

Girl Scouts Summer Program Pricing Proposal

Prepared for Sacramento Valley Charter School

June 9, 2026

This summer, Girl Scouts can explore STEAM Over the Ages as they discover new artifacts and engineering challenges from various time periods. From exploring fossils, volcanoes, and engineering a structure that would protect humans from dinosaurs in the Jurassic Period to building boats that float and telescopes to help them find land in the Golden Age of Piracy, Girl Scouts will be taken along a wild ride as they explore the different discoveries and challenges over time, from the past to the future. Buckle up because the Girl Scouts Time Machine is coming to your site this summer as Girl Scouts explore STEAM Over the Ages.
