

**Greetings**

PCS congratulates the 2020 high school graduates and students who are matriculating from elementary and middle school. We are very proud of all students celebrating their achievements. Additionally, we want to thank and congratulate our parents, families, and community members who are committed to ensuring the continued success of our students during these times.

We are also grateful for each of you and the important work you are providing to the CAC. Thank you for your dedication and commitment to ensuring that, collectively, we are addressing the needs of our students with disabilities.

In addition to a pandemic we are living in a time where we are called to stand with African-American and Black families. PCS is committed to eradicating hate through the power of education and do not welcome actions that do not value the humanity of our families.
