Fifth DELAC Meeting, April 9, 2026

Good afternoon and thank you to every committee member in attendance at our fifth meeting.

Today's meeting is extremely important, as we will begin activities where all of us will have the opportunity to express our comments, opinions, and/or suggestions as members of the DELAC committee regarding the LCAP (Local Control and Accountability Plan). These will be submitted to the Board of Education and the Superintendent.

The comments are expected to cover all LCAP goals, so we ask that you come prepared to ensure that everyone has the opportunity to participate and make their voice heard during the meeting. Remember that all opinions matter, and we are here to communicate to the Board of Education leaders the needs of our English learners, as well as any changes or improvements that should or could be made to benefit students at all levels of the Los Angeles Unified School District.

I would also like to inform you that we have already made significant progress in reviewing the bylaws, a topic that will be discussed in more detail by the committee's chairperson, Mr. Rodrigo Lemus. I encourage you to read and analyze them, and to write down your comments and questions so that you come prepared for the meeting where they will be put to a vote.

These bylaws were sent by regular mail, so everyone should have received them. If not, please contact us or members of SFACE so they can be sent to you as soon as possible.

To conclude, I would like to remind you of the importance of completing the meeting evaluation. With your comments and opinions, we can continue to improve each time. Please do not leave without sharing your input.

Thank you in advance to everyone for the effort you make to be here and for wanting to be part of a positive change. By working together, we can help and achieve more—remember, unity is strength.

Gracias Martha Acosta
