Parent Opt-Out Form for Sora Online Library

Sora is an award-winning digital reading app that empowers K-12 students to discover age-appropriate eBooks, audiobooks and more from their school library.

At our school, we make the Sora platform available to provide a wide range of eBooks and audiobooks for our students. Sora chooses what books are in their library and has a system in place for book leveling. This criteria for age-appropriateness may differ from individual parental views.

We strongly encourage parents and guardians to actively monitor their children's reading choices and behavior. You are responsible for helping your child learn your family's standards and what you do or do not want them to read. This form is offered to meet the requirements of SD House Bill 1197.

If you do not want your child to have access to Sora at school, please complete this opt-out form and return to the main office at Britton-Hecla School. For further information, please visit our library page on our school website:
