Board of Education Goals 2022-2023

- Address and improve overall security and management of our outdoor fields.
- Complete a new facilities needs assessment. Address high priority infrastructure needs and develop a plan to complete all aspects of the current Capital Improvement Bond that have not yet been initiated due higher than expected construction bids.
- Review and Improve district-wide Human Resource procedures, specifically pertaining to defining and improving staff hiring and retention practices. Ensure consistency of proper HR practices throughout all school buildings.
- Increase and improve BOE community outreach and communications. Establish more means and methods to appropriately receive community input and feedback.
- Conduct policy review and implement new policy where appropriate, to include the following:
 1. Consider the creation of a class size policy
 2. Review and implement new State mandated policy changes and new State recommended policy changes
 3. Review all current policies within the 0000 (Educational Philosophy) policy series
