities).

Essential Responsibilities:

Instructional, Visionary, and Talent Leadership

- Drive instructional excellence by setting aspirational school goals and ensuring that teachers receive appropriate, targeted coaching and professional development to meet goals.
- Prepare all scholars to apply to, enroll, attend, and succeed in college by implementing a college-ready curriculum and supporting instructional activities, and by using multiple data points and ongoing data analysis to continually revise and improve the school's instructional program.
- Supervise, coach, develop, and evaluate teachers via regular observations, feedback, and coaching as part of Alliance's rigorous teacher development and support system.
- Demonstrates a strong commitment and capability to thrive in a fast-paced, results-oriented environment in alignment with our network's strategic direction.

Positive School and Community Culture

- Create a culture of high expectations with a relentless focus on student achievement, college and career readiness, operational efficiency, and self-improvement.
- Maintain a safe and positive school environment in which students thrive, develop, and grow.
- Develop a work environment to retain and develop exceptionally talented staff.
- Foster an environment of deep collaboration with families and caregivers, building strong relationships and encouraging their direct engagement in their students' school experiences.
- Partner with the Alliance Home Office to secure and allocate the resources and support necessary to maintain the school's organizational health.

Alliance Chief Executive Officer

Alliance's CEO is a visionary, inspirational, strategic and equity-minded executive leader to rally the organization around Alliance's mission. Invested in relationships as well as results, Alliance's CEO has the ultimate management responsibility for leading the organization to achieve its mission of successfully operating high performing, college preparatory public charter schools in Los Angeles. The CEO sets the strategic direction of the schools and Home Office, has overall responsibility for the design and implementation of Alliance's educational model, and oversees all instructional, cultural, operational, financial and community relations of the organization through a group of chief officers and school leaders. The CEO reports to the Alliance Governing Board. In collaboration with the Board, the CEO articulates and drives the strategy of the organization, and fosters a culture of collaboration and cohesiveness, while retaining each school's distinctiveness, and creating space for continuous learning and innovation. The CEO has a deep commitment to racial justice and educational equity and knows how to unlock the full potential of people in a relationship-based, results-oriented, and mission-driven organization.

Develop and implement strategy.

Governing Board Composition and Member Selection

Board Composition

Charter School

The Charter School is a directly funded independent charter school that is operated by a nonprofit public benefit corporation. The affairs of the Charter School are managed and its powers are exercised solely under the authority of the Alliance Board of Directors (“Board,” “Charter School’s Board of Directors,” or “Board of Directors”), whose responsibility for key operational matters includes but is not limited to: (1) the governance and operation of the Charter School in compliance with applicable law and the Charter; and (2) the Charter School’s financial management, viability, and accountability, including but not limited to expenditures and accounting of all public funds received by the Charter School.

The Charter School operates under the charter authorization of the District. The Charter School abides by the current published, communicated and defined District policy for charter schools. The Charter School is and will be solely responsible for the debts and obligations of the Charter School.

Board of Directors

The Board of Directors shall consist of not less than 5 nor more than 11 directors. The District reserves the right to appoint a single representative to serve on the Board. The Board meets regularly, operating in accordance with the Brown Act, Education Code Section 47604.1(c), its Articles of Incorporation and its Bylaws.

After the initial directors, who shall serve staggered terms of one, two, or three-years in accordance with the Bylaws, each director selected and confirmed shall serve a three-year term. A director designated by District shall serve for such term of office as is specified by the District.

The Board, the Charter School’s administrative staff, and their respective representatives are responsible for all aspects of the day-to-day operations of the Charter School, including, but not limited to, making necessary provisions for accounting, budgeting, payroll, purchasing, liability, insurance, and the like. In accordance with California law applicable to nonprofit public benefit corporations, some of the responsibilities of the Board may be delegated to committees of the Board or officers of the Corporation.

A quorum of the Board for the transaction of business is the majority of directors then in office. An act or decision done or made by a majority vote of the directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more directors from voting, is required by law, by the Articles of Incorporation, or by the Bylaws, including but not limited to those provisions relating to appointment of committees and indemnification of directors.

All meetings of the Board shall be held at the principal office of the Corporation or at such other place as shall be determined from time to time by resolution of the Board, provided that, during any period that the Corporation is operating one or more charter schools within the State of California, all meetings of the Board shall be held at locations meeting the requirements of Section 47604.1(c) of the California Education Code.

For each meeting of the Board, the Corporation shall establish a two-way teleconference location at the school site of each charter school operated by the Corporation, in compliance with the requirements of Section 47604.1(c) of the Education Code, and may establish such additional teleconference locations as the Corporation deems appropriate. The Board shall post agendas at all teleconference locations and conduct teleconference meetings in a manner compliant with the Brown Act. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the Board directly at each teleconference location. During the teleconference, at least a quorum of the members of the Board shall participate from locations within the boundaries of the jurisdictions of the charter authorizers that have approved the charter petitions of the charter schools operated by the Corporation. Participation in a meeting through use of teleconferencing pursuant to this subsection constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call. Any abstention from a board vote will be noted in the board minutes. For the purposes of this subsection (i), "teleconference" means a meeting of the Board, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this subsection shall prohibit the Corporation from providing the public with additional teleconference locations.

The Board of Directors is responsible for providing fiscal accountability by approving and monitoring the budget. The Board helps ensure effective organizational planning by approving long-range goals and annual objectives, monitoring the general policies including but not limited to: compliance mandates, health and safety, use and maintenance of facilities, and overseeing that the Charter School resources are managed effectively. The day-to-day operations and management of the Charter School are provided by the officers of the Corporation, management staff responsible for school services and supervision and administrative staff.

A copy of the Articles of Incorporation, Bylaws, Conflict of Interest Code and the names of Board members are provided to the Charter Schools Division. Any changes made to these documents that materially alter the charter must first be approved through the District's charter amendment process.

The Charter School complies with the Brown Act, Political Reform Act, and Government Code Section 1090, *et seq.*, as set forth in the Education Code Section 47604.1. The Charter School posts Board agendas for regular meetings at least 72 hours in advance at a visible location in the Charter School office as well as on the Charter School's website in English and Spanish or other dominant language as needed by the community served. The Corporation maintains a record book of meeting agendas and minutes. Copies of the Board agenda and minutes are posted on the Charter School website in both English and Spanish. All meetings of the Board of Directors are open to the public, excluding closed sessions as permitted by the Brown Act.

Business and Operations Assistance

Alliance provides for the Charter School certain back-office services, including budgeting/forecasting, accounts set up (insurance, benefits, attendance tracking), payroll,

compliance, required reporting, vendor management and select service vendor contract negotiations, and purchasing. Alliance also supports the Board in its role of providing oversight and monitoring and adherence to the Charter School's fiscal policies and any applicable law. The Los Angeles County Office of Education ("LACOE") receives and forwards public funds for the Charter School directly to the Charter School's operating account. Alliance maintains separate financial records for the Charter School and assures that all accounting complies with generally accepted accounting principles.

Board Members

The Board of Directors shall consist of not less than 5 nor more than 11 directors. The District reserves the right to appoint a single representative to serve on the Board. The Board meets regularly, operating in accordance with the Brown Act, Education Code Section 47604.1(c), its Articles of Incorporation and its Bylaws.

After the initial directors, who shall serve staggered terms of one, two, or three-years in accordance with the Bylaws, each director selected and confirmed shall serve a three-year term. A director designated by District shall serve for such term of office as is specified by the District.

All meetings of the

Board of Directors are open to the public, excluding closed sessions as permitted by the Brown Act.

Quorum Requirements

A quorum of the Board for the transaction of business is the majority of directors then in office. An act or decision done or made by a majority vote of the directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more directors from voting, is required by law, by the Articles of Incorporation, or by the Bylaws, including but not limited to those provisions relating to appointment of committees and indemnification of directors.

Board Action (Voting) Requirements

An act or decision done or made by a majority vote of the directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more directors from voting, is required by law, by the Articles of Incorporation, or by the Bylaws, including but not limited to those provisions relating to appointment of committees and indemnification of directors.

Abstention and Teleconference Participation

For each meeting of the Board, the Corporation shall establish a two-way teleconference location at the school site of each charter school operated by the Corporation, in compliance with the requirements of Section 47604.1(c) of the Education Code, and may establish such additional teleconference locations as the Corporation deems appropriate. During the teleconference, at least a quorum of the members of the Board shall participate from locations within the boundaries of the jurisdictions of the charter authorizers that have approved the charter petitions of the charter schools operated by the Corporation. Participation in a meeting through use of teleconferencing pursuant to this subsection constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call.

“Teleconference” is defined as a meeting of the Board, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this subsection shall prohibit the Corporation from providing the public with additional teleconference locations.

An act or decision done or made by a majority vote of the Directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more Directors from voting, is required by law, by the Articles of Incorporation, or by these Bylaws, including but not limited to those provisions relating to appointment of committees and indemnification of Directors. The Board shall publicly report any action taken and the vote or abstention on that action of each Director present for the action. Any abstention from a board vote will be noted in the board minutes.

Stakeholder Involvement

Role of Parents and Staff in Governance

The School Coordinating Council (“School Site Advisory Council” or “SCC”) with a membership of 10 to 20 stakeholders representing various stakeholder groups, will be an advisory body to the Principal on the management of the school, including, but not limited to, school policies, the academic performance, and annual development of the LCAP and the budget. This council shall be composed of a majority of teacher and parent members and include a classified employee and certificated administrator. Members of the SCC are representatives from various stakeholder groups, with the majority being made up of teachers and parents who self-nominate to serve on the council. The SCC will help guide the decisions that best serve the families. Based on suggestions and recommendations from the SCC, the Principal will reflect this feedback in their decisions and operations. The SCC will meet at the Charter School site a minimum of six (4) times per year. Should topics or recommendations warrant a discussion with the Charter School Board of Directors, directors will attend SCC meetings. The SCC will strive to create a collaborative and transparent decision-making process that includes the input of all stakeholder groups. The School Board of Directors shall have final authority on all school related matters.

Stakeholder LCAP Consultation

Educational Partner Engagement

All stakeholder groups - parents, teachers, staff, administrators, and students are engaged in the development of the LCAP and annual update in a variety of venues and methods. The primary engagement strategy is Educational Partner Engagement sessions that are held once per semester for each of the above groups. These sessions are publicized through school outreach and mailings, and every effort is made to reduce barriers to attendance. In these sessions, verifiable data regarding student performance are shared with all in attendance, as

well as information regarding the school's educational program and other scholar supports. Budgeting information is discussed in relation to these data, and feedback is taken and recorded regarding all of these topics and then incorporated into school budgeting and programming decisions.

School-Site Advisory Committee (SSAC) Engagement

The SSAC is included in the above Educational Partner Engagement process and takes part in a robust discussion of the budgetary information. This engagement process spans at least two separate SSAC meetings and often takes three or more meetings to ensure full discussion and engagement. Feedback is solicited, recorded, and discussed carefully. This engagement process is followed by a final meeting to review the full LCAP and approve it for presentation to the Alliance Governing Board for final approval.

Stakeholder Educational Program Consultation

The SSAC process is a collaborative framework designed to actively involve stakeholders in decision-making and continuous improvement efforts within schools. It serves as a structured platform where diverse voices - students, parents, educators, community members, and administrators - come together to discuss and provide input on key issues affecting the school community.

Goals of the SSAC Process:

1. **Inclusive Stakeholder Engagement:** To ensure that all groups, especially those historically underrepresented, have an opportunity to participate and share their perspectives.
2. **Transparency in Decision-Making:** To foster trust by providing stakeholders with a clear understanding of school goals, policies, and challenges.
3. **Shared Accountability:** To encourage collective ownership of outcomes by involving stakeholders in the planning and evaluation process.

