California School Dashboard – Overview / Tablero Escolar de California: descripción general

California Accountability System / Sistema de Responsabilidad de California

Purpose: Assess how districts/schools are meeting the needs of their Students / **Propósito:** Evaluar cómo los distritos/escuelas están satisfaciendo las necesidades de sus estudiantes.

How: Examining the performance on multiple measures / **Cómo:** Examinar el desempeño en múltiples medidas.

Inform: Provide meaningful information through an easy-to-use dashboard / **Informar:** Proporcione información significativa a través de un panel de control fácil de usar.

California School Dashboard – Background

Tablero Escolar de California: antecedentes

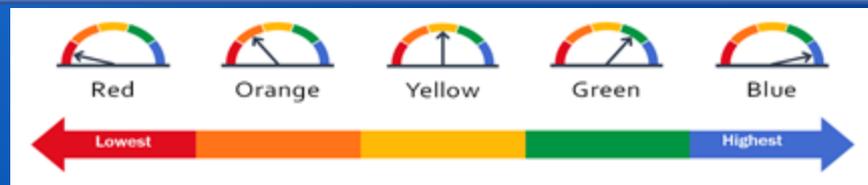

The California Department of Education describes the dashboard as a ***“powerful online tool that displays the performance of local educational agencies (LEAs), schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.”***

El Departamento de Educación de California describe el panel como una ***“poderosa herramienta en línea que muestra el desempeño de las agencias educativas locales (LEA), las escuelas y los grupos de estudiantes en un conjunto de medidas estatales y locales para ayudar a identificar fortalezas, desafíos y áreas que necesitan mejoras”.***

The example on the right has a green performance level, which indicates that the school met the “High” criteria and that they had no significant increase or decrease from last year to the current year, thus “Maintained” their performance.

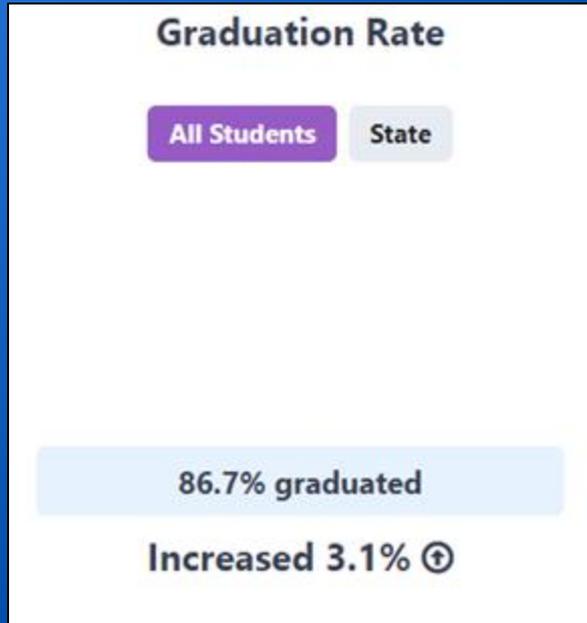

El ejemplo de la derecha tiene un nivel de desempeño verde, lo que indica que la escuela cumplió con los criterios “Alto” y que no tuvo ningún aumento o disminución significativa del año pasado al año actual, por lo que “mantuvo” su desempeño.

Academic Indicator (ELA and Math)

Measured using the Difference From Standard (DFS), which is the distance between a student's score on the Smarter Balanced Summative Assessments and the Standard Met Achievement Level threshold (i.e., the lowest threshold scale score for Level 3).

- **Example:**
- A 3rd grade student who receives an ELA score of 2420 has a DFS of -12 because their score is 12 points below the lowest possible score for the Standard Met level (Level 3), which is 2432.

Indicador académico (ELA y matemáticas)

Se mide utilizando la diferencia con el estándar (DFS), que es la distancia entre la puntuación de un estudiante en las evaluaciones sumativas Smarter Balanced y el umbral de logro del estándar cumplido (es decir, la puntuación de escala de umbral más baja para el nivel 3).

- Ejemplo:
- Un estudiante de tercer grado que recibe una puntuación de ELA de 2420 tiene una DFS de -12 porque su puntuación es 12 puntos inferior a la puntuación más baja posible para el nivel de logro del estándar (nivel 3), que es 2432.

English Language Arts

- 17.8 points below standard
- **Increased** by 10.4 from the previous year

Lengua y literatura inglesa

- 17.8 puntos por debajo del estándar

Prueba de Conocimiento y Preguntas

Tablero Escolar de California: rendimiento del LAUSD en 2025

Science Indicator

Measured using a new method called Science Points. While each grade level has its own unique scale score range, SPs always range from 0 to 100. This makes it easier to interpret results across grades. A student's scale score is converted into SPs, where 0 is the lowest possible score and 100 is the highest possible score.

