Thursday, January 16, 2024

Greetings, District English Learner Advisory Committee Members,

In these challenging times, we come together in solidarity, considering the families and school communities affected by the recent fires and strong winds. As we move forward into the recovery phase, we kindly ask that you share the District's Family and Community Recovery Guide with your networks. The guide will be updated as new developments and information become available. It includes essential details on learning continuity and District resources, such as contact information for regional leadership and locations of wellness centers/clinics. Additionally, the guide provides information on various government and non-profit organizations that can assist families in need. To access and download the guide, please visit lausd.org/schoolupdates and select the "[Resources](#)" icon. This new year offers an opportunity to rely on our resilience and to help one another make the most of this new year.