Key Steps in the SSAC Process:

1. **Formation of the Committee:**
 - Schools actively identify and invite diverse stakeholders, ensuring representation from all segments of the community. Each stakeholder group then elects its representatives through a voting process within their respective member groups, fostering legitimacy and accountability.
 - Roles and responsibilities are clearly defined to ensure productive participation.
2. **Information Sharing and Education:**
 - The committee is provided with relevant data, such as academic performance metrics, resource allocations, and community needs assessments.
 - Stakeholders are trained on school policies, procedures, and objectives to empower informed contributions.
3. **Collaborative Discussions:**

- Regular meetings are held to discuss initiatives, challenges, and opportunities for growth.
 - Stakeholders are encouraged to share insights and propose solutions, leveraging their unique perspectives.
4. **Feedback and Recommendations:**
- The committee synthesizes input to provide actionable recommendations to school leadership.
5. **Implementation and Monitoring:**
- Approved initiatives are implemented with periodic updates shared with the SSAC and broader community.
 - The committee monitors progress, ensuring alignment with shared goals and addressing emerging concerns.

Benefits of the SSAC Process:

- **Empowered Communities:** Stakeholders feel valued and invested in the success of the school.
- **Enhanced Decision-Making:** Diverse perspectives lead to more comprehensive and effective solutions.
- **Improved Outcomes:** Collaborative engagement supports initiatives that better reflect the needs of the school community.

By embedding the SSAC process into school governance, institutions can build stronger relationships with their communities while driving meaningful and sustainable improvements.

Website Support of Stakeholder Involvement

Each Alliance school’s website includes various resources for stakeholders to engage with the school site directly. Information is easily accessible, and includes items for staff, scholars, families, and community members. Below are some examples of critical items that are included in our school sites:

1. Every school has a vision and mission that outlines the work that the school engages in, as well as a message from the principal. This is a way for the community to be aware of the school’s culture, values, and objectives.
2. Enrollment information is provided and easily accessible; prospective families are able to learn about the enrollment process for Alliance, and are able to apply directly via the school’s website.
3. There is a dedicated “Parents” tab which incorporates critical policy documents, as well as the Parent Handbook, including the Uniform Complaint Procedure, and bell schedules, nutrition schedules, and access to school calendars for events.
4. Governing Board agendas and meetings are posted on our Alliance website and stakeholders are able to access the meeting virtually via a one-step click to those links.
5. PowerSchool and Google Classroom links are accessible for stakeholders, especially scholars and families, to stay updated on their academic progress.
6. There is a voter registration link that advances our civic outreach efforts to make access to registration easier.

7. Stakeholders are able to complete a contact form that is sent directly to school staff to ask questions or engage directly with the school.
8. A robust and organized Compliance Document Storage and Public Archive page includes Local Control Accountability Plans, Budget Overviews, Parent-Scholar Handbooks, School Accountability Report Cards, and English Learner Masterplans. It also includes information on Title IX, Bullying, Discrimination, Harassment, and Suicide Prevention. It also contains information on How to Access Mental Health Services.

Stakeholders are also able to access Alliance College-Ready Public Schools' network webpage (www.laalliance.org), which includes further information about the Alliance network, and includes things like:

1. Access to our long-term strategic vision website, which outlines, among other things, our network priorities.
2. Information about each of our Alliance schools, and the communities that they serve.
3. Our commitment to being an anti-racist, pro-Black organization, along with our network values.
4. Advocacy pages for families to learn more about charters, and ways that they can engage with Alliance.
5. Access to the scholar results seen across our Alliance network.
6. Staff directories.

Composition, Selection, and Operating Procedures for Parent Organizations or Committees

School Coordinating Council

The School Coordinating Council ("School Site Advisory Council" or "SCC") with a membership of 10 to 20 stakeholders representing various stakeholder groups, will be an advisory body to the Principal on the management of the school, including, but not limited to, school policies, the academic performance, and annual development of the LCAP and the budget. This council shall be composed of a majority of teacher and parent members and include a classified employee and certificated administrator. Members of the SCC are representatives from various stakeholder groups, with the majority being made up of teachers and parents who self-nominate to serve on the council. The SCC will help guide the decisions that best serve the families. Based on suggestions and recommendations from the SCC, the Principal will reflect this feedback in their decisions and operations. The SCC will meet at the Charter School site a minimum of four (4) times per year. Should topics or recommendations warrant a discussion with the Charter School Board of Directors, directors will attend SCC meetings. The SCC will strive to create a collaborative and transparent decision-making process that includes the input of all stakeholder groups. The School Board of Directors shall have final authority on all school related matters.

Parent/Community Town Hall Meetings

Approximately once a month, the Charter School holds meetings in a Town Hall Meeting format that all parents, community and staff members are welcome to attend. Topics for discussion or presentation include school-wide topics of interest related to achieving the goals of the Charter School and its students. Meetings are generally attended by the principal and administrative staff of the Charter School and, if the subjects to be discussed warrant it, members of the Charter School Board.

The school also maintains a website to keep parents and members of the community abreast of its events. All meetings are calendared in advance, with the goal of engaging all parents.

Parent Engagement

Parents have a right to choose to send their children to excellent high-performing schools and have a right and the responsibility to participate actively in ensuring the success of their child and the school. The Charter School understands the importance of active parent involvement in the education of their children.

Parents of the Charter School students are meaningfully and actively engaged in their children's education. Parents are responsible and accountable for supporting their children's learning at school and at home through their participation in understanding what it takes for children to achieve college-readiness, and by their active voice in achieving the goals of the school through volunteering. At the Charter School, it is anticipated that:

- Parents are actively engaged as members of the ongoing School Coordinating Council.
- Parents of participating Title 1 students participate in an Annual Charter School Title 1 meeting. The Charter School applied for and obtained the status of Schoolwide Program.
- Parents are guaranteed access to the school, school leaders and classroom teachers to support their children's education.
- After the enrollment of a student, each parent and each student meet with the principal.
- Parents are provided multiple opportunities to develop awareness of college readiness benchmarks and what their children must achieve to be successful. Parents are supported in their participation in monitoring their child's individual learning plan towards college readiness.
- Parents are encouraged to participate in a minimum of four Parent Education Academies each year.
- Each parent, their child and school leadership participate in annually developing and signing a Parent/Student/School Compact acknowledging their understanding, responsibility and commitment to support student learning and the academic goals of the Charter School.
- Parents are encouraged to accept responsibility and accountability for committing to support the Charter School and to participate as parent mentors.
- The Charter School seeks to establish partnerships with effective parent engagement leaders such as *Families in Schools* which has a proven track record of meaningfully engaging the voice of parents and the community as partners in schools.
- Meetings are arranged with individual classroom teachers, with the student's instructional team and with the student's advisor.
- Parent-teacher conferences are held quarterly to share and discuss the progress and needs of each individual student.
- Parents are encouraged to participate in town hall meetings, training opportunities, coordinating council, so that each parent feels part of the school and understands their responsibility to the school.

The Charter School makes every effort to fully inform parents as to the curriculum offered and their child's progress. In addition to representation on the School Coordinating Council, Parent/Community Town Hall Meetings are held to address school related issues, including, but not limited to, parent/teacher/student relations. While we strongly encourage parents and guardians to engage in supporting the school, parent/guardian participation is not required and has no effect on a student's enrollment, grades, credits or ability to graduate.

Community Engagement

If Charter School is to be effective, it must be part of the community. To that end, the school employs a Parent Engagement Specialist who supports the leadership in representing the interests of the community.

- Members of the community at large are solicited to support the school in various functions.
- Community resources, such as parks, libraries, athletic and classroom facilities are part of the Charter School. The Charter School believes that by using community facilities, it becomes an integral member of the community in which it is located.

ELEMENT 5: Employee Qualifications

“The qualifications to be met by individuals to be employed by the charter school.” (Ed. Code § 47605(c)(5)(E).)

EQUAL EMPLOYMENT OPPORTUNITY

Charter School acknowledges and agrees that all persons are entitled to equal employment opportunity. Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

ESEA/ESSA AND CREDENTIALING REQUIREMENTS

Charter School shall adhere to all requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) that are applicable to teachers and paraprofessional employees. Charter School shall ensure that all teachers are appropriately assigned and fully credentialed in accordance with applicable state requirements for certificated employment, including but not limited to the provisions of Education Code section 47605(1). Charter School shall maintain current copies of all teacher credentials and make them readily available for inspection.

All employees must furnish or be able to provide:

Job Description and Qualifications

EXECUTIVE DIRECTOR

The Executive Director is responsible for achieving significant scholar performance gains and success at the schools they directly support. The Executive Director will provide executive coaching and may oversee a minimum of two campuses or complexes. Executive Principals attend schools daily, identifying areas of need, providing feedback, and driving towards improved outcomes.

Essential Responsibilities:

Instructional, Visionary, and Talent Leadership

- Drive instructional excellence by setting aspirational school goals and ensuring that teachers receive appropriate, targeted coaching and professional development to meet goals.
- Prepare all scholars to apply to, enroll, attend, and succeed in college by implementing a college-ready curriculum and supporting instructional activities, and by using multiple data points and ongoing data analysis to continually revise and improve the school's instructional program.
- Supervise, coach, develop, and evaluate teachers via regular observations, feedback, and coaching as part of Alliance's rigorous teacher development and support system.

Positive School and Community Culture

- Create a culture of high expectations with a relentless focus on scholar achievement, college and career readiness, operational efficiency, and self-improvement.

- Maintain a safe and positive school environment in which scholars thrive, develop and grow.
- Develop a work environment to retain and develop exceptionally talented staff.
- Foster an environment of deep collaboration with families and caregivers, building strong relationships and encouraging their direct engagement in their scholars' school experiences.
- Partner with the Alliance Home Office to secure and allocate the resources and supports necessary to maintain the school's organizational health.

Executive Coaching & Talent Mastery

- Provide ongoing coaching and support (in a variety of individual and group settings) to school leaders in developing the skills necessary to achieve school success, including general leadership, instruction, and creating a college-going culture
- Strategically support school leaders in the creation and operation of systems and structures necessary to enable schools to achieve the goals set in their annual instructional operating plans
- Support schools in building community partnerships that enhance and support the accomplishment of the school's mission, vision, and goals
- Monitor and support schools to meet the needs of Alliance's most vulnerable scholars, including those with IEPs, English language learners, and youth living in foster care, and work with partners at the Home Office and externally to create high-quality, cost-effective services to address their needs

Provide Data Driven Instructional Leadership

- Understand and interpret performance data to identify areas for development, and share and support implementation of best practices across schools
- Build capacity of school leaders to ensure effective teaching and learning aligned to the Alliance's leadership and teaching frameworks
- Support school leaders in the work of monitoring, evaluating and implementing of curriculum aligned to the Common Core State Standards to ensure that all scholars are college-ready
- Ensure school leaders effectively use assessment data and results to drive school goals and initiatives
- Think through what school leaders and teachers need to hear, see, and feel to ensure that content is understood, valued and heard

Provide Alliance-wide Leadership

- Provide leadership and support of Alliance's strategic goals, with a strong focus on the instructional vision of the organization
- Maintain a strong organizational culture aligned to Alliance's core values and education philosophy
- Provide insight to the Instructional Strategy Team by recommending modifications and adjustments needed to better support schools in the implementation of each school's Strategic Instructional Operating Plan

Minimum Qualifications:

- Minimum of five (5) years of experience as a successful school leader with a proven track record of effective secondary school leadership in low-income communities
- Proven instructional strategic planning with the ability to coach others in strategic "theory of action" thinking and effectively translate strategies into plan and action
- Served in the capacity of Hybrid Principal/Area Superintendent and/or Mentor Principal

The Ideal Candidate Will Have:

- Minimum of two (2) years of experience effectively coaching or supervising school leaders or aspiring school leaders
- Experience working in a home office role as part of the instructional, curricular, and/or assessment teams preferred
- Knowledge of urban school environments and school culture
- Strong interpersonal skills and the ability to articulate a clear and compelling vision and persuade and influence others to implement it
- Strong knowledge of how to effectively progress monitor actions and course correct appropriately at , teacher, and systems levels
- A proven ability to implement systems that drive higher outcomes
- Strong written and oral communication skills, with the ability to tailor information to various audiences
- Comfort in and enthusiasm for using large amounts of data to drive decisions at the school and organization levels

PRINCIPAL

Alliance Principals receive substantial professional development to continue to hone their craft, including monthly full-day professional development sessions, semi-annual network-wide leadership retreats, and ongoing coaching from Instructional Superintendents and our Chief Instructional Officer. Principals receive robust support from the Alliance Home Office to enable their leadership, including support in selecting and implementing research-based, rigorous curriculum and utilizing assessment data to drive instruction, as well as back-office support (e.g., finance, operations, HR, IT, facilities).

