POST-ACCIDENT ALCOHOL AND DRUG TESTING PROCEDURES

The bargaining unit and the District agree the safety and health of students, staff, and the public requires every reasonable effort be made to discourage alcohol and/or illegal substance abuse among all employees. The District and CSEA further agree to make every reasonable effort to protect students, staff, and the public from alcohol and/or illegal drug use.

A. Application

This section applies to CSEA employees that utilize District vehicles in the course of their employment, except for employees who are required to comply with Department of transportation regulations.

B. Post-Accident Testing

1. A covered employee shall be required to submit to a post-accident test if he/she was involved in a traffic accident while driving a District vehicle causing property damage or personal injury or receives a citation under state or local law for a moving traffic violation arising from the accident (as defined by the Federal Motor Carrier Regulations).
 - i. Controlled Substance Test- The covered employee must be tested for controlled substances as soon as possible, but no later than 32 hours after the accident.
 - ii. Alcohol Test- the covered employee must be tested for alcohol as soon as possible, but no later than 8 hours following the accident.
2. The District will provide the covered employee with information on how to comply with post-accident procedures prior to operating a commercial vehicle.
3. Post-accident breath, urine, or blood tests completed by local, state, or federal officials may fulfill the requirements of this article.
4. A covered employee who is subject to post-accident testing must remain readily available for such testing or may be deemed by the District as refusing to submit to testing. However, this requirement should not delay necessary medical attention for injured people following an accident or prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident.
5. Pending the results of the testing, the covered employee shall be removed from operating District vehicles prior to notification of a negative drug and alcohol test.
