### **Amendment to the Facilities Services Division Strategic Execution Plan to Define and Approve 14 Board Member Priority and Local District Priority Projects**

**October 12, 2021**

#### **Facilities Services Division**

#### **Action Proposed:**

Approve an amendment to the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to define and approve 14 Board Member Priority (BMP) and Local District Priority (LDP) projects, as listed on Attachment A. The total budget for these projects is \$644,092.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials.

#### **Background:**

Projects are developed at the discretion of the Board Districts and/or Local Districts based upon an identified need. These projects are developed with support from Facilities Services Division staff and input from school administrators. Project scopes, schedules, and budgets may vary depending on site conditions and needs. All projects must be capital in nature and adhere to bond language and laws.

#### **Expected Outcomes:**

Execution of these projects will help improve the learning environment for students, teachers, and staff.

#### **Board Options and Consequences:**

A “yes” vote will allow staff to execute the projects listed on Attachment A. Failure to approve this proposed action will delay the projects and ultimately the anticipated benefit to the school and its students.

#### **Policy Implications:**

The requested actions are consistent with the Board-Prioritized Facilities Programs for BMP and LDP projects and the District’s commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment.

#### **Budget Impact:**

The total combined budget for the 14 projects is \$644,092. Three projects are funded by Bond Program funds allocated for LDP projects. Eleven projects are funded by Bond Program funds allocated for BMP projects.

Each project budget was prepared based on the current information known, and assumptions about, the project scope, site conditions, and market conditions. Individual project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each project.

**Student Impact:**

The projects proposed in this Board Report will upgrade, modernize, and/or improve school facilities to enhance the safety and educational quality of our students' learning environment.

**Issues and Analysis:**

This report includes a number of time-sensitive, small to medium-sized projects that have been deemed critical by Board Members and/or Local Districts and school administrators.

**Bond Oversight Committee Recommendations:**

This item was considered by the School Construction Bond Citizen's Oversight Committee (BOC) at its meeting on September 30, 2021. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.