Essential Responsibilities:

Instructional, Visionary, and Talent Leadership

- Drive instructional excellence by setting aspirational school goals and ensuring that teachers receive appropriate, targeted coaching and professional development to meet goals.

- Collaborate with the Special Education Department, English Language Development Department, and Interventionists to ensure the delivery of targeted interventions aligned with scholar needs.
- Provide intervention supports (e.g., math) based on data analysis, utilizing evidence-based instructional practices in alignment with Alliance College-Ready Public schools instructional vision.

Data-Driven Decision Making:

- Utilize Home Office and school-specific data analysis tools to identify scholar needs, track progress, and inform decision-making processes related to intervention strategies.
- Lead data review meetings with the administrative and instructional teams to analyze scholar performance data and adjust intervention plans accordingly.

Social-Emotional Learning (SEL) Support:

- Collaborate with other staff to address the social-emotional needs of scholars through the innovation and implementation of SEL initiatives.
- Facilitate regular meetings to discuss scholar progress, identify at-risk scholars, and develop targeted interventions to support their social-emotional development.

Professional Development:

- Lead professional development sessions for all staff, focusing on Universal Design for Learning (UDL) principles and evidence-based instructional strategies to support diverse learners.
- Provide ongoing coaching and support to teachers in the implementation of MTSS practices and interventions in the classroom.

Documentation and Reporting:

- Maintain accurate records of scholar progress, intervention plans, and support services provided, ensuring compliance with state and federal regulations.
- Generate reports to monitor the effectiveness of interventions and communicate outcomes to stakeholders.

Minimum Qualifications:

- A Bachelor's Degree or higher from an accredited college or university.
- At least 4 years of progressive professional work experience in a related field, including at least one (1) year school leadership experience in a public or public charter urban school.

- Policies for students who committed an act under Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
- Procedures to notify teachers of dangerous students pursuant to Education Code section 49079
- A discrimination and harassment policy consistent with Education Code section 200
- Provisions of any schoolwide dress code that prohibits students from wearing “gang-related apparel” if applicable
- Procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
- A safe and orderly environment conducive to learning at the Charter School
- The rules and procedures on Charter School discipline
- Procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on Charter School campus(es) and at school-related functions.

CHILD ABUSE AND NEGLECT MANDATED REPORTER TRAINING

Charter School shall provide all employees, and other persons working on behalf of Charter School who are mandated reporters, with annual training on child abuse detection and reporting, which shall occur within the first six weeks of each school year, or within the first six weeks of a person’s employment if employed after the beginning of the school year, in accordance with the requirements of Education Code section 44691.

Medication in School

The Charter School will adhere to Education Code section 49423 regarding administration of medication in school. Charter School shall stock and maintain the required number and type of emergency epinephrine auto-injectors onsite and provide training to employee volunteers in the storage and use of the epinephrine auto-injector as required by Education Code section 49414 and section 4119.2 of the Business and Professions Code, as they may be amended from time to time.

ATHLETIC PROGRAMS

Charter School shall comply with the requirements of Education Code section 49475, with respect to any athletic program (as defined in Education Code section 49475) offered by or on behalf of Charter School.

If the Charter School offers an interscholastic athletic program, it shall develop and post a written emergency action plan that describes procedures to be followed in the event of sudden cardiac arrest and other medical emergencies, acquire and regularly test and maintain at least one automated external defibrillator (AED) for the Charter School, and make the AED available at on-

campus athletic activities or events according to the requirements of Education Code sections 35179.4 and 35179.6.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Charter School, including its employees, officers, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq. at all times.

CRIMINAL BACKGROUND CLEARANCES AND FINGERPRINTING

Charter School shall comply with all requirements of Education Code sections 44237 and 45125.1. Charter School shall designate and maintain at all times at least one Custodian of Records duly authorized by the California Department of Justice.

Charter School shall maintain on file and available for inspection evidence that (1) Charter School has performed criminal background checks and cleared for employment all employees prior to employment; (2) Charter School has obtained certification from each of its contracting entities/independent contractors that the entity/contractor has conducted required criminal background clearances for its employees prior to provision of schoolsite services and/or any contact with students, and has requested subsequent arrest notification service; and (3) Charter School has performed criminal background checks and cleared for service all volunteers not directly supervised by staff and who may have contact with students. Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice for all employees and volunteers not directly supervised by staff. Upon request, Charter School shall provide a copy of Department of Justice confirmation of Custodian of Records status for each Custodian of Records. Charter School, including its administrators and officers, shall comply with the requirements of Education Code section 44030.5.

All teachers in Charter School shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Education Code sections 44339, 44340, and 44341.

TRANSPORTATION SERVICES

Effective July 1, 2025, Charter School shall comply with the requirements of Education Code Section 39875(c), if applicable, relating to background checks and testing for individuals providing transportation services for students.

WORKPLACE VIOLENCE PREVENTION PLAN

Effective July 1, 2024, Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan, consistent with the requirements of Labor Code Section 6401.9.

HOMICIDE THREATS

Charter School shall comply with all requirements under Education Code sections 49390-49395 regarding mandatory reporting in response to homicidal threats. All Charter School employees and governing board members who are alerted to or who observe any threat or perceived threat in writing or through an action of a student that creates a reasonable suspicion that the student is

preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement.

IMMUNIZATION AND HEALTH SCREENING REQUIREMENTS

Charter School shall require all employees, and any volunteer or vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis (TB) within the period of 60 days prior to employment/service, or otherwise meet the requirements of Education Code section 49406. Charter School shall maintain TB clearance records and certificates on file.

Charter School shall comply with all federal and state legal requirements related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis pursuant to Education Code section 49450 et seq, to the same extent as would be required if the students were attending a non-charter public school. Charter School shall maintain student immunization, health examination, and health screening records on file.

MENTAL HEALTH EDUCATION

If Charter School offers one or more courses in health education to students in middle or high school, Charter School shall include in those courses instruction in mental health that meets the requirements of Education Code section 51925, *et seq.*

MENTAL HEALTH INFORMATION

Charter School shall create and post a poster at the schoolsite identifying approaches and resources addressing student mental health in compliance with Education Code section 49428.5. The poster shall be displayed in English and any primary language spoken by 15 percent or more of students enrolled at the schoolsite as determined pursuant to Education Code section 48985. The poster shall be prominently and conspicuously displayed in appropriate public areas that are accessible to, and commonly frequented by, students at the schoolsite. The poster shall also be digitized and distributed online to students through social media, internet websites, portals, and learning platforms at the beginning of each school year.

SAFE PLACE TO LEARN ACT

Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 et seq.

GUN SAFETY NOTICE

Pursuant to Education Code section 49392, at the beginning of the first semester of each school year, Charter School shall distribute a notice to the parents/guardians of each student addressing California's child gun access prevention laws and laws related to firearm safety utilizing the most updated model language published by the California Department of Education.

SUICIDE PREVENTION POLICY

If Charter School serves students in any grades Transitional Kindergarten/Kindergarten through 12, Charter School shall comply with the requirements of AB 2246 (2016) and AB 1767, codified in Education Code section 215, including but not limited to the requirement that the school's pupil

suicide prevention policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and adopted at a regular public hearing. The Charter School shall review, at a minimum every fifth year, its policy on pupil suicide prevention and, if necessary, update its policy. Charter School shall provide the CSD with a copy of its pupil suicide prevention policy for review upon request.

HUMAN TRAFFICKING PREVENTION RESOURCES

If the Charter School serves students in any grades 6-12, it shall identify and implement the most appropriate methods of informing parents/guardians of human trafficking prevention resources as required by Education Code section 49381.

FEMININE HYGIENE PRODUCTS

If the Charter School maintains any combination of classes in grades 6-12 that meets the 40% pupil poverty threshold required to operate a schoolwide program pursuant to Section 6314(a)(1)(A) of Title 20 of the United States Code, then it shall stock at least 50% of its restrooms with feminine hygiene products at all times, and shall not charge students for these products, as required by Education Code section 35292.6.

ALL GENDER RESTROOMS

Pursuant to Education Code section 35292.5, on or before July 1, 2026, Charter School shall provide and maintain at least one all-gender restroom for voluntary student use at each of its schoolsites that has more than one female restroom and more than one male restroom designated exclusively for student use. The restroom shall have signage identifying the bathroom as being open to all genders, it shall remain unlocked, unobstructed, and easily accessible by any student, and be available during school hours and school functions when students are present. Charter School shall designate a staff member to serve as a point of contact and to post a notice regarding these requirements.

NUTRITIONALLY ADEQUATE FREE OR REDUCED-PRICE MEAL

The Charter School shall provide each needy student, as defined in Education Code section 49552, with one nutritionally adequate free or reduced-price meal, as defined in Education Code section 49553(a), during each school day.

RECESS

Except where a field trip or other educational program is taking place, if the Charter School provides recess, to the extent required by Education Code section 49056, Charter School shall provide supervised and unstructured recess, distinct from physical education courses and mealtimes, for at least 30 minutes on regular instructional days and at least 15 minutes on early release days. Charter School shall not restrict a student's recess unless there is an immediate threat to the physical safety of the student or one or more of their peers.

CALIFORNIA HEALTHY YOUTH ACT

The Charter School shall teach sexual health education and human immunodeficiency virus (“HIV”) prevention education to students in grades 7-12, at least once in middle school and at least once in high school, pursuant to the California Healthy Youth Act. (Ed. Code § 51930, et seq.)

BULLYING PREVENTION

Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying, and shall annually make available the online training module developed by the California Department of Education pursuant to Education Code section 32283.5(a) to certificated schoolsite employees and all other schoolsite employees who have regular interaction with pupils.

LGBTQ RESOURCES TRAINING

Charter School recognizes that it is encouraged to use schoolsite and community resources developed by the State Department of Education for the support of lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) pupils to provide training at least once every 2 years to teachers and other certificated employees at each Charter School schoolsite that serves pupils in grades 7 to 12, to increase support for LGBTQ pupils and thereby improve overall school climate. (Ed. Code § 218.)

TRANSPORTATION SAFETY PLAN

The Charter School shall develop and maintain a transportation safety plan that includes procedures to ensure that a student is not left unattended on a school bus, student activity bus, youth bus, or child care motor vehicle and procedures and standards for designating an adult chaperone, other than the driver, to accompany students on a school activity bus. In addition, the Charter School shall ensure that each school bus, student activity bus, youth bus, or child care motor vehicle is equipped with a child safety alert system that requires the driver to either manually contact or scan the device, thereby prompting the driver to inspect the entirety of the interior of the vehicle before exiting, unless the student activity bus is exempted by law. (Ed. Code § 39831.3; Veh. Code § 28160.)

ELEMENT 7: Means to Achieve Racial and Ethnic, Special Education, and English Learners, including Redesignated Fluent English Proficient Pupils Balance

“The means by which the school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.” (Ed. Code § 47605(c)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the *Crawford v. Board of Education, City of Los Angeles* court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District’s Student Integration Services (collectively the “Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD’s Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. (*Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW)*). The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District’s Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary throughout the term of the Charter to achieve the District’s goal. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. The District may receive the Targeted Instructional Improvement Block Grant (TIIBG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIBG funding, where available, and cannot guarantee the availability of this funding.

