

## Contact Us!

The Edgecombe County Public Schools Center for Family & Community Resources provides leadership, educational support, and resources to implement quality programs that strive to engage and empower parents in their role as their child's first teacher. The center offers a family-focused environment that welcomes culturally and socioeconomically diverse families—providing resources designed to strengthen the family's social, emotional, and academic needs. To get involved or learn more about our programs available for your family, please call or stop by our Family Resource Center.

## What is the Center for Family Resources?

- Find support.
- Seek Information.
- Participate in programs.
- Access services.

## Mission

The ECPS Center for Family & Community Resources's goal is to provide programmatic resources to our scholars, their parents, and families in the community to encourage engagement in our scholar's learning. Honing in on socioeconomic needs helps us to pinpoint the most effective way to enhance parent involvement, as they are their child's first teacher.

## Vision

Our vision is to equip families in our district with tangible resources from agencies and community partners, enabling parents and families to achieve the best quality of life.

## About Us!

The Center for Family & Community Resources aims to be a full-service resources center that supports parents and families throughout ECPS. We will offer programs that work to educate parents and families in their areas of need. We will keep equity at the helm of what we do by providing resources that address the socioeconomic gaps in most of our communities. We will impact our scholars and their families through education and research.
