

LOCAL CONTROL FUNDING FORMULA (LCFF) EQUITY MULTIPLIER FUNDING

The LCFF Equity Multiplier is a new state funding program providing additional funds to schoolsites meeting nonstability and socioeconomically disadvantaged student thresholds in the prior year. LCFF Equity Multiplier funding is a separate source of funding allocated outside of the LCFF entitlement and is a schoolsite funding allocation.

Funding is used to implement evidence-based services and supports for students at eligible schoolsites and address student groups that have the lowest performance level (e.g., Red) on one or more state indicators on the California School Dashboard. For additional information on the LCFF Equity Multiplier, please visit: <https://www.cde.ca.gov/fg/aa/lc/equitymultiplier.asp>

The below 71 schools were determined in 2023-24 to be eligible to receive LCFF Equity Multiplier funds for use beginning in 2024-25. In total, District schools were allocated \$21.2 million and have two years to expend the funds. Note: Eligible schools are determined annually by the California Department of Education.

**Note: Black Student Achievement Plan (BSAP) School*