Plan to Achieve and Maintain LAUSD Ethnic Balance Goal

- Distribute notification about enrollment opportunities at ACRMA 12 to communities in Los Angeles Unified School District, including those that serve diverse populations.
- Publicize ACRMA 12 through flyers, the Alliance website, the school website and notices to neighborhood schools and families about available openings.

- Target a diverse set of students throughout the student recruitment process in order to achieve and maintain the LAUSD ethnic balance goal upon enrollment.

ACRMA 12 will make every effort to recruit students of various racial and ethnic groups to achieve a balance that is reflective of the general population residing within the territorial jurisdiction of LAUSD.

Annual Outreach and Recruitment Activities

- School tours: Ongoing October-June
- School information sessions: Ongoing October-June
- Student orientation session: July – first week of August

Network-wide family outreach activities include:

- Parent University College & Resource Fair: October
- Black, Proud, College Bound Summit: October/November
- Black/African American Scholar & Family Middle and High School Graduation Dinners: May

Information sessions and school tours will be advertised on the school's website and through direct mail to the parents of students who attend elementary, middle and high schools in the target community, and using postcards and flyers (printed in English and Spanish) distributed at local businesses and community organizations, youth organizations, social service providers, faith-based organizations, grocery stores, public libraries and other local schools. Information sessions will be conducted in English and in Spanish and held at different venues throughout the community.

ACRMA 12 will conduct annual student orientation sessions in English and in Spanish prior to the opening of school. The typical schedule for this orientation session is one weekday and/or one Saturday in July or August.

Outreach and Recruitment Materials and Methods

- Posting banners in front of the school announcing, "now enrolling"
- Distributing printed flyers announcing major activities such as: the enrollment period, deadline for applications, dates and times of information sessions.
- Information sessions and school tours will include information on the school's performance track record, the Alliance school mission, Alliance and school goals, what it means to be an Alliance school, school policies and procedures, and school calendar.

ACRMA 12 will make every effort to recruit and maintain students of various racial and ethnic groups to achieve a balance that is reflective of the general population residing within the territorial jurisdiction of LAUSD by targeting enrollment and marketing efforts to surrounding communities. Information with regard to race and ethnicity of students is not gathered, however, until students have been enrolled.

Language(s) of Outreach

All outreach and recruitment activities, methods, and materials will include Spanish and English verbal and written engagement.

Plan to Achieve LAUSD Ratio of Special Education, English Learners, and Redesignated Fluent English Proficient Pupils

- Distribute notification about enrollment opportunities at ACRMA 12 to communities in Los Angeles Unified School District, including those that serve diverse populations.
- Publicize ACRMA 12 through flyers, the Alliance website, the school website and notices to neighborhood schools and families about available openings.
- Target a diverse set of students throughout the student recruitment process in order to achieve and maintain the LAUSD ratio of special education and english learners goal upon enrollment.

ACRMA 12 will make every effort to recruit students with diverse learning needs and English Learners to achieve a balance that is reflective of the general population residing within the territorial jurisdiction of LAUSD.

ELEMENT 8: Admission Policies and Procedures

“Admission policies and procedures, consistent with subdivision (e).” (Ed. Code § 47605(c)(5)(H).)

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School will enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

NON-DISCRIMINATION

Charter School shall not require a parent/legal guardian/student to provide information regarding a student’s disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student’s IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Charter School shall not discourage a student from enrolling or seeking to enroll in the Charter School, nor encourage a current student from disenrolling, for any reason, including, but not

limited to, the student's academic performance, nationality, race, ethnicity, or sexual orientation or because the student is a student with disabilities, academically low achieving, an English learner, neglected or delinquent, homeless, economically disadvantaged, or a foster youth. The Charter School shall not request or require a student's records to be submitted before enrollment. The Charter School shall post on its web site the California Department of Education notice of these requirements and shall provide the notice to parents/guardians or students age 18 and older when the parent/guardian or student inquiries about enrollment, before conducting an enrollment lottery, and before disenrollment of a student. (Ed. Code §§ 47605, 47605.6)

Charter School shall adopt policy that is consistent with the model policy developed by the California Attorney General addressing the Charter School's response to immigration enforcement, notify parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, prohibit the collection of information or documents regarding the immigration status of students or their family members, and fulfill other requirements of Education Code section 234.7.

PREGNANT AND PARENTING STUDENT ACCOMMODATIONS

Charter School shall provide specified accommodations to pregnant and parenting students, including, but not limited to, the provision of parental leave and reasonable accommodations on campus to a lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. The Charter School shall notify pregnant and parenting students and parents/guardians of the rights and options available to pregnant and parenting students. (Ed. Code §§ 222, 222.5, 46015.)

SEXUAL HARASSMENT POLICY NOTICE

The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code section 231.6, and shall prominently and conspicuously display the poster in each bathroom and locker room at each schoolsite and in public areas at each schoolsite.

If the charter school offers competitive athletics, annually post on the school's web site or on the web site of the charter operator the total enrollment of the school classified by gender, the number of students who participate in competitive athletics classified by gender, and the number of boys' and girls' teams classified by sport and by competition level. If Charter School operates multiple school sites, this information shall be disaggregated by school site. (Ed. Code § 221.9.)

Admission Requirements

Each student interested in enrolling at ACRMA 12 must be a resident of California and submit
--

an application form to the school. If the number of interested students exceeds the number of seats available by the application deadline, admittance shall be determined by a public random drawing.

Student Recruitment

The intent of ACRMA 12 is to serve students living in and attending schools within a 4-mile radius of the campus. As such, the school's marketing efforts will be targeted to students residing in the community or attending schools in the community served, which includes primarily students within LAUSD.

ACRMA 12 is committed to serving all students. As detailed in Element 7, the Outreach Plan includes targeted efforts to recruit all students regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, equal rights, and opportunities in admission. This includes students who are at risk of low achievement, socio-economically disadvantaged students, and students with disabilities.

Methods of recruiting students may include:

- Announcements mailed to families attending neighboring elementary, middle and high schools
- Marketing brochures and flyers (in English and Spanish) distributed throughout the local community
- Local newspaper announcements
- Open houses and information sessions at the school site
- Open House at the school site prior to the opening of school
- The use of English and Spanish collateral and materials.

Lottery Preferences and Procedures

Lottery Preferences

Existing students are guaranteed admission in the following school year and are exempt from the public random drawing (lottery).

During the lottery, the following preferences shall be extended:

- Siblings currently attending ACRMA 12. (Siblings must share at least one biological parent or legal guardian.)
- Children of current ACRMA 12 staff members not to exceed 10% of total enrollment.
- Students living within the boundaries of the Los Angeles Unified School District.

In an effort to keep families together, in situations where siblings apply to ACRMA 12 together and they do not have any other siblings currently attending ACRMA 12, if one of the children gains admission, he/she will automatically be considered a currently enrolled student and lottery preferences would apply.

Lottery Procedures

- **Open Enrollment Period:** The open enrollment period for the upcoming school year will start at the beginning of October of the current school year and last until the lottery takes place (as needed), and no later than May 30. Parents/guardians of students who submitted applications and interested parties will be provided information about the timeline and procedures to be followed during the open enrollment and lottery process upon request. This information will be made available verbally, online and in print form.
- **Application Form:** Each student interested in enrolling at an Alliance school must submit an application form to the school before the application deadline. There must be one application for each child. Applications received after the deadline shall be placed on the waitlist in the order they are received.
- **Lottery Procedures:** The lottery will be held on ACRMA 12's campus unless a larger venue is required. If needed, the lottery will take place on a weekday afternoon or evening or during the weekend to help ensure all interested parties can attend. The specific date, time and location will be determined one week following the application due date, and will be communicated to families and interested parties verbally or through written communications (e.g., text messages, emails, postings in school main office) as needed. Lottery procedures will be followed and related materials will be made available upon request. Interested parties are welcome to observe the random public drawing should one be necessary.

If the number of applicants exceeds the number of available seats on the application due date, a public lottery will be hosted and the applicants will be randomly drawn to fill the available seats. The lottery will follow the school's lottery preferences. Applicants that are not accepted during the lottery will be placed on the waitlist in the order their names are drawn. All applications and a record of the order in which they are drawn will be kept on file at the Charter School. The Charter School may choose to conduct the lottery using an online enrollment system. The online enrollment system allows families to apply online and allows the school to run the lottery using a secure computer algorithm so that rules and lottery preferences are followed every time and families can be assured of an equitable process.

After the offered list is set, a waitlist shall be created and maintained. Should vacancies occur, admission will be offered to applicants on the waitlist in the order their names appear. The school can utilize the online enrollment system to manage the waitlist to ensure seats are offered to students in the order they appear on the waitlist.

- **Communication:** The offered list and waitlist will be made available following the lottery (if needed) and upon request. Parents/guardians of applicants on the offered list and waitlist will be contacted by designated school office staff via phone and/or in writing. Multiple communications on different days will be attempted. Communication attempts will be logged by school staff.

Parents/guardians of applicants will have 5 school days from initial contact to respond to the designated contact person. The parents can respond via phone, in writing or by accepting the seat through the online enrollment system. If parents do not respond within the timeline, the applicant will be removed from the waitlist and the next applicant's parents/guardians on the waitlist will be contacted. We use an enrollment database system to log and document the fair execution of our lottery and waitlist.

ELEMENT 9: Annual Financial Audits

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(c)(5)(I).)

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(b)(c)(I) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

The following reports will be submitted to LAUSD, in the required format and within timelines to be specified by LAUSD, each year:

- a. Provisional Budget – Spring prior to operating fiscal year
 - b. Final Budget – July of the budget fiscal year
 - c. First Interim Projections – November of operating fiscal year
 - d. Second Interim Projections – February of operating fiscal year
 - e. Unaudited Actuals – July following the end of the fiscal year
 - f. Audited Actuals – December 15 following the end of the fiscal year
 - g. Classification Report – monthly according to Charter School’s Calendar
 - h. Statistical Report – monthly according to Charter School’s Calendar of Reports
- In addition:
- P1, first week of January
 - P2, first week of April
- i. Instructional Calendar – annually five weeks prior to first day of instruction
 - j. Other reports as requested by the District

Annual Audit Procedures

Audit Responsibilities

As per the Intracompany Services Agreement with the Alliance College-Ready Public Schools, the Alliance Home Office Chief Financial Officer, in coordination with the Alliance Audit Committee, is responsible for the selection of a qualified independent auditor to conduct the required annual financial audit. The auditor is retained by the Alliance Accounting Team, led by its Vice President, Accounting and Chief Financial Officer, to coordinate the completion

of an annual audit of the school's financial books and records.

The selection process will include confirmation that any recommended firm be on the State Controller's list of approved auditors to conduct charter school audits. The Alliance Governing Board considers a recommendation annually from the Alliance Audit Committee to select the financial auditor. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133. All audit services are handled centrally by the Alliance Accounting Team, as per the school's Administrative Services Agreement with the Alliance.

The Vice President, Accounting ensures that the auditor sends the completed audit to the required agencies by the statutory deadline. As per relevant requirements, the school's audit is submitted to the Federal Audit Clearinghouse, State Controller, County Office of Education, California Department of Education and LAUSD.

As outlined in prior sections, the Alliance Home Office provides specific back-office services to the Charter School, including budgeting/forecasting, accounts set up (insurance, benefits, attendance tracking), payroll, compliance, required reporting, service vendor contract negotiations and management, and purchasing. The Alliance Home Office also provides oversight and monitors adherence by the Alliance Governing Board to the charter process and any applicable law. The Alliance Home Office maintains separate financial records for Charter School and assures that all accounting complies with generally accepted accounting principles.

Process to Resolve Audit Findings

Any deficiencies, findings, material weaknesses, or audit exceptions are reported to the Alliance Audit Committee. The Alliance Accounting Team, led by its Vice President, Accounting, will work with the school's leadership and the Alliance Governing Board, to immediately develop and implement a corrective action plan. Any such exception, as well as the corrective action plan, will be reviewed at an Alliance Governing Board regular meeting.

