I am very much interested in serving as a **Training and Education Officer 2025–2026**.

I feel that I can be a great asset in this position because I strongly believe in education and community engagement. I am bilingual and ready to assist in any capacity where I can be of service. I am familiar with the by laws and guidelines and will adhere to them. Your consideration is greatly appreciated.

Warmest Regards,
Carolina Dunn

Training and Education Officer 2025–2026

Yuki(Yukiko) Miyauchi, CAC Member

I would like to nominate myself as a **training education officer**. In my first CAC year, I worked as a co-chair of the parent ambassador sub committee, and I enjoyed collaborating with the officers, DSE and SFACE team. I attended all required meetings. We were able to make solid progress in the parent ambassador projects. In addition to supporting the subcommittee continuously, I would like to contribute my time as an officer to make a strong foundation for the following year's team since this officer position didn't exist last year.

My previous work required medical laboratory experiments and skills to expand foreign markets for medical products sales. I'm a goal oriented person and prepare strategically. The training and education officer's duties match my skills and personality. I'm looking forward to working with new team this year.

Sincerely,

Yuki(Yukiko) Miyauchi

Assistant Secretary position 2025-2026

Meeka Smith, CAC Member

I would like to express that I'm interested in the **Assistant Secretary position**. I believe I am a team player and believe in being fair with hearing all parties involved making sure everything is out and in the open for everybody to vote on. I'm here to assist in any way form or fashion if needed send me in any direction I could be of assistance. I am extremely organized and will make sure all paper works that I'm responsible for are up to date and have all the facts from each meeting.

Thank you for your time and consideration.

Respectfully, Meeka Smith
