Committee Update

What is the difference between a Standing Committee and an Ad Hoc? (See handout) I would also like to remind PAC members that when the committee votes on the creation of standing committees, ad hoc committees or any other additions to the PAC, full participation by all members is encouraged. Currently, the PAC Bylaws, Article VIII, Standing Subcommittees, includes the following Standing Committees:

1. African-American Student
2. Attendance
3. Bylaws
4. English Learner
5. Foster Youth

These Standing Committees should be meeting and providing reports to the PAC.

PCS Update

PCS Customer Service, Mileage, and Reimbursement: We are asking members to fill out a survey with information regarding reimbursement and PCS Customer Service. We are currently planning for next school year. This year, many parents stated there were conflicts between their school's calendar, the Local District calendars and the committee calendars. In order to support committee members and school parent leaders, and to attempt to avoid conflicts with school and local meetings, I provided draft dates for the CAC and DELAC to the schools and Local Districts in the April 8, 2019 Principals' Bi-Monthly Communication. I included in the communication the following message: "Parents are requesting that schools and Local Districts coordinate the calendars to allow parents to participate in the District level committees." I am including the draft calendars for the CAC and DELAC in your packets so you can inform your schools regarding these dates and so that the principals can organize their school calendars with the committee calendars in mind. I met with the officers of the three committees during March for various reasons. The PAC dates are still not finalized due to numerous reasons. My goal is to get the PAC dates for the 2019-2020 school year in time for the next Principals' Bi-Monthly Communication after spring break. I will continue to work with the PAC Chairperson as I did with the other committee chairs.
