

2023 – 2024 Board Goals

1. **Strategic Plan - Develop a New Plan for Beyond 2024.** We are entering the final year of our current 4-year Strategic Plan (2020 - 2024). Establish a process for reflecting/evaluating our progress on our current plan and determine if our plan should be altered or extended.
2. **Review and Improve District-Wide HR Procedures.** Determine strategy/resources needed to assist with evaluating and improving our HR process.
3. **Enhance and Expand Learning Opportunities for our High School Students Beyond the Standard GenEd Curriculum.** Explore ways to bring in more options for our high schoolers with respect to APs, Electives, and alternative educational programs such as trade schools (BOCES) and ways to develop soft skills, etc.
4. **Facilitate the creation of a Middle School / High School Course Catalog.** Direct and support the creation of a comprehensive and publicly accessible middle and high school course catalog and concise description of all course offerings and how each course maps to the curriculum.