ELEMENT 10: Suspension and Expulsion Procedures

“The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil’s side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil’s basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil’s parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil’s educational rights holder, and shall inform the pupil, the pupil’s parent or guardian, or the pupil’s educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil’s parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child’s educational rights holder, attorney, and county social worker and an Indian child’s tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information.” (Ed. Code § 47605(c)(5)(J).)

GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy.. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform him or her of the basis for which the pupil is being involuntarily removed and his or her right to request a hearing to challenge the involuntary removal. If a parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated in this section.

HOMEWORK TO SUSPENDED STUDENTS

For any student who has been suspended from school for two or more schooldays, Charter School shall provide student with the homework the student would otherwise have been assigned if requested by the student or student's parent/guardian. If a homework assignment is requested and turned in to the student's teacher either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, but it is not graded before the end of the academic term, then that assignment shall not be included in the calculation of the pupil's overall grade in the class. (Ed. Code § 48913.5)

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If

a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
 - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
 - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, involuntary removals, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

School Climate and Student Discipline System

School-Wide Positive Behavior Intervention and Support (SWPBIS)

As required by the Modified Consent Decree (MCD), Alliance schools also follow the District's Discipline Foundation Policy, including the school-wide positive behavior supports, alternatives to suspension (e.g., behavioral contracts, student detention, parent conferences, counseling), and restorative justice. At the beginning of each school year, the principal or administrative designee (e.g., assistant principal, dean of students) will provide professional development to school staff in order to communicate and model the school's discipline policy to the school community.

ACRMA 12 believes in a student discipline philosophy that is progressive in nature, but also emphasizes positive behavior supports to provide students with opportunities to improve. These include, but are not limited to: positive recognition, restorative practices (e.g., restorative circles, mediation, regular conferencing), increased family and community collaboration, acknowledgement and reinforcement of appropriate behavior, clear definition of expectations, team-based implementation, and data-based decision making. The school will have access to a student discipline dashboard to track and monitor student suspensions and expulsions on a regular basis.

Tiered Behavior Intervention

ACRMA 12 provides Tier 1 Universal supports to all scholars in the teaching of SEL skills and behavior expectations, accompanied by frequent positive praise to scholars. Administrators and staff will regularly review school-wide and subgroup behavior data to identify scholars for providing: Tier 2 Targeted interventions such as Check In Check Out or Small Group SEL instruction; Tier 3 Intensive intervention designed to directly address the function of behavior such as individualized success and safety plans, coordination of care agency services, or wraparound support.

Additionally, students who violate the school rules are also subject to, but not limited to, the following progressive actions:

- Verbal warning
- Phone call to parent/guardian
- Loss of privileges (e.g. attending after school activities, interscholastic sports, special non-instructional activities held during the school day, one-to-one assigned technology)

- Detention
- Conference with student and parent/guardian
- Suspension
- Expulsion

Restorative Justice Practices

ACRMA 12 leverages a trauma-informed, resilience-focused and multi-tiered approach with Restorative Justice to ensure all scholars feel safe, seen, and ready to learn. We aim for a “Culture of Learning” founded on clear expectations. At Tier 1, we emphasize prevention as much as possible, with a focus on community building and strong relationships for all and techniques including but not limited to affective statements, positive comment ratio of 5:1 with scholars, and community building circles. At Tier 2, for some scholars, based on data, techniques include but are not limited to restorative conferences, harm repair circles, targeted social emotional learning, self-assessments. Finally, at Tier 3, for few scholars, based on data, techniques include but are not limited to individualized supports, re-entry circles, function of behavior interventions, intensive social emotional learning. We believe in using restorative justice to repair the harm to relationships and school communities when broken, using techniques above, to ensure long term sustained success for all scholars.

Alternatives to Suspension

ACRMA 12 believes that all scholars can achieve at a high level. This belief holds true regardless of our scholars’ prior academic experience, disability status, cognitive level, or behavioral, social-emotional, or mental health needs. In order to support the continued achievement of scholars, the school has dedicated resources to implement a discipline framework that is void of punitive, ineffective practices, reduces suspensions, and mitigates exclusion of scholars from their school communities and learning environments. Whenever possible and appropriate, ACRMA 12 provides Alternatives to Suspension via age-appropriate responses to correct a scholar’s specific misconduct and that provides the scholar with an opportunity to learn the skills necessary to avoid recurrence of misconduct. At the beginning of the school year faculty and staff are provided training on the school’s discipline policy and throughout the year the administration uses data to plan for any refresher and updates throughout the year. Whenever possible, we will utilize positive behavior support and interventions for violations, prior to or in lieu of suspension, to resolve disciplinary issues.

Methods include but are not limited to:

- Alternative Programming
- Behavior Agreement or Contract
- Community Service
- Counseling
- Mini Courses/Skill Modules

- Restitution
- Restorative Circle
- Social Skills Instruction
- Check In Check Out
- Mentorship
- Outside Agency Support
- Voluntary Parental Involvement & Supervision

Using Data

The school will gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, involuntary removals, and reinstatements, and make such outcome data readily available to the District upon request. The data will be used to inform behavior interventions across Tier 1, 2, and 3, as well as any plans for faculty and staff training, coaching, and development..

Grounds for Suspension and Expulsion

Disciplinary Jurisdiction

ACRMA 12 has adopted the *Los Angeles Unified School District Suspension and Expulsion Matrix* as identified below. As such, a student may be suspended or expelled for prohibited misconduct, as outlined in the matrix, if the act occurs:

- 1) While on school grounds,
- 2) While going to or coming from school,
- 3) During the lunch period whether on or off the school campus,
- 4) During, or while going to or coming from, a school-sponsored activity

Non-Discretionary Suspension

ACRMA 12 has adopted the *Los Angeles Unified School District Suspension and Expulsion Matrix* as identified below. As such, all offenses that fall under Category I require non-discretionary suspension and recommendation for expulsion.

Category I Student Offenses with No Principal Discretion (except as otherwise precluded by law)	Category II* Student Offenses with Limited Principal Discretion	Category III* Student Offenses with Broad Principal Discretion
Principal shall immediately suspend and recommend expulsion when the following occur at school or at a school activity off campus . Aided or abetted the infliction of physical injury to another person (suspension only). E.C. 48900(t); 48915(e)
* For Categories II and III, the school must provide evidence of <u>one or both</u> of the following additional findings : (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct, (2) Due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the pupil or others. ** Grades 4 through 12 inclusive.		

Discretionary Suspension

ACRMA 12 has adopted the *Los Angeles Unified School District Suspension and Expulsion Matrix* as identified below. As such, all offenses that fall under Category II and III include Principal discretion and may result in a suspension.

Not Grounds for Suspension/Expulsion

ACRMA 12's policy prohibits suspension and expulsion from being used as corrective measures in response to student misconduct of willful defiance as described in Education Code section 48900(k).

Category I Student Offenses with No Principal Discretion (except as otherwise precluded by law)	Category II* Student Offenses with Limited Principal Discretion	Category III* Student Offenses with Broad Principal Discretion

** Grades 4 through 12 inclusive.

Procedures for Suspension and Expulsion

Suspension Procedures

In the case of a foster child, the following paragraphs shall have the school communicate with their educational rights holder, attorney, or county social worker in lieu of a parent/guardian.

Rules and Procedures

The process for investigating incidents and collecting evidence for suspensions and expulsions will be fair and thorough. Suspension is preceded by a conference conducted by the principal or administrative designee (e.g., assistant principal, dean of students) with the student and the student's parent/guardian. The conference may be omitted if the administrative staff determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the student is suspended without a conference, the parent/guardian is notified of the suspension, a request for a conference is to be made as soon as possible, and the conference is to be held as soon as possible. If the scholar denies the charges, they will be given explanation of the evidence that supports the charges and an opportunity to present their side of the story

Notice to Parents/Guardians

At the time of suspension (both out-of-school and in-school), the principal or administrative designee will contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension in the primary language of the guardian. This notice shall state the specific offense(s) committed by the student. In addition, the notice shall also state the date and time the student may return to school. The principal or administrative designee shall request to confer with the parent/guardian regarding matters pertinent to the suspension; parents/guardians are strongly encouraged to respond without delay as student violations of school rules may result in student expulsion from the school.

In-school suspensions will be served in either the school's main office or in an open classroom and will be supervised by a certificated staff member. During in-school suspensions, the student's teachers will provide coursework to be completed in the in-school suspension setting.

Length of Suspension

Suspensions (both out-of-school and in-school), when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Students with IEPs shall not be suspended for more than a total of ten (10) school days in a school year unless a suspension has been extended pending an expulsion hearing, post a Manifestation Determination Review (MDR). During the term of the suspension, ACRMA 12 shall provide the student with meaningful access to education. Missed assignments can be accessed virtually through class websites or arranged for pick-up or delivery with the parent/guardian. The student shall also be given the opportunity to take make-up tests if they were missed during the term of the suspension.

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing. Students who receive an extended suspension may be offered an interim placement at an LAUSD school, another Alliance school, or coursework from the attending school. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended up to 30 school days pending an expulsion hearing.

Suspension Appeals

The suspension of a student is at the discretion of the principal or administrative designee. Parents/guardians shall be notified in advance of the enactment of the suspension and can appeal a student's suspension. A suspension appeal shall be submitted in writing to the Alliance Home Office Chief Schools Officer, and shall be heard if requested within five (5) school days of the notification of suspension by the principal or administrative designee. Upon consideration of the evidence presented in the appeal, the Chief Schools Officer's decision shall be final. The student shall be considered suspended until a meeting is convened to hear the appeal. The decision regarding the appeal will be made within one (1) school day of the appeal hearing. Parents/guardians will be notified of the decision in writing

within three (3) school days. For students who are recommended for expulsion, any appeal of the suspension will be considered concurrently with the expulsion process.

Expulsion Procedures

Rules and Procedures

The process for investigating incidents and collecting evidence for suspensions and expulsions will be fair and thorough. Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's parent/guardian or representative will be invited, by letter or by phone, to a pre-expulsion conference within five (5) school days. During the conference, they will receive written notice of the charges and their rights and have the right to respond to the allegation. If necessary, they will be given three (3) additional school days after the conference to respond. This conference will also provide an opportunity to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee.

Authority to Expel

A student may be expelled by a three (3) member neutral panel, known as the Expulsion Panel that is designated by the ACRMA 12 School Board of Directors ("School Board"). The Expulsion Panel shall be selected by the Board Chair and will consist of Alliance College-Ready Public Schools and Alliance's affiliated schools' staff. The members of the Expulsion Panel shall meet the following criteria:

- 1) The members shall have no knowledge or previous familiarity of the student or situation, and
- 2) The members are not employees of the presenting school.

Expulsion Hearing

A hearing to determine whether the student should be expelled is required for recommendation for expulsion. The hearing shall be held within 30 school days after the principal makes his/her expulsion recommendation. The hearing shall be presided over by the Expulsion Panel described above.

The principal or administrative designee provides written notice of the hearing to the student and the student's parent/guardian within ten (10) calendar days before the date of the hearing. The notice shall be in the primary language of the guardian. The notice will include information regarding reasonable accommodations and language support, presentation and cross-examination of witnesses and other evidence, representation by counsel or other advocates, and other due process protections and rights. As necessary, the notice will also provide special rules and procedures for incidents involving sexual assault and/or battery (e.g., provide complaining witness with a copy of applicable disciplinary rules and advisement of rights, postponement of expulsion hearing for one school day to accommodate the special physical, mental and emotional needs of complaining witness, provide a nonthreatening environment for complaining witness to speak freely and accurately of his/her experiences, breaks during testimony as needed, advisement of complaining witness and accused pupil to refrain from personal or telephonic contact). The documentary evidence packet shall be made available to the student and/or parents/guardians upon request.