- **Example:**
- A 5th grade student who receives a CAST score of 195 has 45 Science Points because their score is 45 points above the lowest onstainable scale score of 150 ($195 - 150 = 45$).

Indicador de Ciencia

Medido usando un nuevo método llamado Puntos de Ciencia (SP). Aunque cada nivel de grado tiene su propio rango único de puntuación en la escala, los Puntos de Ciencia (SP) siempre van de 0 a 100. Esto facilita la interpretación de los resultados entre los distintos grados. La puntuación en la escala de un estudiante se convierte en SP, donde 0 es la puntuación más baja posible y 100 es la puntuación más alta posible.

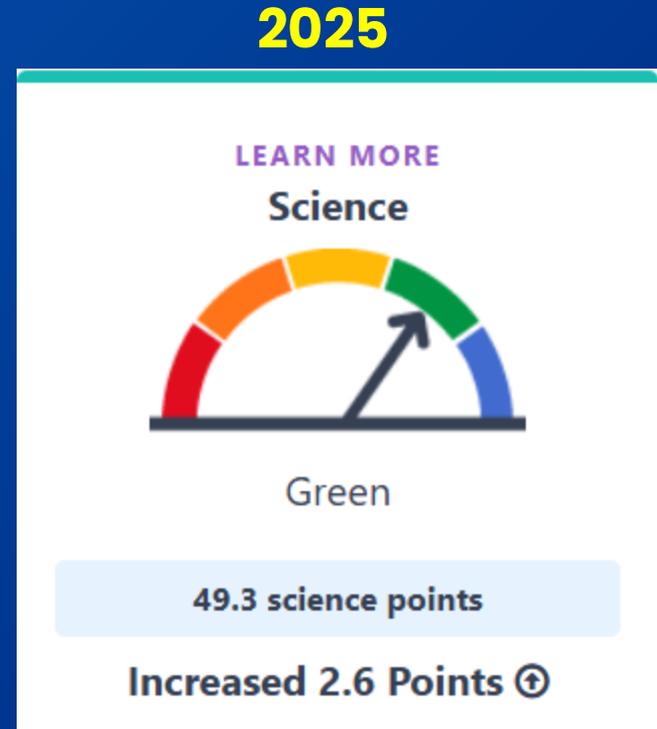

- **Ejemplo:**
- Un estudiante de quinto grado que recibe una puntuación de CAST de 195 tiene 45 Puntos de Ciencia porque su puntuación está 45 puntos por encima de la puntuación más baja sostenible en la escala, que es 150 ($195 - 150 = 45$).

Science

- 49.3 Science Points
- **Increased** by 2.6 points from the previous year.
- **Informational Purposes Only**

Ciencia

- 49.3 puntos de Ciencia
- **Aumentó** 2.6 puntos en comparación con el año anterior
- **Solo con fines informativos**

2025 SBA Results / Resultados de SBA 2025

Dr. William Johnston

Senior Executive Director of Strategy
Division of Data, Strategy, and Innovation (DSI)

Highlights / Características Destacadas

Outpacing the State and Other Districts

- Double the rate of improvement compared to statewide average
- All student groups are outpacing peers statewide
- Many student groups are also outperforming their peers across the state

Unprecedented Achievement

- **Highest-ever achievement** in ELA, Math, and Science
- **Double-digit improvement** in Distance from Standard (DFS) in ELA and Math
- 11th grade students performed above standard on average in ELA

Better than Last Year and Pre-Pandemic

- **All subjects and grade levels**, both in terms of DFS and the percentage of students meeting or exceeding standard
- **Black, Latino, Low Income, and Students with Disabilities** are, on average, performing better than pre-pandemic

Superando al Estado y a Otros Distritos

- El doble tasa de mejora en comparación con el promedio estatal
- Todos los grupos de estudiantes superan a sus pares a nivel estatal
- Muchos grupos de estudiantes también están obteniendo mejores resultados que sus pares en todo el estado

Logros Sin Precedentes

- **Mayor rendimiento histórico en Artes del Lenguaje Inglés (ELA), Matemáticas y Ciencias**
- **Mejora de dos dígitos** en la Distancia al Estándar (DFS) en ELA y Matemáticas
- Los estudiantes de Grado 11 se desempeñaron por encima del estándar en promedio en ELA

Mejor que el Año Pasado y que Antes de la Pandemia

- **En todas las materias y niveles de grado**, tanto en términos de DFS como en el porcentaje de estudiantes que cumplen o superan el estándar
- **Los estudiantes afroamericanos, latinos, de bajos ingresos y con discapacidades**, en promedio, se están desempeñando mejor que antes de la pandemia
