District English Learner Advisory Committee Learning Plan Description

Each California public school district with 51 or more English learners must form a District English Learner Advisory Committee (DELAC) unless the district designates a subcommittee of an existing district-wide advisory committee.

The statute identifies the minimum consultation requirements for developing the LCAP and annual update. School districts and County Offices of Education are required to consult with the parent advisory committee, the **English Learner Advisory Committee**, as applicable, as well as parents, students, teachers, principals, administrators, other school personnel, local bargaining units, and the local community in accordance with *EC* sections 52060(g) and 52066(g).

The DELAC shall advise the school district governing board on at least the following tasks:

1. Development of a district master plan for education programs and services for English learners. The district master plan will take into consideration the school site master plans.
2. Conducting a district-wide needs assessment on a school-by-school basis.
3. Establish district programs, goals, and objectives for programs and services for English learners.
4. Develop a plan to ensure compliance with any applicable teacher and/or teacher aide requirements.
5. Review and comment on the school district reclassification procedures.
6. Review and comment on the written notifications required to be sent to parents and guardians.
7. If the DELAC acts as the English learner parent advisory committee under California *Education Code* Sections 52063(b)(1) and 52062(a)(2), the DELAC shall also review and comment on the development or annual update of the Local Control and Accountability Plan (LCAP).

District English Learner Advisory Committee members receive training related to their duties of reviewing and commenting on the development or annual update on the District's Local Control and Accountability Plan (LCAP).