An audio recording of the hearing and proceedings will be created and retained.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence in which reasonable persons can rely in the conduct of serious affairs. A determination by the panel to expel must be supported by substantial evidence that the student committed an expellable offense. Also, in accordance to the LAUSD Suspension and Expulsion Matrix, for Category II and II offenses, the school must provide evidence of one or both of the following additional findings: (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct, (2) Due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the pupil or others. At the hearing the scholar will have a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Expulsion Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. The decision of the panel to expel must be supported by substantial evidence presented at the hearing that the student committed an expellable offense. Also, in accordance to the LAUSD Suspension and Expulsion Matrix, for Category II and II offenses, the school must provide evidence of one or both of the following additional findings: (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct, (2) Due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the pupil or others.

The decision of the Expulsion Panel shall be in the form of written findings of fact. The final decision by the panel shall be made within three (3) school days following the conclusion of the hearing.

If the Expulsion Panel decides not to expel and the student is still enrolled, the pupil shall immediately be returned to his/her educational program or be given the opportunity to transfer to another Alliance school with mutual agreement of the parent and the other Alliance school.

Written Notice to Expel

Following a decision of the Expulsion Panel to expel, the principal or administrative designee shall send to the student and parent/guardian written notice of the decision to expel. The notice shall be in the primary language of the guardian. This notice will include the findings of fact, recommendations, referral to alternative placement, recommended rehabilitation plan, recommended expulsion order and appeal procedures. This notice to expel a student will be sent by certified U.S. mail. Records of the proceeding will be made available at any time upon request to the Principal.

Appeal of Expulsion

An expulsion decision may be appealed within 30 calendar days of the date of the Expulsion Panel's written decision to expel. The parent/guardian must submit the appeal in writing to the principal who will inform the School Board Chair. An Expulsion Appeal Panel shall be convened within 30 school days of receipt of the written appeal, at which time the student's parent/guardian must attend to present his/her appeal either verbally or in writing. Language support shall be provided upon request. The Expulsion Appeal Panel shall have three (3)

members. The panel shall be selected by the School Board Chair. Panel members shall not be school employees (they may be Alliance Home Office employees or staff members from other Alliance schools), shall have no familiarity of the incident or student, and shall not be the same individuals that served on the Expulsion Panel. The scope of review of the panel shall be limited to whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the expulsion hearing. The decision of the Expulsion Appeal Panel shall be final. Parents will be notified of the Expulsion Appeal Panel's decision, in writing, within two (2) school days of the hearing. The notice shall be in the primary language of the guardian. In the event that the Expulsion Appeal Panel reverses the expulsion, the student shall be immediately reinstated.

Alternative Placement

In the event of a decision to expel a student, the school will work cooperatively with the student's home school district, the county and/or other schools to find alternative placement for the student.

Rehabilitation Plans

Pupils who are expelled from an Alliance school shall be given a rehabilitation plan upon expulsion as developed by the Expulsion Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the Alliance school for readmission.

Readmission

The school shall receive the documentary evidence from parents/guardians or LAUSD as per the student's rehabilitation plan in the findings of fact. This evidence will be reviewed to determine if the plan's requirements have been met to allow for readmission. Upon completion of the readmission process and pending the availability of open seats, the school shall readmit the pupil, unless the school's principal makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the school, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

Reinstatement

Upon completion of the readmission process and a determination that the student has met the terms of the rehabilitation plan, the school shall reinstate the student upon the conclusion of the expulsion period in a timely manner pending the availability of open seats.

Mandatory Recommendation for Expulsion

ACRMA 12 has adopted the *Los Angeles Unified School District Suspension and Expulsion Matrix* as identified below. As such, all offenses that fall under Category I do not include Principal discretion and will result in a recommendation for expulsion.

* For Categories II and III, the school must provide evidence of one or both of the following **additional findings**: (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct, (2) Due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the pupil or others.

** Grades 4 through 12 inclusive.

Discretionary Recommendation for Expulsion

ACRMA 12 has adopted the *Los Angeles Unified School District Suspension and Expulsion Matrix* as identified below. As such, all offenses that fall under Category II and III include Principal discretion and may result in a recommendation for expulsion.

Not Grounds for Suspension/Expulsion

ACRMA 12's policy prohibits suspension and expulsion from being used as corrective measures in response to student misconduct of willful defiance as described in Education Code section 48900(k).

Category I Student Offenses with No Principal Discretion (except as otherwise precluded by law)	Category II* Student Offenses with Limited Principal Discretion	Category III* Student Offenses with Broad Principal Discretion

** Grades 4 through 12 inclusive.

In-School Suspension

Location, Supervision, and Student Instruction

The principal or administrative designee may assign scholars to a supervised in-school suspension for the entire period of suspension of not more than 5 school days if the scholar committed an act on the school-adopted LAUSD Suspension and Expulsion Matrix and poses no imminent danger or threat to the campus, other scholars, or staff. In-school suspensions will be served in either the school's main office or in an open classroom and will be supervised by a certificated staff member. During in-school suspensions, the scholar's teachers will provide coursework to be completed in the in-school suspension setting.

Student Supports

During an in-school suspension all supports and services will be provided to the scholar including those listed written in their IEP, 504, or other scholar-centered support plan, in addition to access to appropriate counseling services.

Family Notification

At the time of suspension (both out-of-school and in-school), the principal or administrative designee will contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension in the primary language of the guardian. This notice shall state the specific offense(s) committed by the student. In addition, the notice shall also state the date and time the student may return to school. The principal or administrative designee shall request to confer with the parent/guardian regarding matters pertinent to the suspension; parents/guardians are strongly encouraged to respond without delay as student violations of school rules may result in student expulsion from the school. In the case of a foster child, the preceding paragraph shall have the school communicate with the educational rights holder, attorney, or county social worker in lieu of a parent/guardian

Maximum Days of Suspension

Suspensions (both out-of-school and in-school), when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Students with IEPs shall not be suspended for more than a total of ten (10) school days in a school year unless a suspension has been extended pending an expulsion hearing, post a Manifestation Determination Review (MDR). During the term of the suspension, ACRMA 12 shall provide the student with meaningful access to education. Missed assignments can be accessed virtually through class websites or arranged for pick-up or delivery with the parent/guardian. The student shall also be given the opportunity to take make-up tests if they were missed during the term of the suspension.

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing. Students who receive an extended suspension may be offered an interim placement at an LAUSD school, another Alliance school, or coursework from the attending school. Students shall not be suspended for more

than a total of twenty (20) school days in a school year, unless a suspension has been extended up to 30 school days pending an expulsion hearing.

Response to Offenses Precluded From In-School Suspension

The following offenses in the Education Code are precluded for in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel
- Made terrorist threats against school officials or school property, or both

Additionally, if an action to expel the student will be or has already started, an in-school suspension is not permitted in lieu of a suspension from school.

Out-of-School Suspension Procedures

Fair and Thorough Investigation

The process for investigating incidents and collecting evidence for suspensions and expulsions will be fair and thorough.

Authorization to Suspend

Principal and administrative designees are authorized to suspend scholars.

Adequate Notice to Student

The process for investigating incidents and collecting evidence for suspensions and

expulsions will be fair and thorough. Suspension is preceded by a conference conducted by the principal or administrative designee (e.g., assistant principal, dean of students) with the student and the student's parent/guardian. The conference may be omitted if the administrative staff determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the student is suspended without a conference, the parent/guardian is notified of the suspension, a request for a conference is to be made as soon as possible, and the conference is to be held as soon as possible. In all cases, the scholar is given an opportunity to respond to the charges.

Adequate Notice to Parent(s)

At the time of suspension (both out-of-school and in-school), the Principal or administrative designee will contact the parent/guardian (and foster youth representatives, if applicable) by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension in the primary language of the guardian. This notice shall state the specific offense(s) committed by the student. In addition, the notice shall also state the date and time the student may return to school. The principal or administrative designee shall request to confer with the parent/guardian regarding matters pertinent to the suspension; parents/guardians are strongly encouraged to respond without delay as student violations of school rules may result in student expulsion from the school.

Appeal of Suspension

The suspension of a student is at the discretion of the principal or administrative designee. Parents/guardians shall be notified in advance of the enactment of the suspension and can appeal a student's suspension. A suspension appeal shall be submitted in writing to the Alliance Home Office Chief Instructional Officer, and shall be heard if requested within five (5) school days of the notification of suspension by the principal or administrative designee. Upon consideration of the evidence presented in the appeal, the Chief Instructional Officer's decision shall be final. The student shall be considered suspended until a meeting is convened to hear the appeal. The decision regarding the appeal will be made within one (1) school day of the appeal hearing. Parents/guardians will be notified of the decision in writing within three (3) school days. For students who are recommended for expulsion, any appeal of the suspension will be considered concurrently with the expulsion process.

Maximum Days of Suspension

Suspensions (both out-of-school and in-school), when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension for students in general education and including any student being served under Section 504 of the Rehabilitation Act of 1973. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended up to 30 school days pending an expulsion hearing. Students with IEPs shall not be suspended for more than a total of ten (10) school days in a school year unless a suspension has been extended pending an expulsion hearing, post a Manifestation Determination Review (MDR).

Access to Education

During the term of the suspension, ACRMA 12 shall provide the student with meaningful access to education. Missed assignments can be accessed virtually through class websites or arranged for pick-up or delivery with the parent/guardian. The student shall also be given the opportunity to take make-up tests if they were missed during the term of the suspension.

Rules and Procedures Pending Outcome of Expulsion Process

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing. Students who receive an extended suspension may be offered an interim placement for meaningful access to education at an LAUSD school, another Alliance school, or coursework from the attending school. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended up to 30 school days pending an expulsion hearing.

Expulsion Procedures

Adequate Notice of Reason to Student and Parent

The process for investigating incidents and collecting evidence for suspensions and expulsions will be fair and thorough. Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's parent/guardian or representative (including representatives for foster youth) will be invited, by letter or by phone, to a pre-expulsion conference within five (5) school days. During the conference, they will have the right to respond to the allegation. If necessary, they will be given three (3) additional school days after the conference to respond. This conference will also provide an opportunity to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee.

Authority to Recommend Expulsion

The process for investigating incidents and collecting evidence for suspensions and expulsions will be fair and thorough. The Principal or administrative designee may recommend expulsion. As stated above, upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's parent/guardian or representative will be invited, by letter or by phone, to a pre-expulsion conference within five (5) school days. During the conference, they will receive written notice of the charges and their rights and have the right to respond to the allegation. If necessary, they will be given three (3) additional school days after the conference to respond. This conference will also provide an opportunity to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee.

Adequate Notice of Recommendation and Hearing to Student and Parent

A hearing to determine whether the student should be expelled is required for recommendation for expulsion. The hearing shall be held within 30 school days after the principal makes his/her expulsion recommendation. The hearing shall be presided over by the Expulsion Panel described above.

The principal or administrative designee provides written notice of the hearing to the student and the student's parent/guardian within ten (10) calendar days before the date of the hearing. The notice shall be in the primary language of the guardian. The notice will include

information regarding reasonable accommodations and language support, presentation and cross-examination of witnesses and other evidence, representation by counsel or other advocates, and other due process protections and rights. As necessary, the notice will also provide special rules and procedures for incidents involving sexual assault and/or battery (e.g., provide complaining witness with a copy of applicable disciplinary rules and advisement of rights, postponement of expulsion hearing for one school day to accommodate the special physical, mental and emotional needs of complaining witness, provide a nonthreatening environment for complaining witness to speak freely and accurately of his/her experiences, breaks during testimony as needed, advisement of complaining witness and accused pupil to refrain from personal or telephonic contact). The documentary evidence packet shall be made available to the student and/or parents/guardians upon request.

An audio recording of the hearing and proceedings will be created and retained.

Interim Placement

Students who receive an extended suspension may be offered an interim placement at an LAUSD school, another Alliance school, or coursework from the attending school. For scholars with disabilities, the interim placement discussion must happen during the Expulsion Analysis IEP meeting. If an Interim placement option may be needed, we will work with LAUSD COP to provide Alternative Interim Educational Placement.

