Committee Update

What is the difference between a Standing Committee and an Ad Hoc? (See handout) I would also like to remind CAC members that when the committee votes on the creation of standing committees, ad hoc committees or any other additions to the CAC, full participation by all members is encouraged.

PCS Update

PCS Customer Service, Mileage, and Reimbursement: We are asking members to fill out a survey with information regarding reimbursement and PCS Customer Service. **Planning for 2019-2020:** In order to support CAC members and school parent leaders and to attempt to avoid conflicts with school and local meetings I provided the following draft dates to the schools and local districts in the April 8, 2019 Principals’ Bi-Monthly Communication. I included in the communication the following message: The parents are requesting that schools and Local Districts coordinate the calendars to allow parents to participate in the District Level committees. Please inform your schools regarding these dates so that the principals can organize their school calendars with the CAC calendars in mind. Since school starts so late this year I did not propose a meeting on the second week of school. In order to allow parents, teachers and principals to continue having a great beginning of the school year we did not schedule a CAC meeting in August.
