Los Angeles Unified School District Safety Prequalification Log

Contractors on this list have obtained minimum Safety Prequalification approval with the LAUSD. "Prequalification Type" refers to the level of prequalification obtained: (1) Safety: Approved to bid as a prime contractor on any District informal construction contract and to be listed as a first-tier non-Mechanical, Electrical, or Plumbing ("MEP") subcontractor to perform non-MEP component work on any District formal construction project. (2) Subcontractor: Approved to perform work as a Mechanical, Electrical, or Plumbing ("MEP") subcontractor on a District formal construction project, or to perform work as a prime contractor on District informal construction projects. NOTE: Non-MEP subcontractors do not need to apply for Subcontractor Prequalification to perform on District construction contracts. (3) Prime: Approved to bid on any construction contract (i.e. informal, formal, and/or job order contract), and to perform work as a subcontractor on any District construction contract.

This log shows only the currently prequalified contractors.

Los Angeles Unified School District Safety Prequalification Log

Contractors on this list have obtained minimum Safety Prequalification approval with the LAUSD. "Prequalification Type" refers to the level of prequalification obtained: (1) Safety: Approved to bid as a prime contractor on any District informal construction contract and to be listed as a first-tier non-Mechanical, Electrical, or Plumbing ("MEP") subcontractor to perform non-MEP component work on any District formal construction project. (2) Subcontractor: Approved to perform work as a Mechanical, Electrical, or Plumbing ("MEP") subcontractor on a District formal construction project, or to perform work as a prime contractor on District informal construction projects. NOTE: Non-MEP subcontractors do not need to apply for Subcontractor Prequalification to perform on District construction contracts. (3) Prime: Approved to bid on any construction contract (i.e. informal, formal, and/or job order contract), and to perform work as a subcontractor on any District construction contract.

This log shows only the currently prequalified contractors.

Los Angeles Unified School District Safety Prequalification Log

Contractors on this list have obtained minimum Safety Prequalification approval with the LAUSD. "Prequalification Type" refers to the level of prequalification obtained: (1) Safety: Approved to bid as a prime contractor on any District informal construction contract and to be listed as a first-tier non-Mechanical, Electrical, or Plumbing ("MEP") subcontractor to perform non-MEP component work on any District formal construction project. (2) Subcontractor: Approved to perform work as a Mechanical, Electrical, or Plumbing ("MEP") subcontractor on a District formal construction project, or to perform work as a prime contractor on District informal construction projects. NOTE: Non-MEP subcontractors do not need to apply for Subcontractor Prequalification to perform on District construction contracts. (3) Prime: Approved to bid on any construction contract (i.e. informal, formal, and/or job order contract), and to perform work as a subcontractor on any District construction contract.

This log shows only the currently prequalified contractors.

Los Angeles Unified School District Safety Prequalification Log

Contractors on this list have obtained minimum Safety Prequalification approval with the LAUSD. "Prequalification Type" refers to the level of prequalification obtained: (1) Safety: Approved to bid as a prime contractor on any District informal construction contract and to be listed as a first-tier non-Mechanical, Electrical, or Plumbing ("MEP") subcontractor to perform non-MEP component work on any District formal construction project. (2) Subcontractor: Approved to perform work as a Mechanical, Electrical, or Plumbing ("MEP") subcontractor on a District formal construction project, or to perform work as a prime contractor on District informal construction projects. NOTE: Non-MEP subcontractors do not need to apply for Subcontractor Prequalification to perform on District construction contracts. (3) Prime: Approved to bid on any construction contract (i.e. informal, formal, and/or job order contract), and to perform work as a subcontractor on any District construction contract.

This log shows only the currently prequalified contractors.

Los Angeles Unified School District Safety Prequalification Log

Contractors on this list have obtained minimum Safety Prequalification approval with the LAUSD. "Prequalification Type" refers to the level of prequalification obtained: (1) Safety: Approved to bid as a prime contractor on any District informal construction contract and to be listed as a first-tier non-Mechanical, Electrical, or Plumbing ("MEP") subcontractor to perform non-MEP component work on any District formal construction project. (2) Subcontractor: Approved to perform work as a Mechanical, Electrical, or Plumbing ("MEP") subcontractor on a District formal construction project, or to perform work as a prime contractor on District informal construction projects. NOTE: Non-MEP subcontractors do not need to apply for Subcontractor Prequalification to perform on District construction contracts. (3) Prime: Approved to bid on any construction contract (i.e. informal, formal, and/or job order contract), and to perform work as a subcontractor on any District construction contract.

This log shows only the currently prequalified contractors.