Authority to Make Expulsion Decision

A student may be expelled by a three (3) member panel, known as the Expulsion Panel that is designated by the ACRMA 12 School Board of Directors ("School Board"). The Expulsion Panel shall be approved by the Board Chair and will consist of Alliance College-Ready Public Schools and Alliance's affiliated schools' staff. The members of the Expulsion Panel shall meet the following criteria:

- 1) The members shall have no knowledge or previous familiarity of the student or situation, and
- 2) The members are not school employees.

Expulsion Hearing

Expulsion Hearing

A hearing to determine whether the student should be expelled is required for recommendation for expulsion. The hearing provides a meaningful opportunity to be heard and shall be held within 30 school days after the principal makes his/her expulsion recommendation. The hearing shall be presided over by the Expulsion Panel described above.

The principal or administrative designee provides written notice of the hearing to the student and the student's parent/guardian within ten (10) calendar days before the date of the hearing. The notice shall be in the primary language of the guardian. The notice will include information regarding reasonable accommodations and language support, presentation and cross-examination of witnesses and other evidence, representation by counsel or other advocates, and other due process protections and rights. As necessary, the notice will also provide special rules and procedures for incidents involving sexual assault and/or battery (e.g., provide complaining witness with a copy of applicable disciplinary rules and advisement of rights, postponement of expulsion hearing for one school day to accommodate the special physical, mental and emotional needs of complaining witness, provide a nonthreatening environment for complaining witness to speak freely and accurately of his/her experiences, breaks during testimony as needed, advisement of complaining witness and accused pupil to refrain from personal or telephonic contact). The documentary evidence packet shall be made available to the student and/or parents/guardians upon request.

An audio recording of the hearing and proceedings will be created and retained.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence in which reasonable persons can rely in the conduct of serious affairs. A determination by the panel to expel must be supported by substantial evidence that the student committed an expellable offense. Also, in accordance to the LAUSD Suspension and Expulsion Matrix, for Category II and II offenses, the school must provide evidence of one or both of the following additional findings: (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct, (2) Due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the pupil or others.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Expulsion Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. The decision of the panel to expel must be supported by substantial evidence presented at the hearing that the student committed an expellable offense. Also, in accordance to the LAUSD Suspension and Expulsion Matrix, for Category II and II offenses, the school must provide evidence of one or both of the following additional findings: (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct, (2) Due to the nature of the act, the student's presence causes a continuing danger to the physical safety of the pupil or others.

The decision of the Expulsion Panel shall be in the form of written findings of fact. The final decision by the panel shall be made within three (3) school days following the conclusion of the hearing.

If the Expulsion Panel decides not to expel and the student is still enrolled, the pupil shall immediately be returned to his/her educational program or be given the opportunity to transfer to another Alliance school with mutual agreement of the parent and the other Alliance school.

Written Notice to Expel

Following a decision of the Expulsion Panel to expel, the principal or administrative designee shall send to the student and parent/guardian written notice of the decision to expel. The notice shall be in the primary language of the guardian. This notice will include the findings of fact, recommendations, referral to alternative placement, recommended rehabilitation plan, recommended expulsion order and appeal procedures. This notice to expel a student will be sent by certified U.S. mail. Records of the proceeding will be made available at any time upon request to the Principal.

Record of Proceedings

An audio recording of the hearing and proceedings will be created and retained.

Appeal of Decision

An expulsion decision may be appealed within 30 calendar days of the date of the Expulsion Panel's written decision to expel. The parent/guardian must submit the appeal in writing to the principal who will inform the School Board Chair. An Expulsion Appeal Panel shall be convened within 30 school days of receipt of the written appeal, at which time the student's parent/guardian must attend to present his/her appeal either verbally or in writing. Language support shall be provided upon request. The Expulsion Appeal Panel shall have three (3) members. The panel shall be selected by the School Board Chair. Panel members shall not be school employees (they may be Alliance Home Office employees or staff members from other Alliance schools), shall have no familiarity of the incident or student, and shall not be the same individuals that served on the Expulsion Panel. The scope of review of the panel shall be limited to whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the expulsion hearing. The decision of the Expulsion Appeal Panel shall be final. Parents will be notified of the Expulsion Appeal Panel's decision, in writing, within two (2) school days of the hearing. The notice shall be in the primary language of the guardian. In the event that the Expulsion Appeal Panel reverses the expulsion, the student shall be immediately reinstated.

Post-Expulsion Support

In the event of a decision to expel a student, the school will work cooperatively with the student's home school district, the county and/or other schools to find alternative placement for the student.

Rehabilitation Plans

Rehabilitation Plans

Pupils who are expelled from an Alliance school shall be given a rehabilitation plan upon expulsion as developed by the Expulsion Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the Alliance school for readmission.

Readmission

The school shall receive the documentary evidence from parents/guardians or LAUSD as per the student's rehabilitation plan in the findings of fact. This evidence will be reviewed to determine if the plan's requirements have been met to allow for readmission. Upon completion of the readmission process and pending the availability of open seats, the school shall readmit the pupil, unless the school's principal makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the school, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

Reinstatement

Upon completion of the readmission process and a determination that the student has met the terms of the rehabilitation plan, the school shall reinstate the student upon the conclusion of the expulsion period in a timely manner pending the availability of open seats.

ELEMENT 11: Employee Retirement Systems

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(c)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Certificated Staff Members

STRS - All certificated employees who are eligible participate in the State Teachers Retirement System (CalSTRS). Eligible certificated employees deposit a percentage of their pre-tax creditable earnings in CalSTRS and the School matches this contribution. As of 7/01/2022, certificated employees contribute 10.205% (if subject to PEPPRA) or 10.25% (if not subject to PEPPRA) and ACRMA 12 contributes 19.1%. All withholdings from employees and the Charter School are forwarded to the STRS Fund as required. Employees accumulate service credit years in the same manner as all other members of STRS.

Classified Staff Members

PERS - All classified employees who are eligible participate in the Public Employees Retirement System (CalPERS). Eligible classified employees deposit a percentage of their pre-tax creditable earnings in CalPERS and that the School matches this contribution. As of 7/01/2024, employees contribute 8% (if subject to PEPRA) or 7% (if not subject to PEPRA) and ACRMA 12 contributes 27.05%. All withholdings from employees and the charter school are forwarded to the PERS Fund as required. Employees accumulate service credit years in the same manner as all other members of PERS. Social Security payments are contributed for all qualifying PERS members.

Other Staff Members

OASDI, PARS and Others - ACRMA 12 participates in Old Age Survivor Disability Insurance (OASDI) for non-PERS/STRS eligible part-time employees. The ACRMA 12 School Board of Directors retains the option to consider any other public or private retirement plans, such as the Public Agency Retirement System (PARS), and to coordinate such participation with existing programs as it deems appropriate.

ELEMENT 12: Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(c)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

As a public charter school authorized to operate within the boundaries of the Los Angeles Unified School District, ACRMA 12 provides a quality alternative to attending District schools. Students may choose to attend other public schools in the district of residence or pursue an inter-district transfer in accordance with existing enrollment and transfer policies of LAUSD.

ACRMA 12 is a school of choice; no student is required to attend. This information is communicated to families through informational meetings.

ELEMENT 13: Rights of District Employees

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(c)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

ELEMENT 14: Mandatory Dispute Resolution

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(c)(5)(N).)

GENERAL PROVISIONS

Any claim, controversy or dispute between the District and Charter School arising out of, or relating to, this Charter, except for any claim, controversy or dispute related to the authorization, non-renewal, revision, and/or revocation of this Charter, (“Dispute”) shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys’ fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party’s attorneys’ fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys’ fees, costs and/or expenses, or mediator’s or arbitrator’s fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

PROPOSITION 39 DISPUTES

Any Dispute related to or arising out of Education Code section 47614 and/or its implementing regulations set forth in California Code of Regulations, title 5, section 11969 et seq. (“Proposition 39”), shall be resolved in accordance with the procedures set forth below:

- 1) Any Dispute shall be communicated in writing (“Written Notification”). The Written Notification must identify the nature of the Dispute and all supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

Unless directed otherwise, all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District

333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Director/Principal
Alliance College-Ready Middle Academy 12
131 E 50th St, Los Angeles, CA 90011

- 2) A written response (“Written Response”) shall be tendered to the other party within fifteen (15) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.
- 3) If the Dispute has not been resolved by mutual agreement from the Written Response, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice (“Issue Conference”). The Issue Conference shall take place within fifteen (15) business days from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.
- 4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, and conclude within forty (40) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.
- 5) If the mediation is not successful, either party may then initiate a civil action. Venue for any civil action between the parties shall be the Los Angeles County Superior Court.

NON-PROPOSITION 39 DISPUTES

Any Dispute not related to or arising out of Proposition 39 shall be resolved in accordance with the procedures set forth below:

- 1) Any Dispute shall be communicated in writing (“Written Notification”). The Written Notification must identify the nature of the Dispute and any supporting facts. The Written

Notification shall be tendered to the other party by personal delivery, by facsimile, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by mail, two (2) business days after deposit in the U.S. Mail.

Unless directed otherwise all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Director/Principal
Alliance College-Ready Middle Academy 12
131 E 50th St, Los Angeles, CA 90011

- 2) A written response (“Written Response”) shall be tendered to the other party within twenty (20) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.
- 3) If the Dispute has not been otherwise resolved by mutual agreement, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice (“Issue Conference”). The Issue Conference shall take place within fifteen (15) business days from the date from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.
- 4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be

administered in accordance with the commercial mediation procedures of the American Arbitration Association.

- 5) If the mediation is not successful, then the parties agree to resolve the Dispute by binding arbitration conducted by a single arbitrator. Unless the parties mutually agree otherwise, arbitration proceedings shall be administered in accordance with the commercial arbitration rules of the American Arbitration Association. The arbitrator must be an active member of the State Bar of California or a retired judge of the state or federal judiciary of California.

ELEMENT 15: Charter School Closure Procedures

“The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.” (Ed. Code § 47605(c)(5)(O).)

REVOCATION OF THE CHARTER

The District may revoke the Charter pursuant to the provisions set forth in the Charter Schools Act of 1992, as they may be amended from time to time. The District may revoke the Charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

CLOSURE ACTION

The decision to close Charter School, by the governing board of Charter School must be documented in a “Closure Action”. A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(f)) or non-renewed by the LAUSD Board of Education and Charter School has exhausted its revocation or non-renewal administrative appeal rights pursuant to Education Code sections 47605(k) and 47607(j), or its administrative appeal rights have lapsed, or

the charter school voluntarily closes at any stage of the administrative appeal process; the governing board of Charter School votes to close Charter School; or the Charter lapses.

CLOSURE PROCEDURES

The procedures for charter school closure set forth below are guided by Education Code sections 47604.32, 47605, and 47607 as well as California Code of Regulations, title 5, sections 11962 and 11962.1, and are based on “Charter Schools Closure - Requirements and Recommendations” posted on the California Department of Education website. All references to “Charter School” apply to Charter School, including its nonprofit corporation and governing board.

Designation of Responsible Person(s) and Funding of Closure

Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate a person or persons responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

Notification of Closure Action

Upon the taking of a Closure Action, Charter School shall send written notice of its closure to:

1. The LAUSD Charter Schools Division (CSD). Charter School shall provide the CSD with written notice of (1) the person(s) designated to be responsible for conducting and overseeing all closure activities, and (2) the source, location, and management of the funding for such activities. If the Closure Action is an act of Charter School, Charter School shall provide the CSD with a copy of the governing board resolution or minutes that documents its Closure Action.
2. Parents/guardians of all students, and all majority age and emancipated minor students, currently enrolled in Charter School within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written parent notification to the CSD.
3. Los Angeles County Office of Education (LACOE). Charter School shall send written notification of the Closure Action to LACOE by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.
4. The Special Education Local Plan Area (SELPA) in which Charter School participates. Charter School shall send written notification of the Closure Action to the SELPA in which Charter School participates by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.
5. The retirement systems in which Charter School’s employees participate. Within fourteen (14) calendar days of the Closure Action, Charter School shall notify, as applicable, the State Teachers Retirement System (STRS), Public Employees Retirement System (PERS),

the Social Security Administration, and the Los Angeles County Office of Education of the Closure Action, and follow their respective procedures for dissolving contracts and reporting. Charter School shall provide a copy of these notifications and correspondence to the CSD.

