## INFORMATION

Effective **April 1, 2025**, the Welligent login splash page will require you to enter your full LAUSD email address (e.g. msmith@lausd.net, mary.smith@lausd.net). Click on the **Next** button to proceed. A second window will open for you to enter your LAUSD email password. Next, click on the **Sign in** button to access the Welligent home page.
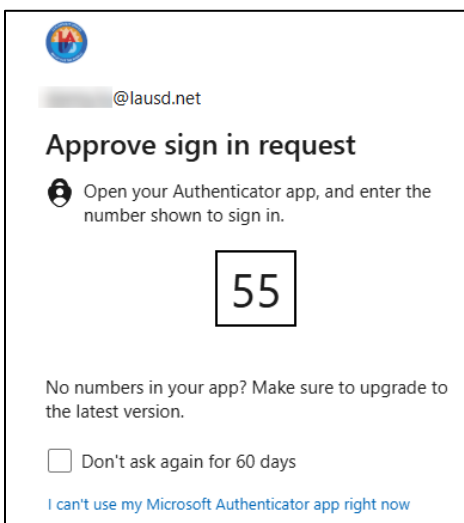

Note: For some users, after you click on the **Sign in** button, you may be asked to **Approve sign in request** through your LAUSD multi-factor authentication (MFA) default sign-in method (Microsoft Authenticator app, text, or phone call). After you approve the sign in request, you will be taken directly to the Welligent home page.