6. The California Department of Education (CDE). Charter School shall send written notification of the Closure Action to the CDE by registered mail within 72 hours of the Closure Action. Charter School shall provide a copy of this notification to the CSD.
7. Any school district that may be responsible for providing education services to the former students of Charter School. Charter School shall send written notification of the Closure Action within 72 hours of the Closure Action. This notice must include a list of potentially returning students and their home schools based on student residence. Charter School shall provide a copy of these notifications, if any, to the CSD.
8. All Charter School employees and vendors within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written employee and vendor notification, with any attachments, to the CSD.

Notification of all the parties above, with the exception of employees and vendors, must include but is not limited to the following information:

1. The effective date of the closure of Charter School
2. The name(s) and contact information for the person(s) handling inquiries regarding the closure
3. The students' school districts of residence
4. How parents/guardians of all students, and all majority age and emancipated minor students, may obtain copies of student records and transcripts, including specific information on completed courses and credits that meet graduation requirements

In addition to the four required items above, notification of the CDE shall also include:

1. A description of the circumstances of the closure
2. The location of student and personnel records

In addition to the four required items above, notification of parents/guardians of all students, and all majority age and emancipated minor students, shall also include:

1. Information on how to enroll or transfer the student to an appropriate school
2. A certified packet of student information that includes closure notice, a copy of the student's cumulative record and other records, including but not limited to grade reports, discipline records, immunization records, completed coursework, credits that meet graduation requirements, a transcript, and state testing results

3. Information on student completion of college entrance requirements, for all high school students affected by the closure

Notification of employees and vendors shall include:

1. The effective date of the closure of Charter School
2. The name(s) and contact information for the person(s) handling inquiries regarding the closure
3. The date and manner, which shall be no later than 30 days from the effective date of the closure of Charter School, by which Charter School shall provide employees with written verification of employment

Within 30 calendar days of the effective date of closure, Charter School shall provide all employees with written verification of employment. Charter School shall send copies of all such employee verification letters to the CSD.

Records Retention and Transfer

Charter School shall comply with all applicable laws as well as District policies and procedures, as they may change from time to time, regarding the transfer and maintenance of Charter School records, including student records. These requirements include:

1. Charter School shall provide the District with all original student cumulative files and behavior records, pursuant to District policy and applicable District handbook(s) regarding cumulative records for secondary and elementary schools, for all students, both active and inactive, of Charter School. Transfer of the complete and organized original student records to the District, in accordance with District procedures applicable at the time of closure, shall occur within seven (7) calendar days of the effective date of closure.
2. Charter School's process for transferring copies of student records to receiving schools shall be in accordance with applicable law and LAUSD procedures for students moving from one school to another.
3. Charter School shall prepare and provide an electronic master list of all students to the Charter Schools Division in accordance with the District procedures applicable at the time of closure. This list shall include the student's identification number, Statewide Student Identifier (SSID), birthdate, grade, full name, address, home school/school district, enrollment date, exit code, exit date, parent/guardian name(s), and phone number(s). If the Charter School closure occurs before the end of the school year, the list also shall indicate the name of the school to which each student is transferring, if known. This electronic

master list shall be delivered to the CSD in the form of a CD or otherwise in accordance with District procedures.

4. Charter School must organize the original cumulative files for delivery to the District in two categories: active students and inactive students. Charter School will coordinate with the CSD for the delivery and/or pickup of student records.
5. Charter School must update all student records in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to closing.
6. Charter School must provide to the CSD a copy of student attendance records, teacher gradebooks, and Title I records (if applicable).
7. Charter School must provide to the CSD the name, title, and contact information of the person designated to maintain all Charter School personnel records after the closure. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must provide to the CSD and the designee a list of all active and inactive employees and their periods of service. Both Charter School and the designee, individually and separately, shall inform the CSD immediately upon the transfer of Charter School's employee records to the designee.
8. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage in accordance with District procedures.
9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student's district of residence.

Financial Close-Out

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible. Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the

requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.

2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

- a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
- b. Make final federal tax payments (employee taxes, etc.)
- c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such

legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

In the event that the Charter School closes, the Alliance Home Office Chief Financial Officer, supported by the Alliance Charter Management Organization's (CMO) Vice President of Accounting will serve as the Charter School's closure agent.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.
- Furnishings and Equipment: The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.
- Leasing; Licensing: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.
- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors:
 - (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
 - (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.
- Minimum Payments or Charges to be Paid to District Arising from the Facilities:

- (i) Pro Rata Share: The District shall collect, and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
 - (ii) Taxes; Assessments: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School's legal or equitable interest created by the use agreement.
- Maintenance & Operations Services: In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.
 - (i) Co-Location: If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.
 - (ii) Sole Occupant: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.
- Real Property Insurance: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Non-District-Owned Facilities

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an

appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

Facility Compliance: Prior to occupancy or use of any non-District-owned school site and/or facility, Charter School shall ensure that the site and/or facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located, federal and state accessibility requirements (including the Americans with Disabilities Act (ADA) and Section 504), and all other applicable fire, health, and structural safety and access requirements. This requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.

Pest Management: Charter School shall comply with the Healthy Schools Act, Education Code section 17608, which details pest management requirements for schools.

Asbestos Management: Charter School shall comply with the asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40 C.F.R. part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

INSURANCE

Insurance Requirements

No coverage shall be provided to Charter School by the District under any of the District's self-insured programs or commercial insurance policies. Charter School shall secure and maintain, at a minimum, insurance as set forth below with insurance companies acceptable to the District [A.M. Best A-, VII or better] or the equivalent provided through a California Joint Powers Authority self-insurance program to protect Charter School from claims which may arise from its operations. Each Charter School location shall meet the below insurance requirements individually.

It shall be Charter School's responsibility, not the District's, to monitor its vendors, contractors, partners, and/or sponsors for compliance with the insurance requirements.

The following insurance policies are required:

1. Commercial General Liability, including Fire Legal Liability, coverage of \$5,000,000 per Occurrence and in the Aggregate. The policy shall be endorsed to name the Los Angeles Unified School District and its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy. Coverage shall be maintained with no Self-Insured Retention above \$15,000 without the prior written approval of the Division of Risk Management and Insurance Services for the LAUSD.
2. Workers' Compensation Insurance in accordance with provisions of the California Labor Code adequate to protect Charter School from claims that may arise from its operations pursuant to the Workers' Compensation Act (Statutory Coverage). The Workers' Compensation Insurance coverage must also include Employers Liability coverage with limits of \$1,000,000/\$1,000,000/\$1,000,000.
3. Commercial Auto Liability, including Owned, Leased, Hired, and Non-owned, coverage with limits of \$1,000,000 Combined Single Limit per Occurrence if Charter School does not operate a student transportation service. If Charter School provides student transportation services, the required coverage limit is \$5,000,000 Combined Single Limit per Occurrence.
4. Crime Insurance or Fidelity Bond coverage shall be maintained by Charter School to cover all Charter School employees who handle, process or otherwise have responsibility for Charter School funds, supplies, equipment, or other assets. Minimum amount of coverage shall be \$1,000,000 per occurrence/\$1,000,000 aggregate, with deductible that is acceptable to the Los Angeles Unified School District.
5. Cyber Liability insurance coverage with minimum limits of \$500,000 per occurrence and \$500,000 general aggregate.
6. Professional Educators Errors and Omissions liability coverage with minimum limits of \$5,000,000 per occurrence and \$5,000,000 general aggregate.
7. Sexual Molestation and Abuse coverage with minimum limits of \$5,000,000 per occurrence and \$5,000,000 general aggregate. Coverage may be held as a separate policy or included by endorsement in the Commercial General Liability or the Errors and Omissions Policy. Whether this coverage is separately issued or included by endorsement to another policy, such coverage shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.
8. Employment Practices Legal Liability coverage with limits of \$5,000,000 per occurrence and \$5,000,000 general aggregate.

9. Excess/Umbrella Liability insurance with limits of not less than \$10,000,000 is required of all high schools and any other school that participates in competitive interscholastic or intramural sports programs.

Coverages and limits of insurance may be accomplished through individual primary policies or through a combination of primary and excess policies and alternative methods of coverage as approved by the District. Where specifically required above, and with respect to any other coverage for which such endorsements and/or provisions are available, each policy shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.

Evidence of Insurance

Charter School shall furnish to the District's Division of Risk Management and Insurance Services located at 333 S. Beaudry Ave, 28th Floor, Los Angeles CA 90017 at the outset of the Charter agreement and within 30 calendar days of the inception or effective date of any new policies, renewals, or changes, certificates of insurance evidencing such coverage and signed by authorized representatives of the insurance carrier. Certificates shall be endorsed as follows:

“Charter school shall be required to provide LAUSD with 30 days prior written notice by certified mail, return receipt requested, if the insurance afforded by this policy shall be suspended, cancelled, reduced in coverage limits or non-renewed.”

With respect to the coverages for which additional insured status is required as set forth above, the certificate(s) of insurance shall reflect Los Angeles Unified School District's and Its Board of Education's status as named additional insureds thereunder, and shall attach a copy of the endorsement(s) extending such coverage.

Facsimile or reproduced signatures may be acceptable upon review by the Division of Risk Management and Insurance Services. However, the District reserves the right to require certified copies of any required insurance policies.

Should Charter School deem it prudent and/or desirable to have insurance coverage for damage or theft to Charter School, employee or student property, for student accident, or any other type of insurance coverage not listed above, such insurance shall not be provided by the District and its purchase shall be the responsibility of Charter School.

Hold Harmless/Indemnification Provision

To the fullest extent permitted by law, Charter School does hereby agree, at its own expense, to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any

person or entity whatsoever, arising out of, or relating to, this Charter agreement. Charter School further agrees to the fullest extent permitted by law, at its own expense, to indemnify, defend, and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever for claims, damages, losses and expenses arising from or relating to acts or omission of acts committed by Charter School and/or its officers, directors, employees or volunteers. Moreover, Charter School agrees to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers, for any contractual liability resulting from third party contracts with Charter School's vendors, contractors, partners or sponsors.

FISCAL MATTERS

District Oversight Costs

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School's revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

Cash Reserves

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, title 5 of the California Code of Regulations.

Third Party Contracts

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of, Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including but not limited to licensing and permit requirements as well as requirements related to protection of health and safety.

Special Education Revenue Adjustment/Payment for Services

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any

fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

Student Body Funds

Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. Charter School shall include and address student body funds in its financial reports, and ensure that such funds are included and addressed in Charter School's annual audit as a stand-alone item.

Audit and Inspection of Records

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.
- The District's statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,
- Internal controls, both financial and operational in nature,
- The accuracy, recording and/or reporting of Charter School's financial information,
- Charter School's debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- Charter School's enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements.

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days' notice to Charter School. When 30 days' notice may defeat the purpose of the audit, the District may conduct the audit upon 24-hours' notice.

Fiscal Policies and Procedures

Charter School shall establish, maintain, and implement sound fiscal policies and procedures, including but not limited to internal controls governing all financial and business-related activities.

Apportionment Eligibility for Students Over 19 Years of Age

Charter School acknowledges that, in order for a pupil over nineteen (19) years of age to remain eligible for generating charter school apportionment, the pupil shall be continuously enrolled in public school and make satisfactory progress toward award of a high school diploma. (Ed. Code § 47612(b).)

Local Control and Accountability Plan

In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a “listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)” of section 47606.5(a). (Ed. Code § 47606.5(b).)
